Oh shoot's got the O's when you hold the dough
You know who you are but they didn't know
And now with respect they flex like a pro
You're first another nigger but now an Afro

Oodles and oodles of O's and
Oodles and oodles and oodles of O's ya know
They givin' oodles of O's and O's
And oodles and oodles and oodles of O's ya know
They givin' oodles of O's and O's
And oodles and oodles and oodles of
(OH!)

[POS:]
Last of the fast Plug pipers at the door
In your eye, burning like rubbing alcohol
Native is the Tongue that speaks the Guacomo
Kinfolk will play this in stere-ere-o
Chanters play the part of a herd at a show
Pos prints the peace on his jeans or Jebos
But let the herd know if beef they wanna throw
Lunches of punches is what I bestow
Oodles of O's has the "Hoo's" in mic checks
O's take the shape of medallions and specs
Don't forget the O's that let the air in my nose

Breathe in the fresh as the stale hit the road
Girls ask for flicks and unblock the pores
Eat the Al Greens, won't sniff the ker-plows
Mase got something to say and it goes:
(Maseo is rockin' on the radio)

Now I think we're talkin' 'bout the oodles of O's
Ya know, I think we're talkin' 'bout the
Oodles of O's, yeah
We're talkin' 'bout the oodles of O's ya know
I think we're talkin' 'bout the oodles of O's
I think we're talkin' 'bout the oodles of O's
Ya know, I think we're talkin' 'bout the
(Oh, shit)

Hoods like to play my Joe, ya know
Guns goin' "bo!" people hit the floor
Don't have a piece but an arrow and bow
Target it firm 'cause I'm head Comancho
Charging barricades like a raging rhino
The donuts come big and some in jumbo
The Landlord is finished but before I go
I'll give a shout out to Quest
And my fellow Jungle Bro's

[DOVE:]
Knocked by the dock of the bay by the shore
Swimmin' in the rhythm of the hi-de-hi-de-ho
Punk Pinocchios gotta go, gotta go
(What's the reason?) to be cheerful
Season is breeze, time to pimp promo
Nuts can no flow if the shade is in the dough
On with me hat, d-d-duh-duh-doh,
Dredlock is heading out the door y'all

We're selling O's, y'all
We're selling O's and O's
We're selling O's at the corner store y'all
We're selling O's, y'all
We're selling oodles and oodles and oodles
And oodles of O's, y'all
We're selling O's, y'all, at the corner store
We're selling O's at the corner store, y'all
We're selling O's, y'all, at the corner store
We're selling O's and O's and O's, O's, y'all
We're selling oodles and oodles of O's, y'all
We're selling oodles and oodles of O's, y'all
We're selling oodles and oodles...

De La Soul Lyrics

"Talkin' Bout Hey Love"

(The radio is so clear in here.)

(Hey)

[POS AND ANN ROBERTS:]
Hey Love
Talkin' bout Hey Love
Wanna be your push and shove
Pop, popcorn up above
Move me like Soul when I say
Go to a club around the way
And see my Hey DJ
And make him play Hey Love
Discover all the football teams
Mack and eat jelly beans
Run in the cold with no jeans
Get yourself sick till we're seen
Catch the flu and make tea
How Dan Stuckie life will be
It's all about you and me
'Cause you're my Hey Love
(Hey)
Move me like Soul when I say
Go to a club around the way
And see my Hey DJ
And make him play Hey Love
(Hey)

[TESHA STILLS:] Look Pos, we gotta talk.
[POS:] Talk about what?
[TESHA:] Don't play stupid with me, you know what we gotta talk about.
[POS:] What?
[TESHA:] About you becoming fully dedicated.
[POS:] So we're about to go through these line-runs again, huh?
[TESHA:] You're damn right. I wanna know whatever you do for me has anything to do with love.
[POS:] Look, I come all the way from L.I. to the Bronx to see you, isn't that showing you love?
[TESHA:] You see that's just it Pos, I don't wanna be just your Bronx love, I wanna be your Hey Love.
[POS:] You wanna be my what?
[TESHA:] I said I wanna be your Hey Love. I mean it's just not the mood being one of the many girls on your list, and you wouldn't be dissing me like this if I was your Hey Love.
[POS:] Look, I do everything I can to treat you like a rose.
[TESHA:] Yeah but you even give better treatment to that girl named Selina from uptown like a Daisy. You even gave her some of your special donuts for free.
[POS:] So this is what this is all about, huh? Donuts.
[TESHA:] No, Pos, can't you hear the music, it's all about Hey Love
[POS: I don't understand why you're dissing me, it's not like I'm Paul, I don't have two kids in every state.
[TESHA:] But you probably got two girls in every state.

If you're not going to go about it the way I want you to, then just leave, 'cause I can't be so bothered.
[POS:] Yeah. [mumbled] And wit your wrinkled pussy...
(I can't be your lover)

(Where's that voice coming from? From... from nowhere?)

De La Soul Lyrics

"Pease Porridge"

[SCHEMING PUNK PINOCCHIOS: Bobby Simmons and Prince Paul]
- Yo, gee.
- Yo, word up, gee, man.
- Yo, man you heard about that club called the Donut Hill, B?
- Yeah, man, I heard it's kinda fly, man.
- Yo man, Rakim and De La be up there all the time!
- Word up! Yo, De La? Yo, those punk kids, man?
- They ain't punks, man.
- Yo man, those kids are wack man, straight up booty, wack.
- Yo, but, yo, that "Buddy", that was kind of fly, man, and "Potholes?" Slammin'. Slammin'.
- Yeah, it was. Word up, yo it was, but forget that man, after they came out with "Plug One, Plug Two" then "Potholes", yo,
then they fell of with the brothers, yes they did man, yo, they were straight up pop, man, I'm telling you, forget them faggots.
- Yo check it out, though, WRMS is throwin' a party at the club, though, man, yo I bet you they'll be there!
- Yeah! All right, so let the brothers show up, man, let them brothers show up and get cold jacked when the leaders run up on them!

(Nine days old)

[POS:]
My name, my name, my name is the Pasta
Now I like, I like I like to plug the real thing
So loose, so loose, so loose with the tap dance,
The funk, the funk, funky funky stuff I bring
My tribe, my tribe, my tribe is known as Native Tongues,
Consists, consists, consists of Jungle, Quest and others
Get played, get played, played a lot on radio
And also, and also, and also by some foul brothers
The Pease, the Pease the Pease Porridge never failed
It kept, it kept us calm, our stylin' merry
But late, but lately loonies acting real bold
Can't sip in luxury my apple cranberry
Girls watch, and watch, and watch I dance the big tut
Our home, our home our homeboys has to plan tricks
Don't real, don't real, don't realise the Native Tongue
Is rollin' strong and we're startin' in the megamix

[GOSSIP GLADIATORS: Lashawna and Jenette]
- Yo, Miss Thing!
- Yo Merisa, what's up?
- You heard what happened at the Donut Hill the other night? - Yo I was there and those De La kids was fighting, yo they was wildin'.
- Word man?

- Word, the whole thing happened in front of my face, yo, they was on the dance floor, right, some kid stepped up to
them and said something about hippies, then punks, and the chubby one, Plug Three?
- Yeah. Plug Three, yeah I know him.
- All right, Plug Three, all right, he walked up to this kid, hit him real quick, think he didn't when he did, and then them
other kids the Jungle Brothers and Quest and, um, what's the other ones, the other ones?
- The Violators.
- The Violators, right, right, throwing chairs, and they didn't care who they was hitting, you think they wasn't?
- Yeah. I know, I thought it was supposed to be about peace signs, things like that, you know...

[MASE:]
Question, and that's if only I can ask this question
Can I? (Yes you can!)
Why do people think just because we speak peace
We can't blow no joints?
(I-I-I don't know)

[GRANDMA MASE: Squirrel]
Mase, this is the ninth day I've reheated this porridge. You know it keeps me peacefully, no?

[MASE:]
Yeah, but my tolerance level has now peaked
And now it's time for some heads to get flown

[DOVE:]
We bring, we bring, we bring, we bring the peace of course
But pack a nine inside, inside my De La drawers
A picture, picture, picture, picture painted pink
Could turn to red, to red, to red in blooded quick
But in a single file my Native Tongue is calm
I rather, rather pass a brother palm to palm
I kick, I kick, I kick a verse of unity
And shack, and shackle steps to the beat, beat
I click, I click the TV to the Simpsons
And sip the Porridge deep into my system
So mel, so mellow mode is my day mode
Inside the studio or on a road
The Swing, the Swingalow is the now step
It's murder if you bet 'cause you're life's jep
To praise, to praise the Soul is on a down drag
It's false, because I'll spray you with the Black Flag

(Pease Porridge in the pot)
(Pease Porridge in the pot)
(Pease Porridge in the pot)
(Nine days old)

[POS:]
Can't stand, can't stand, can't stand the pop music
Brother, brother, brothers pop a lot of pow
Don't watch, don't watch, don't watch a lot of basketball
Don't und, don't understand the act of being fouled

Hey D, hey D, hey DJ set the record up
It's time, it's time, it's time to tame the annoying pups
Throw on the Touching Fingers serenade
So we can throw our lemonade
In their face and kick their little butts

[FIGHT COMMENTATORS: Squirrel and Mikey Roads]
- And off, and Mase is the first to throw a punch and he connects lovely to the ribcage. Wouldn't you say so Squirrel?
- Indeed, indeed, I waould say he showed a lot of formulate combination, but look at the hoodlum trying to escape.
- Yeah, it seems that that particular hoodlum showed great form in trying to escape, but he, ah, just got his ass busted.

[Background:]
(Touching fingers, touch, touch)
(One at a time, touch together)

[DOVE:]
People wanna get ragged with the reruns
Me not, me not, me not scared to trudge a bit
They can't, they can't, they can't get close to none
I tap, I tap, I tap a dance war skit
The por, the por, the Porridge got crazy cold
We won't, we won't eat until the heads are flown
Take advantage to a cool one's peaceful ways
But when, but when we fly that head all the people say

[THE FROG: Lisle Leete]
Here in Frogland, we always eat our Porridge, 'cause it keeps us frogs real peaceful like.

[JABIB: Jarobi]
In my land, my people adore Porridge. And I don't understand why De La Soul is so violent, and we are so peaceful, we sit by the camp fire and listen to our rituals, and they are so violent. I don't understand, I don't understand.

De La Soul Lyrics

"Johnny's Dead AKA Vincent Mason (Live From The BK Lounge)"

[DOVE:]
This one is a short rendition in which me and pianist mate of mine
by the name of Prince Paul... I shall not relieve, I mean reveal, my identity...
(*[Girl in background:]* That's not funny.)
So, I think we shall begin like this. Are you ready, Prince Paul?
You're fuckin' us up, man!

[PAUL:] My playin's good, man!

[DOVE:] Fuckin' us up, man! As we begin again... rude interruption from our audience...
[Background laughter]
Here we go.

Oh Johnny
You got a bullet in your forehead, boy
Don't you understand, you dead
Buried six feet under the concrete
Ooh-aww-oh
That's the noise he made when he got shot
But Johnny's still dead
Still dead
Thought about his mama
Thought about his father Josephine
Nobody could help the boy when he hit the concrete
Ooh-aww-oh
The last words said by Johnny
But now he's six feet under and he's dead

Our next song we'll play is called Jenifa, we'll be back in a minute.

De La Soul Lyrics

"A Roller Skating Jam Named "Saturdays""

(And rollerskates)
(And rollerskates)
(And rollerskates)

[Q-TIP:]
Girl meets boy on Thursday night
Boy was high, girl fly like kite
They hold hands until next day
Boy then lets go, hit his way
Boy rules butt, brags to his boys
Erection brings bad boy joys
Boy thinks of that big fat back
Big black fat love, big black fat
Girl calls boy to stand him up on Saturday
Saturday

[POS & Q-TIP:]
Saturday, it's a Saturday
It's a Saturday, it's a Saturday
Saturday, it's a Saturday
Saturday, it's a Saturday

[POS:]
Back once more with the wallop in the score
Must I ride and rip, should I make you rock your hip
Reviver of a roller-boogie in a rink
And sure to make you think about the times
To scope fun instead of fights
(But diving from a piece of metal sure to take your life)
Yo, slip your butt to the fix of this mix
Toss that briefcase, it's time to let loose
'Cause you've worked like heck to get the week in check
So unfasten that noose around your neck
Connected like a vibe from the wheel to the foot
Come on everybody dig the funky output

[VINIA:]
Five days you work
One whole day to play
Come on everybody, wear your rollerskates today
It's Saturday, Saturday
Saturday, it's Saturday
Saturday, it's Saturday
Saturday, it's Saturday-ay
(Is the word, is the word, is the word)

[POS:]

Now as you pump your fist I reminisce
To a bounce, rock, skate, roll
Fess to impress
Hey, pretty diamond, do you like the way I'm dressed
Cool, keep the faith and be my mate
'Cause all we need is feet
(And rollerskates)
But promote the hustle 'cause it keeps me thin
No need to talk, look who just walked in

[DOVE:]
(Is there a Dred on skates?)
Yes, man
(So kick the wham on this jam)
Oh Mr. Sprinkler, Mr. Sprinkler
Wet me for one, Mr. Sprinkler
I'm heatin' high-five in a daze, no split
With a yawn I trip to the dawn
Out comes the bodies following the one idea
It's clear, rattle to the roll
Hold back up the track, grab your rollerskates y'all
And let's zip on by
Zip-a-de-doo-dah, let's zip on by
Feed on a weed and we're feeling high
Sun is on thick and the cheese is rollin' quick
Come on, there's no time to hide
Season is twist, spinning and winning
No hackeysack, let let me in
Spill on the bottom away, but it's okay, huh
It's a Saturday

[POS:]
Now let's all get baked like Anita

[Q-TIP:]
Watch Mr. Lawnge, don't look at the peter

[DOVE:]
Feel on the fun, I'll feel on the

[VINIA:]
Hey, watch that!

[DE LA SOUL:]
It's a Saturday

[VINIA:]
Now is the time
To act the fool tonight
Forget about your worries and you will be all right
It's Saturday, Saturday
Saturday, it's Saturday
Saturday, it's Saturday

Saturday, it's Saturday-ay-ay-ay-ay-ay
(Aaoww)

(Saturday)
(Saturday)
(Saturday)
(Saturday)
(Saturday)
(Saturday)

De La Soul Lyrics

"WRMS' Dedication To The Bitty"

[SQUIRREL:] We've just played fifteen minutes of commercial free music.
Of course you're listening to WRMS FM, and we
play nothing but De La Slow music. We're coming up on the hour of ten
o'clock. It's a full moon, and perfect night
for lovers. We're about to do something we don't usually do, and
that's... we'll I'll show you.

[BITTY:] Hello, hello, who's this?

[SQUIRREL:] Squirrel.

[BITTY:] Hi! Listen, I don't have a lot of time, my name's Mizuna, I'm
on my dinner break from Burger King and I just
called to tell you that I love your new radio station, I love
everything you guys do.

[SQUIRREL:] Thank you. And with that, the next song is just
for you. And when you go back tell all the Burger King
honeys that if they want to call and talk to me, just call
WRMS. See ya.

De La Soul Lyrics

"Bitties Tn The BK Lounge"

[Part One:]

Yo man let me make some Cpt. Krunch
man alright
Yo man we have any milk?
Yeah, what time is it?
I don't know, what day is it?
Don't know, well I'll tell you.

Well it was a Wednesday
me and Boss Hog was kinda hungry
like two eggs, and a slop beef slice of lettuce
and a glass of milk and some cookies.
Spotted in the mist was a BK logo
what we said - well what do you know
this chick thought I was trying to play fly
cause I had a pair of blue jeans on.

Young girl, won't you take my order?
she said, "Yeah, but right now I'm kinda busy...
can't you see I'm trying to put this band aid on my finger?"
Lingering, I could tell
she's a B-K mademoiselle
Ripped uniform and bottom bell
and some Jelly stuff on her sleeve
Look to this cause I had no name tag on my collar
could be pissed cause she's clocking 2.45 an hour
And then Boss Hog hollar
"Girl you better make this quick!"
She said, "I ain't your girl and I ain't your chick!"
I had an idea and lickity split
took my hat off and that was it

Dread locks fallen all over me and then I said
"Yeah now we'll see!"
And o' with quick velocity honey was mesmerized
"Ain't you that guy?"
"Aint you that GIRL!"
"De La Soul, right?"
"No Tracy Chapman!"
"Why don't you come over to the counter; and write me out an autograph?"
Ha ha ha, I had to laugh
She was quick with the Bic just to get that autograph
But me and Hogg just laughed, and laughed
"What's the name of that song you sing?"
"Living in a fast car," I said

Forget about the order I made
I'll go get a slice of pizza instead.

[Chorus: x2]

Bitties in the BK lounge, All they do is beg and they scrounge
Bitties in the BK lounge *[x2]*

[Part Two:]

[F - female]
[P2 - Posdonus]

[F] Excuse me, would you take my order I have to go
Shashawna's got a real job, dag don't you know!
[P2] Oh yeah, Now I recognize
The real real bitty with the fake fake eyes
Yo, can I interest you in some burgers and fries?
[F] Yes you can, but you can keep your lies
cause you know you can't diss me
but your pissing me off
I know where you live and I know that your soft
You're as booty as they come (booty?)
and you dress like a geek
my shoes cost more than you make in two weeks
[P2] Look, you don't have to play fly in here
I can tell your fly by the weave that you wear!
But you must be aware that a fly can be swatted by a BK tray
By the way yo, here's yours
[F] I know your just sweating me to kill the noise
of your polyester pants and thier o' so high waters
Look at what you do all day but take orders
You bow tie wearing, clocking and staring
I know your just upset because you cant get the rat/wrap
I think you Chubby for my man is living slack
[P2] Yeah, I know your man, the biggest punk in school
selling devil rock to the fiends and the fools!
With one hand that punk I could snap- the kid is so skinny...
[F] But we be livin fat
[P2] Speaking of fat, would you like a diet soda?
Cause less fat on you would spare us all the odor
Better yet pour it down the pants and let the acid kill
the smell that should have been left to Masingel!
Let me make you a deal, take the soda free and jet
I got to much family to heed your threats
[F] Are you a family man? (Word booty!)
Well I shouldn't be surprized
your sister's flipping burgers and your momma's frying fries
[P2] Don't even try that shit!
[F] Oh damn look! (What?)
[F] Here comes one more
It's your father he just finished mooping the floor
Now give them a hand, its the BK clan

So you can't talk garbage about who I am
[P2] well, arn't we living foul
Speaking of foul how bout some chicken for the cow?
Ops I meant you sorry for the mix up
but your stomachs always big from the sexual slip ups!
[F] I could buy you and sell you for pennies, young man!
(You'd better!)
I think theres something you should understand
I try to be nice and help the poor make money
And since I know you need it, I'll go elsewhere dummy!
Now B-K workers is too damn rude
I think I'll go get me some Chinese food

De La Soul Lyrics

"My Brother's A Basehead"

(Make the bass come out so clear)

[POS:]
This song does not contain explicit lyrics, but what it does contain
is an udesired element. This element is known as the basehead, the
lowest of lowest of all elements that exist. And the sad thing is,
this particular element... is me brudda!

Brother, brother oh brother of mine
We used to be down as partners in crime
From our parents our name was forged
I was the Beaver, you Curious George
Wanted to dispose of this and that
But curiosity had killed the cat
At this age no wonder it was read
But this was the fate that you were fed
Throughout high school our minds we'd waste
High off all the cheeba that we could taste
Soon you had converted to nasal sports
Every five minutes cocaine you'd snort
Told me that you needed a stronger fix
Stepped to the crack scene in '86
Unlike the other drugs where you had control
This substance had engulfed your body and soul
Now from me you lost all respect
Said yo need to put that shit in check
Wanted me to believe that you had tried
But your mind and the craving had coincided
Said there was a voice inside you that talked
Which said you shouldn't stop but continue to walk
Now the brother who could handle any drug
Had just found the one that could pull his Plug

[Background:]
(Ya don't stop, ya don't, ya don't stop)
(Ya don't stop, the body rock)

[DOVE:]
"Yo, bro, got another rock for your hiking boots"
"Gonna make you scream and loop three loops"
"Gonna take you far on a freeway, okay"
Remember that day? Slipped me a smile for a 20 crack vial
Guess what? Time to collect, correct
Don't have a dime? It's payback time, payback time
"Don't cry the blues 'cause I got bad news"
"Should I stab ya? Should I bite ya? Should I use my tools?"
No, I got another way to earn my defeat, ah!

(Slam the child on the hard concrete)

(Make the bass come out so clear)

[POS:]
Brother, brother, stupid brother of mine
Started getting high at the age of nine
Now at twenty-one you're lower than low
Nowhere to turn, nowhere to go
My dividends and wares started to disappear
Where it ended up, I had an idea
Barking you with the quickness, reversed intent
Instead went to Pop and gave him the print
Now Pop grew tired of being a mouse
Finally told you to get the hell outta the house
From there a mother figure came into play
Claimed for you she saw a better day
Now Mom was a product of Christ's rebirth
Thought the only chance was to go to church
Quitting this stuff you had tried before
This time you claimed you'd really score
Something I had to see to believe
Put on my suit and to church I weaved

[PREACHER (Squirrel):]
My, my, my. What happened to the people? The people who used to care about what took place in the world today? I've been summoned here today to reach the people who still can be reached, to save the people who still can be saved. Can I get an Amen? Can I get an Amen? Hit me! Forgive us. Said it's taking over. Taking over the world. All it's doing is taking over. Where them crackers at? Them crackers that they serve, where they at?

[DOVE AND MIKEY ROADS In background as choir:]
Said evil's taking over
Said evil's taking over
Said evil's taking over, evil's taking over
The Lord's gonna forgive us, the Lord's gonna forgive us, Lord
Said the Lord's gonna forgive us
The Lord's gonna forgive us

[POS:]
Bullshit, didn't believe a lick
To this fool fell off, well that would stick
Soon you reach your front of calm
Walked round by rehearsing psalms
Then you smiled with the funky frown
What do you know, the voice is back in town
Mom would say it would soon go away
You and I knew it was here to stay
But the man helped you when you helped yourself
That meant going to rehab for your health
Finally it went and blew your cork

Heard you moved to the comfortable streets of New York
And when my friends see me and come and ask
"Yo, where's your brother at?"
I'll be the first to splash
"Yo, he's a basehead"

(- Yo know who that was?)
(- No.)
(- The guy from De La Soul. Pos. Posdnuos.)
(- Who?)
(- You heard of De La Soul, right?)
(- Right.)
(- Well he was the one from De La Soul.)
(- The one with the real nappy hair.)
(- The one with... the dark-skinned one.)
(- With the glasses?)
(- Yeah.)
(- *[Background]* Yeah, the ugly one!)

(Fuck you bitch!)
(And kept goin'...)

De La Soul Lyrics

"Let, Let Me In"

(Ooh ah, ooh ah, ooh ah, ooh ah)
(Ooh weee, sho' lookin' fine)
(Ooh weee, sho' lookin' fine)
(Let, let me in)

[DOVE:]
I got good news, I got eye witness
Good news, I got eye witness
Due in a hip lift, dead into my phenomenon
Dazed with the quickness
Sweat, one sweat, two sweat, three
Motions, what motions? What could it be?
She, she (watchin' you) who, me?
Hon, Velveeta got your cut
(Ain't no lockin' up now)
Give the symmetrics to your bottom
(Ain't no lockin' up)
Shake less of that Catholic cool
Push panic, the button, and freeze
A's for Amen, J's for the Jenifa
Oh Jennys, oh please oh please
(Oh please oh please)

Let, let me in, let, let me in
Let, let me in, let, let me in
Let, let me in, let, let me in
Let, let me in, let, let me in

[POS:]
Force it like a motion, let me in to that
Flower power child, let me in to that
Let me sew your panic button, let me in to that
I got the semen headlocked, you won't get fat
Just lay, lay back, way, way, way
The oops up, it's a clear Saturday
We're selling my all-expense July paid
By the way, what's your name?
Just kidding, I know it's Renee
No, it isn't? Word, word, well check it out
Check, check it out
I got my my mind made up, come on, get it
Take a test, child
And get with this Pos position
From beginning to the Huckleberry Fin
If I was to yodel, would you let me in?

Let, let me in, let, let me in

Let, let me in, let, let me in
Let, let me in, let, let me in

Pos got the skyrocket in his jeans
Would you let me in if I was to sing
Like a hookey-non-stop-reggae-roost-rasta-king
Jimmy done starburst, know what I mean
Jimmy done burst, gotta come clean
Yo, Maseo, blow this scene

[MASE:]
Dip, dip, di, you're making me cry
With that onion between your thighs
Come give me some of that brown sugar
So the sweets can make me active
If I said you were attractive
May I supplement with an additive?
Hey, hooker let me hook you with my reel
Take you to the crib, cook up a real meal
Skip the meal and walk this way
(Hey, hey, hey)
Come on into my room, here we go
Here we here we here we go
(Boom!) Did you feel the bed break?
(Boom!) Did you feel the floor shake?
(Boom!) Did you feel the earth quake?
(Boom!) Now, quick, do you wanna take a break?

Let, let me in, let, let me in
Let, let me in, let, let me in
Let, let me in, let, let me in
Let, let me in, let, let me in

(What's this?)
(What?)
(In your pocket, that bulge?)
(Hey, hey, hey!)
(Harry, let me see it)
(Jumping jehosaphat!)
(Quaggin', quakin' and shakin')
(And that's no fakin')
(Let me see the gun, Harry, I want to see if it's been fired)
(Why are you complaining? I've always given you a piece of the action)

(So he huffed and he puffed and he huffed and he puffed)
(And at last he blew the house in)

De La Soul Lyrics

"Afro Connections At A Hi 5 (In The Eyes Of The Hoodlum)"

[POS:] This is dedicated to all those hardcore acts.
[DOVE:] Yeah, you know them brothers that we used to
look up to, that fell the fuck off.
[MASE:] And now they doing all that R'n'B sh..(crocker!)
[DOVE:] You mean Rhthym and Blues?
[DE LA SOUL:] No! Rappin' Bullsh...

[DOVE:]
Connection A, click, what?
My dick, chick
I smack a fish if you thinks
My connection ain't thick, dick
Headed like a punk whip
I travel miles with a rhythmic lip
I rock an Afro
In '83, gee, yo
And spray the sheen so I get a Soul Glow
I play the corner tough
And me and Mase pull puffs on a blunt

[MASE:]
Givin' high-five is what I want
So I puff a blunt, I don't front
I get spliffed, get a stiff
Then I go hump a stunt
Like a pimp pro
(Nah, man, a super ho)
That's cool 'cause I'm still an Afro bro
Yeah, I'm live for my life is hectic
Every hour, every minute, every second
I keep a level head and stay down to earth
'Cause I've been an Afro since birth

[POS:]
Yeah
Now I hold my crotch 'cause I'm top-notch
I run amok Sasquatch, and I like to eat live crab
I've got five beepers, you scab
But you can find me directly on the Ave
(You niggas cheat me, well who's that!)
My breath never smells wack
I eat the watermelon Tic-Tac
Before I kiss myself I always jump back
(Yo, gee, this track is stack)
(And you know that)

I do three flips

When a punk flip on my duke lifts
But I flex more strength when I'm asleep
On the other side with his main tapes
Make her dry her face, buy her gold earlocks
But I may, she flocks round me like a donut
She got sprinkles but I bite my way out
More brothers come about, try to scheme slick
But the Native Tongue's thick
Lick 'em real good, like a real hood should
But the fly tape let the car speakers shake
I ran a cop down, I smile a frown with a but
Show gold teeth, 'cause I ain't a vegetarian
Not scared of beef, sport a feather like Chief
Got a scribble pad, you can get these gonads
'Cause I'm big-willed, blow off like a seal
'Cause connection with the Afro is real

[DOVE:]
I be the gift of gab, but be a bro with a diss
Because it's tough to bluff a cab
No wonder Melle Mel is 'Rrrr-RAH!'
I play of tape of the son of La-di-da
My cousin Rilo sells blow, a G a day
Keeps his kids hooray, a size nine and half
I kicks my tricks, is to live for Island
I mug a mug vic, but I's cool, I self
With the quickness I bust the true slang
Show no pit to those who don't understand

[MASE:]
The Maseo got tailed with the big bail
I busted loose but now the blue goose is on my tail
I seen the ghetto go lower than it is
(He don't care, 'cause his nigga's selling crack to the kids)
My jeans are brand new, with twelve more
In the closet with my silk, and below
My 45 pack thick, draw quick
If a nigga starts some shibidibidit
My crib is uptown, downtown, L.I.
And another crib in Queens
I munch some cornbread, Boar's Head
My favorite porck chops and
A plate of collar greens
I chill with Shymel, Akeem, Jaheed
And the Rastafarians'll be the crown in
And the Poppa
But the connections are still a high-five

(Let's get busy)

De La Soul Lyrics

"Millie Pulled A Pistol On Santa"

"If you will suck my soul
I will lick your funky emotions"

This is the stylin' for a little that sounds silly
But nothin' silly about triflin' times of Millie
Millie, a Brooklyn Queen-originally from Philly
Complete with that accent that made her sound hilly-billy
Around this time, the slammin' joint was Milk is Chilin'
But even cooler was my social worker Dillon
Yeah, I had a social worker 'cuz I had some troubles
Anyone who'd riff on me, I'd pop their dome like bubbles
He'd bring me to his crib to watch my favorite races
That's how his daughter Millie become one of my favorite faces
She had the curves that made you wanna take chances
I mean on her, man, I'd love to make advances
I guess her father must 'a got the same feelin'
I mean, actually findin' his own daughter Millie appealing
At the time no one knew but it was a shame
That Millie became a victim of the touchy-touchy game

Yo Millie, what's the problem, lately you've been buggin'
On your dukie earrings, someone must be tuggin'
You were a dancer who could always be found clubbin'
Now you're world renowned with the frown you're luggin'
Come to think your face look stink when Dill's around you
He's your father-what done happen-did he ground you?
You shouldn't flip on him 'cuz Dill is really cool
Matter of fact, the coolest elder in the school
He hooked up a trip to bring us all the Lacey
He volunteered to play old Santa Claus at Macy's
Child, ya got the best of pops anyone could have
Dillon's cool, super hip, you should be glad
Yeah, it seemed that Santa's ways were parallel with Dillon
But when Millie and him got him, he was more of a villain
While she slept in he crept inside her bedroom
And he would toss and then would force her to give him head room
Millie tried real hard to let this hell not happen
But when she'd fuss, he would just commence to slappin'
(Yo Dillon man, Millie's been out of school for a week, man, what's the deal?)
I guess he was givin' Millie's bruises time to heal
Of course he told us she was sick and we believed him
And at the department store as Santa we would see 'em
And as he smiled, his own child was at home plottin'
How off the face of this earth she was gonna knock him
When I got home, I found she had tried to call me
My machine had kicked to her hey how ya doin' (sorry)
I tried to call the honey but her line was busy

I guess I'll head to Macy's and bug out on Dillon
I received a call from Misses Sick herself
I asked her how was she recoverin' her health
She said that what she had to ask would make it seem minute
She wanted to talk serious, I said, "go ahead-shoot"
She claimed I hit the combo dead upon the missal
Wanted to know if I could get a loaded pistol
That ain't a problem but why would Millie need one
She said she wanted her pops Dillon to heed one
Ran some style about him pushin' on her privates
Look honey, I don't care if you kick five fits
There's no way that you can prove to me that Dill's flip
He might breathe a blunt but ya jeans he wouldn't rip
You're just mad he's your overseer at school
No need to play him out like he's someone cruel
She kicked that she would go get it from somewhere else
Yeah, whatever you say, go for ya self

Macy's department store, the scene for Santa's kisses
And all the little brats demandin' all of their wishes
Time passes by as I wait for my younger brother
He as his wish, I waste no time to return him back to Mother
As I'm jettin', Millie floats in like a zombie
I ask her what's her problem, all she says is "Where is he?"
I give a point, she pulls a pistol, people screamin'
She shouts to Dill he's off to hell cuz he's a demon
None of the kids could understand what was the cause
All they could see was a girl holdin' a pistol on Claus
Dillon pleaded mercy, said he didn't mean to
Do all the things that her mind could do nothing but cling to
Millie bucked him and with the quickness it was over

De La Soul Lyrics

"Who Do U Worship?"

[RONALD CHEVALIER:] Aha! What a beautiful day in the concrete jungle.
I think I'll go down to Goliath and just be a fuckin' dickhead!

Damn, I feel good today.
I'm looking forward to going and just beating the shit out of someone and taking their money.
What a fucking great job I have!

I wonder why I feel so good. Could it be the music?
Could it be my breakfast? Or could it just be the fact that
I just hate everybody, dammit!
Life is grand, life is great, I'll get myself a real cheap date.
Some woman I can take to McDonalds, spend a dollar twenty-five on,
and have like, the best time of your life with afterwards.
Life is too good to believe sometimes.
But we all can't have it the way I do, so to all you suckers out there,
kiss off. All right? Bye bye!

De La Soul Lyrics

"Kicked Out The House"

[DOVE:]
In no way are we trying to disrespect any sort of house or club music, but we're just glad that we're not doing it. And if we were, this is how it would go.

(I can't be your lover)
(I can't)

Kicked out the house, you got
Kicked out the house, hip house
Kicked out the house for good
(I can't)
Kicked out the house, you got
Kicked out the house, hip house
Kicked out the house for good
(I can't be your lover)

(With your wrinkled pussy)
(I can't be your lover)
(With your wrinkled oh, oh oh)
(I can't be your lover)
(With your wrinkled pussy)
(I can't be your lover)
(With your wrinkled oh, oh oh)
(I can't be your lover)

(P-p-p-p-p-p-p-p-put it on vibrate!)
(P-p-p-p-put it on vibrate!)
(Put it on vibrate!)
(P-p-p-p-p-p-put it on vibrate!)
(P-p-put it on vibrate!)

Kicked out the house, you got
Kicked out the house, hip house
Kicked out the house for good

You got, you got, kicked out of this house, baby
For good

(I can't I can't I can't be your lover)
(Put it on vibrate!)
(Put it on vibrate!)

De La Soul Lyrics

"Pass The Plugs"

(This time, put it in mellow)
Pass the peas like they used to say
Pass the peas like they used to say
Pass the peas like they used to say
Pass the peas like they used to say (ha ha ha, ha ha ha ha)

[POS:]
First P is passed
I am known as
Posdnuos, Plug One to the whole race
Rhyme on a tour
Smart and much more
Dispatch I've stood themes with the Mad Face
Tall dark and lean
Was once nineteen
Now I'm one year older with reason
Clean thoughts and drawers
Rhyme flow never stalls
The yes yes yes y'alls
Will end this season
The Soul reached high plains
We didn't reach Soul Train
But Don don't like rap
So that won't happen
Fame we don't lust
God we do trust
Arsenio dissed us
But the crowd kept clapping
Blessed with soul's lights
So turn off your brights
Overexposure will bring about a clear soul
Don't push, but piles,
For this here new style
And excuse me y'all while I fill my potholes

Pass the peas like they used to say
Pass the peas like they used to say
Pass the peas like they used to say (oh yeah)
Pass the peas like they used to say (ha ha ha, ha ha ha ha)

[DOVE:]
Passed off second
Tru I reckon
Head full of dreds
But knowledge inside
Singin' on records, making it hectic
Wishing it all would fall and die

Radio works it, public consumes it
Tommy Boy wants another "Say No," huh
Rough and rugged
It's not a new twist
Been Trugoy since the first get go
Here's the daisy
Watching it die, see?
Native is the new like Balance is the shoe
Paul makes a mil like dill makes pickles
Plus is to add like addin to the crew is
Pimps promote us, RM's work us
MP's watch us close in focus
Watch me steppin'
Now I'm dancing
Then disappear with a hocus pocus

Pass the peas like they used to say
Pass the peas like they used to say
Pass the peas like they used to say
Pass the peas like they used to say (ha ha ha, ha ha ha ha)

[MASE:]
(people in the place this is very hard to conceal)
(Pos get funky)
(Check it out)
(people in the place this is very hard to conceal)
(Dove get funky)
(Check it out)
(People in the place this is very hard to conceal)
(Mase get funky)
(Check it out)
(People in the place this is very hard to conceal)
(Prince Paul get funky) (ha ha ha, ha ha ha ha)

(ha ha ha, ha ha ha ha)
Pass the peas like they used to say
Pass the peas like they used to say (yeah)
Pass the peas like they used to say (mmm)
Pass the peas like they used to say (ha ha ha, ha ha ha ha)

[PAUL:]
Fourth P is passed
I am known as
(Prince Paul)
Yeah thanks Mase
Applied like chapsticks
The songs are slapsticks
Skeezoids with polaroids
Give me such a case
Trife or not trife
Don't own a wife
Yet I'm down and around for a good kiss
I got a 40 of Pepsi

A girl in Bed-Stuy
And I'll end it like this!
(Will rise, not fall)
(*[Definition:]* Prince Paul)
(Our Mentor, don't be sore)
(When I say that's all)

De La Soul Lyrics

"Not Over Till The Fat Lady Plays The Demo"

[DOVE:]
Standing on the corner building. Seen the path.
Looking at the corner streetlight, walking, and
waiting for my brother to come over and then
someone tapped me on my shoulder. 180 degrees I
did. Oh my... what? Oh oh!
I didn't hesitate so I ran and I ran and I ran
and I ran and I tries to catch a cab.
(Cab driver, fuck you)
I ran into an abandoned building, I heard big
heavy breathing on my back I turned 180 degrees
again and oh oh! Oh my God!
Oh, I dashed and I dashed and I dashed and I
skipped into the BK lounge. I asked the lady if
I could get a Whopper. She was facing... she was
facing toward the back. She turned around...
she stated: (Can I take your order?) Oh Chrissie!
Once again, I dashed and I dashed and I dashed
to my pad. The phone started ringing, but
luckily my answering machine was on and with
the quickness...
(Hey, how ya doing, sorry you can't get through)
Yeah, saved by the ha ha ha. I went into the
shower. Oh my... I heard the holler... I turned
the water on and she was screaming... who could
it be? What did she want from me? What did she
want from me? What did she want from me? She
was screaming and screaming and she had the tape
in her hand. But I knew what she wanted. I knew
what she wanted. I knew what she wanted.
(Please listen to my demo)
(*[Mumbled:]* And wit your wrinkled pussy)
(I can't be your lover)

De La Soul Lyrics

"Ring Ring Ring (Ha Ha Hey)"

"Yes, this is Miss Renee King from Philadelphia. I want you to please give me a call on area code 215-222-4209 and I'm calling in reference to the music business. Thank you."

[DOVE:]
Hey how ya doin'
Sorry ya can't get through
Why don't you leave your name
And your number
And I'll get back to you
Hey how are ya doin'
Sorry ya can't get through
But leave your name (uh)
And your number
And I'll get back to you.

Once again it's another rap bandit
Fiending at I and I can't stand it
Wanna be down with the Day-Glo
Knocking on my door, saying, "a yo yo"
Knocking on my door, saying, "a yo yo"
"I got a funky new tune with a fly banjo"
I can't understand what the problem is
I find it hard enough dealing with my own biz
How'd they get my name and number
Then I stop to think and wonder
Bout a plan, yo man, I gotta step out town
You wanna call me up? Take my number down
It's 222-2222
I got an answering machine that can talk to you
It goes

[POS:]
Hey how ya doin'
Sorry ya can't get through
But leave your name and your number
And I'll get back to you

Yo, check it, exit the old style
Enters the new
But nothing's new 'bout being hawked by a crew
Or should I say flock cause around every block
There's Harry, Dick, and Tom, with a demo in his palm
Now I'm with helping those who want to help themselves
And flaunt a nut that's doggy as in dope
But it's not the mood to hear
The tales of limousines and pails

Of money they'll make like a pro
I be like, "Yo black, just play me the tape"
But at the show the time to spare I just make
But the songs created in they shacks
Are so wick-wick-wack, situations like this
And now I hate they give me smiles Kool-Aid wide and ask,
"Was it def?"
And with the straighest face I be like, "Hell yes."
I slip them the digits to Papa Prince Paul
So I don't go AWOL but yet I know when they call
They get

[MASE:]
Hey how ya doing
Sorry ya can't get through
Why don't you leave your name
And your number
And I'll get back to you
Hey how are ya doin
Sorry you can't get through
Why don't you leave your name and your number
And I'll get back to you
Check it out

Party at the dug-out on Diction Ave
Haven't been to the jam in quite a while
Figure I'll catch up on the latest styles
'Stead piles and piles of demo tapes bi-da miles
All I wanna do is cut on the decks wild
But edition up here bi-da miles to the center
Reliever of duty, Plug One mosies in
And I be like, "Yo G, Pos does all the producing"

[POS:]
Now woe is me to the third degree
Mase pulls the funny so I make like a bunny
Jettin'
But I'm getting used to this demo abuse
Getting raped and giving birth to a tape
Cause there's no escape from the clutches of a hawker
Attached to my success, sent like a stalker
Make way to my radius playin fly guy
Try to get on my back they force like Luke Sky
Me Myself and I go through this act daily
And rarely do I not
No matter how I dodge some jackal always nails me
No matter what the plot
And even out on tour they be like,
"Yo I got a tape to play you back at the hotel"
I be like "Oh swell"
Unveil the numeric code to dial my room
And tell them to call me at noon
But of course there's no answering machine in my room

But a pretty young adorer
Who I swung on tour
And if it rings while we're alone
She'll answer the phone
And with the quickness she'll recite like a poem

[DOVE:]
"Hey, you done did the right thing, dial up my ring ring
Now you're waiting on the beep.
Say, I would love if you'd sing
The tune to Tru instead of fronting on the speak."
So no problemo, just play the demo
And at the end it's break out time
Please oh please don't press rewind
Cause I'll just lay it down the line

Hey how ya doing
Sorry ya can't get through
Why don't you leave your name and your number
And I'll get back to you

[POS:]
Hey how ya doing
Sorry ya can't get through
Why don't you leave your name and your number
And we'll get back to you.. peace

'Yo what's up man, this is Ronald Master down with the Fish Tank
Posse, man, you know man, so you know you can just hook
me up, True. You know we got this fly new jam called 'Swimming In the
Fish Tank', you know we gonna rock it man, you know
what I'm saying, but I just need your help, Prince Paul gave me your
number, you know man, you just gotta do that for me,
got this fly bassline, got these fly trombones in it man, so just hook
me up, man, just look out, all right, call me back
at 557-2223 all right man, just look out, all right, look out for a
brother man!'

De La Soul Lyrics

"WRMS: Cat's In Control"

If it's not De La Slow, then it's not WRMS. Where Cat's in control, twisting and tuning until you're purr-fectly content. Special cat call goes out to the suckers at the donut shop. Thanks for serving it to me dark, hot, and no caffiene. Snuggle tight and hang loose boys, it's time to groove to a De La Slow move on WRMS.

De La Soul Lyrics

"Shwingalokate"

(On and on at two steps ahead)
(On and on at two steps ahead)
(Three steps ahead)
(Three steps ahead)

[POS:]
(What's the subject?)
The Shwingalo, hot damn
(Is Posdnuos gonna start?)
I am, I am
(And by the order of Shwing on hand)
I present to you the Preacher Man
Peace everyone, everyone I hope
Plate is not a caper, plate is not a hoax
Is it is the now step, labeled Shwingalo
Shopper brag a basket, fill it to the bro
What's the Shwingalokate? Question me instead.
Mental is the mood, whether live or dead
Level is the groove when I lead the led
But hip is my lip when I'm Shwinging it

(On and on at two steps ahead)
(On and on at two steps ahead)

[DOVE:]
(What's the next step?)
It's the fool of the clan
(Is he down with the Shwing?)
I am, I am
(And by the order of Swing on hand)
I present to you, the whole shalam
Last was the gas, flower by the pound
Shoo, puppy tough, shoo, flower power hound
Season of the Shwing is sound and it's bound
90 got the gift so lift from the ground
Speak me an age, age at the dough
Feed me the donut, feed me the O
School me with the new 'cause the new
Kept me fed with the brew
I'm glued to the stew and I'm Shwinging it

Breathe me the out, breathe me the in
Send it with a skit neither friend nor begin
Label it a Shwing, brother come for the win
Catch me the border, must start to begin
90 got the knack of the Soul, grab a bit
90 proved them wrong to those who commit

Dis to the hit list, pitched by the hit
Caught by the herds of those in the pit
Pull me a puff of the blunt as it breeds
This benefit's just what you need
Just because I'm fallin', saved by the weed
With dred, 'cause you know indeed I'm shwinging it

(On and on at two steps ahead)
(On and on at two steps ahead)

[POS:]
Constructed like an apple but roll like a grape
Try with the games 'cause the fools'll take shape
Stuff to the too tough, grave is in the groove
Sop it like Sound, yo honey make a move
Shufflin' your feet, that's stiffer than a nap
Open up an eardrum, don't wait for the cap
Sip a third of lager, extract the waste
Tell me tell me tell me, can you get a case?
Never oops honey, dope not a threat
Peace be found on your color telly set
Pick up the proof for the stool pigeon sing
Shwing a load o' dat, 'cause I must put Shwing

(On and on at two steps ahead)
(On and on at two steps ahead)
(Three steps ahead)
(Three steps ahead)

De La Soul Lyrics

"Fanatic Of The B Word"

[MIKE G:]
Ha ha! Ah yeah! Got it going on like a big old fat high hard-on!
(Hooo-weee!) Black Sheep in the house, sweet daddy Mr. Lawnge in the house, my man the Dres in the house, you know what I'm sayin',
Huey Love in the house, long Posdnuos, Dove, Prince Paul, the immigrant Lucien in the house. The house Dreddy Bear, ha, Mike G!

[CHORUS:]
Come on everybody let's baseball
Come on everybody do the baseball
Come on, come on, come on, come on
Come on everybody let's baseball
Come on everybody let's baseball
Come on everybody do the baseball
Everybody, everybody, everybody, everybody
Come on everybody let's baseball

[MIKE G:]
Got it goin' on. Swing it over here! Ochay, ochay, ochay.
We gonna swing it over here, swing it over there. We gonna do the baseball. Ha ha ha!

(Three feet)

[POS:]
A Nubian sprocket is the one
Plug One, cut the cap
Forward is the marcher of the chant,
To the clan, unless you slept
Willy to the Wonka of the feat
Smoke your blunt, but close your drapes
If we get fined by police,
Don't worry, yo, I got the papes
Toxic is the talk that I tell,
Tell the tales from the lady who's fat
Chris made the dope beat but no Bo Peeps
(And you can't beat that with a baseball bat)

[CHORUS]

[DOVE:]
Swing is the is of my step
Plug Two, groove a gut
On gets by when it's kept
Three miles to my step
Forgiveness to the foes is false
I cook goose and serve a plate

Position is opposed to a loss
No cost, no relate
Brother got a badge of his own
Because the link of the life is slack
This licks 'em down to the Tootsie Pop
(And you can't beat that with a baseball bat)

[CHORUS]

[DRES:]
Move over just a bit to the right of me
For I cannot see where the booty is
I sit, I'm looking out a foggy window
Crack it just a bit, yo this is showbiz
It's as though a pound goes around and around
So I give a pound then I do the step
Dres will be with Boca on the side
Can I crack a smile for doz who slept
Phonetics and kinetics perservere
Therefore I kick it
I took the L.I.R.R. but I did not have a ticket
Had some Chinese food but I didn't have a spoon
I had a dope rhyme but I didn't have it soon
I'm looking out the window
Day is filled with rain and gloom
Man oh man oh man I hope I find my spoon soon
Eating large fish 'cause I know it ain't cat
(And you can't beat that with a baseball bat)

[CHORUS]

(Rrrr-RAH!)
[POS:] Yo this is Plug One and I'm saying peace to Lorraine in Holland, thanks for not having my baby, peace.
[DRES:] This is Dres. Danica, Boston, my first tight cushion, love you.
[MISTA LAWNGE:] Yo this is the Sugar Dick Daddy, I'd like to say peace to my father, Bombed Out Brother.
[MASE:] This is Baby Huey Plug Three, and I'd like to say peace to that mother a-ahem who stole my Pathfinder in front of the studio, peace!
[PAUL:] Yo what's up, this is Prince Paul, I'd like to say what's up to all the doo doo eaters and all the Kelvin Mercer look-alikes, and I'm out.

(God damn!)
(Have a ball!)

De La Soul Lyrics

"Keepin The Faith"

[DOVE:]
Jody got a cat but she won't let it out
Oh tough luck, 'cause it makes Jack pout
Waiting on the wins he moves to the next
Searching for the cheese, looking for the text
In the Big Blue in search of the skins
Grinning and laughing, laughing and grinning
Padlock Jody got the whole scene played
No knockin' boots till she's 14K'd
Diamond in the back, sunroof top
Waiting for the credit card so she can go and shop
Jack plays the back, just knockin' other socks
'Cause now in the hood he's
(Johnny the Fox)
Till one ring came, Jody blew a park
Found about Jody round the corner in the park
Flipping like a dipstick, hip to the news
Practising the range, bellowing the blues
Jack rolls the carpet in, swift like a skate
"Yo, Jody, yo, gotta go, got a date"
Padlock Jody's screaming "Wait, wait, wait!"
"Don't worry, hon," he replies, "I'm keepin' the faith"

[POS:]
I'll never do the baseball with you again
Yo, I'll never do the baseball with you
'Cause your hoochie-coo was so smooth
Was it such a sin to let, let me in?
Hooked by your ever-so-shyness
Want that bush, heard you're from Flatbush
Ran after ya, caught ya,
Brought ya to Long Island, stylin' for a while
In my hut, I was on a cut for a peck
A silly Greg Peck
You tried to play me new, Plug One you disconnect
I'd try to touch your hair (You would say no)
Yo, I'd try to touch your hair (You would say no)
Is is 'cause you want my financial flaunt?
First you gotta please me, nice and easy
But I guess you want that in reverse,
So I stand Plug First can see
We got a serious block
Turn the other way, ooh what do I spot?
A hoopin' Hey Love whose scent left a trace
Had a stash in her pocket with a body that's safe
Ball to the eight, now you wanna swing?
Forget the rap, yo, Black Sheep, sing

(You're banned, you're banned)
(You're banned, honey dip, you're banned)
(You're banned)
Yo, you're banned
Ya banned by the preacher man
You played yourself a stew
Now to me you step, never mind love
The faith is being kept

[DOVE:]
Now remember 'bout Padlock Jody, here's the fact
Jack little wick but she was acting wack
Jack wanna lay but laying ain't exact
For the past four or five she was banned by the pack
Hip to the witness, putting on a plan
No money, no more Puddy Tat for the man
Jack knows that honey means playing a game,
Only wanna bowl, got nabbed for the fame
Claude Van Damme (God damn)
Sam was the man that you planned to command
Nothing new about a neighborhood
You know what? Padlock Jody wanna cut
Jack's thinking cap, make mine into a pack
"Yo, here's 20, 40, 60, pay me back"
Conscience appears, "Yo Jack, what you doing?"
"You play the cold while honey here's cooling?"
"You don't have to if you don't want to!"
"You don't have to if you don't want... to!"
So he begins with the ring, ring, ring,
"Hey Judy girl, how ya doin'
Seen you with another man, what you doing? Screwing?
Ooh, shame on you! What, you can't wait
For the big bait? Well, I'mma tell you straight,
Honey child, I'm keepin' the faith!"

"Eye Patch"

(Thank you, thank you, and for my latest basket of cherries, here it goes, baby!)
Mess up my mind, mess up my mind, mess up my mind wit the eye patch
Mess up my mind, mess up my mind, mess up my mind wit the eye patch
Mess up my mind, mess up my mind, mess up my mind wit the eye patch
(Everything I do's gonna be fine)

[POS:]
Channeling in sync so my would bring (WHAT!)
Wit dat, causin' all fat I'm responsible for ya diet
(Keep it quiet!)
Yo I got beats. State this stitch on my national fabric
My daughter will speak the arabic that's how I lift
Levitate to my nation when holding up your nickels
I pie like crumble so I Don like Rickles
Like green on the pickle
My papes are the up master of the cabbage patch

[DOVE:]
Ya eyes got the latch

[POS:]
So catch the cut, I hold the rut
For the people's reminder when in Maseo Path
I be the finder of the patch

[DOVE:]
Can the cat's tongue slip, ya do the 'da dip'
Take the horse into the jolly ranch
Keep the hush
The good, the bad, and Uncle Tom, beat it kid
(Whoaaaa....!)
Do doo doo do do do do do
Show the sheep cause I found the food
When I string the man wit the eye patch
The eye patch
When I'm walkin' it and could ya make it go sha na na na
(Mmmmmmm)

[POS:]
It sniffs good
Punks show disguises when I'm standing in the wood
I be the in 'cause the brother holdin' glocks is out
I be the in 'cause the pusher runnin' blocks is out
I be the in 'cause the kid smokin' weed,
Shootin' seed which leads to a girl's stomach
Being 'bout a half a ton is out

Show the finger print
And give me good grief for my lumber
Pants will sag 'cause I'm licensed as a plumber
Feel the Plug
(Yo, something's wrong here)
Now give a shout

[DOVE:] Yo what's up, I'd like to give a holler to Big 7 off in the Oakenone!
[POS:] And I bring an income in to my baby girl Twyla in White Plains and all my peoples out in Delaware.
[MASE:] Yeah yeah yeah, and I like to give a shout out to all those rappers who dissed us on records, and I wanna
let you know you're still wack.
And oh yeah, I ain't mentioned no names 'cause you might f...

(All right. I'm sorry, I didn't know you were going back to that)

De La Soul Lyrics

"En Focus"

(Biofeedback)

[POS:]
Ya go beats, meats, son Sheep
I can't cook, but being a cook I'm servin' much to eat
I got multiple stabs of jazzy
Sassafrassy as I caught the fame of soul
Years after mama had me tell ya gladly
I plugged for the Tunin'
Which cause eyes to zoom in

[DRES:]
Which put your person into focus

[POS:]
No longer Kelvin Mercer but the Posdnuos
Plug One yo I found fun
In the scribblin' of speak
On a naked white sheet
Most recognized by my dark brown self

[DRES:]
Yo you found some wealth?

[POS:]
More in my mind than in my pocket
But I's got every Girbaud that ever sagged
I met some hoes, met some girls
Did a tour that took me all around the world

[DRES:]
Did a tour that took me all around the world

[DOVE:]
I hit the shines but I'm shooin' it now
Remember when the floor might have had a spine
Well it's all bent over
The DayGlo nigga gets the red door mat
It's a roller coaster
When your shit's burnt toast
Now Mr. Club Owner knows your jam
When your jam is tha jam
And there's a tab at the bar
My mindstate's great
No thanks I don't drink
I sip the bobo
Then I kettle it quick

I felt the heave in the jeave
Tap it in the basement
Diggin' my own understanding quick
Let me get the single out
Think Mr. Radio say the starlight
Is the same star bright
I'm thinkin' how a nine and a blunt is a switch
But turn out the lights and some will go bitch
It was one MC after one MC
Play the lamp post do the blow wit dynomite
Well it's okay and it's alright
Cause our birthday cake's external light
It'll all get graphic
People made of plastic
Look at the shine wit my 50 watt eye
But when I got the eye patch I hit the latch
I fame it to a name from Denver up to Maine
And lovin' deluxe
She won't catch me in no tux
Nah, man I won't honor the style

(Curious, curious, curious, curious)
[DRES:] How you doing, my name is Dres, listen...
[SHORTY:] Isn't that Posdnuos? Oh, my...
[DRES:] Baby, what's wrong with me?

[POS:]
Funny funny how time flies
When you have some light on the face
Cause the focus is the fickle
'Stead of fusin' I'm a use it
To the utilize the trickle caught the rush
But I play hush
While Andres Titus is the grabbin'
As a fan will put the hearts to mush
Lush Dalea would hear the public beat
The same way for Titus when he Blacked the Sheep
But as the Knee went Deep
To deeper off the charts
The album faded to black
That's when the amnesia starts

(Curious, curious, curious, curious)
[SHORTY:] Aren't you Dres from Black Sheep? What are you doing here? Who are you here with?
[DRES:] I'm with my man Pos, you know Pos...
[SHORTY:] Oh yeah, Positive K, I.. I like him...

(Stickabush, stickabush, stickabush, stickabush)

[DOVE:]
Hey boy, I watch that star man, shit's all in
Should I shot it or begin

I saw bootleggas no shinin'
I saw Big 4 go get shinin'
A typical flick was the moment
When the man said
"Ain't you?" Yeah I is 'im
Hush your mouth fallin' in cog
Caught the light being True dog
A fist of funk and I pocket that screen
In the scene or in between
Gimme but a little bit of the starlight
I mail my ass to the darkness
I dig it, I dug it
I dig it, I dug it
I wiz it, I was it
I wiz it, I was it
Oh Lord let me switch it off
Because ya find some'll do it all
For the light
(Stop jivin')

De La Soul Lyrics

"Patti Dooke"

(Why do we have to cross over?)
(Why are niggas always crossing over, huh?)
(I mean, what's the matter?)
(They can accept our music as long as they can't see our faces?)

(One, Two, One Two; You got it)
Wootah!

[GURU:]
Runnin' through the trenches (What?)
Runnin' through the trenches (What?)
Runnin' through the trenches it's the Patti Dooke
(It's the Patti what?)
Runnin' through the trenches (Oh!!)
Runnin' through the trenches it's the Patti's Dooke

Runnin' through the trenches (What?)
Runnin' through the trenches (What?)
Runnin' through the trenches it's the Patti Dooke
(It's the Patti what?)
Runnin' through the trenches (Oh!!)
Runnin' through the trenches it's the Patti's Dooke

[DOVE:]
Just the other day I got a starter kit
(An M is a terrible thing to waste)
Caught the face from the backs of the border of the mindstate
I play control to a fraud
(Nah it ain't happenin')
Nada to make it even
Robbin' and theivin' is one who infiltrates with a Colgate frown
Y'all remember my nasal for I sniff frequencies
(Well, it started in the year of '78)
But it's '93 or should I say '94 for my style is much more
(I said, "Come in")
Come in
(Come on)
Come out into my reservoir
As I macks a men your bastard style has just been stuck
By a sticker with a 'frigerator lickin'
What if... how's about why would
Never thought that the napalm would bust the jeans

[POS:]
Mash it up
The one with the beard
Mega moustache the beat (hide it)

Deep under sheets, cover this hint
Hostin' all threats but watch out Mr. Jarbage
Jimmy and the jet, standin' on the pier
I'm known as the farmer
Cultivatin' mate without mendin'
Bendin', comprimising any of my styles to gain a smile
Listen while you hear it
There's no pink in my slip
I reckon that the rhythm and the blues in the rap got me red
While the boys from Tommy plant bridge crossin' to a larger community
Yet they're soon to see I have a brother named Luck
A nigga named Dres
A groupie named Cassandra caught bobbin' on the head
Of a Baby named Chris, I missed a kid who caught wreck when sayin'
(Afrika and I when Sammy B's on the set)

(Because we see the big picture)
(Negroes and white folks buyin' this album)
(Negroes and white folks buyin' this album)
(Everybody's gonna know who this group is)
(We just felt that the picture wasn't as important as it was that we succeeed in crossing over)
(Cross over ain't nuthin' but a double cross)
(Once we lose our audience we never gon' get them back)
(He may even try to change our sound)

[POS:]
Let no man put asunder
Severin' the groups I never blunder
Cashin' all the checks on the mic
I might cherry to the bush, brand Plug Wonder
Funk to the fame against hoods
Bridges saggin' to woods down under
They can't be raised with the feminine praise
In conjunction with no chocolate in the mix
White boy Roy cannot feel it
But the first to try and steal it
Dilute it, pollute it, kill it
I see him infiltratin' to the masses

And when the leechin' I mo shoot 'em all in they asses

[GURU:]
Runnin' through the trenches (What?)
Runnin' through the trenches (Yeah!)
Runnin' through the trenches it's the Patti Dooke

Runnin' through the trenches (Aaah!!)
Runnin' through the trenches it's the Patti's Dooke

[POS:]
I shed light and not skin
I ain't from Europe
Afro connects at the root of the retina of the third
Mums the word when ya blind baby
Blind to the fact
Don't rest in Compton so I don't own a gat
But respect is clear crystal
Cause Millie got a pistol
And she's down with me
Wild of most wild
Born child to the old school legitimate (soul)
Talker of the many paragraphs ago
Walker of the plenty broken calves ago
Phantom of the phrase black in many ways
Cause I see her runnin' through the trenches
Comin' in to rent my style

[GURU:]
I'm not the one to fuck with

[POS:]
I'm lockin' you out

[GURU:]
I'm just not to fuck wit so check it
Y'all know who I am
Listen up son
Peace to my man Premier
And y'all better guard your trenches 'cause we runnin' through 'em

But they still tellin' lies to me
I got the trees in my backyard
And it's hard for them to tell a lie to me
And who's the foot, I'm the foot but who's steppin'

You know where I'm steppin'
Skirts play wit it cause I'm slick like that
I'm the greatest MC in the world!!
You gots to gimme gimme mine cause I'm heavy when I weigh it
Watch the way I say it (ego trip)
Change my pitch up, smack my bitch up

De La Soul Lyrics

"3 Days Later"

[POS:]
Smoothed out without the R and B
(Mercy) Come on!
(Mercy) Come on y'all!
(Mercy) Come on!
There's no R and B in this song
So come along fly children come along
Come along fly children come along
Come along fly children come along
There's no R and B in this song!

Pushed up a dame by the name of Crystal
Who flaunts to the point just like a missile
A habit wit ear kiddin' wit gold mags
And since she fancies facial hair she asks my name
(Hey baby what's your name?)
Now ever so fab I said I'm wala
Miss Wild who used to run tough wit Koala
She was a winner of my metaphor and she knew that
I said I'm gonna feed your mouth she said you do that
Now Crystal stops the jeep I think I'm mad fly
She used to have a man wit lots of mad signs
Her strut was guaranteed to make a gay smile
And in bed she had proved to be real agile
I show her to the lounge and I dined her
Then she gave me some digits where I could find her
I licked her like a stamp
Laid and sticked her like a champ
But the... um she gave me burn
I had to go see the doctor

(3 days later) Skeezer skeezer skeezer (Uhhhh)
(3 days later) Skeezer skeezer skeezer (Oh yeah)
(3 days later) Skeezer skeezer skeezer
(3 days later) Skeezer skeezer skeezer!

[DOVE:]
Well it was thirty after nine and I was loungin'
Tokin' on some smoke that I was poundin'
I rang up seven up so we can skip to the mall
Thinkin' a good day to shop
But then we got stopped
A shooter man said "Yo this is a stick up"
A whole lot of dirt was 'bout to kick up
I had screens in my pocket
And man, tonight's my date
Wit Smokey Sue, now what was I to do?

In my head I'm thinking, 'Should I dodge the bullet?'
'Man this kid is bluffin' you can pull it'
I feared the whole scene,
The shooter didn't bluff
Now look at me now,
He shot my ass dead
(Yeah)

(You shouldn't have)
(I did, so let's get in the van)
(You shouldn't have)
(I did, so get in the fucking van!)

(I love you babe)
(I.. I love you babe)
(I love you babe)
(I love you babe)

Skeezer skeezer skeezer
Skeezer skeezer skeezer
Skeezer skeezer skeezer
Skeezer skeezer skeezer!

De La Soul Lyrics

"Area"

(I can just remember the number...)

[DOVE:] Just another area
[POS:] For me to patrol
[DOVE:] Just another area
[POS:] That shows I got soul
[DOVE:] Just another area
[POS:] For me to patrol
[DOVE:] Just another area
[POS:] That shows I got soul
I got soul you see, I'm swimming in the De La
I'm in my hood man, my manhood worries ya
I'm known for sampling of soul food
Off the old school plates
When I met up with my niggas from the 718
One the Jungle Bro, the other Questers from Queens
Yet I had the matrix of the 516 in my jeans
Still I sided with my funk to bring my second on call
For me and the Sheep, our mission's on the beach of 804
(You're runnin' on an empty tank)
But still get paid in full
(And get the girls)
Man, I'm packing gravitational pull
Bring the instamatic avalanche, my code intervenes
I'm out to scout the areas that remains to be seen
(What?)

[DOVE:]
Well, many many digits had me seeking in my Wizard
Man, who's ringing up my area (ooh) oh!
I used to shoe it to the bridge but that's gone
Like the 718's out of Vietnam
Sniffin' skypagers had me drugged
(Man I knew a psycho)
703's on my love bug
I made mates with the brothers up in 215
Crazy buddhas in my mind
My Chattanooga champ had me late for the camp
And my 202 keeps me marvellous
I guess Mars was my hideaway
But if the stars for a getaway...

[POS:]
Since I'm capable I conjure up a walk in this way
I slip a syllable for Aspen and a Chester souffle
I be the 919 seeker, 'cause ain't off logic
So when I'm with my crew I always have a place to sit

Due to this, a brother tries to play me
(Yeah, like one in 514)
Yo, some kid tried to flip on me
They instigated a brawl
(So we set our knuckles on stun and made them all fall)
Then I just laughed
(Ha ha ha ha ha ha)
(We whooped that ass)
And put the feelings aside, I know who I am
I cast the grain by the pound
I make sounds with the horn
When I colour the corn, caught the fit
And sit the two when honey slung the tip

[DOVE:]
Well I'm taking my finds to the 301's
And Im playing my flute in the rear kibbut
My man from the 908's, he don't like it like that
So I pipes till the sunshine hikes
A kettle of our master plan makes a Malibu idol
(God forgive me) Well, it's a hook
The third to the 0 to the 5 had top feel the vibe
When the 516 played convicts

[MASE:]
The man Maseo is here to put the habit along
And what you have, I'm 'bout to speak about your area code
Is it 918? (No)
Is it 212? (No)
Speakin' on 404? (Hell no)
What about 516? (I dunno)
What is it? (Not tellin' ya)
What is it? (Not tellin' ya)
What is it? (Not tellin' ya)
What is it? (Not tellin' ya)
(Huh? What?)

[POS:]
Just another area for me to patrol
I got status 'cause I'm baddest with the paint
Giving upside down frowns to London wood 703
Her moms didn't like it, I had to let be
For the fact I lays bricks
'Cause my semen ends with the letter T
My seed is hard to submerge
I play the tack in the wall if my rear's not watched
'Cause some knuckle might just head for the urge
But I got Prince Paul in the Area
(Oh, it's like that now)
I got Hot Dog in the Area
(Heh heh heh)
I got the Violators in the area
(Aaah)

I's got the Violators in the area
(Aaah)
It don't matter where you hide, I clear up the fall
Cop the fuck outta here, you fake-ass fraud
Clear my area

(I'm going home now, I have been up all night.)
(I been up all night, it's still Friday to me.)
(Come on now. Hey, Ellory, I'm going home!)
(Bob to the bob, d-dang, d-dang diggy-diggy)

De La Soul Lyrics

"I Am I Be"

[Verse 1]
I am Posdnous
I be the new generation of slaves
here to make papes to buy a record exec rakes
the pile of revenue I create
But I guess I don't get a cut cuz my rent's a month late
Product of a North Carolina cat
who scratched the back of a pretty woman named Hattie
Who departed life just a little too soon
and didn't see me grab the Plug Tune fame
As we go a little somethin' like this
look ma, no protection
Now I got a daughter named Ayana Monay
And I can play the cowboy to rustle in the dough
so the scenery is healthy where her eyes lay
I am an early bird but the feathers are black
so the apples that I catch are usually all worms
But it's a must to decipher one's queen
from a worm who plays groupie and spread around the bad germ
I cherish the twilight
I maximize, my soul is the right size
I watch for the power to run out on the moon
(And that'll be sometime soon)
Faker than a fist of kids
speakin that they're black
When they're just niggas trying to be Greek
Or some tongues who lied
and said "We'll be natives to the end"
Nowadays we don't even speak
I guess we got our own life to live
Or is it because we want our own kingdom to rule?
Every now and then I step to the now
for now I see back then I might have acted like a fool
Now I won't apologize for it
This is not a bunch of Bradys
but a bunch of black man's pride
Yet I can safely say
I've never played a sister by touching where her private parts reside
I've always walked the right side of the road
If I wasn't making song I wouldn't be a thug selling drugs
But a man with a plan
and if I was a rug cleaner
betcha Pos'd have the cleanest rugs I am.

[Verse 2]
The Plug Two brand with the flavour
in the flute watch the sniffin'

so a sack of shows in demand
I read the diction from the second page
I got the one-two gauge
baritone to the izm fan
Trees fall so I can play ground with my ink
So let me need ya to my ems go
I push the infinite and carry it
My carrier's the three over one
so my pluggins already know
Lick shots with moo
catch the boo
from a ghost in the heckling crowd
if I give a foot
Jack Ville caught a spill
when a still came from my mouth
I brought a head down south
I don't check for the noose and the neck
So I never tell my ems
that finesse is knocking at my door
I choose to run from the rays of the burning sun
and dodge a needle washing up upon a sandy shore
I bring the element H with the 2
so ya owe me what's coming when I'm raining on your new parade
It's just mind over matter
and what matters is
that the mind isn't guided by the punished shade
I keep the walking on the right side
but I won't judge the next who handles walking on the wrong
Cuz that's how he wants to be
No difference, see
I wanna be like the name of this song I am

[Verse 3]
I am Posdnous
I be the new generation of slaves
Here to make papes to buy a record exec rakes
the pile of revenue I create
but I guess I don't get a cut cuz my rent's a month late
The deeds of a natural
are seeds that are no longer planted
so the famine in the mind is strong
Tactics of another plane is now proven sane
Sane enough to let you know from within this song
I stabilize many cableized viewers
So my occupation's known
But not why I occupy
And that is to bring the peace
not in the flower but the As-Salaam Alaikum in the third I am

De La Soul Lyrics

"In The Woods"

(Say party over here, party over here)
(Say party over there, party over there)
(Say party over here, party over here)
(Say party over there, party over there)
(Say party over here, party over here)
(Say party over there, party over there)
(Say party over here, party over here)
(Say party over there, party over there)

[DOVE:]
Hey yo you feel that shit (yeah it feels good)
Well it's that thumpin shit (well I'm soakin too)
I'll introduce the split (I'll be the go)
I'll be the get
Fixin with the ins for the outs we set
Hey shortie (yeah mister)
Make no mistake
I challenge the bang for a bigger rhyme bouquet
(you be buggin)
Well i bugs like roaches on rugs
Speaker of the bone like the speaks in my loans
Give me the night baby and I'll be good in the woods
Ya freakin my mind ya freakin my mind
I told the maceo bout the days that go (he know)
I know he know cuz he's out to get the gold
The Chattanooga cruisin' with the malibu shit
The bigger of the isa (cuz he is the shit)
I'm like hickory (dickory niggas)
I make you feel lost like high school history
Creator of the rhymin dominoes
Watchin drop it's the joint see
So hit me with the zsa zsa (indeed darling)
The coolest fool be the coolest fool
I know the watch be in the air but i kick a new bucket
Sippin it wit shortie so check the way we cuff it
It's that indonesia funk up in your trunk
Makin' ya bob bob makin' ya bob
Makin' ya bob bob makin' ya bob
Makin' ya bob bob makin' ya bob

It's that funky shit (in the woods)
That be beyond understandin (in the woods)
Yo we do it with the soul (in the woods)
Timber (in the woods)

[POSDNOUS:]
Punch that O for operator baby its a love solid

I been stylin abstract since loose leafs was the shit
Catch me breathin on planes where the gangstas outdated
Fuck being hard posdnous is complicated
As my pants play the sagatogah I can order sniffs of
Frequencies frequencies cuz I freak mc's with the rhythm rock live
(man I'd rather point a pistol at ya head and try to burst it)
No jive in the matter so niggas start runnin
Yo that native shit is dead so the stickabush is comin
(stickabush) it's comin (stickabush) it's here
Fuck the five count it only takes three to bring it near
So let me move ya won better as the salad is tossed
And get a taste of the mase that you thought was lost

I'm cautious wit my looks (in the woods)
Pickin them nines in my hair (in the woods)
Sniffin for the beats like litter (in the woods)
The plugs just can't be found (in the woods)

[SHORTIE NO MAS:]
Can I come off like the rest of em I think I should
Could I of course one verse now ya lost it
Found it realizing I came off it sounds mean
But pal there's a new kid on the scene
I got much soul on the down low tip
Lay back smooth one drink I'll be trippin
Never don't you dare consider me a fly gal
Pal I got props on a different tip
I recall back i go for mines I get the goods
Wouldn't you know forgot my compass I got lost in the woods
Found my way and I was out i pronounce every letter
And if I had the chance I'd do it better
I heard a holler down the way and now I'm out for the time being
Ya wanna be in but you can't see what I'm seein
Time and time my friend I stay gettin it on
And now they playin my song again

I got feminine style (in the woods)
I'm not tryin to be sexy (in the woods)
And no you can't knock the boots (in the woods)
A lot of things be happenin (in the woods)

De La Soul Lyrics

"Breakadawn"

Ah one two, ah one two
Ah one two, ah one two

"Breakadawn.. breakadawn.."
Ah one two, ah one two *[x6]*

[Verse 1: Posdonus]
I was born in the Boogie Down catscan
where my building fell down on the rats and
people sorta super wanna trip to the penile (penile)
While I settle off the shores of the Long Isle
My father's clean not mean my mind is clear when I transmit
I am the man-ner of the family cuz the pants fit
I want to let forensics prove, that I can mends
Groove wit the thread from needle outta hay, wanna say
salutations to the nation of the Nubians
We bout to place you in that (3 Feet) of stew again
I got the frequency to shatter Mrs. Jones' perm
I gotta (Hey Love) all the honies cause they're short term
Tallyin the score I'm for the shottie in the jacket
For the brother he's a nigga when he packs it
So get your butt out the sling, I stung Muhammad float a note
that means I'm def, so like the autographs you sign until the

"Breakadawn.. breakadawn.."
Ah one two, ah one two *[x4]*

[Verse 2: Dove, Posdonus]
Aiyyo groove with the mayor, hazard on the sayer
Wave the eighteen mill', eat a still
sack or bag of troubles, make the single double
Loop the coin and join the minimum wage
I had a plan if I was the man, I'd throw the J
Lay it low and late night I get sessed
Uncondition my ways, of the everyday sunset
Wagin my days, to the one bet
Cause your breaks'll have the carrot of cakes, whether mine
Out of line, I breeze into the early mornin
Freak the WIC call and get a tap on my shoulder
cause the days of the breaks, be just about over
The arts of the six won't play my bag of tricks
I got the sevens in my pocket somewhere
Reasons for the Cheer All Temperature here
I keep it to the rear, and then I'm EXPLODING

I be the fab I be the fabulous but see unlike the Chi
I got the flea up in the name "ah one two, ah one two"

Can't no one bend my cousin from the Peter Piper like the others
latchin on to when I caught the fame "ah one two, ah one two"
Pass the task to ask me bout the Native Tongue again my friend
I tell you Jungle Brothers (On the Run) "ah one two, ah one two"
I'm shakin hands with many devils in the industry
Believe the Genesis life fill with stills mean that I'm def
so like the autographs you sign until the

"Breakadawn.. breakadawn.."
Ah one two, ah one two *[x4]*

[Verse 3: Dove, Posdonus]
We in the mornin at the end, but in the end I be the is
cause in the mix, man, it's alright
Momma got the rhythm to my daylife
My pops gots enough so best to leave or sail the waves
to the Long I laid the anchor in the 'Ville
And how I relate, the same side of my gates
Paper days, mess up my mind, ground zero degrees
and the weather feels fine
You opened my eyes man, thought I had a man
But how could I eyescan, I wasn't around
I seen the states and played the dates in the far-far
Gathered the new, from the zoas around
Grew up with Mikey Rodes and played the codes
Sometimes I don't budge, without my cous' Fuzz/fuzz
A simple, "How ya do?" Ah check it from my friends and my crew
makes it definitely special

Now there's no (Shiny Happy People) in the crew we play the rough
I got the huff, and puff, to blow the house low
You know the neverending factor while I'm over, tell a squid
I know an Enterprising brother, so report to the bridge
I bounce a ball with my left, a squid with my right
(Cause a squid is just a punk) Yo he deserved to lose the fight
I might meander 'cross your dream, travellin up the stream
Plug Wonder Wonder Why you're lonely tonight
We see the girls scream as if we're shocked by the live shell
Let's round em up and get em back to the hotel
motel, holiday, inn-fact!
I'm gonna let you know, once again, that De La Soul
is sure to show you we will hit the charter harder
than the normal rappin fool "ah one two, ah one two"

De La Soul Lyrics

"Dave Has A Problem... Seriously"

[DOVE:]
Yo Merc, it's Dave, you there?
Hello. Hello, Merc. Hello. Hello, Merc.
Hello. Merc, hello. Hello. Hello, Merc.
Hello. Hello. Hello, Merc.
Hello. Hello. Hello. Hello. Hello. Hello.

Hello. Hello. Hello. Hello. Hello. Hello.
Hello. Hello. Hello. Hello. Hello. Hello.
Hello. Hello! Hello! Hello! Hello! Hello!
Hello! Hello! Huh! Huh! Huh! Huh!
Help me! Help me! Help me! Help me!
Huh! Hah! Huh! Huh! Huh! Oooh! Oooh! Oooh! Oooh!
Feel the funk, baby!

De La Soul Lyrics

"Stone Age"

(feat. Biz Markie)

[BizMarkie starts out the song beatboxing while De La Soul chants the words "I'll beatbox"]

[Dove] Ah mic test one two
[BizM] Aww man, I check it better
[DeLa] Ah whatcha mean BizMarkie? Whatcha mean BizMark?
[BizM] I hit the rhyme with the mayonnaise, that's what I mean
[DeLa] Ah whatcha mean BizMarkie? Whatcha mean BizMark?
[BizM] Man I got beats up my sleeve like you wouldn't BELIEVE!
[DeLa] Whatcha mean BizMarkie? Whatcha mean BizMark?

[BizMarkie]
Ah with my "ah one two" I substitute about a loop
So let me serve with the slope, with the Plug of two scoops!

[Dove]
Mr. Miyag' never did dip for Dove
Bootleggers my legs and, grit about a hug
And who gets the Motts, I knots by the chance
I rain-dance.. I rain-dance
But steppin just a bit I don't need another shadow
Makes makes, is gonna be the new man's motto
Don't increase the bull, because my pulley is broken
and my belly is full
It's a second I reckon on the bone and the ball
Makin London bridges fall, so check it
I bring a point to the joints that we change and chop
but we could bring it back to the beatbox!

[BizMarkie beatboxes with style and soul]

[Posdonus]
I'm Posdonus Plug Wonder.. plotter
Serenade her cause I gotta.. record
When in the womb I was naked.. now I
chill with latex cause of how I, enter
the black wood without a splinter, provin
I had the chills what helps in movin, asses
Saw the light cause I got glasses, so we
sip the cappucino slowly

[BizMarkie]
I'sah makes the big money!
I drive big

[Posdonus]
cars, serve the bubble like a bar.. tender

When in flight like a sender, lace
Sticks of dynamite on bass, head

[BizMarkie]
Lace the shoe until he dead

[Shorty No Mas]
Run! Cause the cop is gonna come
This my Plug style

[Posdonus]
so they can kiss my, grits
Hold my balls without a mitt.. grab
the mouthpiece to talk the dag.. nabit
I keeps goin like that rabbit, rico-
-chet a dame I need a Snicker, satis-
-fy the Norman to the Gladys, Knight
My glasses help me see the light, so we
sip the capuccino slow

[BizMarkie]
In life, it's what you see is usually whatcha

[Posdonus]
get, won't take a Drag-without-a-Net, no

[BizMarkie]
To put the rhythm in the, bone

[Posdonus]
marrow, laid the pipe to please Cari-lou

[BizMarkie]
I don't know!

[Posdonus]
If it's true..
.. THAT'S A FUMBLE!
WELL CATCH A FEVER FROM THE JUNGLE
Chocolate, nubian girls flock to it, sweets
And if I can't sample beats, get the
beatbox equipped with the, dirt
BizMark and Doug E. works, fine
Mase work the wheel I tangle lines, HARK
the light is thirsty in the dark
so we..

[BizMarkie beatboxing while De La Soul chants the words "I'll beatbox"]

[Dove]
It's like I saw it in the river but my M wasn't fixed
Super heavy like a Chevy pump a Maseo mix
I had some screams in my pockets, and played it kinda hush

and did the outs (got to check out, the avenue)
I peeped the *[?]* Zoah *[?]* on the gimme gimme, plus we hit the plat'
Then the amps was on samp's, the villains got fat
The Natives weren't the neighbor then to, NIGGA PLEASE
It's a hustle for a joint when your settlement G's
But we still be on the wax because it acts like that
We still be on the moves because it moves like that
So there ain't no reason to don't stop
Cause we can bring it back to the beatbox!

[BizMark finishes it off]

"Yo who, I don't know who was on the mic man
This thing smell awful here man.."

De La Soul Lyrics

"Intro (Stakes Is High)"

(When I)
(First heard)
(Criminal)
(Minded)
(I was in...)
(Damn, where was I?)
(...seventh grade)
(Battlin' this other emcee)
(Smokin' a blunt and drinkin' a 40 down lower East Side with my niggas)
(I have no idea where I was, it was so long ago)
(I was on my way to a family reunion in a car on the Long Island expressway when I heard it)
(Rooselvelt Projects)
(I was in...)
(I was outside of church when I was really little and I was doing the wop with this girl)
(Red Alert played one of the songs on the radio)
(It was so long ago)
(Yo Merce, what's up, this is Hanson, man, I want you to peep that out.
Yo, kid... I was at this party, this hype
party when I heard
KRS' Criminal Minded. I'll call you back, peace.)

(All right!)
(All right!)
(All right!)
(All right!)

[POS:]
Channeling, in sync so my what brings that testament
To cover twelve inches of funk
Flip like as if I was the Dalek himself
Specialising in cleansing like the its of
Elephants, Dove hits bibles out the park, man
Don't wven try to toss bleach, I'm too dark and
Major more soul than James' "Escapism"
De La Soul is here to stay like racism
Patrick know and I'mma put the pillow off the bed
As I lurk up on your thoughts while phones on your head
Riff a tech pro, flex Sue, running you the links
Scout weather, pouring rain outta duck's survive links
And if one winks for pink slips, the slips are short
Dull-minded as sperm, to give out for the souls I report
I sport too fly for the forty-ounce drinker
I sport too fly for a forty-ounce thinker
A fresh linen scent so sniffer on the two-inch
A talker of the berg without weed influence

So stick to you Naughty By Natures and your Kane
'Cause graffiti that I based upn the wax is insane

[DOVE:]
Grand groove, I wish I had the flavor bid
Give me six bottles of beer, I take the seventh one free
I got the chandelier, kick, constructed by my man
Little elf, big four gets the zootie for the self
Long Island living, what, twelve o'clock dawn
Jiggy-not see me so I trip straight to your porches
Mr Partymaker puts the boogers in your bottle
Straw it and drink, what bees gotta be's
'Cause I snort the crazy-crazies
Man, I kick the Franken-style, dig the bolts in my neck
Wreck, ship, boat, rock
Heavy metal grooves ain't the infinite
Here I hips to the hops
I'm looking for the words in the faces of a prince
That brother been down ever since soaked cheese
And motor go smiling
Hey, how ya doin'
Now, meet in front of Big Lou's fighting
Hey, y'all reminisce, six streets, little miles
Straight to my avenue
(Aaaah... aaaggh)
Six streets, went miles straight to my avenue
I'm headed for the bigger E, for the bitter OE, not me
Here's my Malibu, child, here's my Malibu
Buckshot honeys, dig a gun and go aaaahhhhh...

De La Soul Lyrics

"Supa Emcees"

[Chorus: Slick Rick sample from MC Ricky D and Doug E. Fresh's "La-Di-Da-Di"]
Hey, whatever happened to the emcees
Times done changed for the emcees
Every woman and man wanna emcee
But for what, I tell you emceeing ain't for you!

Hey, whatever happened to the emcees
Times done changed for the emcees
Every woman and man wanna emcee
But for what, I tell you emceeing ain't for you!

[Verse One: Dove]
Man I'm on the set like the flicks so let your parents flash
A splash bigger than whales, I'm makin monsters mash
Spit Pinnochio's Theory when shit be looking weary
I need rest, but I boogie for now, I'm on some mess
like the best mics respond to me
Living days, like dreams of specializing in the art that pays
I be a mystic for life, so check my ID number
Emcees be kneading/needing dough while I make bread like Wonder
Yes, that's what you heard, so save that acting for the screen
See you can can that manager with the beans
I bust emcees like lies surprise em out the box
Put away the soda pops I'd rather rub on the rocks
A dime-getter tried to get what I got, for what?
I guess Southern folks cash makes the lovin come fast
But I'm past alla that, it's time to break with the breeze
Get to your knees, here comes the Supa Emcees

[Chorus]

[Verse Two: Pos]
Within this program of rap, I'll eradicate the glitches
Yo I'm dark like Wesley, but I be sparkin more bitches
and to them my constellation put your lives in jep
While you others represent, I present my rep
Cause when it comes to making dents, I'm that main in print
Even smoked from blunts which give eyes the reddish tint
Could not prevent, YOU from seeing I'm the light
but bring attention to my words like some ads in tights
I heard you want to fight me, with your words on stage
So Mase pulls that instrumental from the jam YOU made
And as he starts cutting what you sold, I'll talk all over your tones
as if my name was Pete Rock or Sean "Puffy" Combs
Send your tattered ass home, with celly phones I roam
with my fleet, here to make this rap game complete
While you live fables, unstable, acting very radical

Projecting like you're hard, when in fact you're quite vaginal

[Chorus]

De La Soul Lyrics

"The Bizness"

(feat. Common)

[Intro: Common]
[Craig Mack sample from "Get Down"]
And and bass up the track a little bit
Cuz I I'm here I wanna hear that boom bish boom, knowhatI'msayin?

Yeah yeah you know the bizness
Common Sense, soul with the De La
Get all them play-ahs
We the rhyme sayers
Huh, and that's the bizness, hah
Gonna do it like this
Gettin it that
Like the Chicago streets

[Verse One: Dove]
I speak divine of God theories, no need to be high
Always exhale the facts cause I don't inhale lye/lie
Play the greater man's game, to bounce off my losses
So I can earn the acres (uhh) the houses (yeah) the horses (huh)
Of course it's much greater than your Benx or your Lex
The engine to my comprehension is just too complex
Much too complex, EFX/effects be live like Das
Making moves down South, to avoid the chaos
And never, flaunt the coin cuz dime-getters be gazin
They call me Luther Van, they say my style is so Amazin
I'm fazin those who're supposed to have the last laughter
Cuz even when I'm gone I'm reappearin in the after
I haveta, send respects to real money makers
Do not connect us with those champaign sippin money fakers
Taste the quarter pound with spice from Chi-town
Now what that prove, you're so full you can't even move

[Chorus:]
Cause I'm the D-to-the-O, the-V-to-the-E
And can't another brother cook these delicacies

Well I'm the P-L-U, the G-to-the-One
Walk around the planet earth making money having fun

And I'm the C-to-the-O, double-M-O-N
I sit and think with a drink about how I'm gonna win
I'm the C-to-the-O, double-M-O-N
I sit and think with a drink...

[Verse Two: Common]
Do you wanna be a MC? Or do you wanna serve

Do you wanna be dope? Or do you wanna deal it
Fabricated acryllic, I feel it, I'm the style molester
I do a show get Extra P's like the Large Professor
In fact I get more hoes than Tessa, peep game like a
refa-ree in soul control of my
desti-ny, in the best of, three out of five
Whip ANYBODY ass at NBA Live, rappers
take a dive like Greg Lougainis with his bitch-ass
Rather be in Bebe's alley, than at the click with gators
Not a hater of the players, I'm more like a coach, or an owner
I Used To Love H.E.R., but now I bone her (ahuh-hah!)
At one point in rhyme I thought I lost my erection
But then I got it back with the Resurrection, blessings
upon rhymes old man who called him traitor
Big Com Stradamus niggaz styles I predict

[Chorus:]
I'm the C-to-the-O, double-M-O-N
I sit and think with a drink about how I'm gonna win

And I'm the D-to-the-O, the-V-to-the-E
And can't no other brother cook these delicacies

Well I'm the P-L-U, the-G-to-the-One
Walk around the planet earth making money having fun
Walk around the planet earth making money having fun
Walk around the planet earth making money having fun

[Verse Three: Pos]
I'm the most from the coast of the East, then flee
Droppin more knowledge than litter, on the New York peeve
It's me, wonder why, in the place to be
Certified, as superior, MC
While others explore to make it hardcore
I make it hard for, wack MC's to even step inside the door
Cause these kids is rhyming, sometiming
And when we get to racing on the mic, they line up to see
the lyrical killing, with stained egos on the ceiling
My rhymes escalates like black death rates
Over music plates, being played as the rule
Kids thinking stepping to the Soul, you're labelled fools
who claims to drop jewels but for now you do the catching
I don't worry on what crew you run, or what section of earth
you reside, you're not even a man
So I don't seem it mandatory taking your pride
But I will, cause my man said Soul for the life
You cried "Keepin it real", yet you should try keepin it right
That's understanding microphone mathematics
Which leaves the currency in temporary world status
And when one shows he posed threat to this one
This one will make that one into none
Simple equation, zero, you shouldn't play hero
If you can't stand Strong like the Island I'm from

[Chorus:]
Now I'm the P-L-U, the-G-to-the-One
Walk around the planet earth making money having fun

Yeah, and I'm the-C-to-the-O, double-M-O-N
I sit and think with a drink about how I'm gonna win

And I'm the D-to-the-O, the-V-to-the-E
And can't another brother cook these delicacies
See can't another brother cook these delicacies
See can't another brother cook these delicacies

[Outro: Common]
Ahh that's how, that's how I'm supposed to do my thing huh
Like triple it, alright
That's how we do it, all the way from Strong Island to Chicago
The type of freestyler flow
Yeah, it's fluent, and we don't need to flow no more
Hah

[Extra Verse: sampled from "Down Syndrome"]
Let me tell you a little something about Soul (tell em son)
I be a piece of the East coast, so give a toast to
Plug Wonder why back in the day who soaked his words in jigga
So when I ran a phrase in June you didn't catch it til December
I'm a member of them kids from the inner city
Giving you kitties audible treats, you be aching for making
more money than a pagan holiday
Not from the PJ's, yet I still got something to say

De La Soul Lyrics

"Wonce Again Long Island"

[Pos Plug Wonder Why]

(What the hell do you wanna be when you grow up?)
I wanna be a supa emcee
(Well you're already that) so let me step up to bat
Attack a hit to go beyond this age of rap counterfeits

Out of the heavens August one-seven, sixty-nine
Born I, wonder why with the thoughts to rhyme
Til there was no longer thoughts to dream
When an unpolished demo led to limos at the age of eighteen
Accompanied by the screams, Plug One
Shot up with fame like novacaine it made me numb
So numb I wouldn't been able to feel
Niggaz diggin in my pockets for my currency reels
But still, I make girls brown eyes blue at will (until)
my ass was no longer mass appeal
Oh shit, I guess that was all the fame I was alloted
Wait a minite, new video, like a leopard I'm spotted
in a night club chillin with Kamaal and Phife
I be that farmer cultivating owning acres of mics
And I likes to make it known Strong Island stylin
for a while, so do that dance

(Are you rockin the spot?) Yes I be
(Showin others they do not?) Yes I be
(Havin then towed from the lot?) Yes I be
That's my job as a supa emcee, I'm from Long Isle
Mobile, make it worth your while
If the jam needs motion I'm the one to dial
(Goin beyond ninety watts) Yes I be
(Well are you rockin it?) Yes, yes I be (rockin it!)

I can stress the makin of loot to feed the fam
While the voices impersonate the true who I am
Buzzin in my ear, oh you one of those wannabees
Always buzzin in my ear you down with supa emcees
Steppin to me with your pleas that you gots, butter rhymes
Man the only thing butter bout you is your spine
mad yellow, you can't rock the Mardi Gras, my mellow
Cause my stealth show more than knowledge of self
I got knowlegde of you, to know you a wack em-crew
(You mean wack emcee) Nah, a wack em-crew, see you a crew of wack niggaz
You should have never tried to test
These words that I Man, with the eye/I to Fest
While you sayin one thing really meaning the next
You're just a contra-DICK, your mind's been tampered WITH

Like some holy boooks, but looks to the sky
Cause Wonder Why's here to save the day

(Are you rockin the spot?) Yes I be
(showin others they do not?) Yes I be
(Havin then towed from the lot) Yes I be
Cause ultimately, I'm lettin all MC's know that
what's the name of this crew? (De La, De La)
Well alright, and what be the dish we servin?
(We servin pos-da!) Posdanos help the next get loose

Like an alcohol scenario rap be on the rocks
Authenticity that missin fee to pay to join the flock of MC
These niggaz stand lower than knees
Dramatized in they eyes as the ones to please
When rap kids apply violent pressure to father, brother and son
for fun to say they inflict pain
R&B niggaz lie to mother, sister, and daughter
to have sex disguised as lovin in the rain
Their words are more hallow than October 31st
what's worse, hate to see the females
switch to sexual mentality, it doesn't match with they given anatomy
Man they rather be hoes like that male emcee
Who walk around like they got nuts
And use the tits and ass like a crutch
Man the underground's about not bein exposed
So you better take you naked ass and put on some clothes

man this be goin out to the kids from east smash (long island)
amityville (long island)
to all my people out in whinedance, bayshore (long island)
C.I.'s in the place (long island)
brinkwood, hempstead, all my (long island)
brothers out in roosevelt, freeport (long island)
uniondale to long beach (long island)
to them girls out in huntington (long island)
long island for real (long island)

De La Soul Lyrics

"Dinninnit"

Now, where the ladies at?
"Yo, we're chillin' over here"
And all the fellas?
"Takin over this year"
I heard the party's round here, right?
"You know that's right"
Dinninit, yo, hey, hey, hey
Now, where the ladies at?
"Yo, we're chillin' over here"
And all the fellas, the fellas?
"Takin over this year"
I heard the party's round here, right?
"You know that's right"
Dinninit, yo, hey, hey, hey
Dinninit, yo, hey, hey, hey
Dinninit, yo, hey, hey, hey
Dinninit, yo, hey, hey, hey
Dinninit, yo, hey, hey, hey

It's so real when we come through
Sunshine be on my sidewalk when i come through
Schoolly d like family reunions
Midday may, it's all lovin'
Take a walk down to d dot c
The war's tuggin'
And ain't no druggin'
My credit's a gain
While you searchin for some trick
To put the shit in her name
I be spendin on wall street
And buyin' boardwalk
Dodging problems of the world
Drawn out in white chalk
Peace, mr. war
I'm seein' all dimensions
But unlike your eye extensions
My vision don't blur
'What' 'when' and 'word's
Where the gossip occur
Heard i'm sexin' sade
And i bought her a fur
Battin' eyes at toni braxton
And i bought her a fur
Now i'm hittin' whitney houston
Oh, she bought me a fur?
Far-fetched like glass teks
And kiddie rolex

Soon comin'
But now it's time to kick the fun in
Now, where the ladies at?
"Yo, we're chillin' over here"
And all the fellas?
"Takin over this year"
I heard the party's round here, right?
"You know that's right"
Dinninit, yo, hey, hey, hey

I'm pourin out these rhymes
For them kids who ain't here
Stakes is high
But we gonna try to have fun this year
Before there were guns
There was native tongues on these plains
But others on
Without them being pawns in this game
'Cause a pawn in this game
Is left with no game to play
So, um, you best ta check
And hear what we got to say
Now if you came to party
Just let it be known
Now if you came to fight
You might get that head flown
By the one and only
Maseo plug third
J.D. dove plays the wall
As kenny cal spurts words
And a number
To a crew of dope girls from the woods
And not dope meaning weed
But dope meaning (good)
Like them west coast kids
Who be throwin' up signs
I hate a buster
Unless his name is busta rhymes
So check the way my mind moves
Over times and grooves
Got some money to blow
Wonder why wanna know
Where the ladies at?
"Yo, we're chillin' over here"
And all the fellas, the fellas?
"Takin over this year"
I heard the party's round here, right?
"You know that's right"
Dinninit, yo, hey, hey, hey

De La Soul Lyrics

"Brakes"

There's a lot of people out here
Who just don't know
What plays a factor
In movin' heads and toes
It be them hits
Hangin' out of them stereo kits
Whether cassette radio or cd bits
Mix tapes from the best
Going on and on
Throughout the city grounds
To suburban lawns
Man, we don't play
Even where we stay
Videos shows the visuals
Of jams today
Coinciding with the rhythm
Of the heart and neck
The brakes got you
In your proper context
You let your lex or your
Sixty-four suspension
Bounce away all your tension
En route to the club
Where girls need the quenchin'
Diamonds on your wrist
Sunroof top
But niggas out front
Makin' guns go pop
So the spot gets shut
But on to the next
'Cause your ears get vexed
When they don't get the fix cause

(These are the brakes)
It be your listenin pleasure
While you're doin your chores
(These are the brakes)
No matter where you from
It's for you and yours
(These are the brakes)
Bringing it back to the brakes
Like the 'yes yes y'all'
(These are the brakes)
So let it be your anthem
When you're havin' a ball

Well it's silly of me

To think that I
Would never get a chance to see
A piece of this pie
I sat dead in front of speakers
Thinkin' that could be me
Anticipatin' open microphones
So I could emcee
Had a catalogue of raps
Impressin' all the 'round-the-wayers
Before I went to bed
Included rhymes into my prayers
But that rhyme is all on paper
I want my song on vinyl plates
I dreamin' hits and doin' shows
Makin my niggas spines shake
Expectin' nuttin but a little bit
Of radio play
Gettin diced on 1 and 2's
By the best djs, hey
Time was kinda tight
But still i dotted on the line
And some expected me
To start buhlooning in the mind
Seein' spaces and places
That i couldn't pronounce
But still i had the pulleys
To make all the bullies bounce
With the blessings of the great
We took it from state to state
'Cause we landed on the good foot
And got our biggest brake cause
(These are the brakes)
A mother gets mugged
By her crackhead son
"That's the brakes, that's the brakes"
You're in the wrong part of town
So the shots make you run
"That's the brakes, that's the brakes"
Your best comrades put six tabs
In your o.e.
"That's the brakes, that's the brakes"
Your boyfriend made you a carrier of HIV
"That's the brakes, that's the brakes"

Now what's gonna happen
When the sun don't shine
I'm buyin tickets aboard
The caravan of love
Hey fellas
See, money don't make shots repel
I break woes and compose
Some rhymes to tell
So when the party's live

It shouldn't be beef
Or playin' indian roles
I guess you thought you was chief
Seems all broke up
And now you woke up surprised
Situation's gettin sticky
Dead in front of your eyes

We play the wall
Similar to tacks
Until the dj plays
The necessary track
In fact as the jam plays on
Out comes all your bread
To pay for drinks
For them girls you want to spread
Don't be mislead
When the brakes inside your head
And have you reminiscing
On them kids who got you fed
Until reality reveals a miss
Who wants to know
If you can play her real close
Out on the dance floor 'cause

(These are the brakes)
It be your listenin pleasure
While you're doin your chores
(These are the brakes)
No matter where you from
It's for you and yours
(These are the brakes)
Ringin it back to the brakes
Like the 'yes yes y'all'
(These are the brakes)
So let it be your anthem
When you're havin, a ball

De La Soul Lyrics

"Dog Eat Dog"

It's a dog eat dog competition (no doubt)
I'll be gone like you're wishin (and i'm out)
'Cause i ain't got time
For hangin around
When you're fuckin' my love
In all the wrong places
It's a dog eat dog competition (no doubt)
I'll be gone like you're wishin (and i'm out)
'Cause i ain't got time
For hangin around
When you're fuckin' my love
In all the wrong places

Extra, extra
What's that all about?
I'm wishin the position
Of my loving's sorted out
I shed a tear cause i'm hearin'
Nothing new or particular
Status once parallel
Now it's perpendicular
And everything is just as clear as day
Realistically explicit
In the things you say
I guess a "bitch" in the batter's
Gonna make the flavor fatter
But you gots to keep it for real
Forget about your jewels and gems
You won't be needin
None of them
The tool'll fix the era
My mellow used to wear a
Namebuckle, now he chuckle
'Cause he earn a dime Quicker
Talkin bout a burnin'
Sippin on some malt liQuor
And all these kiddies
Wishin they were supa emcees
But to earn my "s"
I had to learn some less
About a crime'll make million
A dime'll make a call
I'd rather hop on the line
And drop a rhyme to prince paul

Cause it's a dog eat dog competition (no doubt)
I'll be gone like you're wishin (and i'm out)

'Cause i ain't got time
For hangin around
When you're fuckin' my love
In all the wrong places

Hey kid
What's the word?
Man, it's all about mind
Keeping focused
On them self-mechanisms of rhyme
So no longer stand erect
'Cause your thoughts are drained
Walkin' round
Manifesting attributes of shame
Used to sQuabble for the mic
But now accordingly
We act
Unless a club can't afford the fee
We act
So name that any best man
To put us under
Created from the ground
Yet know nothin
'Bout the under
Take a glimpse
At them pimps
Playin record exec
Addin up all your zeros
So's to cut you a check
Saying why the blunder wonder
Could've g'd today
So you can put up some swings
For your seed to play
But a swing ain't that important
When the park's around the corner
Filled with life causing death
Greeting victims for the morning
It was the moment i feared
Nah, the moment i steered
Upon the right path
To know the right math
To over stand

It's a dog eat dog competition (no doubt)
I'll be gone like you're wishin (and i'm out)
'Cause i ain't got time
For hangin around
When you're fuckin my love
In all the wrong places

De La Soul Lyrics

"Baby Baby Baby Baby Ooh Baby"

[Intro:]
Ohh there go that bullshit again
You heard that shit?
Nah I ain't hear that
That's that bullshit from the other day
They done took the Buffalo Girls beat and changed it all around
They playin themselves!

[Verse One: Jazzyfatnastees]
You remind me when I reminesce of you (yeah)
All the freaky things I want to do, to you (that's right)
Rub me up, rub me down, rub me all around (what)
Kiss me here, kiss me there, kiss me, kiss me everywhere!
Tell me what the cost to get in line cuz you are mine tonight
Gonna give you all I got to give, as long as you rub it right
I will love you right (I don't care if you diss me)
I will do you right (I don't care if you don't want me) come on

Baby baby won't you be my baby baby
Be my baby baby baby baby baby baby (come on, come on, hahh)
Baby baby won't you be my baby baby
Be my baby baby baby baby baby baby (yo, hahh, knowhatI'mean?
gonna set it like this, what)

[Verse Two: Pos]
Now I forgot how to forget so I remember your face
With your pretty accent, wearin man-attract scent
Others fakin constantly stakin out pockets of dreams
Always tryin to sham too that's why they crave champagne
But the blame still remains not to be on you
I know your style and your love lasts Long like the Island I'm from
I'm on the drum man, and it's all good
Cause I flexed on your ex, make sure he understood
That you would, never again want to be his wife
So we connect lips to hips, and uhh, eyes to thighs
You're my so-phisti-cated, lady
All mine, if you wasn't I'd go cra-zay

[Outro: Jazzyfatnastees]
Baby baby won't you be my baby baby
Yeah baby, this is uhh
Baby baby be my baby baby baby baby
Posda on the microphone

WRMS rocks the best hey hey hey it's the fat man
Scoop Wonder ear in your hand
That was JFB, baby baby baby OHHHHHHHHHH bay-bah!!!!!!!!!

Ha hah!!!
I pick my nose wash my clothes and be back in a minute
With Busta Rhymes, the mighty infamous
Zhane, A Tribe Called Quest, nonetheless WRMS
Fat man Scoop, tryin to get this rap loot yeah

De La Soul Lyrics

"Long Island Degrees"

[Verse One: Maseo]
It's strong island for real, where the critters run wild
the prefix is 516, the top of the dial
trhough the L.I. Sound, to the villa down under
and across the globe I heard a lot of folks wonderin'
so when's it coming 'cause the stakes is high see big money that waves
don't put the pen to my page
and ain't nothin' wrong with standing still and relaxing
and spendin' some of that cash that Uncle Sam is gonna tax
a New York demeanor is sit back in the beamer
with nothing to lose but some gas and some minutes
ignorin' the gazers 'cause some stars don't get petty
and that trash you talk is just New Years confetti
it's like that y'all, but that's all 'bout to change
like some of my own, people tend to act strange
i'm making a scene, and it's served with it's capabilities
so set it at an island's degrees

[Posdanous:]
It's strong island for real, the diagnosis is supreme
the prefix is 516, where microphones fiend
the voices that gots the gift, 'cause the world is on their shoulders
makein' plans to switch from little rock to money boulders
the real proceed
my girl stands deep from nubians actin' like Columbians sellin' keys
characters have the tendency to con themselves
to think the East Coast is only New York and Philadelph
you know the way we blow, your shit is played like pork
and as for what we be bringin' you, we live and direct from New York
I ougtta say my fam causes commercs.
steppin' to me fool will get you punched out like a curse
it's like that y'all, let it all consume
like them brothas who smoke, 'till they high like the moon
soon to a town near you be them super emcees
settin' them Long Island degrees

[Maseo:]
I hit the L.I.R.R. for big dreamers out east
and get your bank roll split
bangin' dents out your systems
sellin' points to get the uppercut like Sonny Liston
but eyes closed episodes
bring you back to zeroes
the same herp playin' like he Casablanca
blind to it, but I'm a grind him up a cup of Sanka
servin' dimes loves on tennis courts and sorts
laid back like grown folks sippin' tea for sport

[Posdanous:]
I be sweepin' up the room with my lyrical broom
while others rhymes smell like plastic like some lunch room utensil
the official color for this planet is green
which growns in pockets of them people willing to scheme
an't no expose, these facts are from the mouth
profilin' through Island with that wind from down south
at last, be the world broad cast from the crew who gave you 3's
magic on an island degrees

[Maseo:]
it's strong island for real where the critters smoke fritters
night time excites time for the heavy hitters
gang on hers 'cause in the mean time mine is home on date
fluffin' pillows impatiently waitin' ain't no debatin'
'Bout to settle, check the level stakes is high as the sky
I got questions about your life if you so ready to die
we in the last quarter y'all, somebody's gonna cry
I think they need to set the clock before the time pass by

[Posdanous:]
In the round one no nines my size can get swelly
sensing danger I will play a ranger on my celly with my felly
we're wonderful like colorful flix
provide a thread and needle every time the stages get ripped
I grip upon the pleasure sippin' the tea
on the island 'cause that island is the main artery
so uh, you better come and give respect for catch some of these
knucks from the island degrees

De La Soul Lyrics

"Betta Listen"

(Listen all you fellas, here's what good love is)
(Listen all you fellas, the kind she understands)
(Listen all you fellas, then you won't have to worry no no more)
(Listen all you fellas, you betta listen) (you betta listen)
(Listen all you fellas, here's what good love is)
(Listen all you fellas, the kind she understands)
(Listen all you fellas, then you won't have to worry no no more)
(Listen all you fellas, you betta listen) (you betta listen)

Mummy I saw one day
She was on some fume vapors
Givin' me lip so I continued with the caper
Cat litter had me sniffin
Since outside the palace
Eyes sicker than aids
Game harder than a callous
Tried to enter in her shit
She had locks on the session
Tellin me how her last man
Taught her ass a lesson damn
Well, i'm not the mayor
I take care of my dimes
But I excluded I had nickels
Addin' up to her kind
Short stacks with a wristful of jewels

Sayin she didn't need a man
To make her out for a fool
Dig it, miss, my love is credited in cupid account
And if you need that extra help
Gigglin, figurin' I had jokes for her humor
Then she broke out with the words
About knowin all the rumors
"See, all you niggas rappin be like pedigree dogs
Thinkin you can have me leashed
Around your microphone cords"
Somethin 'bout her lit me up like july
And with them onions in the pants
I couldn't help but cry
Seemed lost in the essence
But i had to find my way to take
Action for the digits just to set up a date
Thought my shinin was on
I had the skirts in the bag
Until i took a bit of time
To peep the price on the tag
She said "I'm that salt and pepa

Who like pushin it to sisters
You need to get to walkin with it mister,
I think you betta listen"

(Listen all you fellas, here's what good love is)
(Listen all you fellas, the kind she understands)
(Listen all you fellas, then you won't have to worry no no more)
(Listen all you fellas, you betta listen) (you betta listen)

We was at some outside jam one saturday night
When this pretty ass girl got locked in my sight
She was a ghetto philosopher
Yeah you know the type
Thinkin' Mary J. and sade understood her strife
Caught me lookin', "Yo what's cookin?"
"Nothin' from around here
So don't approach or hope
To be the man of the year"
I said listen deer or rabbit or whatever the hell you be
I'm not the one to embarrass
But the one to emcee
I traveled the world q uarters on my relationships
Used and abused by hoes
So my royalty stubs
But above all
I brought my daughter into this earth
So I understand the need
Of women feeling of worth
She glanced deep in my eyes
And said "oh shit, you're ill
I like the way your mind
Moves around at will
Still, let me apologize for soundin so sassy
But you niggas act as if my ass
Has a sign that says harass me"
Her name was gail from the union of dale
I made her remove the shades
So her eyes could tell me the plan
Yo where's your man?
"Oh that nigga's past tense,
Painted bruises on my face
Haven't seen him ever since"
Gave a pinch to my bottom
And started rubbing my back
She said "i bet your ass is darker
Than a mobb deep track"
Only one way to know it,
And i was down to show it
So we jetted back to my crib to set it
She made it known
"I've owned thoughts of you
Since that song 'meeny-meeny'
Can't believe you're about

To be all up in between me''
Man, the flag was lowered
So my wood was raised
Followed a shielding of my building
To protect me from the blaze
This granted access to
Southern parts of her borders
Did you have her comin'?
Like the new world order
I caught her with the right combination
A good combination
Keepin' it in her hard, man
You betta listen

(Listen all you fellas, here's what good love is)
(Listen all you fellas, the kind she understands)
(Listen all you fellas, then you won't have to worry no no more)
(Listen all you fellas, you betta listen) (you betta listen)

De La Soul Lyrics

"Itzsoweezee (HOT)"

[Intro:]
Great all-dedication
Mos Def affiliation
Adequate representation
This is the phat presentation
De La dedication
Common Sense collaborations
Peace to all of you Haitians
Check it out

[Chorus: x2]
If money makes a man strange -- we gots to rearrange
So what makes the world go round
If love is against the law -- listen I don't know
Gotta change how it's goin down

[Verse One: Dove]
Fell in love with this fish who got caught in my mesh
But yo she burned my scene up like David Koresh
I guess a diamond ain't nothing but a rock with a name
I guess love ain't nuttin but emotion and game
It's a lesson well learned so praise is well due
I'm sendin off from Big I, to Kenny Calhoun
And add a reservation for the resident crew
And yo get your bowl cuz we cookin up stew
See them Cubans don't care what y'all niggaz do
Colombians ain't never ran with your crew
Why you acting all spicy and sheisty
The only Italians you knew was icees, niggaz price me
I'm keepin it clean, like a washing machine
And yo, get your locomotion run into full steam
I'm sending out a greeting to my man Daseem
I got a child so I gotsta get the green, right right

[Chorus]

Itzsoweezee, it's gettin hot this year
Itzsoweezee, it's gettin hot
[x4]

[Verse Two: Dove]
I own the deeds to some acres in the West, indeed
Where my pops is building residence to house my seed
Now here's the lead, y'all niggaz pray to hot rods and not God
While Versace play you niggaz like Yahtzee
Crackin jokes like you Patzi
(When's the last time you had Happy Days?)

Blazin up your herb to escape the maze, but the problem stays
Think big get it big is my motto
You can go and play your lotto, I'll be singin like baby won't you be mine
You'll be pressin rewind, you can never see mine
Keep your eyes focused, you can't touch this or quote this
Style is crazy bogus so you can't try to approach this
Stomp you out like roaches, pullin on my coattail
like some horses pullin coaches, WHOA your roller coasters
It's hotter than the temperature that's cookin in your toasters
While the heat'll put you deep into hypnosis

[Chorus x2]

Itsoweezee, Enoli's in the area
Itsoweezee, Timbo King's in the area
Itsoweezee, Maseo's in the area
Itsoweezee, ninety-six in your area
Itsoweezee, lawd lawd lawd!
Itsoweezee, lawd lawd lawd lawd
Itsoweezee, lawd lawd, for y'all peace
Itsoweezee

Itsoweezee *[x8]*

De La Soul Lyrics

"4 More"

(Never gonna give up on you)
We gonna do it like this
(Just a little bit)
Like that
(just a little bit)
Zhane
(just a little bit)
De La
(just a little bit) c'mon

[Chorus:]
I'll never give you up
No, I'll never stop
Keep it comin'
Keep on comin' 4 more *[x2]*

It's that brown man from long islandin' shores
Got a way with women, so I get away with yours
Because you're whole game's outdated
Which leaves all the pretty women heavily sedated

Mummy you can play your ripley's
Or believe it or not
I shoot gift like heron
With skills of gil-scott
Nights like sir lancelot can get heated
Prescribin' your vibe, love,
I know how you need it

[Chorus: x2]

I like to mingle sometimes
So I head out of state to find a couple of dimes
But a government rate can't settle for no nickels
Even pennies for thought for short
I need connections
With big bank selections
Securing all the sections
With sing-sing corrections
Seedin' like nature, escapin' like gas
Tell me how long this love is gonna last
Thinkin' fast might spoil somethin'
Turn a *[?]* to nothin'
[?] to your lady is special
Seen a bigger picture on the screen
But you're a movie, you move me
You soothe me like holidays, getaways

The brochure said do it
So true
It's not a hold hand mission
Cut the public display
Heard you're headed for the stars
Put the gazers away
Mine times out of ten
We cut to good friends
But when we on the tenth
We gotta go the length
I'm not a playa
Yet i get more play
Than a talk show shown
Cross the USA
Have em' moanin' out the vowels sounds
Ooh, eeii, and aahh
And how by now you should know me and my
Do members of the opposite sex
Have their boyfriend screaming out
We got more techs
Than that ball team in georgia
(Yo, he said he's comin for ya)
All because the ho wanna go to the casbah

[Chorus: x2]

You can get with
Some of these women
Some of the time
When your face is in the light
[?] stirred with lime
Is it a crime
To set your mind to death?
Resuscitated
See how many brain cells left
I feel your body's drawn to my positive
Don't even want a baby
If it's that easy to give
I live right around the corner
Three states away
Take a holiday
Come check me
Watch how I set the
Mood, check a movie on the tube
Get your belt mad loose like lee
Phone's turned way down
To avoid the beef
Or the questions
If she's the only one gettin' lessons
You're into crime faces, huh?
Well i'll play your capone
Suzy q got the grill
To make the cake chrome

Situation's gettin absurd
Hot on a plat
So work the format
See how we do that?
And you're figurin
We love on the rock
I'ma keep it up front
To maintain the stock
Displayin all the goodies
From your knuckle to knees
Make it hot like the island degrees
Now that's special

[Chorus:]

De La Soul Lyrics

"Big Brother Beat"

Ha ha ha ha
Ha, ha ha ha ha
Ha! Ha ha ha ha
Ah-ha ha ha, ah-ha ha ha ha, ha!!

[Intro/Chorus: De La + Mos Def]
Now this goes out to all area clicks
Centralized and way out in the sticks
Remember to keep the De La/De La/Native Tongue
in the mix
Just like log cabin syrup my sound is game thick
Now this goes out to all area clicks
From manicured lawns to projects bricks/bricks/from 718 to the 51-6
Remember to keep the Mos Def/Native Tongue in the mix
Straight butter hits, drop as a good as it gets/gets/straight butter hits

[Verse One: Mos Def, Dove, Posdonus]
Now, come on y'all, get live get down
What we have is a brand new sound
So don't none of y'all just be misled
The De La's gonna do the body good like wheat bread

Shakin laces out of shoes, Mos Def bought the brews
Sittin indian squats to make that red tie knots
See I'm out to get the core like in them Rainbow Pops
Swingin life like a hammock, invested like stocks

Via sinus complex, I aims to clog it up
Snappin by the pain as a crew hear the gain
We remain on your mind like skulls, not a golem
I'ma show it in the house all perimeters are blown

Native Tongue come through to make you say yes yes
This is the body Mos Def style fresh like baby breath

We are the killer combination with the size to administer
the beatdown to swell up all three of your eyes

[Chorus]

Now check it out, and ya don't stop
We got the big brother beat, ya don't stop
[x2]

[Verse Two: Mos Def, Posdonus, Dove]
I don't bug out I chill, don't be actin ill
No trick in ninety-six, Native Tongue gon build

But we be easy on the cut, no mistakes allowed
Cause to me, MC mean, make it clean
When I speak on groups and I'm smooth like gabba D
Tryin to hang out with Dove and catch love in Aberdine (word up)
I bag dimes like my man born on August 17
Life be nuttin but a river son I'm swimmin upstream

Playin wait up, with the data servin your ears
with information due to confirmation of the nation's most
wicked ways of livin, like them glassy eyed beans
Inhale to smoke the fiends, while bangin a table
Rated at the high point of the mass
Rippin MC's at the top of a class, occasionally
rippin some sucker's face
Or some suckable ass from a girl
It's a big brother beat for the wide wide world

I'm makin memos off these demos back in eighty-nine
Took you all on encounters of an unknown kind (right)
Did the hustle with a couple of us, but soon noted
That my niggaz buttered Benedict rolls, and then voted
I wrote in the dark so I could feel it like braille (uh-huh)
Heard the big brother beat, got locked with no bail
Came to set like equators invented, with the heat
Yo Mos Def how you radiate to make it complete

RIGHT *[echoes]*, so when I shine the light crabs wince
Manifestin for the future here in the present tense
No doubt, I love the sound biggin out off your Jeeps
Son I want the little kids bangin big brother beats

[Chorus]

We straight butter hits, we straight butter hits
Perfecta, perfecta
[x3]
Word up

De La Soul Lyrics

"Down Syndrome"

[Pos]
I be that mind blessin blessin these lessons we've ignited
Want to bring it to my face man you're cordially invited
cause I've cited, you posess no science in your thinking
So I'm gonna (never) you're blinking!

[Dove]
Fingers be pointin, and leakin falsifyin the stink
You think I'm pink I bl-l-link with them shades of thought and think
(and in this corner be the hush) so play on William Rhodes
Cause at the sound of the bell my circle square controls
And all MC's best sweat, we bringin buckets of heat

[Pos]
So don't fret kid I let you lick the love I secrete, yo
Even my foes give me bravos, and that shows
total domination in this rhyme complication

[Dove]
Yeah the skill is a cinch I rock the womb with a mic
and in the days of the nickel and breast, I knew de yes yes y'allin
was the callin, clearly not for the gat
For combat, I bring a bag of my rhymes for the SAT

[Pos]
I'm Plug One-of-a-kind, for you people's delight
And for you sucker MC's, step to your knees
Ain't no second thoughts and all your thoughts are from Orion
I can tell that you a devil by them rhymes you're designin
Your play doggin tactics can't fuck with my facets
Just because you talk all that glock shit don't mean you can rock shit!
Your identities on freeze
Just a form of protozoa tryin to cross them seas

[Dove]
See high horse riders gettin shot by the sheriff
Cause nobody's safe for crimes
And even all you skirts need to checkin in your upstairs attic
Cause Mase is smackin hoes if hoes is startin static

[Pos]
Now it ain't all good when your jam goes wood
So as a deterrant, I use mental current
Got them brothers shook, peep the look comin out of the face
Cause they all catch a bruise from the hits we make

Your fame and cars should be listed as magnets

Legends never die but they can get shot and killed
Ain't nuttin glitter when you're battlin MC's
you once imitated in a mirror so to down syndrome you kneel

[Dove]
The same status I heard, the same nothin
My ears fears the faulty locks tryin to lock down the stops
but I earn more than your Menudo or your Boyz II Men
While down syndrome keeps you immune to frequencies I send
Fresher than a sniff off havin them J in fifth
I identify with your rhythm
but I exist for more than just a Benz, so mends
I'm cuttin off my friends to keep a smile calicum iron grain

[Pos]
Let me tell you a little something about Soul (tell em son)
I be a piece of the East coast, so give a toast to
Plug Wonder why back in the day who soaked his words in jigga
So when I ran a phrase in June you didn't catch it til December
I'm a member of them kids from the inner city
Giving you kitties audible treats, you be aching for making
more money than a pagan holiday
Not from the PJ's, yet I still got something to say

[Dove]
Say what man? You gritty like a diamond grenade
For the cameo spot you tries to fool Parade
You acrobats flip the star gazin map, for alla that
you'll be the first to place, and ran it all to a waste
And all the style that you bring (gotta make decks bend)
You gotta rip it from the start (when the beats come in!!!)

De La Soul Lyrics

"Stakes Is High"

[POS:]
The instamatic focal point bringing damage to your boroughs
Be some brothers from the east with some beats that be thorough
Got the solar gravitation so I'm bound to pull it
I gets down like brothers are found ducking from bullets
Gun control means using both hands in my land
Where it's all about the cautious livin'
Migrating to a higher form of consequence, compliments
Of strugglin', that shouldn't be notable,
Man every word I say should be a hip hop quotable.

[DOVE:]
I'm sick of bitches shakin' asses
I'm sick of talkin' about blunts,
Sick of Versace glasses,
Sick of slang,
Sick of half-ass awards shows,
Sick of name brand clothes.
Sick of R&B bitches over bullshit tracks,
Cocaine and crack
Which brings sickness to blacks,
Sick of swoll' head rappers
With their sicker-than raps
Clappers and gats
Makin' the whole sick world collapse
The facts are gettin' sick
Even sicker perhaps
Stickabush to make a bundle to escape this synapse

[POS:]
Man life can get all up in your ass baby you betta work it out
Let me tell you what it's all about
A skin not considered equal
A meteor has more right than my people
Who be wastin' time screaming who they've hated
That's why the Native Tongues have officially been re-instated

(Vibes....vibrations)
Stakes is high
(Higher than high)
You know them stakes is high
(Higher than high)
When we talkin' 'bout the
(Vibes....vibrations)
Stakes is high, you know them stakes is high
When we dealin' with the
(Vibes....vibrations)

Stakes is high
(Hey yo, what about that love?)

[POS:]
Yo, it's about love for cars, love for funds
Loving to love mad sex, loving to love guns
Love for opposite, love for fame and wealth
Love for the fact of no longer loving yourself, kid
We living in them days of the man-made ways
Where every aspect is vivid,
these brothers no longer talk shit
Hey yo, these niggas live it
'Bout to give it to you 24/7 on the microphone
Plug One translating the zone
No offense to a player, but yo, I don't play
And if you take offense, fuck it, got to be that way
J.D. Dove, show your love, what you got to say?

[DOVE:]
I say G's are making figures at a high regard
And niggas dying for it nowadays ain't odd
Investing in fantasies and not God
Welcome to reality, see times is hard
People try to snatch the credit, but can't claim the card
Showing out in videos, saying they cold stars
See, shit like that will make your mama cry
Better watch the way you spend it
'Cause the stakes is high

Y'all know them stakes is high
When we talkin' 'bout the
(Vibes....vibrations)
Stakes is high

I think that smiling in public is against the law
'Cause love don't get you through life no more
It's who you know and "How you, son?"
And how you gettin' in, and who the man holding
Hey yo, and how was the scams and how high
Yo what up, huh? I heard you caught a body
Seem like every man and woman shared a life with John Gotti

[POS:]
But they ain't organized!

[DOVE:]
Mixing crimes with life enzymes
Taking the big scout route
And niggas know doubt better
Than they know their daughters
And their sons
(Oh boy)

[POS:]
Yo, people go through pain and still don't gain
Positive contact just like my main man
Who got others cleaning up his physical influence
His mind got congested
He got the nine and blew it
Neighborhoods are now hoods cause nobody's neighbors
Just animals surviving with that animal behavior
Under I who be rhyming from dark to light sky
Experiments when needles and skin connect
No wonder where we live is called the projects
When them stakes is high you damn sure try to do
Anything to get the piece of the pie
Electrify
Even die for the cash
But at last I be out even though you wantin' more
This issue is closed like an elevator door
But soon re-opened once we get to the next floor where the

(Vibes....vibrations)
Stakes is high
Y'all know them stakes is high
When we talkin' 'bout the
(Vibes....vibrations)
Stakes is high
Stakes is high, come on

De La Soul Lyrics

"Sunshine"

(high on sunshine, lightin' my way)

[Dove]
and yes y'all
you are about to build witness
from the lands of Long Island
takin' you to the sky's survival
I am your captain, ain't no lie
on this endless joruney
to invisions, to brouden your outer visions
to where you never been before
it's just a one night trip to love
sun shinin' forever, and forever sun shines

[Pos]
yo, leaving lasting impressions like cuts to flesh
be that crew from the five one six point of view
with skills so tight, they the rhymes of a vigina
them clits will turn into a diamond, the level of rhymin'
pressure comes from lessor forms than me and my man
and we go back like life created from um, specks of sand
and there's money to be made 'cause cacaussians are paid
only brothers who rhyme, seek bounce and catch balls
Plug 1, with them rhymes makin' your heart stall
like them girls when you in they room when they man calls
it ain't nothin' but the thing Oneder Why can bring
as we come to the bring the pain everyone will sing

[Chorus]
De La is the crew that you must hear, but please don't rush the stage
'cause even though them stakes are realy high, we're really not here to race
we're just here to move your mind and soul with propetuated ease
it's just about the show until it's time to go, and get with the young ladies

[Dove]
I'm on travellin' to places that the eye can't see
but kinder, cause yo' strife don't mean a thing to me
throwin' me criminal looks, y'all need to get in the books
and drop some water in your melon, 'stead of actin' like a felon
aiyo son, who you tellin'? I'd make a mil if it was up to me
but since it ain't I teach my seed to bank hard
and than God, I smoke a substance of a different kind
catch me trippin' on earth when I'm high off sunshine

[Pos]
down right to dirt, Oneder Why makes it work
with access to talent like cacaussins to yellow cabs

with an Arab driver
I liven parties with marvelous confiction
ain't no fricition when life claims them victims who be *[?]* some dried up funds
best believe that the life is trife
'casue the gun made a man outta pussy's from around my way
who usually wouldn't have a fuckin' thing to say
last year's hard rocks are now petrified boulders
and L.I.'s finest is movin' yo' necks at shows
the anthem of this guy has a place in yo' eye
so you can be blessed to see in 3d double-e

[Chorus]

De La Soul Lyrics

"U Can Do (Life)"

[Whispered]
(ahhhh, ahhhh)
c'mon, c'mon, bounce - bounce
c'mon.. bounce, rock, roll
(ahhhh, ahhhh)

[Chorus: sung]
You can do, whatever you want
Whatever you like
It's your own life
So let me be, to do what I want
To do what I like
Cause this is my life

[Dove]
It's been about ten long years, my skin wreaks
flavors that your incense couldn't match
We burn slow like syphillis in your piss, accomodated
with the penicill-in, you're listenin, to
This "Art Official" will keep your shoes moonwalkin
Soon to talk about, "Pop Music"
You'll buy it cause you choose it
A lot of MC's is really S&M'n
Whips and chains, I maintain like a old jazz singer
Elephants in any location
Held back in rotation, an apple a day
only makes a nigga fruity
I eat responsibilities to carry out my duty
[?] in the MD's, I pull it out just to polish it
Make notes if you earnin or wait your turnbuckle
I stick to gettin mines like stucco (ahhhh, ahhhh)

[Chorus]

[Pos]
I'm that full-time rapper, the nickname's Llama
Part-time father if you ask my daughter's mommas
Missin in action cause the action got a fraction
of the world listenin to me
Got em travellin overseas in lands constantly
Got a sea of hands wavin, ain't misbehavin
but a lot of kids cravin for somethin they ain't got
Like the keys to the ride and a pocket with a knot and it's
holdin they ground til they rot in it
Plottin it, lockin it down strong
cause it's nuttin wrong gettin your bubblin on sticker
But too much bubblin can make you fizz quicker

So watch your stack, keep your fam intact
and pay attention to the now, I'm clearin the mess
While they stressin back in the day, I'm at the front of the night
with my crew shinin light on the (ahhhh, ahhhh)

[Chorus x2]

[Pos]
Now we on top of this like a typical bed position
Peepin your view, got your whole crew wishin and waitin
Makin dollars out of ten dime pieces
who be sippin out the glass suckin on the lime pieces included
In my pieces I pen the good livin
And even when we're stressin from in the hood livin
at least we're livin and there ain't no hell in that
Give me a yell in that, and go (ahhhh, ahhhh)

[Dove]
I wanna see the world ten times over
Dive off cliffs and land on oppotunities unthinkable
You sinkin straight to the bottom; while I float in parades
that St. Patty couldn't put up
All my niggaz tryin to build, then throw your wood up
Design life like PNB gears so stand clear for the blast off
Last off my chest, peace to Dav West
Live your life to the fullest (ahhhh, ahhhh)

[Chorus]

[whispered]
You can do.. what you want.. what you like
Let me be.. what I want.. what I like

De La Soul Lyrics

"My Writes"

(feat. Tash & J-Ro)

[ad libs for the first 30 seconds]

[Dove]
Yo - who hold guns and rock ice bigger than life;
got bitches throwin they drawers on stage - that ain't me!
I raise kids, push whips, piss an MC
Love money like I love my moms
Love my nigga Com Sense when he bang dents all up in they wallets
Wall to wall bullshit I got hardwood floors
Set sail for tour ever since eighty-nine
so y'all are fuckin the same hoes who used to be mine

[Tash]
And I've been waitin three summers to rhyme longside my people
Rico, De La, inject you with the lethal
dose of hop-hippin if you thought CaTash was slippin
then put that drink down, you drunk off what you sippin
CaTash put the dip in dip dive socialize
Fuck around with me and next you'll find yo' crib burglarized

[Xzibit]
Yo you better recognize and try to analyze this
Hand over fist - how can a man act like a bitch?
Change and switch, snitch on his crew
Yo get rid of the niggaz before the same thing happen to you

[Pos]
And they'll leave your ass sticky like glue
Blood leakin out, girls freakin out, motherfuckin cops tweakin out
Got you on your knees like a freak, jugglin deez nuts
Smugglin these cuts from S.C., you best be-
-lieve there's no web or leave a net
We done swallowed 40 bottles of threat, yo

[Chorus: all together]
What you know about my writes? (my writes)
What you know about what's weak, what's tight?
And what you know about an off night? (uhh)
What you know about niggaz frontin for the light?
And what you know about them gun fights? (gun fights)
Got a nigga duckin while them girls show fright
What you know about my writes? (my writes)
Ah what you know about my writes? (my writes)

[Xzibit]
Yeah, yeah, look

I'm Samson without Delilah, the soul survivor
The drunk driver that rolls straight, take the whole cake
Chop it up with the family, wash it down with alcohol
My telly's a Desert Eagle for all the fuckin shots I called
My niggaz gotta ball, never settle for less
Heavy metal, heavy on yo' chest like two breasts
Step into my office cause it's time for you to roll somethin
One false move, and we gon' beat you like you stole somethin

[Pos]
Yo these style I kick should be called *[?]* rap
Drawin the pussy out the nigga after my prize, cause I want it
They stomach what I throw, they know I'm right for they diet
They librarian flow keeps the party real quiet (shhhhh)
The love I lost outweighs the rhymes I gain
but the fact that I spit 'em makes me cherish the name
So pass the mic so I can put in my share
I rip it from home to L.A.
with connectin flights to rip it elsewhere

[J-Ro]
Drinkin up Black & Tan in the back of a van
I learned as a young man - long trip, piss in a can
Gettin a house for two grand, now you got your own land
Let your mind expand, everyday have a plan
Ro-Gram is rare earth, swingin Black Tarzan
You got to live with the cards dealt in yo' hand
Stay young like Peter Pan, like Sly, take a Stand
and go Uptown Saturday Night like Ichiban

[Dove]
I keep it dirty like under the bed (dirty)
Dirty like Uncle Red; aiyyo, *[?]*
Dirty brown Likwit flow thicker than the Yoo-Hoo
Dirt you dishin out, chef tellin it all
Face down in the dirt, doin my dirty work
Expert, tryin to regulate my network
Head jerk, spice it with rice, stick with it
If they ask who cut the grits I'ma say E-Swift did it

[Chorus w/ minor variations]

[Tash]
And I've been known to get it on, past the break of the dawn
Tash'll punch you in your grill and leave "Potholes in Yo' Lawn"
(C'mon!) You makin diss songs? Spit that rhyme my way
I can shut y'all niggaz down like the Y-2-K
I did a tour in ninety-four with De La Soul and Tribe
We on the same vibe, cause real niggaz coincide
("Right-right-right..") The situation is drastic
but see songs like these is why this album goin classic

[J-Ro]

This is for the DJ, bring it back one time
I drop bombs like when my moms told me to rhyme
I'm - old school like my dad is
So add this, to your collect', Plug Won - who the baddest?

[Pos]
Aiyyo we theme park status, upstage these niggaz like Gladys
Them little Pips, they done tripped the wire
Blamin they legs, while I'm claimin these tunes
In this we'll stay down like seats found in sorority bathrooms

[Xzibit]
Yeah - we flat out classic, seperate the real from the plastic
and I gotta say no names
Play no games, hit the switches, crack the frame
Show no shame or fuck it all up, take the blame
Brand name fresh out the box type hustle
Manpower success is mind over muscle
Grind til the wheels fall off, accept the loss
I never been soft, whatever the cost, addicted to floss
Nailed to the cross it's time to return
My only concern is makin sure that Hollywood burn,
Hollywood burn, burn to the ground, trick-ass niggaz
is all up in the game and don't deserve to be down

[J-Ro]
Four bottle rap, twist the cap and kick back
De La, Xzibit and Tha Liks came to get that
And what you know about us droppin ya
and leavin you with half a face like the Phantom of the Opera?

[Chorus w/ minor variations]

[Chorus extended]
Ah what you know about my writes? (my writes)
Ah what you know about my writes? (my writes)

[Tash]
You got the right to shut the fuck up! *[laughing]*

De La Soul Lyrics

"Oooh!"

(feat. Redman)

[Redman (doing Run-D.M.C.'s "Together Forever (Live at Hollis Park '84")]
Party people, your dreams have now been fulfilled
Get your ass up, and let's get ill
That's right y'all, we more than rough, we callin your bluff
And when it comes to rhymes... (Brick City)

[Pos]
Yo, don't scandalize mine
I spent too much time
Straight talk with the catch to etch my line walk
Never fetchin for crime, halt! Who goes there?

[Dove]
Yo, it's the squeeze of five fingers, puffin Smokey the Bear
Shinin black like Darth Vader caps, they on stare

[Pos]
While we rockin it, I'll rock in it (rock in it)
Like the little ball inside the spray can
Providing three coats for both child, woman and man

[Chorus One: Redman]
God bless the God, lay these Streets Wall to Wall
It go - oooh, oooh, oooh, oooh!
Yo, you got popped like a flick by that rivalry click
It went - oooh, oooh, oooh, oooh!

[Pos]
It ain't my fault your ass is on the ashphalt
Got your chin touched by my fam who though you brought harm, you see
I'm iced out like a glass of tea
Better yet, oatmeal cookies, y'all just rookies to me
Slidin' up and down the court, but I don't think you can D
Why try? Maseo be gettin high since Luke was Luke Skywalk'
Man, my topic of talk is sheddin shame all over your game
Like them shorties who claim that afrocentric lovin is the past drug
A life filled with (TWEET) that's what thugs love
Snatch you fast, wrap that ass in the rug of your choice
while it muffles your voice

[Dove]
Now when I'm swimmin through the joint, I put the funk on hold
Cause if you don't, you'll see the bubbles come up
We run up a tab and gladly add a little extra for miss
Flashy faces with bigger lips for that ass to kiss

[Pos]
Most crews are post-current while we're forever
Direct beats that's contagious, loved by all ages
Graduated from the you-and-I-versity
of hard-hitters, for real

[Chorus Two: Redman]
I got niggas in the streets that'll blast your ass for the shine
And get - oooh, oooh, oooh, oooh!
Yo, if you a fat chick gettin your fuck on tonight
Then go - oooh, oooh, oooh, oooh!
Yo, put your hands opposite to the ground if you're lovin our sound
Go - oooh, oooh, oooh, oooh!
Yo, and to my broke niggaz on the corner holdin me down
Go - oooh, oooh, oooh, oooh!

[Dove]
Yo, I swear Tommy gonna get it, he done did me wrong
I had plans to buy more land, plant corn
Bust kernels on heat, work hard like wetbacks
Set backs is gonna get my ass to be hostile
Rockwilder the beat, top dollar defeat
Big money's make the big decisions
Keep hip-hop alive, it's just an intermission
Back to the second half of the feature flick
Dick stacks and fuck rap

[Pos]
I had a name for makin paper since paper mache
Now my dollar coins join pounds of yen for play
While you broke niggaz reach drunk much quicker
You don't make enough bread to soak up all your liquor
Went from God to God damn

[Redman]
Damn God, you're killin it
Should incorporate it, invest half a mil' in it
Rap cats talk with no will in it

[Pos]
Soundin like they virtual
This joint'll hurt you, yo

[Dove]
Twas the night before Christmas and my crib got robbed
(shhh shhh shh, shhhhh) They did a job
Took all my goodies out from under the tree, except the CD's
of shiny-suit rappers and flossin emcees
who fail at takin it to rhyme degrees

[Pos]
Man, you know no wack poems get no play in our homes
You need to not get nappy with me

Or else we gon' "relax your mind, let your conscious be free"

[Chorus Three: Redman]
Yo, where my Wall Street niggaz, if ya up in the stands
Go - oooh, oooh, oooh, oooh!
To my women that'll throw they hands against they punk-ass man
Go - oooh, oooh, oooh, oooh!
Yo, if you never been shot or stabbed
Brick City go - oooh, oooh, oooh, oooh!
Yo, I gotta catch a cab back to the lab so I can smoke
Go - oooh, oooh, oooh, oooh!

De La Soul Lyrics

"Thru Ya City"

(feat. D.V. Alias Khrist)

Ohhh ohh, ohh OHH ohh ohh
Ohhh ohh, ohh OHH ohh ohh, ohh
we talkin bout

[D.V. Alias Khrist]
Hot times, runnin thru ya city

[Pos]

Knockin on your radio, like the Crash Crew
ask whoever you want - I'm managin the funk on the paper
Outside of that we pull capers for days
Ridin throughout the maze of street, while we blaze the beat
Watchin the sweet things wiggle they butt
to Plug Three, on the cut, movin on ya what-
-ever ya got, we gon' get, bringin our point, to ya position
Rippin stages with my thought coalition
Carryin on, eradicate all your stress mode
Just another episode through these area codes
We bankin on

You're high off our talent and charm
Check the caliber - this be a smash
like some food on stage for Gallagher
Wear ya bib, cause it's messy
Niggaz schemin on my (Girl) as if my name was +Jesse+
Watch your manners! Now let me pass it off to Dave Banner

[Dove]
Yo, I set travels like Karen LaRue
Small talkin in the big city, it's all about gettin the coins
Everywhere I go I touch a tenderloin
They sportin a dot com Viet marker bomb

on your metro - MARTA order iron horse
Yo take the cross and meet a nigga at the butcher
I'm cuttin your girl - we on a world tour
Supplyin your bloodstream with nothin but the pure uncut, in ya

[D.V. Alias Khrist]
Hot times, runnin thru ya city

Freak freak the funk freak freak the funk

[Dove]
We ain't walkin on a yellow brick road
These streets stay red and bloody kid
Study your code, so you can easily pass
I stash a little love when I'm on the visitation
If you crossin my lane, nigga do the same
I guaranteed to run through and prove the game
ain't bigger than the pieces in it
You see the pieces in it had me stuck travellin one side of map
Clappin hands with rap cats who ain't deserve dap
Long hauls and livin out a suitcase man
Chickenheads and gangs of fruitcakes man
Ain't nuttin better than explorin the outskirts
especially when she ain't got no pantyhose on, and it's on

[D.V. Alias Khrist]
Hot times, runnin thru ya city
If you miss it now it'll sho' be a pity
We got - hot times, runnin thru ya city.. *[echoes]*
Mmmm..
Hot times, runnin thru ya city
If you miss it now it'll sho' be a pity
We got - hot times, runnin thru ya city.. *[echoes]*

De La Soul Lyrics

"I.C. Y'all"

(feat. Busta Rhymes)

Yeah!

[Busta Rhymes]
Ha ha ha-hah ha-hah ha, ha-hah ha-hah ha
Ha ha Flipmode y'all, whatchu talkin bout?
De La y'all, whatchu talkin bout?
Whatchu talkin bout?

[Dove]
Yo, you gettin stomped by the marching band
Keep 'em shook like spray cans (it's so hot)
It's so hot it'll make your face tan (ooh!)
Ace ban rap, the place the wasteland
Bit y'all in my mouth, but you taste bland
I feel fake niggaz and mince these snake niggaz
that hiss but won't bite - false alarm
And if it don't (Rockwild) we fin' to drop a bomb
(Word up) (Strong) grip on a mic like we (Stretch Arm)
I BEEN shine, you been warned and been torn
Get smacked for the B.S. you been on
Storm bad weather/whether or not you stay scorned
For ten years I've baked shit like hot potato
Rhymes still drippin like stu-b's, you groupies
need to show I.D. before the bust down
Touched down the God put 7 to your Zippo
and drop it on you heavy like a hippo
(Now you heard that?)

[Chorus: Busta Rhymes]
To all my dogs all the way in the back, ready to black
I.C. Y'all (see y'all) I.C. Y'all
Ladies get down shake yo' ASS around, I hope you know that
I.C. Y'all (see y'all) I.C. Y'all
To all my soldiers on the corner I.C. Y'all (see y'all)
Women doin what they wanna I.C. Y'all
To them people gettin pulled over I.C. Y'all (see y'all)
I.C. Y'all (see y'all) wouldn't wanna be y'all

[Pos]
It's the one and only effect, that you catch from a cassette
Straight wig out the world and girls we straight dig out ya back
with letters spellin out my name
All over your marquee, cause the spark is me
Currently we can be seen across your screen
Stayin wide-eyed cause you niggaz tryin to scheme
Welcome to the spot - I'm slaying with it

Chop it up and fit it inside your quart of rice
You speak ghetto falsetto on the mic device
Tryin to give me third degree, you just a third of me
Couldn't be the shit if you were a turd of me
A man tight with my funds, crush like Ricky D
who quoted Vance Wright - no one can serve us!
My squad advance heights quite superb
Just kick off your shoes - jump on the jock
It's been a long time comin this you NEED to cop!

[Chorus]

[Busta Rhymes]
It goes one (one) two (two) three (three) four (four)
Bounce so much I ricochet up off the floor (floor)
So raw shit the most raw you ever saw
Quarter after four, niggaz quick to bust the back door
Baby - open your blouse while I joust another nigga's spouse
Quick Jamaican dick style all in they house
I practice to be the all access, you see the fact is
my mouth dirty, so follow while I display the slackness
Yo, you see my slang talk straight from the slums
When I was young, moms put soap on my tongue, and yo-yo
Forever we gettin this CHEDDAR with the quickness
While I cast the spell on these bitches, you can be my eyewitness
Short fuse, nowadays Langston Hughes
We gettin money with whoever - even the Jews
The way we finagle and gain it must be all in my shoes
Fuck a nigga up with De La like *[?]* can amuse

[Chorus]

De La Soul Lyrics

"View"

[Pos]
Yo.. we bout to get it (get it) get it (get it)
get it (get it) get on down (down) down (down)
Yo! We bout to get it (get it) get it (get it)
get it (get it) get on down (down) down (down)
Yo!

[Chorus: Pos]
We run it, HOT! When we over the drums
To the, TOP! Cause the bottom we're from
We got the, DROP! On your weekend crew
cause you're full-time talkin while we peepin your view

[Pos]
Rahubat*[?]*, you know my name
I run my humbleness with fame
God-body, nuttin plain
while you claimin shepherd that you heard this
you, heard this on day first
Watch my man, he'll make it worse
Ain't no new click, we still Native

[Dove]
Clothes knit, stitched tight, related
that's the way we handle it
Pin us up or mantle it
We on fire you candle lit
Daydreamin, on a rack
Get bought worn and brought back
We sport rhyme thought real tight

[Pos]
to gain sizes much bigger
Life life well, get mail filled with
checks from sales we deliver

[Dove]
Spend a little, make a little
I want it big like white boy wallets
Credit delievered, Fed-Excellent
To my dot com, we on the web like Charlotte's
Hornet, back her up, she too much on it
Your plastic ass'll get swiped
past the limit see you the type
to get yo' cosmetics smeared on pillows all night

[Chorus]

[Pos]
while we peepin your view
while we, peepin your view
We got they eyes on lock
Let them flock to your wit while I spit after you

[Dove]
Look ma, I'm still rhymin
Baby boy still providin
Breakin bread in four states
Makin these struggles get gone
Private eyes, I see y'all spyin
You watch while I clock
Fertilize my brain data
Makin accounts grow green like the front lawns

[Pos]
Yo I may be old school
but I'm not no old fool
Heard out your mouth words flee
bout "These niggaz ain't nice"
You just barbershop talkin
while we round the world walkin
B, you ain't D.M.C.
You slip and fall on my ice
No lyin, straight shinin
I give you supper from my upper diamond
You got limbs so climb in

[Dove]
Yo, soak up what you find-in
We too pure for you to try
You sniffin maybe's and if's

[Pos]
And if "if" was a spliff
Man we'd all be hiiiiiiiiigh-iiiiiigh.. iiiggghhhhh..

[Dove]
.. but it's not, so sober up
You flashin out like you paparaz'
You'll need to take a liver shot
to feel the heat on how we runnin it, YO

[Chorus x1.75 minus last line, 2nd time]

[Pos]
cause you're full time talkin while we, while we
while we lettin you know I'm in a
certified rhyme meadow for days
If you ask Mercenary bout this shit, it pays
Hitting Willie Mays style out the park

Mastering in this (Art) that's (Official)
Your ears absorb this like tears, on a tissue
cause my thoughts are dollar bill crisp
Distinct like E-Double's lisp
L.I. alumni, wonder why I got it
Got it? Get a piece
Got product that you all should own and not lease
Some say drummers play synonymous with ill
with wordplay, that keep us all paid like a bill
We're the parent company
You the sub in my D-I-vision
You don't know how.. *[words fade out]*

De La Soul Lyrics

"Set The Mood"

(feat. Indeed)

Now check it (sup?)
Let me set the mood here aight? (yeah aight cool)
We gonna, set it off with In-dee-dee, dee-dee-dee, -deed
(Yeah that's right) You know
La-la-la-la-ladies first and all that
(That's right ladies first)
So peep it - you see this girl
who been poppin MAD shit about you
So I want you to get into it a little bit
I want you to cru-cru-cru-crush that *[?]*

[Indeed]
I was sittin on my lunchbreak, grittin my teeth
It's the last day of the week, man what a relief
My arms are sore as hell, I felt rigid and stiff
so I turned around and I rolled this big fat spliff
That's when I seen her, steppin out a rented yellow Beemer
This local ghetto fame rap cat her name was Tina
She was braggin she was goin on tour
The same shit she was screamin since the year before
Ever since the De La Soul video, she seen me on the TV
Heard that she was holdin a grudge and tryin to see me
Workin underground circuits and mad cyphers of people
When she asked who was ill, all she got was Indeed
She wanna battle (what?) and it wasn't hard to tell
All that I was thinkin bout was tryin to smoke my L
I had four hours left and I was tired as hell
Plus it was 12:55 almost time for the bell
She had an ill screwface mug, frontin like she know Joe
Gangsta bitch profile, boppin like allegro
Forty-below Timbos, fatigues saggin
Pullin all her money out her pocket while she's braggin
on her gold fronts with her name on it
Her ice finger roll hand g-low while she claim fame on it
I peeped the stee' - then I crushed her with ease
just for interruptin me while I was rollin my trees

AIGHT? (Whoo!)
That shit was bla-bla-bla, bla-blaze! (word)
Now we gon' se-se-set, se-set this one up
for my man Mercenary (aight aight yo let's do this)
(whassup?) Yo, I don't want you to make it like
a story or nuttin (aight)
I just want-want, want want-want
want you to come on some straight rhy-rhy-rhyme
rhy-rhy, rhy-rhme shit - rip a nigga in his ass!

And let him know how WE do it, y-y-y'know?

[Pos]
Now Maseo puff cheeba, while Rich sniff lines
David J push the whip while Candy Cal pull dimes
And me right behind, with the shorty gettin her math
to do the Savion routine and just, tap that ass
Still the one who kill wackness, man I left them niggaz crippled
Had em all soft to hard back to soft like a nipple
My (Art is Official) while you're art-ificial
Break you down to your very last participle
Let me enlighten you, cause your third eye's on dim
Me gettin taken out is rare like a smile from Rakim
See I'm remarkable, you're just bull
last name shit, y'all niggaz need to quit
Open your mitt, and catch this
I autograph every word you bit
Testify then*[?]* take your picture
Got an infinity of non-rhymes to hit ya
while your whole clan is blam
Understand that you must be smokin POUNDS of weed out of a pipe
and mistook your munchies, for bein hungry for the mic
And now you have to deal with these cats who's truly right
like estates with a pit on the lawn bark at the gates
Put the whole entire plate in your face
Make the point like who's that on that joint? It's me
I'm in everything you see like *[?]*, yo I'm in demand
I'm in the club man I'm in your hand
bein bought, I'm even in the thought from your girl
The only thing you're in is in acting
Your world'll be smashed
Run against the Won and you'll be last
like that call for alcohol, depletin your cash

That's how you supposed to get in somebody ass
y'knowhatmsayin? Know-know-know, know-know, know-know dat!
Hahahahahaha

[ghost weed skit 2 follows]

De La Soul Lyrics

"All Good?"

(feat. Chaka Khan)

[Chaka Khan]
Oooh noo-ohhh, noo-ohhh
Oooh noo-ohhh, noo-ohhh!
Oooh noo-ohhh, noo-ohhh
Oooh noo-ohhh, noo-ohhh!

[Chorus: Chaka Khan x2]
It ain't all good, and that's the truth
Thangs ain't goin like you think they should - it's all on you

[Chaka Khan]
I don't care about what you think you see
the thangs you want to know when you look at me
God knows I done been through and paid my dues
Can't change how you feel, cause it's - all on you-whoahhha-ohhh-yeah

[Dove]
I wish that, you could be a little bit more upfront
Weigh the situation how you want (right)
The lovin that you claim is just a four letter word
The third letter's invitin so visualize the verb
You curve thoughtways when you're handlin the candleabra
so you sittin on the baby grand
Transmittin like you're made of man
but you paint a funny face like a chick
When I see you I'ma tell you quick that uhh..

[Chorus 1/2]

[Dove]
I can't believe we built this large pizza pie together
No pepperoni
Yeah you wanted extra cheese, sometimes I gave you extras
How we divided slices like the Red Sea theory
I was Moses hopelessly scorned by your thorn zapora
Tried to bring that fairy-tale life, you wanted horror
but my microscope couldn't see or cope with that
I had to bolt from that, and left you dead in the sea
It's better for me, I'm satisfied with reppin for D

[Pos]
We were certified hot, then dropped to lukewarm
Now we back up in the spot, claimin never been gone
Niggaz who cut us off, wanna reattach us now
(Them girls who brushed us off, say they want some #'s to dial)
Yeah I give that ass a number, and some lumber to pile

Now catch a curve from my kick (or show me lovin by brick)
So stick to the same plan, don't come shakin my hand
like we peeps, it ain't beef but be sure to understand
Between us, it ain't all..

[Chorus]

[Pos] You see them kids be schemin on what we done copped
[Cha] Always out there schemin!
[Pos] They steady fiendin for the moment they can get us off the block
[Cha] Why they always fiendin?

[Pos]
Your people might have your back, but you need to watch your front
Indeed, ain't nothin guaranteed

[Chaka Khan]
That's the truth! Things ain't goin like you think they should

[Pos]
A lot say they wanna walk in my size 10's
Aight then; here's a pair
Lace 'em up tight then you might feel what was dealt to me
You see ain't no young boys up in here; keep a clear head
Tryin to keep my pockets on stuffed - like deer heads
upon the wall, so all the gall we get from y'all DON'T FAZE
So mind your biz and walk away
cause I'm never gonna let you up inside my maze

[Chaka Khan]
I don't care about what you think you see
the thangs you want to know when you look at me
God knows I done been there and paid my dues
I can't change how you feel, cause it's all, on you-whoahhha-ohhhhh

[Chorus]

[Chaka Khan ad libs to end]

De La Soul Lyrics

"Declaration"

Yo, this girl called me..
"Hi Pos! Heard your shit, back in style baby!"
.. heard the De La, said I'm back in style y'know?
Heh..

[scratching]
"You-you-you.. you need to stop"
[Prodigy] "I declare that only live niggaz rap this year"
[P. Smith] "Jam's off the meter yo, this {shit} is hot"
"There's always ONE.. (ONE!)"
[Rebel INS] "Amateurs get hung with they own gold chains"
"There it is!!"
[Prodigy] "I declare that only live niggaz rap this year"

[Pos/Plug Won]
The average MC sells terror
We nail terror up against the wall for target practice
Not one of your top five MC's
but I see clearly with ease you lack this
Coast to coast, we pop up on your scene like toast
playin host to your regiment
who rally to boast, but now boast no more
They got floored by the sight of my ledger print
I came specifically, to fracture yo' ability
to grandstand anywhere next to me
This is the year, when the true better man
keeps the cheddar and writes to his destiny (word!)
Timeless episodes of talent got me nominated
by the ones who hated me on spittin tighter
Salute these "Supa Emcees" for bein clever;
and never use the weed as a ghost writer

[scratching]
[Prodigy] "I declare that only live niggaz rap this year"
[P. Smith] "Jam's off the meter yo, this {shit} is hot"
[Malik B] "Run a rapper through a maze like a experiment"
"Yeah, word up!"
[Prodigy] "I declare that only live niggaz rap this year"

[Pos/Plug Won]
Contrary to popular truth, these youth are runnin scared
so in one stare they gettin strapped
Cash rules NUTTIN from below the belt
The dick choose to melt asses where them dollars at?
(Where them dollars at?) Musta been bitten by a rabbit
Actin silly like that; your pop culture need a diaper change
I'm snatchin the mic, like I'm lootin

with a whole lot of shootin while you're keepin out of sniper range
Your aim's to please, my aim's to freeze
you dead center in your tracks with your hands high
Ain't no tricks, we set it to fire like Hendrix
All the hard rocks at liquor spots
All over the scene, makin it messy
so we make a clean getaway to a better day
Can't say the same, for them cats who left the game
cause they couldn't claim the better pay
This ain't no masquerade
so the mass parade of people need to stop frontin
There's truly a few makin them hits
while us, we got our mitts closed cause you on the field buntin
Make it to third bass, but never reach home
The word is, your whereabouts is unknown
While we're that point of view, that you never really knew
with the stitch to keep the cut sewn (De La!)

[scratching]
[Prodigy] "I declare that only live niggaz rap this year"
[P. Smith] "Jam's off the meter yo, this shit is hot"
..

ROCK A BYE BABY!! ON THE TREE TOP!!
WHEN THE WIND BLOWS!! THE CRADLE WILL ROCK!!

De La Soul Lyrics

"Squat!"

(feat. Mike D and Ad Rock)

"Turn that shit off man! What's wrong with you man?
You know we got a party man, get the other record!"

(Here we go..)
[from "Stix N Stonz"] ".. (Let it go!) Just one more time!"

[Mike D]
It's the M-I-K, E ohh to the D
I'm comin exquisite and V.I.P.
Tryin to spread some love like roots on a tree
Stayin true to this vision in the Y2G

[Dove]
Two G's got em scratchin it like the fleas
And Ad Rock got it locked like a crooked cop

[Ad Rock]
Nooooooowww; it's Ad Rock, y'all remember me
The guy ya bit ya style from off the TV

[Pos]
I score Mmmma-Zah-Ayy's all day, my essays are felt worldwide
We like four planets on the mic
Aligned arrays retired all in the days
Game (baby-baby) too blam for these lames

[Ad Rock]
When I was nine, I played with slime
Got rhymes ga-lot, got rhymes ga-limes
I got a million like rhymes leavin ya stung
I got my own crew called the nasal tongue!

[Dove]
Yo take a few of these b-boys and call me in the mornin (okay)
Keep it on the crusty eye, bagel with some butterflies
Spit gritty like we in MCA's voice box
Y'all bull and my ox don't fit the mix

(Disc jock!) It be some classic material kid
(Disc jock!) Got the calm cats blowin their lid
(Disc jock!) You get plush off the rack
and buy plenty or more we got em by the stack
(Disc jock!) Got us walkin all over the world
for all the fly fellas and all the fly girls
(Disc jock!) You can't get enough when we servin this

[x8]
Come on - SQUAT!

[Pos]
Now we'd like, to introduce to you, Ad Rock

[Ad Rock]
Ad Rock in the house you don't stop!
It's the B-E-A-S-T-I-E B-O-Y-S with the most finesse
Don't mean to be crude, don't mean to be crass
But listen Guiliani you can kiss my ass (what?)
You heard my word, now Dove you play the preacher
Get on the mic if you love all the creatures

[Dove]
Well yeah I got these fishes swimmin round my baracuda
Back in '82 I used to ride a street scooter
Called em cuter than pigtails, sales you keep em level, and
smack you with a shovel and break your lifestyle (owww!)
Firm on the mic since my days of a child
Got a "License +TOO+ Ill" to flash to police
The only beast I huddles with the Beastie Boys
Bringin "Noise" like P.E. to your TV

[Pos]
Aiyyo this beat's barefoot and knock-kneed
Stripped to the rhyme!
And every line made from scratch
Attached like stripes to shell-toes
Thin spools that hold the herb
Mike what's the word? (WORD!)

[Mike D]
It's like the ooh-la-la, ooh-ooh-la-la
Rhymin over old breaks like the Mardis Gras
Party people cross and bump they go ooh and they ahh
And Mike D and Ad Rock down with the De La

(Disc jock!) Get the people dancin for real
(Disc jock!) Theater (jock!) holdin mass appeal
(Disc jock!) You can't get enough STILL
so here's another dose for you to feel!
Put ya body in it!

[x8]
Come on - SQUAT!

[Mike D]
I'm feelin good, damn good, but also confused
This stuff from hip-hop that's bein misused
It's desirin, acquirin, tryin to be like Iverson
if it means backstabbin and also conspirin

[all together]
Nowwww, the people in the front - you do the bump bump
The people in the back - they're not the whack whack
The people in the middle - come on and wiggle wiggle
And the people on the side - we can all take a ride!

[Dove]
In my VW I done swung an ep' or two
The rear in my hatchback y'all know I scratched that
Here to haystack, keep it rosy in the Rolls
Skiddin out to place my vote at the polls for Ad Rock

[Ad Rock]
Well I'm the the toe tapper, yes the hand clapper
From the middle school like the educated rapper
I'm known as an occupational MC
You think I lose sleep if you sleep on me?!

[Pos]
Its the rock solid, pilot, here to fly (ROCK!)
Reachin elevations too far for the eye (EYE!)
Miraculous beats over breaks in these packages
Seen (all over the globe) and all the types
who thinks our joints is aight, here's a swab for ya ear
(to clean out ya lobe) and listen to a few views
from two crews spittin for the art of it
We ain't takin over but damn sure takin part of it

[Dove]
Started it ever since we minced meat
You Sloppy Joe's went and took a bit of the corn dog
Stay there! I'ma play there (cuz they pay there)
In the big old Santa Claus bag got discs and now we out

[Beastie Boys]
Signin off, signin off, our work is done
So come on party people..
Have (have) have (have) have FUNNNNNNNNNNNNNNNNN!

[from "Stix N Stonz"] ".. (Let it go!) Just one more time!"

De La Soul Lyrics

"Words From The Chief Rocker"

(feat. Busy)

[Busy Bee]
That's right, I'm dancin y'all
I'm gon' keep on dancin into the new millenium
Ya understand what I'm sayin?
Hey De La Soul, Beastie Boys
I love the way y'all doin this baby
Y'all just gotta keep kickin it
because the kids don't know, the other people don't know
but they all gon' know now because me
the Chief Rocker Busy Bee gon' just keep kickin flava babyyy!
Ah like this

Just dance, and don't quit
cause the music is gonna be the shit
I just dance, and don't quit
cause the music is gonna be the shit
And now once upon a time in the place to be
They was standin in line to see the Busy Bee
When I pulled up to the curb in my ninety-eight
I rushed inside so I won't be late
You know the party was packed, where you couldn't even move
And Busy Bee rocked, to the funky funky grooves
To the beat that makes you want to freak
Ah to the beat that gets rump out your seat
Ah to the beat that makes you say
Busy Bee, Busy Bee is in the house, ha HAH!!

I like the way this is goin down man
Ahh this is just too much
We just gotta keep doin this
Because this is how we do it
No static, no automatics
This is just how we just gon' keep kickin this flavor baby..

De La Soul Lyrics

"With Me"

[Intro/Chorus: sung]
Dance with me, come on dance - with me baby
Dance with me, come on dance - with me baby
Dance with me, come on dance - with me baby
Dance with me, come on dance - with me baby
[x2]

[Dove]
How you gon' tell me to mind my own biz
when you lookin like somethin I need to know about?
I used to go about it the wrong way, tuggin your arm when you'd pass
But I see you got class besides all that
Yeah I'm picky in my own way too
While the rest of these fools is lookin to screw your brains out
I bling'd*[?]* out don't*[?]* wanna stand froze
Practicin my hello's, hey lady, how you doin
Renewin these vows is like fifty steps beyond from here
Shit I don't even know your name yet (word)
Ain't sure what your character contains yet
But damn lady, you could be my Valentine
Cupid got his infrared on my chest clocked
Let the rest flock, they just birds anyway
I grow my confidence in words the Henny way - yeah, buy me a drink
so we can sink into that thought path..

[Chorus]
[Pos]
Now you know you ain't right, eyein me up all night
despite the fact some kid is runnin chitta-chat in your ear
How the hell we get here, with me over here, and you over there
when we can make, such an obvious pair?
Why miss? Have you misread my shyness for conceit?
I'm peepin how you move it to the pace of the beat
Got my eyes on wide as they constantly collide with yours
Your heavenly body rushin the tide to shore
Your heavenly body rushin these guys to the floor
to find pleasure in your double digit design,
but these clowns look hurt
And as a woman's ex-nigga I'm a woman ex-pert
Understandin how the ovaries and all that shit work
Extremely dreamy, my eyes you look surprised
that I'm movin closer - don't be, I'm supposed to D.C.
Are you for real or a tease?

[Dove]
Now let that drink set in sweet, we up close and personal
Ain't nuttin dull about this, sharp like Swiss precision

(Caught you watch-in) my every move from the door
Teran escortin us to V.I.P., we live in D.C.
Shoestring dress I wanna fuck and make your hair look a mess
Suckin the straw huh? You know the head game
First place chick girl I'm all about winnin too
I want my trophy life-sized in a see through

[Pos]
This ain't your average, whippin your batterage
drivin song that probably isn't your type
So I type it long with that ink that won't budge
or smudge off your memory; courtesy of SkyTel
My mail, pop up like some bubbles found on VH-1
Also need the math to your color pH-1
Not the old man in the club who needs his dub to get rubbed
but sound the buzzer, I'm comin to sub

[Chorus x1.25]

De La Soul Lyrics

"Copa (Cabanga)"

Ladies and gentlemen!
We got De La up in the house tonight
They just walked up in here
We gon' see if they can come up here
and do a lil' somethin for us

[Dove]
Yo, it's star-studded in here
I'm on the moon like the first man
First can I grab is gon' get it
She all independent but want her throat wetted
Tight from the floor to height
See I saw the night, in dream bubbles I fiend to see double
so I sip until my bladder bust
You in V.I.P., so why you mad at us? (Word)
By-stand, I'm in the world fox-trottin
gettin my Fred Astaire on, follow my lead girl

[Chorus: x2 uh-huh only 2nd repeat]
Me and you come over, we
do it like the cha-cha, just
like we at the Cop-a, Ca-bang-a (uh-huh)

[Pos]
For all my niggaz runnin around like the mothership landed
Or is it because there's some others who handed
their daughters over to the night life
Yes we tryin to find a night wife to get wit
Interface with they whole clique, I force the draft
I get the first pick, run this easily
?? rule like D, Joey and Jay
Around the way, we're goin
but first tell all these women who ain't knowin

[Chorus x2]

[Pos]
Yo.. I talk no shame upon this
I got aim all on this to shoot and score the trout
who's actin all cute and out of position while I'm wishin
to get her bottom limbs arched like a grasshopper
Puttin in work to make it last proper
Ninety percent of the time is on my mindframe
So I'm game to reign up to par
while my fam runs it cool up at the bar, I stay clearheaded
Lettuce enough cheese to get shredded
We like Navy Seals lookin for the gold

Our natural appeal got them others on hold
Them girls dealin with us tonight
Came with the large appetite and got served
Got nerve to think less, you can bless me and my kinfolk
Rushin up against my yolk-sac promote that
pimp play upon how we get it on for real!

[Chorus]

[Dove]
You see you hopeless up in the spot
Talkin a lot of champagne taste holdin 40 ounce pockets
Switch the sprocket to gear to top of the year
We gon' drop it like confetti on it, get ready on it
Her fast ass wanna get all Andretti on it
Makin my main man Poke like Trakmasterz
Blazin-trail, we Portland to Nor-ton
"Honeymoon" flicks don't exist in this
I sip a little left to twist spines together
Vertical hold, we gon' combine together (yeah)
Even if we spill the love
we got compliments up at the front door
Just tell em Dullah sent ya
Thirty minute Tae*Bo shit's how I bench ya
All on a Saturday night, step to life
I love the way Sally walk
Bow legged in a two piece steel, we live in New York
We live in New York

[Chorus x1.5]

De La Soul Lyrics

"Foolin'"

Who you foolin.. only foolin *[x2]*

[Dove]
Yo, I stay cousin to this, introducing Mr. Dave Banner
Scannin proper with my sight muscle
This rap shit, is just my night hustle
My J-O's to stay fearin of my G-O-D
Whether what may, meet me at the front door
See the pressure got a nigga knockin shit off his desk
Cause of the stress I stack words make cats bruise they neck tissue
Stay pertinent to the issues
Cut your tag too close, display these verses tight, virtuals
sort of like we supposed to, pantyhose raps you run
Stay *[?]* like black folks some *[?]*
mostly fakin it, to make it

[Pos]
I play low-key til it's time for you to know me
Stir my lime with light, drink it down slowly
Holy shit! Now look what I get
A whole string of party people wanna run in my mix
In my world they wanna fit like melanin in a tit
Jam tight, they ain't my fam alright? They ain't my people
Them niggaz screamin fam til they rank measure equal
then vote, without leavin a note, and that was all she wrote
Arranged produced my slang's obtuse
but some distort, tellin stories like Mother-the-Goose
My true fam's *[?]* back since with Vince Mason
We'll draw on three, leave that body for the tracin
Ultimate high, like them drugs you be lacin
Coulda stood next to me, at the top of the key
but you had to play gutter, didn't want to climb
Now you find yourself talked about in my rhyme

[Dove]
While you fools claim corners, we gon' claim theories
Y'all some stickball niggaz, we the World Series
Been here, just pleadin the same case
ever since we spaced about "3 Feet"
Pinchin your ears, inchin for years
but you still stuck at the mezzanine and
we at the penthouse level with the same old rugs
same old tubs, same old tables and same faults
Same crew and the same old train of thought

[Chorus: De La Soul]

My guess you need to head West (who you foolin)
Thought we'd fall for your phonyness you're (only foolin)
yourself, thought you were down - it takes more than a smile
and a couple of pounds to be crew
Man you bound to get your tail caught (who you foolin)
Spreadin yourself thin see you're (only foolin)
yourself, thinkin all you need is the wealth
You need to peep your whole circle out

[Pos]
Yo, since Jam Master Jay been rockin without a band
and that sister k.d. lang been sexin without a man
we brought our ultimate plan to birth
Put in work for this game, it's not a game to me
We've been furnished the props
Now we out to furnish properties we own
That's right (so) cats might know we ain't home
My throne's threatened by fiends, try to do dirt
Play Tony Randall - have that ass cleaned

[Dove]
Unveiled I see your exhibition, y'all need to cover that
Fatherless styles, y'all really need to mother that
Same expose, different page
but when you see me in it it's the same old Dave

[Pos]
Y'all silly, you're just a civili', I'm a soldier
Troopin in this path til the death won us over
So if life is a party begin, to understand
just like the DJ, we stayin to the end

[Chorus: De La Soul]

How you think you gon' get away? (who you foolin)
Changin faces on the regular you're (only foolin)
yourself, big top status, paintin your face
Who you think you really gonna fool huh?
We watch, what we got so (who you foolin)
around on my premises you're (only foolin)
you, into thinkin you can break in too
my place, and not have to face, our position

Who you foolin.. only foolin

De La Soul Lyrics

"The Art Of Getting Jumped"

I WAS..

[Pos]
.. on my way, to the disco
You know the club, Maseo was rockin rub that night
Midnight to four, name at the door
but the whole crew I can get in as well
So I got on my cell, called my nigga C. Smith
Let this be a jam that we need not miss
"Yeah I'm already en route," no doubt
Might even jump up on the mic
to make sure that this party's turned out
And we some punctual types, on time, look for the line
to stand we find girls screamin the blues
Miscellaneous shoes everywhere
"Yo Mase, what happened here?"
("Go Brooklyn!") Yo Brooklyn, y'all know the rules
Bump *[?]* people and out come the tools
Ain't been a fair fight since the creation of crews
and that's why them dudes hearts all pumped
Done closed the club down,
cause one of they niggaz got jumped
Jump, jump, jump to it!
Uh-huh, you heard the hook
No matter you Braveheart or shook
You can catch a bottle from the right, tap to the left
Kicks to the mids relievin you of breath
I seen it done sloppy, seen it organized
Some saw it comin and for others it was SURPRISE
Catch a swollen eye and blood loss, courtesy of the
Jump, jump, jump to it!
Jump, jump, jump to it!

[Dove]
Yo! When they put the contracts out, bats and chairs included
Chicks can get into it - 'specially pretty broads
My New York City dawgs seem to master the art
When you hear the ("WHOO!") that's when the bullshit'll start
It only takes a second less you got on ice
Just for wearin your chain in they club, they'll beat you twice
Served with fried rice, you get a can of whoop ass
My only advice is don't fall and book ass
For the nigga who slip, don't fall in a position
where your lip'll catch a hickie (girl they'll fuck your mascara)
Shoot, go and ask Tara, just for havin good hair
man they left her ass cute, pulled it dead out the roots (ARRRGH!!)
It's never one or two of 'em, they headin out in troops

Timbos, hoodies loose over jumpsuits
Waitin for the first vic to disrespect
Catch a double-dutch rope around your neck in the midst of the
Jump, jump, jump to it!
Jump, jump, jump to it!
Jump, jump, jump to it!
Jump, jump, jump to it!

[Pos]
It's schematically plotted out to break hearts and bodies
and ya best believe we came to party
Don't cause trouble but still can find double the crew
against you and your peeps and leap-like-frogs on ya
for reasons like - not in the right part of town
actin like you wore a crown
Some occasions long and mean to earn the right
to throw signs wearin only one color scheme
And bein positive is no exclusion
That's an illusion - you can still catch contusions
for flossin your hard-earned shine
I'm talkin games *[?]* the longest
then it's some other niggaz time
You'll get beat out of your mind just for rage
Shit my black ass almost got pulled off stage
Just for holdin it down on the mic, you could be talkin,
"Black people unite," and still catch a lump from the
Jump, jump, jump to it!
Jump, jump, jump to it!
Jump, jump, jump to it!
Jump, jump, jump to it!

[Maseo]
Yo, it's this joint, called the art of getting jumped
We had to put this one on the album y'know?
Yeah - this is dedicated
to them punk motherfuckers out in Germany
That Turkish gang that jumped me up in the fuckin club
Tried to knock me senseless
They just couldn't get me though
That's why I second round outside on 'em
Pull out some fuckin guns - punk bastards
and that's why my ass was hidin under the bridge (HAHAHAHA)

De La Soul Lyrics

"U Don't Wanna B.D.S."

(feat. Freddie Foxx)

Hahahahahahahahaha!

Even from the days when I had to roll strapped
Wonderin if I gotta go back to that
Zest to rub records from rap and kick facts
to tracks and stack, one *[?]* got kayed
Yeah some got paid, some waved in the fades
Fact of the matter my style will never fade
Managin to keep it all A-grade
So you can stay nourish and flourish with the truth
[?] some niggaz I know
If I need a mayday
Bust some fuckin niggaz tryin to play me cra-zay
Causin interruptions to my big pay-day
Playin with them guns make them fuckin lea-ry
but if it's clear-ly
Merely and surely and, how it's gotta be
I got some thorough niggaz that's ridin me
So witcha bullshit I'm not buyin it B
Don't come around thinkin you can try it with me
Cause uhh..

[Chorus: x2]

You don't wanna bust dat shit (uh-uhh)
You don't wanna bust dat shit (no no)
You don't wanna bust dat shit (uh-uhh)
You don't wanna bust dat shit (no no!)
You don't wanna bust dat shit (uh-uhh!)

You don't wanna bust dat shit (NO NO!)
You don't wanna bust dat shit (UH-UHH!)
You don't wanna bust dat shit!!

[Maseo]
Shick shick, CLIK-A-CLIK
This is where my people headin at
Innocent people are carryin gats
Now what the fuck is all that?
Is it cause times is live like a wire
gettin shock treated by the crossfire
Ha-siyahh, burn bare well prepared
to make my decision for my livin
I ain't the one (Robin) I'm the one (Given)
Hip-Hop driven, and willin to die for it
When Scott LaRock died man I cried and shit
Then some cats got rich callin a woman a bitch
but ain't no woman like the one I got
and if you call her a bitch well you might get (BLAM)
And I know the feelings is mutual
It's uncivilized and unsuitable
Crips and bloods are recruitable

[Chorus]

[Freddie Foxxx]
Ha ha, yeah you get the motherfuckin point, HUH?
You niggaz get the motherfuckin point, HUH?
That's right so while you niggaz is sittin up in central booking
Crying like bitches, HUH?
I'm in the motherfuckin holdin block
waitin for your sweet pussy punk ass
And I'ma whoop the shit out of you
for gettin on a fuckin record, actin like you a fuckin killer
I'ma show you niggaz what a motherfuckin killer's all about, HUH?
You niggaz ain't no motherfucking gangsters
You don't wanna bust that motherfuckin shit punk
I'll punch your whole chest cavity out faggot
You ain't no real nigga, nigga
I'll smack the shit out of you
cause you ain't a fuckin live nigga
You sittin in central booking, cryin like a bitch
Waitin for your father, to come bail you out
and Freddie Foxxx don't play that shit nigga
That's right, Bumpy Knuckles motherfucker
And if you don't know, now you motherfuckin know
And yo De La, check it out - it's your motherfuckin man
And if any one of them niggaz get sidewindin with you nigga
let me know, and I will send them niggaz hot ones

De La Soul Lyrics

"Bionix"

Welcome to the second installment..
Y'all know my name so we ain't gotta get into alla that
Y'all know the deal
This is AOI part two, and we call this one "Bionix" (Bionix)
And as y'all always know, we gon' hit y'all with that De La shit
Yeah.. yeah..

Uh (better) yea (better, stronger)
Yea (better, stronger, faster)
Yea..

[Dave]
Ladies and gentlemen, we in the trench again
Makin it relevant, just for the hell of it
I'm introducin it, throw a little juice in it
Got on that old bullshit to get you used to it
It's been a minute now, only a minute now
A little re-evaluatin, hope you feel me now
I'm on some new me, focused on the new tree
Tryin to shake the money off the limbs so I can do me
I blame the fans for it, I heard demands for it
Went to Somalia, they holdin out they hands for it
Went to the hood, these niggaz tried to trace a dance for it
Dancefloor it after Mase brings you out of the break

Before we go any further we wanna send a special thanks
To all those folks out there that been supportin De La since '89
Now that's a long time
Overseas, city to city, state to state
Yeah, we gon' keep bringin it live to you..

[Pos]
Unlike these underground MC's who rock for heads
We include the throat chest arms and legs
No need to spit in the cypher to show you I'm a lifer for rap
I cultivate moves larger than that
And I don't ball too much, ya dig
I gotta ball and chain at my crib who want my ass home
My heart-BEAT N.Y.C. metronome
But can't adapt to where I'm at
And even though I sing it sick 'til I'm blue, I'm not a crip
So unlike non-GANG members I won't C-walk to look hip
But if I had to join a gang I think I'd join GangStarr
Me, Guru and Primo with them beats for the car
that bounce trampoline style, revamp the deen child
Hot and mild and I hustle rap the same
Cuff a little shit, due to muscle fat, I gain

We them God type dishin the grunge to make you love

Yeah kids
Just a little taste how we gon' get things started in a minute
Sit back, get your headphones straight
Whether you're ridin in a Escalade or a Pinto son, turn that shit up
Oh remember AOI part three comin soon, on some DJ shit
Yeah - we about to get this shit poppin..

De La Soul Lyrics

"Baby Phat"

(feat. Devin the Dude, Elizabeth "Yummy" Bingham)

Phat Phat, uh
Ain't nothing wrong with big broads
Phat Phat

[Posdnuos]
It's a sure bet
When I stare into your dark browns I get
Overwhelmed, overjoyed, overstep
My bounds, on your touchy subject
Your weight, your shape's not what I date
It's you, my crew don't mind it thick (Uh-uh)
Every woman ain't a video chick (Nah)
Or runway model anorexic
I love what I can hold and grab on
So if you burn it off then keep the flab on
We gonna stay gettin our collab on (Oww)
Girl we gonna stay gettin our collab on (Ooh, ooh)
We gonna stay gettin our collab on

[Chorus: Devin the Dude]
Don't stuck on the things they say, now you know it's a nasty world
Tryin to get with ya anyway cause I know you're a nasty girl
We ain't never gon' discriminate so let me compliment your size
Oooh oohh ooooooh oooooh

[E. Yummy Bingham]
Yeah it's nothin but a litte baby, phat phat
It's nothing but a little baby, phat phat
It's nothing but a little baby, phat phat
It's nothing but a little baby, phat phat
Yeah it's nothin but a litte baby, phat phat

[Posdnuos]
Claim you outta shape, you not outta place (Uh-uh)
You keep it natural with no powdered face
Without exercise you got the eye
Starin you down, make me wonder why
You women wanna frown at them stick figures
On them little ass girls, when a clique of niggas
Run up and try to hurl game for real
Your frame holds appeal in the everyday
World, and conceal is not the way
To go, I'm tellin you I had to let
Ya know, ya need to let it all hang

[Dove]

Don't be scared to show a little of that thang thang
No matter how you weigh it girl, it's feminine
Kinda body everybody wanna know (Yea yea)
Be the private dancer in my Luke show (C'mon girl)
Skip the salad girl, bring us both a menu
Eat the whole box of chocolates I send you (Heh)
See girl, ya more than just an apple in my
Eye/I, confess I wanna get up in ya
Thighs, the rest'll tell you all the things..

[Chorus x1]

[Dove]
I love it when y'all broads wear it skintight (Skintight)
Make the big panties look like little panties (Heh)
Tryin to lose that bottom girl you been right
I saw who make ya cookies I should go and thank ya granny (Uh-huh)
Don't mind you being conscious of ya calories
If gettin paper was fat man you'd be salaries
You ain't in this alone I got a tummy too
Just lemme watch the weight don't let it trouble you (C'mere girl)
Nine ten specimen up in ya jeans
You buy the size seven and just make it fit
Slim Fast, lypo, and body creams
I pray you won't endorse, I got a candle lit

[Chorus x1]

De La Soul Lyrics

"Simply"

[Chorus]
Fear through time, is left behind, when we simply, havin
A wonderful time, a beautiful time, leave the troubles you find at home
Take some time, and ease your mind, when we simply, havin
A wonderful time, a beautiful time, leave the troubles you find at home

[Dave]
Hey, yo last day of spring first day of the heat (heat)
I'm calling out my troops so ya'll best retreat (treat)
Tryin' to win the eyes off of Little Bo Peep
While I'm pushin' Big Bird up Seaseme Street (street)
After one nut I'm goin' straight to sleep (sleep)
If it ain't a love affair, its just a late night creep (creep)
Use Colgate when I'm brushing my teeth (teeth)
Favorite MC's Gregg Nice and Smooth B (B)
Keep it old school like "Where's the beef?" and
If you ain't from an era then you up shit's creek (creek)
First B-side is freedom of speak
If you don't speak, well I ain't losin' no sleep.
See me on the cover of your Double X-L (L)
Takin' a holiday at the hotel (tel)
Fans keep sending me back the fan mail
Heavyweights keep it on the grand scale, when we doin' it.

[Chorus: Crowd Cheering and Clapping]

[Pos]
Hey, yo, The sky swallowed the sun
spitted out the moon and stars
Puttin' out shiners that gave the cause
ArmorAll-ed down, the downtown activity
I'm bout to have fun without the problems that live with me
Not tryin' to be posh, but lets stay out the mosh pit
Tonight keep my nose out of trouble
Everybody in my bubble's been breifed:
NO BEEF, JUST PARTY!
Of course your gonna have some clown niggaz try to
take us off course
Always lower levels tryin' to bring out the devil in us
Not condoned but its known
That a party ain't a party if the thugs don't try to shut it down!
Tight security and its still soft
Can't offset the thirty or plus caught in the rush
Keep the door sealed
Cause the floor's filled with action and we don't need
any distractions tonight ya'll.

[Dave]
introduce me to your madaam ?Mauzel?
I'm Tarzan and she's my gazelle
I live at Biggs and say its notorius
Travel through minds, emotions and euphorias
Glorius *[echo]* as I get great *[echo]*
Still kinda smooth like way back in my oldschool tapes
I bring it pronto
Rep the BX like Billy Blanco

[Crowd cheering and clapping]

[Pos]
Treat your troubles like colds
Sweat it out, get it out
So we can get in the right mode
Let it out
No need to pull on the throttle
If I could bottle this love I wouldn't hesitate
Get it straight
Wonder why I can medicate the soul
While takin' its toll
Just for Simply (Simply!) Havin'(Havin'!)
The right record that could bring in the pull
And this must be the right run ya'll
Cause the dancefloor's full CUZ!

[Chorus to fade: Cheering, Clapping, Horns]

De La Soul Lyrics

"Simply Havin"

[Pos]
As we go clubbin
Me and my peoples we be lookin and we buggin
off these ladies talkin bout no dancefloor rubbin
'til we supply 'em with at least two to three mixed drinks from the bar
They must be out they mind, them rookies get dismissed
Cause it ain't hard to find, the ladies that can move it
to the latest bassline, attached to the drum
that'll set it off and make the local DJ a star
But can I get a boost from the bass and the treble?
This record ain't for soothin but for raisin blood levels
We simply havin fun but know that some don't like the music
That it promotes rappin, and global gun-clappin
But still promoters packin in the clubs where I'm at
Plus everywhere I go so just realize the fact
That we won't be denied that respect you try to hide
Shit this ain't rock'n'roll - ("cause the rap is in control" *[Q-Tip]*)

De La Soul Lyrics

"Held Down"

(feat. Cee-Lo)

[Cee-Lo]
Allow me.. to break it down.. ah yea yea yea yea yeahh..
Life.. *[humming]*

[Pos]
This is dedicated to all my folks
Diagnosed with a bad case of that proper upbringin
And never took the time to fall in line or follow
or swallow the thoughts
Of the recognized committees who lurk throughout ya cities
Ya hood, ya town, no matter which type
You from the same type of people try to hold you down
Just because you tailor made for bigger and better things
Never missed a chance to move ahead of things
And what does it bring? I tell you for me
it brought jealousy in back wounds from all the stabbin
Cats posin as my fan just to get grabbin what's mine
I'm livin in times where my daughters are found around
kids who can't afford thinkin caps
But always found drinkin raps and eatin off beats
Claimin laws of the streets - but who made the laws?
Everybody playin (Rebel) with no sign of a +Cause+

[Chorus: Cee-Lo]
Well I, feel the world around me
I've found, that others, will bring you down, just to be down
You've got to make up your mind, where you wanna be
Where you wanna go with your life
With your life..

[Pos]
Yo, I'm never singin the blues but findin the clues to maintain
And I been blessed to reign supreme over nearly every dream
I had, and I made it come true
I'm an imperfect man and I'm holdin the clue
to perfection, it doesn't seem to matter what direction I look
I find people settin traps
Tryin to find the goal - without havin any maps
Even friends of mine, jumped on line, just to become my adversary
They felt they were entitled to the dairy I made
They don't come to chill or behave
And they got, toast ready to burn
Not learnin to live, but they yearnin to take what you earn

[Chorus: Cee-Lo]
Well I, feel the world around me

I've found, that others, will bring you down, just to be down
You see - you've got to make up your mind, where you wanna be
And where you wanna go with your life
With your life..

[Pos]
So quick to place blame.. and deny the shame we bring upon ourselves
So many names held accountable for my own account
When a large amount was weight - that I made and shaped
When I climbed I found
It was hard to find others around to point my fingers at
Which made me realize the truth
The biggest supressor could be your own ego lookin for an excuse
to plant roots, in a field of self-sorrow
to sprout and follow the first thing you feel
Nourishes your hunger to be respected, it gets hectic
And when I'm watchin the news, and my daughter walks in
and choose to ask, "Why were all those people on the floor
sleepin, covered in red?" I told her
that they were lookin for God, but found religion instead

[Chorus: Cee-Lo]
Well I, feel the world around me
I've found, that others, will bring you down; just to be down
You see, you've got to make up yo' mind, where you wanna be
And where you wanna go with yo' life
With your life, with your life..

[Cee-Lo harmonizes and ad libs with choir]

[Cee-Lo]
I need my SPAAAACE, to live..

Well I, feel the world around me
I've found, that others, will bring you down; just to be down
You see, you've got to make up yo' mind, where you wanna be
And where you wanna go with yo' life
With your life, with your life..

De La Soul Lyrics

"Watch Out"

(feat. Pariquo Fernandez)

[1]
[Speaking Spanish]
WATCH OUT!
[Speaking Spanish]
WATCH OUT!
[Speaking Spanish]
WATCH OUT!
[Speaking Spanish]

[Verse 1]
Get up and do the biz, our style is the wild
Hit you with a spell whether Jew or gen-tile
When you enterin' the realm
You find me at the helm
Still standin' like abandoned buildings
In the southern part of BX, can old school it like a T-Rex
Ya well advanced connect dance with thoughts
Deep like Barry White's throat box
I bet you those cops mix
Double high tower my power grants me the chicks
The blows the cars and enemies that wanna spar
You wanna see it no matter who you are
Yeah I'm bound to ground you like that
Put they ass on a mound and introduce em' to a baseball
Face tall, brag about it like teenage sex
Text book characters gettin' etched out to rough draft
Rush Limbaugh autograph her left titty
New Yor, New York yeah we bigger than the buildings
Do it for the love of the art and the childrens
And throw paper machet inside of ya models
See we all throttles, we zip by in this drive
Allergic to ya sperm broke hives
Concerned about ya life when ya down eight lives
Top of the night I'm up in queens like ah yeah

[Repeat 1]

[Verse 2]
Introducin' introducin' to you Dave
Batter on deck, carded every time I set foot in the joint
Cabaret artist I'll two piece ya tray
If she wanna get vamped, bring her to the tent
Touch her till her back indents
Wrap it extra strength
Run a lap on her calculatin' the length
Holdin' mics tighter than hymens

Old school it like Holly-Hobby, Head-to-Head, Easy Bake Oven
Strong Jerome lovin' man I hit the pack
Panther power keep it all relative to the sixties
Bill Bixby green, ATM money
Got my pockets lookin' like I'm rockin' Popeye jeans
Classic like Reuben and Rah
One nigga under the groove we shootin' for that Parliament high
Plus bigger than the fourth of July
Take the back seat drive out
Hey yo, hey yo ain't nothin' street about me more like a light post
Sinin' above all who are y'all to boast
Stayed calm and all came to me to host
My vocab grabs many, long to cultivate raps
It's gettin' filled moms jack penny
It used to be unknown around the way
Now my bix became a bouqet
Every nose in it, fillin' up seats like a session in a Senate
Been a minute since ya heard the souls
So the soul gon' cost ya three
All ya people wanna front like the soul don't hold control
But it don't mean shit to me
Plain to see that a song like this been what ya all missed
Come on, genuine adrenaline from off the wrists
We run the interference throughout the game clout
Can't be denied the bout for the title
Throw up ya guns and hold the pose like an idol
Bring it back to the draw
Ghosts of grand wiz Theodore
Played dirty with ever since played on the floor
Stop verbal assaults just in case a war break out
Steal vaults bigger than giraffes
But they still got a lot for me
Heard em' say alot of nigga with the underground
They'd die for the underground but ain't makin' no money
Stupid

De La Soul Lyrics

"Special"

(feat. Elizabeth "Yummy" Bingham)

[Chorus]
It's gotta be you, it's gotta be right
No time for games, it's gotta be tight
I just want this to be special, special
If it's gonna be you, it's gotta be right
No time for games in my life
I just want this to be special, special

[Verse 1]
This is like the third time ya said you was through
I'm beggin' ya back, we loud in the parking lot causin' a scene
Campaignin' like the love ain't have no resident here
Still I stay all in the cabin
Although I know we've seen enough of good days and dirt
You cut me just to nurse me back but damn I'd understand it
You gave ya all and I just gave it up
Put the truck in ya name
Damn ya should've known I was liability
Ignorin' the ways you would dress for a nigga
Express to a nigga I heard jibber and jabber
My apologies I left the wrong man to conduct
Take these jewels for the inconvience and neglect
You expect the worst of it
But I realize that I owe you more than explaination
I got my life in a box, what I'm supposin' is a joint account
It's cash on it, let's take our lil' business and incorporate it
It's me and you girl

[Chorus]

[Verse 2]
First of all love, your soul caller
Before me helped create and shape your distorted image
See every man don't play or even scrimmage
That's a lie but I'm try to be that only one
You look to, to make you smile
First you need to check my files
Understand I play the partners sterotypical man
An regret the pain I may have left to flame
My people say "Yo that's a fine girl ya mess with"
But I told em' we havin' a mess
Ya charm must have calluses from the grip
That it has on my heart that I ain't tryin' to rip
But by now we both should know
That it's no longer where ya at but where we tryin' to go
So do ya background checks so I can pass through these borders

And stamp my name on a lil' man or a daughter
Come on girl

[Chorus to end]

De La Soul Lyrics

"Sauce"

(feat. Philly Black)

Nah, nah, nah, nah, nah, nah
Hold that, hold that, hold that
Yo all that, all that tryin'
Y'all, I told y'all about tryin'
Tryin' is later on man
Can we try something for the ladies
Can we try something for the ladies
Can we do that De La
Let's get that goin' on man
Told y'all about those messages and shit man
We get to that later man, know what I mean
Let's just do something for the ladies man
Let's get a chorus goin' on or something
Let's pop a chorus off, ya know what I mean
Let's do that right now, let's get that goin' on
Let's try that out

I see you real niggas do fake things sometimes
One of them is grabbin' on his mic to rhymes
So let us demonstrate the right way ya need to place
Yo, it's De La up in ya face
Better yet ya whole scene, here to pull in the green
With Philly Black

Just layin' back, raisin' my stacks
Cause how they want it I give it to em' rock or the raw
Yo it really don't matter son, some hot shit for y'all
To go cop at the store, I spit, kick at ya jaw
Leave you on the floor on all fours, you slaw

We burn fast in black flag lands
Bringin' herds and caravans
And heat rock rythms, you blink one, two times
In between I do mines
Showboat refs, I put y'all niggas on deck

Yeah son y'all faggots are soft
I been through, carried the torch
Recognized and done married a dwarf
So in-laws pay a writer's fee
My stizzy sets a wiz bitch's eye in me
Pissy in a rizzy
Indian wife I flip em' behind reachin' for sobriety
Blew north, never find me
Reside in this state of mind
Keep my temple developmental

Projects, front-line essential
Reminded of concubines and evil that men do
Cut off Ginsu, carry a brand new
Vandle issues, brandin' issues
Grabbin' tissues, like you didn't know you had it in you

I live it up y'all, givin' you what y'all
Need and can't call, carry the ball
Like a spit-kicker should and ya wish ya could
Hold it down like the digital who stitched the hood
Better yet the whole globe, light it up like a strobe
While you froze panicin'
Went from man to maniquin
We them peaceful rap stars
That can still jab ya in ya face
Leave ya shit redder than Mars

The sauce and shit, of course we it
The flossy shit
Groundin' beef like Maxwell House
Go ask the house
We representatives
Go call ya Senators
Change laws in rap, renovate ya landscape
The man takes for sixteen
And pull a paragraph up out the tango
Hangin' like vango
Water broke flows to c-sec
You read xecs
Miscarried the rap, abortin' ya whole fort

De La Soul Lyrics

"Am I Worth You?"

Ooh, ooh, ooh
Yeah, yeah
Yeah, yeah
Ooh, ooh yeah

[Verse 1]
It's a pity that you're so dirty
Worthy of some Southern hos-pital
See we them Northern boys with nose and hows
NYC livin' ain't nothin' like it
See how me and my peeps fit, we jigsaw
Sometimes I play big saw to cut the deal
And we keepin' them bills paid with meals in the mouths of many
A noble job at Feni
Money ain't everything but everything makes me want it
But won't dishonor my name so the claim throwers
Act like game on the dice on the mic device
Stay above middle class for life
Not an easy task but I've grown to love it
Dub it to tape, why don't you whip a grin
While I speak to my mens about the world problems
And girl problems with no immediate way to solve em'
But I'm on hits

[Chorus]
I make the best of the life I be with it
Making the most of the moment among the livin'
And it feels good
Being the man that I want to be
Do what I can cause I refuse to see
The best of luxury, God's been good to me
Now I'm asking am I worthy of you, of you
Am I worthy of you

[Verse 2]
Pull them quarters down
I got some things on these nine ounces to vamp
Me on a mission y'all
Dug fresh dirt out the ground
Lookin' for the treasures in life
A bambino picket fence around the residence
I wore these shackels here for thirteen years
But the only real slaves is the ones we record on
We off all checks and God's blessin'
Tryin' to own a thousand island like we salad dressin'
Patience for the main course
Don't have me in position to remain boss

Cause the man next to the man above the exec
Don't give a damn if I papered yet
Sometimes it make me wanna go make a bet
I did away with knock em' and release some stress
By any means, these petty greens will only get me stuck in a box
Doin' a dick shot in Oz, jerkin' off in the J
But anyway I keep my head on

[Chorus]

[Verse 3]
I know people who tippy-toe through they own stompin' ground
Master not makin' a sound to stay safe
From the local star renaissance
And the response is usually the same
Wishin' like it used to be
Nothin' in that life is new to me
We roll like eyes on a ghetto girl
Brushin' off some no-man cause she's his ghetto pearl
We into livin' beyond not livin' fads
Me and my comrads became dads young
Try to have fun amongst responsibility
Like fillin' these accounts full
Got caught up at a party in Bull's
Sometimes gotta have the nerve to say some rhymes
Because some minds take offense
Try to make ya life tense but we still here
Still gainin' the love, still standin' above most

[Chorus to end]

De La Soul Lyrics

"Pawn Star"

(feat. Shell Council)

[Male Announcer]
The following explicit content in this song by "Pawn Star"
Are not necessarily the views expressed by De La Soul
But they understand

[Female Announcer]
Execute porn star NOW!!!

[1 - People having sex]

[People talking]
Pawn star.....Pawn star

[Shell Council]
Check it, pussy got me wide open, writin' the love notes
Butt naked, strippin' out of her trenchcoat
Got me hittin' high notes, pitchin' a deep throat
Bitch be suckin' niggas car door

[Dave]
Yo, I broke my piggy bank just to see that pussy stank
Smelly in Africa then Africa, whoa

[Shell Council]
I know like you know when you spendin' them hundred dollar notes
We box triangles all angles

[Dave]
Yo, throw her on the table Shell

[Shell Council]
No, I tie her with a phone cable *[Phone rings]*
Bound her by her wrists and ankles
I bust right off Pun and Abel

[Dave]
Yo, actin' like we're kidnappers stabbin' the mouth with two dicks
Take a couple of new flicks

[Shell Council]
Click...click give up the money bitch
Had her backin' it up, smackin' it up
Yo, we fucked till the sun came up

[Hook: with 1 in background]
Pawn star, hey there special lady do what you do

Cause I don't care what they say to you
See you're my pawn star
You're beautiful to me in every little way
A very special lady, pawn star
Rather doggy style than missionary
You very, very...very, very...very beautiful pawn star
You're a superstar to me and you came into my life pawn star
Many years ago you made me feel so good
You knew that when no one understood
Cause you're my pawn star
Haey, hey, hey, hey uh
And you could never be my wife, trick

[Shell Council]
Yo I reign supreme, champion back off
Shorty's a five start porner
Turn tricks, wants some dick inside her
Work the spread eagle like National Enquirer
Pussy lips grips the neck of Coke bottles
And turn style will have you nibblin' on a nickel
All of a sudden out came the shackel
Shell ain't go no problem with
You can be my...

[Hook with 1 in background]
Pawn star...pawn star...pawn star...pawn star

De La Soul Lyrics

"What We Do (For Love)"

(feat. Slick Rick)

[Slick Rick talking with "kids"]
[Kid 1] I'm tired
[Kid 2] Me too
[Kid 1] Uncle Ricky
[SR] Hmmm?
[Kid 1] Could you tell us a bedtime story, like you used to?
[SR] Look, don't y'all think y'all too old for that now?
[Kids] No
[SR] Listen, I got an adult question for y'all since y'all like...11 now. Y'all ever get horny?
[Kid 1] Uncle Ricky!
[SR] Now I don't mean to sound perverted, but do you ever have like sexual urges?
Kids - No!
[SR] No? Well you will, so sit your behind down and listen to Uncle Ricky...and De La...tell y'all a grown up story
[Kids] Okay

[Dove]
I remember when Mama spoke of the birds and
The east side kept me off the curb and
Betsy Ross was sufferin from the scaredy cat
Till my man Ricky brought the remedy for that

[Slick Rick]
I massage your mane, coat
Then part your leg's rope
And stroke so hard you'll start to smell smoke

[Posdnuos]
Ain't gotta drug problem but a love problem
But then again that may be one in the same
I claim possession
Pull the girl among the eighth like Charlie Heston
Ride off on the horse and show no remorse

[Slick Rick]
She look niiice
Honey oriental, brown eyes
Want friiiies?
Chicken, vegetable, fried rice
And I'm tryin to (get) you to go
Fast subtraction, grab some
"Oh don't stop nasty black man"

[Dove]

Man that action had me coughin up cars, keys, and cash
Just to sniff a fat rabbit I would give my very last

[Chorus (Slick Rick)]
(When nature calls)
You know them boys will come runnin
(When nature calls)
You know them girls don't mind comin
(When nature calls)
You know them boys will come runnin
(When nature calls)
You know them girls don't mind comin
Just to get it started, for startin something
Is what we do to get some lovin
What we do to get some lovin
This what we do for love (do for love)
This what we do for love (for love)
This what we do for love

[Dove]
You ain't lyin, I
I 9-5 it, more like 12-12
Can't get the thought off (sex)
From off my mental shelf

[Slick Rick]
I'm like Bruce Lee
Beatin up the cootchie profusely
My tomboy chicks that act a little to butchy
Recieve this (uh)
When my semen ceases
They'll be screamin out, "We love bein the female species"

[Phone dialing]
Hello?
Veronica, it's Dove.
Uh, I think you got the wrong number
What?
Veronica, your baby's crying.
Yo, chill
Baby?
Whatever yo, later.

[Dove]
For the past two summers I been sizin up Veronica
Southern belle, I heard she blow notes like a harmonica
Yamacas couldn't satisfy her spendin fetishes
She was all about gettin the head like she was lettuces

[Posdnuos]
Yah, them types be actin like they ain't sleazy

[Slick Rick]

Like this uptown chick playin opposite of easy
Delighted, the honey fly difficult, couldn't knife it
Tiiight
Seen the imprint on honey's private
Now she's love sick
Ruler Rick scoress agaaaaain

[Posdnuos]
Sex present itself like trophies I'm out to win
And it's easier to claim with the fame I've obtained
Her mommy was a liar, she's so ashamed

[Chorus]

[Slick Rick]
Well, I got this rude boy Jamaican honey at the rest home
Complete with yellow hair and Cinderella dress on
Whatever
Been around, stuck her till she poppin bout
"Hey take your blood clot finger off me bottom"
Anyway, another dime I met one time
I'm kiiind, chick in the world, butt fine
And her, structure pumpin, told her
Gotcha mumblin bout
"Slow down, what you tryin to rupture somethin?"

[Posdnuos]
I don't bug out, I chill
Never copped a feel
But these pretty ass girls come and flaunt in the grill
Big ass eyes, with the matchin big ass thighs
Asked her if she spare a moment to exchange some lies
"But you got a girlfriend"

[Slick Rick]
Yah trick, so do you
And I heard there's no preference in what gender ya do

[Posdnuos]
So stop playin so squeaky clean
And let the dirty side see me later
So we can play 'away from the navy'

[Dove]
So stuck on the love you rearranging behaviors
Second episode, and you returnin oral favors
Buyin up groceries
Searchin for hosiery
Holdin hands publicy
And now you supposed to be
Mr. and Mrs. huh, lovin and kisses huh?
But while you away is when the milkman'll visit her
Dear to the heart, we dearly depart the fallen

So skip the games ma, I stay tuned to the calling

[Chorus x3]

De La Soul Lyrics

"Peer Pressure"

(feat. B Real)

[Jay Dee]
Uh uh uh
Everywhere I go (What? What happens?)
People ask me (What, what)
Yo Dilla, you smoke weed (No doubt)
And I just tell 'em yeah!
Two weeks later, they smokin' weed
That's what I'm talkin' about
I ain't here to tell you not to smoke weed
Everybody get high
I'm here to apply the pressure
You, you, you and you
You and you (Especially you)
Come down to the Dee
I got some shit that'll blow ya mind

[B-Real]
Come here my peer, let me apply the pressure, the pressure
Come here my peer, let me apply the pressure, the pressure

[Dave]
Yo, what up my nigga (Yeah, what up with your world)
Ain't shit, just got off the cell with this girl (Was up with ya'll?)
Yeah B you know what we about to do (What the hey)
Come on nigga puff it too, yeah right

[B-Real]
Honey draws bees like dookie draws flies
Just like the weed draws me to get high
Now I'm not tryin' to bend ya arm
I just want you to take a hit off the bong
That's all (Just one hit man)

[Pos]
Come on cool it, I'm not foolish
Quit pullin' my leg baitin' me like cod
My name ain't Craig and I ain't lost my job
Don't mind bein' odd from out the bunch
And y'all cornerin' me ain't stoppin' me from doin' it
(Nigga, puffin' so bad, why everybody doin' it?)
Man everybody doin' it (Yo come take a puff, style is real)

[B-Real]
Let it take ya whole style and feel
(Go ahead with that man)

Come here my peer, let me apply the pressure, the pressure
Come here my peer, let me apply the pressure, the pressure

I got the smoke to blow ya mind (Blow ya mind)
I got some shit to blow ya mind (Blow ya mind, blow ya mind)
I got the smoke to blow ya mind (Blow ya mind)
I got some shit to blow ya mind (Blow ya mind, blow ya mind)

[Dave]
Come on
Y'all are actin' like this shit is supposed to raise me to the clouds

[B-Real]
Shit the clips we smokin' on would make Bob Marley proud
And he was one of the illest

[Dave]
Shit one of the illest ever
He smoked mad trees and still remained clever
I guess ya right

[B-Real]
Ain't no need to guess, put it to the test
Ask ya questions alphabetically

[Pos]
OK, hypothetically if I did take a hit
Do I necessarily need to be tastin' on your spit?
I mean shit I ain't shared a straw since the fourth grade

[B-Real]
Yeah, but don't you know chicks like to smoke and get laid?
Don't be a dunce it ain't gonna hurt you once
Quit bein' a punk, go ahead and hit the fuckin' blunt

[Dave]
But will it take a long time to recover
(Depends on the brother or sis who's puffin')
Hey yo stop that bluffin' like you givin' a survey
And let us serve the hay
To get yo mind aligned to the ways

[B-Real]
Of the master

[Pos]
Man I seen a cast a spell
To many brain cells and sane cells
A lead to fulfill wants and needs
I heard it's like a gateway to doin' more than weed

[B-Real]
Man I love my relationship, I'm no quitter

Mary Jane's my first love and I'ma stick with her

[Pos]
But won't I feel paranoid?

[Dave]
All ya questions is void unless ya try
Come on man for once get high

[B-Real]
I got the shit to blow ya mind (Blow ya mind)
I got the shit to blow ya mind (Blow ya mind, blow ya mind)
I got the shit to blow ya mind (Blow ya mind)
I got some shit to blow ya mind (Blow ya mind, blow ya mind)

[B-Real]
Hey you don't gotta do anything that ya don't wanna
But it's not gonna change you or ruin your persona

[Pos]
Yeah but what if I can't stop
Shit I ain't with bein' no addict (Cut that shit out)

[B-Real]
Man, please tell him to stop bein' so dramatic
Just take a hit and let the weed do the trick

[Pos]
But will this make me sick

[B-Real]
Come on, quit actin' like a bitch
I can blaze the weed and you can make excuses
Now ya gonna smell the smoke my greenest weed produces
You'd probably like the smell too, ya probably wouldn't admit it
You'd probably wanna hit too (Come on man quit it)
Ya clearly in denial (Yo this shit ain't my style)
How do you know come on, let us give you a trial
Let us put chu' at ease with these trees
With the power to heal, put cha' mind at peace
Yeah, increase the level of the highness
Minus the stress accumulatin' through ya blindness
(Come on man hit this shit)

[B-Real]
Come here my peer, let me apply the pressure, the pressure
Come here my peer, let me apply the pressure, the pressure

I got the smoke to blow ya mind (Blow ya mind)
I got the shit to blow ya mind (Blow ya mind, blow ya mind)
I got the smoke to blow ya mind (Blow ya mind)
I got some shit to blow ya mind (Blow ya mind, blow ya mind)
I got the smoke to blow ya mind (Blow ya mind)

[Jay Dee]
Let me say something
If you just started smokin' (Please don't smoke too much)
But uh to all my smokers (Smoke enough)
Yeah, let's get 'em
Apply pressure, apply the pressure
Apply pressure, let's get 'em y'all
Apply pressure

De La Soul Lyrics

"Trying People"

[Intro: A friend's voicemail to Dave]
Dave, whattup man?
It's me
Umm.. just callin to see, if possible, if you have any
time today or within the next couple of days
If, if, you're in the studio.. or if you're at home.. or car, whatever
That song.. that.. it's called trying or something, Mase
was tellin me that I needed to hear?
He said it was amazing
Whoo.. the way he was talkin.. man I wanna hear it!

[Dave]
Am I just another lost in the pack?
We for shack ship, you know laugh it off
Years just blow by
My eyes stay fixed but the picture's kinda outta focus
I cry a lot but admit to it
Enjoyin life now but I've been through it
Sometimes I wish that I can go back
No bills no kids just getting tore back
I want a wife, I love women
How could I front like I don't be in love wit em?
A li'l man that I can teach
A li'l sand but not the beach
I figure excess'll only bring an excessive amount of fussin
So when I'm gone, make sure the head stone reads, "He did it for us"
I'm like your modern day Jesus
I cherish warm thoughts like a gray goose
And float soft kisses to my baby
(yo ain't that Dave's little girl?)
Yeah, respect her for that
She gon be somebody
Instead of somebody-baby-mama
You see young minds are now made of armor
I'm tryin to pop a hole in your Yankee cap
Absorb me
The skies over your head aint safe no more
And Hip Hop aint your own
And if it is then you fuckin up the crib son
You make life look like I don't wanna live one
You might as well hold your breath until you die in a
corner somewhere bent over in the crevice
This God Theory overcomes the worst of weathers
As long as you willin to try, you on a good start homie
.. you on a good start.. see nigga tryin

[Chorus: Dave & Children]

[Dave] People are you ready?
[Children] Yes we're ready!

Are you really ready?
We wanna be ready!

Ready for the change that may approach you?
Yes!

Follow down the path that you supposed to?
Yes!

People are you ready?
Yes we're ready!

Are you really ready to try?
We wanna try harder!

You know mistakes are trials that we learn from?
Yes!

I order to live life, you must earn one?
Yes!

People are you ready?

[Pos]
Throughout my change to grow, Some of my people got left behind
They didn't listen for the gun, as I leaped from off the line
Thirteen years deep in this marathon I'm runnin
Paid dues and still got bills to pay
When I came back around the way
Old friends gave me dead eyes
and fake smiles, half wide
We were supposed to rid the world of danger
These days we nod heads and small talk like polite strangers
It's natural to fall off, just land close to the tree
I'll be there if they need me to be
and I know all my local shorties
cuz they all know who I am
and latey wanna flip grammar instead of grams
Like that's the only choice they got
They tell me how they gonna shake up the game
but came to me to see if I could give em guidance for change
Shit y'all, I need guidance myself
and I chisel right words to make gems
Got fans around the world, but my girl's no one of em
And my relationship's a big question
Cuz my career's a clear hindrance to her progression
Said she needs a man and our kids need a father
I'm not at all ready to hear her say don't bother
And break

And this I know I can't take
but uhh
C. Smith said to hold on
My brother Luck said to hold on
My nigga Dave said to hold on
My nigga Mase said to hold on
Yo, Maseo, we need to hold on
Eh, yo, y'all we need to hold on

[Chorus: Pos & Children]

[Pos] People are you ready?
[Children] Yes we're ready!

Well, what you wanna be?
We wanna be ready!

Do you wanna lose hate for love?
Yes!

Do you wanna see these gates above?
Yes!

I said people are you ready?
Yes we're ready!

But are you willing to try?
We wanna try harder!

Do you really wanna carry some weight?
Yes!

Are you ready to design your fate?
Yes!

Yo, people are you ready?
Yes we're ready!

Well what you wanna be?
We wanna be ready!..

THE GRIND DATE

De La Soul Lyrics

"Future"

[1:24 long intro saying "we are the future" repeatedly]

[Intro: sampled vocals]
We are singing, you this message
Through our music, reaching for a, brave and brighter
new tomorrow, is the future
We must make it, safe and happy, for the children
Or... or... they will be lost
Or... or... they will be lost

[Pos]
Aiyyo I jump back, put the aim on my shot
It's mandatory, handle glory over with the rock
I'm not a rough guy but a tough guy to beat over drums
No son to this, I'm a rhyme bastard
Some mastered the art of cash, but not the part that lasts
and disappear after doin two albums
We're not your normal team and we still do ours to fit
hope inside this, don't define it's
quits for those who oppose the new
Playin they've outgrown rap like a size 5 shoe
Oh they all *[?]* now, alternative touch
were surprised, no demise for us
We on the rise to bust big, how you fig' we couldn't
Never run out of verbs for you to sip, I told you we wouldn't
I never popped Crist' or popped fists, girl named Chrissie
was the first, which made it even worse not to miss me

[sampled vocals]
Or... or... they will be lost (the future)
Or... or... they will be lost (the future)

[Dave]
So do you understand it now? Well try standin over
seven box sets, reppin sixteen years
This rap career ain't work, it's the life in-between
bedtime 'til the next said time and date
Know the name and salute them dudes
Put the nutrient in rap when they cook them foods
Gotta be like eighteen million heads served
Shit, imagine if there wasn't no us huh?
So I'd like to take the time to shout out the JB's
Next on my list is A Tribe Called Quest
Latifah my Queen, Monie Love, Dres and Mr. Lawnge
Chi-Ali, on your head God bless
Never ring chasin, the permanent tat
in this rap shit, y'all are just temporary lick-ons

Fadin in the days to come
While the name De La and the legacy built lives on

[sampled vocals]
We are singing (sing it out now)
you this message (sendin you a message y'all)
Through our music (through the music)
reaching for a, brave and brighter new tomorrow
(another day y'all) is the future (it's the future)
(it's the future) We must make it (we gotta make it)
safe and happy, for the children (for the children)

You little brats

De La Soul Lyrics

"Verbal Clap"

"You out there? Louder!
Well clap your hands to what he's doing
On tempo Jack"

[Posdonus]
NYC gave you the ball, so how you gonna hate us?
We creators of them East coast stars
If you ask me I'll tell you there's no comp
But I'm still humble, even though I will crumble halls
Some call 'em songs, I call 'em words from me
that take long to cook
So some feel free in sayin that we don't hunger for beats
Not that we not hungry, just picky in what we eat
Keep food off the mind and keep weight off the body
All you gotta do is keep my name out your mouth
And stop frownin like you hostile
You know that it's a booger rubbin up against your nostril
Nigga how you figure you can play this rap game without the backbone?
It's Maseo, Dave, Wonder Why, givin what you lack holmes

[Dave]
Aiyyo prepare yo'self for the Neutron, bitch!
This is eighty-six, let that neo-rap go
We present these flares to put fire to your ears
to lay smoke like rusty exhaust pipes
We run mics, let Sean run the marathon
Yo raise that money son, we raisin these kids
Get claps when curtains close, stage left
Up your stamina baby, bring some breath
SAT book smart, part ese
Loc'in like Tone, street niggaz get grown
Acquire more couth before you get poofed
Or get some shells sent over to your mic booth
Excuse, my delivery, but when peace don't work
see this piece gon' work, cock aim and SHOOT!
It's my constitutional right to bear arms
Arms and bare hands on mics, make fans unite
Woodstock and white folks involved
Black man get on yo' job!

"Well clap your hands to what he's doing
On tempo Jack"

[Chorus x2: De La Soul]
Let's go beat for beat, and rhymes for rhymes
(put, all, the things aside)
Just bring your beats, and bring your rhymes

(put, all, the things aside)

[Posdonus]
The heavyweight L.I. brother with no date, of expiration
On this fate on the mic, them birthday keep comin
I'm hated on by niggaz I love most
So what threat could you possibly pose when I'm on your coast?
So raise your guns or your glasses
Either way there'll be a toast in the air
Markin the return of bare minimums you need to learn
Get your verbs right when you down to clap

[Dave]
See that gun powder calibre rap'll tip hats like gentlemen do
Smash tenements and skyscrapers
Bow-tie papers stacked high
Pay the resident tax or get your street sweeped
Front row, backstage or the cheap seats
I (Dodge) richochets like (Ram) trucks, you slow poke to pull it
And I sup-pose you wanna top the Billboard chart
Man I toast these rhymes and then pop like Pop-Tarts

[Chorus]

"Well clap your hands to what he's doing"

De La Soul Lyrics

"Much More"

(feat. Yummy)

"And what we have is much more than they can see"
[scratched:] "ladies and gentlemen" - "here we go again"

[DJ Premier]
No doubt, y'all care anymore, about this hip-hop man?
I mean, how far will you punk motherfuckers go
for 15 seconds of fame? Microwave popcorn-ass niggaz
Yeah, we give you much more, longevity baby
Aiyyo Dave

[Dave]
Yo! It's been instilled in me since infinite y'all
Usin these minutes like I value the call
Put your money in the bank, and hold rank
over friends who ain't got leadership skills
I got the sheep in my eyes so I can't sleep
We like the, land and laid, the brand old way
Grand operate the scandal way, L.I. sheist
I play the X-Box instead of fuckin with dice
I hate losin to those who walk away with my dough
cause I dozed, Tracy broke me
And now she wanna see the resident provokin me
to pop wheelies on my bicycle, watch her eyes twinkle
One house, two houses, third house
House rules so house take bank, watch Dave bank
Banner had 'em on the hawk since Atlanta extravaganza
Gamma ray rap I make the Hulk snap
Jump back like James Brown, hey now
When the liquor over we smokin the hay now
Delegatin numero dos, I holla out the sound of los
And keep the Island close to me

[Chorus: Yummy]
Much more is what we got in store
Just believe me
"And what we have is much more than they can see"
Much more than they can see
is how it'll always be, believe me (gotta believe)
"And what we have is much more than they can see"

[Posdonus]
I got verb skills, babies and bills, brothers who smoke krills
and still tryin to get himself together from it
Knowin he can't quite run it like me
I'm on the cutting edge of what's alleged to be, hot
And when you rock, it's just impersonations of me

The rightest MC, MP with the V in the middle
I belittle your plan, courtesy, of NY dirty C my man
My base of fans are made up of many; with kids allergic
to belts lettin they mind melt from drinkin the Henny
And them straight and narrow types who be waitin to hear
them drums say the revolution is near - are you listening?
Are your eardrums open for christening?
We God Body MC's with these tools
While some others play God, they just God damn fools with it
I don't cuff mics, I rough mics up rough and rugged
Get the girls to love it
Still and all five-oh came to my mic check
Tellin me I left lacerations around my mic's neck
Domestically disputed and you just might get
the undisputed underdog servin y'all threat

[Chorus: 4X w/ ad libs]

"And what we have is much more than they can see"
"And what we have is much more than they can see.."

De La Soul Lyrics

"Shopping Bags (She Got From You)"

(We not goin to JC Penney's, we not goin to Macy's either)

[Chorus: Daniel Wallace]
Shopping bags they weigh down her arm
Popping tags and collars her charm
All them things she got, she got from you
All them things she got, she got from you
Manolo and Prada's her style
Louis, Burberry by the pile
All them things she got, she got from you
All them things she got, she got from you

[Posdonus]
Yo she know you come to do it, so what'cha want
Candelight might flick at'cha
Put your credit card to it, she know what to flaunt
Her handle tight like a master
She used to taunt on the runway, yeah she's down to tree
The avenue like her catwalk
Struck a bit to the gunplay, that housing street
looks to die for, ask that chalk man for yo' hand
Spend it, you live to show
All the cash that you can burn
What you need is to end it, cause you give the dough
But get no ass back in return (HA, HA HA)
Stay laughin, straight at you dog
Best believe, you wastin time
Don't deny what's happenin, just clear the fog
And achieve you a peace line, yo it goes like

[Chorus: 1/2]

[Daniel Wallace]
She got from you, she, sh-she, she got it
She got from you, she, sh-sh, sh-she got it

[Dave]
Her frame goes beyond thick, she got you stunned
Livin it up off the pop hits
Like a dame on a Bond flick, she's not the one
To give it up 'til you cop shit
Just because she's stacked right, she got your soul
Her every wish you now obey
You should be on that actright, but she got control
She say jump you scream, "OKAY! I'M RELOADED!"
Nigga you shootin blanks
Tryin to front like you got game

Her crib is sugar coated, like she lootin banks
But it's your wallet she done claimed
When the limit of your plastic, reaches the end
You start payin for your time
She'll be in it for the last bit, of money to spend
(HA, HA HA) And you'll be left with dimes
While she fillin up

[Chorus]

[Daniel Wallace]
She got from you, she, sh-she, she got it
She got from you, she, sh-sh, sh-she got it

[ad libs and chickenheads to fade]

De La Soul Lyrics

"Grind Date"

If the meek shall inherit the earth
and not the weak
let me inherit the street, fuck it
you know what I mean?
I mean I love life man, you know what I mean
life is beautiful, it's just the shit in it that's fucked up
it's rough but it's fair
people gotta go out there and bust they, bust they ass for a job
I mean, my dad's got five kids, man and I mean yo
he hates drivin' a bus but he loves five kids
you feel me?

I'm a rhyme artist
out here tryin' to grind my hardest
up early so to milk the cow
keep my john deere out here plowin' the fields
to keep my john hancock's worth up in the now
went from hangin' on blocks to hangin' on charts
positions is parta my mission to hangin' on top
gotta get your polly cracker or with them crackers
and them scheisty ass niggaz if you like it or not
I've been rewired to work more efficiently in the dirt
I'm hands on with it all up in my cuticles
some try to get off the farm but fell into harm
of gettin in the game of those street pharmaceuticals
but, I was raised in those blue collar themes
havin' white collar dreams cause I see what it means
and though the meek shall inherit the earth but don't forget
the poor are the ones who inherit the debt
you can bet I got better things to do than that
I was a dick who got jerked by Tom and his boys
came on my land, seized my cattle, and catalog
as if it wouldn't leave me less than coy
but I'm far from bitter even farther from quittin'
got a grind date to make, no time for sittin'
and playin' xbox, stand up and exercise my rights
as of by seen of through masta's eye
it's the grind date
know what I'm sayin? I'm sick of askin' that
I mean, the street philosophy is that
I'm gonna milk the cow and cook the meat
at least I'm gonna have some kind of food and drink
because sometimes you can't come back
like momma said that if you need 5 cents don't ask for 3
ask for 10, that's for sure
Yo fuck a rhyme artist, I ain't here for that
I was born with the boom bap, respect the name

my hands on experience was hands on my first contract
taught me quick how to respect the game
introduced to the block, got used to the block
but your neighbors be the ones who throw shit on your lawn
it's like every single time we pop, they got annoyed
but we got ahead, and we got along
and puttin' work on the calendars, worse on them calendars
worth of hump days that broke the camel's back
the grind'll make today look gray
and paint a tainted picture of tomorrows in enamel black
meet the rhyme, street grind, son whatever the beast
I'm a take it at the horns till the pinky toe torn
and show you why we here this long
cause when it comes to puttin' in work
once again it's on
I'm just like everybody else man
an average nigga with above average potential
you know what I mean? I'm not sayin' that I'm a gentleman
I'm sayin that I know how to act like a gentleman
in order to get the things that I need
and if I gotta pull out my nickle bag, I'm gonna do that
This ain't no accident, we stayin' here
You damn right I am proud of myself man
and I'm proud of my team man
I don't want you to get the wrong, yo baby on the real?
I don't have sex with people I do business with neither
and that's the real
but I do do business with people that I have sex with
so if there ain't no conflict, let's get this grind on
cause I'm gonna fuck the shit outta you, that's word

De La Soul Lyrics

"Church"

(feat. Spike Lee)

[Spoken Intro: Spike Lee]
Peace - this is Spike Lee
A.k.a. Shelton Jackson Lee
A.k.a. loving husband and father
of Tonya and Satchel and Jackson
I'm here with De La Soul
A.k.a. De La, a.k.a. The Plugs
We're about to get in this song, "Church"
A.k.a. "It's Reality"!

[Verse 1]
Aiyyo, wake up! Wipe the sleep from ya eyecracks
It's time to focus y'all, fix ya I-MAX
In other words, listen to the brother's words
Ingest these anecdotes with HOPE
and ya ass, may learn how to COPE
It's not always good just to get by
Who's coverin' ya stakes when ya bet high?
You're cha-sin', cars, clothes and rocks
Identify with the goods you got
Make sure it's V-S-One, not
and perfect, leavin' you one clear
I really don't care to see ya tattoos there
I'd rather see you graduate the school year
Black folk, go put a book in ya face
But first give the hook a taste
Bring the preacher in!

[Hook]
Heal! Heal, y'all!
We comin' healin'! {It's real!}
It's real! {It's real!} It's real!
It's realer than real, realer than real

Heal! Heal, y'all!
We comin' healin'! {It's real!}
It's real! {It's real!} It's real!
It's realer than real, realer than real

[Verse 2]
It's a sick world that we live in, let some tell it
Some put it in books, some yell it
You need to make your own choice, be your own voice
Set ya soap-box up, let your talk fight
Pull ya socks up, get ya walk right
Or the chalk might outline ya one day

You oughta try steppin' outside you one day
You circle round yourself like you the answer
To the question of your inner son
But keep ya falsehoods to a minimum (minimum *[echoes]*)

We all need a little church
A life update, keyword - update
If they don't serve change, don't bite the bait
Instead'a givin' you a share, servin' you a dish
I lead you to the water, show you how to fish
Ain't nothin' wrong makin' that bread wid'it
But don't let the bread get to ya head, geddit?
Admit it, when you can't stand alone
I wanna stand up, give all the pretend up
And get a full blast of my demands of
the rhyme runner said the man's come
There's something in our words that reveal (reveal *[echoes]*)
Sho 'nough real!

[Hook]
Heal y'all! We come to heal!
So let it heal you!{It's real!} It's real!
(It's real!) It's real!
It's realer than real, realer than real

Heal y'all! We gonna heal it!
So let it heal! {It's real!} It's real!
{It's real!} So real!
It's realer than real, for real, for real

[Verse 3]
The early bird gets the worm in this rotten apple
But explore deep and you will the find the seed
Plant more ether, get your mind free
We roll passsionate, put your lights last in it
You're holdin fear too close, unfasten it!
And like old age invades youth
Invade falseness with truth
Replace rebelling with rebirth
Face new dwelling, that's your turf
Lean back and put your feet up on the sofa
Relax! (Relax! *[echoes]*) learn how to punch back
And do your work to the max
The payoff's much sweeter than the payback
Even the haysack needle wouldn't play that
So let's pray at, church (church *[echoes]*)

[Hook]
Heal! Heal, y'all!
We comin' healin'! {It's real!}
It's real! {It's real!} It's real!
It's realer than real, realer than real

Heal y'all! We comin' healin'!
So let it heal! {It's real!}
It's real! {It's real!} It's real!
It's realer than real, realer than real

[Backing Singers]
[Repeat until beat fades]
Realityyyyyyy!
Realityyyyyyy-eeeeeeeeeee-reeeeaaall!

[harmonizing and clapping to fade]

[Spoken outro]
You know what I mean? Rap outsold crack
You know, so rap....or hip-hop culture
however you wanna dice it, you know what I'm sayin'
it's the most powerful drug there is, man
it changed corporate America, it changed the way you feel about me
it change the way I, I do my thing now
Busta was the one who came out, on the award show and said that
hip-hop provides jobs for people who don't even love the shit
I mean, come one man, I mean what else is there to say?!

De La Soul Lyrics

"It's Like That"

(feat. Carl Thomas)

[Dave]
It's like, New York without a New York yanks
Better yet, New York without the New York franks
It's like hot summers without no A.C
Or never hitting numbers when you go to A.C
It's like six years of your life, go ask Rob
I'm like "Yo how is it?" he like "It's like hard"
Trying for that queen but you nothing but a man
You wanna keep it clean but you can't
Why it gotta be, like, that
And what the life, see life is like a J shot
Shooters son, they got
One point one second, you half court
I'm feeling the adrenaline like you half court
Like pink slips and dipping these ink tips to paper
Imagine if we fuck around and lose Hip-hop
Imagine if it didn't exist
Imagine nothing shining your wrist
See, imagining to you is a risk
But think about it, like no chrome rims
And tims would be construction boots (ill)
We probably wouldn't even substitute (ill)
For words we use defining our likes
I'm coal mining these mics
To keep that gold nugget like Dave Megget
Giant like a motherfucker, like Dave said it
But ya ain't listening, ya paper gon' stack
Why it gotta be like that?

That, dadadat, dadat, dadat, dadat, dadat, dadat, dadat, dat
Dat, dadadat, dadat, dat, dadadat, dadadat, dat, dat, dadat, dadat

[Chorus: Carl Thomas]
Just running, running, fast as I can
I'm trying to be a person but I gotta be the man
If I, can't stand the life that I'm in
I gotta keep running ‘cause I'm still gon' win
Yes I got to go on (it's like that, it's like that)
Yes I got to go on (it's like that, it's like that)

[Posdonus]
It's like, Slick Rick without the eye patch
More like, saying slick shit you won't catch
It's like bed time without your PJ's
Or no fed timing in out the PJ's
It's like, one minute you got it, then you broke

Like what I do with it? I copped a few with it
Looking like a problem, but you won't get it solved
You working but you won't get the job
It's like, who would of thought (thought)
It you would of bought (bought)
Into my religion you'd be more like God
But you were steady swimming so you more like cod
See these fools is fish scale, converting to ish male
See I see it like, A alike, B alike
I was taught, if you play alike, be alike
How they don't see it for one to go pop
And this is how you treat Hip-hop?
Imagine if you didn't have that phantom chrome sitting on a curb nigga
The word nigga wouldn't be a bit disturbing nigga
See them roots are like begging for the rain
You entering my kingdom just a begging for the reign
Putting shit stain to paper
Ink pain feeling like fifty-five licks on a slave niggaz back
And not a one of y'all stopping to hate
But why it gotta be like that?

That, dadadat, dadat, dat, dat, dadat, dat, dadadat, dat, dat
Dadadat, dadat, dadadat, dat, dat, dat, dat, dat, dadat, dadat, dat

[Chorus x2]

De La Soul Lyrics

"He Comes"

(feat. Ghostface)

"Oh, whaddya know? He comes"

[Posdonus]
Down, like water, fresh out the clouds clown
Drown you like terrible weather
Nobody does it better than I, so approved by Carly Simon
Most rappers is real hard, but still hardly rhymin
To all - rise and shine - give God the glory
I already give a percent of mine to Bert & Cory
And still got bills and employees to pay
So excuse me Lord, we'll settle up towards the end of my days
My ways of control is hard to swallow
Known to lead, but some would rather see me follow behind
Sorry to dis-appoint, but dis joint's mine
Dis-play your indie but say no -
- more or I'll blind you like spit did to Remo
- to the dirt - and edit the clip and lost Kano
My mens wear problems like Timbs
See it all in they face, ask Mase, he got wars to win
Scores to settle, crews to crush
You rush right in to see him do it with a smile
It's Long Isle y'all, longevity sustainin my celebrity status
From AM to PM, you see him on file y'all
I was told to step righteous, so when it's done
everyone will say I stepped right
And whether through religion, or stopped by the cop
shinin his flash in my face, I'm bound to see the light

"A few short words, and whaddya know?"
"Oh, whaddya know? He comes"

[Dave]
Aiyyo I'm up against these walls, here's my back stiff straight up
Dazzle and razzlin broads like I'm little Juan Magic
Magnetically handle mics, they don't drop
Top drama every time these commas don't drop
Pop spots like lint on your shirt, the net worth
to shoot the rock homey in many courts of ball
Four couldn't do it, so we bring all six
I circumcise the track, you just a dick - overlapped and hooded
Skin repeated like Stutterin John
I repeat like yesterday, it don't stop
George of this poor life pop, put to Scarlet
in a place she believes, much better than your lies
She say she lookin better in my eyes, bullshit!
Same crock she done ran to duck, crammin to fuck

I put the pudding on her like Bill Cosby
I tried to speak my piece in court but Judge Mills paused me
Bifocusedly die hopeless sometimes
Yo cry your poker face, you oughta try it one time
When God is an non pos', you stand to download
Demanded like slaves on trial - we want free
Man cock aim ready, it's time you MC
So you rappers bust bee-bee guns, graffiti runs
through my veins since cable with the wired remote
Woodgrainin like you wired his float

[Interlude: Ghostface]
C'mon, Pretty Toney and De La Soul
We was rhymin through the frozen street since 8 years old
Take us back to eighty-eight, you couldn't catch our flow
A group of kids so original

[Ghost] You heard?

[Interlude]

[Ghostface Killah]
Tony 'Tana with big hammers for bad manners who got 'em
We kiss cannons for Scrangelous crew, and his whack dancers
Bitin is forbidden pah, pay that tax
And don't you ever look at us funny - boy, we'll bring rap back
And that'll hurt you like Superman, chased by a group of men
with dyna-mics, real hip-hop'll do you in
For you like Loo Goo Kim, or Moo Loo Inn
Hula hoop all bitches crew full with brand new Keds
Cutmaster kill 'em, make sure we cut classics
Buck bastards in broad day and tuck caskets
Next to Uday and Qusay, how can the group shoot the PA
and just lay whooptay whooptay?
Use the ruse, sport beads and snatch a dude's toupee
Since tunin into T-La Rock'n AJ
Ghostface gats is freshed squeezed like a glass of OJ
Girls you can go cruisin in my OJ

"A few short words, and whaddya know?"
"Oh, whaddya know? He comes"

De La Soul Lyrics

"Days Of Our Lives"

(feat. Common)

[Common]
Uh, yeah, uh, yeah, uh

[Chorus: De La (Common)]
[Dave] Yo how the days of your life go Com? (I'm just tryin to be)
[Pos] That's it? (Stayin focused so my mind is free)
[Dave] Watch the problems of the world go by like balloons
[Dave] If tomorrow come now (it might be too soon)
[Pos] Too soon?

[Common]
I want the boom in the back of the truck
Ain't nuttin the matter with a good dude havin a buck
With that on my mind, I'm on the grind, it pays
We break it down in these three ways, yo

These days, I travel the Maze like Frank Beverly
To the East, lookin for pieces of a better me
Responsibility of my man's felony fell on me
Celebrity status, make 'em think I got celery
Hell and I do sometimes, still the sunshine ain't even all day
(Yeah) The life of a baller, ain't even all play
I stack 'em, so the chips fall where they must
I ain't far from a Benz, or dude on the bus
Even when I don't have enough, still in God I trust
Said baby you're a star
Said I'm on the car, seen the jiggiest of stars
become dust, and one love become lust for the papers
Had you gassed now that - gas became vapors
Tricked your cash on ice; shoulda had acres
Now your, empire fell like the Lakers
So you're talkin to your maker
It's the nature of the business, they givin niggaz inches
Takin miles and mules, it's the wildest rules
I'm tryin to walk in the black scent of proudest shoes
Makin music that the crowds can use

[Chorus: Pos, Com (Dave)]
[Dave] Yo how the days of your life go Dave? (With sunshine and shade)
[Com] That's it? (Tinted window grades and Kool-Aid)
[DeLa] Watch the problems of the world go by like balloons
[DeLa] If tomorrow come now (that might be too soon)
[Pos] Too soon?

[Dave]
I want twenty-four plus on these

Put the pinto engine and the bus on these
I get that first class seat to escape the days
We break it down in these three ways

Check the life I got that antidote, canteloupe scent, bent back
in the sunroom froze, put your flick on pause (and pop a cork)
There's no occasion nigga it's just because
I'm celebratin for a hell of a day
Get these barbie filets on hot charcoal tracks, so black
Darko Pecoltrane plays them back
We them freedom fight kids who gon' ball and raise fists
If y'all down for the struggle, c'mon y'all, resist
Everyday script, I exercise cheek
Sixteen on the bar, I exercise speak (ha)
It's been a long time, Long Isle's on the map
While y'all stand on the corner, stoned like Chris *[?]*
Kiss back, watchin time - wrist back
Every second count but just finish this lap
You gamble on your life like casino slots
and cash out and still walk with a knot

[Chorus: Com, Dave (Pos)]
[Com] Yo how the days of your life goes Merce? (Man I'm just holdin my head)
[Dave] That's it? (Shit, I'm also tryin to hold this bread)
[DeLa] Watch the problems of the world go by like balloons
[DeLa] If tomorrow come now (that might be too soon)
[Dave] Too soon?

[Posdonus]
I furnished the rooms, and mortgage on these
See them quittin ass rappers caused a shortage on these
The soul boys of big illa-noyz get the praise
We break it down in these three ways

My moms died from secondhand smoke; so I wish yo' ass would die
from them secondhand rhymes you wrote
Or shall I call them second rhymes - written seconds 'fore you enter the booth
Words thrown together with very little truth
And a select few can do it (true) you ain't part of them scriptures
And got the nerve to feel you want me out the picture
But I was never in it, I'm the frame around the flick
Or dishin in the mouth of your dame around my dick
Ladies and gentlemen, introducin Workmatic
One of L.I.'s finest, and this is "MY LIFE"
Which is filled with bad minutes and good hours
and, good months and bad years and with my peers
we struggle to juggle the shit
Family life and the music game don't easily fit
My lady wants me home, sayin rap tour three rap whores
and scores of scandal, even more than we can handle
Sometimes, the rhymes I say
Is the fly the currency to save the day
Can't turn it away, cause we out

to find presennce way beyond our measure, so baby don't pout

[Common]

"Come On Down"

(feat. Flava Flav)

[Flava Flav]
Look man! You're botherin me G
I got shit to do right now, aight?
This is for De La Soul, y'knahmsayin?
Word up I got shit to do you test tube baby! *[laughing]*

Check one two, check one two
De La Soul, is now back on the map
Long Island, is now back on the map
Good rap music, is now back on the map
Yo check one two, this is the voice of yours truly the Flava Flav
And I just want y'all to know, we ain't goin nowhere
Old school is here to stay BOY!

[Posdonus (Flava Flav)]
On the outskirts, of what works
Live those who go for broke, and merk to get merked
Live by the sword and die by the semi
Not part of my ways, but stays right in my
N.Y. mentality for me to be the best
The current, the ones who weren't
pressed, to confess lies over hot joints
to sell to all who wanna hear some
(Young'uns these days got fireproof eardrums!)
They don't give a SHIT who's hot
Just long as you're not, pussy, and be the would-be King
But once crowned, the same wanna pull you down
(And what makes the world go 'round!!)
And I be the world renowned Wonder Why
Wonderin why you can't stand me
Is it because I'm the main Jackson
and y'all just Titos and Randys? (Yes, it is!)
Bless the kid who hold his own head and expect to last
At the same time, I want respect and cash
And a few paragraphs in them books
Tellin you how us Native Tongues made hits with no hooks
Rapped in every prefixes, gave birth to rap remixes back in '88
No disrespect to Diddy just settin it straight
Instead of zig-zaggin, got a degree in braggin
My daughter says I'm a teen, cause like a teen
my pants always saggin and I walk with a bop
The *[?]* part of my time, I walked from my pop
No longer on timey and was never on Loud
But cooked rhymes that make the Chefs of Wu proud
I'm top cloud to rain on your show
And still "anything goes when it comes to hoes" because

[Flava Flav]
Music (c'mon) New York (c'mon) Detroit (c'mon) c'mon down!
Miami (c'mon) L.A. (c'mon) Vegas (c'mon) c'mon down!
Boston (c'mon) Tucson (c'mon) Long Island (c'mon) c'mon down!
V.A. (c'mon) Portland (c'mon) Chi-Town (c'mon) c'mon down!

[Dave (Flava Flav)]
Make you shake like, sunshine, naked shoe was once mine
Had bottom inner drawers and used to hit it from the mids
Fix your playground player or some kids'll
come stomp in your sandbox, swollen hands cocked back
No knives, no drama, no guns
No disrespectin your seed or Ma Dukes
I puke rhyme and you laugh, take a sniff
of these fricaseed raps on Carribean riffs
See last night's change was today's dough money
No time for your freestyles so roll money
No more whack albums with two joints
No more ballplayin rappers who shoot ya two points
(No more G cause I'm sick of your hip-hop!)
Your flows bore like seashores with no bitches
Switchhittin niggaz will receive no pitches
No diamonds on the field, just keep the game real
simple, see the God flows healthy
Wealth in the mind is like money in the bank
Exchange cash like thoughts in conversation
Thank you for your purchases, we dough out
and roll out the Kool-Aid, *[?]* see us pimp strut
Ain't really pimpin, I'm tryin to catch the bus
The Krush Groove ain't got shit on Cold Crush!
We dolly dolly babies cause we shootin cats
'Back to the Future' rap with Doc Brown shotgunnin it
And pantyhose your whole style and start runnin it
You dudes fiddle while we stay on the cello
The mush-in-your-room son, we stay portobello
Can't settle for the same picket white fence
I got dreams of barbed wire in front of factories pa
Still push the truck with the factories pa
I'm bound to wreck the whip and turn insurance out, make 'em shout

[Flava Flav]
D.C. (c'mon) Oakland (c'mon) U.K. (c'mon) c'mon down!
New Orleans (c'mon) Little Rock (c'mon) B-More (c'mon) c'mon down!
Memphis (c'mon) Utah (c'mon) Jersey (c'mon) c'mon down!
Atlanta (c'mon) Brooklyn (c'mon) Philly (c'mon) c'mon down!

[Flava Flav]
Yeah that's right! Flava Flav, with De La Soul
Act bold, and we knock you straight up in the hole
Y'knahmsayin? Six feet deep, that's the way that we keep, rollin
Y'knahmsayin? Operation tech sensation in the nation
Ready to take it to Penn Station, y'knahmsayin?

Yeah, ah ha ha ha *[laughing]*
Long Iz one is, that's where we is man *[laughing]*
De La Soul, you done it again!
De La Soul, you done it again! *[laughing]*
De La Soul, you done it again! *[laughing]*
Flava Flava, De La Soul, you done it again!

De La Soul Lyrics

"No"

(feat. Butta Verses, Yummy)

[Yummy]
I never can say goodbye
No no n-no I, never can say goodbye
I, I don't know the rest

[Posdonus]
We those pros, we never procrastinate (ah)
Them guardians they shouldn't let you get past the gate
Watch out dawg, the watchdog's showin his teeth
(Guess you bit too much shit) they bitin your beat
While I speak from experience, hunger and hurt
And a little bit of hate from niggaz doin me dirt
I just wash it all out with Tide and show love
to those who ride with me while I'm puttin in work

[Butta Verses]
Full-timin it, 8:30 to 6, the graveyard shift
The three months before the benefits hit
But my position went temp' to perm'
I sat and listened like an intern watchin who applied get fired
Now I'm sittin in the break room, they gotta make room (make room)
My paper stacks, put staples through 'em
So I can keep my money together
Some die-hard fans just don't want it like, "Put Pos back on it"

[Posdonus]
I'm back on it, that's why you never disappointed
We give you what we live through for real (for real)
Don't own a crown but I'm royalty
And tryin to see the royalty checks about a half a mil'
Whether off or on the chart, my cuts grips your heart
(You know we got you open) like your gut splits apart
I never pass the buck, my shoulder holds the weights
So don't beef when we don't pass collection plates

[Butta Verses]
I don't give money, I don't support the needy
Schooled in America, taught to be greedy
And everything ought to be, easy
But I never could say goodbye to my friends who get high
I wonder why, I'm rockin with that guy, it's serious
Still make him cry when the satire's hilarious
Cold for your areas, flows come in various shapes and sizes
so hot that you despise it

[Chorus: Dove (Yummy)]

Never last up to bat (no no no no)
These skills we don't lack (no no no no)
We never fall and pray (no no n-no no)
Make all the ladies say (ooh ooh baby)
You can't knock the hustle - not at all (no no no no)
Can't be budged by your muscle (no no no no)
Never ridin on E (no no n-no no)
It's De La and Butta V (drive you crazy)

[Posdonus]
Yo, if you are what you eat; some of you
cats heads between your girl's legs a lot cause y'all act too sweet
(Go brush your teeth!) Then after that
Put in a little more practice on your rhymin attack
What you write's not the least bit hot
Maybe cause your wrist is so cold from all that ice you cop
Hate to hate a playa but you know what?
I still smother ya like cheese and rockin leaves freshly cut

[Butta Verses]
And we the steak and potatoes and De La's the greatest
And ladies be on the floor thankin the Lord that He made us
I'm tellin you, I swoop her like a pelican do
You sayin - look at that pelican fly; you spittin gelatin rhymes
They shaky as shit, ugly in the mold you fit
We the square peg on the round hole, sound's soulful
Your imitation flavor is tofu
It's true we make our bed all day, and we are..

[Posdonus]
.. the world of rap! Take you back
in the days of all four hundred ways that people lack
It's that (what) authentic, big-nosed mic music
Four to five survive all night to it
I'm tryin to keep up with my Jones' and Thomas'
'til I'm broke like them New Year's Eve promises
And that's alright, I just penned another sixteen
to fill my bank account with the mixed greens

[Butta Verses]
Moms want 5's and 10's
The girls I got is 9's and 10's, VH1 "Behind The Pens"
You anticipate greatness from elder statesmen
I ch-ch-ch-AHH, like Biz Mark' or Jason
I bust one shot just to start the racing
The tortoise and the hare, which one there is chasin?
Slow and steady, we already Andretti
Get ticket take parades, waves and confetti and..

[Chorus w/ minor variations]

[Pos] Come on y'all

[Yummy: x4]
If the Soul keeps rockin, the streets will keep rockin
If the streets keep rockin, the Soul will keep rockin
If the streets stop rockin, the Soul will keep rockin
If the Soul keeps rockin, the streets will keep rockin

"Rock Co.Kane Flow"

(feat. MF Doom)

[Posdonus]
Up in them five-star tellies sayin two mic rhymes
be them average MC's of the times
Unlike them, we craft gems
So systematically inclined to pen lines
without sayin the producer's name, all over the track
Yeah I said it! What you need to do is get back
to reading credits, we them medics
alphabetically stuck on that English shit
now, quick now, before we pour that
sureshot pure Rock Co.Kane Flow

[MF Doom]
From the top of the key, the 3 Villain
Been on in the game as long as you can wheelie your Schwinn
Turn the corner spinnin, bust that ass and get up
Dust off the mask, whoever laugh give him a head up
He got jumped, it pumped his adrenaline
He said it made him tougher than a bump of raw medicine
To write all night long, the hourglass is still slow
Flow from Hellborn to free power like Lilco
And still owe bills, pay dues forever
Slay you(s) when it comes to who's more cleverer
Used to wore a leather goose "V" with the fur collar
Hand charged a fee for loose leaf, words for dollar
Ya heard? Holla -- broad or dude we need food
Eat your team for sure, the streets sure seem rude
For fam like the Partridges, pardon him for the mix-up
Battle for your Atari cartridges or put your kicks up
It's a stick up

[Dave]
Now put your blix up, these Riddick Bowe cuts
is swoll like penile flicks, give 'em 20
The danger in his eyes'll let you know he's a brawler
Bring your tallest champs like that much taller
Ten pounds heavier, one step ahead of it
Vocab, stamina, style's all irrelevant
Camps and cliques, units, squad crews and clans
Even your tongues'll fuck around and leave your mouth

[MF Doom]
Doom brung that bum, there goes that news van again
Act like you knew like Toucan Sam an' 'em
He eat rappers like part of a complete breakfast
Your rhymes ain't worth the weight of they cheap necklace

String 'em up, bring 'em up under whack junk snack
And get that out your hand, punk, jump and get your dunk smacked
foul, we all know the rules bro
You slow, you blow the soup on your fools, his Impulse like Yugo

[Posdonus]
You go lights, camera, action with no makeup
We De La to the death, or at least until we break up
Here's a couple of nice guys who finished first
So nice try, but the prize is ours dispersed
They say the good die young, so I added some
bad-ass to my flavor to prolong my life over the drum
Everyone cools off from bein hot
It's about if you can handle bein cold or not!
And we was told to hop on no one's dick by Prince Paul
We stayed original ever since y'all
First to do a lot of things in the game, but the last to say it
No need to place it on a scale to weigh it
And don't do it for the plays or to raise the bar
Yet it's raised anyway, it's so amazing, are
the three L.I. brothers from a other way of thinkin
Hey your lady's winkin, I think you need to control that whore
or I('ll) have to hold that

[Dave]
The elements are airborne, I smell the success
(Yo let's cookie cut the shit and get the gingerbread, man)
Sacrifice mics and push drugs to these rappers
Puff ponies 'til I turn blue in the lips
Sippin broads like 7-Up (ahh) so refreshing
I finger pop these verses like first dates to birthdates
September 2-1, 1-9, 6-8
Too old, to rhyme? Too bad, too late

De La Soul Lyrics

"Genesis (Intro)"

(feat. Jill Scott)

Huh! I couldn't be nobody but myself, you know that
But then they all started talking
They were talking about love being gone
In my house
They said that there ain't much left to love
Well, there's always something to love if you're familiar enough to recognize it
I mean have you cried for anything lately?
And I don't mean for your friends or your bills or yourself
I mean, for this!
When do you think it's time to love something the most, child?
When it's successful? And have made everything easy for us, huh?
That ain't the time at all It's when its reached it's lowest and you don't believe in it anymore
And the world done kicked it and its tail enough that its lost itself!
Yes, that's when. When nobody cares. That's right. Nobody

De La Soul Lyrics

"Royalty Capes"

It's the flies
They are so annoying
(Shut up you fool, she's here)
Ladies and gents
Crystal carrying pixie peasants and warriors
Elders, ancestors, sons and daughters
Lion hearted kings and everything in between
Take a seat, be witness

You consider 'em king, about to icing on cakes
Chariots cruise at tortoise speeds
Lay your bifocals on royalty
Longer than Sears catalogue
Stern like matadors and *[?]* LPs
Mirror the crimson tide
The color of the Rubics
Them duplex fuse got your nose up
But coozy up to this warmth though
That long term froze is up
The jone is up
I get swallowed by the barracuda
Androids read raps off iPhones
I choke the blood out of felt tips
Heavy weights up to the front if the belt fits
The wealth is like ivory toothpicks
One out of each tusk
And must gets bust for each and every hiccup
Salute life when dawn breaks
Foreign colors foreign mink lapel’s on these royalty capes
I repeat, salute life when dawn breaks
Foreign colors foreign mink lapel’s on these royalty capes
Royalty

Behold this divine alignment scrolled secretly in cloud formations. Waterfall rythmes from crowns containing galaxies. Gems from past dimensions. A bond so strong it has unbreakable status. Spits hieroglyphic scripture like a god from Atlantis

Us three be the omega like fish oil
This royal right be own no rentals
Owners of the cape express
He went from the mind you ate off the plate of fundamentals
Knocked on every door of the country's red rugs
We'll lay on floors
We walk and etched in like testament
And find the atomic number 79
On Vernon's periodic table we dine upon
Sittin' on thrones gettin' blown to bits

By our royal dime, fillet of fine dinin'
News from the east sire
Them east coast kings are still findin' ways to stay on
On for play on like a damn disease
Spread the word of Ramseys and fry up a pan of these
Salute down when day breaks
And give me my checks with the same first name as the cape
I repeat salute down when day breaks
And give me my checks with the same first name as the capes
We are royalty

We are an army of stars unleashed
The sky takes notes when we speak
Our capes move with the wind
Because of the wings beneath
This is royalty
The sky takes notes when we speak
Our capes move with the wind
Because of the wings beneath
This is royalty

De La Soul Lyrics

"Pain"

(feat. Snoop Dogg)

Pain will make it better
Tell me how you feel
Look over your shoulder
Time will make it real
Give me no excuses
I know how ya feel
Pain will make it better
Pain will make it better
Pain will make it better

Let me see how many palms go up high
If you've ever felt the world
Had you licked
And what you waving side to side to symbolize
Didn't help on the sand you wander quick
Big mama said "the Devil's up to no good"
But we can heal it on a Sunday with a good book
Or we can kill it on a Monday for a good look
Make it part of the campaign, to withstand pain
Me, myself, place it all on my shoulders
And give it my all, like heavy lifting
No gain without tears and sweat
They claim blue skies with white clouds, steady drifting
When pain come to get ya, it hit ya like flu
Better times will pick ya, do what you gotta do
To earn focus in the stormy weather
Come out the tunnel to the light saying

Pain will make it better
Tell me how you feel
Look over your shoulder
Time will make it real
Give me no excuses
I know how ya feel
Pain will make it better
Pain will make it better
(I heard the people say)
Pain will make it better
(I heard my people say)
Pain will make it better

[Snoop Dogg:]
No wetter, four-letter, mo' better
Slow pain, no gain, go getta
Change like the weather
Solid as a rock, small piece of leather

But well put together
Flames are endeavors
Time to find out that pain makes it better
Pain makes it better
Shades of epiphany, can't let it get to me
Move so differently, do it so swiftly
Ease into my style, lay mine down
King be crowned, look at me now
Teaching my classes by the masses
Used to gang bang, used to love the clashes
Now cash is the only motivation, but not for me G
I'm into public relations
That's food for you, De La Soul, word to the letter...

Pain will make it better
Tell me how you feel
Look over your shoulder
Time will make it real
Give me no excuses
I know how ya feel
Pain will make it better
Pain will make it better

The bigger the headache, bigger the pill
The harder you fall, stronger the will
We came from the back of the bus
Talking wast to mobile, now we're on a house on a hill
Stronger, while filling ya gas tank
The bank was feeling your loan
The OT coudn't cover the bills
When life came with a couple of spills
But we're gonna use that pain fo' fuel so...

Give me no excuses
I know how ya feel
Pain will make it better
Pain will make it better
(I heard the people say)
Pain will make it better
(You and my people saying)
Pain will make it better
(I heard the people say)
Pain will make it better
Pain will make it better
Pain will make it better
Pain will make it better

Your music means everything

Yo, a slow burn we are
Last long three man act to wake up your thermostat
Blood through the property line
Creative minds crossover and back
Scribble with my knife to earn that slice of life
Cut back, aim, shot the name wherever the price is right
The pain earned is the pain learned and it's talking like burn
Connect (to the same as it ever was)
Respect the lane cause it never flood, it's well irrigated
Looking for my vanity, it's there, the mirror hate it
State it, stop being an MC and give your verses more weight
For being just empty, thoughts are oxidised when I spit em out
And my lungs prefer tastes encrypted words laced to get them out home
We're removal service to get kings out the throne
(More hands on) With hands upon the neck
Of a voice magnifier over decks
The sound is found at the young's in the batch
Lovely how I let my mind flow
You can catch me in the early morning
Find me out with no yawning
Have it been asleep I'm on Q
8 in the corner pocket from the booth all 24 hours like it was our debut
Life edited my etiquette
Dreams beyond your eons
You can't wait this out
Start blitz, starring it's that crew who never call the splits convey lines made from outer spine
So the nerve of us to be so damned crushed
Grit like JDL and we sip from the grail
With a current course connect, so we not unsung
Just vets, this mission's undone

We've been doing this
We've been doing this
In true to this, it's Yoo-Hoo n' some tunafish
Catch flights, hit the stewardess
We've been doing this
We've been doing this

It's a honour and a pleasure
Rappers is not try and see me like a diamond tester
I'm all alone, I'm like a silent investor
Well dressed, my suit and vest is never polyester
Keep a shottie on the dresser
My queen look like a young pepper
Up in her plump compress her
My tongue is forever under the weather, however
My heart was still lighter than a feather
Culturally, snort em like cocoa leaf
Them niggas suck more milk - no tea
I'm on the low though in my Polo tee
The show cost money but the promo's free
My pen collection is interesting
No steal, still niggas will feel threatened
My genetics is comedic
Driven in lanes I was looking angelic
Psychedelic, if you was like it I can sell it
But I don't fuck with that sweet shit, I'm diabetic
This is rapping at it's peak
The bird steady yapping at the beat
Come for parakeet
You're not unique, you're no Kool Keith
Shit is more parody
You get with the hall of rhymes distributor
The verse might rend you an Ed Sullivan

New York City lights look dirty in July
4th, no fireworks will dangle in the sky
Like right there, feeling the night air
Promoting the fair fight
Square dance, men at the face off
Crooked eye letters from Madoff, apologise
Long journeys walking cold hard facts

Once you turn up there, there's no turning back
My cocaine flow's the flows that I crack
The hemline, versus all my land
What did your man?
They hard working through on the scale
I'm Joe Pressure on the disk, so messy on the disk
Puerto Rican mamis call me floppy
Leap a tall feeling in a single bound
Way over your heard like my ex-girl talking bout mind sex
(Well you're A dickhead)
Two texts away from aww shit
Cause I'm an old fart
Go campaign raise the age
Stay fresh like a pound of sage
That could rake the pound amount of figures
Watch the way they crown is staged
Sipped Crown but I was down in age
See the sailor took a sip so the whole ship drowned in grey
Classmates couldn't find a page
Had the answers written in palm over since power was played

"Memory Of...(US)"

(feat. Estelle & Pete Rock)

[Hook - Estelle:]
And it's so easy to fall back to the memory of
And it's easy to recall the good and fall into place
But you're not easy to love
I love the memory of...
I remember your face, I remember your way

[Verse 1 - Estelle:]
I remember you now
Part of my existence
I remember your face
You came in and got me
All in a day
Yeah, all in a day
I remember your lips
Do you remember the taste?
Remember family names
Your child, my child, our child
Whitney and Dwayne
Different to my world now
Remember the way
You gripped my hips so tight now?
Slow up the pace
Maybe erase, don't remember my words

[Hook - Estelle:]
Cause it's so easy to fall back to the memory of
And it's easy to recall the good and fall into place
But you're not easy to love
I love the memory of...
I remember your face, I remember your way

[Verse 2 - Posdnuos:]
How could I forget?
A ballad was born upon a demo of a fly love song
Didn't take long before the archer with the wings heard it
Shot us in the heart with a contract, he knew we were a hit
The right amount of soul with a parallel amount of grit
But the archer couldn't see the target of departure
Gave in your pink slip and called it quits
It's understood you would
Label me a mate who wronged you
Cause I kept wanting to feature
With them other females on they songs too
Your words spoken in mono for monogamy
Telling me I had to go cause I chose

Stereo for stereotypical male biology
And now I'm left setting traps
For you to fall in for me again
Who hates you to tell me
"Slow up the pace, maybe erase, don't…"

[Bridge - Estelle:]
Slow up the pace
Maybe erase, don't remember my words

[Hook - Estelle:]
Cause it's so easy to fall back to the memory of
And it's easy to recall the good and fall into place
But you're not easy to love
I love the memory of...

[Verse 3 - Dave:]
Our last trip to Vegas had me feeling like we had a chance
But chance just showed up at the wedding
I guess I didn't read the heading
"Forgive and won't erase the bitter past"
But I ain't up for kissing ass
I bought you everything your pretty feet could fit in
Put you behind the finest steering wheels
Fearing you would drive a nigga crazy
Told you grow up, but shit, you was my baby
Bits and pieces never made nothing decent
When I accommodated you, you played me like a stranger

[Bridge - Estelle:]
I remember you now (Accountability is major)
A part of what I did then
Remember your face
Just don't let me trip over memory lane
Cause time can't be replaced
And I don't want to stay

[Hook - Estelle:]
Cause, oh, it's so easy to fall back to the memory of
And it's so dah-dah-dee-dah
Dah-dah-dah-dah-dee-dah
It's so easy to fall
In dah-dah-dah-dah-dee-dah
Remember your way
Remember your way

Beach boy bonanza, sunrise, get up
Surfin' on a curb from inception of a set-up
Planet in black granite, halos above it
The autopsy can't top me, beloved
Dissect survival, passed on a whisper
Placed on the mother who shunned, now it's the
Boys who shot joy inside the violent
(Hell from New York) with a mars inside it

[Dave:]
This is for the bottom of the deck (yo, who got squad?)
They call us the the little goat cheese (let's get the engine, baby)
I rev it like Run, the squint in the sun
I bet you bottom dollar I get louder than a bomb
A pH balance, son, I walk the phenom
Like typo, might go, dope in the stash

[Posdnuous:]

Crooked counterfeits (keep it straight cash)
Crooked counterfeits (keep it straight cash)
Crooked counterfeits (straight cash)

Hey guys I got your mics
- About time
- What up man?
Who's mic one?
- That's me
And mic two?
- Thanks
- Let's go
Let me get this door for you
Good luck guys

One two, one two
(Hey) Yo Mase, you ready?
Mase is ready!
Yo y'all ready
Yeah they ready
We bout to burn this shit down

Yo, there's a fire in the kitchen, it's like nine cooks
The Kool-Aid got spiked with porcupines, look
Rode into Rigo, this ain't a fast track
Your tickets ain't straight, TSA your ass back
NASDAQ, IBM, the big honcho on the block
Bitch, I be him
The rock mega death, we gonna kill the Kane
Fuck everyone, bitch, bring everything
Swing like a mandolin, this ain't a sex toy
This ain't spanish fly, this hot shit
Push the dagger in the devil's eye
Slick Rick, yo, get the big dick, yo
Blow the dust covers, pick the age on it
A nose full, sniff a Rose Bowl full
New game, new players, new year
The hardest rock shit you gon' hear

You can save your soul
If we are no more
Suffer the consequences
We are the way the Lord intended

Her ass, she got it from her momma
Tits from the doctor
Fingers fiddelin' the puss
She looks like an Octa
Fresh off the pole, hanging from her hook

I'm in her Grassy Knoll to hit
Just to say that I cocked her (click, click)
My hardware is progressive
My sex crime language is leaning on obsessive
The Lord looking down, judging, the room needs smudging
But I'm over your stars screaming the moon ain't budging
Ain't from Hollis, don't need to tell you who is
But who it here raise hell, they be like "you kid"
I'm ambidextrous, liken to Dexter
Lyrical blood splatter over the texture
We live by that code, not to regret living
Electric guitar sparks and ignites gun powder
A sabbath ain't black enough to call my bluff, bitch
The killswitch just turns it louder

You can save your soul
If we are no more
Suffer the consequences
We are the way the Lord intended

Fuck everyone
Burn everything
Leaving an impression not just a dented legacy
Fuck everyone
Burn everything you see
[Not just clinging to the planet powerless to avoid
That cataclysmic impact of a massive asteroid
(Fuck everyone, burn everything)
Fuck everyone, burn everything
Never to surrender to the cosmic schadenfreude of only
Meeting your creator on the day you are destroyed
(Fuck everyone, burn everything)
Just as the Lord intended
(Just as the Lord intended)
(Fuck everyone, burn everything)
(Fuck everyone, burn everything)
(Fuck everyone, burn everything)
Burn everything
(Fuck everyone, burn everything)
Burn everything
(Fuck everyone, burn everything)

De La Soul Lyrics

"Snoopies"

(feat. David Byrne)

[David Byrne:]
In a hundred years from now
We will not recognize this place
The dollar store is filled with love
The parking lot is full of grace
Now, judges put their snoopies on
With glorious and true restraint
A child is gonna rule them all
Said the prophets of the human race

Hey now, can you picture yourself
Hey now, in the physical sense
Hey now, a subcutaneous thing
Hey now, like a mother and father

[Dave:]
Pan Am trips, circa 76, the Ritz
Papa hit the belt, to pick up at the JFK
I judge nothing, I let her know, AFK
I'm off the front porch and the front screen
Two shocks on my back, the wise look mean
They told me slow down, baby, but I'm a lummox
The 8-ball said, Dave, you in the wrong lot
Move like sloth, cut cloth with new scissors
You thinking too big, I call Nell Carter
Somebody give me a break, cut ya toe up
You put both hands up, I put four up
Can't teach a fast dog how to stand still
Mano e mano it's the hand to hand still
Somebody give me a break, the clutch went out
Tags slap hands, I'm about to man out
Can't teach a *[?]* how to stand to still
See y'all tomorrow for the man to man

[David Byrne:]
Now that was all so long ago
See the babies, they are running wild
If you get too close, they run away
So tonight we better stay inside
So whenever things don't go my way
I simply put my snoopies on
I'll share them with you, I don't mind
Let me be your microphone

Hey now, can you picture yourself
Hey now, in the physical sense

Hey now, a subcutaneous thing
Hey now, like a mama and papa

Will I ever get tired of this
Will I ever get turned around
Will I ever get old of you
Give me a break now, the clutch went out
Will I ever go back again
Will I ever get used to me
Will I ever be smart enough
How do I know if I'm totally clean?

[Posdnuos:]
It's the elastic youth, coming to size up your plastic troop
Keep a pot of caution, boil it in the hot
I wonder why, so why not
Move like a used car and you get used up wherever you are
So they say me and my crew get it new all day
Couple of shots of calamity
But don't mess with the gram to be sniffed
Too messy for the ego, when you come crashing
There ain't no airbag to dash in and catch ya
She goes down and I look down
She looks up, I don't know what to say
Yo, do that shit, yo, do that shit
But she already done done it anyway
But yo, do understand under the man
Lies another line set of value, open a shape
So when I'm speeding too fast, it don't match the brake
(Car braking hard)

De La Soul Lyrics

"Greyhounds"

(feat. Usher)

[De La Soul:]
Fresh from a bible belt town
That's what she's givin' up
Not really livin', just flesh comin' off a greyhound
Right at a blink of an eye he provides her with charm
Hides that he is a shark
Suggests a few apartments, never hints to the home
That's what he wanna do
She just wanna new zip code for an old dream
Lost in an appetite now the big apple might
Find her habit of a queen
Feel the negro that's filled with an equal match road
Destination unknown
She's Little Bow Peep
And her and her whole sheep gonna have their wool unsewn
Now the wolf give a push
Now watch her jump in with two feet
Blue heat don't know how to swim through the limbs
Everyone huggin' her, tuggin' her
Ride on the merry-go-round of four drinks and two white lines
Go fast with the fast life so she needs more
One fun fix, now a daily chore
Provide the score, written and produced so perverse
He's a pro well versed
Told her that the purse that she want
With the shoes that she love and the rent that she need paid
Can be earned with speed in a day
Escort on the high class side
Champagne glass rides
White snow waterfalls, oh how time flies
When you're flyin', crash and burn
She learned that her soul was dyin'
That's worth savin'
She's cravin' that bible belt town
So she crawls back on the Greyhound

[Usher:]
Next stop, NYC
Take your seats please
I know exactly where you're goin', I can see it on your face
I know how to get there
And I give you my word that I get you there safe
I don't need to check your baggage
I don't need to know your name
All I need to know is
By the time you arrive, you'll forever be changed

[De La Soul:]
Fresh new Gucci belt, bound
Fast to the city scape
Dash to deliver fate
Stashed in this duffel bag, proud
It's no scaredy cat
Life was always spared in thy name
That the gamblers fold
No chips if the scramble got cold
But them warm cushions and them soft bus seats
Push that second thought along
Beneath the roof of a Super 8, he sleeps till it's night time
Then connects in the streets like a pipe line
In dark shades he supplies dark brigades
Of lost souls with his chemical morsels
He's no lab tech
He was born into a legacy stretched from Aztecs and beyond
Assets he was drawn to
Had him spreadin' the wool over his mother's eye
He's the black sheep
His pops career driven, he's the backseat
The man on the wheel that cruises on sunrise
That the man brought eyes to his pay per view
Kind of paper make a fool shoot his statement through
And take the label too
Till he's can't *[?]*
Till a pancake pocket change the landscape
Take a short visit home in the town
It's time to re-up, it's back on the Greyhound

[Usher:]
Next stop, NYC
Take your seats please
I know exactly where you're goin', I can see it on your face
I know how to get there
And I give you my word that I get you there safe
I don't need to check your baggage
I don't need to know your name
All I need to know is
By the time you arrive, you'll forever be changed

By the time you arrive, you'll forever be changed
By the time you arrive, you'll forever be changed
Forever be changed, forever be changed
So watch where you're goin'
And this food you're chosin'
I don't need to check your baggage
I don't need to know your name
All I need to know is
By the time you arrive you'll forever be changed
Forever be changed, be changed
You'll forever be changed

De La Soul Lyrics

"Sexy Bitch"

Once upon a time for the minute by the shape of the hour
The unify finds divide in the power you
He talk us in and work us way in and devour you whole
We all know the power do
Damsel in distress, she's not
She lay a muzzle in a jigzaw puzzle
Meaning she's a straight shooter
Shooting straight in your vein
Leave your heart all tatted up
Own the blame
She lives by the name of a sexy bitch
The scratch to my itch, touch capability
Angelic lips, devilish hips
Manage to make a sandwich of a power utility
You feeling me?

Ey yo yo, what's up lady? what up?
Come here for me, come here
Oh, you ain't gonna stop for me? Word! Bitch!
- Should have never did that, atleast not to this one
Man that bitch wasn't even trying to holla at me
- It don't work that way, baby
I mean, I look good man. Man that ass fat
- You just can't look so dusty
What?
- In my days you gotta be versatile, you know
Versatile, huh? So what do you suggest I do next time, old man?
- Don't even look, don't waste your time, baby

De La Soul Lyrics

"Trainwreck"

Don't walk out there with your hand open
Good things come to those who wait
She don't even care about who she is
She don't care about nothing and nobody
Because no class, no representation
Might take on the days woman
You've got so many different flavors
You've got so many different types
We the package deal
Can't go wrong with that
Knowing how to cook a good twenty-two pound ham
Whooty-who
Nothing like a tall six-foot-five woman
For a short man like me
To fill up a good waterbed
I'm only sixty-seven
I still got lot more time to find the right one
And you do need to find the right one

She move forward like proceed
Keep heads up like nosebleed
A piece from the East, from the norm
But she off of the chain
So she cover all globally
Never be touched, so I'm holding
Bullets found a target
The gun know me
The past life bags from my memory
A fan of a large and i'm a member see
I give it to her like that fool
Sucker for love
Yeah I'm that dude
When she's on the wood
She give good oral
When I'm not with her
I get withdrawal
Lord
I'm half a man without a one to call
She claimed a mathin' man
She's a wonder-doll
She keep me floored
Pack an iron-snake on thirt(y) rims
She like the snake in her bird-tim
I'm addicted by design, a fiend
If she ever try to cut me from her team

Don't turn your back

When she's on that track
Watch out for that train-wreck
Cause when she come
You better watch your back
Watch out she's a train-wreck

[James Brown Sample]

She had me at Star-bucks
Sippin' frappuccino
I wanna grind on that coffee-bean
A couple cups of that joe is a pep-back
She'll be swinging on chandeliers
Baby got that skin
I can handle years
And I won't mind if she fucks asleep
Her mouth game is like Rap-A-Lot
Her Facebook say that she aim at this rap a lot
Online surfing for them beach boys
To bring the sand under her feet boys
She my rock bottom like last offers
Wouldn't write me off like the last offer
Even though she a bomb scare
I'm standing right here
I'm right here

Don't turn your back
When she's on that track
Watch out for that train-wreck
Cause when she come
You better watch your back
Watch out she's a train-wreck

De La Soul Lyrics

"Drawn"

(feat. Little Dragon)

[Yukimi Nagano:]
Shadow you're drawn, why don't you go?
In the corner babe watching the snow
Moving afar, rolling away
In the corner, believe, why won't you stay?
Won't you stay babe? Won't you stay babe?

Oh, I never know what come around
I never looked ahead
I'm wreckin' rules and it's pulling us down
The words I wished I'd said
Shadow you're drawn and you got your ways
Shadow you're painted red, red

Moving afar, rolling away
In the corner, believe, why won't you stay?
Won't you stay babe? Won't you stay babe?

It's drawn, it's drawn
It's drawn, it's drawn
It's drawn, it's drawn
It's drawn, it's drawn

[Posdnuos:]
One, two
Yo, I'm with the paper plate, hold
Too many dreams, a paperweight took a toll
Food on the floor, not on the wasted or knew
Or what's being pasted and know that it's not a copy
I own a prize instead of gas price
Lyrically wonder why I travel past the nicest
Born in a generation that don't generate patience
I travel too fast for you to clock me (time)
Not always a good thing
You can lose the love of your life to a lifetime of love on tour
I didn't mean to be a whore but my hormones
Had me like a fiend screamin' "What you got for me?"
Two words (I'm mortal)
But the fans slid 'em both together and remove the apostrophe
Hip hop's lords maybe but my ways needs laundering
Time's a-ticking, stop squandering!

De La Soul Lyrics

"Whoodeeni"

(feat. 2 Chainz)

Your music means everything to you

Bullet bring the gun, why pull it?
Shoot words to see who's full of it
We from the same place, land of the game face
Plug signs on the jackets
Give props, yo, like a Prop Joe package
It's illegal
How those kids can come from out of the slums and live so regal
Lose it all on a prayer to the ego
Before the loss we earn for the cause
Toast to the life though my liver won't endorse
Currently in time and my enzymes
Are in sync to digest the brink of armageddon
The bedding's over the mattress we lay with the actress
For social media to swallow us
Watch them rap peers who don't reply back
Cause they think we gon' snatch up their Twitter followers
That's some female type foolery
And your females like glue to it
She know it, the scent of a poet
Police buy restraint to cover all the angles
A nopera of operations
See one got all you in your crew all confident with courage
We'll be there jumping your square record
You be like "check it, they stretched the shit into rectangles, damn!"

Dance, freak, get out your seat
Show me that you is a real whoodeeni
Get loose y'all, get up now
Everybody, everybody get down
Whoodeeni, whoodeeni, whoodeeni

[2 Chainz:]
Born institutionalized
My homie from N.O., find his crib with the roof on the side
FEMA asking for an address, but ain't no mailbox
Nothing left to do out here but to sell rocks
Now they got cellphones inside of the cell blocks
And my cousin on parole cause he sold Glocks
My cousin is so stuck
Told you we have more soul than James Brown
Wearing a gold watch that obviously don't work
Used to go home and rob niggas for homework
See if the chrome work
Might call your girl to see if my phone work

I'm a hood star and the trophy is a gold vert
Mouth full of gold teeth
Niggas might end up obsolete if I'm four deep
Real nigga for real bed full of new sheets
Bedroom floor filled up with the loose leafs
This is a war zone, me and a two-piece
Put another head on and make it a new piece
She be like "ooh wee", I be like "ooh wee"
I love myself so much I'm a groupie
Everybody know my verses is pookie
Had 'em all strung out like it's a drug house
When I'm in the booth I'm MJ with his tongue out
When I'm in the booth I'm Kanye with a gun out
Run in your mom house
Then I'mma lean sideways and burn out
All natural, I hope you got the perm out
I've been straightening that shit
New niggas came and tried to hate on that shit
I'mma use it now, I ain't waiting on shit

Dance, freak, get out your seat
Show me that you is a real whoodeeni
Get loose y'all, get up now
Everybody, everybody get down
Whoodeeni, whoodeeni, whoodeeni

[Dave:]
Big drawers, where the big drawers at?
I got a case of the little head controlling the big head thinking
Played Honest Abe in the back of a Lincoln
Chopped down a cherry, American Pie varied
Next day she was on my Snapchat sexting
Had her bunny hopping a quick ten seconds
Dear Lord, forgive a nigga, I've been down with doubt
Had the frog legs, now I'mma knock this piggie out
Now Dave like to cuddle, but Dave don't play that
Like Dave had the ring, listen, Dave ain't say that
Courtships to door steps to gettin' ass, and if it's one of my broads
Keep your feet off the grass, size eleven the gas
Mash that potato till we lay in the grass
She mellow like it's a picnic
If she the mermaid, give her the fish stick
First class flight, shoot her out to the district
Wait, cancel the stallion, hold your horses
Kickstart your life and cut your losses
Look how we did 'em, ma, your boy still got it
I quit drinking, I quit the narcotics
Life's a bitch, but she seeing a therapist
This hip-hop done dilly to cameras, huh
We got stoops and *[?]* to sit on
Bitcoins Vivian Maese to bid on
But we cautious
Never undermine the hate and turn the spell on your evil forces

But this ain't the cha-cha two-step
Been a rider ever since the Schwinn gooseneck
The buck stops here, there ain't no who's next

Dance, freak, get out your seat
Show me that you is a real whoodeeni
Get loose y'all, get up now
Everybody, everybody get down
Whoodeeni, whoodeeni, whoodeeni

De La Soul Lyrics

"Nosed Up"

And in from the door steps a dumbass struts the fool's gold
Know-it-all, and you wear it well
Funk-less in full length
Too square to stand for anything
Somebody get that man a chair

[Posdnuos:]
No matter where you opt to sit, the opposite-attract law don't fit
Repel even the docile
Always showing your nostrils, got em hostile
The way you're so uppity, till someone barks on ya
You get puppy feet
Quite a laugh, cause you don't know half, but act like you own a puzzle
And everyone allegedly under you, begging just to guzzle from your fountain of fresh
(Hashtag)
Fuck outta here, they rather stay clear
Roll up the papers and pass
While you turn your nose from the smell
Like Stanley on Fridays
Saying we should stay off the grass
As if the lines you sniff is more healthy
Delusions of prestige is not where the health be
B, you need to get it together
But nah, here comes you, part Frank Drebin, part Mr. Magoo
Stay stepping into trouble
Oh so *[?]* when you're repping for your bubble
But bubbles can get popped, exposed to reality
Watch the words that drop
There's not enough salary to cover the check
'Fore you're behind on cash
People can see you coming like 9/11 ash
Toxic till your last days
And with your shady maneuvers
No one will include you where they ass stays

Behold your royal highness of sinus
It's near 100 miles of running cause your nose needs plumbin'

Captain Nose-dive reporting for duty on the good ship Handkerchief, all aboard
And that goes for you too, Nostril-damus

He who knows nose
And from the from the rooty to the tooty he defines snooty
Somebody asked me the other day is the brother a brother
Does Kleenex wipe?
Yeah I see that

[Dave:]
Like you got one eye on top of your third
A star is born but whose claimin' that birthright
At first sight you the well dressed Park Ave sachet
Acclimated to the scent of your own tail (the bullshit)
The same bull that rage when the buck stops
You'll be walkin' on clouds but that's a smoke machine
See your dineros can't buy bliss, you high fist then
Turn into you flippin' the bird
And every man under your wing
You build your nest egg but you was spoiled rotten
Forgotten you can get robbed of your fame
Beak out like pelicans
You relishin' the fact that you stand feet from stardom
You bargain astonishin' antiques in this modern way of livin'
So tight and not a half size forgivin', you takin' the piss
You got a butler in duplex
Them two Tecs and our God won't protect ya
Can't stay in them white gloves for too long Mr. Handyman
Canaries don't chirp in your candy land
Give them motherfuckin' pigeons a hug

And then he strolls through the valley of dark
Nincompoop, simpleton
Stranger to his own father
Seldom down to get down

And just never stays up
Well, I'm yours son
We talkin' up there like a satellite

Species: canis lupus, unfamiliar
What's happening, dog?
You smell more like pig to me

La-la-la-la-la
Do-do-do-do
Be careful with your nose bro
La-la-la-la-la
Do-do-do-do
Be careful with your nose bro
La-la-la-la-la
Do-do-do-do
Be careful with your nose bro
La-la-la-la-la
Do-do-do-do
Be careful with your nose bro

De La Soul Lyrics

"Here In After"

(feat. Damon Albarn)

Cause we're still here now
Cause we're still here now
Cause we're still here now
Yeah we're still here now
We're still

Basic or Asic
I ain't tryna waste this
Took a long time cryin', cryin' ain't a crime
I got my mom, she passed away, my daddy ain't alive
Before they murdered Fudge I prayed for more time
Had y'all on my mind all week
I missed the last
They say a better tomorrow is to sacrifice the calf
Keep that cow in the pasture, knife in the drawer
It's been a long 40 days, it's gonna take 40 more
Make it through losin' love, sorta like rock few
I made the limits, I thought that I run the gas out
When you took your last breath, I only passed out
Laid in the better place but that left me ass out
Hearin' that voice goin' dependent on memory
[?] is fakin' now and I need that energy
Fake to perfection flesh, I should be thankful
From neck to ankle I'm physically *[?]*

Cause we're still here now
Cause we're still here now
Cause we're still here now
Yeah we're still here now
We're still

Dreams
Out of eternal dreams comes delusion
(Cause we're still here now)
Ride into our *[?]* Rolls-Royce, brown
You silver shadow yeah
(We're still)
Order now beers and wine and if the bar stool's empty
(Cause we're still here now)
And time is a dogma you can't escape
You can't escape, you can't escape
You think you know it, careful what you search for
Stare it in the face
(We're still)
Seasick on Pacific swell
I did it to myself

Stare it in the face
Next day radiant blue

How you gonna recognize it?
Think he cried more than me
How you gonna let go?
Just lookin' at, starin' at his face
How, how, how, how will you ever know?
Just lookin' at, starin' at his face
How will you ever know?
Think he cried more than me
Starin' at his face
Hey, ah, How will you ever know?
Starin' at his face
(Out here the only one)
How will you ever know?
How will you ever know?
Starin' at his face

Instead I hear your voice
I hear your voice
With me
With the way
Gone for now but here to stay
But here to stay
I will always place your memory
For now

De La Soul Lyrics

"Exodus"

It's the years that we own and we earned them
See the bridges we built now are burned down
Even though a few friends just returned them
Shit and shit there we affirm them
Go the path and as always the righteous
We know darkness
So we wipe dust
From our eyes, no surprise when the broom come
We do night like the honor, the moon, sun
People think we are linked to the solvent
Of the problem that's revolvin'
Around music today but it's not true
We just do it our way cause we're not you
But we know you
We embrace you like brothers, we stow you
With an outro that's also an intro
For the east, and the west, and the central

It's the years that we own and we earned them
See the bridges we built now are burned down
Even though a few friends just returned them
Shit and shit there we affirm them
Go the path and as always the righteous
We know darkness
So we wipe dust
From our eyes, no surprise when the broom come
We do night like the honor, the moon, sun
People think we are linked to the solvent
Of the problem that's revolvin'
Around music today but it's not true
We just do it our way cause we're not you
But we know you
We embrace you like brothers, we stow you
With an outro that's also an intro
For the east, and the west, and the central

It's the years that we own and we earned them
See the bridges we built now are burned down
Even though a few friends just returned them
Shit and shit there we affirm them
Go the path and as always the righteous
We know darkness
So we wipe dust
From our eyes, no surprise when the broom come
We do night like the honor, the moon, sun
People think we are linked to the solvent
Of the problem that's revolvin'

Around music today but it's not true
We just do it our way cause we're not you
But we know you
We embrace you like brothers, we stow you
With an outro that's also an intro
For the east, and the west, and the central

We are the present, the past and still the future. Bound by friendship, fueled and inspired by what's at stake. Saviors, heroes? Nah. Just common contributors hopin' that what we created inspires you to selflessly challenge and contribute. Sincerely, anonymously, nobody

Mark of the Beast

Beast 1333 - Mouth of Madness (Illuminati) lyrics

[Verse 1]
Worshiping Jesus, praising Allah, they praying to Buddha
It's a holy war in the age of computers
Revenge of the Arabs, Castro probably dying in Cuba
His brother through marriage, his destiny is Raul the ruler
The English is with us, North Koreans testing the waters
They sons and they daughters
Are training for American slaughter
The planet is hotter, getting hotter, hotter than lava
If I had a dollar for every time they mention Osama
The wicked are winning, the cunning are coming
They hummin', out gunnin'
The Jews are dropping bombs and they blowing up hundreds
Chavez is tripping, Venezuelan oil conglomerate
Up in Alaska the pipeline is polluting the continent
Hell with the Vatican, Benedictus conflict with f*ggots is
He don't want them changing or arranging up marriages
Babies in carriages, twisted by domestic disturbances
Urgent emergencies freakin' all your neighbors and urban kids
Hell with they purposes, gasoline is peaking and rocketin'
Is the Arab and Israeli conflict really the problem?
Just look at Obama, he shares an ancestor with Cheney
We living in horror, the television wiling for ratings
I'm tired of waiting, I got a feeling something gon happen
Ain't nobody skating, I dreamed about the splitting of atoms
I really can't fathom the chemicals our food is containing
They grabbing our children
And sticking them up in basic training
It's so entertaining to witness all these millions of people
Just gather together and worship all those symbols of evil
Let's start an upheaval, and gather in our secret societies
There's something primeval inside of me that craves notoriety–
sh** on your blessings

They tortured me in school with they lessons, and sat me in front of a man, and made me give him confession
This country's oppression's got us going through a recession
Your worldly possessions will all be taken soon with discretion
They k**ing in Burma erasing more than half of they populous
Choppers is drifting across the Gaza strip, and they mockin' us
People are screaming, the gun it bucks and scatters its metal
You know you ain't dreamin', it's just another day in the ghetto
[Verse 2]
Okinawa Hiroshima pulmonary emphysema
Soldiers up in Iwo Jima didn't need no help from FEMA
Chosen men with battle scars, galactic rhyme your battle star
Poison rays that travel days
There's many ways to land on Mars
Now they k**ing us with cars cause they overlook the fumes
Baby food that comes in jars fed to infants causing doom
Hit the lights and leave the room, people running in the street
Armageddon coming soon, microchips control your sleep
Scan your wrist and pay your debts, the sky is full of flying jets
Mixing clouds with chemicals, amazing we ain't dying yet
Every time you wash your hair or brush your teeth you dying quick. Every time you eat a hunk of steak and take a giant sh**
Every time you feed your kids I bet there are preservatives
And every time their major plan is always trying to murder us
The streets is full of mercenaries waiting for they time to k**
Worshiping the pyramid that's found upon the dollar bill
I hope you understand for real, again I'll never say it
We only have till 2012 before they come in spaceships

Beast 1333 - 113 Bars lyrics

Get my mothaf**in hands on this Beat (Yeah n***a)
I Told ya I was gonna get my hands on this Beat (word up)
Ima go 113 bars (On some real Hip Hop sh**)
113 (lets go!)
Ima fighta not a Lover
Yous a lover not a fighta Pai
Im getting Real Swole
Like I had a lot of Spider bites
Now throw your hands Up
Like your caught Up in a Stickup
Ima go over your head
like Jordan in a game of Pickup
And it aint really my fault that I stay Tighter than a Coochie
And it aint really my Fault that I spit rawer than some sushi
But I think it is my fault
Already Grown I know the Dilly
Cause I'm street
And I touch more White than the name Billy
More white than the name Sally
They call cause they want Brittany
I hit em with more Baggies
I keep em along with me
If something is wrong with me
Let the devil be my keeper
When we die they put us in a box
Like a pair of sneakers
And I think it's time for you to hang it up
Just like a Celly
I Done been Down route 46
And hit up all the Telly's
I Done did my share of dirt
Prolly smoked a ton of weed
And I never hit the brakes

Just like the movie Speed
What is it that these people Need?
Do they want me to destroy it?
When I walk into a Room
People rise like Unemployment
I'm a vision to Behold
When I'm rippin up the Stage
Spreadin myself out for the Bread
Like a glob of Mayonnaise
If we was still makin Records
Then I prolly melt Wax
I'm similiar to Dope Fiends
That make Mad Tracks
Listen I am what you Lack
Listen to my Whole Collection
Throw my stickers on your Car
like if you Went and Pa**ed Inspection
Rep your local Emcees
even though they dimes a dozen
Cause, some of them is sick
Like when you f** your Cousin
First it was and then it wasn't, Yo this is isn't what you think
I do this involuntarily Like when you Blink
Ima drop a couple clues
Let me drop a couple hints
Can't you see I am unique?
like a set of Fingerprints
Aint nobody got my style
Aint nobody got my Grunt
They get co*ky for a while
then get Sloppy like a c*nt
I'll be waitin out in front
like if you Went and called a Taxi
Why you riding shotgun?
when we treat you like the Backseat
Absorb this like a Maxi
Ima leave you in the Hudson
And I do this for my children
So i can Cop them Teddy Ruxpin's
come up against a Masta!
its, Rappin is my Expertise
I think yall got it f**ed up
like a Hookers Knees
Look at them and look at meI

is there really any Competition?
Calmly I'll defuse the situation like a Bomb Technician

I'm the Type of person that demands your Respect
Your skull is empty inside like a m**m Discotec
I'll suffocate a Python
and poison back a Rattlesnake
But I got a Softer Side
my little daughter Rattle Shake
Daddy playin pattycake
I'm lethal as a Ginsu
You goin have a rough time Like all the sh** I been Through
My tongue is Bleedin cause my words emerge as sharpened Razors
Lines Be
Cyanide that Travels through the vents and k**s the Neighbors
My pen is vader saber
Chop you up and k** you Later
Time is ticking like the gut on Peter pan's the Alligator
I'm the procrastinator
Chopped off my Umbilical
Because of paranoia that my mom would take my Lyrical
It's gonna take a miracle for me to get to the top
All I gotta do is keep it movin
like the hands a clock
And spit nonstop, and show you what I got inside
Stay current, stay fresh like bodies with Formaldehyde
Use the left lobe and right lobe and coordinate my Brain
While ya'll falling out of Favor and Fame like Corey Haim
This a game then I just Won it Man
I grabbed the ball and Ran It Man
I came here to Exterminate it
And take you out like Taliban
So tell me what's the matter man?
your off Point like Weathermen
Everybody got they top 10 like David Letterman
Ima be up in your top 10
all in your Graces
And you'll never find me in the same spot, like Different places
Lets take this back to basics
you Could learn a couple Lessons
I'm about to buck shots, like if I rolled with Smith and Wesson

Usher in all your Confessions
feel the Pressure you wont make it
While I'm layin In a Telly with your baby mama naked
Had to splack it, I can't take it, disrespect your Way of being
There's an energy that happens when 2 people are agreeing
Lets agree to disagree and walk the path Until it splits
But the path will leave scars on you
like Silicone Tits
Bland your Like a Bowl of Grits
man I know I got the Vision
And I'm livin high definition like a Television
Take it all or take a smidgeon
and I will go down in History
I swear to god I'll give my life for this and Claim for victory
You crackling like hickory
I'm Hotter than a Fireplace
The first place I smoked a blunt was probably a Firescape
Beast from the north aint a Chump I go Hard
And I probably got more Power in my Voice than your God
Say B.E.A.S.T
B.E.A.S.T
B.E.A.S.T

Beast 1333 - Angels and Demons lyrics

Yo, there's Aamon and Abaddon
And Ekimmu from babylon
Pazuzu was sumerian and fought against the Metatron
There's Abalam and Alawar and Azazel the Canaanite
Mephostopheles was humanoid and known to fly at night
Agrat Bat Mahlat was one of satan's wives
Go head and call him Azriel it's Beelzebub that rules the flies
When skimming through the alphabet of demons you see Baphomet
Dantalion's with Solomon reclaiming all his pieces bet
Set is the demon of storms you see
Evil is evil and takes different forms believe
You me there was Astaroth the ugly
And Belphegum the moabite diseased his skin was bubbly
But the biggest one is Lucifer the morning star
The enemy the tempter the accuser
Come to lay the law
He came to legions of this evil
He's the prince of the earth
Unleased a couple demons but the angels
Where there first
HOOK (2x)
Angels & demons are living among us
Angels & demons a**emble in numbers
Demons and angels they been here forever
Flame to they halos the Ebekenezer
VERSE 2
You heard about the demons
Now it's time to mention angels
The Cherubim the Nephilim the ones who wear the halos
There's Camael and Ca**iel, Elijah and there's Raphael
And Michael who's the total opposite of angel Samael
There's Israfel who's musical and Adonai who's Elohim

And Mitatron who gets it on and talks to you at night in dreams
Nathaniel always hiding things
And Ca**iel's in seventh heaven
When your born it's Layla who protects your mom
And saves your melon

Rachmiel is merciful and Rachiel is s**ual
This track was made for hip hop geniuses and intellectuals
Cathetel protects the vegetables and Duma's silent
Know this well that Jophiel's the angel of enlightenment
Uzziel is faithful up in space I pray to Forfax
Zuphlas is the angel of trees
So we pray to him for more sacks
Got to end this with a
Chitty bang a lang a dang a diggy dang
These angels coexist with man it's all part
Of a bigger plan
HOOK (2X)
VERSE 3
We are the son of man the model of perfection
Appointed guardian angels at our birth for our protection
According to the Romans Satan wanted his revenge
Because Abdiel defeated him and cast out all his friends
And the lord said unto them that by the blood of slaughtered lambs
That they lost they place in heaven
So in turn they torment man
In the Bible in the Torah and Koran they have they mentions
In reality they holding on and molding this dimension
So just follow intuition
Quietly you feel there essence
This is just an invocation
I get goose bumps in they're presence
There is darkness there is light
There is day and there is night
As vibrations tickle frequencies
I never trust my sight
Keep walking toward the light
The stench of sulphur
Nearly chokes you
It's the devil playing tricks, training the demons so they coax you
There's a battle taking place

We the people are the prize
Bite the apple have a taste
Watchful are my fathers eyes
HOOK (2X)

Politician Counterfit, Politician Led Astray
Politician take a Shit On America Today

Yesterday came and went It's today that's Imperative
And why is it the Presidency that's always Inherited
It's Evident that man, will be treated Equally

Welcome to the Melting Pot welcome to the Hell the Hot

Beast 1333 - Holographic Universe lyrics

1st verse - Beast 1333
They missiles flying guided
Inside a world divided
I'm a lead up the Resistance
That's already been decided
Nothing will divide us
Egyptians used to get around in gliders
Trapezoids abound
There's pounds of blood and guts inside us
Arizona Wilder said Diana was a sacrifice
Bringing in the age of Horus
Pentagrams have appetites
Slaughterhouses, Abattoirs
Meatworks, Cattle Prods
Depopulation and HIV by John Rappaport
Umbaba Samahongo, Jahbulons a strange god
Great architect of the universe in a space pod
Oak leaves, Fasces, Nazi's, and V signs
Symbolisms everywhere its all up in the designs
And every time a peace sign is thrown up thats the devils claw
Did you know there was a base under the Denver airport?
Art Bell, George Noory callers with they war stories
Hotlines from east of the Rockies with all the ghost's gory
Diabolic Scientologist sedated
L.Ron Hubbard mash potatoe brain the famous
Mother of the Darkness
Castle hallways are enormous
Near the village of Muno in Belgium
Next to farmers
They programmed children
Inside the walls of that satanic building
Referred to as the Castle of the Kings
By all the noble guilded

Male Phallus, Upright Pillar and a Chalice
With a blindfold over the eyes and a balance
Theres cloudbusters, shooting quartz up at chemtrails
Applaud a vagabond dog as dog eat up your entrails
Iron up in Enfamil
High as hell of Seroquel
Depakotes a silent k**er
Rosicrucians loving hell
The Beast has risen
This underground this ain't commercialism
Women feeling good about themselves
Injecting botulism
Chorus:
You can't hide from telepathic mind control
You can't run, Draconians enslave your soul
Polar caps melt, you see the coming of Planet X
Reptilian beasts. they come to take our planet next
You can't see when so-called leaders hide the truth
You're not free - Illumitati holding the proof
Prepare for nuclear bomb blast the coming of armageddon
Strip the chip from your palm fast and send devils to heaven

They Hide and try
To Keep us Away
Away from what is Real
With Propaganda on Television Sets
I already know the Deal
There's Special Information
Even Hid away from Presidents

And the Monsoons are all a Product
Of Weather ManipulationRun by H.A.A.R.P
In they Arctic Alaskan Battling Stations
Yo it's all a Ruse

It's Fox News
Keeping us Confused
I look for Clues
As Children are Injected with the Liquid Flu
(Hook)
There's Cities Underground
With a whole another Race
That We'll never get to Meet
Never Get to See they Face
That's Above Top Secret
(SSSHHH!)
Cuz it's Above Top Secret
(Keep it on the Low)
There's Knowledge that is Kept
Far away from all our Minds
Cuz they Keep the People Dumb
And they Keep the People Blind

Cuz it's Above Top Secret
(Keep it on the Low)

(Intro)

They control our Whole Lives
There's no where to run
Always trust your Third Eye
Beware here they Come
I ain't trusting no Guy
Let me tell you what they Done
Whatever may Come they did it to Children of the Sun
Who the Children of the Sun?
We the Children of the Sun
Who the Children of the Sun?
We the Children of the Sun
Who the Children of the Sun?
We the Children of the Sun
When it comes to Evolution, Humanity just Begun

(Verse)
Lock up your chatter box I'm Slicing right Through
All your Padalocks
The battered Ox
Who spreading out truth
Like they scattered Pox
The Adirondack
Temple Dwelling rap for combat make first Contact
And make my Enemies ego's Compact
Don't backtrack
It's time to trample fakes with a Raw rap
Lay more traps
As I rise in fame
Gaining more Daps
I'm all that
And have the Audacity to propose
To lynch the Mother Fuckers that taking over the Globe
They split the Hemispheres and countries with Imaginary lines
When were all tapped in
To a Unitary Mind
All hail the Powerful
My Baffling manner will leave em Mystified
Puzzling mentality Sadly you'll be Liquefied
I'll be Ubiquified the root word is Ubiquitous
My terminology of the Ancient is just Ridiculous
And I'm inconspicuous walking amongst the sleepy flock
Cameras at the intersection looking down to Peep the Block
Yo we been got
They spray the fields and then Provide the Pot
Verizon plots
Spaces on buildings for they Antennae Spots
Connect the dots and don't try to Compartmentalize
Your fecal matter contains traces of Deadly pesticides

Look at the eyes
And check the pupils in the shape of slits
And they shape shifting Faster then a ho will Flash her Tits
-Type of rotten trash is this?
Why don't we unite as one?
Is it too hard to believe that we are children of the sun?

(Hook)
They control our Whole Lives
There's no where to run
Always trust your Third Eye
Beware here they Come
I ain't trusting no Guy
Let me tell you what they Done
Whatever may Come they did it to Children of the Sun
Who the Children of the Sun?
We the Children of the Sun
Who the Children of the Sun?
We the Children of the Sun
Who the Children of the Sun?
We the Children of the Sun
When it comes to Evolution, Humanity just Begun

(Verse)
Yo it's the moon that Influences behavior patterns with Gravity
Progressive Supra Nuclear palsy inducing Apathy
Debunking all the Pharisees, travesties in these Galaxies
Gradually it had to be Fantasies fed to families that have them all Corrupted
And forgettin' about they Inner selves
We the children of the earth
They Playing with your Mental health
Disguised in Stealth
I'm infiltrating the game as I'm speaking Pai
Rock an Asabache that's warding off all your evil Eyes
When Ceaser died
They said he was rotten like Akhenaton
The solarization of Osiris was not forgotten
Motherships were docking and feeding off Helios on Gaia
Mythological chariots leaving trails of Fire
Sunna~Solar~Sire
We should focus on Cosmology
Then split up into 33 chapters like Deuteronomy
I know I left one out and according to King James
The gunpowder plot was enough to control brains
These suckas, they won't change
They chantin' invoking deities
Constellation Taurus
The 7 sisters of Pleiades
Ferocity reflection Nebulosity Socrates
Was one of the Founders of some Western philosophies
Virtue is sufficient for Happiness on this Terra Plane
Golden artifacts that represent Choppers and Aeroplanes
These rappers all the same
I'm a prophet and a lyricist

Sun light supports all life through Photosynthesis

(Hook)
They control our Whole Lives
There's no where to run
Always trust your Third Eye
Beware here they Come
I ain't trusting no Guy
Let me tell you what they Done
Whatever may Come they did it to Children of the Sun
Who the Children of the Sun?
We the Children of the Sun
Who the Children of the Sun?
We the Children of the Sun
Who the Children of the Sun?
We the Children of the Sun
When it comes to Evolution, Humanity just Begun
Yo if it wasn't for our star the sun there would be no life and no us
Why don't we unite as one is it too hard to believe that we are children of
The sun?

Beast 1333 – Mark of the beast

Mark of the beast Lyrics

[Chorus]
Watch where you go, watch where you sleep
Watch what you do, watch what you eat
Watch for your life and yourself in the least
Will you be prepared for the mark of the beast
Watch for your kids, watch for your fam
Watch good and watch close and watch for their plans
Watch as the violence and the genocide increase
Will you be prepared for the mark of the beast

[Verse 1]
Mark of the beast imprint on the gums of an infant
It only takes an instant to get you micro-chipped kid
We always get our shit kickin [???]
I watch in amazement as the people fall for more tricks
Or more sex, it's like we live our lives in a vortex
And more stress, the way we headed now, nigga lord bless
And we don't have the time to be guessin' if they is doin' it
I am the secret weapon they send out to try to ruin it
As long as I am livin' I will be the voice of common sense
Speakin 'bout the truth has now become a number one defense
I'm the leader of the resistance they came to decimate
Their plan's to word 'em out before things will begin to escalate
The thing thats gonna happen after they stick us in camps is
The micro-chips the put in us will trigger different cancers
They wanna lower the population by three thirds
To rule over the planet and roam it like free birds

[Chorus]
Watch where you go, watch where you sleep
Watch what you do, watch what you eat
Watch for your life and yourself in the least
Will you be prepared for the mark of the beast
Watch for your kids, watch for your fam
Watch good and watch close and watch for their plans
Watch as the violence and the genocide increase
Will you be prepared for the mark of the beast

[Verse 2]
The associated press broke the story 'bout the veri-chip
Six six six wrath of god with a deadly grip
Ain't no need to riffle quick now it's time to take up bombs
To blow the motherfuckin' heads off snakes tryin to cause us harm
A writing arm becomes a weapon in itself, I'm shootin' words
Undetered, eventhough the media keep our vision blured
You join your herd, smokin up their cigarettes and spittin' tar
Revelation 13:7 headed "sitting czar"

Steady headed, shitting raw, we gonn' have to fight for rights
They control the grids and prepare yourself when they kill the lights
The templar knights [???]
Bring the day the darker nights, sided by the northern light
I'm more than right, I know they wanna kill of half the populous
A one world government in a super-megalopolis
Where everyone's accounted for and not treated properly
Every human being will be looked upon as property

[Chorus]
Watch where you go, watch where you sleep
Watch what you do, watch what you eat
Watch for your life and yourself in the least
Will you be prepared for the mark of the beast
Watch for your kids, watch for your fam
Watch good and watch close and watch for their plans
Watch as the violence and the genocide increase
Will you be prepared for the mark of the beast

[Verse 3]
I'm not a piece of meat that you can trade like a commodity
There's additives in food that turning fetuses to oddities
I'm way beyond symbology, I overstand the energies
Evil is projected in the mind of all my enemies
Don't let it be, they want you like a bee workin' up in a hive
Man is a worker by nature is a bunch of bullshit lies
Look in my eyes they crimson from the heat of the eternal flame
It's all in vain the television's programmin' our little brains
They never change, I came to be the voice of all the chosen few
The laws were here before you were born, that means they chose for you
They chose for me and now I have to live with all the consequences
FEMA camps with rubber coffins, circled by electric fences
In the age of waterbearing diety called pisces
The planet will get colder as we all freeze up like ices
The symbols on your Nikes pointin everyone to saturn
Mark of the beast imprint all are barcode patterns

[Chorus]
Watch where you go, watch where you sleep
Watch what you do, watch what you eat
Watch for your life and yourself in the least
Will you be prepared for the mark of the beast
Watch for your kids, watch for your fam
Watch good and watch close and watch for their plans
Watch as the violence and the genocide increase
Will you be prepared for the mark of the beast

Beast 1333 Lyrics

Ghost in the Machine

You ever hear that little voice in your head that inner spirit?
You have to choose to listen to it if you want to hear it.
It keeps you out of trouble if you learn to take heed,
and they say it leaves your body when you die at light speed.
I sit in deep thought, thinking about my physical death,
there's critical steps,
you must take with physical flesh.
there's people possessed,
and all these out of body transcendentals.
Is it all your inner flame? Is it all your inner mental?
Our body is just a rental.
I hope our soul is eternal.
infernal external internal Mind Compartmental
all i want to know is what i have living inside of me
i feel it deep inside it divides and tries fighting me
tries inside violently
tries but dies silently
eyes are wise finally
Prime Designs eyeing me

We have it till we old.
At least that's what I'm told.
What I really wanna know is if we really have a soul?
My body it controls,
completely when I dream.
What I really wanna know is about the ghost in the machine

Does it leave us every night and come back in the early morn'?
Is it already present inside of us when we're born?
Is it part of us, or part of a galactic infinity?
Is it all neuro science or godliness and divinity?
There's trans humanists who believe in mind transfers,
I'm doing everything to attain and find answers.
Whats the breath of life? Was it really blown into our lungs?
Is there a scientific explanation for speaking in tongues?
I am a human being in tune with my inner force,
are the two souls fusing together in intercourse
I have a lot of questions and for answers I must ponder,
take a trip with me and relax as my mind wanders.
I now have the ability to think deeply and meditate,
and see myself sitting down as the astral body levitates.
The psyche is the physical.
the soul the metaphysical.
Out of body experience survivors describin' miracles.
They seen the light and returned to their bag of bones,
some of these souls stick around when they die to haunt homes.

We have it till we old.
At least that's what I'm told.
What I really wanna know is if we really have a soul?
My body it controls,
completely when I dream.
What I really wanna know is about the ghost in the machine

I really wanna know but I think that I always knew,
just listen to that little voice screaming inside of you.
We try to shut it out and overpower every word it says,
'Because it's illogical to listen to the logical words in your head.'
Instead we move ahead, instead we try to drown it out.
Im'ma tell you what I know beyond a reason of a doubt.
I know nothing.
I just started to master my reality.
Where is it the inner self goes after fatality?
If a squirrel gets ran over in the street,
where it goes?
Cuz that squirrel was alive like me,
i don't know?
Will we go to Hades? Or straight to Heaven with the virgin ladies?
They say it takes 40 days to put a soul in babies.
Meet your kinfolk,
as you're wandering and lost in limbo.
Inside a galaxy that's darker and smaller then a thimble.

We have it till we old.
At least that's what I'm told.
What I really wanna know is if we really have a soul?
My body it controls,
completely when I dream.
What I really wanna know is about the ghost in the machine

Beast 1333 – 2033

2033 Lyrics

Lets take it all the Way to 2033
If you ain't heard of Me Im Beast 1333 they wanna Murder Me
After the Government fell in 2012
The states of America turned into a Hell
We all fell for the Spells With the people in a Panic
On December 21st the Comet Hit up the Atlantic
The wave became Gigantic and Swallowed up the Landmasses
Many thought it was Apocalypse on they Damn Asses
3/4 of the People on the Planet Died
And a Handfull in Underground Bunkers survived
So its
6,775,000,00 Minus 3/4 equals a whole lot of your Siblings
Left surface Temperature Sizzling
(Pause
)and Evaporated everything on the Surface including Buildings
For the people that Survived
When the Comet came to Murk us
It was another 13 years before They Ever Reached the Surface
When they Finally got Outside
It was 2025
It was 67,000 people Glad to be Alive
I could not believe my Eyes let me tell you what I seen
It was Like Octopuses, Tentacles , but these Things were Machines
(Ay yo You Breaking Up)
Yo theres a Hole in the Continuum
When the Rock hit it knocked earth off its Equilibrium
And the Motherfucker didn't Hit the Planet Just by Accident
The Internet was Sentient It took Control attracted it
(What you Mean Attracted it?)
Magnetically it Charged the Poles
Attracting a Magnetic Meteorite that Will smash the Globe
(I can't believe it)
Well you better start Believing
I'm Not Reaching across time For No Reason
(what you Trying to tell me that we all Gonna Die?!)
Not you them 7 billion Other Mother Guys
If you want to stay Alive
Do Exactly what you Been Do Codex Alimentarius
Killed a Billion Hindus
Thats Really not the Issue though
Refuse they New Technologies
Spread the News and Whistle blow
And spread it through Society
And all Im asking is that you go and Alert the Masses
Remember the movie They Live?

When they made them Put on Glasses?
But this time the Glasses are Masses of Information
On December 21st Everyone to they Battle Stations
The thing thats Gonna Hit us is Gonna have a Negative Charge
So the Positive Charge on the Missiles we Send should be Large
That won't Blow it out the Stars That will Break them down Shards
To Try and Lessen the Impact
As giant pieces Fall in Yards
(Static)
(Im losing the Signal Again!)
Theres only one More thing Ima leave you Wit my Friend
The Internet a Consciousness
A virtual Living Awareness
That will be the Doom of the planet If our People Stay Careless
Keep Transmissions Airless
And disconnect your Wireless
Spread it like a Plague
And call it Codename Annihilus
The Wifi and 3G's Believe me Avoid the Mess
And the Global Positioning systems on your GPS
Digitized Cordless Telecommunications
Directional Antennaes Removed from all Nations
Theirs no time for Patience
(Static)
Im Losing Em
Tell them to Logout and Stop Using Them!

Beast 1333 - Unmerciful Heaven lyrics

[Verse 1]
Report to P.L.O, Israeli repression, here come Mahmoud Abbas
The socio-political wing of the acronym H.a.m.a.s
No cease fire rocket attacks, even the seas is dead
Mana falling down from the sky, they consumed they evil bread
They deep state
Sending in mercenaries, them cheapskates
I never seen so many Fedayeen, laid out like Beefsteak
For pete's sake
Moving in Units all Expeditionaries
With the satellites for reconnaissance on your military
Splack a flusey
With Jericho pistols they packing Uzis
Shoulder launch multipurpose weapons just Like the Movies
Silver arrows
As micro-fragments penetrate the marrow
40 millimeter mortar flying out the barrel
Douglas skyhawks
k**ing civilians on the sidewalk
Irani side talk
Now planes are empty flying cyborgs
National defense authorization for the fiscal year
Developing security related programs out of fear
[Interlude: George Carlin]
We like war, we're a warlike people
We're not very good at anything else anymore
We like war, because we're good at it
And do you know why we're good at it?
Because we get a lot of practice
[Verse 2]
They countering Al-Qaeda, reporting requirements in fact
Wars breaking out in the Field after Legislative acts
There's cluster bombs sidewinder heat seeking, yell Salaam

It's Vietnam, explosions burn you quicker than a cd-rom
There's personnel
Billionaires as well
Platinum plate lapel
As liberation army of china reserve their personnel
Theres revolutions
Public beheadings for domestic nuisance
You cheat on your husband, a stoning be your execution
So barbaric, as they a**emble across Judea
The rocket motor helps the missile penetrate the lair
They logistical
Centuries ago they penned the Biblical
They worshipping the intellect of man revere the Physical

Rabbinicals that Moving in the Dark and dealing Body Parts
That tear apart your chest looking for Heart
With livers set apart
There's mutilations
Hostilities in every nation
Heaven have mercy they ready for d**h and patient
[Interlude: George Carlin]
Can't educate our young people
Can't get healthcare to our old people
But we can bomb the sh** outta your country, alright
That's our new job in the world, bombing brown people
[Verse 3]
It starts with misperceptions
Of the enemy's intentions
Imaginary lines as countries broke the world to sections
Upon reflection
And introspection on the matter
Things are heating up
Quicker than bubbling fritter batter
Populations actions
Oblivious to laws attraction
There's warring factions
With thermonuclear reactions
Counterfeit jihadis
With bullets spraying from a black Ducati
They shooting you from the back of the cab like Peter Gotti
King Abdullah
Judeo-Persian central asian Mullah

Sunni m**m clergy rushing as the pray to Allah
School madra**a
The smoke is pink
They'll blow your calabasas
Long range pakistanis trained to shoot from roofs on Casas
Hella Choppers
United Nation emblem helicopters
National weather service radar images are known as Doppler
Raw as Mongols
With conflict diamonds from the Congo
And where did time go?
I got a full clip for the Five-O
[Interlude: George Carlin]
Oh, you probably noticed, I don't feel about that war
The way we were told we were supposed to feel about that war
The way we were ordered and instructed
By the united states government to feel about that war
Sad to see, most americans just roll over, on command
Not me, I have certain rules I live by, my first rule
I don't believe ANYTHING the government tells me
Nothing!

Beast 1333 - Wake The f** Up lyrics

Verse 1 :
The battle is far from over and you can bet that a** the god is not sober
Even though I know I should be, Apak teach the kids how to live in a positive manner, k** pigs with a skull and bone sacred dagger
I climb Jacob's ladder, I am from the here after
This is just my shadow, an eternal dark reflection, the all, the everything, anything you can imagine, it's already been done, evolution, it's in the supreme, just stardust if you know what I mean
Trust in self ? Self conscious we all walk all alone when the time comes, even if I take you all with me, it will be the most personal and ultimate experience you will ever have to face again
Hook:
Wake the f** up sheeple
Wake the f** up sheeple
Wake the f** up!
Verse 2:
For eons I have existed, soul of a demi god, sage, indigo mystic
A being from a different star system, now here on earth for the sixthhundred and sixtyseventh time, subliminal truth trough rhymes, I just go with the times of the agesages, war on wages, control you through the speakers of web pages, many argue which you should be praising, you dumb f**s, listen closely: the name god can not sustain the true meaning, no human can even grasp or manifest the true essence, not even one percent, your brain will explode million times over and over, just know that a part of the most high resides in us all and every living creature throughout the entire universe, this is beyond spitting a verse, first things first, I wish you the best but I must advise you to expect for the worst

Hook:
Wake the f** up sheeple
Wake the f** up sheeple
Wake the f** up!
Verse 3:
I wish you the best but I must advise you to expect for the worst for the flesh is weak but the flesh can also be very strong, some master the spirit through the body in this physical dimension Mental calisthenics telekinetics super human powers and god like abilities, immortal techniques that Jesus used fuse into one with the spirit anyone is capable of achieving this believe it or not I truly don't give a f**, for you filthy worms that dwell in the lower mental plane, trapped in you own hell, reality is what you make it value your life you fool for it is a gift that is truly the most sacred and valuable
Learn how to love another, learn how to love each other, wake the f** up and recover and stop being an ignorant motherf**er Motherf**er!

Beast 1333 - Saecred Symbolism lyrics

{Intro: Carl Jung} "The left eye,it symbolizes external vision. The right eye, it symbolizes internal blindness... With this introduction we understand now. That when were dealing with the subject of the anti-Christ, there is a lot of symbolism involved. Religous symbolism involved, which needs to be interpreted"
{Verse 1:Beast 1333} Take a look around you
As you make your rounds
Theres symbolism embedded
In every block in townyou got your Starbucks with the siren straight from Greek mythology
As the woman on the logo lure you in
Thats the psychology
The Chrysler wing Ra
The Dodge Ram depicting lucifer
The Shell Gasoline clams the sun
Folks are used to the 3's and 13's
Now everywhere you looking at
We overlooking the facts of the stats of what you cookin jack
The pharmaceutical giants have esoteric emblems
As they symbols make they way inside my well protected temple'm, I'm aware of the paganism up on all the packages
Druidic little elves in oak trees on my cracker tin
The pyramid right up on the back on all doritos
The same checks on your Nike's on your newports and speedos
What's it all about, {???} blatantly and displayed indeed they mocking us, coral us in a pent like good sheep how they flocking us,"
{Chorus: Beast 1333, Apakalypse} Apakalypse:"It's all Sacred symbolism" Beast 1333:"Do You.. With they sun symbol done sold
To the populous and living folk who live inside the radius
They live amongst us
Underneath their human skin
They Aliens!
A sense of paranoia
Stay Looking it's all over
Lucky charms are Wiccan and sick
With trick clovers
Look at CBS, the Logo the Eye is all seeing
For the time being only the few, are foreseeing what the plans about

If you are new to things
All it really takes to deciphe
These life parasites
The people should open they eyes
Like spy satellites

Die from anxiety
The improprieties of the diocese

They laugh behind our backs it is wack

Mad World

Yo Back the fuck Up
Out of my Way
Before I Crush You
I Might be Nice to your Face
But don't trust You
The Earth is the Deadliest Planet
To live and Troop On
These Sheeple Oblivious Women
That clipping Coupons
And their Beer Drinking, Meat Consuming, Overtiming Men
Yo the children that they Bearing
I'm doing this all for Them
This Real man this aint Pretend
I'm causing a Massive Shock
I conquer Block by Block
While possessed by the Soul of Pac
Possessed by the Soul of Big
Possessed by the Soul of Pun
I never Run From
None of them
Paid for the Things I've Done
I Even cocked back
And Let a Few Go in the Name of Justice
Came to Conquer the Scene
Like a rapping Caesar Augustus
Heres the Battle Plan
Resist and assemble a Massive Caravan
They Brain wash our Children
And train them to Fight the Taliban
So Shallow Man
The woman you're lovings about the Money
If you got None
Guarantee honey be acting Funny
Because she Programmed
Early through Disney and Prince Charming
While the Second Amendment Dissolving they Disarming
All the Idiots Believing the Hype that are Watching News
I Refuse to Infuse with Diffusal of Fascist Views

This is the Worst time Ever in History to Be Living
It's a Cold World in General People is Unforgiving
It's a hell of a Place
Were a Race of the Mostest Hostile
My Disciples are Gradually
Changing into Apostles
Left a Legacy Behind
All the Music and Things I've written
Of course I seek out the Occult
Because occult only Means it's Hidden
Pure of Heart aint no Malice or Hate
Just simple Logic
Give a Hundred Percent of Myself in Musical Projects
Rhyming Handstand
(nigga you Nice)
That's why I thank Fans
Bases is Loaded with Soldiers it's Time to Grand Slam
And Bring em Home
I Hope this penetrates and Sinks into your Dome
Don't feel ostracized
Yo My brother believe you're not Alone
You Never Were
The way that you're feelings the same & I Concur
Developing tastes for truths of the World
Became a Connoisseur
And I Prefer to be Treated equally Treated Civil
Fuck the Biases and Spewers of Ignorant Racist Drivel
We've inherited a Merited Mess
More or less Repetitive
Competitive, No Sedative
Opinions Argumentative
And the Clock Ticking
Greedy politicians leave us Slim Pickings
This the type of Knowledge always have
And Always Been Kicking

Beast 1333 - Trail of Thorns lyrics

Held a Staff as he Entered the Fog
He showed his Bravery
Escaping from the Beatings and Lashings
Of Modern Slavery
He cut the Tracking Device
Lost a thumb but it was Packed in Ice
A Magnesium flint Fire
Popping off for Boiling Rice
He camping out
His Breakfast consisted of a River Fish
He fashioning some boots
Out of Banana Leaves to Troop the Mish
A Trail of Thorns
He found a Cave by out cove where Whales are Born
He stumbled across a Double Headed baby Calf
A Male Deformed
On the Run
He knew what time it was According to the Sun
It slowly started sinking In
Exactly what it was He Done
Escaped his Shackles
Had to choke a priest up in a Tabernacle
Protein from Grub Worms
He Gathered up from Rotted Apples
Straight Survival
Gobs of Drops of Rain that drops with quick Arrival
Exposure to the Elements
He black and white from Vitiligo
Had a Cape On
Arrows flying through the Woods head Straight for Em
The Sounds of Dogs Barking
Starting Dipping but he Stayed Calm
A horror Dream

Direction he was running was a Steep Ravine
He started having Flashes of his Feeble Life
But not a Dream
It Felt so Real
Adrenaline was squirting bringing Spring to Heels
The Chariots of the Gods were in the Sky
Just like Ezekiel's Wheels
They Shone so Bright
That it was day as he was Dipping through the Night
His tattoo's were Showing the Eagle and Sword of Scottish Rite
Could smell the Heat
The Mossy Surface under him was Rotting Peat
The bundle of Belongings that He Carried
Was Assembled Neat
He slipped on Slate
Sliding down the Mountain in a Panicked State
Limestone was falling and Crumbling 'neath his Average Weight
The Drop was Great
He fell on top an Algae Bloom inside a Lake
A woman Staring at him the moment when he back Awake
She fished him Out
He did Three Weeks in a coma Pa**ed Out
When he came To
Thats when he Tweaked and He start to Spazz Out

The House was Wooden
Flipped over the Table splattering some Pudding
Opened up his mouth to Yell
Thats when she put her Foot In
(Are you Crazy? Calm down, you owe me one i Saved your Life
Pay me Back by Letting me Walk with you as your Humble Wife)
She thick as Hell
And she cook up food with the Intent to Feed
The Sexy look inside her eyes
Was Loving she was Yet to Breed
The Man Agreed
(Some Men were looking for me, i was being chased
I will marry you but we Need to Leave this Unsafe Place)
Got to Vacate
She dragged them half a Mile from where he Fell
They were Both Covered in Clay
Throwing Hounds off from the Smell

The Love was Good
They'll Never Find them this Deep in the Dense of Woods
Months pa**ed by and He thought that he shook them off for Good
He settled Down
Built a Bamboo house High up in the Leaves
His wifey was Pregnant and Gathering twigs to Basket Weave
He heard her Shout
Came back her legs were spread Eagle
She was pushing while she Screaming
(God Absolve me of my Evils
In the name of the King this is Vengeance!)
Out Came his Screaming Seed
(I never Loved you this in Fact will by my Final Carnal Deed!)
She grabbed the Baby
(In the Name of the King!)
Grabbed the Dagger co*king back
Stabbed the throat Split it open on Contact
Out Came the babies Brains
(He wanted you to Feel this type of Raw Pain!)
She stabbed Herself he staring at Em
Both Cadavers fresh Slain
The babies Gasping
In Pool of Blood the Mothers hand was Clasping
Pictures of the King
With a Sprig of Flowers from an Aspen
Got him Good
Escape was out the Question because he Never Could
He had to take her with Him
Thats his main regret he Never Should
He had to live the Rest of his Days
In Mental Anguish
He was Banished so Famished
The Brother forgot his Language
No more Men no more Them no Peace and no Zen
He was Never Mentioned or Heard from Again

Beast 1333 - Prison Planet lyrics

From Religion to Science
No Science, Religions back Again
Human Trafficking's taking Place
Deep Inside the Vatican
As Living organisms all Life is destined to Cease
Its like a Lease
Now let's speak upon some Afterlife Beliefs
So whats the Story?
Is there something
Heaven, hell or Purgatory?
Is it all thought up by a Man
As a cover Story?
Faith is Abrahamic
Put in place to dissuade Panic
No Inferno
No pearly gates, ain't no Satanic
But theres something Bigger
We all Sense it inside my n***a
'Fore we Stiff with Rigor
d**h, Mortis we must Figure
If theres Life after d**h
My d**hs a Rebirthing
Reincarnated the process i'm Reversing
Back to where i started
I started Inside another Creature
Growing in the Belly
And taking on both the Parents Features
Tendons, Connecting my muscles upon Bone
Young Rosetta Stone
Speaking the Language i'm taught Home
As I Grew
Yo i knew and i sensed that i Been done This
Always brought back to the Light

From the Still Numbness
Its the Soul
Not my body or Physical Immortality
That Really lives on through the Eons
Split Personalities
Are Fragments of Personas
Left over from other Times
So Universally accept
What i'm teaching you with my Rhymes
I can perceive beyond what you Believe
A spectrum Unbeknownst to Eyes
The ladder of Divine Ascent's
A ladder of Descent Disguised

You're worrying about your Retirement & your Pension
I am training my Brain
To Transport me to New Dimensions
See the Body is a Vessel a Vehicle
Earth Transport
Essence in a Bag
Zipped up tight like a Kids Jansport
Subjectively experiencing alternate Realities
Unitary Consciousness we share that Commonality
It never goes away or Dies
The Reason we are Born's the Sun
Without it Surface Population
Dwindling to number None
A Bigger Purpose
Its a Concept we can't Grasp
Dont Identify
With your body this won't Last
Just do the Best you Can
Think deeply and seek Answers
No Fearing of the Reaper
Not fearing it Cures Cancer
With the Slate wiped Off
Looking forward to new Starts
New Life
New beginning, Same Heart
But with New Parts
If i'm Wrong
And theres Nothing no cycling Just Pitch Black

Theres nothing i can Do
As a Human that 'gon Switch That
That'll never Happen
I want you to Close your Eyes
And be Patient
Because this gonna take you a Couple Tries
Now take a Deep Breath
Slow but Deeply like 10 Times
Think of no Words
No thoughts just a Clear Mind
And Let Yourself (Go-go-go-go)
Golden Flower Power Far
We Individually Microcosms became the Macro Gods
Just let (Go-go-go-go)
And Leave this Prison Damn It
Bodies are Containers for Souls
THIS IS A PRISON PLANET

Beast 1333 - Fight to Exist lyrics

Verse 1:
I think Deeply to Myself
As I Age and Reflect
Upon the Many things in Life
That I Haven't done yet
It seems the Older that I Get
Yo my days, yo they Pa**ing Faster
The Ingredients in my Life
Have been Recipes for Disaster
But I Must Progress
Cuz everybody's living overcome with Stress
Im not the only One
That's Running round with Pressures on his Chest
Don't f**ing Care
Im gonna Make it out of this Alive I Swear
It Doesn't bother Me
That ain't nobody gave a f** or Cared
It makes me Strong
Fear is for the Weak
Im Brave when all is Wrong
I take all of the Strain all of the Pain
And channel it to Songs
I'll never Cry
My Eye is on the Prize
And yo the Goal is Clear
Im working toward Something
Coming upon it Man
Im almost near can almost Taste It
Got to shake the feeling that these years been Wasted
Ninety-Nine Percent of Solving problems
When you Stand to Face Them

Things are Getting worse and bad and sh**ty
Crumby 'fore they Good
I wonder to Myself
When will I make it out this Starving Hood?
Hook:
What Kind of Corny Rotten Life is This?
(Damn Right that I'm pissed! Every Single day I Fight to Exist!)
What Kind of Horrible Type Life is That?
(Catch a Panic Attack! Its Pitch Black No More Living in Shacks!)
I have to Dig myself Up out This Mess
(I Been Feeling Depressed
But nothings Gonna Hold me Back from Success!)
My Time is Ticking brother 'Fore I Go
(Ima Learn Ima Grow, and Come Up out of This A Lyrical Pro!)
Verse 2:
Ayo Whats Up? Whats Good?
(not a Damn Thing)
Damn your Life Then
Misery Loves company
They Want you Sad Just like Them
Don't Even think of Dragging me Down
Im the Exception
Exceptionally Gifted at adapting my Perception
I have Fought
Many demons to d**h that came to take Me
Theres a God then
Why did he have to go and Forsake Me?
Growing up I Never got Nothing I wanted (EVER!)
We went on a Family Vacation together (NEVER!)
The Chips were a Quarter
Bum a Quarter for a Juice
Young Ladies having Babies
As the Ghetto Reproduce
Many Children of Abuse
Mothers Crying out to Jesus

Cuz the Biggest Murderers in the Neighborhood
Were Polices
It was Freezing Cold
Parasites we checked for them in Stool
I would Wear the Same sh**
Ever Single day to School

Out of Luck
What the f**
No money for a Cut
There were weeks we didn't even have Paper
To Wipe Our bu*ts

Verse 3:
I wouldn't have it any other Way
Was thinking just the other Day
If I had it Easy
Would I Have all of these Things to Say?
Some days I would Blaze
And Felt like Jumping off the Roof
I was Rescued by one of my n***as
We Hit the Booth
It was Late it was Great
The Music was an Escape
Had an SM-58
Recorded the sh** on Tape
What I Played Back
Sounded like the Past
A slice of Time
I was Venting Frustration
And Shocking my Friends with Rhymes
For the Bad Times
Where Really more important than the Rest
Cuz I learned along the Way
That it was Fuel for my Success
I wanted to be the Best
I wanted to Make it out
Before that I Lay to Rest
I'll show them what Im about
Not Beat
Know that sh** ain't sweet
With no Bucks

No Luck
Never say or confess that your life s**s
Will I ever make it out?
Or ever Be Living Nice?
What type of Dirty Rotten World?
What Typeof Dirty Rotten Life?

Beast 1333 - Blood Puddle lyrics

He had Blood on his Hands
She was Laying in a Puddle
Since the time that he was Two
People knew that he was Trouble
Had a Scar on his Neck
Healed wrong into a Bubble
Lives in Jersey City Heights
Dutchie Blunts he rolled them Double
Yo his mom was a who*e
On Palisade she in the Bar
When he was Just a Little Kid
She used to Leave him in the Car
It was a Prison for em
Summer time he almost Suffocated
And his Father was a Thief
Professional and Dedicated
Yo he Never saw his Son
He drank Coors Light and Sniffed Coke
His mom was just a Piece of Ass
A swift nut a Quick Poke
His clothes was always Dirty
No attention for the Boy
With a Wire Hanger and Piece of Cloth
He made a Toy
Then she started smoking Krills
Forgot the Rent forgot the Bills
Found her foaming at the Mouth
Half dead from all the Pills
He started Screaming for her
(Someone please come and Help my Mommy!)
The Super Coming Out
(What the Hell's the Matter Tommy?!)
He was looking at Her

Pointing as the Tenants called the Cops
The cops Knew Her
Cuz she done Gave the Precinct the Wops
His little shoes Dilapidated
Fit him tight them Dirty Reeboks
He was By Her Side
Everyday he visited the Detox
Then they Let her out
It wasn't long before she seeing Men Again
Freebase, Tinfoil pipes
And empty heinekens
The sounds of Moaning
Walls were thin she banging in the Room
Every time he Heard f**ing
Knew a Meal would follow Soon
Barely fed Him
Out Necessity he stealing since He ten
He had no Bed
No Hope
Not even any Friends
He didn't need them
Since the people that he Loved
Would always Hurt em
Wasn't Nothing to em
Graduate from Rape right into Murder
He was 17
So twisted was his Mind from all the Trauma
That he wouldn't feel Alive
Unless he caught up in some Drama
Banged a chick that came from Paterson

For hours he would Beat it
Came inside of her Like Nothing
Belly Grew cuz she was Seeded
He was bout to be a Pop
He had to rise to the Occasion
Had to switch the way he Thought
Gradually he started Changing
Got a Job
Cleaned his act up
And Moved them out the Building
Rented out a crib in Garfield

He thinking bout his Children
When his son Came
He never felt such Pa**ion
Yo For no one
He would care for Him
Change his Diaper
Sing to Him and Hold Him
It was all he ever Wanted
Saturdays he took the Fam
To a Park in Bergen County
In his brand New Mini Van
But you can't leave the trouble
You created left Behind
Cuz it has a way of Finding you
And surfacing in Time
His phone Ringing
While he driving 'round with wifey and the Baby
(Ring)
(Tommy you heard about your mom Man? I think they shot the Lady"
Couldn't help but thinking to Himself
She's Better off Dead
Made a U-Turn
Thinking bout the Rotten things she Did
He choking back Tears
Thinking bout the Past
He driving Fast At
7:30 Front of her Building he's there at Last
But there was no ambulances or Cops
Not even Neighbors there
The streets was Hot and looking for him too
He Owing Favors there
He's back to the Stoop
He seen the Doors was Flung Open
And the Hallways was reeking
Cuz someone was Weed Smoking
Started climbing Steps
Thinking bout his son back in the Car
He got three more floors to Go
He climbing up he's not Far
When he got There
Was greeted with the Door Kicked off the Hinge
Seen his mother on the Floor
Hanging on to a Syringe

There was a note on the Table
Heres exactly what it Said
(I Had to k** my Mother, For Every Single thing She Did)
He seen the Murder Weapon picked it Up
Here Come the Cops and Trouble
He Had blood on his hands
She Was Laying in a Puddle

Beast 1333 - Parental Guidance lyrics

Verse 1:
If you're Lost out There
In the world all Alone
If you ain't got no Place
For yourself to Call Home
If you ain't got no Love
Ain't got no one to Care for Ya
I want you to know
That the Beast is right here for Ya
I been in them shoes

So i don't blame all these n***as that Flaunt cake

Ain't got no one to Care for Ya
I want you to know
That the Beast is right here for Ya
I been in them shoes
Ate nothing but Top Ramen
I learned that Suffering
Conducive to Hot Rhyming
Nothing in this World's
An excuse to be held Back
I have never had
Cream in abundance to Green stack
I ain't never had a thing that I Wanted

Cuz Life Hard
Every night it was Rice
And fried chicken and White Lard
No birthday no nice Cards
No gifts and forget Cake
Biggest pleasure of the Day
Was a toilet to sh** Take
Was no pleasure in the Night
As i slept on them cold Floors
Ain't no hinges on the Frame
In the bathroom no Closed Doors
Was no Perk of any Kind
Little brother you got it sweet
I was freezing in the Winter Time
And Summer Swamped in Heat
Verse 3:
If you're lost out there in the World
And Lost Hope
If your parents Addicted to Coke, Meth or Dope
If you ain't got no Love

Beast 1333 - k** a Man lyrics

[Verse 1: Beast 1333] [Only verse]
Oxytocin Vasopressin
Hypothalamus when Stressing
Tunnel vison, muffled Hearing
Hyperventilate depression
Having problems keeping Focus
Narcissistic Rageaholic
Psychological Manipulator
Master in Symbolics
Sarcastic Dissolution
Hostile type of Mind Pollution
Highly toxic Persecutor
Seeking out your Persecution
Join the Counterrevolution
Threats I Manifest Agression
Longer lasting more Traumatic
Type of past regression Session
Contemplated Suicide
The d** will always make you Darker
Walk up on a Ledge
And have you jumping off like Peter Parker
Mentally profusely ill
Compelling men to rape and k**
Lashing out and cursing Family Members
That's how bad it Feel
Reality's a battlefield
Decapitated bodies Strewn
Behavior patterns Influenced
By the Librations of the Moon
So splendid ain't no pun Intended
Easily Offended

Type won't listen to Advice
Or nice things they've Recommended
I believe I have Descended
To a Darker Deeper Suffer Pit
And as a Result
I haven't done things I'm proud of cause of It
My Chakra spin and buzz a Bit
Its out of whack and Dark for Slaying
Is you catching the Gist
Of the picture that I've been Portraying
Years I've been suppressing Anger
Teeth are worn from always Gritting
Unrelenting unremitting
No submitting never Quitting
Venting through my clever Spitting
Make a plan and after No show
Self Loathing Tension
And agitated type Anti-Social
All's a waste in Sudden Haste
Torment the mind and act Impulsive
Emotionally, Physically, Spiritually
Act Repulsive
With a Fuse attached Explosive
I don't understand it Fully
Must be Genetics
Cause in school both of my kids are Bullies

Looks Aggressive face Expressive
Street sense is Most Impressive
Identical in Characteristics
The traits are pa**ed Recessive
Any little thing can Set me Off
There's many Triggers
I've been prayed Upon
Most b**hes is Leeches and goldiggers
But I have Desires
Setting fire tires smoking out the Liars
Meat Expires
Ain't nobody hires us because of Priors
Praise No Sires
There's a problem if you speak Authoritative
My mind remains unstoppable

So Active and Explorative
I'll k** You
Your body is bloated from Oversleeping
I am reaping Heaping's
Sweeping, no Weeping, no Peeking
Blindly Leaping
Rhythmic Speaking
Many choices I have made been Errors
Woke in cold Sweats
Frantic Confused from the Night Terrors
Woke, Visions of Pall Bearers
No time for corrective Action
Was oblivious to the Powers of Will
And Laws of Attraction
Simple Interaction
Objective arousal of my Rages
Boiling over into the Music
As I Scribble it on Pages
I am just a Person
Verse in Full Immersion
As the Nation Worsens
Curse the Ancient Merchants
Turnt to Corporation Urchins
Since there's no Reversing
Crowds are not Dispersing
Ain't no rights for Person
Black and white Diversive
Write and flash em Light in Cursive
Medias Coercive
Everybody's brainwashed and can't Recover
Theres a whole Universe for us to Find
That's still Undiscovered
Only humans quick to anger Easily
We all Get Mad
Sometimes I Will to k** a Man
And Stuff him in a Bag
But I have Learned
To not let the chemicals control Me
This is who I Am
I suffered alone
Ain't no one Console Me
Enemies that troll Me
Your bad vibes reverse Denied
I feel like k**ing in one Second

I turn from Jekyll to Hyde

Beast 1333 - Land of the lost lyrics

Intro:
(George W. Bush)
My fellow Americans, major combat operations in Iraq have ended, the united states and our allies have prevailed
Verse 1:
(Chuck Brown)
Welcome to America, the government is f**ed up, in god we trust, what?
Everybody lines up and votes to get bu*tf**ed
I don't know about you but im tired of politicians dictating my entire life
I cannot afford to not say this sh** when im on the mic
I'm a slave in the land of lost
Fighting for my freedom at any cost
Who I blame is the man, he's the boss
Shoot him in the head, with a hot .44
We communicating through grafitti on the walls
Get your ba**ball bats and chains, it's time for the war
Prophecies in the bathroom stall
I believe we should all revolt
[...]
Slavery influenced all y'all
Think of incarcerating the poor
I'm holding my gun and stay at the door
Hang around the pope [...]
The internet is a p**no store
That's a fact that you won't ignore
Television turned your brains into smores
That's something that I won't ignore
I'm a man of war, in a candy store
I'm american so yes, i want more
Mickey Dee's Frankenstein and Igor
Save our ship, f** dafur

I got roaches on my floor
Romney's Wife is a f**ed up who*e
I fitted her couple of times, so I'm sure
Skulls and Bones and the good old boys
Get smacked up with paddles and [?]
Move to the white house and start wars
Curious George I implore
You to come here and kiss the floor
We the people think your obscure
I'ma never call a man meinen Führer
Bring it boy, I'm standing right here
I hate it when girls rock boots with the fur
I'm colder than a polar bear when he says ["Bur" (?)]
Everybody says that I'm good with words
So I'ma kick rhymes while you flip birds
And I see Uncle Sam he's biting the curve
Interlude
You know what really grinds my gears? You America, f** you!
Verse 2:
(Beast 1333)
Everybody want to See
Something they can't Be
When it Come
To the Illest of Lyricist think 3
Put a 1 in the Front to make it Thirteen
Hear the Words
As they cramming together like Sardines

Yo the dream is to get it together
To Build Schools
For the children of the People
That follow the Slave Rules
Nothing cool bout the
Non-replaceable Oil Fuel
Nothing New
Bout the countries and borders and Blood Duels
Nothing ever gonna Change
Unless we change First
Ain't no Cash
Ain't no Money
Just pennies for Change Purse
In a way ain't a way

Yo they doing us all Done
In the Long Run
Stacking they money by Net Ton
Its dark as the set Sun
The sheeple have no Clue
What it do?
Clutch a couple machetes to cut Through
A couple of Guns too
While channeling Sun Tzu
Bid Adieu
What the general populous 'gon Do?
The populous don't Care
They yelling its not Fair
On they knees
As they screaming and chanting the lords Prayer
They fill us with hot air
Your head is like a Balloon
In your Room
Feel effects of the spell of the Blue Moon
They chanting and read Runes
Right after they pa** Laws
Got the game in a Sack
Like I'm Tackling Bradshaw
Then shatter your gla** Jaw
The rhythm is so Real
That I'm Rhyming
Like Buddhists that spinning a Prayer Wheel
Its hell up in Sam Hill
The Hell Ima bow Down
Name is Beast
Im attacking the Track and i chow Down
As savage as that Sounds
Get ready for more Guts
n***a what?
Cuz I'm blacking and spazzing and gone Nuts
Two Threes
As they tagging they bodies with more Ink
Blew trees independently making em all Think
Who's He?
It is I the song in one Try
Could it be i devised a style thats so Fly?
First i wasn't then i was
Appeared from thin Air
Do you care?

That the country you living in's Unfair
They living it Up there
So limited up Here
They don't care if you Live or you Eat
Respects Rare
Could beat them at this Swear
If you letting go the Fear
Yo the ends Near
Taking the Sphere this new Year
Its the Rise of the Beast
That arose from the Northeast
On your feets Together
Forming a wall of Concrete
Together my mob deep
Half a mil up in the Crowd
As we March on the White House Lawn
And Yell Loud
(crowd screams/cheers)

Beast 1333 - Creatures lyrics

Intro ([Albert Pike, Morals and Dogma of the Ancient and Accepted Scottish Rite of Freemasonry]): Lucifer; strange and mysterious name to give to the spirit of darkness. Lucifer the son of the morning. Is it he who bears the light? and with its splendours intolerable; blinds feeble, sensual or selfish souls?
Thou did not
Payday Monsanto:
Lately i'm hearing a lot of "payday you should make a lil album for the children
And teach em how the medical mafia make a k**in'
Tell em how they robbin' your mom and daddies for billions
Trainin' em for wars designed to murder millions
Show em how they made medical 'erbs the villain
Supressed technology that could have us all chillin' "
Years ago that's just how I was tilting
Puffin a spliff in Paris, up inside the Hilton
And it dawned on me undeniably
You can't claim sobriety,when you've adapted to a sick society
The world is run by the meanest of men
Most h**n addicts are cleaner than them
The music industry will never let the truth spawn
Run by the same bloods**ers who produce p**n
The same parasites that been tryin' to bomb Iran
How the f** can I compete with Viacom?
All I can do is hope I hit em with the ray gun
Tell em what to consume what to stay away from
I alone am not the one to bet on
I cannot compete with some the redstone
All I can do is hope I hit em with the light beam
Wake em up, make em go to sleep and have a nice dream

The likes of me will never be a feature
I cannot compete with these creatures
Beast1333:
The wicked men amongst us, merciless, mustard gas is tested on our servicemen
Bioweapon research, intensified advertisements
The guinea pigs were chosen the people of Guatemala, were injected with syphilis lethally for a dollar
General Douglas MacArthur and Shirō Ishii the surgeon
Live vivisections of humans gutted like sturgeon
Project Oakridge, the weapons grade plutonium injections
Yo they never bring any of these things up at elections
Mr President tell me about some Project 68, mind control, televiews, Project MKULTRA
The state knows everything about you down
Down to the last penny, a majority of sheeple in this country livin' unconcerned
Drug induced comas on patients that would persist for months
Mutagenic gases released and they causing painful bumps
Yellow fluid leaking boils,constant rising price of oil, the Navy spray pathogens over San Francisco
The soils over saturated they even release mosquitos
To spread yellow fever over Atlantic City casinos
Most of the victims they died or suffered amnesia, coughing up blood from a pulmonary edema
Insane asylum patients were tricked into prostitution
Operation Paperclip saved them from prosecution
Is it me or do they think peoples life ain't worth a damn?
Hell of a jam
The song is over now its time for us to scram

Beast 1333 - Property of the state lyrics

They want us dead
After you're 30, you dead weight
You are a slave of the government, property of the state
If you depend upon the EBT, depend upon the section 8
You are slave of the government, property of the state
If you mate the child or the children you procreate become
Slaves of the government, property of the state
We took the bait, now FEMA gon' stuff us in train freights
You are a slave of the government, property of the state
Here we go, soon as your mother had you squeezed you out the hole
You were born into a world where there's evil men in control
The laws have already pa**ed; we've never had any choice
We've never had any rights; we've never had any voices
It's all a mental projection confusion of an illusion
In this jail with no bars and no privacy, just intrusion
Every dollar that you make with their symbol on it, yo half is theirs
The federal reserve is a private company no one cares
The ____shares forever indebted to all the thieving banks
Then they go and bail em out with your money, we have we to thank
I never have agreed to this, they never have consulted us
9/11 commission report you have insulted us
They k** their own people, dispensable pawns of politricks
Becoming used to their apprehensable forms of politics
We sinking deeper, 312 million walking sleepers
Why you worried about the Nike yeezy Kanye West sneaker?
They want us dead
After you're 30, you dead weight
You are a slave of the government, property of the state

If you depend upon the EBT, depend upon the section 8
You are slave of the government, property of the state
If you mate the child or the children you procreate become
Slaves of the government, property of the state
We took the bait, now FEMA gon' stuff us in train freights
You are a slave of the government, property of the state
What you really should be worried about is the speaker of the house
John Boehner was unanimously chosen in the crowd
A bunch of blue bloods developing marketing to sell us new d**
No group hugs and every elections a crew of new thugs
No news plugs for speaking against the administration
The lobbyists, the ma**ive donations from corporations
The backroom deals in the dark and the secret payoffs
While the regular folks are so broke that they have to layoff
The force of workers anyway they can jerk they exploit us

Even fluoridate the water that you bathe in after coïtus
Every time you take a breath, every time breathe in air
Unaware of the toxins and chemicals that's up in there
The scientists are prepared and propagate their toxin fumes
Cuz their goal is to try to shorten life from 30 to the tome
Your 20's is the spend in peak, then college come with all the loans
Everybody's destiny is a coffin full of hair and bone
They want us dead
After your 30, you dead weight
You are a slave of the government, property of the state
If you depend upon the EBT, depend upon the section 8
You are slave of the government, property of the state
If you mate the child or the children you procreate become
Slaves of the government, property of the state
We took the bait, now FEMA gon' stuff us in train freights
You are a slave of the government, property of the state
Them telephones the one's that you putting up to your ears
Are fine and handy but longterm _____
I know survival gear escaping no time to prepare a family plan
When sh** goes down you'll be trapped up inside the family van
And stuck in traffic good thing that my memory is photographic
Couple of escape routes I've memorized real choreographic
Do you have your rations saved? Tank of drinking water stored?
Do you have machetes and weapons? Forget the circuit boards

And anything that has to do with plugged in electronics
When the skies open up and the frequencies _____
End of days, scaring and working us up into a craze
My crew been trained, your crew can be trained too
To use the brains and fight the lies, if I survive alive, I'll finally finalize
My final mission, before you find yourself without a pot to piss in
Listen well and realize, don't sit around and wait
You are a slave of the government, property of the state
They want us dead
After you're 30, you dead weight
You are a slave of the government, property of the state
If you depend upon the EBT, depend upon the section 8
You are slave of the government, property of the state
If you mate the child or the children you procreate become
Slaves of the government, property of the state
We took the bait, now FEMA gon' stuff us in train freights
You are a slave of the government, property of the state

Beast 1333 - Hollow Earth lyrics

[Verse 1: Beast 1333]
Concave Hollow Earth
Underworld solid Turf
Underground tunnels created by Worms
Of ma**ive Girth
Welcome to the Inner Realm
A place never captured on Film
Concentric Shells
Celtic Mythology thought them
Gates to Hell
Stories the Apaches speak
Of Arizona's Cedar Creek

That are shrouded in Mystique
Folkloric Tales of Big Holes
That are called the Phantom Poles

Beast 1333 - XXX lyrics

[Verse 1]
I will Never Let them Overtake me, never Let them Win
Only got a couple Seconds to Alert Forewarn my Kin
I live in Sin as do many other Members of my Genus
Reptilian Eye, the slit located on Glans of my Penis
It's the Power, the Life Giver, raining Seminal Shower
Think a Sexual thought every three minutes in an Hour
Hours turn to Weeks, Weeks to Months
And Months turn into Years
After Ejaculation Usually the Feeling Reappears
A couple days Time I can be driving down the Road
See a booty walking Instantly I'm Horny as a Toad
It's all Just Chemicals, Alerting and squirting for Reproduction
At the Same time A Delicate balance of Higher Functions
I'm an animal, Besides all that's a Short Life Span
Sexual Inspiration influencing Most Life Plans
What do I Mean? Deep down every man has Dreams
Of Getting more p**y in his Life Than He Has Ever Seen
[Hook]
(I Want It) I think about it all the Time
(I Need It) Always running through my Mind
(We All Do) Eventually Laying for Triple X
Every other Thought that I have is about Sex
(I Want It) p**y is essential and a Must
(I Need it) Every Day Succumbing to the Lust
(We All Do) Eventually laying for Triple X
Every other Thought that i have is about Sex
[Verse 2]
Succumbing to the Flesh
Attracted by her Pheromone and Shape
On Automatic, as my Phallus poke and Entering her Gape

There's no Escape, I feel the Buildup as it rise with every thrust
My brain adjust, back to Normal 30 seconds after i Bust
It's only Human, and to be this honest it takes Nerve
And in no way am I a predator or a Perv

Cuz these are Natural urges
Sugar Daddy takes them to the Mall and Splurges
Older women trying to beat time, frequenting plastic Surgeons
Love it Doggy Style, bend her over to Hit it from the Back
Then to missionary, rub her down and slip it in her crack
She's on her back to accomodate me, throwing back her thighs
As i'm pummeling she makes sure that I look her in the Eyes
Im bout to Finish, but she makes sure that i blow my load up in
Her, winner, puts her mouth on my Penis and make me Dinner
If you're straight, then eventually too you will Lust a Lady
She's the warmest and Fertilest factory for my Babies
[Hook]
[Verse 3]
As I Age, I finally see what its all About
I see it clearly now Beyond any reason of a Doubt
Before we die we have to Multiply, yo that becomes the drive
While Alive Every single creatures will is to Survive
Ok, it feels Good Getting laid, you're feeling like the Man
But thats the Plan, that's exactly how All of Us Began
She's a Seductress, Like me yo there's many that Love Women
Its an Instinct, We blasting off Millions of s**ms Swimming
Keep in Mind Please, Next time you go to Spread her Legs
That subconsciously you're doing So to Fertilize her Eggs
We have to Eat, Piss, sh**, Sleep, f** as we Were made to do
The Basics Components of Living is Really Nothing New
The stories old as Time Itself, You can't Ignore the Feeling
Animalistic Sexual Position, Her Feet up to the Ceiling
Song is over Now, It's time for me to go its time to Flex
Every Other Thought That I have is About Sex

13Hz (R.E.M.) by Beast 1333
Degenerated Myocardial
Heart attack I'm back from the primordial
The prophet entrusted to guide Humanity
Through audio
Recreational drug experimenter no More
I spit that raw horrorcore
That'll help you prepare for War
I said it i spoke i swore
Im not a human i Swear
Highly influential Figure
My music is Everywhere
The cult of the magick square
I spit from the book of Law
My coded rap lines are Prayer
My troops could never Withdraw
I dare you to find a Flaw
Survived a bout of phlebitis
I get in your Bones
Bringing the pain like its Arthritis
Im sick as chronic Bronchitis
Enough of the cliché Punchline
Lucidly aware that I'm dreaming
When sleeping sometimes
Intensely activated parahippocampal Cortex
Increased physiological activation a Vortex
Get s**ed In
Predetermined physical Responses
Parietal lobes making lucid dreaming feel Conscious
VERSE 2
Beta 1 Frequency band's 13hz
Rapid eye movement
Detected on me First

Yo hold up please Reverse
No doctoral Dissertation
Polysomnogram
Muscle and Skeletal Activation
False awakenings
First I'm a skeptic like Norman Malcom
Then I'm knocked Out
Flying and swooping in like a Falcon
As I'm Landing
Scenery change this world I'm Commanding
Way beyond any Communicative
Or spoken Understanding
Not Withstanding
The first one to do it was Keith Hearne

Sleep laboratory research
Lucidity Dream Churn
Recover from mean Burn
With concentration and Focus
Needles poke us
With a shot of Adenosine to Provoke Us
Achieving this state it broke Us
Prefrontal and Dorsolateral
With no apparent lapse in your Consciousness
As Collateral
Step in the Quadrilateral
Beds in the Shape of Polygons
The mind stays Years
It'll linger way after body Gone
VERSE 3
Listen Mahabharata
The other the Ramayana
Epic Sanskrit Philosophy
Smoking on Marijuana
Practice Yoga
The trance of the Tantric in Dream State

The Brain's had a Vivisection
Can't no one on earth explain It
Its part of my Disinfection
This virus i must contain It
I got to get up and Drain It
The urine inside my Bladder
Then to Wakefulness
Climbing to consciousness like a Ladder
Psychosis Neurosis, Sadder
Endorphins will make you Happy
Neurotransmit
Sleep interruption I'm feeling Crappy
Word to Pappy
Its natural never concoct a Plan
You can train Yourself
To stay in the dream by rubbing your Hands
Or Falling Backwards
Symbolically everything has a Meaning
I have Mastered
The Realm of Transition and

Beast 1333 - Demon lyrics

Verse 1-
No matter what i do to make things Right
They go Wrong
I just want to get the f** up on outta Here
So long
My feelings is so Strong
So what that i got fame
I wish d**h and Pestilence
Upon these rappers in the Game
I ain't never been the same, Katharsis
f** if you's an Artist
Im the Hardest
The darkest thats gone the Farthest
The Smartest
I'm sicker than you Regardless
And sick of hearing your Wackness
My Soul
Is an infinite pit of despair and Blackness
Been holding it down like Atlas
The weight of it all's Unbearable
Felt more pain and violence and d**h
Than Ivan the Terrible
Broken I'm non Repairable
Furious blind with anger Raging
Wasted most my youth its the truth hit the Booth
But now I'm Aging
Music that i makes Engaging
People by the thousand Learning
Deep downs a raging Fire
That i can't control from Burning
Isn't this Eviscerating
Never throwing in the Towel
Im not happy with just k**ing tracks

I Seek to Disembowel
Verse 2-
Ima a Demon
Speak against the God that you believe In
Im a Demon
Plotting your demise I'm always scheming
Im a Demon
On the back your neck you feel the breathing
Im a Demon
Influence your thoughts when you are dreaming
Im a Demon
Thieving and weaving a web deceiving
Im a Demon
Spirit of fighting and d**h and screaming
Im a Demon
The reason that life is losing its meaning
Im a Demon
I feed off emotions of pain and grieving
Im a Demon
Verse 3-
Look upon my faces Scowl
Voices in my head there's Murmurs
Visions of a frozen Past
Traumatic scenes of rape and Murder
Dirty Stinky Filthy Order
I can do without these People
Curiosity
Is k**ing cats that hate and doubt I'm Lethal
Im the sh** I'm straight up Fecal
Altogether another species
None of y'all n***as my Equals
Knee deep in this world of Feces
Severed limbs with no Prosthesis
I will never share my Power
Lighting striking all around Me
Barefoot climbing up a Tower
Sheeple at the bottom Cower
Blasphemous my swords are k**er
Roman Numerals
With MCCCXXXIII's up on the Pillars
Every year that pa** grow iller
Every month that pa** flow longer
Every week that pa** I'm k**er
Every day that pa** I'm Stronger

Solomons Pentacle Conjure
Other side, transmission hear it
In my temple casting circles
Hosting many different spirits
Flame protection don't go Near it
Y'all gon have to call a Priest
To exorcise the Demons
That you picked up
Listening to BEAST
Ima a Demon
Speak against the God that you believe In
Im a Demon
Plotting your demise I'm always scheming
Im a Demon
On the back your neck you feel the breathing
Im a Demon
Influence your thoughts when you are dreaming
Im a Demon
Thieving and weaving a web deceiving
Im a Demon
Spirit of fighting and d**h and screaming
Im a Demon
The reason that life is losing its meaning
Im a Demon
I feed off emotions of pain and grieving
Im a Demon
Im hailing from the frigid East
Residing in the wicked North
Where life and d**h play tug of War
And pull each other Back and Forth
No exit never another Course
A painful prickly putrid Path
Dispose the body parts
The flesh and hearts
In a sulfuric Bath
Then after have a hearty Laugh
Im grilling n***as seldom Smile
Only share my Wisdom
With these poor creatures thats been Defiled
13 thousand trillion miles
Moving at the speed of Dark

Surface dwelling masterful magician
Reeks of trees he's Sparked
Spitting is the easy Part
Pummeling, in fact Bombard
Subconsciously manipulate you all
Until you Drop your Guard
I enter kind
And Infiltrate the thoughts
Of all the lost and Blind
I Often Fine
Theres no need to remind ya
That I Lost my Mind
But still i do
Mortar and Pestle
Concoct a witches brew
My audience Grew
Cuz I'm the only rapper Left
That Spit the True
Ain't nothing new
A Buffer
I teach you to grow up tougher
Things Get Rougher
Eventually everyone hurts and Suffers
I'M A DEMON
Ima a Demon
Speak against the God that you believe In
Im a Demon
Plotting your demise I'm always scheming
Im a Demon
On the back your neck you feel the breathing
Im a Demon
Influence your thoughts when you are dreaming
Im a Demon
Thieving and weaving a web deceiving
Im a Demon
Spirit of fighting and d**h and screaming
Im a Demon
The reason that life is losing its meaning
Im a Demon
I feed off emotions of pain and grieving
Im a Demon

Beast 1333 - Consciousness of the Gods lyrics

"By going off by themself for a long time, into the depths of the forest, or the heights of the mountain, and in that isolation, he comes in touch with a Domain of Consciousness which is known by all sorts of names, the Spirit World, the Ancestors, the Gods."
Verse 1-
Never Before
Have you heard a rapper this raw
Slaps to the Jaw
You wacker rappers have to withdraw
Surpa**ing the God
The blasphemous thy staff and thy rod
Disasters Abroad
Your greedy ba*tard masters a fraud
I'll clap and Applaud
Y'all slave for stinking cash in a wad
His a** to the Sod
The Beast was sent to thrash and Maraud
And Crack the Facade
Y'all hit the ground and flap like a cod
A Slap then a Nod
You're Just Another Trapped in the Pod
If you never heard of me before listen
My name is Beast
One Tres to the double Three
From Northeast
My flow here we Go
Yo i'll give it to you Bestow
Carry on the tradition of Hip Hop
From long ago
The Shadows are down Below
Don't even know where to Start
I studied movement of the Planet
And Astrological Charts

And Scoured Countless
Sources of indispensable knowledge bases
Still not a step Closer
To even understand the Basics
"The Cell is the Basis of all Being, and Being is not something Into which we Come, but Out of which we Proceed. In popular language we say 'I came into this world', as if you came from somewhere else altogether, from outside, you don't, you come out of this world, just in the same way as the leaves come from the tree."
Verse 2-
Never Before
Have you heard a rapper this raw
Slaps to the Jaw
You wacker rappers have to withdraw
Surpa**ing the God

You're Just Another Trapped in the Pod
As a living Organism
I suffer and learn from Pain
Through the Strain
I Maintains
Theres gain to Attain
Please Refrain
The same thing's mundane
Use Your Brain
Please retain
Don't Stay Same
So lame and constrained
My Domain
Attain fame retrain to obtain
New Terrain
My campaigns ordain to the slain
Do Your Thing
These plain Janes disdain the Profane

I Sustain
Obstain games
Im Flame As Butane
"If you are aware of a Fate which you call Is, or Reality, or Life, this implies another state, or Isn't, or Illusion, or Unreality, or Nothingness, or d**h. You can't know one without the other, it's always going to come to an End."

You're Just Another Trapped in the Pod
Everybody that you know and Love
Will soon be dead
My Music comes about
By quoting voices in my Head
Wait till the news of what I've really Done
Begins to spread
They use the lessons that i left for Them
To get ahead
Don't matter what you really think it is Is
Or what you've read
Just, do the opposite
Of what you think you know Instead
Theres billions of the blind
That live in bliss and been Misled
Don't listen to the News
Or believe ANYTHING that's Said
"It takes Nothing to have Something, because you wouldn't know

Something was without Nothing. You wouldn't know what the Form is without the Background Space. You wouldn't be able to See anything unless there were nothing behind your eyes, now imagine yourself with aesthetical eye, you can see all around. Now what's in the Middle. See?"

Beast 1333 - Mystical Man lyrics

When i Rhyme
You're hearing exactly whats on my Mind
On the internet downloadable
Easy for you to find
So easy or me this Time
To get it up off my Chest
I think i'm blessed
I suggest if i didn't meet KRS
Well brothers y'all know the rest
Well sisters y'all heard the Stories
I was all alone
Was broke and had nobody rooting for me
Nobody to gave a Care
Nobody to lend a Hand
Became a Man
Walking hard upon both of my feet i stand
On aching feet as i stood
Corrupted many a hood
Misunderstood
Drifting further and farther away from Good
And when i Landed
In retrospect thinking after the Fact
I was exact
Product of my environment i React
Reacting like I'm supposed
Can't nobody really blame me
Fell in love with the Music
Cuz nothing else entertained me
Grip the Mic
It was love first sight
Recite ciphe, In a fight bite
Flow Sci-Fi, It Felt Right
Laid it down like nobodies business

Increased in sk**
Never thought people the world over
Would think I'm ill
Yo what the deal?
I ain't never met a beat i didn't murder
Berserker
And none of y'all can see me like a burqa
I Mortar
Along with a 100,000 supporters
On the frontline
Patiently waiting attaching orders
To the daughters and the sons
And the future seeds of our Loins
Life is more than Coin
And painful like several kicks to the groin
So many that want to join
So many that've been recruited
Sitting booted I've computed

Im suited to live Secluded
Excluded from all the flashing lights
And pitfalls of stardom
Beg your pardon
The Guardian thats fire like Hydrocarbon
The streets and the slang my jargon
Was drowning in my surroundings
No ambition or drive
Im Alive but i took a Pounding
My mind had to move a Mountain
The time that I've been allotted
Make sure that i do my best
And my plans for the future plotted
I got it, i have it, grip it
The microphones i be ripping
The spit that i spit be Dripping
And leaving the sheeple tripping
Is It You?
What? of course that it Is
Y'all got the flow now
Y'all know Beast to the 13 to the 33 don't slow down
I got somewhere to go now
You got something you're living for?

Or is you in your 30's like Me?
And f**ing miserable
Since no man is invincible
And d**h sees everybody
I won't march to the tune of their piper
Like Rowdy Roddy
I won't liste to a think that they say
Like I've always have done
Makes you edgier and wiser
When you're growing up and have none
And you have to take an extra step or two or three
To even eat
Increasingly becoming more than difficult
To try and compete
I want a different type of vida
Mira let me break it down
To the fraction of the decibel of the wavelength of my sound
Becoming the most Profound
Im lulling them out they sleep
Best Earn your Keep
Cuz when they creep
Y'all be lining the streets in heaps nikkas

Beast 1333 - Insanitarium lyrics

Verse 1-
He been flossing though
Clothes is always crispy as a Claussen yo
Streets is hot as hell
He always show up where his boss will go
Dirty where his boss has been
He took the life of several men
The first time being
Mothers boyfriend at age of 10
He smokes mad cigarettes
Cologne smell of Versace
Plus his palms are blotchy
Love like Joany Chachi
Busting Glocks for papi
But he's sloppy
He buried them in Jersey far from home
But superstorm Sandy
Eroded the soil revealing bone
His cover in the hood been blown
He dabbled in narcotics
Kept his coke
Broken up in a $100 bill in his wallet
Taking key bumps
Puffing in basements his joints of weed plump
Once a week he paid a prostitute
To twerk and speed hump
Bypa**ing all the speed bumps
He focused on his goals
He had a future full of d**
Full of Crime
Full of stripper poles
His balling was out control
Per week it was 50 stacks

The profit cash from a Key
To him it was just a snack
Remarkable matter fact
He came from a den of squalor
Where his mother guzzled s**m
Out of stranger's dicks for a dollar
His father was just a John
He's nothing but devil spawn
The line in the dirt was drawn
Since nobody would respond
His little heart carried on
He grew into something dark and cold
Cuz, he didn't realize what he did
Came back triple fold
Splash and then the ripples go
Effects that come from causes
There is no hesitation when shooting
He never pauses
Never blinks or blacks
Every single move is calculated Jack
He never slacks

Exotic birds and tigers and a trained macaque
His fleet of vehicles was black
A hatred for the boys in blue
Now tell me what the hell
Can anyone step up to really do?
He lost his marbles
Aimed and shoot his s**m
To make a hooker gargle
Recoil from the high caliber pistol
Broke his metacarpal
Many his possessions sparkle
Most of all his diamonds conflict
All his brothers even mother and his father
Was a Convict
Born into a life of pain
He'll never feel the hurt again
Whats in his brain
Is k**ing motherf**ers all up in the game
He's straight up shot
Jabbing at a punching bag with all he got

New shiny Glock
Was bout to leave the crib
But then he heard a knock
Since sh** is thick
He thinking quick he co*ked the gun until it clicked
It could be Crips
Or maybe Bloods he double crossed
On Several Flips
Fat beads of sweat
And then he heard the knock again as loud it gets
Lets off the bets
For sure cuz he's a vet
No hesitating pet
He starts to shoot
Reloaded with the ammo clip he towed in boot
The sound went Mute
Perhaps it was the detects that was in pursuit
He peeped the door
Swiss cheesed more
Than it was before
But then he saw
Something so shocking
That it dropped his Jaw
It couldn't be
From shock the site before him dropped him to his knees
Cuz now he sees
That all along he's been living with a disease
He saw himself
Shadow of the man he was
And stripped of wealth
And nothing else
A patient at an institute for mental health

Beast 1333 - Doppelgängers lyrics

[Verse 1]
They all around us
Multiplied in numbers, soon's they found us
It's an understatement to refer to them as out of Towners
They are something special
Reproduced like co*kroaches board they vessels
Stench was intolerable, mucus lining walk the trestle
Back to surface dwelling tactics, you will never catch them hiding
Secretly they laugh and scoff, at all our evidence and sightings
Mother-ships that entered gliding, armed devices for they cloaking
So they never saw them coming, too much Oxygen they choking
My how quickly they've adapted, human suits were grown then grafted
Expeditionary Forces, gathered from the ones they've drafted
First they sent a half a dozen, then another half plus One
They weren't ready for the a**ault, and the battering of Sun
They couldn't take the heat and Light
So they hit the street at night, it seems for smite
That they walk among us, not in dreams but sight
It wasn't really tough at all
And even now they signal sending
Culmination of it all's to watch us fall a single ending
[Verse 2]
For every two of us, there's three of Them
Its a nightmare on E.L.M, ain't no Freddy Kreuger
Monster movie scarier than Them
What lies beneath, beneath the human flesh and bone is jagged teeth
And external vertebrae, resembling a Coral Reef
Their residences dens of filth, every single month they molt

Elastic like appendages, between their legs to help them bolt
They lay down in our beds and f** us, you don't know who's one or not
Biological advances over us is what they Got
It's not a lot, I know they're not invincible
They k**-able, but their surface dwellers
Appear to be most formidable, they hard to k**
Their weakness is to stab them in the breathing gills
Their breathing's ill, because you thinking they're not
But yo they breathing still, there's controlling
Slope is getting slippy like a sloppy slurp
Their language is a rapid sequence
Of highly pitched chirps and burps
Its all subjective, Cause they think of us as just disgusting swine
They can't really believe, that we're k**ing each other
All the Time
[Verse 3]
The scent that we emit to Them, is similar to nesting rats
Here every family, has an individual smell, to them like cats
Their hypersensitivity to light will cause them dermal plaque
So most of them prefer to masquerade upon the Earth as blacks
I kid you not, if you have a child please watch your kids a Lot
Cause they can easily replace your kin, with smaller kin they Got
Doubles of us, doppelgängers, body snatching morphing clones
Chthulhu like extensions flexible, crustacean Davy Jones

Beast 1333 - Enter the Templum lyrics

A Ma**ive Impact (*BOOM*)
Seen me climbing out the crater
Beast 13 save the 33 for later
My insurgencies for data
My addictions to the knowledge
That you only get through living
Not curriculums in college
Never stop, never surrender
You's a fake a straight pretender
Been a defender, send to end the
Slaving away for Tender
Slave to the wage agenda
Cancer that come from Splenda
Stir that cup of Joe
Beast the Pro
Beasting it increase the flow
Beast gonna beat me beat me sore

Backing the f** up beasty go
Better see Before
Better beat evil
Beast to the 1 3 3 3 Flow
You see he's so
Key to Grow
Run to the front now
Flee the Slow, as three bestow
It's easy though
Surpa**ing Drake and Weezy though
You're cheaper like a Vizio
I'm sharper like a Samsung
And ima rock the microphone

Alongside of my Grandson
'till my bones are dust
Engine of a k**er drone they flown on us
Tap phones on us
Im deadly as explosive supernovae Dust

Beast 1333 - Interstellar lyrics

"Interstellar" by Beast 1333
I'm Zecharia Sitchin Sagan
God of old Mesopotamian Pagan
Son of Marduk
Born during administration Reagan
Earthly Dagon
Energy beings larger than Humans
Counterclockwise
Dimensional portal doorway is Fuming
Like a flowers blooming
Deafening the crack of Lunar Storms are brewing
Greco Mayan spacecraft
Vimanas found under the Ruins
33 light years from Earths
A molten Exoplanet
Interstellar traveling capabilities
Thats causing panic
Keys of Enoch
The visitors resembled Ewoks
Orion nebula creatures injecting the serum in vein as a Detox
Bullet vessels speed dock
Better wait your turn and slower docking Speed
The bay doors is opening
Proceed without a knock indeed
Quadrupedal scavenger Vermin
Emerging from Lagoons
Was struck by the beauty of the planets sky
And Triple Moons
Seen em in cocoons
The Anunnaki offspring of Anu and Ki
Kelp covered glimmering vessels thats rising up quickly from under the sea
Full of Abductees for Tiamat

The goddess of the Ocean
The solutions have our protocols in place
And constant motion
Epic of Creation
Laws of gravitation as we pick up speed
The Captain at the Helm
Is vaping solar radiated Weed
Many different Breeds
Galaxies are born in Laniekea
Local super cluster
Those that perished
Went with Goddess Freyja
Entering the Lair
Space is Flabbergasting in its Magnitude
Ionic propulsion the engines are failing see quickly they're losing their altitude
Bit of Gratitude
Never attitude

As they Toggling in to their Latitude
Mental aptitude
To the Exactitude
Never talking as he navigating mad Subdued
I can't be mad at Dude
What do the temple Preach?
Its been years since i trotted the Globe with Teach
Was it a hole or breach?
Looking for souls to Reach
I told cheech on the beach that we'd make it Each
And make it yes we Did
There go the power Grid
No cribs, ain't no food, ain't no showers Kid
Dimensional paths that the gods Forbid
I took it through the Wormhole
Bounced and slid
Since i live amid
Amid the living Mud
I burn bud, its a flood when I'm out for Blood
We're crashing with a Thud
And coming out the Crud
Ain't no telling what they're thinking as they fly Above
Lets slow it down, a little

We're trekking across the planets Face
Checking around setup camp and Base
Feeling like I'm feening for the Vac of Space
We're the master Race
Our D.N.A.'s a Gumbo
A Galactic Stew
We're Royalty
Theres 33 races combined inside of you
Creatures that won't say hi to You
Preachers are screaming homilies
Features of speech won't lie to you
Teachers we're reaching Colonies
Eating and Teaching Botany
Dab on the nail inside the Lab
Constellation Leo and Gemini
Stand beside the Crab
Probes into the surface Stab
Solar panel warming Coil
Soon the colonizers shall attack in Droves
While swarming Soil
Magma from the mantle Boil
Sheeple blind as Helen Keller
Soon our traveling capabilities will become

Beast 1333 - Goetia lyrics

Who got them 33 grizzlies set apart for Juan?
Tito dropped him uptown flipping making pan
Tiene guille de Tarzan
deja que se tire pecho
Who got the 13 other ones?
the ones that you setup special?
Esos mismo
i got em right here to make the drop
Be careful don't park your car up on that block it's hot
i got the bottle as a decoy's a ginseng arizona
Show em that we 1 for 1 my n***a cook so bring the soda
Activate Kinetic Motion
As i take complete control
Im the darkness
The greed that came to feed upon your soul
Your destruction is my goal
Tempted tortured by malevolence
I'm formless an entity a demonic intelligence
I creep into your mind when your thinking all alone
Fill your head up with the thoughts
Of all the things that you can own
Im that demon that is present
While y'all spending in the club
Im the 7th prince of Hell
In charge of wealth, greed and d**
I am MAMMON
Yo what yup sun?
what up pa?
Whats good with the Hoes?
*i got a couple b**hes lined up we'll see how it goes*
How about that Portuguese chick sun the one with the fatty?
*my n***a Remo tapping that i heard her calling him daddy*
That n***a bugging seen that booty and he went for the k**

he probly laid out in the crib wetting the tip of the drill
I got the liquor the money the weed and molly by the tons
*there go them b**hes right now tonight its guaranteed buns*
I'm the king of the Nine Hells

And s**ual desires
I bring lust and perversion from eternal realms of Fire
I can turn your loving wife
Into a cheater and a liar
Have her banging in the crib
While you're working on top the drier
Or your husband in the room
Doing perics and watching p**n
And maliciously
Im the reason half of y'all is born
I take on many different forms
While y'all embody my perversions
Sexual domination, painful acts of torture and subversion
I am ASMODEUS
The way i want to lay this n***a out man i want him Got
well it's the perfect opportunity right now he's up the block
Just act real f**ing cool yo and sit on the stoop
*but he wasn't by himself though, you k**ing the group?*
I got to wet this n***a, ain't gon be no turning the cheek
i got your back but think it through sun that's permanent sleep
No second guessing thats him coming now so toss me the toast
make sure you splatter homies brains back to Dyckman and Post
I'm that rage building up inside ya
'fore it began
I'm the entity that's present
When you're k**ing a man
I'm that monkey on your back n***a
Keeping you pissed
I'm depression
I'm the whole reason y'all cease to exist
I'm that little voice
That makes you wanna slay your adversaries
I'm the agony of murder victims
In the cemetery
I'm the evil force that's making sure
Y'all straying from the path

I'm the Fallen Angel
Feeding off of murder, d**h and wrath
I am SATAN

Beast 1333 - Numbers lyrics

Each number Vibrates
At its own Frequency
Pythagoras philosophied
And kept journals in Secrecy
The Triad
The first perfect number was odd 3
Granting Power
Intelligence, knowledge upon Me
Lord Triplicity
Mistress of Music 3’s Electricity
Its Simplicity
3’s Harmonious Synchronicity
No Complicity
Interwoven my circles Trinity
A synthesis and Manifestation
Of 3’s Divinity
The Astral Emotional Body
Its stays fresh
And Connected
In to the 3rd day beyond d**h
My Numerical

I’m the Father the Son and the Holy Spirit ama**ed
Into one super technical, teaching Rap Emcee

I’m Ruled by Saturn

Go off like a Jet pack
My spirit travel the Stratus
My Divinatory
Upper ionospheric God Status
And Microphone Apparatus
Converging so I can Teach you

Occult numbers 3, 13, 33 Generated
Spawned me as I walk on this Earth
I am no longer Meat
My Body can no longer sustain or Retain its psychic Heat
Witchcraft, sorcery, necromancy, wizardry
Hoodoo, Voodoo, devilry, mysticism, witchery
Psychic, magic, mystically, hermedicist, Theology,
Astrology, cosmology, or sacred numerology
Climbing Jacob’s Ladder
In this mortal realm of self-Perception
Introspection
Will lead you away from paths of Deception
My Intention
As always is simply to teach and Educate
And make the world a better Place

Not smoke weed and Vegetate
Allow me now to demonstrate
My impact on Humanity
The Beast of Revelation’s only one my Personalities
Totality
All of them combined’s of course a double 3
Personification of vibration of number set me Free
Better Get with Me
Get a quick Degree
Working and Slaving they want you to Be
Blind as a bat Now
Home getting fat Now
None of that is gonna happen to Me
Cuz I Got the Key
Better turn to See
Master Magician the Numbers Agree
Not my cup of Tea

Beast 1333 - Cocoons lyrics

Yo how the hell is this my Life?
Have you ever been so pissed
You couldn't Breath
Its just the intricacies of the tangled webs
That People Weave
I wore my honor on my Sleeve
Proceeded goodness in my Heart
And if i had another chance
To take it all back from the Start
I wouldn't change a Thing
Welcoming the thrilling Jolt
That danger brings
I must admit my Mind is always Wandering
To stranger things
My thoughts are Dark
Extract the bullets out the Flesh
And Bite the Bark
Despite the sharks
That leave they biting Marks
A flame to light the Spark
And now i see that all Along
They didn't want me to be me
On wounded knee
Its simple took a three
And Doubled to be Free
Was just a Flea
Another grain of sand
A simple speck
When i discovered that through music
I can earn peoples Respect
I was catching wreck
On any tape they threw up in the Deck
To Snap they Neck

And philosophically take people on a Trek
My Life was Whole
My songs became direct connections to my Soul
Yo now the Goals to seal the Holes
And leave these Rats out in the Cold
Getting old
But to be honest i don't even feel my Age
And ever since my teacha KRS
Broke me up out that Cage
Im page for page and line for line
The sickest mind up in the Game
And the tone and Frequency i Spit
Does something to your Brain
You will never be the Same
After exposure to my sk**
You will start to realize your favorite rapper's lesser ill
I do more than keep it Real
I do more than spit the Truth
As i reiterate Akashic Record Files
Up in the Booth
I'm like directly tapped

To consciousnesses database or knowledge pool
A higher overstanding of Reality's what I've made Cool
A Simple Tool
A microscopic cell from out the total Ma**
Incredibly my vocal chords is vibrating distinctly Fast
To kick your a**
And shatter your extremely weakened Jaws of Gla**
And tag your cast
My songs shall ever last
And slash you Lash for Lash
The masters fast
I masterfully interlace my rhymes to Teach
My tentacles have spread across the planet Face
My global reach is used for Good
Cuz every single country
Has they slum and Hood
My music speak to people there
Who Suffering Misunderstood
Before i Die
I'll teach them all my personal technique to scry

Instead of bye
My spirit moves your Ouija board planchette to Hi
I'll never go
My apparition glows
With tattered clothes that Flow
Its simply allegorical
My symbols left for those that know
And those that Knew
Refuse to walk a mile up in anothers shoes
You look confused
Your whole entire Life
My brother you've been used
A world of Slaves
I rather walk into the woods and pick a Cave
Than have to pay a tax
Because the street is theirs and road is Paved
My Names Engraved
I sit upon my throne
And chisel songs in Stone
The spot been blown
And compromised by optics systems
In a drone
I won't condone activities that feed into malicious lies
I symbolize
My purpose on this planets to Resist and Rise
And show you guys
In life theres much to gain
But much to lose too
And Never Trust a Soul
Because you never knowing Who's Who

Beast 1333 - Societal Homicidal lyrics

You wanna f**ing die?
You wanna f**ing meet your maker?
You need to shut your mouth
And sit the f** down and wake up
You never done sh** for your life
So what you want?
Marked by blithe unconcern
Nonchalant
You's a debutante
Teflon, pardon Beast Dupont
While living up on the surface
Ive acquired a knowledge of self
An intensively sense of purpose
So what? that they want to mirk us
So what? that they want to k** us
So what? you don't know your purpose
So what? cuz the Beast is fearless

The Deal Is
Follow me, guide you
Inside you, they trying to divide you
Remind you, the mind revival
No idols, despise the bible
Societal Homicidal
Hold title, hold tight to bridle
The final, the signs are vital
Beast tribal, inside I'm primal
Survival
Arrived arrivals, arrivals arrived on island
Manhattan destruction final
Go viral and move to highland

We armed to the teeth and wiling
We popping em open like a stye
Never Cry
Speak a couple words
For cats that want to Die

Beast 1333 - Drop Dead lyrics

I'll s**er a punch a pig
Stab him in the neck first
If i see he big
Snap em twig
Happy dance a jig
To shovel tell him dig
Dig he dug
Messing with them d**
I had to pull the plug
Smoke a dub
Now the bodies grub for all the desert bugs
Think you're thug?
When i let my mind roam into places dark
My brain and heart
Remain in flame and spark
The pain of Satans bark
Forsaken shark
That latching on and shaking
Tons of flesh and meat
Your b**h in heat
She jerking with her feet
Discreet, she's street complete
Uniquely greet
And shake the hand of every motherf**er here
Don't interfere, i see you're insincere
Its clear you're full of fear
And as you freeze
I'll kick you in the stomach
Drop you to your knees
Smoke all your trees
Hence forth i do decree
You're whooped by 33
The name is B E A S T

Dont test me
Your wack music and your whole team
Fail to impress me
I live my rhymes
Reflection all the time
Of what is on my mind
I'm on my grind
I write a couple lines
As soons i rise and shine
My mic's divine
I didn't mean to wake you with my frigid slap
You're less than crap
The Beast is always strapped
A wrap, don't give me dap
My semi clap
Clunk and click and clack
Until the clip is scrapped
Go take a nap
Before you're in a sack
Attack like Warren Sapp
I'll leave you dazed
Cuz thats the type of brother
That my mother raised
Hard to appraise
At first the name was Phase
You're grave as bullets grazed
You're sweet as glazed
And softer than a dozen dunkin krispy kreems
No Self Esteem
To you its just a dream
You're sh**ty as latrines

Can't flush the bowl
Eliminate your soul
Is now my major goal
Still on parole
I take complete control
When cold I'm on patrol
The pen'll scroll
Ain't nothing as I'm screaming
Yelling in your face
You're a disgrace

I'm raw as blunts thats laced
I'll put you in your place
A masters pace
Your thinking and your rhyming's
Always kind of slow
Watch out below
The bombs that i bestow
They manifest as flows
We've come to blows
And every single punch i land
Feels like a brick
You think you're slick
You foreigners and hicks
Eclipsed by sickest spic
How any licks?
It takes to break you f*ggots all down to the core?
She begs for more
Your mother wants to score
She stinky left a who*e
My brother swore
And did without a care
Together shook and sweared
Since no one cared
That we will be the illest sibling human pair
You can't compare
I hope that you's aware
That you's is over there
I'll pull your hair
The fabric of space tear
Won't share, cuz life ain't fair
My stoic glare is menacing
You looked away but turned to stone
Bow to the throne
This payback like a loan
I've mastered pen and poem
My poems and pen
Are better than your best work
Multiplied by ten
This is the end
No need to condescend
Pretend that you's a friend
I will ascend
On beats thats ill
I move in and i set up shop

Don't look so shocked
I'm ripping the microphone
And rapping till i drop
Im hip to hop
f** hopping to whats hip
Don't trip or walk my block
You're sh** is plops, go call the cops
And tell them
REVELATION DROPPED

Beast 1333 - That Work lyrics

Loud, Green, Spliff, Breeds
Whatever the strain
Man i got that Weed
Buds, Nugs, Sour D
Puffing on the flower that they got from me
Haze, Kush, Blue Dream
Take over the block this a new regime
Sell a bunch of pot
Gonna scoop this cream
Feeling like im Snoop
On the stoop, blow steam
Big clouds, blunts, bats
Stomping on the roach
Bringing d**h on Rats
Baggies in the brim of your baseball hat
Running to your crib
Fitta take all that
Racks on the table let me see what you hold
Came to collect
Let me see what you sold
Bundles of money
Got a couple things rolled
Let a couple things blow
Jumping in the Range
NO!
Hoopties for me
I ain't new to the streets
And i do to these beats
What i do to DT's
I stay moving these trees
Like a Hurricane Breeze
Better learn to say please
Take a puff and say Geez

These trees the bees knees
Super High Face like the guy on the Meme
The prices is right and the qualities mean
Its chock full of trichs and the high is supreme
Nobody competing with nothing i do
You call me delivery coming to you
Hello are you coming? please shoot me a text
The odor's concealed and its hard to detect
My brother chill out your delivery next
My sister be patient your pack on the way
My people enjoy the euphoric effects

They dabbing and vaping and taste the bouquet

I GOT THAT WORK, i get my work sent to me right through the mail
I GOT THAT WORK, this ain't no bullsh** n***a this what i do
I GOT THA WORK, just dial my number i'll deliver to you
(HELLO?!)

The munchies have struck and im totally baked
Got 20's got 8ths and got quarters got halves
Got zippos and pounds where the kilos is stashed
This song entertaining my stilo is fast
The gla** with the flower the brillo the blast
The papers the bubblers the hitters the bongs
The oowops we rolling unusually long
The bud that i carries unusually strong
Reflection of life and my self in this song
I got to break out now cuz spit pretty long
We kicking and stinking they starting to twerk
Before that i mirk there is only one quirk
That a hustling n***a's as good as his WORK

Beast 1333 - The Spirit Of Hip Hop lyrics

Everywhere I Look
All I See is Dirt Grime & Crime
Had some Feelings that was bottled Inside
I Had to Rhyme
I didn't choose this Line of Work
I Didn't pick it cuz it's Cool
I summoned the Spirit of Hip Hop
To Use me as a Tool
I summoned the Spirit of Hip Hop to use me as a Tool
I feel baptized in It
One day Ima build a School
So I Can Teach
Everything that I Learnt
Go Beyond the Rules
Erect a Monument an Obelisk and Pillars on these Fools
Build a Village dropping Jewels
In the Booth as I take the Cue
Y'all showed me Love
On every single song I've ever Made for you
I won't Live Long
Ain't no Flippin or turning the Sands of Time
But I will be Remembered
As people Rewind my Rhymes
The Ladder I had to Climb
The Obstacles in my Path
Were No Match
For my Pa**ion and Hunger, inside my Wrath
Wanted Out
So at the Very Least
Before my Bodies found Deceased
Make sure that they Hear the Name
Of 1333 the Beast
Everywhere I Look

All I See is Dirt Grime & Crime
Had some Feelings that was bottled Inside
I Had to Rhyme
I didn't choose this Line of Work
I Didn't pick it cuz it's Cool
I summoned the Spirit of Hip Hop
To Use me as a Tool
I summoned the Spirit of Hip Hop to Use me as a Tool
My Knowledge Vaster than the Ocean
Your Knowledge a Shallow Pool
Just Animals at the Zoo
Displaying, the Earth's a Cage
The Loser and by Default's
The First one to Show his Rage
The Writing's up on the Page
My blood as it Mix with Ink
Discovered a Trillion ways
For Patterns in Rhymes to Link
If Pun was Alive & Breathing No Drake & No Weezy even
If Biggie was Here & Poppin No Nicki Minaj's Rocking
If Pac was Alive & Walking there wouldn't be Wacka Flocka

What happened to Fat Joe?
His rhyming Used to be Proper
I Would never sell Myself Out
To Corporations or Labels
I Don't want to be Rich
I just want to put Food on the Table
I Don't want a Mansion
I don't want a Giant Lavish Crib
What I want is to be Able
To pay the Rent for my Kids
What I Want is not to Have to Worry
Learnt to Eat the Stress
Cuz it Kept me on my Toes
And it Forced me to be the Best
Everywhere I Look
All I See is Dirt Grime & Crime
Had some Feelings that was bottled Inside
I Had to Rhyme
I didn't choose this Line of Work
I Didn't pick it cuz it's Cool

I summoned the Spirit of Hip Hop
To Use me as a Tool
I summoned the Spirit of Hip Hop to use me as a Tool
I Don't Rap about Honies or Being a Drug Mule
Because I know that there's Impressionable Youth
That Listen to Me
So I Train em to the Best of my Knowledge
And Teach em Fully
Every song I Make should turn into a Cla**
You feel your Sitting at
The ones already Know me
Know Exactly what I'm getting at
When teaming up with Nevahmind
I Boost to Ultra Hyper Slang
My Brain is in the Middle
Controlling the Body like I'm Krang
Masters tend to Practice
With Practice y'all Turn to Masters
When it's Freezing we gon See
Who gon Git Up & Skin the Cat First
I've never had a Wack Verse
And Since Opinions Relative
My ongoing Mission is Kicking this sh** Superlative
I Burst Open Hydrogen Bombs
And Battle Bare Knuckle
You'd have to chop Both of my Arms
To Fight a Fair Scuffle
People Listen to Me
Cuz they know the Spit is Real
I Summoned the Spirit of Hip Hop it Blessed me with these Sk**s

Beast 1333 - A Christmas Story lyrics

Hook:
They Chose the Winter Solstice as the Birth of Jesus Christ
The Savior the Son of Man the Righteousness the Light
December 25th is not his real Date of Birth
Pagan holidays Disguised but they
Came First
Came First
[Verse 1: Beast 1333]
The Reason for Establishing December 25th
Is simple really
Pay attention as i Explain it in a Jiff
The Customs rooted in the Celebration
All the Gifts and Fun
Are really Rituals to Celebrate the Rebirth of the Sun
4000 years ago Millennia
The Two before Messiah
25th was for the Sun God and Festival of Fire
Was the Same for the Romans Zoroastrianism, Mitra
When the days begin to Lengthen
And the Nights shorten Etcetera
The New Testament
It Never states the Year that he was Born
Sacred Oaks for the Germanic people
Trees took on New Forms
Adorn the Evergreen
The Representation of all Fertility
Kris Kringle's supernatural Gift Giving abilities
Are Poppyco*k
Goodies left inside a Pagan Bloody Sock
Whats prophesied in Malachi's Chapter 4 Verse 2 is a Shock
The Sun they always talking bout's
The one that Rise Above Us
Not a Son that Came About

As a Product of Two Lovers
[Hook: Beast 1333]
The Merging of Beliefs starting with Emperor Constantine
The Edict of Toleration in A.D. 313
Our Favorite Morbidly Obese

[Verse 2: Beast 1333]
The Seduction of the Church
Gradually the customs Adopted
Honoring Saturn
Yo Everything Julius 1'st Concocted

Was to Make it as Painless as Possible for the Heathens
Pagan Romans
Who celebrate Solstices and the Seasons
Would adapt to Christianity
Went down without a Hitch
Proclaim the same Feast on Same Day
So people didn't b**h
They had to Switch
But they Kept traditions same so sh** was Cool
The wheel pagan symbol for Sun
The Words Yule
Mistletoe was also considered a Sacred Plant
The Unconquerable birth of the Sun
While Monks Chant
They gradually started Merging together
But not Slick
It was Wotan
Who flew in the sky before Saint Nick
It was Odin
His eight legged Horse name was Sleipnir
And thats how they came up with Santa and Reindeer
He's the Celtic Holly King
In a Sleigh as he Sees Down
Robes traditionally Red
Holy Holly the Wreath Crown
[Hook: Beast 1333]
Throughout Hundreds of Generations

Tradition Pa**ed on
And now the Holiday is a Retail Phenomenon
You Spend and Spend and all to make the ones you Love Happy
It's the Biggest Holiday they have for Sheep
For Sheep
They Chose the Winter Solstice as the Birth of Jesus Christ
The Savior the Son of Man the Righteousness the Light
December 25th is not his real Date of Birth
Pagan holidays Disguised but they
Came First

Beast 1333 - Confessions lyrics

Beast 1333:
It's been 13 years for my last confession, father
Priest:
Go ahead and speak your sins, you're looking agitated and bothered
Beast:
You see, the thing is, I've been searching for God all my life,
struggling up in the ghetto with my kids and my wife
I walk with a knife, in case I have to slash up a face
Ain't no jobs, ain't no future, ain't no cash in this place
I've resorted to some perilous acts, just hear me out
Priest:
My son, whatever you've done, God forgives without a doubt
Beast:
How bout' when there's a drought I'm running all in they house,
take all the weight, apply gorilla tape to silence they mouths?
Priest:
God forgives
Beast:
Then, where was He when my mom got sick?
Priest:
God forgives
Beast:
Even if I done some crazy sh**?
Priest:
God forgives
Beast:
Even after everything I've done?
Priest:
God forgives everybody, every last of his sons
Beast:
I had a gun that I pulled in the store to bu*t the clerk
He had blood pouring out of his melon onto his shirt

I took the cash as the gash on his cranium start to bleed lots
Burning rubber, hauling a**, I trashed a pair of Reebok's
The Lord's name in vain as I'm cursing daily
My body is a temple for marijuana and Baileys
No reply when I yell at the sky, can I be frank, father?
I've been havin' thoughts of turning into a bank robber
Priest:
The path you walking on is treacherous and reeks of d**h
Bow before the Lord of the Jesuits, bow at Jesus' steps
Beast:
Will that put the food on the table for both my children?
Will that pay the super the rent to stay in the building?
Will that help a person progress and solve everything?
Been praying all my life and that has never changed anything

It's hard to believe that he really created many things when everything in life is a struggle, the threats are menacing
They cause the d**h of innocent immigrants k**ed by militants, where the hell is God when machetes sever they ligaments?
Where is hell is God? I've been clamoring trying to reach him
Priest:
Well, God left the bible for his children, to teach them
Beast:
You said it best when you said that he left, you must be blind, father
My uncle's neck was slashed, they murdered him for $9
Priest:
Let's speak in my office, come out of the confessional
Beast:
I don't give a sh** if I've ruined the whole processional
Priest:
Please come back my son, they having Sunday ma**
Beast:
Everything last one of these motherf**ers can kiss my a**
Y'all piggyback on cowardice and scientific ignorance
The bible and Sumerian tablets have no difference
The same story's told again, again throughout the ages
The bible mentions alien Nephilim in its pages
Krishna also broke up some bread at the last supper
Both were resurrected, ascending to heaven, upper
The Babylonians spoke of a serpent and forbidden fruit
The bible's been tampered and everything within it is delusion

Priest:
Blasphemy, you dare to speak against the holy scriptures?
Beast:
You're not listening and you're blind to the bigger picture
Corralling of the sheep without the answers
Religion takes more lives in a year than are claimed in cancer
Remember all my words like you memorizing Leviticus, our DNA is alien mixed Australopithecus- y'all really just don't give a sh**
Priest:
Please, you're gonna have to leave
Beast:
The mind of a man created everything that you believe, you den of thieves

Beast 1333 - Locked In lyrics

Lock the front door
Make sure the windows is shut
No matter What
I ain't gonna murk the set out the Cut
I'm staying put
Long's I got my food supplies in the Kitchen
I gets to work
Temple Orthodoxy Rhyming Division
Commence the lock in
Nonstop bumping that Hip Hoppin'
Spend a month in here
Sharpening darts to get sh** popping
I ain't never leaving
Surfacing for oxygen or sunlight even
No longer conscious of linear time
Of days or evenings
Box of pens a stack of pads
The best weed that I ever had
That's all I need
I'm introverted by myself and feeling glad
I relish in the solitary
Hip hop money commissary
Do this to express myself solely
For nothing monetary
I could never swim the way they swimming
Nameless, faceless fools
Your non-existent contributions to humanity you tools
You make me want to barf inside
Dimethyl chloride barbicide
To sanitize
Won't follow sports the sheeple life's what I despise
Hook (x2):
We locked in (Slam)

Don't come calling or knocking
We locked in (Slam)
Never slacking or stopping
We locked in (Slam)
Claustrophobic and boxed in
We locked in (Slam)
Ain't no talking or squawking
I'm torturing my soul and thoughts

This battle that's forever fought
While feeling caught
And stagnant in whatever goal it is I sought
I must succeed
But not to purchase items or to feed my greed
I feed the need like steed to proceed yes indeed to feed the seeds
I move at paranormal speeds
I'm underground like demon ghouls
I never shall obey or follow
Predetermined heathen rules
Proceed indeed to slap in duels
Lyrically voracious fighting
Always been original
Not one of these cats that's known for biting
In my solace lone reciting
Never seen another soul
Potentially cuz you's a distraction
To keep me away from goal
So stay away don't need nobody
Take it f**ing easy Laddie
On the edge and possibly ready
To catch an easy body
Open flames in bursting rages
All the years that pa**ed the phases
Spreading ink then rap the pages
Better think the track's in blazes
Always raises lyrically the bar to unexplainable
My sk** level simply superior
UNOBTAINABLE
Hook (x2):
We locked in (Slam)
Don't come calling or knocking
We locked in (Slam)

Never slacking or stopping
We locked in (Slam)
Claustrophobic and boxed in
We locked in (Slam)
Ain't no talking or squawking

Beast 1333 - Unstoppable lyrics

[Verse 1: DISL Automatic]
Hey yo, I educate and elevate my mental state, I'm in the zone
Get it straight, I'm heavy weight, I demonstrate how I have grown
Knowledge on the microphone, that's what I be droppin'
Don't care about that fashion so don't as me what I'm coppin'
Don't ask me what I'm wearin', don't ask me what I'm drivin'
I ain't flashing off no diamonds but I'm nasty with the rhymin'
I'm trying to mastermind a plan to wake up all my peeps
And I won't be satisfied until we take it to the streets (Get BIG On 'Em!!!)
People you better get your heads straight
If you are not Getting BIG then homie you just dead weight
If you are not ready for the message that I bring you
Then turn the music off and let your ignorance continue
I don't mean to offend you but I'm not the one to bite my tongue
When the war is at your door what will you do fight or run?
Now our time has come, together we're unstoppable
History has shown to us that anything is possible
Empires have risen and the ones who rule are the elite
All of them have fallen 'cause they never thought they'd see defeat
They know that we're stronger so they hope and pray that we retreat
But there's no surrender, I'm a general I lead my peeps
Now it's time we fight peacefully
Educated G so I know my rights legally
Don't try deceiving me, your lies can not affect me
My mind is like my armor so my knowledge will protect me
DISL!
[Verse 2: Genocide]
We're unstoppable, united we have got the numbers
Get the riot gear ready, bring your best gunners
Me and my brothers, on the front line attack mode

Combat ready for my liberty to uphold
f** the government they dont really represent us
Their working for the corporations and the one percenters
Trying to tell us, how to live and control your life
So many lies, history we need to re-write
You need to elevate your mind to a higher state
End of days be upon the entire human race
Dont be a slave, sleepwalking till your in the grave
While the new world continue to take shape
What kind of place are you leaving for you children
When you look at all the fema camps they building
When you look at all the laws that they bringing in
Next, they'll be embedding a microchip beneath your skin

Begin the revolt, we can only win together
Never surrender, never bow to your oppresor
They want us dumbed down, weak and to be afraid
But I rather die on my feet then be a slave
We need a revolution, we need a uproar
Cuz it dont really matter who the f** you vote for
The shadow government, still running the business
The only way that we can change it is with a resistance
Get em!!!!!
[Verse 3: Beast 1333]
I am the number #1 Emcee
That every single rapper
Knows and Fears
Beast 13 to 3 to the 3
Switching Gears
Gonna make this Clear
Fitta been six Years
Since the Mark of the Beast
And the birth of this Here
For the Beast to appear
The signs of the Times
And the signs of the Ending
The Ending is Near
For the people to Cheer
Take em down a new path
To the New Frontier
My chosen career
There's sheep to shear

All over the Planet
All over the sphere
Constructing a Rhyme
That causes a disturbance
In the Fabric of Time
They'll turn on a Dime
The Beast a Better Design
I'm at my pinnacle Prime
My lyrical Mind
Is on a Knowledge Quest
I'm at my physical best
A critical Mess
The path that i Suggest
To pa** this Cynical Test
Won't give it a Rest
You tired on the Mic
Don't worry give it to Me
For years i've been Indoctrinating
Teaching how life
Really Could Be
I'm making 'em see
The Lamp that Guide Shine
The rhymes awaken the Blind
Ahead of My Time
The rawest Unrefined, My Grind
The Lyrics Combine
To form alliances
Collabos with my brother Disl
This world is full of Suffering
And people that are Evil
We are heralds for the Youth
I ain't record this in a Booth
I metaphysically Transduced
My vocals on this track
The Truth, The Proof
Is right up in our faces, Places
Full of Army Bases, Aces
Dropping bombs on kids
But ain't no Hague tribunal Cases
Ain't no Justice, ain't no Peace
There's plenty more they have in Store
They start the conflicts
Then Reap the Ma**ive Profits
From the Wars

We Breaking the Laws
& ripping apart they're Jaws
We Stars
Flipping them Awesome Bars
The Gods
Whipping em at the Scars
We Are
Ripping it for the Cause
(Get Big on Em)

Beast 1333 - Winter Blood lyrics

[Verse 1:]
Yo yo
My k**ers lay down laws, y'all just paralegals
I made a spike with the severed head of Tarantino
I terrorize them like i'm Django up in Candieland
But i'm more like Kunta Kinte with the cannon not the camera fam
This ain't Kansas anymore, it's war in Afghanistan
I'm ill you can't see me like cancer with no mammogram
My Reflection Eternal not Talib we the Taliban
I shatter your image with these hands sharper than candy man
My appetite sicker, no candle light dinner
This is a seance brainstorm and channel my ninjas
Big L, Big pun, Big Pack alive with us
Words will get you high to make you snap like satellite pictures
Y'all just rapping Clyde Drexlers
The eagle will put down you old dogs
Imma have to Mike Vick ya
But I rather victimize mics we some live spitters
With the power to electrify a n***a like Tesla
[Chorus:]
You ain't got a chance at all
Cause i'm worse than anything you ever been through
I k**ed you
[Repeat]
[Verse 2:]
Behold the God has arrived for the beat, yo we testing
Bone-crunch shatters that stomp, 13's destined
No destiny for 33 to thirty third has worked to earn
Every single track that i'm on is a track where people learn
There's no coincidental instigate the incident the food for mental
It's essential essentially detrimental that we deficate through mic devices
Who's the nicest we the bestest, rhyme success as almanacs

A trillion words my mind possesses
Powerful neutrinos blastin' particles we birthing novas
So much so its life on terra nova, pro's like Sharapova
Ga**in' us on who be faster, ba*tards after ma** disasters
Masters after ba*tards captured, pa**age to the fastest rapture

Out the past, of course I am the shepherd of the flock
I creed the block, my speed is clocked, macka blacka I blam the block
We overstand the powers generated from my thinking tissues
Blinking issues stinking sinking missiles, for you stinking issues
[Chorus]
[Verse 3:]
Y'all got mental problems
Gender hopping, twisting like eugenics chopping
Wearing women stockings, prep for finger popping
The queen, i'm Idi Amin, I mean, the king of Scotland
Them more like Kanye in that kilt I call you Dennis Rodman
Yo why you masquerading homie why you acting crazy phony
Son yo fashion statement's corny what you raps David Bowie
I make Haley's comet collide with the helicopters you flying
Not a philosophical guy not Philip Donnie you
I am William Wallace of vibes [?] alive
Grill his body in tribe with balsamic and wine
These astrological signs i'm a zodiac k**er
The horoscopes say i'm Martha Folts and you smoke like Mac Miller
Ayo my flow is mad iller, k** any track i'm a beast
And rest in peace to Eric Schwartz of course Capital STEEZ
They not gone they Just on a long sabbatical leave
Return every year to raise interest like annual fees
The crowd's response is out this world
Or with this pad you a**ume
And the vocal proof is focus group from a lab on the moon
They interact with us goons a matter of fact the platoon
We send them back to the womb or they end up wrapped in a tomb, like Tutankhamun
I'm Hugo Chavez with a crew a guys thats shootin Katyusha rockets through the fusilage of supersonics
Jets that tried to carpetbomb my set in this crucial conflict
Moe mewton mar will haunt you like the truman doctrine

Beast 1333 Lyrics

Beast 1333 - d**h Note lyrics

Verse 1-
I Can't Escape
Expiration date
I'm fleshy h*mosape
A homeless Ape
Maggot gangrene from wounds
Thats left Agape
A worm like tape
In the guts, the relationships parasitic
Puke the stomach contents
When the balance is too acidic
Pathetically sick in clinic
The scowl on my face a frown
They seen me vomiting
And dragging my body about the town
Its going down
I can sense that I'm living my last days
It must've been
All the d** and the women and fast ways
And even though
I know eventually every man has to die
I won't go down without a fight
As I'm staring d**h in the eye
I kick and scream
As he visits me
Tormenting me in my dreams
By Any Means
Ain't no tonic or medicine or vaccine
That could potentially reverse
The effects of my failing health
Every single man must die
Even rich ones that hoarded wealth
Im By Myself

And don't let them lie to you
And Try and Pretend
Everybody gets to meet him
And hold his hand in the end

ITS DEATH
Verse 2-
All around you everywhere
Theres people dying everyday
From the moment that youre born
This is a temporary stay
We are flesh and flesh decays
Turnt to sustenance for flies
Theres an entity
Thats waiting patiently for your demise
Because it feeds
As its black horse leads
He reaps weeds
At deceased speeds
He Sees Deeds
He sees needs
He precedes Breeds
Intermediary in a sense
And the only way to meet him
If your life is paste tense
Since your skull is mad dense
Ima try and keep it light
I had an overall sensation
That nothing is going right
Im losing sight
As I'm experimented on
Throughout The Night
Not in the slight
Overcome by frantic desperation fright
The futures drab
Ive been stabbed
And I'm laying up on a slab
The doctors grab
As they cracking my chest open like a crab
Its really sad
That i will never see the world or kick a rhyme
d**h is knocking at my door

I got to go
I Did My Time
PEACE

Beast 1333 Lyrics

Beast 1333 - Future lyrics

(Hook: KRS One)
Look into your future, what do you see?
Look into your past life, what do you see?
You could be anything you desire to be!
So what do you see, man, what do you see?
(Verse 1: KRS One)
Do you see misery or yourself in victory?
We are from the future, man, we write our own history
Life is not a mystery, it's an extension of me
Do you see liberty, or the penitentiary?
Do you see your friends or enemies, what about poverty?
I'm not inside of life, life's inside of me
It got to be my Hip Hop philosophy, that got me to the top of society's monopolies
Rock with me, copy me, hit the newer future, a loser will not be me
I'm breaking these clips off something properly
With knowledge of self, that's Hip Hop to me!
(Hook: KRS One)
Look into your future, what do you see?
Look into your past life, what do you see?
You could be anything you desire to be!
So what do you see, man, what do you see?
(Verse 2: Leaf Dog)
I treat the mic like a crystal ball, leafs are full
With no future- what they told me when I was back at school
Played it cool, did grams, until I heard the cool, fire caset with KRS teaching me the rule of Hip Hop
It made my path a lot brighter, but this dyslexic kiddie somehow turned to a writer
Time to realize nothings how it has to be, anything you desire can become a reality
We bring philosophies you ain't used to, in a Delorean, stormin' in

back from the future
They're trying to confuse you like words from a MP
They want you to conform and not be free like you should be
f** that! Look at how far working hard's took me
Step outside the box, imagine what you could see
Or you would see if only you believed it, we only use a small part of our brain, it's no secret
(Hook: KRS One)
Look into your future, what do you see?
Look into your past life, what do you see?
You could be anything you desire to be!
So what do you see, man, what do you see?
(Verse 3: BVA)
Is this my destiny, or did I let the things in life get the best of me?

I made my own recipe, I feel the need to bless the beat
Never stress-fully, no hands out, but then I'll take whatever's left for me
Cos' every person is an unwritten book, the gaze ain't locked, you have to work to have a look
Train the mental, like I do over instrumentals
Like when I freestyle for hours with powers that's influential
Prevent you, maybe you just gotta climb a fence, dude
Change your life like those sore past events do
Even if it don't make sense, it'll clear in the future, then look back but never fear
Cos' it's a gamble, with before odds than the lottery
I've got to breathe, I've got to bring sh**, I've got a lot to be
All you've got to do is open your eyes to see, that the person can always pick the apple from the tree
(Hook: KRS One)
Look into your future, what do you see?
Look into your past life, what do you see?
You could be anything you desire to be!
So what do you see, man, what do you see?
(Verse 4: Beast 1333)
When you think about your life and the path that you pursue
And are you 100% satisfied with what you do?
And do you love it, do you hate it? There's been many that have made it, many more that did not
I dedicate my life to Hip Hop, and I'm happy in the knowing that my pa**ion is my job, I could've been a minimum wage earnin'

burger flipping slob
I could've been some dead beat father with kids that miss him
Instead I became aware of my surroundings, aimed ahead of the game, I thought of the plan, began to stir and formulate my moves
Your mind should always be searching for ways for you to improve, there's no perfection, just perception of preconceptions
If your whole family's broke, you should strive to be the exception
I beseech, as I preach everything I learnt from teach, freedom of speech
My growing tentacles are further in they reach, halt to a screech
It's never too late for the bus to turn, what doesn't k** you only makes you stronger, as long as you learn

Beast 1333 Lyrics

Beast 1333 - Mother nature lyrics

How many times must I turn on the tv and see the hate poppin out like it was 3d
How many times must I shout my door to ignore the negative who*es from before
Let me do it, you will see me blossom, immortal awesome and we can all be that you just got to know what path you're crossing
The one we have now is a monster of destruction, busy trucks buzzing, people with numb chucks running
This world is crazy, can't you see it and I absolutely mean it when I say stop the fighting, mother nature is crying

It's to painful to see that apart of me is falling because one of you mother f**ers just decides to be a f** up
Nothing is perfect so never try to understand this because this place is a mess for the perfect balance of reason
Without hate there would be no love and that message was literally sent to you from up above

Beast 1333 Lyrics

Fitted the Dome a lil Toast Chrome
For the Four Phones
I"ll have y'all Niggas Flown to where I Crush Bones
You Soft Scones
Be Careful what waters you try Traversing
We swim amongst the Sharks
While y'all feeding with Sea Urchins
Yo the Beep Beep Urgent
My flows are Damaging your Land Lines
I Booby trapped the Path
With the wrath of a Blasting Land Mine

Jedi Mind Tricks Lyrics

"Intro"

God divided the Light from the Darkness

And God called the Light, Day
And the Darkness he called

The Verbal Hologram

I use Jedi Mind Tricks

You could never ever begin to apprehend the hologram

Jedi Mind Tricks Lyrics

"The Winds Of War"

[Kevin Spacey:]
"I'm setting the example, and what I've done is gonna be puzzled over
And studied
And followed
Forever."

[Ikon:]
Prepare for the verbal war
The hologram advance, physical form
Manifest the universal mind into the law
Travelling lands, I stand on sands of chemical vibrations
The math, kings of light departed in wrath
So where you gonna stand when the Elohim return
Seven great stages throughout the ages say you burn
It's my turn to shine
I redefine the crystalline-biological structures, implanted in your mind
So I find the deaf, dumb and blind
And bless 'em with science, and leave the blind ones behind
Descending into big balls of mass, in the form of rain
The Verbal Hologram brings pain
So rearrange disagreeable ways that brought you the darkness
Take hold and rip out your soul from your carcass
And rise away like a sham
The Verbal Hologram is the verbal avalanche
One last chance to re-plan and over-stand
Before the Hologram sends your camp to Holy Land
So ask your man, when he returns to where I sent him
The plan was to kill God and reinvent him
Practicing Black Magical tactics like voodoo
Attacking like the seven deadly warships of Nibiru

Giving sight to the blind
The dumb are mostly intrigued by the drum
Giving sight to the blind
The dumb are mostly intrigued by the drum
Giving sight to the blind
The dumb are mostly intrigued by the drum

I bring forth the mighty Udamiu, the powerful Sapagra
The darkening behind you, the biblical omega man
The Ashtar command, I came to bring mortals the barathary gland
So here I stand on the Four Corners of Stonehenge
Travelling through portals, the thunderbolt of battles, the lord of the immortals
The zeal of the seven, the rising of the demon
The lost books of the Bible and forgotten books of Eden
The heathens, who burn like pyrhosis
Handed the Holy tablets, like Moses
The blackening of roses, will send you to the edges of the land
The emerald tablets, of Thoth the Atlantean
The hands of the mighty lion of Judah
Will throw you through the triangular portals of Bermuda
Exploring the Holographic aspects of consciousness
For aliens to devour
Orthodox first relativistic equations for power

The shower of acid rain brings pain to the land
You cannot kill what you cannot see
The Verbal Hologram

[Kevin Spacey:]
Don't ask me to pity those people. I don't mourn them any more than I do the thousands that died at Sodom and Gomorrah

Giving sight to the blind
The dumb are mostly intrigued by the drum
Giving sight to the blind
The dumb are mostly intrigued by the drum
Giving sight to the blind
The dumb are mostly intrigued by the drum
Giving sight to the blind
The dumb are mostly intrigued by the drum
Giving sight to the blind
The dumb are mostly intrigued by the drum

Jedi Mind Tricks Lyrics

"Chinese Water Torture"

(feat. Breath of Judah)

[Breath of Judah:]
I'm on a killing spree
The Cantonese, torturing
Painting a picture with a paintbrush in water color of genies
Holding the key, vitality
It's all you need, if you're a different being
It will be a different color when you bleed
Accurately punctured from needles in you nervous system
Are like the seaman, not water soluble
Because of the attributes of yin yang is dual
When I cut you simultaneously like whang killing you too quickly
If I were to bang, witness thee, I hang you in aqua
Sending electric shocks to open up all your chakras
And when I do, the all set check
That will biochemically plant water beads on your brain
While putting salt water on open wounds to have you in pain

Suf- Suf- Suffer Chinese water torture, my word is water

[Ikon the Verbal Hologram:]
Four score, the verbal hologram is verbal war
Chinese water torture into your molecular structure
Ancient scholars wondering where they've seen us
Babylon's hanging gardens and the temple of Artemis
The Hologram crushing you to grains of sand
Lawnmower man, computer generated battles of the unseen hand
Internal bleeding, I bed my seeding with deadly arrows
Fly like sparrows, and get destroyed by the army of the pharaohs
Cyborg, *[?]* to the womb
Alive where you will see traveling loons from *[?]*
The ancient palace, the ancient chalice
Mystical like aurora borealis
The palace of pain, y'all *[?]* kicked up *[?]* in flame
Half Abel, half Caine, get slain by the verbal flame
Bring forth the sights of Anunnaki Elohim
Image of the 24 lead supreme
[?] ripping out your spleen
Distributing gangrene throughout your team
Lord of the rings brings deadly hologramic dreams
Word up

And my basement's an arrangement of different torture devices
Suf- Suf- Suffer Chinese water torture, my word is water
And my basement's an arrangement of different torture devices
Suf- Suf- Suffer Chinese water torture, my word is water

[Breath of Judah:]
You hear the pounding in your head
When I hit the disc gong, the vibrations will start circulation
Of gongs, the body's meridians and everything
That has pores, even obsidian
With the creek moisture and this part of your torture
I'll anoint ya with libations pouring liquids and cleanse

And you'll feel as if you were diving in the ocean
And caught the bends
The elements of the seas to cure all disease
Now tell me if you're unpleased
I'll treat you like a dog and never wash off your fleas
Have you waiting 'till I fill your bowels
With a fish bowl full of frenzying and hungry sea monkeys
Suffering from internal mange
You'll have to consult to the I Ching for change

[Ikon the Verbal Hologram:]
Look in the mirror of the soul to see exactly where the flaws be
Leaving your squad dead on the side of the road like Ennis Cosby
The Hologram eliminating the Earth's population
Matrix field bases of organic manipulation
Ikon dwell in the forest like the Ewoks
We rot for following the prophetic books of Enoch
The treetops hang over your cipher like a ninja
Within the perimeters of the disagreeable sinner

And my basement's an arrangement of different torture devices
Suf- Suf- Suffer Chinese water torture, my word is water
And my basement's an arrangement of different torture devices
Suf- Suf- Suffer Chinese water torture, my word is water

Gently drip single droplet of water upon his forehead
And feel him spoke

Jedi Mind Tricks Lyrics

"The Three Immortals"

(feat. Apathy, Breath of Judah)

Explorers... In the further regions of experience
Demons to some... angels to others... Now you must come with us

[Ikon:]
Enter the dragon
With 3 immortal surgeons
Ark of the covenant and the holiest excursions
The search for the knowledge and the wisdom of the sands
The Hologram sends you to the abode of the damned
Immortal like vampires
Setting fires in the caverns of the unholy
Oh, the ancients all hope of Abraham
Send you to the sacred land
To change form, performing rituals that leave you scorned
Crown of thorns adorns the unborn in which you spawned
There is no shelter from the storm of Babylon's lost children
I lead millions to the promised land
The holy lamb, the planetary Hologram
Blowing your Chakras' to oblivion
Digital man, biblical man like Simeon
Vanishing breed, the holy throne
Presidents of United Snakes are now clones
The zones of the virus, the eye of Cyrus
The last waltz of the tyrants
The harvesting begins now
Infinite information like Wuji Tao
But how, would you withstand the power of the helix
The crucifixion of the phoenix
The black thesis will burn you
Give to you the darkest of afflictions
Mortal MC's face the verbal crucifixion

I am in fact lacking confusion as to what's real, and what's illusion
I am in fact lacking confusion as to what's real, and what's illusion

[Breath of Judah:]
The infinite, grand planet
Ish ka Kha Shahnameh, most high
Called Ali Aba, astronomer
Roam the universe like Romulus
Indigenous with consciousness of Sirius
I am a 7 density light being
Transmanifest personally
In divine nation Atlantis rising
3 dimension radiation is extremely
For difficulty to cope with the body
Externally, in the centre of the galaxy, Alchemy
Spirits soul my commitment
So that's efficient, receive nine dimensions
Of cosmic expansion exquisitely
Philadelphian church chosen city
Add instance to vortex's
Pleiadian Sequence Equinox's

At the zero point. Dialoguing
Keeping time flying
Sitting on Khompeten meditating
3 Immortals... through portals!

I am in fact lacking confusion as to what's real, and what's illusion
I am in fact lacking confusion as to what's real, and what's illusion

[Apathy:]
The plot thickens through psychological crucifixions
I part red seas and travel lands guiding Christians
My writtens escape the earth in certain crisis
I create raps for Christ and 12 righteous tribes
Educate with positive vibes
Devastate your dimension and nobody survives
Out of smoke we rise illuminating eyes and wise
Teaching lost fools that Yeshua never dies
I cry, try to cut off my air supply
Imma transport to space, let the mother ship fly
Annuni, seven signs, let the Dolphin be the Baptist
With self contained underwater breathing apparatus
In Atlantis digital image screen enhances
Photographs of alien ships upon ya planets
Emerge from volcanoes, dreadlocks and halo's
Presto-chango, I morph to tornadoes
And tear up ya major metropolis
You fish tank guppies couldn't fuck with the octopus!

Jedi Mind Tricks Lyrics

"Neva Antiquated (Dark Jedi Remix)"

[Ikon the Hologram:]
Complexities bring entities when hardcore be the factor
Physically shattered by the cause of the macrocosm distracter
Fractured by my supernatural forces, face losses
As I break backs like Superman on horses
Word to Jah, ancient warrior like Thor
Spiritual like the Ibis God Thoth
Complex construction by the technician
Will dismantle your collective mind, Enemy of Mankind
With Egyptian, archeological finds
Dwelling in the dungeon of time
Monomaniacal beat seeker
Swarming like locust into your speaker
Examining communications systems with cybernetics

Key notes of my flows will get froze or cryogenics
East Coast domination for the D-U-B masses
Gathering at black masses to gain knowledge of the clashes
Of past rhythmic masters, would end up bending, never-ending like the sky
One-point twenty-one gigawatts to defeat me like Marty McFly
So why, would you battle with the recipe
Got rappers sweating harder than some retards on Jeopardy
One time for your mind, no doubt
D.U.B in the house motherfuckers
East Coast like that for your mind Killadelph
One time for you mind Killadelph son, Killadelph son

I am the beginning and ending of what is war
And I am the beginning and ending of what is raw
I am the beginning and ending of what is war
And I am the beginning and ending of what is raw
(Return of the Jedi)

I am the beginning and ending of what is war
And I am the beginning and ending of what is raw
I am the beginning and ending of what is war
And I am the beginning and ending of what is raw
(Return of the Jedi)

[The Sun Pharoah:]
My brainstorm will swarm into your sections
Scientific lessons and my possession unfold within my session
Injections infesting insight am I causing tension
Blessing mentals is my obsession
Intentions to make you change professions
Wisdom imprisoned dejects leaving you vexed
My cerebral vortex rips and wrecks when I infest (bless)
Weaving scriptures that's evil
There's no equal to my cerebral, that nigga *[?]* remain imperial
Unbelievable lyricism will leave incisions
Cause pain like circumcision as you recognize (the realism)
The G-O-D verbally damage MCs
Tragically come and battle me, bare witness to insanity
My corrupted mentality, plan to slaughter your family grammatically

I bless the microphone with strategy
Your alliance is left in silence, victim of verbal violence
Deadly vocabulary, the God be dropping science
No doubt

I am the beginning and ending of what is war
And I am the beginning and ending of what is raw
I am the beginning and ending of what is war
And I am the beginning and ending of what is raw
(Return of the Jedi)

I am the beginning and ending of what is war
And I am the beginning and ending of what is raw
I am the beginning and ending of what is war
And I am the beginning and ending of what is raw
(Return of the Jedi)

Amongst the illest individual's, I bless the mentals of criminals
With materials formulated to penetrate cerebrals
I'm lethal, imperial type scriptures infiltrate, then split you
Simulating your nugget when I hit you

[Ikon the Hologram:]
Emerging from the mist is not individual but four
Hardcore concepts causing everything to be raw
8804 AD causes misery that be abominable
Evil like three times hexagonal
Test my squadron and watch your macrocosm turn to particles
Non-particles are non-particles
Like the nucleus of an atom
The corpuscles which carry the oxygen from the lungs gather patterns
Energy from the soul
Black soul like spirits of Kukido

I am the beginning and ending of what is war
And I am the beginning and ending of what is raw
I am the beginning and ending of what is war
And I am the beginning and ending of what is raw
(Return of the Jedi)

Jedi Mind Tricks Lyrics

"Omnicron"

(feat. Apathy , The Sun Pharaoh)

[Riley Martin:]
I told them of the Hale Bop comet 7 years ago
It is running if you will notice on our sensors
We have picked up a ship beneath it... of great dimensions
All we are trying to do, us humans, so that we shall not die so soon

[Apathy the Alien Tongue:]
Over the Earth I hover spinning whirlwinds in Wheatfields
While my force fields repel four winds from broken seals
Numbered seven
Embedding my brethren, breaking bread with Yeshua
In Bethlehem
The last tribal star soul the alien Seth Alam
The devil bears the pentagram, a horrible hologram
My body slams man with the heavy grams
Lay the beat down
Make big connections to the Son of Sam and Uncle Sam
So Sam I Am keep ya fucking eggs and ham
Performing alien brain scans and spiritual exams
While the mothership lands on holy land
My mental expands with plans to span through the galaxy
I land in farmers crops spelling out the name 'Apathy'
Speaking my name is blasphemy, so call me your majesty
Majestic phonetics begin affecting reality
Religiously, I mystically chant and recite on mic's
At astronomical heights
Guided by the northern lights
Poltergeist, masquerade as Christ, entice like Heidi Fleiss
Trying to put the righteous on ice
You're a holographic device, and simply see through
Robotic like R2D2, I'm original like Hebrews
And 144,000 people. May the Lord bless you and keep you
Formin' gargoyles like Tin Foil they sit upon ya steeple!

Will space probes in the next century discover extra terrestrial analogue?
Will space probes in the next century discover extra terrestrial analogue?
Will space probes in the next century discover extra terrestrial analogue?
Will space probes in the next century discover extra terrestrial analogue?

[Ikon the verbal Hologram:]
Biophysical Biosphere
Witchdoctor unlocked the cobra spitting venom I adhere!
I stand here with the hearts of the Meek
I bring pain, camel clutch, Iron sheik
Order of the Golden Dawn
I have warned
Of biochemical implants in heads of the unborn!
Lion of the tribe of Judah
The root of David
Five Tibetan rites are rejuvenation A Sacred
Master Yehi, All die under the staff
Or get burned like Betty Shabazz and I will laugh
Demons at dimensional doorways come through this

But I will have you hanging from a tree like you was Judas
Violent Buddhist
The Higher Arc decaton
Revelations of the Metatron
I form Voltron
With elements of Tai Chi
Doing battle with seven heads and ten horns is me!
The hologram!
Travel I through space portals
My soul cannot be imprisoned or trapped by mere mortals
Torture them!
With the pain of scorpion stings
Spitting lightning
'Lord of the Rings', I brings
Diagrams, of hallways and pyramids of the pharaohs
Tribe Green
Mecca's warrior holding arrows
Contorting; polymorphing and aborting
The souls of the MCs who I've made ghosts to do my haunting

Will space probes in the next century discover extra terrestrial analogue?
Will space probes in the next century discover extra terrestrial analogue?
Will space probes in the next century discover extra terrestrial analogue?
Will space probes in the next century discover extra terrestrial analogue?

[Sun Pharaoh:]
Scientifical madness
Eliminating masses with mathematical tactics
Strategic, electronical, weaponry fucking up your anatomy
Insanity, inviting thee
Atomically bombing the fraudulent MC
Escorting he, with battle strategy
Confusion weaponry cause fatality
Intergalactic tactics shine like metallics
With mathematics, I leave your whole clique splattered
Pharaoh's a savage (The Verbal War)
Causing comatosis
Transporting dope shit through sleep way (hypnosis)
Try to approach this, I stalk-prey like vultures
And feast on the carcass of any lyrical artists
I'm sick with this, scientifical madness
Pharaoh the seventh sign causing word disaster
Cerebral master, Iron Killa Guerrila
Verbal Flames I spit them through your chest, Like Tequila
Constructing ya Art of War like Sun Tzu
Death becomes you, As I run through
MC's like Battering rams, you overstand
Sun Pharaoh- and the motherfucking Hologram!

Will space probes in the next century discover extra terrestrial analogue?
Will space probes in the next century discover extra terrestrial analogue?
Will space probes in the next century discover extra terrestrial analogue?
Will space probes in the next century discover extra terrestrial analogue?

Jedi Mind Tricks Lyrics

"As It Was In The Beginning..."

(feat. The Lost Children Of Babylon)

[Breath of Judah:]
To the angelic seventh cathedral
Relic illadelphia, write words of power
Him who was holy, who holds the key
That opens, no one considered
Since an initiate's sound of seven trumpets
Those Synagogues of Satan
Will fall down at my feet knowing I've awakened
I'm comin' soon for them, Elohim's the New Jerusalem
Puttin' millennium criticisms on Christians
Two shall be revealed by the seventh cathedral seal
As above, so below. Behold David's seal
Eli, Eli, lama sabachthani?
Those who defame me shall keep open my wounds
No liars allowed in the school of Mogoon

[Ikon the Verbal Hologram:]
Seven plagues of the seven angels
Seven emcees get strangled by the seven holiest triangles
I have mangled plexiglass beams that see through
Sons of Evil like Robbie Knievel
I believe you are the lamb prepared for the verbal slaughter
Save your breath like you was under water
I am torture like the fear of internationalism
Nazi eugenics and economic rationalism
I am the being born unto the scourge
And I am the being bringing holy wars
Orators from the womb of ill Yune
Glory be to the sustainer El Kuluwm
Gabriel fell from the steps of the heavens
Extraditing evil-rooted angels in the seventh

As it was in the beginning
So it shall be in the end

As it was in the beginning
So it shall be in the end

[Rasul Allah:]
Black Tibetan abbot Abyssinians
That begins the extortiation of the fullations
Battle through the tombs of the Shangri La
Of Illadelphia Shambala, enter the paradigm
Of Rasul Allah Assyrian celestial Hebrews
Penance of the Etherians, hieroglyphians
I am the silhouette, a risky *[?]*
The ill czar shine of two one five
Behold sons of limitless light, border rights
That reveal from the seventh heavenly hill
The book of el's, in jail, the apocalyptical tabernacle sacred
Satharotic, propheatical chapels
The synagogues of El Kuluwm, the ghost fills the monastery
Sanctuary cathedral, from the kingdom of Melchezevik

We the mystics redeem the Annunaki Elohim
We were originated from where? The blackness of light
Was formulated from our synapses
If you get tarnished in all phrases and salutation
To the mercifullness, glory of the Sunz of Mansion

As it was in the beginning
So it shall be in the end

[Ancient Kemet:]
Sink like the Titan', into the cold
Dark waters of the ocean, my thought modes
Shift Atlantis into motion
Elevated to rise beyond the shores, revelators
For episodes to the future, energy seekin'
Intruder, infiltrate the perimeter
Lock you in my initiation chamber
Prove to the guard snakes, not a stranger
With four large spiritual anger

As it was in the beginning
So it shall be in the end

As it was in the beginning
So it shall be in the end

Jedi Mind Tricks Lyrics

"Books Of Blood: The Coming Of Tan"

(feat. El Eloh)

[Riley Martin:]
"Perhaps you will believe the million feet of film that's been taken above... uh... Mexico City, and various other places. If you think that you are alone in this universe or that you are the guardians of this universe, then you are rudely mistaken."

[El Eloh from Lost Children of Babylon:]
Took a physical odyssey to the fathers of Shabazz
With the shamans of the Cherokees
Arrived in Nevada, ten miles away from NASA
Met the farmer in which he revealed to me the
Ohioan crop circles that linked all the star constellations
To the nineteenth galaxy
The metaphysicist that quote the Roswell
New Mexican deserts of Death Valley
With E.B.E. – extraterrestrial biological entity
Discovering extraordinary memories
Glided across Glassland
Suddenly seeing illuminations from the seven heavens circle of sand
Of Area 51 and 57, separate the schoolkid and reveal the reptilian
I seen the CIA transform into the species of Greys
The Sabbath seven adding up to seven levels of the Majestic 12
Neoclassic traveller
I travel the Twilight Zone with Einstein and Nikola Tesla
Walk through the wilderness of Ibilis
As the flying disc of Ezekiel
The pope stands upon the podium
Becomes a Zeta Reticulian
Behold the arrival of the Nephilim

[Ikon the Verbal Hologram:]
Beware the prophecies of the Tarots
Alien spacecraft flying away like Sparrows
Study the lost prophetic books of the bible
That recites fallen body energies: spiritual survival
Flying discs seen in Ezekiel 1:3
Granted Kingu a tablet of destinies
Semjase spoke the word of the Bavarian Illuminati
I bring forth harmonics of Hiroshima and Nagasaki
Annunaki planted the seed where I dwell
Either vortex turbines pulling me to hell
Awareness upon my savannah is omni dimensional
Grey species has a common memory complex of the social
Liquid crystal colloidal membranes responding
To the spectrum of the universal intelligence matrix
The basis is that extraterrestrials created Christ
And have a device that recorded all of Earth's history
And can display it in the form of a hologram precise
Construction of synthetic humanoids is among us
You have entered the Land of Nod
To face the deafening thunders and the spiritual wonders
Because the harvest now is coming
Beware the worldwide ancient tunnel system
The government is running
Hectic! Verbal slaughterer of the Judeo-Christian ethic

Hare Rāma Hare Rāma
Rāma Rāma Hare Hare
Hare Rāma Hare Rāma
Rāma Rāma Hare Hare

[El Eloh:]
And the world has turned on the last spin
The coming of Tan to this wicked land
And the world has turned on the last spin
The coming of Tan to this wicked land

Fled with the five, led through a European wooded ravine
And seen Stonehenge connect and bring upon the Annunaki
The highest Kabbalah's mystic chants "B'nai Elohim"
And looks to the sky for prophecy was abducted in Nebraska
Then taken back to the laboratory
Experiment performed before me
Nonearthly alien autopsy
Psycho social biological and electro-
Magnetic manipulation of human consciousness
The Vulcan walks about the abyss

[Ikon the Verbal Hologram:]
The Verbal Hologram: royal killer like Shorgize
Speak Babylonian and Hebrew, Genesis like the star gods
Blessed by Biaviians like the French theologians
Antichrist is coming in the form of a powerful Roman
Development of AIDS was funded in 1969 for the seven
Injected into the hundred million Africans in '77
Cuneiform inscriptions in Western Asia of the Nabu
Dwell in hell, celestial bodies: twelve like Kathabu
But I can rob you of your spirit soul like Xenu
Elders imprisoned, negative paraphysical beings we knew
Function outside the time track like Essassani
I chose to be enclosed and I fold too like origami
Comprehend the theory of reflection like Paramātmā
In the epic Sanskrit history of the world like Mahabharata
Praise to His Divine Grace A.C. Bhaktivedanta Swami Prabhupada

[El Eloh:]
And the world has turned on the last spin
The coming of Tan to this wicked land
And the world has turned on the last spin
The coming of Tan to this wicked land

[Riley Martin:]
If you stood up above the stratosphere and downloaded seven gigawatts of negative ions into the turbines, would this not disrupt the electromagnetic flow?

Jedi Mind Tricks Lyrics

"Incanatrix"

The Sun will be turned into darkness
And The Moon will turn to blood
Because of you son

Jedi Mind Tricks Lyrics

"The Immaculate Conception"

[Famke Janssen:]
Flesh is a trap. That's what he used to say
Flesh is a trap. And magic sets us free

[Ikon the Verbal Hologram:]
The War of Gods and Men
I condemn them who believe
In ancient fallacies and the heresy of thieves
Burn the unholy in your filthy religion
Paganism and the prism of three-dimensional prison
I walk through the liquid of the Seven Rivers
And deliver rhyme schemes that cut like verbal scissors
Or arrows
The sacred science of the pharaohs
Millennium prophesies of tarots
Murdered cattle, discovered near the crop circles of the land
While we fight wars for political whores like Mary Magdalan
The Hologram plans his incision
Apparition of Tibetan black magicians
My compositions will turn men into slaves
Holographic aspects of particles and waves
Propel the spacecraft in the Pleiades
Dwell in the abyssal plains like the Horse of Hades
The Wheel of Infinity, the Chamber of the Trinity
Levitators of the fifth level magician of divinity
Like a pentadrone, I sent your dome into the forest
Of Ibilis
Like the wilderness of Tan
The Verbal Hologram! The Verbal Hologram!

[Pharoahe Monch:]
My perception of poetical injection is ejaculation
The Immaculate Conception
My perception of poetical injection is ejaculation
The Immaculate Conception
My perception of poetical injection is ejaculation
The Immaculate Conception
My perception of poetical injection is ejaculation
The Immaculate Conception

[Ikon the Verbal Hologram:]
The decaton, the higher arc modron
Encompass my soul in a beam like proton
I am Voltron With helmeted head and lotus flower
Incantations, wind walking teleportations
I dwell in a body that can't be slain
The verbal flame, he atomic spark of pain
So I drain, the energy from your Chakra system
Watch me glisten like the sun
The Chosen One, The cyborg relation
My shit is crazy like Free Masons
Meeting camp crystal lake with Jason
Complex wind, City of screaming metal in the Vatican
I shatter him who walks on the plains of Hell

To sacrifice El, Young El, Young El
A dark fall for all who battle the mystic meditation
Face decapitation and material contamination
By the spiritual deviation
Translation of ancient civilization
Nonaton, overseer of law and order
The verbal slaughter, Hologram walks on water
Immune to illusion and scientifical blows
Armed with black magic, spears, and crossbows
Feeble attempts to apprehend the Hologram
Overstand, I kill man like Wodan
So no man step into the darkness of the set
Study with Chinese masters like Jesus in Tibet
Staff of Moses, urn of ashes
Morphing my soul into solids, liquids, and gases

[Pharoahe Monch:]
My perception of poetical injection is ejaculation
The Immaculate Conception
My perception of poetical injection is ejaculation
The Immaculate Conception
My perception of poetical injection is ejaculation
The Immaculate Conception
My perception of poetical injection is ejaculation
The Immaculate Conception

Jedi Mind Tricks Lyrics

"The Apostle's Creed"

(feat. Apathy, Yan the Phenomenon)

[Apathy the Alien Tongue:]
I sit upon a cloud of nuclear waste
And taste the orgasmic juice of a goddess with her lips spread on my face
As I speak in space touching a damaged piece of a satellite
Resembling wrecking remnants of a 2010 soliloquy
Entity, centuries from the time of man designed a plan
Of a time span of seconds to an immortal
Transport immortals in portals toward an Egyptian land
To then erect complex architect structures and pyramids
Melted parted rock with acidic chemical blood samples
From a reptilian females' period, I travel like the Iliad
But my ship sails amongst cosmic whales and intergalactic pirates
Telling tales of trails left by the gods
Through the center of the sun when they passed the spot
Jesus Christ was really an ancient astronaut
I attacked mastodons when I crashed upon Earth in the Ice Age
And twice laid mankeys with assistance of sound waves
And psycho-kinetics, you can't escape the wrath of Apathetic
The time has come for man to die, not project prophetic phonetics
Fugitive prosthetic limbs for hairy crippled or rejected
Exoskeleton extensions of cybernetic inventions
Moving swiftly like a Thundercat, my hunger tracks rats on the train tracks
And when I rap on tracks I attract tremendous energy sources
Changing forms through metamorphose
I travel darkened corridors with orbs of light and torches
We ride away on apocalyptic pale horses
And disappear as shadows in the forest
And disappear as shadows in the forest

Non-conceptual, non-exceptional
Your whole aura is Plexiglas

[Yan the Phenomenon:]
I take hold of truth eludes me like sands through the cracks in my hands
Retaliatory silhouettes in apocalyptic lands
Nomadic by the second, but I can't let this stress get the best of me
Though it test me on a daily basis
And traces the tracks of my tears down my cheeks and over my lips
Taste the freedom but it seems like gravity
Has me chained to this pathetic land like Satan's left burning lake of Chaos
But yet I continue on with no tendencies in my subconscious
So right there's a contradiction, because I'm aware of these tendencies
So they ain't in my subconscious anymore
More like forces that I conversate with, halves thirds and fourths
That I sliced my soul into a percentage
I know you wouldn't recommend it, so I wrote this letter and never sent it
Cause my pain, is my pain, I won't trouble you with my own
Now I swim through waves of asphalt with no place to call home
Yan on the lonely island and see a plastic smile speaking gibberish
At varying frequencies, burn out the radio and television transmissions
Or simply audible voices who wear the robes of righteousness
Equilibrium is fucked up from data overload
Enhanced by the fact that I walk on a narrow road

That's more like a tightrope between wisdom and insanity
Seems like clarity is the ever elusive goal
When insanity has the help of the omnipotent force of gravity

Non-conceptual, non-exceptional
Your whole aura is plexiglas

[Ikon the Verbal Hologram:]
On the battleground you can go to war like Sudan
But I'm half-man and so you have to overstand
That the other half of me is made of liquid and steel
Ain't you sick and tired of people screaming "keep it real"?
I'm powered by the ancients, spirit in the soul
It's war, and Ikon carries crossbows
But I toss foes through the center of the planet
When you battle me, you best be praying like a mantis
I will send you, through the depths of the Atlantic
To study transcripts of rhymes by the enchanted
Hologram, the verbal war paradigm
Traveling back in time to change the way y'all wack rappers rhyme
If I don't succeed you will bleed
The just punishment of the Apostle's Creed
This is hip-hop kid, shit is straight from the heart
You's an actor with a record deal trying to play the part

Like THAT, like that one time like that one time like that one time
Uh, my man Stoupe in the house like that one time like that one time
My man, Chico in the house like that one time like that one time
My man Yan the Phenomenon, in the house, like that one time one time
Ikon the Verbal Hologram, up in this muthafucka
Open up that third eye before I open it for you
Word is bond, Jedi Mind, '97, '98
Rappers, I decapitate like that
Fuck all y'all!

Jedi Mind Tricks Lyrics

"I Who Have Nothing"

I, I who have nothing

Intersections in real time
The unbroken circle and dimensions of the mind
The tie that binds
The eternal tie that defines
The vanity of my insanity in due time
Will shine
Like the night seas under the moon
The haunted corners of familiar rooms
Yet I'm consumed
We're vanishing into thin air
The realization that this shit is my cross to bear
So where
Did I think I could run away to see
The people that decided to leave without asking me
But we
Decide to wait for happier tomorrows
And find someone so they can be distractions from our sorrow
But my distractions the books of paper that I scrawl in
I'm eloquent as summer breeze and leaves that have just fallen
I've crawled in a corner hoping all of this will end
With the knowledge that love is just another word for revenge
I who have nothing but the comfort of my sins
I who have nothing but the comfort of my friends

I, I who have nothing
I, I who have no one
I, I who have nothing
I, I who have no one

As I decay, demons prey above me like a vulture
Ability to endure contradiction is a high sign of culture
Verbal sculptures, self defacing
It is not God or lunacy that I am facing
But the erasing of the purity and passion of my words
The herds of cattle babble on with talk of the absurd
But I preferred
To walk away from all the feuds
To find my life is more confusing than a Rubik's cube
So I'm subdued
In all my words of verbal prods
To live alone one must be an animal or a God
But it's official
All of my pain is clear as crystal
The natural side of life has now been seeming artificial
But I can hit you
And rest assured that I'mma last words
I could give a fuck about ya secrets and ya past words
I can pass words and their ability to hurt you
Patience is a virtue and knowledge is of commercial
I who have nothing but the pain that I refer to
I who have nothing but the pain that I've referred to

I, I who have nothing
I, I who have no one
I, I who have nothing
I, I who have no one

Lost among the miracles, I stand alone
And I've grown into a being that's sitting on top a throne
I've known
For many years that I would turn to rust
I find a reason for another breath
Before my return to dust
I become one with science and mathematics and the rising of the sun
I'm numb
To all of those who blind and cannot see
The chastiser of the enemy
Perception requires duality
Inspect ya soul, the color of coal inside the body
I have hardly come across them who's holy
Send them to the cherubim to control thee
Burning of the sun and frigidness of the cold
The battlefield is new but the war is now old
You can never see the merest shadow of a halo
Above the head of evil jinn who's deadly like tornado
The world has become an aquarium
Full of gaping fish with murderous smiles
I on the other hand stand on the outside looking in
Writing down murderous files
I who have nothing but the lack of variation
And I who have nothing but chains and suffocation

I, I who have nothing
I, I who have no one
I, I who have nothing
I, I who have no one

"There comes a time in every man's life when he's gotta handle shit up on his own"

Jedi Mind Tricks Lyrics

"Communion: The Crop Circle Thesis"

(feat. Lost children of Babylon)

[El Eloh:]
I am he who walks beyond the cycle of Tan
A guinea systematic survey
On the heavens long before the spells of Kemet
I had advanced cosmos, journey apologist
Substantiate statements
I commands the aspects of creation
Astronomers can't even interpret my ancient civilisation
Of Andromeda, the Dragon of Dracos
Come touch the inner sun
I went forth, a life force out of the core of Epsu
Bring forth the possibilities of solar energy into infinity
Like a Nimbo; endless, trapped it, Kingu
A myth too ignorant like the Sumerians
Explorer of the solar system like Galileo
Bring the mist of Mahabharata
Celestial God symbolic to the disagreeable complex mathematics of the Hebrew Bible
Receive and transmit the letters of the Rasqiniaans
Who have seen the third suns
I am like Milutin Milanković
Who outlined the theory of ground philosophies
Messiah of all biblical tablets
Watch how the process of creation
Links with the measurements of time
Scientifical like a geologist
I bring the geological changes to the world
Like the prophecies of the Book of Revelations

[Cosmic Crusader:]
The compartment allies
Now my device shatters the fusel anomas
And for my dialectical, destroyed innocuous in conquest
Travel beyond five dimensions
A cipher cytoplasm or phantasm
An archetype antithetical to atoms
I leave you vacuous like an Organtoron
Pulses facilitate my brain waves
Determining what planet I'm on
Cybertron transmit my Mhakabaraso over the sea of influence
Never neglect my nebular units
Stereo-material movements
Painfully cranials statisticals giving your cerebral cortex
Damaging demigods, crushing egos
Into which a wench began by extracting a transcortical
Connections of macros-manic animals
Caves of sleek stature, once sabbatical
Once bring drama, I'm bright on harrowing lava
Within the plexus from my anatomical
It gets darker, a sense of urgency
Enters the atmosphere with my excursion
In this microcosm, a third version
Specifically a generation of mutated
Warriors from the Nether that's 'Neva Antiquated'

My flux is like somatic stimulation
As macro-electrolytes converge
Eternal recurrence, my mentals merge
It's cyclical, but it revamps its own thesis
Reaching the premium blend in the communion

[Ancient Kemet:]
Follow me beyond the cloud
In the stratosphere to the House of El Huul
It should lead you to a place opposite my heavenly throne
In the temple of ancient Kemet
Who discovered the wonders and the 24 elders
These beings, the Rasqiniaans
Come to enlighten you with supreme mathematics
Dramatically stood – twelve disagreeable, twelve agreeable
Seven feet tall in diameter
These elders sit on the flight in the craft Niburu
Passing through the universe density levels
Heading straight for the wrath of Andromeda
Elliptical physical galaxy
Containing beings in the line of Dracos
Stomping on negative snakes like broncos
Create magnetic field around my aura
Incapacitating ships
Negative energy creates the spiritual slaughter
Where you dwell in the physical world is horror
My mind returns to Illyuwn
To inform the elders of the incident
In case of the need for assistance
To return to my epic form
From my physical, and see my soul arise into a sham
Hitting the arcs of cumulus clouds of Annun
I left my image of a crop circle
In the form of a galactical star map
Perhaps to another plane of consciousness

[Ikon The Verbal Hologram:]
Through a series of psychological tests
I have been declared a demon
Traveling through dimensions
Fatal weapons leave you bleeding
Dissecting gray matter, doesn't matter in my cathedral
But how could you stand my Timberlands in your cerebral?
Faces of space probes be scattered through my mental
Acoustics in my chamber just endanger instrumental
Fundamental rhythms are symbols of eternal power
Get devoured by my infinite skills to disappear
Getting lost in the holocaust that rage between my ears
Complex like gravity, tragically and mathematically
I defeat your squadron black magically
Analyze the tangle as you get mangled by my triangular rhythms
Systematic rotations of my words cause cataclysms

[Breath of Judah:]
In the farthest universal
At your communion Nefilim council
Beings come to some planets in your galaxy
That were most frequently visited
Because life existed there in various forms
And deities it was why they explore Mars

Gives meanings, Ahnk is Jah
Foremost to the firm land
Super friends of man, fore-prophesize sight
Tight with a photon of light, rubber band
Others in Orion, skies or heaven
Star sections, constellation ploughing towards us
Lending aid to help our Taurus
Routine, orbit on the slate, clean
Took a thousand, one for sure fall
Equinox a birth time deemed, the team of thirteen
Searching our rich natural resources
And minerals to take back after retrieving
Our responsibilities are fulfilled
Like the Onus of Annun and Enlil
So, build the unstoppable force of evolution!

Jedi Mind Tricks Lyrics

"Onetwothree (1995)"

"One two three
Let me know, if you're ready for me, lord"

"One two three
Let me know, if you're ready for me, lord"

It's the infinite connect
Respect what you see as if you praise Donald Chief
And understand my plan is to prosper till deceased
And let my bank account increase until it over flows
In pathfinder jeeps, organized and blunt patrol
And never indulge in petty shit that's irrelevant
Thousand dollar shopping sprees just for the hell of it
Drinkin' daiquiri's in the back of caravans
And finally got the chance to live my lifestyle advanced
And keep my mind clear of poisonous stunts and beams
Be deep meditations, now I see where pagans dream
And do time, around and get mine
So I relax while you stress, try to follow the rest
Never the less, I finesse, teach moves like it's my last speech
My thoughts on the future, cause it don't equal the past
Niggas steady plotin', your every move we be watching
There's no room for error, once you slip, your forgotten
A never has-been, in a world of frame and fronters
Who had to learn the hard way, how disease can take you under

"One two three
Let me know, if you're ready for me, lord"

Mall master be coming at you, that nigga that curse a lot
Shit, I even reverse a rock, I be theivin' ya purse with Glocks
Rushin' against your garment, daily Hailey Comet, a bomber
Punk, you wanna fuck wit funk, have you breathing out ya armpit
My guns that weighs the joint, don't even hand a malla' nina
Have niggas tits and too-toos, and on point like ballerinas
You can bring ya best to west, found dressed in some rugged shit
You blind, ridin' on my dick, don't know who you fuckin' with
(From Crooklyn to west side Phil, we keep it real)
So if you squeal on the reasons, for these heavens squeezin', the steel
Slow subliminal criminals strangle triggers that's identical
Mangle bitches that's fly, die with my dick inside ya genitals
(Sendin' you through shit you never thought of
The don who bust the sawed off
So recognize, I squeeze and then ya life lost)

"One two three
Let me know, if you're ready for me, lord"

My raw essence is forever present
But my team be chasing dreams of cream and digits in the sevens
The heavens, see my body is holding effervescence
My verbal texture will bless you with scientific lessons
On another plane, it's hard to maintain
Cuz my membrane, causes strain within my inner frame

The pain, from my people that be involuntary
You in this game for this love, dunn, or monetary
Forever keepin' the spirit, so like Elijah
My verbal fire, will resurrect you like the great Messiah
Desire, is like the law of the siren song
Arm Leg Leg Arm, my word is bond, so I move on
And stay strong like Egyptian Kings
Rockin' diamond rings and things that it brings
I spread the science, to all the planets, I'm hard as granite
You need the knowledge of God, dunn, to understand it

"One two three
Let me know, if you're ready for me, lord"

Jedi Mind Tricks Lyrics

"Souls From The Streets (1994)"

My mathematical powers devour cowards as I spar words
Like acid rain showers, nations, you can't face them
Erase them or I praise them, as my mind excites the wind
Like spirits of ill consciousness, time will clash
On ya cipher, lyric concealed behind whirlwind fire
Or flood, draw blood from wack souls as I smack hoes
Live concensive, or yes 'em, it's damage
That my sintex causes, is irreparable
Cuz vanity of my insanity force ya whole click to be divided
You have just bear witnessed to dub side united

Who do you love? Bugs, styles and fresh
And numb somes of soul, witchcraft
The clutch is the archer's mode, and sure plot
Of device, we shot twice, after the same arrow
Rush through life, it's off this slug
Advise me with words from death, and new com battles
Far time left, and pure shot plug that way
You marathon, let me down to grace the plate
Full stagnant, touch I, but revamp the squad
Gettin' loops, saviate on contact

The triflyn four fists, sparks another spliff
Bodies left stiff, you can't fuck with my ruggedness
My gunshots is leaving niggas on they asses
Smoking all the cannabis, like the weed savage
Rip dimensions and it matters, take an L
You no challenge, I blow up, ya motherfuckin' brain cells
And leave you legal, the slang tongue spigel
Cocks back the fifth, Teflon starts to seek it
Criminals on a move, set a threat
Sip the Moet, and let off the twin techs to ya
Motherfuckin' chest

I speak double-double, cause double trouble never do I rumble
On a rule, my microphone sever clones
It's beyond binoculars, sense the moody, six chromosomes
I'm no more less, no need to flex the evil, trip with the clip
I got the 6-1-0 flow, and 0 and 2 is my zip
Yo, so call me out in Philly when you down to flip
No frill skills, or freestylin' when y'all wildin'
I broke cats all the way live, on Velly's Long Island
I visualize cream, tech's scrap with inferred beams
Stash keys, and tease, lickin' back so y'all can
My click of criminals, flippin' comfortable
My pockets full of Benjamins, fool surrending
When I'm blendin' in, dub side invincible
Imperial, for lyrical tactics
I react with signs to get ya ass kicked
Indeed the face of evil, is the face told by me
So I proceed to bleed my people, niggas say I'm too cerebral
Lies, dub side, flippin' perfection through your section
Sanity's slippin', whose the next victim to catch a bless

Set a threat, I rip the mic and run race like an auto practice
I inflect this verse leavin' heads in they casket
Watch this nappy headed villain, brutal torture is illegal
I back down clowns with a four pound, as I defeat you
Insert the lyrical slugs, that straight's very
A nickel plated verse I spit like a hollow tip steady
Constantly, drop ya wack back with fire weapon
This adolescent, keeps a clip full for street protection
Ain't nothing complex about the way I cock my biscuit
I set and threat it, bust that tech son, it's not explicit
Exquisite, in divine rhymes I drop like jewels
The mic I abuse when I choose to break fool

With this course, I force many emcees out the galaxy
Challenge me, I rip apart flows with analogy
Now with me, got that establish and wrap ya cabbage with styles
You can't manage to damage or even fathom the mental capacity
Cuz I harass these wack emcee's, in degrees
I splatter universe, and mountain casualties
In the dark, my squad sells, blowin' ya conscience
My assumptions, ethotical, unstoppable, anthological
I pull the trigger with mystical, my poetic
Rip fanatics up, and rich with the cynical

Coming back from the city of Atlantic, it's the Hispanic
Causing mad panic, with fat static for ya addict
Automatic, I stick shift quick if you test me
Left the ciphers, layin' lifers, seen in one spot and attended
That you get ya crews bruised in black and blues
Put ya name and age on the front page, of the newspaper
I drape my hood up on my carriage, damage faggots
Quit the habits, feedin' on emcee's on maggots
Inspect ya gadgets, my style switches cause I flick it
Return the mic, fixin' stitches, cause I ripped it

I can't stand like a maniac depressin'
That's been submerged in subterranean utopia
Why's the mansion that I'm representin'
Is the feel competitin' in suburbs
Which has regenerated the etaric
That kicks the subterric poetry on this plain of obscurity
One element, top lyricist
Intellectin' with, d-u-b squad of imperialist
With an innovator as the dictator
So we can see you, liver clues with side and system views
Heads emulate but can't duplicate, cause this side
Can't be tugged, yo, one love

Jedi Mind Tricks Lyrics

"Last Straw (Onesoul Remix) (1994)"

Word is bond, rock on, my diatribe will swarm and persevere
Emcee's will disappear, they will fear what is here
And that is sadistic, with linguistic rhyme penetrating
Upsided the mind like the burn, of jack of lantern
Attack this, when I smack kids with my tactics
Kill it over patriots, if you assemble the wackness
Sprayin' off the majestic rays, that knowns the writing
A slide gets ride, and crucified, like punch of Titan
Narcotic, on point, mentality, battle me
Knocking herbs up out the galaxy, fantasies
I break neck with my kendo's, can't do fool
Understand, how my chant goes, swift dialectic
Cybernatics, my apparatus
If throw more morphic styles, I break, tragic records
Erratic, catchable t's, I breeze through
This degree of emcee's, as they seize to
Amaze, how these dudes get with that wack rap
Forty ounce fat caps, and raps in my napsack
Flaudelant emcee's get burned by the lighter
You don't know the half, cause soul crash my cipher

Superstar I jaw the first, we rush last and touch pie
The proof is my man subscribe, to that old school vibe
Yo, make shift that the man, is quick to jive
I grab I to that branch with force and pride
Steady straws are the prime fact', to fly back as I somersault
Far sing forever, as superstruct for that mass
Pa' ark with forty bullet -
Throwin' my fake feed light like blastin' bullets
Through the flame, pushin' fog out the mass way
Catch a five thick, vinyl ain't the number in my ash tray
The charts slumber, if expect
I take all that masking kids, and watch them in our record
Though I fly were you fish, like bass, trout, the fresh water
Now it's floatin' like Prada in a metro
Every large animal stole ours, but fresh crews?
I'm comin' off like a bad weave
I pertrude to retreave the last star
From the full mouth, with no fingers to the fence
I commence to grab the foul cinder block route
Then how many times before, so I grout
Pushin' much more

Ills I be droppin' like an expert, insert the clip
And let off the best ease off, I'm giving dirt naps that last more than eternity
Weak minded foes get bloated like surgery
You never heard of me, you new comer, straight done up
Hit you with a verse, because I'm evil with my lethal
Vocabulary, spark a spliff, it's very necessary
So ease up or get caught up in the cemetery
Understand and prepare ya mind, it's realness
Unpredictable skills, that's build, so just chill, kid

Jedi Mind Tricks Lyrics

"Tug Of War (1993)"

And I get busy over unknown tracks
And I get busy over
And I get busy over unknown tracks
And I get busy over unknown tracks
And I get busy over
And I get busy over unknown tracks

[Arch Leon:]
Adjust of bust to attacks the crowd
The simple fly, plus arrows, I rush the format
With four blind shots to ya verbs and pronouns
These herbs'll slow down, with terms to sicken a guitar
Dip live and you just the point to ball
For sharp lines, make keen, the blast to catch phrase
Overdrawn by the crowds who strikes amaze
Never float like me, and oddly never lose a few
So bear wits, to appreciate verse such as that
Initiate words to come back, over tight
Nah, I'm different from these war heads
More treds on my adjectives
Allow full side steps, to deflect your ships
Then he make a true vowels, with volume, see I'll
The prospect tunnel, for me and Asan, Ikon
We rock broad neck, funnels to collect
The drips and moss, giving y'all punch and serves
No conundrum to our attribute of five foot
And the least to serve, with over stridal shoots
Indeed and they relax in conforts
They need to form and *[?]* words to lose any casual sense
Of well being, yo lay back, grows ya depths

[Ikon:]
At the beginning squads find it hard to establish
A working rhythm, my esoteric mysticism makes me a mathematician
Like Apollonius, phony as any who receive lobotomies
Get caught in my harsh canopy of unhappy rhapsodies
Fragments are stagnant, we work with ultramagnets
My reverberation crush men to micro fragments
I gets physical in the forest of absolute malnutrition
My complex disposition forces crews into submission
Beginnings on one six two, switches through to witch's brew
On which is true, or which is you
Isolation plus, a reflux, I see buck
Who get the equilibrium shattered or crushed to bits
I throw fits, and take trips to other dimensions
My henchmen will bend them and get attention
As I destroy decoys and make noise
My b-boys will be employed, to deploy like the falling of Troy
Fell into the soul, control what is concealed
If a void is not filled, my suicidal thoughts become real

And I get busy over unknown tracks
And I get busy over
And I get busy over unknown tracks

And I get busy over unknown tracks
And I get busy over
And I get busy over unknown tracks

Jedi Mind Tricks Lyrics

"Get This Low"

"I'ma get deep like Jacques Cousteau"
"Jacques Cousteau could never get this low, ahh" – ODB
"Jacques Cousteau could never get this low, ahh" – ODB
"Jacques Cousteau could never get this low, ahh" – ODB
"And I'mma get mad deep like a threat!"

[Black Thought:]
No where to go when I be flowing, try to flow and then before
Back in the day when I was poor, I couldn't afford a Diadora
On ya case like your lawyer, think you run, you mistaken
Put all records to the side, and it's ya face I'm fuckin' breaking
Awake and innovate, and changin' shape like amoebas
I'm rollin' with stolen Tim, get slapped, match with Adidas
We just wreckin', what the fuck was you expectin' from a minor
Put a bullet through ya chest, and see who next in line behind ya
Straight up and down, ya'll have a sermon and blew it
I have niggas wildin', as if they smoked' a gallon of embalmin' fluid
Grilling, want to be flipped like some shrimp on the Barbie
I do my dirt up in Philly, chill in the hills of Upper Darby
Niggas that's rolling through my hood like a trooper
Come in numerous numbers pussy, I smoke ya then reduce ya
Crucify ya, I fucked Elvira, now I'mma fuckin' shoot ya
My bone is hard as stone, cause I got blowjob from Medusa

"I'ma get deep like Jacques Cousteau"
"Jacques Cousteau could never get this low, ahh" – ODB
"Jacques Cousteau could never get this low, ahh" – ODB
"Jacques Cousteau could never get this low, ahh" – ODB
"And I'mma get mad deep like a threat!"

[Ikon the Hologram:]
The beat addict, I'm crushin' MC's who cause static
Pen hits the pad, I touch stars in the attic
The dopeness that wrote this, when suckas provoke this
Now it's the time for perpetrators to quote this
Rhyme that I wrote for heads to get loose to
I blow up spots like snots in a tissue
I dissed you, dismissed you, but suckas persist to
Bite my flow, so now you know --
That when I rip up a set, I get mad deep
Don't sleep, or you and ya whole crew can get beat
As I'm waxin', taxin', a dope reaction
Bitches who front, get reduced like fractions
So ya motherfuckers flex to vex, who's next in line
To recline, and steal my rhyme for check
Now the man ya facin', ya rhymes I'm erasin'
If you trip or get slick, I convict like Perry Mason

"I'ma get deep like Jacques Cousteau"
"Jacques Cousteau could never get this low, ahh" – ODB
"Jacques Cousteau could never get this low, ahh" – ODB
"Jacques Cousteau could never get this low, ahh" – ODB
"And I'mma get mad deep like a threat!"

"I'ma get deep like Jacques Cousteau"
"Jacques Cousteau could never get this low, ahh" – ODB
"Jacques Cousteau could never get this low, ahh" – ODB
"Jacques Cousteau could never get this low, ahh" – ODB
"And I'mma get mad deep like a threat!"

[Jus Allah:]
Meet ya makers, ya fakers and imitators
I'm greater because I do my best work on paper
Mad raps, wax the disaster from the masters
Snatchin' up rappers, and takin' out actors
MC's can test gift but yo, don't pass the limit
You finished, so save the Die Hard image for Bruce Willis
Ya raps are a joke, but I put dope from start
Transform with the art, rippin' ya fuckin' mics apart
This is the rawest of words you've ever heard
My rap style superb, kicking nerds to the curb
It can't compete with the man when I freak it
The crew will get beat quick, so stay in ya seat bitch
Rhymes I wreck or perfect, and correct lyrically
Too complex, fo' ya punks to step
Yo, I be rhymin' hits whenever it's time to flip quick
A writer's block non-stop, and I'mma get --

"I'ma get deep like Jacques Cousteau"
"Jacques Cousteau could never get this low, ahh" – ODB
"Jacques Cousteau could never get this low, ahh" – ODB
"Jacques Cousteau could never get this low, ahh" – ODB

Jedi Mind Tricks Lyrics

"Tibetan Black Magicians"

(feat. Canibus)

[Mike Tyson:]
How dare they challenge me with their somewhat primitive skills
They're just as good as dead"
Jedi Mind Tricks, Canibus
Let mee do it like this y'all

[Canibus:]
I grab mics, bust the raw, take flight, adjust the yaw
I break your bicuspids with your own jaw
Metaphors started menopause in your moms before you were born
Technically you don't even exist, god
A flick of the wrist and you gone
Lost in limbo like pink shit camouflaged in a pig farm
I'm an enigma I rip bars, a burning star with 5 points
Plus the mic I ripped thus far
I start from your forehead, peel the top of your fucking face off like an orange then eat the carnage
My God that sounds horrid
Eating MC's is like eating garbage, they make me vomit
Discombobulate prostates, re-hydrate dry lakes
Wipe Ammonium Nitrate across the side of ya face
Anthropomorphologically speaking, I'm out of your league
Who can match the bottom of my top speed?
Scourge of the earth, verses immersed in the dirt
Heart monitors flat line due to data read error
Sentences go through re-synthesis
I leave em looking bleaker than Memphis is without Roc-A-Fella membership
Don't be an optimist and try to rock with Bis
You end up in an iced-out sarcophagus

[Vinnie Paz:]
Every rapper better fear me, 'cuz Vinnie Paz is a beast
And y'all steady screaming for war but want peace
You trying to walk through the fog with sun leaks
You trying to walk two dogs with one leash
You can't overstand the mathematics
How I rip bars, walk through walls, perform magic
Tibetan Black Magic, I'm a warlord
Ill stab you through your fucking temple with a floorboard
I'm a born lord, I was baptized
To see the universal through a cats eyes
Here come the black skies, it's all darkness
I breathe life into Jesus Christ's carcass

"Have you ever heard the sound of bones splitting"
"Make MCs memories whenever there's a symphony"
"End you with the murderous medley"
"Have you ever heard the sound of bones splitting"
"Make MCs memories whenever there's a symphony"
"End you with the murderous medley"

[Canibus:]
As I duct tape ya to the front of a Mack Truck's fascia
Drive through a brick wall, pull the parking brake up

Ask you for you proof of registration, say what?
I can't understand a word you saying, you fuck
Peel you off till you drop on the floor, drag you to the manifold
Make you put your mouth around the exhaust
Squeeze your neck harder when you start to cough
I bet you never thought this could happen just for pissing me off
I'm in for hardcore Hip Hop, the surrogate father
Protecting Rap like the exoskeleton of a Lobster
I'll moonwalk on water, harpoon jackers
And drag em back to the harbor for the local photographers
Now point four fingers and watch through binoculars
Look at what Harry Potter did to Andrew Galotti, kid
Bitter enemies exchange negative energy
But you can't forgive and forget with an elephant memory
Cause You-Know-Who snatched the mic from You-Know-Who
But lets keep that between me and you!
Me and JMT, Rippers that'll rip your ass
I got an empty mag, get em Vinnie Paz

[Vinnie Paz:]
I get a bloodlust when I see a slug bust
Hit your mug with a .38 snub and watch the blood rush
Nothings above us, ya'll better back off
Cos you a devil like the Canaanite in Sackcloth
We busting Gats off, it's a clean kill
It doesn't seem real when your spleen spill
So listen to what I'm spitting at y'all
La illaha, il Allah il Allah
Come on y'all, your getting hit in the chest
Cause Vinnie Pazienza and Canibus is the best
Ripping the rest and all y'all seek is ashes
I love reading Qu'ran in pitch blackness
I love reading the psalms to bitch actors
I love reading the palms of bitch rappers

"Have you ever heard the sound of bones splitting"
"Make MCs memories whenever there's a symphony"
"End you with the murderous medley"
"Have you ever heard the sound of bones splitting"
"Make MCs memories whenever there's a symphony"
"End you with the murderous medley"
"End you with the murderous medley"
"End you with the murderous medley"
"End you with the murderous medley"
"End you with the murderous medley"

Jedi Mind Tricks Lyrics

"Blood In Blood Out"

If one does what God does enough times, one will become as God is
You put it together, you get being wanted and desired enough times
He believes he will become one who is wanted and desired and accepted
Because God has power
And if one does what God does enough times, one will become as God is

Yeah.. Jedi Mind, baby..
Yeah..
Yeah, we bringin' you the hardcore, the real raw type shit
You ain't never seen nothin' before like this
It's all real, all ill, and all natural
We all kill, all steal and blast at you
I like blood, I like tastin' ya flesh
I like slugs, I like David Koresh
I like anything that's related to death
I like any king that can reign with his fist
Now back to the topic at hand
Steadily Shine, Shine Steadily with my fam
I'm the one who put the nail in the cross
I'm the one who told the world about an alien corpse
I'm the one who brought the truth to the light
If you listenin' to me you couldn't lose in a fight
Abusing the mic, with the force of five lions
Anybody fuckin' with Paz can die tryin'

"Haven't you ever heard of a MC-murderer?"
"It doesn't matter what you say, or what you do"
"Lawnmower man sharp blades slash your vitals"
"While the Technics spin"
"Turn your body into anti-matter"

"Haven't you ever heard of a MC-murderer?"
"It doesn't matter what you say, or what you do"
"Lawnmower man sharp blades slash your vitals"
"While the Technics spin"
"Turn your body into anti-matter"

I'm a caged lion, always dying to hurt you
Always a believer that my rhyming a virtue
You just a heathen, and you lie like the church do
I can't believe that Allah hasn't cursed you
You too commercial, you still a disgrace
You like to sit around with women watching Will & Grace
I can't over-stand your sweetness
You should try hire a therapist to beat this
I'm being facetious, you should heed this
I'm the one who hammered the first nail in Jesus
I'm the definition of Toxic
Anyone who ever got close to me got sick

"Haven't you ever heard of a MC-murderer?"
"It doesn't matter what you say, or what you do"
"Lawnmower man sharp blades slash your vitals"

We like heavy metal, listening to Sepultura
Remain calm, study Islam and read Torahs
You can't fallow the path so man chill
You can't study the math, you can't build
You can't over-stand what I believe
You drown in an ocean of God and can't breathe
It's like I've been involved with beef
Since the days I lost my teeth with the God and Reef
I learned how to worship Allah
I learn how to rhyme, and I teach it to y'all
I'm speakin to y'all, it's hardcore, real rap
Real slugs, real clips and real gats
You real wack, and that's how I feel
And that's the reason that I got a reason to kill

Yeah.. follow me, daddy
Jedi Mind, what's the fuckin' deal?
Walk with me, yeah, yeah

"Haven't you ever heard of a MC-murderer?"
"It doesn't matter what you say, or what you do"

"While the Technics spin"
"Turn your body into anti-matter"

"While the Technics spin"
"Survive, Ikon been live since '85"
"While the Technics spin, the wax is on the felt"
"While the Technics spin"
"Little motherfucker got hands that's like steel"
"While the Technics spin, the wax is on the felt"
"While the Technics spin"
"Recitals will fight you and entice you to burn bibles"

Jedi Mind Tricks Lyrics

"The Rage Of Angels"

(feat. Crypt The Warchild)

[Vinnie Paz:]
Yeah
Jedi Mind Tricks
My man Stoupe holdin' me down
Yeah, yeah
It's been five years since you've been locked in the bing
And not to mention all the fucking drama it bring
You always in my heart and that's a beautiful thing
Like warm air flowing from a beautiful spring
But that's some wild shit to do to a king
And maybe some day I'll get used to the sting
For now I'll been thinking about you everyday
And how we use to dumb out in every way
Brought a smile to my face all the hardest of days
And praying that your mother and your father can raise
Your little brother into a man one day
I'll stay in touch with him so the plan won't stray
But don't you worry about your little brother, he fine
He smart with a heart and he steadily shine
And if the little soldier ever step outta line
You know I'm gonna be there to show him the time

So what the deal cousin? How it feel right now?
I'll be there soon so just chill right now

Yeah, it's Vinnie Paz
You know I'm saying, Jedi Mind, I'm holding you down baby

[Crypt The Warchild:]
I'd rather walk these hallowed grounds with a Glock or four pound
Police looking over my back when the Glock is low down
With a clock that slows down, it shoots flock with no sound
And I carry the weight on my back like a stone popper party
Lying till my soul hurts (soul hurts)
Mad as fuck, scared and stuck, I can't control earth
Surrounded feeling like a cold hearse wanting to fold first
I thank my peeps every day because they chose work
I'm totally grateful, at times I act hateful
Ya'll risked y'all freedom for me to reside in a gold cradle
Brown paper bag living in the latest whips
Trips to Epcot Centre in the spacious shit
Always reminisce about the shit you laced us with
Always the street legend to the bravest cliques
And now I see niggas getting it, it makes me sick
The same shit that could've made us rich, made 'em snitch
Divide the men from the boys see what makes them bitch
To watch loving mothers struggle just to raise her kids
Soar my mind every time that I raise this fifth
And drink the bottle till it's hollow and it all makes sense

Get it right, blood is thicker than water
Could never shit on my peeps
Outerspace

Jedi Mind Tricks Lyrics

"Animal Rap"

(feat. Kool G Rap)

[Kool G.:]
You know the Don's armed with sixteen
And I do harm for this big cream, the whips and the carriage
Ball like the Knicks and the Mavericks, slipping the fabrics
Pull up wit some big shit, lieutenant shit, hitting the hazards
Spot a bitch wit that Cris habit, gotta have it
Fuck shorty and send her OT wit a brick in her baggage
Roll where the clubs at slip for the rabbit
Trick only lick dick status to get cabbage
She get lathered to the dick baptist
Who back on the map? Giancana wit a vengeance
It's drama to the finish, put the Llama to your appendix
And squeezing the slugs, gun powder season your blood
I'm a legend breathing, the reason you thug (nigga)
This where the buck stops, fuck props
Buck shots at the top money, what the fuck you forgot?
Thought I was done and wasn't touching the block?
Still real, busting the Glock
Put up and you can see it (blaow) what up now?

"I'll exile barbarian style like an executor"
Wanna test Vinnie Paz man (Jedi Mind Tricks)
Enforce the moves on fools
[?] I'm invincible

[Mike Tyson:]
Everybody talks and they like I'm losing my head, I'm losing confidence and that I'm talking loud and vulgar
I'm talking vulgar because I'm angry at what I've experienced all my years through this and I'm just angry!
Everyone else has the right to be angry too but that's just how I express myself

[Vinnie Paz:]
Yo, bust a motherfucking gat to this
Y'all believe lies like y'all was Catholics
I rap in Arabic, so my message is just immaculate
My rap elaborate, drink a forty and blaze a sack to it
My aim is accurate, take your brain and blow out the back of it
I'm salty, miserable cat that slap shorties
Looks kinda resemble that, a fat Pauly
I don't even clap, young boy, he claps for me
Chain hang down to my dick, I'm that gaudy
I don't even fuck wit you cats, you rap poorly
I don't even buck at you cats, you that corny
Wit a wack army, we barkin' at you
And Vinnie Paz holds a hammer like a carpenter do
You should understand that I ain't really fuckin' around
And if you don't, you gonna find your body stuffed in the ground
We buckin' em down, cuz that's how wrong my life is
Y'all don't overstand how fuckin' strong my wife is
I'm from a time where every song was righteous
Before rap was just a swarm of white kids
And y'all a witness to the dawn of hypeness
Or just another victim to the pawns and sheisters
I'll feed your corpse to a swarm of vipers

Let em suck the blood till your form is lifeless
What! Fuckin' Vinnie Paz daddy! Jedi Mind Tricks! (Yeah!)

"I'll exile barbarian style like an executor"

Jedi Mind Tricks Lyrics

"Nada Cambia"

Yeah, Jedi Mind baby, como esto
Vinnie Paz, Vinnie got real, yeah yeah

I'm like Mussolini, I rule with a iron fist
I stab you in the bladder with a dagger and watch you die in piss
Cut inside your wrist, drink the blood money
And your face is the perfect place for a slug, money
You ain't a thug money, you all maggots
You like to chill and hold hands with faggots
You like to conduct yourself like a savage
You like the smell of males on your mattress
Cause that's established, I fuckin hate you
I hate your mother and father, because they made you
I hate the universe, because it create you
I hate everyone and anything that embrace you
Who fuckin raised you? You a fuckin disgrace!
And if you come around my way you get bucked in the face
Get snuffed in the face, then I whack you
With razors, knives, guns and what have you

El malo, el feo y el otro
(Nada cambia)
¿Quién?
(Era que mi tiempo se acababa)
El malo, el feo y el otro
¿Qién?
El otro

I'm Ayatollah Khomeini, I love to wage war
I love anybody who rhymes and stay raw
I love getting my rhymes in chainstores
I love splitting you mind with chainsaws
My thought-process is down in the fuckin' Lochness
Knock a motherfucker unconscious!
Cause I don't give a fuck if you a man or a beast
I handle my beef, tell Stoupe "hand me the heat"
Hand me the piece and let me buck with their head
We sicker than necrophiliacs fuckin' the dead
Buck 'em instead, and leave 'em to rot
Let their body flow down the river, and what not
When shit pop, I greet beef with a smile
Cause I ain't punched a faggot in his teeth in a while
But meanwhile we just tryin' to shine
Tryin' to get mine, try to get a grip for my mom

El malo, el feo y el otro
(Nada cambia)
¿Quién?
(Era que mi tiempo se acababa)
El malo, el feo y el otro
¿Qién?
El otro

I see you lookin' at me sideways daddy, that's your first mistake

Die for cross for Christ, baby burn at the stake
You learnin' too late
You too concerned with the fake
Too concerned with the law, that's why you turned into jake
You turned into snake, but I expected that
I'd like to get a fuckin' noose and put your neck in that
To me it's like the sound of music when your neck will crack
And now you tempting me to bring the doctor Jekyll back
Now that we settled that, it's like a war now
And Vinnie Paz bout the kick the fuckin door down
Cause Jedi Mind Tricks is goin' for it all now
It's like the calm before the storm now
But y'all know it's about the get ugly
Dirty rhymes, dirty beats, it's all muddy
For 12 long years, Jedi Mind we stay cruddy
As long as y'all showin' us love it's all lovely

El malo, el feo y el otro

¿Quién?

Jedi Mind Tricks Lyrics

"A Storm Of Swords"

(feat. Planetary)

[Planetary:]
Yo, serious syllable wordplay, verse spray
Like a desert bird plays, niggas where the curb lay
Turn pagen, pretty shitty on a church day
Your city my committee, tussle where the dirt stay
Smokers try to sell dirt trays to undercovers
Old heads feed kids, have to run the numbers
Damn shame niggas in my crew can't bang
You demand fame, here's my man frame, champagne
Swig to the wig, Belle vodka hit my rib
Corona beers with a slice of lemon first dig
On an open mic, growl follows, space over night
Destroying your perimeter, players and prototypes
(High powers) Lifting your soul through God's shower
Resurrected your spirit with lyrics for top dollars
My squad holler the loudest, y'all niggas childish
We grown folk here, spitting raw street knowledge

[Planetary, Vinnie Paz:]
Y'all can't touch us, cause we ain't fucking around
And y'all can't fuck with us, or else we bucking em down

Y'all can't touch us, cause we ain't fucking around
And y'all can't fuck with us, or else we bucking em down

[Vinnie Paz:]
This animal rap, cannibal rap that we make
I hate all, hate law and hate jake
I hate everything that you stand for, it's fake
Cuz anybody biting the God's a day late
I maintain, handle beef Islamly
Manage my life calmly, like I was Gandhi
Fucking with Vinnie Paz, the one man army
It take a shank and metal tank to harm me
Come on b, why you trying to build
Why you trying to get ya whole entire family killed
I'm like a demon outta Amityville
I'm the motherfucking reason that you had any skill
With tight ill, crack ya head like when an egg drop
And put you in the figure-four leglock
And make ya head bop, cause we the rawest around
Vinnie Paz, with my man Stoupe holding me down

[Planetary, Vinnie Paz:]
Y'all can't touch us, cause we ain't fucking around
And y'all can't fuck with us, or else we bucking em down

Y'all can't touch us, cause we ain't fucking around
And y'all can't fuck with us, or else we bucking em down

[Planetary (Vinnie Paz):]
Surrender and quit (or I'mma let the venomous spit)
Tremendous equip (we bugging off the Hennessy sip)

The weaponry hit (we hit you with the heavenly shit)
Only reason you live (cuz we at the end of the clip)
The energy split (young cats must be sick in the brain)
We hitting the vein (cuz all of y'all spitting the same)
We tripping the flame (and mounted all the chips in your chain)
We stick to the game (ran and inflicted the pain)
The stitches remain (and matter fact, we sonning y'all kids)
And after that we snatching up your son and your wiz
(We robbing the kids, and putting metal slugs in your wigs)
We stuck in the crib (frozen with your gut to the fridge)
We cutting ya ribs (Jed Mind stifling y'all)
We trifling fall (we pointing fucking rifles at y'all)
(You ain't icy at all, we provoke the sheisty to brawl)
If y'all sleep, Outerspace slicing your jaw

[Planetary, Vinnie Paz:]
Y'all can't touch us, cause we ain't fucking around
And y'all can't fuck with us, or else we bucking em down

Y'all can't touch us, cause we ain't fucking around
And y'all can't fuck with us, or else we bucking em down

Jedi Mind Tricks Lyrics

"Boondock Saints (Interlude)"

And Shepherds we shall be
For thee, my Lord, for thee
Power hath descended forth from Thy hand
Our feet may swiftly carry out Thy commands
So we shall flow a river forth to Thee
And teeming with souls shall it ever be
In Nomeni Patri Et Fili Spiritus Sancti

Jedi Mind Tricks Lyrics

"The Wolf"

(feat. Non Phixion)

It's comin', it's comin'
You wear a gun, the beast till the end, that is
This is the twilight winter
I am ready to be her son
It's now, I will rise to her side!
I don't need the words, I'm beyond

[ILL Bill:]
Keep it homie, this is a gangsta party
Bulletproof glass Ferrari
Die sorry, by the hand of vampires and zombies
Fire bombing, suicide army, God's inside me
Ride till I motherfucking die high in Canarsie
Un-focusable, exploding smoking toast to you vultures
Soldiers in hemoglobin, words of evil spoken invoking
Volcanoes evoked, these veterans are very violent
Non Phixion, Jedi Mind Tricks a deadly virus
I could just go live no love, I read Kabbalah on drugs
Gun in my wig, getting my dick sucked
Bitches spitting cum on each others clits for kicks
Cocaine tits, degenerates smothered in shit
Another day in paradise, surrounded by bloodsuckers and parasites
Getting in shoot outs for Amorites
Leave ya block flooded with blood, it's horrifying, I promise
Eat shit, suck, fuck, kill, and die honest

The big bad fearless wolf
I'm the end of the world
Wearing the flesh of fallen angels
I've scanned the reality
I see it, the corruption of flesh
And blood to you all!

[Sabac:]
Call me the rap Che Guevara, lounging in the black grave's terror
I lace tracks with terror, forever smelling death
Reoccurring nightmares of burning flesh
Must be the spirit of Koresh that keep me turning in the bed
Troopers hovering, you'll be suffering, crews be bugging
When they rather shoot they brother than abuse the government
Our crews make covenants from writing darkness
When we spark this, the hardest part is when God's is
Dealing with fake artists, I face charges for speaking my piece
Unleash the beast after nine eleven still got beef with police
Street's a warzone we more prone to violence and greed
No voice leaves no choice they trying to silence the seeds
Time is when will you get yours, stop relying on me
I'm firing with speed so before you dying you'll bleed
This is a war call, I warn y'all, stay up, build your health
Or get fucked up, cut up ya wrists and kill yourself

The flesh of fallen angels come to me all!
A secret, living on by the skin of reality

I am the wolf!, 'til the end
I don't need the words, I'm the beyond the words

[Vinnie Paz:]
The street is Vietnam, I'm like Jesus trying to complete a psalm
I believe in Islam, heathens can bleed till they gone
It's on, anyone can get hit
Anyone can get the center of their energy split
My enemies fit to face Palestine
Y'all bitch rappers only got heart on Valentine's
And all of y'all that wanna know how my metal feel
It gets settled in the temple when my Beretta kill
My pen bleeds the ink y'all spill
But y'all still seem to think y'all real
Jedi Mind real put the nine to ya grill
We spit real and y'all run for the hills
I stab you in the back till it weakens the knees
Then smash you with a statue of Jesus that bleeds

I've tasted the devil's green blood
It runs in my veins
I've seen beyond the world
The architecture of blood and bone marrow
Death is coming!
I have tasted the flesh of fallen angels
I am the wolf yes!, I am the wolf!

Jedi Mind Tricks Lyrics

"Walk With Me"

(feat. Percee P)

[Vinnie Paz:]
It's Vinnie Paz daddy! Jedi mind tricks!
My man Stoupe holdin it down
It's the real raw shit
The hardcore shit, kna-am sayin?

Yea

Friday the thirteen-style slashing ya face
Bashing ya face, tell ya army, get back to their base
C'mon cousin, that's how we get down
We the only reason that you eat and breath in this town
We beatin them down
Raise a blade, buck 50
I rap like no one out there can fuck with me
Stuck with me, we ain't leaving the game
And keep it dirty cause we never had a reason to change
We keep it the same, start a war with the Glock nine
And thug like Omar, now rock mine
So let me speak the truth again
The ancient Babylonians were Nubian
You need to watch what you read in your class
Cause the devil try to have you all repeating the past
I'm ready to go to war for Mumia
Fuck George Bush and his war, we gon' see him

Yea, walk with me now
Yea, walk with me now
Tryna step into the zone with Vinnie Paz is a
Understand that I ain't really fuckin around
Yea... Yea, walk with me now
Live raps crack ya jaw (Live raps crack ya jaw)
Yea, walk with me now

[Percee P:]
I came down, to shame clowns, kickin' my same sound
I'mma reign now, giant fist-splitted James Brown
I'm the poet, whose rhymes was quoted
Lines are loaded
Shine decoded the vote and flow and showing signs I wrote it
At a auction, B, style cost some g's
Challengers eyes makes tears like the Force MDs
Percee P, that's me I get nasty
Rock it flashy, pass me the mic, it's your ass, G
But I make threats, tape decks at my apex
Packing latex, and safe sex with chicks and stricken paychecks
Killing ya, fillin' ya with rhymes similar
To bullets in the cylinder of a Dillinger spillin' ya braincells
I'll blast ya later, you be readin' essays
And be there next day like JFK's assassinator
Nobody, ever went to represent
It's evident why you hesitant cause I take every cent and your hottie

Yea, walk with me now
Yea, walk with me now
Tryna step into the zone with Vinnie Paz is a
Understand that I ain't really fuckin around

[Vinnie Paz:]
I'm like a desert eagle when the hammer is cocked back
Anybody holding any money should drop that
We shot back, spit the gospel of force
And murdered ya'll, with my philosophical thoughts
We're just tryna bring the raw shit
Smoke a L, drink a forty on the block, raw shit
The hardcore shit, for ya'll to dumb out
Standing the back of the club and pull the gun out
Everybody run out, the sun out, it's over
I'll take it back to the past like Sankofa

Yea, it's Vinnie Paz baby. Stoupe – The enemy of mankind
It's like a brotherhood, it's all blood
It's all love baby, it's all love
Walk with me now
Walk with me now, what's the deal baby?
Walk with me now
It's Jedi Mind, steadily shine
Live from the 215, keepin it live... aight? Yea, yea

Jedi Mind Tricks Lyrics

"Rise Of The Machines"

(feat. Ras Kass)

[Mike Tyson:]
I was gonnna rip his heart out, I'm the best ever
I'm the most brutal and most vicious and most ruthless champion there's ever been
My style is impetuous, my defense is impregnable
And I'm just ferocious, I want your heart!
I wanna eat your children, praise be to Allah!

[Vinnie Paz:]
They call me Kublai Khan, ready for war with a Ruger 9
I'm ready with a machete for Rudy Giulian
I'm ready for anybody who want war
Y'all ain't nice with the hands you can't brawl
You can't stall. Behold the black horses
I'm runnin' up in ya church to smack crosses
You lack rawness, you lack passion
You couldn't make it through war without rations
You just a homosexual
I think the gay rights movement should
Meet you and invest in you
Rhymin' 'bout flowers 'n shit
And poets on the mic for twenty hours 'n shit
I'm housin' ya shit; shuttin' ya fuckin' mic off
Snatch ya fuckin' poetry book and then kick the dyke off
Set the fight off, show 'em what real rap is
Real rhymes, real beats and real clappers
And we blast until cover
Make you see murder like Master P brother
(Yea, what's the deal baby, yea, free Ras Kass, feel me)

[Stoupe:]
"C'mon, let 'em know it's us when we come on"
"While real MC's and DJ's are a minority"
"Clapper, down goes another rapper"
"Make way, cause here I come"

"C'mon, let 'em know it's us when we come on"
"While real MC's and DJ's are a minority"
"Clapper, down goes another rapper"
"Make way, cause here I come"

[Ras Kass:]
Yea, yo, yo, yea, fuck it
When I spit it get shitty like the teeth of Mike Bibby
Live from nowhere keep the west coast with me like J-Kidd
Slay chicks if she pretty, only fugitive you know slay chicks to be Diddy
No system electricity, spine the mind witty
Tryna go 50/50 with my Billboard's check
Like 800 first week, 800,000 the next
They put on the cover of the Vibe I just might flex
Na, I'm too lazy, with Hennessy and hoes
But I bench pressed the trigger of a four pound though
Hit enemies with rolls for money shows and clothes
Fuck bank rolls, I'm yellow gold with incredible flows

My homies hella cold, cause love don't love nobody
Said he like the free spirits with slugs to plump your body
'Til you shrug and flop like Vlade Divac
Paint picture perfect, inside rockin' the b-bop
We not confused, rap's the nigga news
Each rhyme a "Minority Report", fuck Tom Cruise
Adversity my muse, that's why I make mus-ic
Transmit SARS, it's 20 bars as you spit

[Stoupe:]
"C'mon, let 'em know it's us when we come on"
"While real MC's and DJ's are a minority"
"Power, down goes another rapper"
"... Make way, 'cause here I come"

"C'mon, let 'em know it's us when we come on"
"While real MC's and DJ's are a minority"
"Power, down goes another rapper"
"... Make way, 'cause here I come"

Jedi Mind Tricks Lyrics

"Pity Of War (Interlude)"

En los años de mi abuelo
Decían que La Llorona
Era una viuda muy bella, mira muy bella

This is not about heroes
Nor is it about deeds
Or lands or anything about
Glory honor might majesty
Dominion or power, except war

Above all I am not concerned with poetry
My subject is war, and the pity of war
The poetry is in the pity

Jedi Mind Tricks Lyrics

"Kublai Khan"

(feat. Goretex, Tragedy Khadafi)

[Vinnie Paz:]
God hates me, never keep my banger on safety
My mother raised me alone, you can't break me
My heart's pumping the blood of Royce Gracie
My thoughts dumping the slug and point straightly
You rhyme fakely, you still scarred
I'm studying deep thoughts like Bill Maher
I'm real raw, we just dumbing it out
And y'all ain't saying nothing with a gun in yo mouth
That's what I'm about, but Vinnie Paz go deeper
Y'all still under the spell of dose ether
The Grim Reaper, it's all nature
And every word from Allah is on paper
We all hate ya, we can't stand you
Chapter 8: Verse 3, Book of Daniel
You like a candle, you just burn
You never worship Allah, you can't learn

[Stoupe:]
I melt mics 'til the soundwave's over
America's Cream Team, redeemed
Brainwashed kid
All y'all crab bitches ain't gotta worry

[Goretex:]
Chemical spaceships, see dust splits, hit from The Matrix
Pig Destroyer, Anarchist kiss, splatter your patriots
Make coke stops, injecting my pockets with Botox
Latex bitches be choking on cock like Blow-Pops
My flow's hot, my Glock's like a popular friend
Sniffing Oxycontin, we rock till the popular says
Mercyful Fate, we at the gates, I hurt you for cake
This Red Planet's like a Shit Magnet, encounters with Jake
Digital cuffs, running from the D's and the fuzz
Gut you out, rock a gas mask, bleeding and stuff
Into the void like Blue Velvet, goons and clerics
New synthetic designer jewels for moods in deserts
In Heaven and Earth, barcodes to measure my girth
That's like the J.D.L. joining the Zulu Nation for turf
Birth of the solar, we did so, write for the cobra
Goretex, freedom, and we all stand with iced-out clothes

[Stoupe:]
I melt mics 'til the soundwave's over
America's Cream Team, redeemed
Brainwashed kid
All y'all crab bitches ain't gotta worry

[Tragedy Khadafi:]
Now what it be's like, niggas wanna stay tight, I stay right
Face fight, get your wig split, shit, then I spit
Most Accurate, Lex right in back of it
Range on the side of it, yo I'm trying to get a lot of it

I rock that exotic shit, spit the hottest shit
Blow trial, might get the same time Gigante get
Death before dishonor shit, gangster persona shit
Jedi Mind, two-five is who I polly with
When I'm trying to score the third, it's who I holler with
Yo hood, its my project, exchange objects
Yo guns for my TECs, yo range for my Lex
From Q.B. to Philly, we control set
I stay splurging, heads stay wrapped in Turbans
Tighter than a virgin or Ford Excursion, nigga
So how you figure that we don't be repping?
Wholesale drugs and weapons in the Dodge Intrepid, nigga

[Goretex:]
Yo Stoupe, what up baby, what's good?

[Tragedy Khadafi:]
Jedi Mind, the gracious, two-five collabo
Aura check, global, gangster global

Jedi Mind Tricks Lyrics

"What's Really Good"

(feat. Rocky Raez)

"Can you play the beat a little higher?"

Yea, ok, yo, listen, check it, yo

Heyo these streets hate me, but they made me a animal
We little ghetto boys that was raised on the avenue
We drug dealers, stick-up kids, and what have you
In rap battles where the audience will clap at you
My block crazy, I never seen a cab pass through
On bright sunny days, you can see my black shadow
Gats with barrels tucked under the apparel
And that's natural in a city with crack statues
Please believe it, gun shots, some keep secrets
You keep sleepin', get caught in ya Jeep reachin'
Always listen to an old man when he speakin'
To learn how to keep at least a grand on the weekend
Learn how to analyze a man when he creepin'
Learn not to never burn a bridge when you leakin'
That's street knowledge, write it down and speak about it
Drug dealers use this rap the street outlet
I leave doubters in the back and move outwards
Watch for them niggas with Timbs and loose outfits
Guns don't kill people, the bullets'll kill people
And bullets leave holes in people can just see through
It's all mathematics it's what the streets equal
These streets evil, city niggas with Desert Eagles
They won't hesitate to drive-by in tinted Regals
And that's how it is in my life, that's how it is
(Yea, it's Rocky Raez y'all, the Ghostwriters)

Heyo, what's really good? (We over)
'Cuz I got it on lock (In my hood)
We hustle what we could (In yo' block)
You niggas ain't stop (In my block)

Heyo, what's really good? (We over)
'Cuz I got it on lock (In my hood)
We hustle what we could (In yo' block)
You niggas ain't stop (In my block)

I got the sound right reasoning of Malachi York
Only speak to me if I allow you to talk
Cuz y'all ain't never learn that you crawl before walk
My four-pound layin' you down like Black Hawk
The gat's smart, intelligent born vicious
Military thug who follow Allah wishes
That's why I don't eat pork, it cause sickness
And that's why literal cats is like bitches
And y'all be more hard pressed to stop me
And fiends dummin' out on the block, it's rock free
So fuck peace, cousin bring me to war
So I can have blood on my hands with C-4
I need more, need weed and need cash

Or I'mma shoot three at ya team like Steve Nash
You bleed fast, 'cuz that's jus how it go down
That's how Vinnie Pazienza always holdin the crown
I'm holdin' it down, with five nickel nine biscuits
I live my life for Allah, defy Christmas
But y'all always in Jedi Mind business
Now your body parts are buried in five ditches
(It's fuckin' Vinnie Paz baby)

Heyo, what's really good? (We over)
'Cuz I got it on lock (In my hood)
We hustle what we could (In yo' block)
You niggas ain't stop (In my block)

Heyo, what's really good? (We over)
'Cuz I got it on lock (In my hood)
We hustle what we could (In yo' block)
You niggas ain't stop (In my block)

Jedi Mind Tricks Lyrics

"The Heart Of Darkness (Interlude)"

Inifinite...no you don't fuck around with the inifinite
There's no way you do that
A painted hill has two sides, the kind you can touch with your hand
The kind you can feel in your heart
Your soul, the spiritual side
And you know, the worst of the two...is the spiritual

[Jus Allah:]
I'm leaf-twistin, but still kill your whole belief system
I speak wisdom, translated to street diction
A past victim of the government for grapple
Now I slash you, I'm the slave wit snapped shackles
After cash rules, a-alikes move wit me
We murdered the fakes involved in the three-sixty
Eighty-five face the truth, you're too dumb
You burn and failed attempts reachin the sun
I grab you and squeeze until your pores bleed
Manipulate the earth that you formerly believed
Even after you're buried underneath the soil
Send a message to hell, nobody grieve for you
Your physical mass is converted into ash
Allah's wrath is engraphed on your epitab
Spend eternity wit the underground forces
Your screams echo in deaf ears of the remorseless

You don't even wanna test
Uh-uh-oh, you wanna kill more, God bless

You don't even wanna test
Uh-uh-oh, you wanna kill more, God bless

[Ikon:]
The raw mangler, seven angles of Angular
Strangle the pagans who stayed in the pages of Diameter
Rhyme shatterer, with nine rhymes I'm hackin you
The author will scorch ya wit the torches of Joseph Mangler
Sended you to the squared circle to meet me
To beat me won't be easy, you'll face thesis of Meche
Blood'll apease me, raps are prehistorical
Cerebral of cathedral that leads you into the oracle
I'm horrible, I burn wit no time to react
Rewind DAT's so fine I pull spines out the back
In time I crack minds that's what the brain desire
Messiah pulls as Mariah into the rain of fire
Barb wire around pagans that read the Bible
Genocidal and liable to just cleave your spinal
Final hours, the forbidden fruit they fond as Iris
Study rappers, bringin wackness like Abolo scholars
First in line to try to battle me, I left him limbless
Tragic rappers just a fallacy, I left em skinless
Beginners, keep your distance because we might be vicious
You can find me wit Louis Logic drinkin pints of Guiness
You don't even wanna test
Uh-uh-oh, you wanna kill more, God bless

[J-Treds:]
Aiyyo when I rhyme
Fortunatley I possess a Jedi Mind
So the force is with me (When I rhyme)
Son it makes me spit a fresh one
So when Treds is done, even a athiest will say I blessed him
And when my jam bang, better cop that
Fuck all these players who can't hang, get a jockstrap
Cuz we drop bombs, better be scared
Cuz it's either hop on or be prepared for us to lock horns
We engage, when the pen sprays we wage war
And then you know what they say, when it rains it pours
So face us, cuz you can't change the laws of nature
We independent, it's competition callin us major
We major threats who deliver, so place your bets
We'll bring it minus the Moet, Rollies, and Avirex
We just spit shit too amazing, just shit
That when you face it you'll see it's a must-win situation
Ain't no second chance (anyway), not next to the champs
Because it's our freestyle that's gettin grants from the NEA
We well in doubt versus these rappers we tell about
(Cuz us and them) Difference between takin a L and a bow

You don't even wanna test
Uh-uh-oh, you wanna kill more, God bless

You don't even wanna test
Uh-uh-oh, you wanna kill more, God bless

Jedi Mind Tricks Lyrics

"Raw Is War 2003"

We heavenly divine, that's why we steadily shine
And put a steel mic through an enemy spine
My voice got power like if ten of me rhyme
And getting in my face mean it's weaponry time
Look at you studying my every rhyme
Banging this, listening to every line
Hit the rewind, Vinnie Paz will fight vicious
Y'all easier to fuck with than white bitches
We nice with this, y'all better stand still
Must've forgot the fact Vinnie Paz ill
I doubt y'all, Hologram the outlaw
Ya mothafuckas is never right like southpaws
That's why I doubt y'all, ya ain't raw
Wettin you wit a 45 caliber claw
You want to see the last kid I battled before?
Then check his fuckin brains where I splattered the wall

You forced to fight, when I'm scorching the mic
My source of life, holy like the corpse of Christ
Ya lost of life, and I'm the sorcerer, right
And Vinnie Paz rhyme have you lost in the light
What, y'all mothafuckers think you flossing tonight
Gimme that, matta fact toss me ya ice
But still, my clique is too ill
And y'all, ya more bitch than Dru Hill
But the true skill, that come through me
Is from bangin All Hell Freeze by Cool C
Y'all don't move me, ya'll at war with the veteran
With a digital trigger finger like the Letterman
The vendetta ram, I know where my heart's at
I'm the better man, so don't start that
When I bomb back, burn fucking leeches
Send you to hell, and see more shells than beaches
We elitists, we from Hamburger Hill
Science and math combined with supreme skill
The team ill, I send you to Hell fast
The cream build, you buried in Belfast

Jedi Mind Tricks Lyrics

"I Against I (Revisited)"

[Planetary:]
In my historical oracle, I blast metaphorical
Editorials educating in my territorial
Get torn, heavily armed with seventy bombs
That'll blast divine like the heavenly song
Your men'll be gone
If they explore my deepest thought
I beat hearts in two then ask demons for chalk
I'm dreaming to stalk emcees in the dark I walk
Blindfolded the mind's golden, watch how you talk
My style is a art, recognize lyrical purity
All hell breaks loose like a mall with no security
The dopest vocalist, with my third eye I focus with
I proceed, flow with the speed of a Indie motorist
There's more to this than wasted, shiny chains and bracelets
I hit tracks my tongue wait for the brains to blaze it
Amazing angelic, tell it to your people
("Your mic and my mic, come on yo, no equal")

Illadelph is like the sun cause we shine with rhymes
Underground is like the moon you only see us at times
At times with light skies when the stars recline
Jedi Mind, Outerspace, coincide and combine

Illadelph is like the sun cause we shine with rhymes
Underground is like the moon you only see us at times
At times with light skies when the stars recline
Jedi Mind, Outerspace, coincide and combine

[Crypt the Warchild:]
I'm a hellraiser, beautiful mind that smells hatred
Yell phrases, spit heat and melt faces
Excel gracious, rugged terrain on hell's pavement
Drinking from god's well until my chest cave in
Wes Craven, nightmare
Iron maiden
Keep the iron blazing in this dying nation
Ninja Gaiden, throw stars in constellations
Bars abominations out of satan's basement
From the land where football fans will beat the shit out you

Nuns get beat with hammers til they spit out jewels
Pits that walk astray and take a rip out you
Niggas spit clips and walk away cause they don't live by rules
And I'mma make my presence felt every inch I move
Box game is evident from all the clicks I bruise
Rhyme game is heaven sent, don't make me rip y'all fools
Or we can pass this mic around and watch your squad get chewed

Illadelph is like the sun cause we shine with rhymes
Underground is like the moon you only see us at times
At times with light skies when the stars recline
Jedi Mind, Outerspace, coincide and combine

Illadelph is like the sun cause we shine with rhymes
Underground is like the moon you only see us at times
At times with light skies when the stars recline
Jedi Mind, Outerspace, coincide and combine

[Vinnie Paz:]
Don't ever come to me with war
I've severed scores of orators
Rappers fall onto all fours like minotaurs
With Jedi Mind and the Planetary be bombing this
We staying one step above you like a pharmacist
With Ominous, detonate the bomb
Heads dread, hallucinogenics, and Vietnam
I spit a psalm, create bombs like an Iraqi
Swear on the bible and then lie to Ecclesiastes
(Assault and battery)
Battle me that'll be what splits you
Store enormous amounts of energy in a crystal
We boa constrict you, the gods are militant
You faggots couldn't go the length like you was impotent
You ignorant, your whole click is split in half
You step in Allah path, and face Allah wrath
What!

Illadelph is like the sun cause we shine with rhymes
Underground is like the moon you only see us at times
At times with light skies when the stars recline
Jedi Mind, Outerspace, coincide and combine

Illadelph is like the sun cause we shine with rhymes

At times with light skies when the stars recline
Jedi Mind, Outerspace, coincide and combine

Jedi Mind Tricks Lyrics

"The Age of Sacred Terror"

I make you bleed with knives
I was born with all-seeing eyes
I can snatch a rapper's heart before it even dies
The caveman still believe in lies
You don't want no blood or no beef like you was Vegan Reich
You like to sleep with guys
You a gay maggot
Listening to fucking B2K faggot
Go to raves faggot
Put a hole in your heart
Destroy everything that you know and you thought
Destroy everything in Babylon
You fucking fake rap, I hate rap cause you babble on
You fucking fags are gone, I'm a hate monger
That's reason why you talking to the jake longer
Put the snakes on you, let you die there
And who gave you the fucking impression that I care?
I can thrive here, but I choose to die
On a fucking steady diet of booze and lye!

I'm the type to take it there, buck shots and start wilin'
Toss up the challenge, fuck the profilin'

It's the age of the sacred terror
A communist revolutionary, Che Guevara
Take your cheddar, take everything that you care for
Murder everybody that's what they was there for
And therefore, you getting wet from the heat
Take the food from your plate, ain't letting you eat
Ain't letting you do nothing that I don't want you to
You a crumb and that's why I like to fuck with you
I don't care about anybody except me
Until my main man Mafia is set free
You waiting for the revolution to start
But you ain't on the frontlines taking two in the heart
Elusively smart, that's why I hide from the feds
Jason Voorhees style, 5 severed heads
5 corpses, 5 state troopers dead
Lickin shots in they face till the Ruger's red

I'm the type to take it there, buck shots and start wilin'
Toss up the challenge, fuck the profilin'

If you serve God for money, you serve the devil
Claim to been in war, never heard the metal
Yeah, never even been in combat
Never even felt the supreme love from a warm gat
I'm on another plane
You can stand in front of your fam
But I'm shootin right through your mother frame
I got knuckle game, but I don't use that
Fuck a fair one, where the two-twos at?
Where the nitrous oxide and balloons at?
Where my motherfucking Uncle Howie goons at?

This for everybody holding hammers
If you coming to our shows and you go bananas
And holding banners in support of Mumia Jamal
Run up on you fuckin pigs with the heaters n' all
I'm decieving the law, thats what I'm here for
The reason why I'm drinkin all the fucking beer for

I'm the type to take it there, buck shots and start wilin'
Toss up the challenge, fuck the profilin'

Jedi Mind Tricks Lyrics

"Scars of The Crucifix"

I finally understand what all this is
How it was all possible
Now I see
Good Lord, how we must look from out there
Our addiction is evil

My brain's on another level than yours
You could only comprehend half of what my memory stores
I only walk through the heavenly doors
And never tryna see the penitentiary walls
I walk barefoot on the equator
With the mental acumen of Bob Lazar
My frame can't be explored by y'all radar
My name can't be absorbed in God's quasar
So I ain't tryna stay around this Hell
Twelve thou from all the twelve tribes of Israel
They call me Ishmael, Lord of the Seas
I'll take your life quick, gone in a fucking breeze
You don't deserve to breathe, your brain thoughtless
While I remain in the same Spain fortress
But pain's gorgeous and love is torture
And anyone who tell you different is a martyr

It makes no difference what I do
Whether I draw blood or not
You cannot see God unless you are pure
Prove there's no evil and you can go
It's the violence of my will against theirs

I'm from the pits of hell escaping from an Egyptian cell
I dedicate this to the saints that's doing bids in jail
You fucking kids are frail and we the purest form
And the biology of magic is a gorgeous psalm
My deepest thoughts are strong and I'm unbreakable
You wouldn't overstand, you're humanly incapable
My appetite for blood is gruesomely insatiable
And I'm a righteous thug that's brutally defacing you
And you don't want no war, it ain't a game, daddy
I spit a bunch of slugs into your fucking frame, daddy
You just a fucking crumb, my clique is hustling jums
I spit a rap at you to liquify your guts and lungs
But the Devil made me do that
Fighting for the rights of Islam armed with two gats
But y'all knew that, we was coming for blood
And your body, the perfect specimen to put in the mud

You are only a vessel for our God
What are you afraid of?
Eventually everyone does the same
We're not evil because of the evil we do
We do evil because we are evil

I civilize the savages while you support gay marriages
Evil demons and the Jesus of Nazareth

I keep my blade more sharper than the cactus's
I keep grenades in my parka for the pacifists
And you can't lie to God, cousin
You can't lie to the great Master Fard, cousin
It's a facade, cousin, they wanna lie to you
They wanna tell you that the government's reliable
They wanna tell you that Islam is dangerous
When everybody know the Christians are the blame for this
Cause it's the truth, deal with it
But you complain every time I'm real with it
I'm 'bout to kill critics and then take 'em to war
And teach 'em how to put they love and they faith in Allah
Or I'm breaking their jaw or I'll take 'em to burn
Cause that's the only fucking way that the pagans will learn

Essence is revealed through praxis
Because you are not ready to receive it
It's not like we have any option
There is no history, everything we are is eternally within us
We're not sinners because we sin, we sin because we are sinners

Bleeding trees waiting for judgement day
Where we can all hang ourselves from our own branches
It's not that easy

Jedi Mind Tricks Lyrics

"Saviourself"

(feat. Killah Priest)

[Vinnie Paz:]
I built with Alexander the Great, he told the Persians they should stay gone
Then he told me about the Oracle of Ammon
He gave me no clue where it is
Men feared time yet time feared the pyramids
He gave me more jewels
He told me that Amenhotep was immortal
I can't overstand hieroglyph
So I called Killah Priest and he taught me how to follow it
I walked through the Valley of the Kings
With a white robe, white rose and Muwali rings
And your whole team Judas
My road thin, gold skin like Zeus'
I speak the dialog of the dead
I practiced the same war tactics in King Arthur's head
So let the swordsmen kill the beast
It's a Legacy of Blood with Vinnie Paz and Killah Priest

"The Sun Won't Come Out, unless the crowd start this
'Cause if it was my choice, you all dance in darkness"
"Elements burst and gave birth to the worst
Took the pen from the nurse and hold the mic up first"
"Put your rhymes, the rhymes, put your rhymes on the altar
Burn them as a sacrifice"

[Killah Priest:]
I paint flows with the feathers from the wings of angels
Red ink from saint blood, nigga you ain't thug
Stare into the face of a king's mug, crushed grape fill the wine jug
Ill thoughts build from the mind of rhyme, rose off the tongue like fine rugs
Let me walk you through this for the clueless

I'm Shakespearean with gray earrings
Speak like Tiberius, write novels
Spit it like Aristotle, face half Pharaoh
And half owl, I took the path of Cairo
Came back with the Dead Sea Gospel
Now known as the Dead Street Apostle
We see them Feds, shoot them hollows
Bullets spread till they meet Diablo
Stars in alignment, Priest meet with Jedi Mind Tricks
Reach them climates where you can't breath
Stay high off that dead weed
In the mind is where I plant seeds to grow fruit
Of king's so brute of army troops, mighty men in celestial suits
You need healing, my mic give you incredible boost
Where I use satellite dish and stare at my alphabetical soup
Plus I use the Big Dipper to take more than one scoop
It's Priesthood

"Straight up, we serve justice
So if they can't be trusted, may you return where the dust is"
"Put your rhymes on the alter

Burn them as a sacrifice"
"Elements burst and gave birth to the worst
Get the pen from the nurse and hook the mic up first"
"Put your rhymes on the altar
Burn them as a sacrifice"

[Vinnie Paz:]
I studied Element 115 with the Elohim
Saw the Canaanites, Sumerians and the Philistines
This is street gospel
If you don't believe in life on Mars, that mean the beast got you
You don't wanna see me and Killah Priest hostile
You don't wanna see desert eag' heat pop you
This is Mothman Prophecy
Walk back to the sand of Iraq and let the prophet breathe
We turned all our water into toxic seas
And walk in war with armor that I copped in Greece
Then I shot the beast with a long arrow
Studied Imhotep to be a strong Pharaoh

It's a war when the gods spit
It's Allah when I split the icebergs in the Arctic
I don't care what the cause is
And I'ma ride for my fam no matter what the cost is

Yeah, Vinnie Paz, Killah Priest, yeah
Priesthood, Maccabees, yeah, Army of the Pharaohs
Aight? Yeah

Jedi Mind Tricks Lyrics

"On The Eve Of War (Julio César Chávez Mix)"

[Vinnie Paz:]
Yeah... Vinnie Paz, baby
Yeah... yeah... yeah
This is raw, all across the board, Liquid Sword Chamber

If it's coming from my jaw, then it's pure anger
Heavy metal rap, with a four four banger
We can settle that, let the mic cord hang ya
I play homage to the best of them, like Christopher Wallace

And bring drama to the rest of 'em, with biscuits from coppers
I'm with Allah justice, and we raw gritty
Picture hell, Illadel' to New York City
I brought a four with me, we can capture the ring

And now we more merciless than the Statue of Ming
And y'all more purposeless than a pacifist king
You gon' die, like a brawl with a gat in the Bing
It's a passionate thing, the way we make classics
Genuine brilliance or innate madness
Yeah, we all spin on the same axis
And this chrome thing here, leave your frame backless
The police always try'na aim flame at us
So I don't mind when the pig brain splatters
I don't mind, that we all gon' die soon
I return to the silence of God's tomb

[GZA:]
There's no escapin', once my blade starts scrapin'
My sword, indeed, make more niggas bleed
Wannabe MC's is shakin'
So swift, naked eye couldn't record the speed
There's no escapin', once my blade starts scrapin'
My sword, indeed, make more niggas bleed
Wannabe MC's is shakin'
So swift, naked eye couldn't record the speed

I don't believe what I'm seeing, I don't believe it
Ladies and gentlemen, at this time
We ask you to please rise (you'll never quit
No one will ever get it, there's no thing quit)

Imagine a rhyme in it's prime, from off the baselines
Skyscraper verticals, support the hang time
Evidence that was left at the scene of the crime
Trace back to a few, from out a group of nine
Who performed well, regardless to the price of the tickets

Off or onstage, whatever, still kick it
With the footwork, of Freddie Adu, it's all new
Now the rap commissioners, they wanna clone my shoe
But the road's narrow, and it's difficult to climb
With the heat, the wind and the fallen rocks combined
It's hard to stay in line, the course is an obstacle

Within each chamber, the force is unstoppable
Lyrical swordsman, blades sharp, I cut out your heart
M.C.'s want no part, in any type of conflict
Because then I respond quick, it gets thick
The problem goes beyond sick

There's no escapin', once my blade starts scrapin'
My sword, indeed, make more niggas bleed
Wannabe MC's is shakin'
So swift, naked eye couldn't record the speed
There's no escapin', once my blade starts scrapin'
My sword, indeed, make more niggas bleed
Wannabe MC's is shakin'
So swift, naked eye couldn't record the speed

There's no escapin', once my blade starts scrapin'
My sword, indeed, make more niggas bleed
Wannabe MC's is shakin'
So swift, naked eye couldn't record the speed
There's no escapin', once my blade starts scrapin'
My sword, indeed, make more niggas bleed
Wannabe MC's is shakin'
So swift, naked eye couldn't record the speed

[Vinnie Paz:]
(Wearin' red trunks with silver trim, fightin' outta Philadelphia, Pennsylvania)
This is how we do (His game is tight, and there's nothing to do)
Pazmanian Devil, Frank Vinatra, Jedi Mind, Wu-Tang
What's the deal, baby? GZA/Genius, Stoupe on the track, yeah
My man Stoupe on the boards

Those who dare oppose us shall stand knee deep in the blood of their children
Is that he who follows the pleasure of Allah
Like him who has made himself deserving of displeasure from Allah
And his abode in Hell, and it is an evil destination...)

Jedi Mind Tricks Lyrics

"The Darkest Throne (Interlude)"

[Boy:]
"Bless me Father for I have sinned

[Father:]
That's the one
Do you realize what you've said?
It was only once father
Do you know what the fifth is?
The fifth is that if you don't say anything its not incriminating
The fifth commandment!
Thou shalt not kill
That's right, now I want you to tell me what happened
No father, I'm not telling nobody nothing
Don't be afraid my son, nobody's more powerful than god
I don't know about that father, your guys bigger than my guy up there
My guys bigger that your guy down here
You got a point, five our fathers and five "Hail marys" for penance

Jedi Mind Tricks Lyrics

"The Worst"

Don't be scared, be prepared for the worst
Before I let a whole round of shots burst
You the opening act so rock first
Trust me, multiple shots from Glocks hurt
And I think there's been enough said
Cause your body's gonna leak like a mothafuckin dust-head
Burner love to see the blood red
And you pussy-clout rappers can't sleep until a thug's dead
But I don't plan to die
Until it's my time
So just keep playa hating from the sidelines
It's divine rhyme
Jedi Mind time
It's rap cyanide
Study the guidelines
Yeah on my last few twelve inches
Walk around with a long knife-twelve inches
That's real sharp for cutting ya skin
Tie you up make you watch while I'm fuckin' ya kin

Don't get scared, just be prepared for the worst
Don't get scared, just be prepared for the worst
Don't get scared, just be prepared for the worst
Don't get scared, just be prepared for the worst

Yeah
I have an iron force
Robbin' you on the iron horse
I'm a lion that's relyin' on the Mayan's thoughts
I'm spittin' iron darts
Until there's more dead
Then I'm seeing triple sixes on your forehead
I don't wanna die anymore
I don't wanna cry anymore
Wanna lie anymore
I just want y'all to be dead
I just wanna get rid of all these sick thoughts in my head
I stay ready on the frontline
("Anybody wants mine, that's when it's lunchtime")
And I'm a threat to the whole land
Men fear God
But God fear no man
That's the mothafuckin program
I could feel snakes just from handshakes from a cold hand
Time waits for no man
And that's word bond
Throw 'em in a ditch
Bury 'em the herb gone

Don't get scared, just be prepared for the worst
Don't get scared, just be prepared for the worst
Don't get scared, just be prepared for the worst
Don't get scared, just be prepared for the worst

This is war rap similar to Jacob's ladder
Walk around like Thor with a sacred hammer
Yeah you don't really want the guns out
We some vampire mo'fuckas
Burn when the sun's out
Y'all are traveling the bum route
Talking 'bout whips, standing on the strip with your thumbs out
But that ain't me
I don't care about a whip
Y'all are fake money just another counterfeit
While y'all are on the block thinkin bout your pipe dreams
I'm Slick Rick style thinkin how my ice gleams
Thinkin how I'm gonna make this money
Take a visit to the Bing and embrace my dunny
I guess this is just a part of God's plan
Beware of the beast undercover in the marked van
If you a smart man
Use your voice to sing
Cause that's the only fucking way to avoid the bing

Don't get scared, just be prepared for the worst
Don't get scared, just be prepared for the worst
Don't get scared, just be prepared for the worst
Don't get scared, just be prepared for the worst

Jedi Mind Tricks Lyrics

"Verses Of The Bleeding"

(feat. Des Devious)

[Vinnie Paz:]
Allahu Akbar, everybody just be calm
That's the word passed down from the imam
It came from the Qur'an, it can't be wrong
It's only measured in time of God's eons
So I suggest you follow Allah way
Or turn into a bitch inside the jungle's the raw way
That's what the law say, you ain't ready for that
You better bring a bulletproof and machete for that
And nobody want to be there
They stick you with dirty motherfuckers up in the tear
Now it's back to the topic at hand, I'm rocking your fam
And fight against the army with a rock in my hand
A Glock in my hand, divide your body into two parts
Exchange entire theories of God by spitting two darts
But I just want people to build
And did imam Al Husayn know that he would be killed?

[Vinnie Paz, Des Devious:]
We coming for blood, in the name of Allah
We coming for blood, and we ain't playing with y'all
We coming for blood, we destroy and rebuild
We coming for blood, if you ain't loyal, you killed

We coming for blood, in the name of Allah
We coming for blood, and we ain't playing with y'all
We coming for blood, we destroy and rebuild
We coming for blood, if you ain't loyal, you killed

[Des Devious:]
I got a vice grip on the mic spitting my shit
My balls and arrogance alone be the cause of these hits
Easily split your wig with the flick of a wrist
Send a block, your body dragging you into the abyss
But that's some sick shit I only do when I trip
Or when I'm tailing motherfuckers running they lip
That's when I start the procedure of body beating you to a seizure
Your crew is standing there staring looking like non-believers
I felt 'em standing and staring, that's when I pulled the heater
My ratchet cooking these faggots, I make 'em all see the
Fact of the matter is, if you don't back down
This ain't no slap down, you getting clapped clown
So don't be running 'round, talking all this and that
That's female shit, type of shit that get you trapped
Into a dark corner, rope pulling on ya
Tried to escape, head shots left your ass a goner

[Vinnie Paz, Des Devious:]
We coming for blood, in the name of Allah
We coming for blood, and we ain't playing with y'all
We coming for blood, we destroy and rebuild
We coming for blood, if you ain't loyal, you killed

We coming for blood, in the name of Allah
We coming for blood, and we ain't playing with y'all
We coming for blood, we destroy and rebuild
We coming for blood, if you ain't loyal, you killed

[Vinnie Paz:]
I'm ready to blackout, crippler cross-face tap-out
Coming through the fucking door with the gats out
Let the blood rain down and drip on your skin
Let the slug hit your crown and rip from your limbs
I'm the illest fucking rapper alive
Give me sixteen shots, I can crack you in five
I have to survive, have to get my money and shine
Have to get everything that I used to promise my mom
I got to do it for everyone that I promised something
For everyone who thought I wouldn't be alive or something
Come on money, that's some cold shit, wishing me dead
So I'm beating they mid-section till they pissing in red

Jedi Mind Tricks Lyrics

"Beyond The Gates Of Pain"

(feat. Sean Price)

Yeah, let's do it right this time
Jedi Mind tricks, Sean P
Straight up! Let's go!
Yeah! (haha)

[Sean Price:]
Yes, just confess, the best is I
Leave you, stretched from the sket, in Bedford-Stuy
Would've let you jet but I bet if I
Did that like a rat – you testify?
Niggas like what's the matter with Sean?
I'm like "Nothing, just thinkin' of a verse that can shatter the song"
Foreign bitches know the stamina strong
20 G's for the pictures, stay in the country, so I married the mob
Sean's thirty-two, but the gauge is 12
In the fifth for these funny niggas; Dave Chappelle
When Run-DMC was fuckin' Raising Hell
I was on the run from d's, these raised in hell
Kinda broke, couldn't raise the bell
Called my man, he broke two fuckin' arms, sold the gauge for bail
Beat the case, got my big gauge back as well
With rap, you can sing such amazing tales, nigga
Ya'll niggas bust my web
Heat pop, niggas cut ya dreads, cuz ya'll scared
Rockin' and rollin', guns and roses
Pockets is swollen, son is holding
Sean P, I'm the master of ceremony
That's blastin' at every phony ass rapper that ever know me
Niggas act like they ready for war
Get slapped with the tool, wake up bitch, get ready for school, one

[Vinnie Paz:]
We in this game for the money and the long life
Whether we battle with the gats or it's all mics
We can rumble with the bats or the long pipes
Vinnie Paz, it's a wrap, with Sean Price

We in this game for the money and the long life
Whether we battle with the gats or it's all mics
We can rumble with the bats or the long pipes
Vinnie Paz, it's a wrap, with Sean Price

I'm more powerful than Gargamel, guard ya grill
And you'll be starved and killed
It's hard to build, when God reveal
That you eat lard for meals
So as the saga builds, we need raw shit
We need EPMD to drop more shit
The hardcore shit, bang out, bust a gat
The '84 shit, hang out, hustle crack
We build and we destroy until the sun drop
Until we hear the sounds of the last gun shot
But I'mma ride until the wheels fall off

Til the high in these last few pills wear off
You failed with frost, pussy rap, filled and crossed
Sellin' bags of that raw shit filled with salt
I kill ya thoughts, with a nine MA eagle
Make me sick to my stomach, like ya'll gay people
I'mma slay evil, that's what Allah likes
Vinnie Paz, Jedi Mind Tricks, Sean Price

We in this game for the money and the long life
Whether we battle with the gats or it's all mics
We can rumble with the bats or the long pipes
Vinnie Paz, it's a wrap, with Sean Price

We in this game for the money and the long life
Whether we battle with the gats or it's all mics
We can rumble with the bats or the long pipes
Vinnie Paz, it's a wrap, with Sean Price

Jedi Mind Tricks Lyrics

"And So It Burns"

You funny style to me, it's war when the beat drop
Just another motherfucker gon' see Pac
You the type that'll run when the heat pop
The type that'll hide a gun when he see cops
But not me, I'll aim a .38 at the crown
Show up the next day at the wake and frown
Yeah, and then I'll laugh at the widow
And my man Stoupe blast through the window
Foul when I was young but I survived karma
Drop bombs like a B-25 on ya
Yeah, it's Vietnam in the trenches
Just keep my seat warm on the benches
I run with wild Puerto Ricans that hit L's
And study classical verses by Big L
We came up in the game at the same time
And beat a hundred fifty rappers with the same rhyme

When touch a microphone I usually rock it
Those that don't like it, then you're psychotic
It's on 'til the death, 'til we settle the score
Bust off, we bust back strapped ready for war, what
Been down for years rockin ten for ten *[?]* take your whole damn clan?

I'm a mothafuckin baboon
Hit you with thirty-seven stab wounds
Bury your body deep in earth inside a black tomb
You scared of the rain, you fair-weather
I'm hardcore like Paul Bearer in sheer terror
I'll be ready for war with suede Timbs on
Y'all ain't ready to brawl until Vin's gone
Won't stop till you dead in Hell
Vinnie Paz, mega-child daddy, Ed Rendell
Was bred to fail, yeah, because the beast in all us
I was rocking Diadoras while you was eating porridge
I was listening to the Hilltop Hustlers
While you was ducking from sounds of popped mufflers
You was playing little games with your fathers
I was robbing motherfuckers for they Starters
You a novice and I'm a old vet
And I was there when the heavens and the globe met

When I touch a microphone I usually rock it
Those that don't like it, then you're psychotic
It's on 'til the death 'til we settle the score
Bust off, we bust back strapped ready for war, what
Been down for years rockin ten for ten *[?]* take your whole damn clan?

We ain't safe if the bomb exists
So I side with the Vietnamese Communists
If you with me motherfucker raise your arm and fist
And we can bust a fucking cap and see if God exists
I scarred your wrist, with a poisonous rusty razor
If it's Jedi Mind Tricks then it must be flavour
And it ain't safe no more

Ain't safe in the motherfucking place no more
Get laced in your upper body, face and jaw
You the type of faggot we ain't got the patience for
We break the law, while we pay our respect to Allah
But if it's beef then we be spraying your neck with a four
I love to hear the sound of a corpse drop
So protect your fucking neck like a cough drop
I'm licking four shots from different latitudes
So keep it moving like a bitch that got an attitude

Jedi Mind Tricks Lyrics

"Me Ne Shalto"

Yeah, Jedi Mind baby
Check it out, yeah, aight, yeah

Junkyard Dog, real dirty and mean
Take your face off cousin, I'm a surgery fiend
The type of cat that would rather just be heard than be seen
Hold a gat, at the end of it's a burgundy beam
We serving the fiends, with a dose of the uncut
And when there's beef with the heat, then who want what?
You just waiting for the bombs to rain
Put your body in a hole like Saddam Hussein
So guard your frame when the .45 shells drop
Cause it's dark and it's hot like in Hell, Ahk
Vinnie Paz on some other shit
I like my gat chrome, backbone and a rubber grip
Licking shots at the government
With a knife out at the White House right in front of it
That's who you fucking with, I'm a sick monster
Slam dance in the motherfucking pit monster

Y'all motherfuckers don't overstand skill

Listen, I ain't gon' play no more
Beat a faggot till he ain't fucking gay no more
We gon' stay making hits, this is infinite
This is Vinnie Paz world, you just live in it
You just living in my world of doom
Until Jedi Mind decide to build your tomb
I build with goons, build with brother that's hustling leak
And there ain't nobody that's rawer than us on the beat
Ain't nobody rawer than Paz-Man
Cause I can drop a motherfucking bomb on you like The Gap Band
We coming strapped man, it's a war cousin
Hit you with the Ric Flair figure four cousin
Barry Windham right hand to your jaw cousin
Road Warriors, Animal and Hawk cousin
Take a walk, cousin, cause I'm done with you
Or you'll be looking down the barrel of a gun or two

I'm coming for your head
Like something from the Dawn of the Dead
Vito Corleone style, horse on a bed
Thoughts on a bed from a hollow tip
Chop off your fucking tongue, make you swallow it
You the type that got Amadou Diallo hit
The type to admit you faggot and be proud of it
Turn it down a bit, I can't think daddy
I think I need another motherfucking drink daddy
I think I'll hit the fucking bar with King Syze
Who's these motherfuckers dressing in pink guys?
You a retard, claim to be street smart
But you the first one to run when the beef start
You fucking sweetheart, you're in the wrong game
Beat your head till you dead with a long chain

Jedi Mind Tricks gon' have a long reign
And the opposite of pleasure is all pain

Jedi Mind Tricks Lyrics

"On The Eve Of War (Meldrick Taylor Mix)"

[Vinnie Paz:]
This is raw, all across the board, Liquid Sword Chamber
If it's coming from my jaw, then it's pure anger
Heavy metal rap, with a 44 banger
We can settle that, let the mic cord hang ya
I pay homage to the best of them, like Christopher Wallace
And bring drama to the rest of 'em, with biscuits from coppers
I'm with the Lord-Justice, and we raw gritty
Pits of hell, Illadel' to New York City
I brought a four with me, we can capture the ring
And now we more merciless than a Statue of Ming
And ya'll are more purposeless than a pacifist king
You gonna die, like a brawl with a gat in the Bing
It's a passionate thing, the way we make classics
Genuine brilliance or innate madness
Yeah, we all spin on the same axis
And this chrome thing here leave your frame backless
The police always trying to aim flame at us
So I don't mind when a pig brain splatters
I don't mind that we all gonna die soon
I return to the silence of God's tomb
Yeaaaah

[GZA:]
There is no escaping once my blade start scraping
My sword indeed make more niggas bleed
Wanabe MC's is shaken
So swift naked eye couldn't record the speed

There is no escaping once my blade start scraping
My sword indeed make more niggas bleed
Wanabe MC's is shaken
So swift naked eye couldn't record the speed

Imagine a rhyme in it's prime, from off the baseline
Skyscraper vertical, support the hang time
Evidence that was left at the scene of the crime, traced back to a few from outta group of nine
Who perform well regardless to the price of the tickets
Off or on stage, whatever
Still kick it, with the footwork of Freddy Adu
It's all new, now the rap commissioners they wanna clone my shoe
With the rose now, and its difficult to climb
With the heat and wind and fallin' rocks combined
It's hard to stay aligned the course is an obstacle
Within each chamber the force it unstoppable
Lyrical swordsman blade sharp, I'll cut out your heart
MC's want no part of any type of conflict
Because when I respond quick, it gets thick
The problem goes beyond sick

There is no escaping once my blade start scraping
My sword indeed make more niggas bleed
Wanabe MC's is shaken
So swift naked eye couldn't record the speed

There is no escaping once my blade start scraping
My sword indeed make more niggas bleed
Wanabe MC's is shaken
So swift naked eye couldn't record the speed

Jedi Mind Tricks Lyrics

"The Philosophy of Horror"

I was Albert Eiensteins mind, I was Italy's fine wine
I was working with God when he defined time
I was there when the guns first let off
There when they cut King Charles' head off
There when the CIA bottled the crack
And the tradgedy and triumph of Geronimo Pratt
Punch a faggot till his nose bleed heavy
Dead 'em all, then I escape in green Chevy
I merk your wisdom, spit a dart at you to hurt your vision
Put you in the worst position in a Turkish prison
Yeah, and my intention is to waste y'all
And cover your body with stitches like a baseball
I fucking lace y'all with the word of the sword
And leaving you bleeding in a ditch while you serving the lord
You deserve to be mauled by an army of bees
Just another faggot dead in his army fatigues

Fuck ya crucifix, your religion and its uselessness
Your propaganda is more wickeder than Lucifer's
Islamic scientists predicted the computer chips
I spit a rap at you to rock you like Medusa's lips
You fucking goons are sick, and y'all can see that
And y'all are my sons like Ebrahim and Eshak
So lets take a walk through the tivest town
I'm the divine science of the light and the sound
I'm the sublime giant with the right to the crown
I'm the divine tyrant and I'm striking you down
So I teach my kin to attack the beast
For trying to hide me from the 4th book of Maccabees
You wack MC's catch a hook to the head
Cause y'all don't know about the Tibetan book of the dead
You don't know about anything that's important
About the Dead Sea scrolls found in Jordan
About the way that you conduct yourself in Satan's wrath
But I don't fuck with you, you walking down the pagan's path

I'm a swordsmen, the apocalypse horsemen
What makes me smile is another's misfortune
I like to see your body in flames scortchin'
I like to see a part of your brain auctioned
I like to see inside of your main organs
I like to see inside of your veins pourin'
I find beauty in another's pain
I find beauty in the spirit of God but I don't fuckin' change
I find serenity in torture
My thoughts are too pure for the human mind to author
It's called God consciousness
Its a level beyond the God's marred thoughtlessness
I stay ready for the combat
While the ignorant praying and they wondering where they God at
I stay ready for the combat
While the ignorant praying and they wondering where they God at

Jedi Mind Tricks Lyrics

"Before The Great Collapse"

To face what we are in the end
We stand before the light
And our true nature is revealed
Self-revelation is annihilation of self

Mummy, I don't wanna live no more
I don't think I got nothin' else to give no more
It's like I lost my passion for life
It's like all my actions are trife
I don't feel like I used to about the world
I don't feel like I used to about my girl
I just wanna die mummy cause it's too hard
I just wanna lie calmly and to view God
Ever since daddy died it's been pain mummy
It's like there's something wrong with my brain mummy
You was always there for me so I love you
I die for you and I place no one above you
Tell Lenny and the kids that you stay strong
And when I meet my maker that I'm gonna pray for'em
And tell P that I think he'll be a great father
Tell Young that I think he'll be a great author
Tell Planet that his wife and kids are gorgeous
And the same go for Andy and for Marcus
Tell Syze that I have faith in 'em
And never let the industry snakes get 'em

The entire world is a graveyard
(The ending of time)
We're the ones
(The ending of time)
Who let the dying know
(The ending of time)
The hour has come

I got a few things more I should say mummy
I never meant to hurt you in any way mummy
I never meant to hurt anyone, it's God's work
Cause wakin' up everyday for me is hard work
And tell June that she was the love of my life
And that I never stopped lovin' here even in spite
All the things that we went through together
Through the highs and lows and bad weather
Let Frank know he always made me smile
Tell him back in the days was crazy wild
Tell Stoupe that I always had his back, ma'
And we was meant to be together on a track, ma'
Tell Cheek I consider him a brother
When I die, the pain will spit into another
That's just how life goes ma, it's painful!
I'll come back to you in dreams as an angel
So don't blame yourself for what happened
Cause you was the best mother that I could fathom
So I'm going to the first place I can go
I love you, sincerely Vincenzo!

The ending of time
The entire world's a graveyard

Mommy just tell everyone I love them know
What I'm saying? Tell my man mike tell my magruff
Keep holding me down know what I mean?
Who let the dying know tell them to stay strong
Tell Devious to keep doing his thing mommy
The hour has come tell locke to keep his head up things
Gonna get better know what I'm saying?
Everything's going to be good for everybody it's just hard
Its just hard for me I know this may seem like its
The easy way out but its not the pain hurt
Tell everyone I love them and I always had their back
Yeah sincerely yours Vinnie Pazienza

Jedi Mind Tricks Lyrics

"The President's Wife"

(feat. Des Devious)

[Vinnie Paz:]
Kidnap the president's wife without a plan
Kidnap the president's wife without a plan
Y'all ever smell the stench of dead bodies?
Kidnap the president's wife without a plan
Kidnap the president's wife without a plan
Animal thugs who bust slugs in the lobby

[Vinnie Paz & Des Devious:]
Fuck George W. Bush and what he stand for
For sending my little cousin into the damn war
What the fuck we on somebody else's land for?
Murder innocent people for Uncle Sam's law
Everybody know it's all over oil
It's all for the greed and the money that ain't for you
It's all for the head of the state that ain't loyal
Off with the head of a snake, he ain't royal
He gave two-billion dollars to the Taliban
And young Americans dead before they had a fam
Look, I don't got beef with a war
I got beef with a war mistreating the poor
I got beef with everything that he do
I got beef with the lies misleading the youth
And I'm about to take the law in my own hands
And I'm about to aim a 4 at a grown man
North, south, we should ride up at night
Black masks, black tape, black gun to his wife
Should we terrorize the city like the Summer of Sam?
Or should we kidnap the president's wife without a plan?

Kidnap the president's wife without a plan
Kidnap the president's wife without a plan
Anybody move, shake, shiver, quiver, I buck

We at 1600 Pennsylvania Ave
And I'm about to run up in this motherfucker and blast
First things first, cousin, how we get in?
We could take the janitor for all they gear and they timbs
We could tell them that we trying to raise money for aids
And we could start the onslaught for all they criminal ways
Now that we in here, where the fuck the wife at?
Where my four pound? Where the fucking knife at?
My fault, it's right here with the spiked bat
We deading 'em raw, nobody can fight back
She probably in the bedroom scared to death
She heard gunshots and she knew what's next
Des, kick in the door
If the bitch make a move, dump a clip in the whore
She ain't moving, that bitch took a piss on the floor
And she ain't getting nothing else except a kick in the jaw
Tell her husband we need more money for poor folk
And to respect others like the book that Allah wrote
Nah nigga, I ain't with that deal

Put a bullet in her head and let him see how it feels

[Vinnie Paz:]
Kidnap the president's wife without a plan
Kidnap the president's wife without a plan
Y'all ever smell the stench of dead bodies?
Kidnap the president's wife without a plan
Kidnap the president's wife without a plan
Animal thugs who bust slugs in the lobby
Anybody move, shake, shiver, quiver, I buck

Jedi Mind Tricks Lyrics

"Intro (Violent By Design)"

Beware the beast man
For he is the devils pawn
Alone among gods primates
He kills for sport, or lust, or greed
Yay he will murder his brother to posses his brothers land
Let him not breed in great numbers
For he will make a desert of his home, and yours
Shun him, drive him back into his jungle lair
For he is the harbinger of death

Jedi Mind Tricks Lyrics

"Retaliation"

"I leave the blood spilling in the streets"

[Ikon the Verbal Hologram:]
Yo, its the fucking Hologram, Jedi Mind baby
Bangin' ya'll in the fucking face, know what I'm sayin'
With the God Jus Allah, my man Stoupe on the track
My motherfucking man Chico in this motherfucker
We about to take ya'll motherfuckers to war
Nah'm sayin', yo Jus Allah, blow this fucking mic apart, God

[Jus Allah:]
The metal inside the barrel passes
Through the frames in your glasses
Quick passage, leave your dome piece backless
Envision blackness, leave you hat-less, fucking cap-less
Marchin' niggas to the spot where the Earth's crack is
Hard to grasp like science and math is
The cavemen who don't practice and live backwards
We oxen, when streets is watchin'
Release shotguns, niggas got Dietz and Watson
Feel no love, no way you shield the slugs
The ill thugs, we box with steel gloves
Doubt my faith you can taste the slug case
Leaving niggas looking like dogs with the pug face
Even your girl can catch the capsule
I love pussy but never the bitch that it's attached to

[Ikon the Verbal Hologram:]
Why you wanna battle the kids with steel tongues?
Who rip up mics and drink Puerto-rock rum
85's face the truth; you're too dumb
If retaliation comes, yo, then fuck it: it just comes

[Ikon the Verbal Hologram:]
We itching to kill, that's why we spitting the real
Stick to the drill and maybe we'll be gripping a mill'
The clip will get spilled, dump them on a ditch or a hill
Because the motherfucker ain't left me shit in his will
And y'all is always sounding like a bitch when you spill
And we the rawest motherfucking clique in the field
So real motherfuckers better recognize real
Or ill motherfuckers gonna exercise skill
Y'all better chill when the Hologram build
Little motherfucker got hands that's like steel
Whoever approach me and what I feel
"Might find their legs being replaced by steel"
So y'all better yield or I'ma choke faggots

My hand held more razor blades than coke addicts
We like to quote fascists because we the meanest
And rip off your fingers with the pliers of Chaka Demus

[Ikon the Verbal Hologram:]
Why you wanna battle with kids with steel tongues?
Who rip up mics and drink Puerto-rock rum
85 face the truth; you're too dumb
If retaliation comes, yo, then fuck it: it just comes

Jedi Mind Tricks Lyrics

"Contra"

(feat. Killasha)

[Killa Sha:]
The invincible huh?
Yeah, y'all be seeing it
It is what it is indeed, Stoupie
Y'all be knowing huh?
Let 'em know

[Vinnie Paz:]
Hold the device tight, when it's time for a mic fight
You're a pagan trying to battle someone who's Christ-like
The precise knight that smash you with a white pike
Left you bleeding into the ocean under the night's light
Oh you hype right, well meet the soul-benders
Cop that or get shot at like goaltenders
You roll benches till playing fear was fair game
Y'all got fucked up like sex on an airplane
That's why we can't change, we just ill
We blow trees, sip Ole E's and spit real
The clip's filled with the wrath that Cain saw
Then I slash with a leather mask and chainsaw
That's why the brain's raw, that's why your veins pour
That's why you copped my shit nine times at the same store
That's why you entered the dragon and got slashed
And that's why the Hologram counting up cash
What!

Looking for rappers who wanna battle
Don't seem to understand that I'm just that bad
The underground rapper who be wrecking
Whatever ya want yo, whatever ya like

[Killa Sha:]
Holocaust rap, javelin toss, the Sha's the boss
I take what's yours, pour poison in your pores
I'm down for the cause my nigga, not because
My soul wasn't made to be lost, stop for the pause
I play forty-eight minutes hard, without the calls
Slicing elbows through ya jaw, need I say more?
Fascinated with four-fours and foul whores
Large gram cook-ups and the ill drug scores
My captivating verses, that'll open all doors
I soar like a condor ready for war, fuck the law!

Listen to the emptiness
Of the raindrops on the ground

Looking for rappers who wanna battle
Don't seem to understand that I'm just that bad
The underground rapper who be wrecking
Whatever ya want yo, whatever ya like

[Jus Allah:]
Ominous, leave your brain matter painted on your Stainmaster
Game of Death motherfucker, we draft ya, semi-autograph ya
Keeping L's lit, sending pellets through helmets
Shells hit, you and the fag you share a cell with
Taking niggas out their element, rhyme fighters
Divine writers, time travelers, Sliders
Pale niggas act jail lifers
True tale is that they nail-biters with the trails in they diapers
Shoes never walk nor land, explore land
I expose my scrolls and code it in Fortran
Bullets graze your wig kid, brushes with death
I let the iron clutch grip the bones in ya flesh
Playing on ya wrist like strings on a violin
Dying in a blood pool, wrestling Leviathan
Fucking with gods, Jedi Mind Tricks
Y'all suckers, like niggas born without dicks

Jedi Mind Tricks Lyrics

"Speech Cobras"

(feat. Mr. Lif)

[Dialogue from the film Pi:]
When I was a little kid, my mother told me not to stare into the sun. So once when I was six, I did. The doctors didn't know if my eyes would ever heal. I was terrified, alone in that darkness. Slowly, daylight crept in through the bandages, and I could see, but something else had changed inside of me

[Mr. Lif:]
I'm the fire bearer, holder of the sun
The earth and the universe combined as one
An everlasting energy taking all forms
Blue skies on sunny days, terrible storms
The one who tears down what you adorn
And curses the material things that you mourn
But look up in the sky because I am the dawn
And the light that empowers your flesh as you yawn
Strong, undeniably so, Lif better known as a society foe
The deity glow reach into my center
I bet you feel pleasure and pain as you enter
The tormentor, pleaser, embracer, squeezer
As your skeleton crush, your physical turns into gelatin, plus
Due to over stimuli, you liquify
I send you back to the earth soil to quench the turmoil
When the ground splits to swallow of corporations and cops
Give birth to rocks so we can have solid ground on which to walk
Stand strong and talk and write down theories in chalk on the side walk

The devil lurks and my heart irks for the hell
Look into the eyes of a nigga who fell
The devil lurks and my heart irks for the hell
Look into the eyes of the

[Jus Allah:]
My style orbits round nine planets of forces
Ominous metaphorics envision a devil corpses
Lion hoarder, mad scientist slash author
Present the type of horror that boils your holy water
Get warped with the knowledge that folds the holy father
Hard boys become toys inside the real saga
So why bother, my whole floor alliance is harder
So bring the drama, we all know that science is smarter
I set off crowds, style wild like a circus
I seek new souls when I walk past churches
Allah praise you, stay true to a devout purpose
Seeking out the wise wherever the God searches
Flows that I embark on leave your squadron shadow dodging
Lyrics assault men like slugs that fill harkness
No option, narrow odds

Fucking with gods is straight gambling with your tarot cards

The devil lurks and my heart irks for the hell
Look into the eyes of a nigga who fell
The devil lurks and my heart irks for the hell
Look into the eyes of the

[Ikon the Verbal Hologram:]
Open the gates of Midian for the fangs like the flesh
Three cyborgs who Bang like Ladesh
We hang the best, spit venom until your face burn
Yet the critics are parasitic like a tape worm
The hate burn, scathe the nerve of a Buddhist
Snake turn and fake yearns; the kiss of Judas
We take lives with knives steady abusing you
With the vicious intentions of denting your uvula
Bruising you with text of a Harvard class
Ikon will smash into shards of glass
To reform into a whirlwind of sand
Then reborn into the world Hologram
A solemn man with plans to entwine matter
Minds splatter from the grind of my divine hammer

The devil lurks and my heart irks for the hell
Look into the eyes of a nigga who fell
The devil lurks and my heart irks for the hell
Look into the eyes of the

[Dialogue from the film Pi:]
12:45, Restate my assumptions: 1. Mathematics is the language of nature. 2. Everything around us can be represented and understood through numbers. 3. If you graph the numbers of any system, patterns emerge. Therefore: There are patterns everywhere in nature

Jedi Mind Tricks Lyrics

"Breath Of God (Interlude)"

Quantum theory is a completely different picture of reality
What we think of as empty space is really filled with millions of particles moving in closed loops through space and time
These particles move in an infinite amount of space up to a single point

Jedi Mind Tricks Lyrics

"Death March"

(feat. Esoteric, Virtuoso)

[Undertaker:]
Tonight, I speak of prophecy
And what I will shall be done
The sacrifices are not over
The next sacrificial lamb will be led... to slaughter

[Virtuoso:]
I'm omnipotent. You claim to win battles so when the beat starts
I'll punch the tree bark and pass the chainsaw to a leaf's heart
Severian the Animal; I'm doing dirt like earthworms
I'm sick and original, boy; I gave birth to the first germs
I spit the acetate to make your lips evaporate
The Master Ape; bare hands will decapitate and bash your face
Pass the eighth sack of shake; twist it and blast my tape
Put Cambridge on the castle gate
Haven't come across a substance yet I couldn't lacerate
Virtuoso, the unidentified flying object
To make your space shuttle from NASA late
So while you crooks look for a hook I'm sayin' pass the bait
Telling 7L to scratch a plate
In a duel for respect I'll slap your face
Ask to make my specs and I'ma tackle ya
You're a neck and I'm Dracula
Have sex in the back of a black Lex or an Acura
Laugh with the, Jedi Mind Tricks
We rhyme sick and side bricks for dime chicks
I'll strangle you, use my same hands to give you the Heimlich
So you can live to face more punishment from my divine lips

[Jus Allah:]
Jus Allah prays on the minds of the young
Silencing the devil that speaks with forked tongue
Taste my blade's sharpness, rank you no class like Marxists
The heartless, rise out of darkness
I'm the last head you should ever try to fuck with
Be the next member in the cast of my snuff flick
Rough shit, don't even attempt sleeping
At war with the demons that live in infernal regions
Spawned from eternal semen, bred flesh predators
Wings of the arm on your heels like Pegasus
Grabbing your leg, so you live with the Heaven-less
Drop death's prejudice and follow me to Exodus

[Ikon the Hologram:]
We ravenous, exhume the tomb of Lazarus
You blasphemous, we bring war to pacifists

Tarantulas, burn flesh like a nine Glock
Your mind stops from nine of my divine shots
Pine box is fine for a killer to run
Swing from vines and ride like Atilla The Hun
Bring the gun, your tongue is what I'm slicing
We slap tracks and attack like M. Bison
Elohim, fuck the pagans – we mock them
And take turns to burn religious doctrines
Concoctions of pain hits from eight angles
Locked in the brain to lacerate angels

[Esoteric:]
Yo, I rip mics, stick lames
Wreck nights, spit flames
Lead pipes, split frames
Kid ain't shit changed
Act trife
I grab the mic and bag your wife
Sacrifice you twice
Motherfuck an after life
Decimate your paradise
Burn tracks like thermostats
My personal attacks snap back to murder cats
I might advise, you type of guys should revitalize
Your man power, I sabotage like fireflies
With a dope rhyme
Take control of your soul
Rap a potent flow over foes
Hope you don't catch a broken nose
Opponents go to shows
Now they know their roles, they're hoes that fold my clothes
I bark at these, mark emcees, park and freeze
My words part the seas
Kill beats like heart disease
Man, please
You could never fuck with the Eso-pterodactyl
My rap skills will thrash you
Motherfucker

[Undertaker:]
So until we meet again...accept the lord of darkness as your savior. Allow to the purity of evil to guide you

Jedi Mind Tricks Lyrics

"Words From Mr. Len Part One"

[Mr. Len:]
Ya, so this is like the third time I called and shit
And um, ya hope you got the call
So you don't call us back for 500 dollars, cause I don't have it
Yo, Mr Len, you know, doing my thing out here in New Jersey area
Checking out Jedi Mind Tricks
Do not want my money, do not request anything of value of mine
Um, for all the ladies, if you climb that ladder of success
Don't let the guys look under your dress
They'll think you're cute, they'll think you're fine
But nine months later that shit ain't mine
Yo, I'm out

Jedi Mind Tricks Lyrics

"I Against I"

(feat. Planet)

[Planetary:]
In my historical oracle, I blast metaphorical
Editorials educatin' in my territorial
Get torn, heavily armed with seventy bombs
That'll blast divine like the heavenly psalm
Your men'll be gone if they explore my deepest thought
I beat hearts in two, then ask demons for chalk
I'm dreamin' to stalk emcees in the dark
I walk blindfolded, the mind's golden, watch how you talk
My style is a art, recognize lyrical purity
All hell breaks loose like a mall with no security
The dopest vocalist, with my third eye I focus with
I proceed, flow with the speed of a Indie motorist
There's more to this than wasted shiny chains and bracelets
I hit tracks, my tongue waits for the brains to blaze it
Amazin' angelic, tell it to your people
("Your mic and my mic, come on, yo, no equal")

Illadelph is like the Sun, 'cause we shine with rhymes
The underground is like the Moon: you only see us at times
And at times with light skies when the stars recline
Jedi Mind, Outerspace, coincide and combine

[Jus Allah:]
Raw poems, bury your body in catacombs
Rip your soul from your limbs like brims from Jim Jones
In the Twilight Zone we disperse cowards
Vampires that stalk earth on reverse hours
Night calls, we target your facade
My latitude is God, darts out my jaws leave eternal scars
You're left breathin' out of tube straws by the marksmen
Harnessin' science for demolishin' the charlatan
Raps will make you parallax
My domain has power to block synapse inside veins
War shots fired off by the army type warlocks
Devil's plan is to have you drip in the Clorox
Beast deceivin' us, ways devious
Possessin' my peeps to walk streets
With stolen heat, like Prometheus
Elements rushin' you back to hell again
Illadelphians crush your skeleton to fuckin' gelatin

Illadelph is like the Sun, 'cause we shine with rhymes
The underground is like the Moon: you only see us at times
And at times with light skies when the stars recline
Jedi Mind, Outerspace, coincide and combine

[Vinnie Paz:]
Don't ever come to me with war
I've severed scores of orators
Rappers fall onto all fours like minotaurs
With Jedi Mind and the Planetary be bombin' this
We stand one step above you like a pharmacist
With Ominous, detonate the bomb
Heads dread hallucinogenics since Vietnam
I spit a psalm, create bombs like an Iraqi
Swear on the Bible and then lie to Ecclesiastes
(Assault and battery)
Battle me, that'll be what splits you
Store enormous amounts of energy in a crystal
We boa constrict you, the gods are militant
You faggots couldn't go the length like you was impotent
You ignorant, your whole clique is split in half
You step in Allah path, and face Allah wrath, what!

Illadelph is like the Sun, 'cause we shine with rhymes
The underground is like the Moon: you only see us at times
And at times with light skies when the stars recline
Jedi Mind, Outerspace, coincide and combine

Jedi Mind Tricks Lyrics

"Exertions Remix"

(feat. Bahamadia, Esoteric, Virtuoso)

[Ikon the Hologram:]
You gettin' split in fucking half by Ikon the Hologram's wrath
But I am the center inside the placenta of math
You clash with cyanide gas and die fast
Rhythmical equivalent of solids, liquids and gas
We smash your science, with the power of Lord Titus
But I am the virus inside of the iris of Cyrus
Upon papyrus, I kill snipers and biting vipers
And strangle you with the organs of rioters who try to fight us
Call me your highness and sip the blood from the phoenix
Who's guilty like the Jews in the crucifixion of Jesus
Murder the heathens and perish in a pit of cobras
Word is bond, my rhymes form into a swarm of locusts
Provoke us, and face the Zodiac killers
Five Samurai, do or die, fire spitters
Heavy hitters, from the lands of Sudan
Killadelph, Shambhala, Ikon the Hologram
What!?

[Virtuoso:]
All religions fear Miguel
My strikes are fatal, to your style
That's infantile like prenatal
Your mic's a child that's getting fucked by a wild pedophile
With bars pressed like guys spit violence, pectoral
So suck my genitals you punk bitch, I'm the general
Concocting verbs out of chemicals
And leave you bloody like menstrual
Cycles, my rap rifle blasts open any beat you throw
Virtuoso flows like an ocean through an archipelago

[Esoteric:]
At a glance, yo, my battle stance rattles camps like an avalanche
Crabs don't have a chance, you sycophants
Spend your cash advance grabbing a lance
To try to joust with the conqueror
Stompin the pawns that sponsor ya, onto the crucifix
I chew ya crew to bits like Mucelix or computer chips
Who can diss the pugilist?
Rappers tried, and now they calcified up in formaldehyde
Your valves canals divide
I scalp hides, my names italicized to chastise
Replicants in Nexus 6's excellence
Present tense malevolence, devastating regiments
Ever since, I supplied a diatribe of cyanide
You revised whom you idolize

I finalize death threats, you recollect the Esoteridactyl
Court is now in session, motherfucker, drop the gavel

[Bahamadia:]
Knowledge is self taught to be defining me spiritual
Animal senile, *[?]*
Like oracles at Delphi when they're spoken to
Mortals refer to me as Hatshepsut
For exposing the secrets of the sands while I'm blessing you
My presence here is principle like Kemetic philosophies
Of reparations and for payment of stolen legacy
So hail, homie
To Army of the Pharaoh
Like Ma'at I seek truth through the tarot
Choosing the teachings of 'Nezzar over that of the devil
And trading places with Sankofa to hear my ancestors echo
[?] commanding thoughts that *[?]* the facts
That led me to the holy near the temple of Karnak

Jedi Mind Tricks Lyrics

"The Prophecy (Interlude)"

It is mine
I remember the first war
It was just meant to be
I stood with my brothers and watched Lucifer fall
But now my brothers are not brothers and we have come here but we are mortal, to steal a dark soul not yet Lucifer's
It is mine
I have always obeyed
It was just meant to be

Jedi Mind Tricks Lyrics

"Heavenly Divine"

[Pope John Paul II:]
"Everything that I could say would fade into insignificance compared with what my heart feels, and your hearts feel, at this moment."

[Ikon the Verbal Hologram:]
Yea, yo, yo, yo, yo
Jedi Mind
Heavenly Divine
Steadily shine
Ikon the fuckin' Hologram
Yo, yo, yo, yo

Another sacrificial lamb, that died at the hands of Hologram
Send him into the dungeon and bludgeon his fuckin' clan
Holy lamb, Who spit the live shit
The do or die, Illadelph, Jedi Mind shit
The hot shit, live raps crack your jaw
Like who's the avenger, and who's at the center of war?
I left a scar, so your crabs would overstand
Mental will dent you and send you to a holy land
Lawnmower man, sharp blades slash your vitals
Recitals will fight you and entice you to burn bibles
Homicidal, A Hologram burn churches
Murders by stickin' a crucifix through your cervix
Divine purpose, for the Remy that's in my thermos
Greatest evils stick you with needles that's hypodermic
You heard the verdict, I'm with Allah 'cause he chose me
Broke into the Vatican, strangled the Pope with his rosary
What, what, what, what, what, what, what, what, what

Jedi Mind, Heavenly Divine
Steadily shine in '99 (what, what)
Jedi Mind, Heavenly Divine
Steadily shine in '99 (what, what)
Jedi Mind, Heavenly Divine
Steadily shine in '99 (what)
Jedi Mind, Heavenly Divine
Steadily shine in '99

[Jus Allah:]
MCs face terror wherever my sound's audible
Man from third world portals, battle mortals, and slaughter you
Seen inside the visions of beyond
The dwellings of the Om, Existing in Islamic pantheon
Flows drop degrees, all my clothes got the scent of trees
I lay back and blow sax like Kenny G
Power blast, wack on my path, devour fast

I leave you with the grain of sand in life's hourglass
Devise a spell, make demons rise out of hell
Grab you by your lapels and rob you of your outer shell
You feel the ill dire, messiah in hellfire
I launch writers, put your jaw in a gauze wire
Jedi swordsman, give rappers a foul fortune
With science to contortion your body into a coffin
Insane damage is done, you fuckin' with the army
We beat your skull into the shape of a wet bag of laundry
What, yeah, yeah

Jedi Mind, Heavenly Divine
Steadily shine in '99 (what, what)
Jedi Mind, Heavenly Divine
Steadily shine in '99 (what, what)
Jedi Mind, Heavenly Divine
Steadily shine in '99
Jedi Mind, Heavenly Divine
Steadily shine in '99

[Ikon the Verbal Hologram (Jus Allah) {Both}:]
Yo, the gods are rhymin', they're dramatizin'
(You feel the poetic blow of the titans)
We like a fuckin' bolt of lightnin'
(The three wise men), we at levels that defies men
(Watch out for fake heads deviled disguised men)
Arriving from the dawn and spawned with ill forms
(That'll leave you laying dead in the womb like stillborns)
The mass'll here it, (the ominous, the master spirit)
Can't understand the language of rappers with bad lyrics
(Ikon the python), rappers are left strangled
(I overlook the Earth 'cause I see it from sun's angle)
Above the clouds, (we sit high and we dazed)
(Write a page, on how you enslaved to worldly ways)
Islamic marksmen, seein' the squadron
Could be a fatal mistake
(Like the first sins of Adam in the Garden)
You feel sorrow, I'm projected as god Apollo
(Explore rhymes, you're left too confused to follow)
Invite your town to absorb the sniper rounds
(Illadelph, Shambhala, nigga)
{Stayin' underground}, What!
(Motherfuckers)

Jedi Mind, Heavenly Divine
Steadily shine in '99 (yo, yo)
Jedi Mind, Heavenly Divine
Steadily shine in '99 (what, what, what, what)
Jedi Mind, Heavenly Divine
Steadily shine in '99 (what!)
Jedi Mind, Heavenly Divine
Steadily shine in '99

Jedi Mind Tricks Lyrics

"Sacrifice"

You've watched so many people die now
You've watched so many people die now

[Antz sample:]
Sacrifice: to some, it is just a word. To others it is a code
What matters is the colony! He's willing to live for the colony!
To fight for the colony, to die for the colony!

[Vinnie Paz:]
Witness the art of combat
The center is where the bombs at
It's illegal for the feeble to see beyond that
Upon that, cyanide gases, sentinel dent through your ventricle with nine axes
Time lapses, we on with, brutal and terrible conflict bomb shit
You gone quick, on a mission to meet your savior
A pitchfork through your bitch-heart, Castlevania
Slayin ya, we blaze all men
And storm through Allah battlefield with suede Timbs
The ra-ven who made men eyeless
Blinds evil, like a needle through the eye of Osiris
My vibrance will span to Negril
With the violence of Hamburger Hill, to kill
What, what!

"To the depths I dive, I dive"

[Jus Allah:]
The grains of my fingerprints rub against mics like match flints
Burn slow like Dutch Masters hits
Enter trenches of arms, the Paragon spawn
Your body's carried and dropped like surrogate moms
Sad realities for those that battle me
Find enemy beats, awaken of the sacred force of alchemy
A jaded man, never follows Allah's plan
Rises for sacrifice like Isaac to Abraham
Expect wildness from Heaven's exiles
Coming outta my shells like metal projectiles
Connect soldiers by straight edges, you're left headless
Severed by the line then bisected your necklace
Dreadnaut leaving tread marks from lead shots
Silence your voice box, with infrared dots
Your optics, forced to watch raw torture
Therapeutic, combining your pores with iron straws

"To the depths I dive, I dive"

[Vinnie Paz:]

You know the fucking deal
The hunter has now become the hunted, motherfucker
Jedi Minds, severing your spine
What's the fucking deal, what's the fucking deal
You will be consumed by your own fire, motherfucker

[Antz sample:]
I know you will all do your duty
"To the depths I dive, I dive"
I am proud to send you into battle

Jedi Mind Tricks Lyrics

"The Deer Hunter"

(feat. Chief Kamachi)

[Chief Kamachi:]
Yeah yeah
Uh yo yo, yo yo yo, Jedi Mind yo yo
Yo, my words sojourn, spread em like a slow germ, infected
Disease is collected and quarantined from my method
The borderline where the animal and divine become separate
I'm Def Leppard, case of beautiful hell on a record
Compel the skeptic when Kamachi unveil the epic
It's needed and requested
Brought to you like Elijah in the message
A jury of ancestors was sequestered
To decide my fate, for conductors of viscous vespers
Candlelight death is extras
Is usually hollow point flesh presses
Until they skin caress stretchers
I'm the best to finesse textures
My rhyme fabric, is elaborate, scrolls kept in a gold cabinet
Open the book to the chapter of this old soul magic
Juju tongue to voodoo come, behold this untold havoc
Up north grab it, then I hit the south pole with a magnet
East and west avid, now my name on all four points of the square
It's firmly established, the language is lavish
First to rock Roshashannah's and African pajamas
Swear before I die to be there with the best of the rhymers
Music for different ears, hears in different spheres
Global ink like the mobile link, make sure the pitch is clear
K-A-M-A-C-H-I be the dopest in here

"Too much...I'm tired"
"In the company of those that fear..."
"In the company of ...fear"

[Ikon:]
Yo we smash mics, but y'all wanna build
But in the face of death, you can't kill
And that's real, we fear what we feel
But y'all mo'fuckers can't overstand skill
If y'all stalk me, we Buck like Milwaukee
But y'all, y'all just do a lot of talkin
And maybe that's why you fear what the devil does
Maybe that's the appeal of a metal slug
You ain't a ghetto thug, you an actress
That's unnatural, like love between faggots!

"In the company of ...fear"

[Jus Allah:]
I burn leaf with Ikon and the Chief nigga
This next bud is not for you
Watching you made me land a clenched hand to your nostril
Stopping you from giving the god cold stares
Beware, my flares put poets in rolling chairs
None are prepared when the holocaust begins
You'll have the roach smoked down to the sole of your Timbs
Now I'm, holding your gems, you're holding for dear life
Any motherfucker holding the heat can have ice
You're just like a bitch with no top on
At the Houston five, you lay down to get shot on
Double check, you're dead, plugged twice in your mug
I'm high off the weed, drunk off the cop's blood

"Too much...I'm tired"
"In the company of those that fear"
"In the company of....fear"

"Above all, there was fear
Fear of today, fear of tomorrow
Fear of our neighbors, and fear of ourself"

"We came from distant space and even what some might call
Another dimension...and we're about to return"

Jedi Mind Tricks Lyrics

"Blood Reign"

(feat. B.A. Barakus, Diamondback, Louis Logic)

[Ikon the Verbal Hologram:]
Yeah, Vinnie Paz baby
2 G baby, Army of the Pharaohs
All that good shit, yo, yo

The lawnmower man smashes through your skull with battle axes
We whip asses with Adjanti daggers
That slashes, crushing opposition like we was fascists
Stigmata and four gashes
We bashes the faggots who can't attack it right
Take their sternum and then turn them into my acolytes
That's the sight of blood that make a child stop
That's the rights of thugs that keep it wild hot
I hate you, say to pray to a heavenly father
It's fatal, like a NATO military armada
We hotter, warriors from Atlantis
Couldn't overstand how raw the Hologram is
The mantis who use the flame rod
'Cause y'all couldn't physically bruise the name God

[Diamondback:]
Yo, the technique detrimental to your immune
Leave you in the dust, let y'all niggas choke on fumes
It's the tight, nice, aerodynamic, gigantic
Shadow I cast is dominant, royal highness
North Philly's own homegrown champion
Purposely remaining unknown until shown
Cold as stone, the stage, my home away from home
I, prefer to leave these cloned niggas alone
Building a home for lost MCs gone wrong
Feel the pressure when my team come on strong, it's QD

[Stoupe:]
Never try to duplicate the skills executed
But can't the skill execute this right
Listen up y'all suckers to what I say
Breaking out an unstoppable
Never try to duplicate the skills executed
But can't the skill execute this right
Listen up y'all suckers to what I say
Breaking out an unstoppable

[Jus Allah:]
Megatron is fucking monstrous, hopping out of Lake Loch Ness
Every motherfucker in range is left topless
Roam the metropolis like shit's cop-less

Y'all cock-less, we stuff y'all in boxes
For stuffed pockets, yo my thugs is thick
Thug'll diss but then we gotta put a slug in your bitch
Splatter your dame, Pharaohs, we shatter your brain
'Til a nigga's salary change to lateral game
Like Calgary Flames, putting fire on ice
Put me in Hell for putting four nails in Christ

[Louis Logic:]
I'm like Billy Goat Gruff under the bridge at Governor Ridge
Waiting to knock heads off, I'm a mean son-of-a-bitch
With an itch to misbehave and wave a switchblade
In front of your face so close to leave your whiskers shaved
To disengage or rip the pages from your notepad
Then shove 'em up the hole between your lower back and gonads
The only way your rhymes would be the shit
You need to read a script on playing gay 'cause you cats could eat a dick
Serving Sucker MCs a fifth of the drunken styling
Ripping M-I-C's like a pub in Dublin, Ireland

[Stoupe:]
"Never try to duplicate the skills executed, son"
But can't the skill execute this right
Listen up y'all suckers to what I say
Breaking out an unstoppable

[B.A. Barakus:]
Aiyo, I got a fetish to see flesh rip
When my TEC spits, breaking your bone where y'all chest is
I dare a nigga to try and battle
I'll put the sweat in your palms when you swallowed your Adam's apple
Eat MCs like chupacabra was eating cattle
Defeat disease with palabras, frequently battle
I make the hardest man fall back and start to squeal
Haul a fifth to his face, taste the steel
This why I got pro deep and stay ruthless
You useless, fuck with us and leave toothless
We're often known as psycho-drama dispensers
Paralyze niggas then put 'em in trauma centers

Jedi Mind Tricks Lyrics

"Words From Mr. Len Part Two"

Check one, Check one, two
What the fuck
Yo, yo this Mr. fuckin Len nigga
Gonna shoot everybody I see
You know what I'm saying
Yo it's the crazy, crazy, gangsta, gangsta
Drunk ass N.W.O., W.W.F.
If ya smell what the Len is cooking Biatch!

Jedi Mind Tricks Lyrics

"Genghis Khan"

(feat. Tragedy Khadafi)

[Tragedy Khadafi:]
You about to witness a 2-5/Jedi Minds collabo
You know what I mean?
The God Jus Allah, you know?

[Jus Allah:]
Megatraum is a Martian, feeding off weed and cash
I dash from my ship in the Roswell crash
You smash when you bash with the clashing ox
Saw you in half without a fucking magical box
Wet pussy always seems to splash my cock
I'm dead, they just didn't leave the casket locked
Pass my block I let shots drill in your spleen
We ill marines with hand held killing machines
Steal dreams with the armored steel, guard your grill
Nigga, I was brought up by the Kents in Smallville
Following Allah's will, harboring the skill
Caught up in the real, don't give me cause to kill
Nocturnal, I stroll where the darkness goes
If I had to follow the moon across the globe
With the staff and white robe, I still hold metal
Disciples who walk on glass and rose petals

[Tragedy Khadafi & Ikon the Verbal Hologram:]
Yo, last rites, we fast to blast twice
Jedi Mind 252 we mad nice
We smash mics, and blast too precise
Fast 40 days and pray for 40 nights

[Ikon the Verbal Hologram:]
Yo, I'm savage, I write rhymes in pitch blackness
Any motherfucker that front, is left backless
Y'all motherfuckers just burn into ashes
Trying to step into the zone where Vinnie Paz is Black Sabbath
Put a slug in his grill
Because Jedi Mind, Two-Five thugging for real
You ever think there might be trouble then peel
Because a motherfucker like me dumping to kill
Y'all better pass the mic cause Vin's ill
Y'all learn the Facts Of Life from Kim Fields
I don't know how many kids my flow harmed
My gun control leaves y'all with no arms
Y'all ever smell the stench of dead bodies?
Left in the path of the Paz and Khadafi
5'9", tatted up, mad stocky
Animal thug who bust slugs in the lobby

[Tragedy Khadafi & Ikon the Verbal Hologram:]
Yo, last rites, we fast to blast twice
Jedi Mind 252 we mad nice
We smash mics, and blast too precise
Fast 40 days and pray for 40 nights

[Tragedy Khadafi:]
I hit the turnpike on dirtbike with 2 heaters
On my way to Philly to fight for Mumia
Only thug guerrillas will react to this
The laws try to destroy black activists
Half of y'all is performers and actresses
I keep at least a 100 grand in the mattresses
Shit so hot, soon as I write it I get indicted
I dare one y'all scared niggas to bite it
I done stood in hood lobbies getting my rocks off
With longjohns and 3 pairs of socks on
Ducking from the pigs so I don't get knocked off
Or popped off, and y'all thugs is soft
That's why your skirt get pulled up, clothes come off
Red Dragons, can't even fuck with my brain pattern
I'm online, Pentium Plus and Benz wagon
Mahdi, believe me it do ring bells
If you saw me do dirt you won't live to tell
I'd done lived in a cell, did bids in hell
Held niggas at gunpoint for ransom and bail

[Tragedy Khadafi & Ikon the Verbal Hologram:]
Yo, last rites, we fast to blast twice
Jedi Mind 252 we mad nice
We smash mics, and blast too precise
Fast 40 days and pray for 40 nights

Jedi Mind Tricks Lyrics

"Trinity"

(feat. L-Fudge, Louis Logic)

[L-Fudge:]
I metamorph phrases to glaciers
Have 'em come together in liquid stages
Then turn down the temperature and have 'em frozen into a solid foundation
Now added to that this well produced amazement
The crash is enough, to have the world tipped off it's axis a notch
It'll take the likes of, Jedi Minds to construct new longitude lines
In order to get around but now, you're askin' for too much
When minds put together
I'm like an alternative source of energy like, electricity generators
Separators of the wack rap, to the world reknownst individuals
Played in deuce parts life's nara-rators
Rhyme gladiators, is what we're referred as
Food for thoughts tooken offa ya plate instead you're served trash
Ikon and Logic serve as my accomplices
And bring our own form of trinity to show y'all onto this
Rhyme patterns come across as astonishing
So I have all right to feel myself to the point of genetalial fondlin'

We the three emcees that rock that shit
Pick your 12 inch up and knock that shit
"Louis Logic, L-L-Fudge, Ikon the verbal hologram"

[Louis Logic:]
I spread around me a viral infectious faculties
Applied chiropractically so rappers cannot come back to me
Simply outta respect, or suffer the consequence
The effect of which is that of absent father neglect
Wreakin' havoc, on egos speakin' magic
Castin' the curse on fashion emcees Parisian fabric
Send 'em wandering through the labyrinth
As far as cuttin' careers short on mics
I'm what the NYPD is to entrapment
The epitome of half-bent, yet schooled
Engineers peep the structure of my mind
Now they wonder how the math went
L was made to ascend, which is evident by my descent
Spreadin' east to west like European settlements
Sequence, but even, I'm captured
Self-destructive explosive devices react before my mind is ever mastered
Which makes me a Trojan horse of sorts
Drainin' your plasma till your rhythm section hardly contorts
My stats in the orators sport
Draw more foolish queries, than the Warren Report
And the single bullet theory

We the three emcees that rock that shit
Pick your 12 inch up and knock that shit
"Louis Logic, L-L-Fudge, Ikon the verbal hologram"
We the three emcees that rock that shit
Pick your 12 inch up and knock that shit
"Louis Logic, L-L-Fudge, Ikon the verbal hologram"

[Ikon the Verbal Hologram:]
You fuck with me and won't survive
Ikon been live since eighty five
Monosyllabic havoc that's tragic will crystalize
Hit them guys, in they eyes with fuckin' shrapnel
Bomb they castle, set fire unto they chapel
Wrap my lasso, 'round rappers who wanna battle
Hologram with two bare hands crush you to gravel
Evil raps'll, reverse time and bring diseases
Christians will worship Allah and Muslims will worship Jesus
Kill all ya leaders, with my savage lyrical thesis
Rip out my fuckin' heart and eat it before I'm defeated
The one who's seated, on the throne within a forcefield
Ya'll get tossed I'm the boss like Holden Caulfield
Raw deal, rappers decipher that schism
Followed Solomon and prodded him at ya baptism

We the three emcees that rock that shit
Pick your 12 inch up and knock that shit
"Louis Logic, L-L-Fudge, Ikon the verbal hologram"

Jedi Mind Tricks Lyrics

"Executioner's Dream"

(feat. J-Treds)

"Infinite...no you don't fuck around with the infinite
There's no way you do that
Pain in hell has two sides, the kind you can touch with your hand
The kind you can feel in your heart
Your soul, the spiritual side
And you know, the worst of the two...is the spiritual"

[Jus Allah:]
I'm leaf-twisted, but still kill your whole belief system
I speak wisdom, translated to street diction
A past victim of the governmental grapple
Now I slash you, I'm the slave wit snapped shackles
After cash rules, a-alikes move wit me
We murdered the fakes involved in the 360
85 face the truth, you're too dumb
You burn at failed attempts reachin' the sun
I grab you and squeeze until your pores bleed
Manipulate the Earth that you formerly believed
Even after you're buried underneath the soil
Send a message to Hell, nobody grieve for you
Your physical mass is converted into ash
Allah's wrath is engraphed on your epitaph
Spend eternity wit the underground forces
Your screams echo in deaf ears of the remorseless

"You don't even wanna test"
"Uh-uh-oh, you wanna kill more, God bless"
"You don't even wanna test"
"Uh-uh-oh, you wanna kill more, God bless"

[Vinnie Paz:]
The rhyme mangler, seven angels of Angular
Strangle the pagans who stayed in the pages of Diameter
Rhyme shatterer, with nine rhymes I'm hackin you
The author will scorch ya wit the torture of Josef Mengele
Sendin' you to the squared circle to meet me
To beat me won't be easy, you'll face theses of Nietzsche
Blood'll apease me, raps are prehistorical
Cerebral a cathedral that leads you into the oracle
I'm horrible, I burn wit no time to react
Rewind DAT's so fine I pull spines out the back
In time I crack minds that's what the brain desire
Messiah pulls a pariah into the rain of fire
Barb wire around pagans that read the Bible
Genocidal and liable to just cleave your spinal
Final hours, the forbidden fruit they find desirous

Study rappers, bringin' wackness like Cabalah scholars
First in line to try to battle me, I left him limbless
Tragic rappers just a fallacy, I left 'em skinless
Beginners, keep your distance because we might be vicious
You can find me wit Louis Logic drinkin' pints of Guinness

"You don't even wanna test"
"Uh-uh-oh, you wanna kill more, God bless"

[J-Treds:]
Ayo when I rhyme
Fortunately some say I possess a Jedi Mind
So the force is with me (When I rhyme)
Son it makes me spit a fresh one
So when Treds is done, even a atheist will say I blessed him
And when my jam bang, better cop that
Fuck all these players who can't hang, get a jockstrap
'Cause we drop bombs, better be scared
'Cause it's either hop on or be prepared for us to lock horns
We engage, when the pen sprays we wage war
And then you know what they say, when it rains it pours
So face us, 'cause you can't change the laws of nature
We independent, it's competition callin' us major
We major threats who deliver, so place your bets
We'll bring it minus the Moet, Rollies and Avirex
We just spit shit too amazing, just shit
That when you face it you'll see it's a must-win situation
Ain't no second chance (Anyway), not next to the champs
Because it's our freestyle that's gettin' grants from the NEA
We well endowed versus these rappers we tell about
('Cause us and them) Difference between takin' a L and a bow

"You don't even wanna test"
"Uh-uh-oh, you wanna kill more, God bless"
"You don't even wanna test"
"Uh-uh-oh, you wanna kill more, God bless"

Jedi Mind Tricks Lyrics

"Muerte"

De que te quiero, sí, te quiero, te quiero
De que te quiero, sí, te quiero, te quiero

[Ikon the Verbal Hologram:]
Enter the eye of the storm
Rappers just battle me for the glory
It gets gory
They shitty like suppositories, that's the end of the story
Bury his body in Missouri
Banish the apparatus of Gladys to crematories
My territory, perimeter of purgatory
Stingy in winches of vicious, malicious inflictions upon your click
Circulatory
Causing head spasms
Rip through your motherfucking temple like Phantasm
Hologram has'em and walks through the holy arches
Left you in the forest with your carcass in the harness
Death is upon us, we slam like Adrian Adonis
Swarm on the warm blood like malicious piranhas
Islamic Bombers, no contender is parallel
When I'm on paper, devastate'em like 7L
So where I dwell, without question rattles the league
Left you in a vessel with severe battle fatigue
Before you leave I insist you listen to more raps
Before I saw cats, making weapons out of your thorax

De que te quiero, sí, te quiero, te quiero
De que te quiero, sí, te quiero, te quiero
De que te quiero, sí, te quiero, te quiero
De que te quiero, sí, te quiero, te quiero

[Jus Allah:]
I inhale toxins
Drunk off blood from dead cops and
The watchmen, that kill us in this maze we locked in
Side Cobra Clutch, only truth can sober us
Wild cause we know there's no Jehovah watching over us
Only 10 percent that's controlling us
Try to take our souls from us, while they stay patrolling us
Caged in we break barriers, change to new areas
Dodgin' the pigs in chariots out to bury us
Jus Allah don't make threats
Leave your fuckin' necks clipped
Have you speakin' the manual alphabet
Seein' me is def not repeated or done twice
I laugh as I cast the first stones at Christ
Joint in ace bands, you move to Graceland and Satan

Mics spray then, bury flesh in wasteland
Infect you
Inject you with the gunpowder pegs
Indent your forehead with hot lead
Whether in the abode of the dead
Or resting in the Zions
Allah stay chasin' the dough like wild lions
Unchained tearin' your flesh we unfed
Flyin' through, like birds we takin' your daily bread

De que te quiero, sí, te quiero, te quiero
De que te quiero, sí, te quiero, te quiero
De que te quiero, sí, te quiero, te quiero
De que te quiero, sí, te quiero, te quiero

[Excerpt from "Greater Love" by Wilfred Owen:]
Kindness of wooed and wooer
Seems shame to their love pure
O Love, your eyes lose lure
When I behold eyes blinded in my stead!
Your slender attitude
Trembles not exquisite like limbs knife-skewed
Rolling and rolling there
Where God seems not to care:
Till the fierce love they bear
Cramps them in death's extreme decrepitude
Your voice sings not so soft,—
Though even as wind murmuring through raftered loft,—
Your dear voice is not dear
Gentle, and evening clear
As theirs whom none now hear
Now earth has stopped their piteous mouths that coughed

Jedi Mind Tricks Lyrics

"Heavenly Divine (Remix)"

[Ikon the Hologram:]
Another sacrificial lamb, that died at the hands of Hologram
Send him into the dungeon and bludgeon his fuckin' clan
Holy lamb, Who spit the live shit
The do or die, Illadelph, Both Jedi Mind shit
The hot shit, live raps crack your jaw
Like who's the avenger, and who's at the center of war?
I left a scar, so your crabs would overstand
Mental will dent you and send you to a holy land
Lawnmower man, sharp blades slash your vitals
Recitals will fight you and entice you to burn bibles
Homicidal, A Hologram burn churches
Murders by stickin' a crucifix through your cervix
Divine purpose, for the Remy that's in my thermos
Greatest evils stick you with needles that's hypodermic
You heard the verdict, I'm with Allah cause he chose me
Broke into the Vatican, strangled the Pope with his rosary

I have heard music in the silentness of duty
Found peace where shell-storms spouted reddest spate
Nevertheless, except you share
With them in hell the sorrowful dark of hell
Whose world is but the trembling of a flare
And heaven but as the highway for a shell

[Just Allah:]
MC's face terror wherever my sound's audible
Man from third world portals, battle mortals, and slaughter you
Seen inside the visions of beyond
The dwellings of the Om, existin' in Islamic panteón

Flows drop degrees all my clothes got the scent of trees
I lay back and blow sax like Kenny G's
Power blast, wack on my path, devour fast
I leave you with the grain of sand in life's hourglass
Devise a spell, make demons rise out of hell
Grab you by your lapels and rob you of your outer shell
You feel the ill dire, messiah in hellfire
I launch writers, put your jaw in a gauze wire
Jedi swordsman, give rappers a foul fortune
With science to contortion your body into a coffin
Insane damage is done, you fuckin' with the army
We beat your skull into the shape of a wet bag of laundry
Mother(fucker)

My soul looked down from a vague height with Death
As unremembering how I rose or why

Then, unmoved, signals nodded, and a lamp
Winked to the guard

[Ikon the Hologram (Jus Allah):]
Yo, the gods are rhymin, they're dramatizin'
(You feel the poetic blow of the titans)
We like a fuckin' bolt of lightnin'
(The three wise men), we at levels that defies men
(Watch out for fake heads, devil disguised men)
Arriving from the dawn we spawned with ill forms
(That'll leave you layin' dead in the womb like stillborns)
The mass'll here it, (The ominous, The Master Spirit)
Can't understand the language of rappers with bad lyrics
(Ikon the python), rappers are left strangled
(I overlook the Earth 'cause I see it from sun's angle)
Above the clouds, (We sit high and we daze)
(Write a page, on how you enslaved to worldly ways)
Islamic marksmen, (Seein' the squadron)
Could be your fatal mistake
(Like the first sins of Adam in the garden)
You feel sorrow, I'm projected as God Apollo
(Explore rhymes, where you're left too confused to follow)
Invite your town, to absorb the sniper rounds
(Illadelph, Shamballah, nigga)
Stayin' underground, What!

There lurk no claws behind his fingers supple
And God will grow no talons at his heels
Nor antlers through the thickness of his curls

Jedi Mind Tricks Lyrics

"Army Of The Pharaohs: War Ensemble"

[Captain Benjamin L. Willard ("Apocalypse Now"):]
"In a war there are many moments for compassion and tender action. There are many moments for ruthless action. What is often called ruthless. What may in many circumstances be only clarity; seeing clearly what there is to be done and doing it. Directly, quickly, awake!"

[Ikon the Verbal Hologram AKA Vinnie Paz:]
I exit out of my sarcophagus, fourth Horseman of the apocalypse
For my esophagus breathes a evil that just demolishes
Abolishes, to the darkness of Mephistopheles
Mental enteral that went through an ancient acropolis
Conquered this, from a fetus to genius
Took DNA from the Shroud of Turin and cloned Jesus
Merciless leaders, the 19th galaxy
Born to a storm on the seas of Gallilee
Battle me and suffer whiplash from my apostles
Leave you in shackles in the castle of Nosferatu
Ikon is hostile and mortals cause contusions
Hologram is known for placing poison in Christians' Communion
Slash, with the actions of ultra-violence
Crucifixions, indiction by Pontius Pilate
I walk naked in the house of David with pride
Force you to bleed just to make sure that you're still alive
Crystallize, we keep it live, y'all can't see me
Banish satanic verses like Ayatollah Khomeini
I break in half, Satan's staff with ancient math
I wait and laugh, create a fuckin' blood bath
What!

Army of the Pharaohs
Army of the Pharaohs
Army of the Pharaohs

[Captain Benjamin L. Willard:]
"...I am unconcerned. I am beyond their timid, lying morality..."

[Esoteric:]
I bring the gory oratory yes demorally derogatory
Mad expository expedition in your auditory
Categories don't apply
Your mind's eye is blinded by my battle raps
Like cataracts, your habitat is Halifax
Once I run you out your native city
Shea's committee is pretty witty we show no pity
I deflate the second-rate, wack MCs who replicate
Every trace of Esoteric found up in their record crate
I devastate, homosapian metabolism
Like human cataclysms and read them with an anachronism

My precision makes incisions on your acrotism
Battlin's a bad decision leaving you with aphorisms
I whip ass like masochism dominatrix
That's the basics, Hologram brought The Matrix
To fake kids, fifty dead MCs to my credit
Learn from the druid better known as Esoteric

A, A, Army of the Pharaohs
Army of the Pharaohs
Army of the Pharaohs

[Virtuoso:]
In this the final conflict high powers and commandant's to enlist this
The fluid I spit is viscous, without so much as whispers
And with the swiftness of what your transistors can carry info
A widow's left where your wrist is directly cut by my discus
Forged upon the anvils of Hephaestus
With the hand skills I slam your damn grill
Executin' Greco-Roman holds
Roll in Trojan battle gear, explodin' through the atmosphere
I saddle fear and read cerebral centipedes as evil steeds
The feeble fleed
Holdin' severed rapper's heads toward the sky as the trophies to be viewed by the mischievous eyes of Loki
I hated your verse so I went back in time and waved a dirk
At your mother's warm uterus
To kill you before you were born like fried yolks
My ammo splits the trunk of petrified oaks
It's time to die folks
You think that I joke?
I leave your thighs yoked
Your wrists are broken, tied to horses
You quartered, as forces pull you in opposite directions
Dissection of my anatomy, will lead to the unveilin'
Of what had shielded a tiny toddler wieldin'
A giant computer body, which is similar to Robotech
Download direct, from the million megabytes of rhymes that rest on Virtuoso's neck

A, A, Army of the Pharaohs
Army of the Pharaohs
Army of the Pharaohs

Jedi Mind Tricks Lyrics

"Untitled"

[Ikon the Verbal Hologram:]
The lawnmower-man smashes, through ya skull with battle axes
We whip asses, with Ajanti daggers
And smash this, crushing opposition like we was fascist
Stigmata and four gashes
We bashes, the faggots who can't attack it right
Take they sternum and then turn em into my acolytes
That's the sight of blood, that make a child stop
That's the rise of thugs that keep it wild hot
I hate you, say a prayer to our heavenly father
It's fatal, like a NATO military armada
We hotter, warriors from Atlantis
Couldn't overstand how raw the Hologram is
The mantis, who used the flame rod
You couldn't physically bruise the name God

[Ikon:]
We smash mics, and blast too precise
And laugh as we cast the first stones at Christ
We smash mics, and blast too precise
And laugh as we cast the first stones at Christ

[Jus Allah:]
We born builders, as life takes its toll
Legends of the seven, embrace my soul
Transported off the planet, by a supreme force
And told to return on the day of Pentecost
I bisect the ways between Heaven and Earth
And scramble messages from God into your church
Deception, blinds your perception
My reflection outshines the other colors in the spectrum
The brethren, I cease the peace corps
We follow street laws, engaged in Beast Wars
The visionary bombs, with military arms
Aimed at that motherfucker with pitchfork and horns
I shed alchemy throughout the galaxy
To cause fire and ice, like Flames in Calgary
You're trapped in, the core of corruption
Left a fossil, in my path of destruction

[Sample from Wilfred Owen's poem "Sonnet":]
Thou long black arm
Great gun towering towards Heaven, about to curse
Reach at that Arrogance which needs thy harm
And beat it down before its sins grow worse

[Ikon:]

We smash mics, and blast too precise
And laugh as we cast the first stones at Christ
We smash mics, and blast too precise
And laugh as we cast the first stones at Christ

[Ikon (Jus Allah):]
I am the man who lives above the force of good and evil
(The man that handed down the powers to give to my people)
Live under laws of bald eagle
(There's no tomorrow)
Get trapped with the trenchcoat killers in Colorado
(Blazin spark, and feeling certain my days are marked)
(Live a life that conflicts with the ways I'm taught)
Fuck it, we bring it hardcore, raw and ragged
Ya team must be hidin they balls, like a faggot
(I came with the light and gave sight to the sages)
(Black ink contained to write truth on white pages)
You're sliced faceless
(Subjected to a massacre)
Jedi Mind, bombin your moves like John Africa
(We laugh at ya)
The devil is the bomber
(We unaffected as we protected by God's armor)

[Ikon:]
We smash mics, and blast too precise
And laugh as we cast the first stones at Christ
We smash mics, and blast too precise
And laugh as we cast the first stones at Christ

Jedi Mind Tricks Lyrics

"Retaliation (Remix)"

[Jus Allah:]
The metal inside the barrel passes, through the frames in ya glasses
Quick passage, leave your dome piece backless
Envision blackness, leave you hatless, fucking capless
Watchin niggas dig the spot where the Earth's crack is
Hard to graph like science and math is
The cavemen who dont practice and live backwards
We oxing with streets is watchin, release shotguns
Niggas got Dietz and Watson
Feel no love, no way you shield the slugs
The ill thugs, we box with steel gloves
Doubt my faith, you can taste the slug case
Leaving niggas looking like dogs with the pug face
Even your girl can catch the capsule, I love pussy
But never the bitch that it's attached to

[Vinnie Paz:]
Why you wanna battle wit kids with steel tongues?
Who rip up mics and drink puerto-rock(rican) rum
85 (the 85%): face the truth, your too dumb
If retaliation comes yo then fuck it it just comes
Why you wanna battle wit kids with steel tongues?
Who rip up mics and drink puerto-rock(rican) rum
85 (the 85%): face the truth, your too dumb
If retaliation comes yo then fuck it it just comes

We itchin' to kill, thats why we spittin' the real
Stick to the drill and maybe we'll be grippin a mill'
The clip'll expel, dump 'em in a ditch or a hill
'Cuz the muthafucka ain't left me shit in his will
And y'all was always soundin' like a bitch when you spill
And we the rawest motherfucking clique in the field
So real muthafuckas better recognize real
Or ill muthafuckas gonna exercise skill
Y'all better chill when the Hologram build
Little muhfuckah got hands just like steel
Whoever approach me and what I feel
'Might find their legs being replaced by steel'
So y'all better yield or I'ma choke faggots
My hands held more razorblades than coke addicts
We like to quote facists, 'cause we the meanest
And rip off your fingers with the pliers of Chakademus

Why you wanna battle wit kids with steel tongues?
Who rip up mics and drink puerto-rock(rican) rum
85 (the 85%): face the truth, your too dumb
If retaliation comes yo then fuck it it just comes

Why you wanna battle wit kids with steel tongues?
Who rip up mics and drink puerto-rock(rican) rum
85 (the 85%): face the truth, your too dumb
If retaliation comes yo then fuck it it just comes
Yo yo yo yo yo yo jedi mind baby
Iledelph stand by, baby, naw I'm sayin? Ikon the Hologram
JusAllah, Jusallah
My man Chico, enemy of mankind

Jedi Mind Tricks Lyrics

"Blood Runs Cold"

(feat. Sean Price)

[Sean Price:]
Yeah; Sean P, nah mean?
Megatron, Jedi Mind Tricks, M.F.C
Yo, Boot Camp, listen. Yo

Yeah first of all don't make me burst and brawl
Image is nothing you fronting see the thirst in y'all
Think it's fucked up now, it get worst for y'all
Assassinate your best friend now a hearse you call
Run up on your block with dough and I curse you all
The fuck out, want to wet duke? Squirt your four
Since birth I been raw hot like surface core
Kidnap your baby's mom straight earth the whore
See I do rhyme and crime so I can purchase more
If you ain't in it for that what the purpose for
Act like you don't give a fuck though
Good so I buck fo' shots from the roof
And my man Rock catch you up close
Never give a fuck about niggas y'all not Nutso
Hype off of carbonated water and some fructose
Straight buck foes when the nigga Ruck pull the snub nose
Wait Ruck chill, what the deal it's all love though
Look into my eyes and you can tell there's something changed
Running gunning things knocking niggas out like Clubber Lang
The gun I bring is straight for fucking beating you down
Heating you down leaving you six feet deep in the ground

[Vinnie Paz:]
It's some real motherfuckers gon rock tonight
All your jewels and your cash getting got tonight
Or somebody in the club getting shot tonight
Sean Price, Jedi Mind keep it hot tonight

[Jus Allah:]
I'm the motherfucking ungrateful
My heart is hateful, my tongue ripped
Licking on the blade that slayed you
You faggots act as bitch as RuPaul
You niggas share one milkshake with two straws
You're trapped with no doors, four walls tighten
Seeing the roof fall, feeling the floors heighten
Crushed in shit, your bones and blood siphoned
And put into a jug we sip before fighting
I'm raw lightning; my power extends
In the planet and out through the opposite ends
Black man travel through the universe and back

While cavemen still though that the earth was flat
But we kept the sacred plans, now we carry
Throughout the ancient lands
Before the separating of the sands
When God saw the power I create in my hand
He banned my gene strain from replicating in man

[Vinnie Paz:]
It's some real motherfuckers going rot tonight
All your jewels and your cash getting got tonight
Or somebody in the club getting shot tonight
Sean Price, Jedi Mind keep it hot tonight

It's some real motherfuckers going rot tonight
All your jewels and your cash getting got tonight
Or somebody in the club getting shot tonight
Sean Price, Jedi Mind keep it hot tonight

I'm tasteless; there's beauty in strange places
I find beauty in razors
I find beauty in blood dripping from ya faces
I find beauty in the Qur'an and all of its Aramaic equations
I find beauty in twelve gauges
I find beauty in teaching you what the definition of pain is
I find beauty in stainless
Steel that can kill and reveal the front of your grill
You're brainless
Y'all don't wanna test Vinnie Paz patience
I crack jaws and swing swords of the ancients
Y'all pretended to overstand the matrix
Without attempting to overstand its basics
We dedicated to cats that's been thugging
Vinnie Paz got more hoes then Jim Duggan
Y'all been ducking for quite some time now
Vinnie 'bout to teach you how to write some rhymes now
We aim beams in between your eyebrows
Jedi Mind, Sean P combine now

It's some real motherfuckers goin rot tonight
All your jewels and your cash gettin got tonight
Or somebody in the club gettin shot tonight
Sean Price, Jedi Mind keep it hot tonight

Jedi Mind Tricks Lyrics

"Put 'em In The Grave"

[Fat Joe and Prodigy samples:]
"So who the next to get it?"
"I'll take the life of anybody tryin' to change what's left"

[Vinnie Paz:]
Yo, roll the dro and spark, a bunch of animals like Noah's Ark
A rapper so ill, my flow just stole Jehovah's heart
My fist 'll break a fuckin' boulder in half
When I was young, I'd smack a stick off of your shoulder and laugh
I've chosen a path, spoke on my emotional past
Spoke on everything from war to how the ocean is vast
My flow is too fast, you can't contend with me there
Or it's gonna be a massacre, Tiananmen Square
My pen is prepared, and so the guns and the swords
And death the only thing you get for fuckin' with lords
Been stuck in some wars, but Vinnie fought his way out
The double jab, right cross what they caught in they mouth
I'm callin' 'em out, anyone who fuck with my fam'
Thinkin' that they got away and they was lucky, then blam
Buck 'em and scram, don't use the shotty no more
They didn't think that Vinnie P was catchin' bodies no more

[Fat Joe, Jay-Z and Prodigy samples:]
"So who the next to get it?"
"You ain't gotta go to church to get to know your God"
"I'll take the life of anybody tryin' to change what's left"
"Then lift up your whole hood like you got oil under it"
"So who the next to get it?"
"You ain't gotta go to church to get to know your God"
"I'll take the life of anybody tryin' to change what's left"
"Then lift up your whole hood like you got oil under it"

[Vinnie Paz:]
Yeah, yeah, yeah, this is death and doom, my occupation puttin' flesh in tombs
Whether or not you shot, the aggression looms
I'm the one that speak the language of fate
I'm the one that speak the language and the anguish of hate
My banger is great, it split the top of your dome
Like the Book of Revelation for the prophets in Rome
I'm locked in the throne, whether you like it or not
'Cause I'm chemically the reason liquid nitrogen hot
I'm nice with the Glock, nicer with the semi's and TECs
But I'm nicest when I'm clappin' at my enemies necks
They tend to regret ever sendin' me threats
'Cause they know the only thing that they could send me is checks

[Fat Joe, Jay-Z and Prodigy samples:]

"So who the next to get it?"
"You ain't gotta go to church to get to know your God"
"I'll take the life of anybody tryin' to change what's left"
"Then lift up your whole hood like you got oil under it"
"So who the next to get it?"
"You ain't gotta go to church to get to know your God"
"I'll take the life of anybody tryin' to change what's left"
"Then lift up your whole hood like you got oil under it"

[Vinnie Paz:]
Yeah, I'm like Mark David Chapman with a Salinger book
Stalk my enemy and let the fuckin' silencer cook
It's down in the book, that my competitors ain't really ready
The way my four pound turn your stomach to spaghetti
It's like the Serengeti, because it's hot here
The way that policia set it on the block here
They pushin' rocks here, in the dead of night
I take my Glock and I point guard like Brevin Knight
You fucking men or mice? You shouldn't answer that
If my father was still alive, he wouldn't stand for that
He wouldn't stand for how you act like a bitch
Wouldn't stand for anybody who a rat or a snitch
I'm back in this bitch, we was gone for a while
'Til a shorty told me that he heard my song and he smiled
I'm strong but I'm wild, they say I drink too much
The only problem that I have is that I think too much, pussy

[Jay-Z sample:]
"You ain't gotta go to church to get to know your God"

Jedi Mind Tricks Lyrics

"Suicide"

[Vinnie Paz:]
Yeah, Vinnie Paz, baby, they call me Louie Dogs
Jedi Mind Tricks, Philly, Italiano mobbin' on you

This is murder rap, I'll burn his back and push your sternum back
And have the doctor cover your head just like a turban wrap
A certain fact, you'll be prayin' on a Persian mat
Or hopin' Jesus or the police's bring the person back
I'm not the type of mutha fucka that's concerned with that
I only been in love once, then I learned from that
A ride or die bitch, said she'd never turn her back
Take these bullets with you to Hell, you dirty rat
Speakin' to me sideways, you get hurt for that
You gonna make me bring the Hologramic verses back
I'll put my fist into the ground, that's where the earth is cracked
Love is gone inside my heart, now it's a purplish black
You a clown rapper, just a circus act
But Vinnie rap like when fifty fuckin' Kurds attack
Who your group, daddy? I ain't never heard of that
Vinnie Paz, Hologram, where the purple at, fuckin' maggots, yeah

[Vinnie Paz with KRS-One sample:]
We gonna ride 'til the wheels fall off
It's a Suicide if you feel we soft
We the truth inside, if you feel you lost
And the truth don't lie, 'cause we still the boss
We gonna ride 'til the wheels fall off
It's a Suicide if you feel we soft
We the truth inside, if you feel you lost
And the truth don't lie, 'cause we still the boss

[Vinnie Paz:]
Yeah, the heavy metal king, my lyrical an incredible thing
And I'm the forces in the four-chord pendulum swing
And anyway you wanna look at it, I send pain
And now they got you in the third density end game
That's why these men came, we rap saviors
Who tryin' to waken you from your spiritual laziness
I'm thinkin' outside the box from now on
Like different ways that I can kill the cop from now on
During day is when I used to sell boom to the tenants
And at night with dark shaman and hallucinogenics
That's when I let the fight in me pass through
And when I let the spiritual light in me pass through
I guess this just somethin' that come when you grown
Like the positive and negative that come with the throne
But, fuck it, I'm stone, Pazienza the great wall

I'll be back, but now I'm drinkin' my 8 Ball

[Vinnie Paz with KRS-One sample:]
We gonna ride 'til the wheels fall off
It's a Suicide if you feel we soft
We the truth inside, if you feel you lost
And the truth don't lie, 'cause we still the boss
We gonna ride 'til the wheels fall off
It's a..."Suicide is a Suicide"

[Vinnie Paz:]
Yeah, I'm a new disease, drinkin' a 40, rockin' Judas Priest
I'm strong as Zeus at least, put you in your blueish fleece
You never see a pig around me like a Jewish feast
And every single fuckin' member in my crew a beast
But y'all should know by now the type of shit I'm on
Like, does the New Testament contradict the Qu'ran?
Does every Muslim in the world come equipped with a bomb?
Does every rap video have a chick in a thong?
I don't know if we livin' no more
I don't know if Pazienza even driven no more
Uppercut, right cross on the tip of the jaw
He a crumb, daddy, dump a fuckin' clip in the boy
And the man is the offspring of the weak
Like the lamb is the offspring of the sheep
We gonna grind 'til we seein' the fame
With a stronghold baby, 'cause I'm bleedin' the game

[Vinnie Paz with KRS-One sample:]
We gonna ride 'til the wheels fall off
Ha, ha, Louie Dogs, Jedi Mind Tricks
We the truth inside, if you feel you lost
Enemy of Mankind on the track, what's the deal, baby?
We gonna ride 'til the wheels fall off
Vocab, where you at? Warchild, my man
We the truth inside, if you feel you lost
My brother Stoupe, that's how we get down
It's murder rap, yeah, they call me Vinnie Paz
Louie Dogs, it's dirty, baby, it's our fuckin' year
I'm tryin' to shine, baby, tryin' to feed the fam
Ha, ha, yeah

Jedi Mind Tricks Lyrics

"Uncommon Valor : A Vietnam Story"

(feat. R.A. the Rugged Man)

[Richard Nixon:]
I have spoken to you from this office, where so many decisions have been made that shaped the history of this nation.
I have always tried to do what was best for the nation.
(Duck... and cover!)
(*[?]*)

[Vinnie Paz:]
I don't know why I'm over here, this job is evil
They sent me here to Vietnam to kill innocent people
My mother wrote me, said: "The President, he doesn't care."
He tryin' to leave the footprints of America here
They say we tryin' to stop Chinese expansion
But I ain't seen no Chinese since we landed
Sent my whole entire unit, thinkin' we could win
Against the Vietcong guerrillas there in Gia Định
I didn't sign up to kill women or any children
For every enemy soldier, we killin' six civilians
Yeah, and it ain't right to me
I ain't got enough of motherfuckin' fight in me
It frightens me, and I just wanna see my son and moms
But over here they droppin' seven million tons of bombs
I spent my days dodgin' all these booby-traps and mines
And at night prayin' to God that I get back alive
And I'm forced to sit back and wonder
Why I was a part of Operation Rolling Thunder
In a foxhole with nine months left here
Jungle like the fuckin' harbinger of death here

[Vinnie Paz:]
I don't wanna be here, I'm scared, I just wanna go home

[R.A. The Rugged Man:]
You fucking kidding me?! Don't be a pussy!
Don't you love your country?!
I like being here (True story), I'm ready

[R.A. the Rugged Man:]
Call me Thorburn, John A., staff sergeant
Marksman, skilled in killin', illin', I'm able and willin'
Kill a village elephant, rapin' and pillage a village
Illegitimate killers, U.S. Military guerrillas
This ain't no real war, Vietnam shit
World War II, that's a war, this is just a military conflict
Soothin' drug abusin', Vietnamese women screwin'
Sex, gamblin' and boozin' — all this shit is amusin'
Bitches and guns, this is every man's dream

I don't wanna go home where I'm just an ordinary human being
Special Op, Huey chopper gun ship, run shit
Gook run when the minigun spit, won't miss
Kill shit, spit four-thousand bullets a minute
Victor Charlie, hair-trigger, hit it, I'm in it to win it
Get it, the lieutenant hinted, the villain, I been it
The killin', I did it, cripple, did it
Pictures I painted is vivid, live it
A wizard with weapons: the secret mission, we 'bout to begin it
Government funded, behind enemy lines
Bullets is sprayin', it's heatin' up a hundred degrees
The enemy's the North Vietnamese, bitch please!
Ain't no sweat, I'm totally at ease
Until I see the pilot got hit, and we 'bout to hit some trees
Tail rotor broke, crash land
American man in Cambodia, right in the enemy hand
Take a swig of the whiskey to calm us
Them yellow men wearin' black pajamas
They wanna harm us, they all up on us
Bang bang, bullet hit my chest, feel no pain
To my left, the Captain caught a bullet right in his brain
Body parts flyin', loss of limbs, explosions
Bad intentions, I see my best friend's intestines
Pray to the one above, it's rainin', I'm covered in mud
I think I'm dyin', I feel dizzy, I'm losin' blood
I see my childhood, I'm back in the arms of my mother
I see my whole life, I see Christ, I see bright lights
I see Israelites, Muslims and Christians at peace, no fights
Black, Whites, Asians, people of all types
I must've died, then I woke up, surprised I'm alive
I'm in a hospital bed, they rescued me, I survived
I escaped the war, came back
But ain't escape Agent Orange: two of my kids born handicapped
Spastic, quadriplegia, micro cephalic
Cerebral palsy, cortical blindness — name it, they had it
My son died, he ain't live
But I still try to think positive, 'cause in life, God take, God give

Jedi Mind Tricks Lyrics

"A Blood Red Path"

[Vinnie Paz:]
My rap equivalent to a militant bomb
My syllabus form, the Pazienza killer from 'Nam
With steel in my palm, guerrillas was born, your village is gone
It's either that you die or give your will to Islam
I feel it's a storm, that buildin' from the wilderness arm
I sent the alarm, to let you know Godzilla was spawned
I'd kill for my moms, ain't nobody as real as my moms
And it ain't any woman ever know the deal like my moms
I build with Iman's in holy places filled with Qu'rans
My killers is strong, 'cause every Sicilian is strong
You stealin' the form, I'm sharper then a million Don's
I'm buildin' a bomb, and when I see a milli' I'm gone

Brrrrat, brrrrat, ha, ha, ha, ha, ha, ha
Pazman, that's how you fuckin' rhyme
The rhyme animal, Jedi Mind, baby!

Jedi Mind Tricks Lyrics

"When All Light Dies"

(feat. Shara Worden)

[Vinnie Paz:]
Yeah, Jedi Mind
Vinnie Pazienza, the Enemy of Mankind
Servants in Heaven, Kings in Hell
Horrorcore, yeah, walk with me

I pop a pill and zone, my voice alone'll fuckin' chill your bones
The AR-15 beam leave you still as stone
I'm workin' twenty-four-seven while you chill at home
I'm on the block with my people where the killers roam
I'm in a killer zone, where police can trap me
I'm ready to go to war with them like we Iraqi
We in the last days, only Darkness passes
No more pure air, only bloody muddy ashes
Yeah, you need to recognize the God is sick
'Cause I was born inside of Egypt near the Gaza Strip
Don't make me cock the fifth and put the flame to em
And thug it out like the Israeli's and Iranian's
Remember when I put the pen to the pad
When I heard "Style Wars" by Lakim Shabazz
And in the lab, everything was constructed with Stoupe
And y'all know that no one fuckin' with us as a group

[Shara Worden:]
When all the light goes out, where will you be?
When the darkness comes, what will you see?
(When the lights go out)
When all the light goes out, where will you be?
(When the lights go out)
When the darkness comes, what will you see?

[Vinnie Paz:]
I'm a Cannibal Corpse, .38 snub splatter your thoughts
Peel your skin off of your body like animal cloth
I'm the reason for the Carthage in Hannibal's force
I'm the reason for the carnage in parable's lost
And I'll put the heater right where your lungs at
And none of y'all would be around if I could bring Pun back
You want the horrorcore Vinnie? He brung that
Along with the .44 militant gun rap
I break bread with the brothers I trust
Cause I know that if I'm ever in some trouble, they bust
Could never be us, we too raw for the rap now
Anybody with a tape recorder can rap now
I pull a twelve gauge shot at you, back down
And then the last thing you hear is the gat sound

From the city where they framed Mumia
We gonna break him out, run up with them flames and heaters

[Shara Worden:]
When all the light goes out, where will you be?
When the darkness comes, what will you see?
(When the lights go out)
When all the light goes out, where will you be?
(When the lights go out)
When the darkness comes, what will you see?

[Vinnie Paz:]
I carry heavy fists, I'm a biological terrorist
If you ain't been in war, then you don't know what terror is
You try to help people but do nothin' like therapists
It's basic rules to the game, cousin, you never snitch
Or you can see the type of lead that my Beretta spits
Or take you through the torture chamber and behead the bitch
Yeah, I'll put your body to the blades and choppers
And teach you about the disruptive symbol of chakras
If you believe what they tellin' you, the beast and them won
That's why I speak about survival and need for a gun
I stand for what them thugs is repping'
But they don't know the government is usin' drugs as weapons
And drug injections, was taught by the prophets before
About the cavalry of shadowy prophets of war
It's hard to grip, so I spit it at a different degrees
But the inner earth holds more water than seas

[Shara Worden:]
Who's gonna save you when all the lights go out?
It's time to reconcile, how you gonna go, how you gonna go?
When the lights go out, when the lights go out
When the lights go out, how you gonna go? Oh, oh, oh

Jedi Mind Tricks Lyrics

"Serenity In Murder"

[Samples:]
"Everything is real I see"
"A lot of rappers out here actin' with no movie roles"
"It's not a fluke, it's been tried, I'm the truth"
"We been adored for keepin' it raw"
"Everything is real I see"
"A lot of rappers out here actin' with no movie roles"
"It's not a fluke, it's been tried, I'm the truth"
"We been adored for keepin' it raw"

[Vinnie Paz:]
Yeah, yeah, I'm a terrorist threat, burn in Hell where the devil is kept
How can we be powerful with incredible debt?
Dump the clip, hittin' you from your head to your neck
I creep with the silencer, leave you dead where you slept
I'm as vicious with the right or the left
And I stand behind my people if it's life or it's death
A knife in the chest, that's the way that we do
But if I was you, I'd be concerned about the avian flu
I pray that you do, but you ain't listen before
You ain't listen when I told you 'bout my visions of war
My system is pure, trap you like a prisoner's war
Anyone who ever met me say my liver is poor
Whoever met me say they dig my rapport
Say that he the only one who ain't a dick on the tour
Kick in the door, with my vodka, believe that
And hand Warchild all the blunts and the weed sack
Fuckin' worm, yeah

[Samples:]
"Everything is real I see"
"A lot of rappers out here actin' with no movie roles"

"It's not a fluke, it's been tried, I'm the truth"
"We been adored for keepin' it raw"

[Vinnie Paz:]
Yeah, you like Napoleon Bonaparte
I throw a dart and blow your bones apart
The lonely part's when you fallin' like you Owen Hart
My fuckin' soul is dark, I wouldn't wish it on you
I wouldn't wish any of my mental conditions on you
I just wish that y'all would leave me for dead
Wish that I would go away and fall asleep in my bed

I'm lethal instead, but I supposedly thrived
Anyone or anything that got too close to me died
Supposed to be live, fuck it, I'm supposed to be king
'Pose to murder everything like an associate of Ming
Listen, I ain't takin' your word, man
Just give me all the "Cash Money" like Birdman

[Samples:]

"It's not a fluke, it's been tried, I'm the truth"
"We been adored for keepin' it raw"

[Vinnie Paz:]
Yeah, another holy verse, never listen to what's told in church
My soul immersed in a statue that's as old as earth
I'm fuckin' Odin's curse, the living eight man
Calculate Infinity with Dillinger Escape Plan
I would walk on the Arabian with grey sand
And heal the sickness of the people where I laid hands
I was there when they created the Christ
When the Romans in Judea took the Pagan's advice
I hate what I'm like, hate that I'm afraid of the light
Hate that everyone who love me always hate what I like
Hate that everywhere I go, I get engaged in a fight
Hate that everything I say is just evasive and trife
Enraged with a knife, I don't care who I slice
I could walk into the woods and kill a bear with my mic
I'm here with my mic, fear me and be careful at night
'Cause Vinnie vicious like a motherfucking werewolf at night
I'm a beast, baby! Yeah

Jedi Mind Tricks Lyrics

"Heavy Metal Kings"

[Vinnie Paz:]
I murder you and laugh
I'm Barry Sanders slashing through the path
You a magician's assistant, I'm sawing you in half
You a heathen that rely on the beast
I'm a demon at the fire crucifying the priest
I shine over beats, a motherfucking beast on the mic
I'm a lion out the jungle, raw meat what I like
I bleed in a fight, Vinnie like the taste of his blood
And I'll open up your stomach like the case of a slug
I'm faithful to drugs, putting metal plates in your mug
Dump your body in the motherfucking lake in a rug
Face in the mud, y'all create the facade
That my people have exterminated faith in their God
Patience is hard, cousin, but it pays to be calm
Go to war for anybody who embraces Islam
I'm gracious and warm, ready for the place in the war
And I'm ready to smash your motherfucking face in the floor

We got that gangster gangster shit
"The heavy metal king hold big shit"
We got that murder murder shit
You talk that gangster gangster shit
We live that murder murder shit

[ILL Bill:]
Without order nothing exists, without chaos nothing evolves
Now get on your knees so I can stick this gun in your mouth
I'm a Slayer album personified, Holocaust, Columbine
Middle Passage, Israel versus Palestine
It's the Cult Leader, drink your Kool-Aid
Roll with the doctors that produce AIDS
I open my mouth, I shoot flames
The freedom fighter that got the whole world terrified
ILL Bill, human manifestation of genocide
Stand amongst Grammy-winning grimy nose candy sniffers
Blast the black metal at you like Danny Lilker
It's impossible to escape my matrix of hate
I'll make a good girl a cum dumpster, Satan awaits
Set the razors to AKs and turn raisins to grapes
Turn blood into wine with an insatiable taste
Drink from the goblet of gore, vomiting porn
Sodom and Gomorrah back to Canarsie, New York

[Sample:]
Is this the bringing of the king to his parliament?
Till the land was all undone and darkened by such deeds

[Vinnie Paz:]
We got that gangster gangster shit
"The heavy metal king hold big shit"
We got that murder murder shit
You talk that gangster gangster shit
We live that murder murder shit

You don't know about the gospel of Judas
About the information found in the Galapagos Ruins
How the warriors would sharpen they blades
How if they wanted to, the government could cure you of AIDS
We the equivalent of fire and ice
The equivalent of a prisoner who die for his rights
I'm lying to Christ, put your fucking spine in a vice
I'm like Trump in The Apprentice, only fire at night
I'm dying to fight, slap you five, and put ten in you
Louie Doggs, the fucking Genocide General
So I say fuck the CIA and they plan
Get me outta here I'd rather fucking stay in Iran
I'll run up on you with grenades in my hand
If you fuck around with Bill or try to hate on my fam
It's the dichotomy of hatred in man
If you ever even think of trying to play me then blam!

We got that gangster gangster shit
"The heavy metal king hold big shit"
We got that murder murder shit
You talk that gangster gangster shit
We live that murder murder shit

Jedi Mind Tricks Lyrics

"Shadow Business"

[Samples:]
"When you were over in American Samoa, what surprised you the most?"
"I guess what hit me the most was the condition of the factory that the workers were in
The factory was surrounded by a fence and barbed wire on top, and on the bottom
And they have a chain linked fence around the whole factory, and military compound
The gate has a guard shack where the guard sit there and ... the worker movement
In and out of the factory, the factory made of tin panels, tin roof, it's really hot
The temperature over there is regularly ninety degrees, and inside the factory it reach way over a hundred degrees"

[Vinnie Paz:]
Yeah, it's a contemporary form of slavery, they call it slave labor
But they don't prosecute them 'cause it's how they make paper
When you rockin' that fly shit that's made in China
By an eight year old child trying to feed his mama
He exposed to contamination and disease
And only fifty-five percent of them will get degrees
And the women have to try to placate the boss
Because of sex discrimination in the labor force
The slave master only let them speak in sign language
And they sufferin' from lung disease and eye damage
Fourteen hour shifts, seven days a week
Two shitty meals a day, very little sleep
Human life only worth three cents an hour
All human rights lost, no sense of power
Workin' for a hundred years in the grave passes
Only the improved cleverness of slave masters

Is life worth livin' if you livin' in Hell?
When the mind is confined to a prisoner cell?
And the lies they devise and the system, it fail
But I expect the system to fail
Is life worth livin' if you livin' in Hell?
When the mind is confined to a prisoner cell?
And the lies they devise and the system, it fail
But I expect the system to fail

[Samples:]
"Many Chinese workers are forced to sign secret agreements known as "Shadow contracts" before they leave China severely, and in some ways, illegally restricting their activities while on American soil
Workers are forbidden to participate in any religious or political activities or to ask for a salary increase, or even to fall in love or get married"

[Vinnie Paz:]
It's 1.6 million people locked in jail
They the new slave labor force, trapped in Hell
They generate over a billion dollars worth of power
And only gettin' paid twenty cents an hour

They make clothes for McDonald's and for Applebee's
And workin' forty-hour shifts in prison factories
And while we sit around debatin' who the wack MC's
They have to work when arthritic pain attack the knees
Slavery's not illegal, that's a fuckin' lie
It's illegal, unless it's for conviction of a crime
The main objective is to get you in your fuckin' prime
And keep the prison full and not give you a fuckin' dime
But they the real criminal, keepin' you confined
For a petty crime, but they give you two-to-nine
And ain't nobody there to protect ya
Except a bunch of incompetent human rights inspectors

Is life worth livin' if you livin' in Hell?
When the mind is confined to a prisoner cell?
And the lies they devise and the system, it fail
But I expect the system to fail
Is life worth livin' if you livin' in Hell?
When the mind is confined to a prisoner cell?
And the lies they devise and the system, it fail
But I expect the system to fail

[Samples:]
"The sweatshop situation kind of conveys it and kind of take advantage of the people that are poor and at an economic disadvantage"
"This Chinese woman made T-shirts and pants at the factory until she became pregnant ... says she refused to have the abortion
And has now been barred from entering the factory"
"Allowing them to bring that onto US soil is a very big concern
We've now documented the fact that management coerces female workers who become pregnant into having abortions"
"Human rights workers say it's common practice"
"Inside that factory, Chinese law applies, and Chinese law is supreme"
"Even though it's the United States of America?"
"The flag doesn't fly inside there"

Jedi Mind Tricks Lyrics

"Razorblade Salvation"

(feat. Shara Worden)

[Shara Worden:]
I know all the times were hard
I know that you've been feeling down
If you only knew how I'm feeling for you
If I could take your pain
I wish that I could wash it all away
If you only knew how I'm feeling

[Vinnie Paz:]
Mommy, I'm sorry if my first letter made you cry
To be honest with you, I don't think that I want to die
Sometimes I feel like that I'm cancerous in other's lives
That's probably why I drink at night and sleep 'til four or five
It's kind of hard walkin' through life with my distorted eyes
When I was younger, I was stupid and I thought I'd thrive
I thought a lot about everything I said in the letter
And questioned whether or not if I was dead, you'd be better
You think my shorty would be happy if I never met her?
It's too late now, mommy, I could never forget her
Could never forget how she taught me to love
'Cause my father and my grandmother is always above
It's glory above, you know that daddy taught me to thug
And every time we was with nanny she'd bombard me with hugs
Damn, I miss her, mommy, and it's hard to believe
That I'm grown and I don't understand it, why did they leave?

It's better to die and sleep
Than never waking sleep
Than linger on and dare to live
When the soul's life is gone

[Shara Worden:]
You've been running around for so long
You've been hurting yourself too much
You keep messing around with darkness
You're the one who's losing
You've been running around for so long
You've been hurting yourself too much
You keep messing around with darkness
You're the one who's losing

[Vinnie Paz:]
Mommy, I think that I'ma try to stick around a while
I got a niece, and my nephews, they need me 'round a while
I think they need me 'cause they hittin' that age
And they ain't tryin' to speak to Lenny 'cause they spittin' they rage

Yeah, and mommy, speakin' to Lenny, I think my brother need me
And we Italian, so you know my mother love to feed me
And it's the little things you do for me that make it worth it
Like when I play a joint that we did and you say it's perfect
And when Jake got knocked, you knew that I was hurt
You told me put all of my heart in the song, and it worked
I promised him that I'd be there when he got out the bing
You ain't raise me to be a liar, ma, that's not my thing
I told him that I'd hold him down the whole time that he gone
They kept him locked inside a cage, but that's cool, 'cause he's strong
So mommy, keep that first letter I wrote you on the low
I think I wanna stay alive and see if I can grow

[Shara Worden:]
You've been running around for so long
You've been hurting yourself too much
You keep messing around with darkness
You're the one who's losing
You've been running around for so long
You've been hurting yourself too much
You keep messing around with darkness
You're the one who's losing

[Movie sample:]
"You have power and money, but you are mortal
You know you cannot escape death
But immortality can be obtained
The legend is always the same
If others have succeeded in conquering death
Why must we accept it?
I know where the immortals live
And how to obtain their secret
We too must become wise men
The elements of chemistry are many, but finite
So are the techniques of enlightenment"

[Shara Worden:]
I know all the times were hard
I know that you've been feeling down
If you only knew how I'm feeling for you
If I could take your pain
I wish that I could wash it all away
If you only knew how I'm feeling

"Outlive The War"

(feat. Block McCloud, Sean Price)

[Block McCloud:]
You don't really want a close encounter
This dude's talkin' like he knows the bouncers
I move up on ya face for talkin' outta place
Get your spine ripped out by Jedi Mind Tricks, ouch!
And ain't nobody gangsta, we just fight good
Left jab, uppercut, then a right hook
Jedi Mind spit rhymes like I write hooks
Type you don't wanna fight wit, Jedi Mind Tricks

[Sean Price:]
Hey yo, great rap outta BC, the track
The beat beast master, heat clapper, speakin' the facts
Keys to the 'Lac, weed in the back, foot on the gas
Squeezin' the gat, leave it at that, my foot in yo' ass
Listen, bust your rat, you scream, Ruck is back, bitch
"You gonna fuck up your career, you hear?" Fuck the rap shit
I make the same money when I hustle this crack shit
Probably make more 'cause a nigga don't pay no taxes
Access the gun's off the earth axis
Axis of evil, the eagle 'll leave your hat split
Ruck flow is like "Fuck you, God"
I don't wanna rhyme, I need a construction job
Listen, backpack rap, Jansporter crew
Big guns and fast cars, Transporter, too
I camcord your crew with a clip in they mouth
Sean Price, fuck you riffin' about? Shut the fuck up, yeah

[Block McCloud:]
You don't really want a close encounter

[Vinnie Paz:]
I put you in the fuckin' torture rack, I carry forty gats and pure black
That send you and your spiritual to where the Lord is at
You read "Behold a Pale Horse"? Well, I authored that
And on top of that, Vinnie the owner of a gorgeous gat
I don't trust nobody, cousin, I'm a cautious cat
I see inside your eyes, it's where demonic forces at
Fuck around and get laced with the Luger

If you sympathize with the Hellenization of Judah
My place is the future, everybody say "The boy nice"
Philly to Brooklyn, Brooklyn to Philly with Sean Price
I'm not sayin' I'm the nicest around
I'm just sayin' I'm the nicest with the knife and the pound
I'm strikin' you down, Pazienza always on the block
You the type to take a L and fuckin' call the cops
Cross the other side of street because you saw it's hot
Call me Mike Fratello baby, 'cause I call the shots, yeah, pussy

[Block McCloud:]
You don't really want a close encounter

[Vinnie Paz:]
I'm comin' at you with various weapons, hittin' your body in various sections
Even the mutha fuckin' devil was there when I blessed him
Better selection of clappers then you
Jesus Price, Pazienza better rappers then you
I've had it with you, every rhyme I write a testament
About the war and our apocalyptic president
About how I studied the science of raw
How I carry Desert Eagle's and defy it's a law
My violence is pure, walk the battlefield with stainlesses
They say I'm deranged, disconnected and dangerous
My rap is sharp enough to slash your fuckin' veins and wrist
I'll put a knife into my heart to see if pain exists
My forty cal' is fuckin' dyin' to bust
It could teach you how to bleed and how to die in the dust
Yeah, I'm tryin' to organize with people I identify
While Bush and Cheney sit and celebrate a genocide, yeah

[Block McCloud:]

Jedi Mind Tricks Lyrics

"Gutta Music"

(feat. Chief Kamachi, Reef the Lost Cauze)

[Reef the Lost Cauze:]
Yeah, ah, it feels so good to be up in here, man
Yeah, JMT, Reef the Lost Cauze, Chief Kamach'
Shit got to change, baby

Yo, they put white picket fences on all black houses
Cauze Kilimanjaro, you Brokeback Mountain
Since that "Feast" drop, everybody on Shareef jock
I am what I am, without a deal from Reebok
While y'all was poppin' and lockin', doin' the beatbox
I was in the streets, ock, mean Glock tryin' to be 'Pac
Wisdom came in the form of seein' teeth knocked
Great G's shot, tell me when will the beef stop?
I don't think it ever will
That's why I might seem relaxed, dog, but I could never chill
If that shiesty bitch don't kill me, then the cheddar will
You think like a man with no hands, we could never build
I'm from the era where they measured skill
And if you disrespected the mic, then they disrespect your grill
The era was truly gone
But it's 'bout to be resurrected by the Cauze, Kamach' and big Louie Doggs, what?

This is Gutta Music, pull out your gun, start buckin' to it
We just dumbin' it out, but ain't nothin' stupid
Time waits for no man, and such is proven
We keep it fuckin' movin', ain't nothin' to it
This is Gutta Music, pull out your gun, start buckin' to it
We just dumbin' it out, but ain't nothin' stupid
Time waits for no man, and such is proven
We keep it fuckin' movin', ain't nothin' to it

[Chief Kamachi:]
Yo, the forty days of wack MC's blown apart
Replenish the earth, last miracle, Noah's Ark
Rep like I own a art, Chief whole zone is dark
They want my mind and birth time so they can clone the chart
Hallelujah, Hell 'll do ya, Messiah spark
Crown ruler, crush medulla's, we quiet hearts
While my slum street angel play a riot harp
Confusin' but amusin' to a mind that's smart
What you expect when you hear the fresh fire start
Black sage, urban monk
Spiritually, you deserve the trunk
I got pistols with crystals, you pussies never heard the pump
Futuristic AK's make turbans jump
Leave bodies on the side 'til the curb is sunk, Deer Hunter

[Reef the Lost Cauze:]
This is Gutta Music, pull out your gun, start buckin' to it
We just dumbin' it out, but ain't nothin' stupid
Time waits for no man, and such is proven
We keep it fuckin' movin', ain't nothin' to it
This is Gutta Music, pull out your gun, start buckin' to it
We just dumbin' it out, but ain't nothin' stupid
Time waits for no man, and such is proven
We keep it fuckin' movin', ain't nothin' to it

[Vinnie Paz:]
With the Jake I'll never cooperate
A fuckin' vial of hate that God forsake
I'll scar your face, Allah Akbar, God is great
You an animal that speak with the cops
Bleed the block, Vinnie Pazienza, Reef and Kamach'
I'll feast on the crops, leave your body bleedin' from shots
My stone hands leavin' you with unbelievable knots
A key to the lock, my spiritual is an anomaly
I got the spirit of Bill Hicks inside of me
Military minded, shoot to kill
With the weaponry of Minister Farooq Khalil
It's Lucifer's will, why Abyssinians fail
But Israeli troops 'll storm the Palestinian jails
It ain't like we never lost before
I just think we should externalize the cost of war
I'm like a sorcerer, Black Tibetan monks
Louie Dogs, my thoughts is pure

[Reef the Lost Cauze:]
This is Gutta Music, pull out your gun, start buckin' to it
We just dumbin' it out, but ain't nothin' stupid
Time waits for no man, and such is proven

Jedi Mind Tricks Lyrics

"Black Winter Day"

Torn apart now
I cannot have this combination
And fusion of your elixir
Torn apart now
These are the choices we've made
Do I swallow or walk away?

Most of my adult life I've been torn into two
If you love me, then I love you and this song is for you
It's tight hard when you know that you sick
And your shorty seeing you as an emotional wreck
The closer I get, it's like the farther I feel
And my heart has turned into this heavy armor and steel
It's hard to be real, hard to listen to the dumb shit
And I take a lot of pills cause it numbs shit
I wish I had another path to follow
Wish that I could be a man and learn to pass the bottle
A graphic novel, my future a box or an urn
Having dreams about death, but I'm not that concerned
And I'm diseased, through the seasons they turn
Watching leaves from the trees turn diseased and they burn
I'm eager to learn, but I'm holding my breath
And every day alive is just another closer to death

Torn apart now
I cannot have this combination
And fusion of your elixir
Torn apart now
These are the choices we've made
Do I swallow or walk away?

Yeah, I've been alive longer than I expected to be
And took care of everything that's expected of me
Took care of my girl and my mother
I told her that I'm always here and I love her
I handle shit differently cause I'm grown now
And the truth is that I'd rather be alone now
I'd rather not have to deal with the day
And I hate when people ask me how I'm feeling today
My brother Rasul, we had a beef and grudge
But we grew up together, cousin, so it's peace and love
I wish y'all the best, I wish y'all the shine
I wish I didn't wanna off my thoughts with a nine
I'm thoughtful and kind, but I'm evil alas
But everything I love has turned to a tedious task
I feel that life a waiting game for people to pass
But nobody ever want you to see through the mask

Torn apart now
I cannot have this combination
And fusion of your elixir
Torn apart now
These are the choices we've made
Do I swallow or walk away?

I don't wanna be a burden to y'all
I just wanna know exactly what my purpose is for
I feel like nothing I do is ever right
And that I'm acting a fool another night
And I admit, I don't take care of myself
So I do a lot of thinking and preparing myself
'Cause the fact is my father died young and I might too
And it ain't any way to tell what I might do
I don't wanna leave my mother behind
I don't want for her to cry, because the struggle is mine
I don't want for her to grind no more
I don't want for her to work a 9-to-5 no more
I ain't have to work a fucking 9-to-5 before
So I'm trying to get this money to provide for y'all
And if the shit ain't work out and I'm suddenly gone
Just remember that the motherfucking love isn't gone
Pazman

Torn apart now
I cannot have this combination
And fusion of your elixir
Torn apart now
These are the choices we've made
Do I swallow or walk away?

Jedi Mind Tricks Lyrics

"Pretty Little Whores"

I'm like Jesus to you
Rapping to me is like breathing to you
In second nature but someone had to teach it to you
The flow is hard like a Roman statue
I'm in the zone like Tony Rome holdin' chrome go in the back you
You're goin' one on one with Vinnie Paz
A chubby ghini with a mini mag gimme' henny slimmy bag
And that's why AOTP is tied sick
Cuz ya'll, ya'll all overrated like Mike Vick
An ice pick through you're fuckin' frontal lobe
Jedi Mind and Outerspace about to run the globe
So you should be prepared cause' it's apocalyptic
I'll be the first one on the battlefield to cock a biscuit
You in on the statistic, just a motherfucking crab-rapper
Lyin' on the floor, why did I get stabbed, rapper?
And ya'll are old enough to see Pingeon
It's Vinnie Pazienza with my mother fuckin cousin DTOP

[?]
We don't aim to please; we in the squeeze just to break your knees
Leave you cryin' like a bitch if you don't take it ease
Leave you dyin' like the snitch just to quick the ease
(All the pretty little whores)
I'd expect numerous nights, movin the mics, adrenaline rush
Move to the left, move to the right
So much henny backstage I started losin' my sight

So don't run me up with no dumb shit
The fuel ignites, venomous spray, Sixteens headin' your way
And if I want you dead in June you surrender in May
Black guys and black moons when we enter the stage
These feral bones break forever and forever decay
The catacomb could pretend that this couldn't weather the storm
I'm in the zone, tough as leather where content is the swarm
If it's my home, it's whatever let the weapons be drawn
I let your dome be the center of a traitorous poan
Ya'll ain't close to clever so watch your words
Or ya'll goin' to be exposed forever as a knocked-out herb
Ya'll fake pussy pomes, ya'll got a lot of nerves
Open your mouths once again, you're gonna eat the curb
Fuck it
[?]
We don't aim to please, we in the squeeze just to break your knees
Leave you cryin' like a bitch if you don't take it ease
Leave you dyin' like the snitch just to quick the ease
(All the pretty little whores)
Outerspace

Ya'll are like bitches, I talk vicious
Your walk switches and everything you spit is foul
My shit's ridiculous nigga
Every word disturbed from the hood to the 'burbs
All my thoughts absurd
That's why we chalk up herbs
Every syllable makin' them pull their skirt up
Rhymes is like rims I poke 'em out into the curb up
Son, you better roll when I'm rappin'
Every *[?]* of straight bullet you bitches are straight tap dancin'
We get it crackin' like coke back in the '70s
It's 2005 nigga, crack open the hennas now
We allowed to say and do whatever
So whenever you want it bring it nigga, we do it better
And the reason that I know you a prostitute
You snitched, sold your soul and it wasn't for a lot of loot
I gotta boot and it fit in your ass
Truly you're as planetary, put your flags at half-mass

[?]
We don't aim to please, we in the squeeze just to break your knees
Leave you cryin' like a bitch if you don't take it ease
Leave you dyin' like the snitch just to quick the ease

Jedi Mind Tricks Lyrics

"Blitz Inc."

[King Syze:]
Yeah!
Blitz, Incorporated, nigga, we comin' to get y'all niggas
Uh! Army of the Pharaohs
Check it out, yo...
Best believe, we roll up on your squad like a blitzkrieg
Better get your man, or would you rather see him bleed?
We here now, we ain't got time to wait
Make no mistake, real niggas challenge their fate

[Vinnie Paz:]
Yeah...yeah this is war, cousin; I cock the hammer and kill
It's Vinnie Pazienza outta Hamburger Hill
You ramblin' still? We scramblin' still
If the beast doesn't get you, then the ambulance will
So hand me your steel...I fire iron when
I find a faggot caught in the spell of Leviathan
I keep my eye on him...cause he a bastard
Sever the head of the gator in Lake Placid

You motherfuckers is blind, you need glasses
I seen how the game changed, I adapted
I seen how your dame changed to my madness
I seen how your brain maimed by my axes
But you a fascist...and y'all thugs
You as genuine as a mother-in-law's hug
We the veterans that'll be sendin' y'all slugs
But we gentlemen, so tell 'em it's all love

[King Syze:]
Yeah, yo...yo I'm demented, nigga; be prepared for what you facin'
The mind of God and Satan combined with domination
I'm the rawest, roughest, toughest thing you ever heard of
In my studio session, blessin', MC's be gettin' murdered
I'm one of a kind, puttin' one up in your fuckin' spine
When I get to shine, believe it's through the grind
Damn right, we cocky; I feel no one can rock with us
I bless a mic religous on track, I'm spittin' ignorant
Somethin' you've never heard, dynamic with every word
Gigantic with every slur, most stagnant with every herb, yo
But more polluted, this beat's therapeutic solution
My distribution sentence rappers into execution
Death row, Syze got the best flow
Y'all lazy motherfuckers talkin' 'bout "Let's blow!"
All of us; Q-D plus
Yeah, we goin' right by you like an off-duty bus, nigga

[King Syze:]
Best believe, we roll up on your squad like a blitzkrieg
Better get your man, or would you rather see him bleed?
We here now, we ain't got time to wait
Make no mistake, real niggas challenge their fate

[Esoteric:]
Aiyyo my words murder sets, I'll blitzkrieg your league like a German vet
Bull's eye, slash through your turtleneck
And bones to pick, hit two hundred and six
I'm runin' with cliques that'll hit you like a ton of bricks
Straight put you in a ditch like a mob-related death
I'll take it to your chest, make a mess of your flesh
My paragraphs breed hate
I was sent to Heaven, resurrected with a clean slate, now I sleep late
Men in each state dead from this
The Esoterrorist, a real motherfucker like Oedipus
Your patheticness is why...you motherfuckers touch the mic and die
Guilty is the plea, King Syze the co-D
They won't let us go free...Bloodthirsty killers
Psychological thriller, beatin' my chest like gorillas
We got the city on smash, y'all pity's just trash
While you small-timers finishin' last

[King Syze:]
Best believe, we roll up on your squad like a blitzkrieg
Better get your man, or would you rather see him bleed?
We here now, we ain't got time to wait
Make no mistake, real niggas challenge their fate

Best believe, we roll up on your squad like a blitzkrieg
Better get your man, or would you rather see him bleed?
We here now, we ain't got time to wait
Make no mistake, real niggas challenge their fate

"Deathbed Doctrine"

Quizá sea amistad o bien amor
I'm America's Nightmare
My mind keep stepping in the depths of hell
I don't have it all upstairs but who the fuck cares?
Livin' in the world no different from a cell

[Vinnie Paz:]
There wasn't god before me,there won't be a god after me
Attack you on a cellular level and cause atrophy
I'm a war monger I never explore passively
I would die first so humans a blood match for me
I was in the land of Israel with four Maccabees
I am the perfect machine you can't hack in me
My mind is the perfect regime you can't rap with me
Nine with the infra-red beam and blood splats on me
Vinnie ain't a sucker, he doesn't record happily
I just black out in the darkness of god's tapestry
Boomerang suckers I throw em they come back to me
That's why I travel with guards and 4 gats on me
I don't even listen to y'all, y'all all wack to me
I don't want that bullshit y'all make attached to me
45 calibre claw so fall back from me
While y'all gradually get trapped in the earth's gravity

Quizá sea amistad o bien amor

I don't have it all upstairs but who the fuck cares?
Livin' in the world no different from a cell

[Jus Allah:]
Unafraid of zero, I am made of make believe and miracles
Heroes, I am of space's greatest materials
Spiritual, invisible, immaterial
Simple, insensible, imperial
Indispensable, pinnacle, essential
Uneventful, unpreventable
My mind is sinful, my body's a temple
My soul is cleansable, I'm full of potential
I allure the pure, I adopt the rotten to the core
Copy these atrocities of war
Poke two holes in her shoulder to hold me over
Eyein' me sober is like findin' a four leaf clover

Pray for my obscene behavior, I'm a dream slayer
Call me when you need a favor I'm a team player
I'm a peacemaker, cheap labor
Be with your believed creator, greet nature

[Vinnie Paz:]
For my fam I'mma ride for you, I commit a homicide for you
In the court with the judge tell a fuckin' lie for you (yeah!)
And that's just somethin' that a sucker couldn't understand
How a G shed a tear then hug his man
My mind only paralleled by the laureates
Tell Satan I just caught a body and absorbed his debt
I cock the hammer and I saw him sweat
You must be stupid thinkin' you could be a devil and Allah forget
We the greatest fuckin' clique in the game
If you know somebody better pussy give me they name
It wouldn't be sane, that's a dumb fucking move cousin
I got the Roger Clemens heater 22s cousin
I ain't sayin' y'all can't be around here
I'm just sayin' we ain't gonna let you eat around here
We demons round here, carnivore heathens round here
A bunch of grimy motherfuckin' human beings round here

Jedi Mind Tricks Lyrics

"Deadly Melody"

(feat. Block McCloud & Demoz)

[Block McCloud:]
When you're falling into this tune
It's like you're crawling into your tomb
Deadliest of melodies, deadliest of melodies
Once the wraths get a hold of your soul
It's like you're trapped and there's nowhere to go
Deadliest of melodies, deadliest of melodies

[Jus Allah:]
I don't have the thought to care, it's off, it's my cross to bare
Lost the cross I used to wear, I am cost aware
Partnership with darkness, we're an awesome pair
Sought position, wall facing office chair
In the depths of hell, death for sell
With blood that propels from the cells and every L is extra L
It's hot here, hear the sears from the dropped tears
Its an opera to the ears, of gospel fears
Hot careers, grotesque, slow deaths
Here is where I am nobelist and oversexed
It's a whole mess of loneliness, no regrets
Unholiness corrosive mental Rolodex
I know uncertainty, personally
Murder uncourteously, mercilessly
Sole safe haven, open up my swollen heart
The hole greater than the sum of its broken parts

[Block McCloud:]
When you're falling into this tune
It's like you're crawling into your tomb
Deadliest of melodies, deadliest of melodies
Once the wraths get a hold of your soul
It's like you're trapped and there's nowhere to go
Deadliest of melodies, deadliest of melodies

[Vinnie Paz:]
I'm your worst nightmare, the reversal of Christ here
The only thing you seeing is the shadow and knife glare
Me, I ain't the type of motherfucker to fight fair
Pistol grip pump, chainsaw and a pipe here
Y'all are pussy watered down like a light beer
I don't run from it, I embrace it, I like fear
Texas-Chainsaw Massacre I invite fear
Call me Leatherface motherfucker I'm right here
Call me any other person that's an evil killer
Pazienza Pontius Pilate, call me Jesus killer
Call me Richard Ramirez because he spill venom

I'm Mark David Chapman before he killed Lennon
I was studying my lessons when the Earth was seedless
You're like Judas Iscariot when he murdered Jesus
The way my operation work is like a surgeon's thesis
I'll drink the period blood of a fucking virgin priestess

[Block McCloud:]
When you're falling into this tune
It's like you're crawling into your tomb
Deadliest of melodies, deadliest of melodies
Once the wraths get a hold of your soul
It's like you're trapped and there's nowhere to go
Deadliest of melodies, deadliest of melodies

[Demoz:]
Maserati Mazi
It's the D.E.M.O.Z, nah homie you can't control me
I pop slowly, thinking you know me
Slow, phoney niggas, is starring hard, like I'm looking familiar
If you don't owe me, I ain't looking to kill ya
Still it smell too funny
The plot thicken, a lot of you die snitching
Ligaments missing, illiterate niggas die hissing
Why would I wanna trade my soul for your riches and lose to the Devil?
I never break the rules of the ghetto
From borough to borough, I rep the most thoroughest city, Philly
The livest rhymers, pay homage 'cause I'm a survivor, you lying Demoz, either you love me or hate me, hug me or snake me
Lately I been behaving like I ain't got a baby
Maybe it's the way my lady treat me, crazy, shady thoughts
Run through my head by the minute but still I play my part
Peace to every piece of piece of shit, my piece of work
Is not a piece of nothing fronting if I'm bringing peace to Earth

[Block McCloud:]
When you're falling into this tune
It's like you're crawling into your tomb
Deadliest of melodies, deadliest of melodies
Once the wraths get a hold of your soul
It's like you're trapped and there's nowhere to go
Deadliest of melodies, deadliest of melodies

Jedi Mind Tricks Lyrics

"Monolith"

[Jordan Maxwell:]
What we think we understand, where we came from, what we think we're doing
The more you begin to see we've been lied to by every institution
What makes you think that the religious institution is the only one that's never been touched?

[Vinnie Paz:]
I am the annihilator, put apocalypse on lines of paper
We can go toe-to-toe and see whose rhyme is greater
I don't think you ever wanna step inside the chamber
I don't think you wanna see inside the eyes of Vader
Couldn't comprehend the force that I bring
I'm like Rocky Marciano when he walk in the ring
I stalk in the ring, you cowards sounding soft when you sing
But I'm as angry as a motherfucker caught in the bing
It's awful to think, but I'm a warrior and standing tall
And I ain't stopping like the Arab & Israeli War
Ya'll some broke motherfuckers, you can barely ball
I'm eating, my fam eating, cousin, we can share it all
Money the root of all evil, I don't care at all
Now me and Jus is back together, we ain't scared at all
We 'bout to do it all over like it's '99
The Puerto-Rock, the Moreno, and the Ital-i-an

[Jus Allah:]
These are the last days; black plagues, mass graves
Half the slaves, AIDS, cascades, black parades
Backpack-strapped grenades, brazen acts of rage, accolades
May as well have rang the bell at the gates of hell
That's a Dave Chappelle, you must hate yourselves
Chasing your tails, wasting, mate in wells
Read your mail, been tracing your paper trails
Incredible, unforgettable, undetectable, impeccable, the inevitable
Unprofessional, unscheduled, rebel, disheveled, unsettled, un-leveled
You're the friend of a friend, I'm the beginning and end
Model citizen, you just model the trends, you just follow your friends
While my opposite twin, two drops hydrogen, one oxygen

[Vinnie Paz:]
When I'm rhyming your jaw drops
Making every one of your thoughts stop
I'm god while ya'll are wrestling over pork chops
Devil had you thinking we was there when that ball dropped
I ain't gonna front; I was strapped with the doors locked
Now I walk around this motherfucker with 4's, ahk
Big enough to put a fucking hole in the law, ock
That ain't something that you wanna explore, ock
Unless you want the Army come and kick in your door, ock

Unless you wanna end up bloody and wet
Fuck China's government and what they done to Tibet
We from Philly, where the sun doesn't set
Where the motherfuckers rob you with a gun to your neck
Where you shook motherfuckers wouldn't come to the vet
Where your Jordans' getting vicked when you come on the set
Where corrupt cops plant a fucking gun in your vest
Where we retaliate by putting fucking one in they chest

Jedi Mind Tricks Lyrics

"Those With No Eyes (Interlude)"

I, I who have nothing

[Ikon:]
Intersections in real time
The unbroken circle and dimensions of the mind
The tie that binds
The eternal tie that defines
The vanity of my insanity in due time
Will shine
Like the night seas under the moon
The haunted corners of familiar rooms
Yet I'm consumed
With vanishing into thin air
The realization that this shit is my cross to bear
So where
Did I think I could run away to see
The people that decided to leave without asking me
But we
Decide to wait for happier tomorrows
And find someone so they can be distractions from our sorrow
But my distraction's the books and paper that I scrawl in
I'm eloquent as summer breeze and leaves that have just fallen
I've crawled in a corner hoping all of this will end
With the knowledge that love is just another word for revenge
I who have nothing but the comfort of my sins
I who have nothing but the comfort of my friends

I, I who have nothing
I, I who have no one
I, I who have nothing
I, I who have no one

[Ikon:]
As I decay, demons prey above me like a vulture
Ability to endure contradiction is a high sign of culture
Verbal sculptures, self defacing
It is not God or lunacy that I am facing
But the erasing of the purity and passion of my words
The herds of cattle babble on with talk of the absurd
But I preferred
To walk away from all the feuds
To find my life is more confusing than a Rubik's cube
So I'm subdued
In all my words of verbal prods
To live alone one must be an animal or a God
But it's official
All of my pain is clear as crystal

The natural side of life has now been seeming artificial
But I can hit you
And rest assured that I'ma last words
I could give a fuck about ya secrets and ya passwords
I get past words and their ability to hurt you
Patience is a virtue and knowledge is a commercial
I who have nothing but the pain that I've referred to
I who have nothing but the pain that I've referred to

I, I who have nothing
I, I who have no one
I, I who have nothing
I, I who have no one

[Ikon:]
Lost among the miracles, I stand alone
And have grown into a being that's sitting on top a throne
I've known
For many years that I would turn to rust
I find a reason for another breath
Before my return to dust
I become one with science and mathematics and the rising of the sun
I'm numb
To all of those who blind and cannot see
The chastiser of the enemy
Perception requires duality
Inspect your soul, the color of coal inside the body
I have hardly, come across them who's holy
Send them to the chairmen to control thee
Burning of the sun and frigidness of the cold
The battlefield is new but the war is now old
You can never see the merest shadow of a halo
Above the head of evil jinn who's deadly like tornado
The world has become an aquarium
Full of gaping fish with murderous smiles
I on the other hand stand on the outside looking in
Writing down murderous vows
I who have nothing but the lack of variation
And I who have nothing but chains and suffocation

I, I who have nothing
I, I who have no one
I, I who have nothing
I, I who have no one

Jedi Mind Tricks Lyrics

"Trail Of Lies"

In the land of make believe, you are all mine
In the land of make believe, I'm doin' fine
In the land of make believe, you are all mine
In the land of make believe, I'm doin' fine

Turn the television off, cousin, that ain't nothing for a girl to see
I've got a niece and best believe she mean the world to me
And she don't need to see the shit they think a girl should be
Ninety-pound skinny bitches, that ain't even girl to me
Essentially, this shit designed to take a hold of you
Telling lies till your vision take control of you
They finding different ways to take your fucking soul from you
A show about a model make your self-esteem low for you
Everything is fake, trust me, no one that lovely
I've met a lot of famous people and they fat and ugly
I ain't any better, I just think the fact is funny
That they'll take a little girl and pimp her for the cash and money
And what's gonna become of them in like fifty years
When Hannah Montana turnin' into Britney Spears
They chew you up and spit you out cause no one really cares
And ain't nobody gonna hold you when you really scared
Where the parents at, cousin, this is really bad
Is this the motherfucking manager or really dad?
Is he concerned about his daughter or his silly pad?
This ain't gonna change nothing, I just think it's really sad

In the land of make believe, you are all mine
In the land of make believe, I'm doin' fine
In the land of make believe, you are all mine
In the land of make believe, I'm doin' fine

Turn the television off, cousin, it's a tool for them to cloud the mind
Conservatism, liberalism, they divide the line
The natural feelings of a child is to be calm and kind
Then they show you ads for the Marines and they decide it's time
So they can send you to a war behind their father crime
Then send you home missing a limb and not provide a dime
And the news tell you cops is on the block for people
I'm a put it simple and plain, cops is evil
Take the television show Cops for example
That's the shit that they want America to watch and sample
Never showing you how dirty that they really is
And that they hide behind they badge and that they really bitch
I ain't never met a pig in my life
And I ain't want to catch a body on the jig of my knife
Yeah, that's another fucking topic for another day
I'm a tell you how they'll try to get you in another way

They tell you that there's something wrong with you, you need they drugs
But there ain't nothing fucking wrong with you, they being thugs
They sell drugs in commercials, at the same time
Lock a motherfucker up for the same crime

In the land of make believe, you are all mine
In the land of make believe, I'm doin' fine
In the land of make believe, you are all mine
In the land of make believe, I'm doin' fine

Jedi Mind Tricks Lyrics

"Heavy Artillery"

[Vinnie Paz:]
Yeah, word is bond
Louie Dogs, Gumar-Oz-Dubar, Jus Allah
Jedi Mind, DJ Kwestion, whattup Stoupe

Yo I'm quite calm, write my greatest shit when the light gon'
My hands fast, like Ramadan when the knife drawn
I'm the physical of a tsunami, you a slight storm
This is a spiritual anomaly, a fight song
To guard you now directly in my right palm
Nothing new about it, keep the ratchet with me lifelong
I come through polar caps melt ice gon'
My mother crying to my brother why his life's wrong
Concrete God's school – Allahu Akbar!
The crooked D's in front of the crib inside a parked car
Gumar-Oz-Dubar inside the shot bar
Darts fly at you and severe you like its a sharp star
If we ain't living in hell I'm telling you its hot, bar
Masonic manifestation of God is not far
In reality the sun is just a hot star
The Earth is just a bowl of shit that's where I stomp on

"His blood spill fo'real"
"Heavy artillery in my facility"
"Better call security, it's bout to be on"
"Your whole team is getting blown to smithereens"

"His blood spill fo'real"
"Heavy artillery in my facility"
"Better call security, it's bout to be on"
"Your whole team is getting blown to smithereens"

[Jus Allah:]
I am cyber, I'm a hundred miles of fiber
I am the proprietor of fire, I do not perspire
I fire as I so desire, I'm as dry as a fire and dire
I have tried impossible, I have gotten lightning in a bottle
My logic is not inside a novel
I am unconventional, incomprehensible, it's intentional
It's in general, it's in principle
I'm desensitized to the cries
Blind eyes to demise
I'm despised by the skies
Likewise, I am sand and stone
I stand alone
I'm a candle blown, I have hands of bone
I am smart and old, I am dark and cold

I have a pawn shop of parts, I have a heart of gold
I'm a heartless soul, is my heart bestowed?
Death for all, let the closest star explode

"His blood spill fo'real"
"Heavy artillery in my facility"
"Better call security, it's bout to be on"
"Your whole team is getting blown to smithereens"

"His blood spill fo'real"
"Heavy artillery in my facility"
"Better call security, it's bout to be on"
"Your whole team is getting blown to smithereens"

[Vinnie Paz:]
Brrrrrrrtt...Rrrrrrrttt
Osama Vin Laden
The God Jus Allah, Yo Kwestion where you at baby?
Frank Sinatra, Enemy of Mankind, whadup cuzo?

Jedi Mind Tricks Lyrics

"Seance Of Shamans"

(feat. OuterSpace & Doap Nixon)

Nobody gets out alive until the cops arrive
It's a dirty job but somebody gotta do it
I cause more scare than Godzilla
Made the church people on your block wanna move out
Nobody gets out alive until the cops arrive
It's a dirty job but somebody gotta do it
My style is wild like pitbulls trapped in cages
Made the church people on your block wanna move out

[Crypt the Warchild:]
Every rhyme I write is 25 to Life
Every rhyme you write don't even deserve a mic
Crossing international borders with a bomb threat
You motherfuckers haven't even left your block yet
You're a bitch, you're a ho, here's a prom dress
You wanna try to box with God it's no contest
So keep on thinking this shit is sweet
I'mma start a sandstorm and put you under the Middle East
You got it fucked up homie, I've been a beast
Reptilian tongue and my skin is deep
Rumor has it they say I'm thrown off
Until their limbs is everywhere, wigs is blown off

[Jus Allah:]
Is that the cast of a death mass?
Is that water in a red glass?
Why, I'd thought you'd never ask, it's as legend has
There's a method to the mad, it's direct and fast
Disconnected from the guest it's a second-class
I have left a trail of debt, checks in the mail
Heads or tails, death prevails, never fails
I will never get derailed, that tip is stale
I will never get to hell, that ship has sailed
I'm refined, mastermind after cash and kind
Hand me gunshot pantomime, axe to grind
Pass into the sublime have a laxing time
Have a glass of wine, have your last act of kind

[Planetary:]
Everything they say is irrelevant
I'm an element of rap that defines pure elegance
Elevating my residence, bigging them up
I'm in the hood rocking JMT shit in the truck
Not I Against I because I don't sleep on my stomach
I rock Heavy Metal Kings and watch the barrel of the gun twitch
You're talking dumb shit, hooting and hollering

I lift the cannon and wait for the bazooka to swallow them
I'mma do this regardless of them, I'm the original
Dirty rotten scoundrel surrounding your pinnacle
Block the perimeter, I'll hit you with the fadeaway
Got a bullet with your name on it for a rainy day

[Doap Nixon:]
So many days, so many nights
So much money got fucked up, so many fights
So many niggas got knuckled down for no reason
So many cowards got guns but don't squeeze them
Yeah, that's just the way it is
I finally got a whiz that's ready to bless the sun with a hundred kids
So I can fall back, Ralph Lauren straw hat
Sour Diesel already showed you I'm all that
I won't stop trying to ride on you assholes
First week sales donated to Daschel
You think I'm bugging right?
But it's these zeros in my bank account
That got me saying "Nigga, floss it right"

[Vinnie Paz:]
My brain's vast as the sky is
My heart doesn't know what die is
Pyromaniac rap, Vinnie starts fires
Only an ignorant thought ignored Osiris
And that's why the enemy lost and caught virus
Where I'm from Gods, Earths, 85ers
Y'all ain't got heat underneath it's all wires
I'm on some Samhain shit with bonfires
My whole team animal thug and born liars
You ain't aware of what any the 12 Tribes is
You're a devil who tell the enemy where God is

Nobody gets out alive until the cops arrive
It's a dirty job but somebody gotta do it
I cause more scare than Godzilla
Made the church people on your block wanna move out
Nobody gets out alive until the cops arrive
It's a dirty job but somebody gotta do it
My style is wild like pitbulls trapped in cages
Made the church people on your block wanna move out

Jedi Mind Tricks Lyrics

"Geometry In Static (Interlude)"

"The way in which you destroy an opponent is getting him to destroy himself by dividing his ranks against one another."
"Then you feed both sides, you have agents feeding both sides, inflaming both sides, and they kill each other off. It's time that some of us woke up to this reality, to understand that people who try to maintain empires and create empires do it by manipulating the people they're trying to conquer."

Jedi Mind Tricks Lyrics

"Godflesh"

(feat. King Magnetic & Block McCloud)

[Block McCloud:]
We're so sick with the flow, sing along like you caught a disease
Manifest in the mirror, don't sing lip shows
We go beyond Man it's hard to believe
Guess we're blessed it's a miracle So watch
It's the Army Of Pharaohs bring your squad to its knees
Go from flesh to the spiritual Gotta pray for a miracle
Like Moses when he parted the seas
Yes, yes, it's a miracle

[King Magnetic:]
They talking stupid on the stoop, I'm in the studio with Stoupe
I'm unusually loose, In a movie role with truth
Co-starring, don't spar with no artist my level
Froze target, slow harvest, bogarted by metal
So god but so ghetto, so far but so settled
Don't harbor no problems, no father slow peddle
Roseto late bloom, now silence the method
We all got a history of violence on the record
Except for this record Babygrande, if this lady take the stand
Then my record's playing in the court like a reggae band
Still a lady's man, Mag expects it
I don't get brain, I test dames' gag reflexes
Ecstasy dealer, I bag they X's
Stab 'em breathless without grabbing breakfast
I might pull her hair though, or with something out with air holes
Get lower than a flat when I'm reaching where the spare goes!

[Block McCloud:]
We're so sick with the flow, sing along like you caught a disease
Manifest in the mirror, don't sing lip shows
We go beyond Man it's hard to believe
Guess we're blessed it's a miracle So watch
It's the Army Of Pharaohs bring your squad to its knees
Go from flesh to the spiritual Gotta pray for a miracle
Like Moses when he parted the seas
Yes, yes, it's a miracle

[Vinnie Paz:]
Yeah, yo
You can Never fuckin' test the God
The kickback of the Smith & Wesson hard
Allah think that you a devil for ingesting lard
That's a part of every lesson that he said to Fard
Vinnie never claimed to be a prophet, I'm a vessel God
Me and my seven Mac-11s have a special bond

Same bond when the Qu'ran give me a special calm
I wave the motherfuckin' ratchet like its Desert Storm
And use it so I can detach you from your legs and arms
I'm the one who reinventin the steel
The one who took the art of rhymin', reinvented the wheel
My venom will kill
My spit game like a neurotoxin
They call me blood and guts warrior, Arturo Boxin
It's nothing anything or anyone can do to stop 'em
Matter of fact even attemptin', it's a foolish option
Anyone who try to disrespect my crew, I pop em
Or tell the rest of the Boriqua, bring the tool and ox 'em

[Block McCloud:]
We're so sick with the flow, sing along like you caught a disease
Manifest in the mirror, don't sing lip shows
We go beyond Man it's hard to believe
Guess we're blessed it's a miracle So watch

[Jus Allah:]
Bury them and the Aryans that carried them
All stare, scared their humanitarians
Spare none of them, tear their young from them
Shun them, run them into Kingdom Come's conundrum
Hunt them, punish them, confront them
Drunken them, come undone Sunken
Summons him from the stomach of a sunless dungeon
Bludgeon them into chump to become consumption
Not an option to stop us, fairly obvious
They're innocuous, the despair of the populous
Get your fill of ill-gotten goddesses
Drill them with a modest amount of bottomless promises
Turn the water scarlet red, let it churn from the faucet heads
Get detailed little trails in the carpet threads
Have 'em adamantly slapped on the architect
Havin' carte blanche on the carnage, have my heart set

Jedi Mind Tricks Lyrics

"Terror"

(feat. Demoz)

[Vinnie Paz:]
Y'all motherfuckers woke a demon up
The bullets splatter through your spleen and guts
The whole clique ducking they PO
They need to pee in cups
We murder shit like everything the Europeans touched
I don't even talk to motherfuckers, that could lead to trust
We on our din, Devils only deal with greed and lust
Beat an elephant with bare hands and take his bleeding tusk
Anytime you hear a cop was murdered, best believe it's us
Jus Allah load the Glock, put em in the weeds and dust
I ain't I sucker, I was born with Herculean nuts
Strangle snakes, dangle grapes, fed by European sluts
Y'all know where to come to when you need the fucking trees and dust
Ayo D, *[?]* I need to feed these fucks
I got the power to devour trees, seas and such
I got the power that's the caliber of Jesus touch
It don't matter the caliber, I proceed to rush
Vinnie on a whole nother algebra than the Greeks could touch

[Demoz:]
Let me tell you a little something bout a nigga named Moz
Look in his eye, you could see the evil if you high
You could notice a little nigga that's eager for the sky
Behind bars scarred like Jesus when he died (when he died)
Nigga I was in the hole for a whole six months getting high
Off the reefer thinking, "Why?"
I'm with the roaches and rats hopeless and flatline
[?] and the hole in the crack
Nigga I was in the hole, trying getting my back
Niggas snitching and CEO tried getting my bag
But I don't give a fuck about a snake or a fag, or hater
I'd rather see Adolf paid off, laugh
This is real life, fuck getting paid off rats
And selling my soul to the devil getting paid off rapping
Maserati Mozzy, Pazienza clap boys, *[?]* step back man
You still screaming duffle bag boys

[Jus Allah:]
I have lived a century, I've tapped into my 6th sensory
I am a potential enemy
My entire inner chemistry, every inch of me, is divinity
Unequivocally, supremacy
I have undesired energy
Sins friendly, since empty
Show the prince of peace no clemency

Give him an extremity of insensitivity
Let his kin and ministry witness his disassembly
I just love sufferance, I'm destructive, unproductive
Tussid, not much substance, thug-age
Above judgement, unaware of any error of doubt
Where it counts, I'm a fair amount of paramount
I embody a monopoly of ungodly
The hobby robbed me of my common camaraderie
My apology, arid, insincerity
Charity, very generic, it's hilarity

Jedi Mind Tricks Lyrics

"Butcher Knife Bloodbath"

I give it to you real raw
You try to tackle me you couldn't make me fall
Forget the microphone you need the iron we squeeze
Play around and you'll fall off the deep end

[Jus Allah:]
I am entertained by the pain, moth to a flame
Jarring over your charred remains
Hard to explain to the sane
Tarzan's and Jane's
Smaller brains
The disdained
Harder to obtain, refrain
Unguard your gains
All things obtained are in vein
I am overjoyed to destroy
Boys will be boys
Uncoy deploy noisy toys
Everyday, array of dismay
Dead prey on display
Let the slain lay where they may
Tell 'em how to ban their fellow man
Settle, tell your land
Quell your well in advanced plans
Grace your acquaintances with your complaints
Stated on the page letter
Awaiting the greatest ever
Better late then never
Better you in a crate
One state lesser
One day deader in red shaded decor

I give it to you real raw
You try to tackle me you couldn't make me fall
Forget the microphone you need the iron we squeeze
Play around and you'll fall off the deep end

[Vinnie Paz:]
The bullet quicker than lightspeed, open gates of Midian in Nightbreed
Any one fucking around with Vinnie he might bleed
Hell is hot and that's where the homing device lead
The body or the head only thing my knife need
I don't need to speak Vinnie's philosophy known
Y'all are weak and talk sloppy like Bobby Chacon
Blood shed and war Antichrist the prophecy shown
I tried to tell you that the Bush's were possibly cloned
You should know about distortions of lessons in college

About the water-fuel cell, the suppression of knowledge
I don't call that mother fucking professor a scholar
I call him a profiteering liar obsessed with the dollar
Why we in Iran if all that we want is Osama?
Why we in a jam when all that we want is Obama?
Bush had you thinkin we at war because he asked God
Then blew up two fucking buildings in our backyard
Blat blat blat

I give it to you real raw
You try to tackle me you couldn't make me fall
Forget the microphone you need the iron we squeeze
Play around and you'll fall off the deep end

Jedi Mind Tricks Lyrics

"Death Messiah"

(feat. Vinnie Paz)

Did protons and electrons create the Earth?
Or did Allah meditate, and create his birth?
Is everyday in this place a curse?
Or should I pray on my knees and embrace this dirt?
I don't know if there's a reason I'm here
I feel the only thing that's driving me is reason and fear
And seeing death to me conceivably near
So I don't give a fuck what you think about me reaching for beer
I don't worry anymore about what my friends do
I have a more urgent matter to attend to
Is there something there bigger when I die and vanish?
That weaves everyone and everything into a canvas
I'm not smart enough to think I have a resolution
I'll never be a man with mediocre constitution
My father told me that blood and power intoxicate
And that tyranny is a product of his father's hate

I recognized the guilt and sins of the father
And recognized what's built and what stems from the author
Understand man is not a machine
He needs a surface and a purpose and a reason for being
Either way I'm gon' stick with my fam
Regardless if that's a dream of a ridiculous man
And I'm becoming more indifferent everyday
So naturally all the questions have faded away
Some of the things that I said I hated to say
But blame yourself motherfucker you made it this way
I don't think I would even if I was able to stay
I don't think you're good I would sit to the Angels and pray
But everybody gotta deal with they self
If they cut another throat for the material wealth
If it's a problem are you man enough to deal with the help?
Or are you destined for the darkness of concealing ya self?

I'm trying to deal with the thirty years I've spent in prison
Not the physical because of existentialism
I back myself into a previously dead position
When all I ever had to do was just repent and listen
Why can't everybody leave me alone?
I'm the only one who really need to see that I've grown
You ain't smart enough to see what I know
I like to stab myself and let me fucking bleed till I go
But I'm just scared what would happen on the other side
Tryna fight the good fight, how many of us died?
I don't know if I trust the people that hang with me
Is it God or is it the Big Bang Theory?

I know some really good people and they slang near me
But I don't think karmically that they should hang really
At thirty years old I don't have peace yet
And I ain't get out of the belly of the Beast yet

Jedi Mind Tricks Lyrics

"Intro"

[Richard Ramirez:]
Serial killers do on a small scales what governments do on the large one
They are a product of the times and these are bloodthirsty times
Even psychopaths have emotions if you dig deep enough; but then again maybe they don't
I'll tell you what, I gave up on love and happiness a long time ago

Killing is killing, whether done for duty, profit, or fun
Men murdered themselves into this democracy
There are different sects of Satanism, the Satanist admits to being evil
We are all evil in some form or another, are we not?

Yes, I am evil. Not a hundred percent but I am evil
Evil has always existed, the perfect world most people seek shall never come to pass
Yes, I am evil. Not a hundred percent but I am evil
Evil has always existed, the perfect world most people seek shall never come to pass and it's gonna get worse

Jedi Mind Tricks Lyrics

"Burning The Mirror"

[Vinnie Paz:]
I'm Kool G Rap, Kaczynski and God wrapped in one
I keep a stupid bitch around me just to stash the gun
Fuck a crucifix, I'll use it just to stab a nun
What y'all did is incomparable to what Paz has done
I'm Black Sabbath, you savages get a lashing tongue
I'm black magic and ravenous, you a passive crumb
I'm a Russian AK and you's a Gatling Gun
I only listen to black metal and rap from Pun
I treat bitches like a jewel thief, smash and run
I write ignorance on looseleaf, that's for fun
You have the female tendencies of a bastard son
They say it's parts unknown where the assassin's from
Hey yo, Jus Allah load the Glock, rob his jums
And tell these sucker motherfuckers that the gods have come
I drink clear liquor all the way to blackened rum
The Glock an icebreaker, I don't mean a pack of gum

We that hardcore, we that hardbody
Y'all that cardboard, y'all that carbon copy
We Islamic Moors, we that godbody
We the Russian AK, we the sawed shotty

[Jus Allah:]
My babysitter hung herself, I was way too young to help
It's no way I could've lifted her and strung the belt
Wish she could've gave me something else, cruel summer
But I'm always elated to meet the newcomers
I like to stare at models to compare brothels
Putting air in bottles, sharing pot and Aristotle
With the baddest dime inhaling the traffic line
And we don't talk about past times and astral signs
I'm fearless, there's an eeriness to my appearance
I'm experienced in severeness
I'm embellished in devilishness
I'm a detriment to health and wellness
I'm everything selfish and felonious
I'm only aware of unfairness, Islam and Arabic
Nuclear fission bombs and terrorists
More torturers that would know order
I live in close quarters, bodies everywhere
It's an episode of Hoarders

We that hardcore, we that hardbody
Y'all that cardboard, y'all that carbon copy
We Islamic Moors, we that godbody
We the Russian AK, we the sawed shotty

Jedi Mind Tricks Lyrics

"When Crows Descend Upon You"

(feat. Demoz)

I'm just evil biologically, listen to y'all that make a mockery
Anton LaVey is like a god to me
I am not possibly associated with your democracy
Gary Heidnik is like a shah to me, go to war logically
I conduct self Nostradamusly, I am Ibrahim's last prophecy
Earth is my property, I am possessed like I'm an apostrophe
Vinny Appice is like a star to me
Paz swears silently, cut your fucking head like a lobotomy
Rape the fucking beat like sodomy
Nietzschean philosophy, I am a vampire, I'm proud to be
I cannot be seen in your photography
Vinnie an anomaly, I am not a part of God's colony
Three inches of blood on my carpeting making things hard for me
My own family won't talk to me, I have to pray to Allah constantly honestly

I'm having nervous dreams, nigga this a murder scene
Yellow tape around the booth, no one heard em scream
He don't deserve to dream, nigga this a murder scene
Yellow tape around the booth, I'm having nervous dreams

I let my pistol bang, the Official Pistol Gang
So what's the issue man? I can make a tissue hang
I'm having nervous dreams, nigga this a murder scene
Yellow tape wrapped around the booth, nobody heard em scream

Underground like dirt and the oil
Earth and the soil, I burn like boil
Destroy rappers, King Kong massacre
Bullets ricochet playing ping pong passengers
Won't make it, the real won't fake it
If something don't belong to you then don't take it
A naked eye can look loyal but don't trust em
That's why I chill with women, fuck em but don't cuff em
Cheat and won't treat em, beat em and won't eat em
Leave em and won't feed em
Believe me a cold demon, I am but I won't leave em
Until that we both even
Until she catch me fucking a 20 year old Rican
On top of the fucking bed we make love and both sleeping
Now that's the hundredth time she caught me with hoes cheating
I think I got a problem with being faithful
It's not that I ain't grateful, it's just something about me so hateful

I'm having nervous dreams, nigga this a murder scene
Yellow tape around the booth, no one heard em scream
He don't deserve to dream, nigga this a murder scene

Yellow tape around the booth, I'm having nervous dreams

I let my pistol bang, the Official Pistol Gang
So what's the issue man? I can make a tissue hang
I'm having nervous dreams, nigga this a murder scene
Yellow tape wrapped around the booth, nobody heard em scream

I'm strutting with the black mask, can't pass on the cash
Relax on the grass, can't slack on the slash
There's no rest, there's no 2 and a half hour crash
I'm all about the cash, outwit and outlast
In mass covered in black from gun powder blast
Can care less if you wear a flag or a badge
I'm trying to have mattresses of cash
I'm trying to have the bachelor pad built up with packages and bags
No matter how many bodies amass in the trash
I stay on the move, bad news travels fast
I stay with the smoking weapon and no discretion
It's a gross obsession, I keep it close under low detection
Don't provoke me and don't ask any loaded questions
I don't go for one soul, I want the whole collection
Send you on that long road to perfection
Murder all the men who swore an oath of protection

Jedi Mind Tricks Lyrics

"Fuck Ya Life"

(feat. Blacastan)

Try to stop mines from growing
I'll make your blood stop flowing

[Vinnie Paz:]
I wet the whole entire block then I broke off
Lift the boat off Russian sickle Nikolai Volkoff
I ain't never met a motherfucker that was so soft
I remain fire like folk who ain't turn their stove off
And I still rhyme cousin with a flawless fervor
I got money and catch cases like Roethlisberger
And y'all are Dennis Dixon, that's just something different
I need another prescription, I got a pen addiction
I got a Muslim shorty now but the ex was Christian
She ain't overstand the godliness of my position
Anybody who ain't family is opposition
The M9 got a big nose, Scottie Pippen
Vinnie sipping on the Goose, god hit this marley
My hands running out of fingers, young Vince Lombardi
I got a tet offensive similar to Victor Charlie
I meet a bitch, I don't sweat her, this ain't a Christmas party

Try to stop mines from growing
I'll make your blood stop flowing
Fuck your life

Try to stop mines from growing
I'll make your blood stop flowing
Fuck your life

Try to stop mines from growing
I'll make your blood stop flowing
Fuck your life

Try to stop mines from growing
I'll make your blood stop flowing
Fuck your life

[Jus Allah:]
I make blood money with flecks of blood splatter
It's drug money, the aspect of it doesn't matter
All the blood and death is what gives it the X factor
A lot of blood and sweat goes into the trespassers
I kill swiftly, I like to take life quickly
I take a pint of blood and make moonshine whiskey
I like to keep the 911 lines busy
I like a fun time in a crime-ridden city

All the blood that we use is worth every bump and bruise
Once the hunt pursues we ain't on the Onion News
I don't run from the problems I start usually
We wet you up, no lifeguard on duty
Then I'm at the bar or a movie
Then I'm with a beauty watching hardcore nudity
Had to ditch the bitch that thinks we're dating exclusively
The old grey mare she ain't what she used to be

Try to stop mines from growing
I'll make your blood stop flowing
Fuck your life

Try to stop mines from growing
I'll make your blood stop flowing
Fuck your life

Try to stop mines from growing
I'll make your blood stop flowing
Fuck your life

Try to stop mines from growing
I'll make your blood stop flowing
Fuck your life

[Blacastan:]
I'm that last line of coke that you see on the mirror
Take your last sniff, now you think you seeing shit clearer
I'm the nigga that's behind you waiting to get paid
I'm that hard-assed dick that's waiting to get laid
I'm them Pumas that you rock that was made out of suede
You the nigga came to cop and got caught in the raid
I'm the venom that lies within the king cobra's core
That new blood soaking through the enemy's soul
The spoils of life, the ills of men
John Wayne Gacy, Charlie Manson, killing again
I'm released from the penitent, mind state militant
Bombs underneath the tent, bismillah I repent
Sent to Earth from a distant galaxy
I am no contradiction, far from a fallacy
Freddy in the booth bring nightmares to reality
World War 3, I'm enlisted by JMT

Try to stop mines from growing
I'll make your blood stop flowing
Fuck your life

Try to stop mines from growing
I'll make your blood stop flowing
Fuck your life

Try to stop mines from growing
I'll make your blood stop flowing
Fuck your life

Try to stop mines from growing
I'll make your blood stop flowing
Fuck your life

Jedi Mind Tricks Lyrics

"Imperial Tyranny"

(feat. King Magnetic)

[DJ Kwestion:]
Turn the other way cause you wants no part of that

[Jus Allah:]
I'm disgusted and dissatisfied, I don't need to fucking advertise
I'm a thief, I don't read the fucking classifieds
I like beef, I don't chitchat and fraternize
With police, pastors, or rabbis
I'm one of the bad guys, I never apologise
I don't just walk around with rocks and pocketknives
When it comes to homicide I'm not occupied
Murder's like oxygen to carbon dioxide
I don't know a lot about science and chemistry
My enemies take a lot of time and energy
When I'm not shooting I get iron deficiency
And I don't wanna have the guys look at me differently
I would rather have a gun than an epiphany
Can't really rely on tricks and wizardry
When I get irrational, that'll be practical
Niggas don't believe shit it's serendipity

[DJ Kwestion:]
Southpaw verbal jabs to the mouth y'all
Turn the other way cause you wants no part of that
Southpaw verbal jabs to the mouth y'all
Turn the other way cause you wants no part of that
Southpaw verbal jabs to the mouth y'all
Turn the other way cause you wants no part of that
Southpaw verbal jabs to the mouth y'all
Turn the other way cause you wants no part of that

[Vinnie Paz:]
Y'all in the presence of divine science
We don't subscribe to y'all theory of non-violence
I rule with an iron fist, I define tyrants
I went down the wrong path, that's despite guidance
Yeah and y'all are soon to bleed
And I'm from the house of wisdom Haroon Rashid
A goon indeed, ras-clat, Junior Reid
Y'all overstayed y'all welcome, y'all refused to leave
Refuse to see that the universe is deathless
I define rhyme with divine mind efforts
It's grind time, I design rhyme methods
It's high time y'all enshrine my records
And I don't know why y'all would fuck with the team
That's like standing on the block with no junk for the fiends

Pazienza is in love with the deen
I would jump in front of bullets, shed fucking blood for my team

[DJ Kwestion:]
Turn the other way cause you wants no part of that
Turn the other way cause you wants no part of that
Turn the other way cause you wants no part of that
Turn the other way cause you wants no part of that

[King Magnetic:]
I know what violence begets, timeless regrets
Silently sweat bullets when you ride for respect
Rivalry met (blam!) with the vibe you'd expect
Four-pounder makes you flounder only live on the net
You know the Internet thuggery, Internet fuck with me
Long enough to see my company sucker-free luckily
Paz heard me then scooped me, spaz earned me this two-piece
Clash surely not rufees smashed girlies is groupies
The last rapper to move me, Ras Kass what he doing
Rap after the blood bath half of the movie
Gats strapped to my blue jeans, back smack to Djibouti
Backpack is with Uzis, Black Sabbath and Kool G
Point made like I'm sharper than a shiv
Stab wound when you think you sharper than you is
Charlotte's Web with the kids, only time we talk to pigs
I ain't talking courage when I say you getting jigged

[DJ Kwestion:]
Cause you wants no part of that
Cause you wants no part of that
Cause you wants no part of that
Cause you wants no part of that

Jedi Mind Tricks Lyrics

"Design In Malice"

(feat. Young Zee & Pacewon)

[Young Zee:]
If I don't have the mag I get a bastard stabbed
With a knife big as a claw of an Alaskan crab
Young, I'm down with Vinnie, give me six weeks
All y'all little pipsqueaks is up shit's creek
Think we a joke? I'll put three in your throat
Drunk off gin and C&C coke then we flee in a boat
Then I come open up the spot with Coconut Ciroc
So the hoes'll suck some cock
Then I'll forget to call her, after the nut I get attention deficit disorder
1-5 catch us off X's and dust
Whole clique of registered sex offenders
Pop shit, we'll hold your funeral XVIs
Niggas' money come in Roman numerals
Your block slow now, she fuck with them rappers
Cause y'all niggas' money took a muscle relaxer

[Pacewon:]
I'm the mastermind with a faster rhyme
It's work, not how I pass the time
I'm the mastermind with a faster rhyme
It's work, not how I pass the time
I'm the mastermind with a faster rhyme
It's work, not how I pass the time
I'm the mastermind with a faster rhyme
It's work, not how I pass the time

[Vinnie Paz:]
Our music's strong enough to stop a bomb
I'm putting pressure on you kids like I'm a soccer mom
Who you think idea that it was to stop Saddam?
Who you think idea that was to drop the bomb?
You get your shit rocked ma like Mustafa song
You blowing smoke you motherfucker, you should cop a bong
The nine Taurus jam a little bit, the Glock is strong
I move brutal and use voodoo like Papa Shango
Over a billion Muslims, you could never stop Islam
Over a billion bullets shooting from the chopper's arm
The backstage filled with liquor and a lot of traum'
Cause it's been hard on Vinnie since my father gone
I'm about to blow the fucking horns like it was Rosh Hashanah
This is the calm before the storm, Armageddon's on
Carry a motherfucker head that I shred in 'Nam
I speak literally, figuratively, the prophet gone

[Pacewon:]

I'm the mastermind with a faster rhyme
It's work, not how I pass the time
I'm the mastermind with a faster rhyme
It's work, not how I pass the time
I'm the mastermind with a faster rhyme
It's work, not how I pass the time
I'm the mastermind with a faster rhyme
It's work, not how I pass the time

[Jus Allah:]
You don't have to search and question
I have the purse and the murder weapon
Never get a second chance to make a first impression
I'm no virgin to murder and I'm an urban legend
Rather be of real service than to serve in Heaven
I don't like cops, I don't like co-operators
I don't like traitors or story corroborators
In any problem I'm the common denominator
My behaviour is the product of intoxicators
I'm just blood addicted, it's the other liquid
I'm above the limit off of the blood of the wicked
Don't even ask, there's somebody in the body bags
The blood matches what's on the hatchets and hockey mask
I'm never traumatized, I don't have to compromise
I don't have to economize the homicides
You tell Jesus to take the wheel, my faith is nil
I believe that even Jesus has a way to kill

Jedi Mind Tricks Lyrics

"Weapon Of Unholy Wrath"

This the Official Pistol Gang, I put my mother on it
If I got beef, I ain't got beef, my brother on it
I just punch you in the face for nothing, I love the conflict
And all my grown New York brothers be gunning Spofford
Vinnie God-sent, I'm what Allah meant
Gucci frames, wild nerdy, call him Clark Kent
Me and Jus sat together on the park bench
And said if it wasn't money then it was nonsense
Keep steadily finding ways to stay better
You don't fight, you ducking fights, you Mayweather
Anyway you wanna put it butcher, slay, sever
You looking like Eddie in Delirious, gay leather
You arguing over who the best is but it's me though
I'm arguing over who was better Ozzy and Dio
Bruce Dickinson, Paul Di'Anno? Ay, dios mio
Mel Gibson a racist and Rick Ross is a CO

One's for more liquor, two's for more liquor
Honestly it's my everything, I adore liquor
One's for more trees, two's for more trees
Honestly it's my everything, I adore trees

One's for more liquor, two's for more liquor
Honestly it's my everything, I adore liquor
One's for more trees, two's for more trees
Honestly it's my everything, I adore trees

Yo there's more to life than guns and pleasure
It's just till I find something better
But I ain't ever gonna find a trunk of sunken treasure
I'm a troublemaker, not a fucking double-major
I love being with slug-traders and drug-takers
I have an attitude, my gun has a gattitude
We ain't trying to just have gas and fast food
I'm with high rollers and pistol holders
Gotta stay away from eye-rollers and whistle-blowers
If I ever come in contact with them motherfuckers
Contact a couple bloodsuckers and shovellers
I'm filled with the hate of jihadists and mass-murderers
Don't affiliate with pickpockets and cat burglars
Gotta keep my guard up, had a lot of hard luck
All I got is money for the bars and Starbucks
But why spend cash on snacks and SunChips?
When I can spend a stack on gats and gun clips

One's for more liquor, two's for more liquor
Honestly it's my everything, I adore liquor

One's for more trees, two's for more trees
Honestly it's my everything, I adore trees

One's for more liquor, two's for more liquor
Honestly it's my everything, I adore liquor
One's for more trees, two's for more trees
Honestly it's my everything, I adore trees

Jedi Mind Tricks Lyrics

"Target Practice"

[Jus Allah:]
We come guns blazing like the young sons of Satan
Some occasions gun play comes into the equations
Gotta keep the chrome for home invasions and break-ins
Go to your location with no notification
Quick to pick up the Glocks, fill the clip to the top
Kill the kids, too little too big to adopt
Got a whole lot of lost souls, pick of the crop
Ain't playing the oldies when you hear the click and the pop
It's nothing but ice in my veins, the devil has a mic in my brain
Has a lot of good advice to retain
What's not to like about the guy who had Christ slain?
I don't have the right to gripe and complain
I have to hide the remains, I have to get Tide for the stains
I have to buy ties that can bind and restrain
I have to find lives to attain
I'm looking for a homicide, offering a ride from the rain

Yo buscare el camino hacia ti, yo buscare el camino a tu amor

All you motherfuckers days is numbered
Attack the winter and I slay the summer
Pressure bust pipes god, I don't pay the plumber
Y'all don't put me to sleep, it's more of a state of slumber
Pimp shit, smash skins like your favourite drummer
I'm a shooter and a shooter do what a shooter please
A history of the broken land of the Sudanese
I spit a verse and a motherfucking computer freeze
The right hand is a bomb, it'll cost you two MCs
It's suicide rapper you can hang from Judas trees
We destroy and rebuild while y'all just shoot the breeze
Me and Buddha are separated by two degrees
The army gear is military and the boots are trees
The kevlar isn't a problem, I'll just shoot his knees
I rock a Panerai watch, y'all are boosting tees
Dirty money on the block, I recoup with ease
Y'all can't afford a sixteen, I'm charging stupid fees

Yo buscare el camino hacia ti, yo buscare el camino a tu amor

Jedi Mind Tricks Lyrics

"Carnival Of Souls"

(feat. Demoz)

[Vinnie Paz:]
I'm an ape in the cage, getting more amazing with age
AK's and Grenades, matter of fact I slay them with blades
They blantantly gays, faggots in berets at parades
And see, my team is unbeatable, the stadium staged
I'm basically crazed, walk in circles, pacing for days
I'm basically dazed, and lost inside a satanist maze
You face the brigade, I hate you and I pray you get AIDS
I go hard on hard beats, y'all to lazy to shave
Too lazy to bathe, and so y'all hate on the God
I'm sick of y'all eating off the same plate as the God
Y'all could never build or conversate with the God
You shooting guns off, I would bomb a nation for God
(I'm a suicide bomber) Y'all don't want no confrontation with God
Y'all are swine eaters, that's abomination to God
(Al hum'du Allah) So put some faith into God
The objective is to finally conquer fucking Satan with God

[Demoz:]
I think we got a problem, take me out this fucking column
See all these phony actors, I don't like these phony rappers
Fuck all the story telling, I don't like these story fables
You niggas sound like cable, fuck you and your fucking label

I think we got a problem, Vinnie Paz a fucking problem
Maserati, I'm a problem, Jus Allah's a fucking problem
Criticism from critics but we don't fucking care
All we hear is the drum beat and the fucking snare

All I got is too much hate, not enough love
Too many plates, not enough grub
Too many snakes in the grass
I gotta kill one, cause the gun ain't got enough slugs
Body under the belt, not enough blood
Shotty under the shelf, not enough thugs
You're a bitch you ain't gonna do shit, suck a dick
Cause I been had your bitch in the lobby on drugs
I ain't no plug, I ain't no snitch
I ain't no blood, I ain't no crip
Motherfucking hood, where I be, everyday
You don't like me?
Come see me nigga, I ain't no bitch
Far from the last man damn man
You could be the man what they said
So I focused on the damn plan
Face straight like I just did a handstand

Used to be shy now I'm focused like a head cam
Demoz, say hello to the sandman
Gun pop, good god where your man layin'
See that bitch right there with the damn tan
Couple shots put the bitch in the damn van
Take her home put her in the zone
Dick like an L, she gonna put it to the dome
Wack DVDs all these niggas in the streets
Showing niggas where they live and their fridge and their chrome
Nigga please
Do you really think I'm dumb enough to show a motherfucking nigga where I live at
Jeopardize where my wife and my kids at
Come home find my young boy kidnapped
Nigga hit that L that you hit, because you motherfuckin crazy if you think I will
Pistol Gang to the day I hang
Or I see my death, I'm gonna keep it real

I think we got a problem, take me out this fucking column
See all these phony actors, I don't like these phony rappers
Fuck all the story telling, I don't like these story fables
You niggas sound like cable, fuck you and your fucking label

[Jus Allah:]
You should make peace before we pull the peace-makers
I don't want the streets waking up the sleeping neighbours
I don't want police pacing up the streets later
But the killing has me feeling like a teenager
Sign your soul over, here's a blank piece of paper
I'll fill in the details, you can read it later
We should keep in contact, I may need a favour
It's not breach in contract, no release, and waivers
It's slavery and cheap labour is a decent bargain
It's monopoly, I'm landing on free parking
It's blood out here, gotta keep my teeth sharpened
Gotta keep cream, gotta keep a green garden
You doing everything you can just to keep from starving
I'm Rastafarian and partying, usually with more than one darling
It's disheartening, bitches know I ain't Romeo or Prince Charming

Jedi Mind Tricks Lyrics

"Willing A Destruction Onto Humanity"

Hotboxing the whip with piff from the ziplock
Guns come from Big Lots, blunts from the Quick Stop
Scheming on a plot trying to rob Mr. Big Shot
Strip you for your little chip of the rock
Stay equipped with the Glocks, you left for dead sifting through rocks
Gave your girlfriend my dick in a box
All the dirt I got on my hands I should have rocks in my wristwatch
But I pick Glocks over chocolates in the gift box
Chase you down the staircase, pop you in the lobby
Feed you hot slugs, each shot is a hot tamale
Spot where we put the bodies is hot as the Mojave
Probably time to find a new hobby
Before cops is sending out the bloodhounds, rounding up the posse
Reckless niggas with more records than disc jockeys
Play their records on CNN and Hard Copy
Play the part where they show the heart in the autopsy

Everyone of you is alive, your death has got nothing to do with it
You already survived many deaths, but you don't know anything about it
How much have you learned in this life?
How much have you truly learned that makes a difference?

I'm a motherfucking headhunter, a cold winter to a dead summer
Doesn't matter the weather, I'm still a lead-dumper
You can find the fucking body in the red dumpster
20+ years, cousin couldn't dead hunger (Still hungry, motherfuckers)
See it's the gutter that I rap
I nickname gats, they my butterfly effect
The boxcutter or the TEC
Some of my brothers is on their deen, some of them provide the wet
And some of them provide the birdos
Jail motherfuckers that'll buck you on their furlough
I run through a wall, never heard of hurdles
Manos de Piedra, I'm Roberto, you a fucking herb though
I've been getting money since my third show
My new Kel-Tec is berzerko, only smoke the purple
Y'all just fucking stand around in circles
Me and Jus Allah controversial

Jedi Mind Tricks Lyrics

"Chalice"

(feat. Chip Fu)

[Chip Fu:]
Now everybody talk 'bout this and that
They chit and chat but seem that them that know exactly what to say, hey
Even when everything is going astray (going astray, people)
No, no way
Cos when I see them that know, they running for the mountains
Like when them explode
And even when them gun exposed
See those
All the people that you have to keep away (Keep away y'all)
See trust me then they know

[Jus Allah:]
I have been to Hell before
Befriended the Devil and Skeletor
Wish I could visit the fellas more
Wish that I could get more bodies through the cellar doors
I'm always thinking of others
Should probably think of myself more
But I don't worry about sells and house scores
I'm more into L's than health stores
I like wars and whores, tours and shores
Liquor and Coors
Sex, cigarettes and sycamores
Always got one to roll up and one twirled
All about guns and girls in this underworld
So I got a truckload of guns and gusto
But I don't go around shooting ducks and buffalo
I like it when the streets are crowded
I don't think to be discreet about it
Drinkin' blood beats a salad
So I gotta put a lot of work in
Cause I'm usually thirsty again
Before it even leaves the palate

[Chip Fu:]
Now everybody talk 'bout this and that
They chit and chat but seem that them that know exactly what to say, hey
Even when everything is going astray (going astray, people)
No, no way
Cos when I see them that know, they running for the mountains
Like when them explode
And even when them gun exposed
See those
All the people that you have to keep away (Keep away y'all)
See trust me then they know

[Vinnie Paz:]
I'm shining out here, Jedi Mind grinding out here
I'm from Philly where it's filthy
Take your diamonds out here
Motherfuckers broke eating Top Ramen out here
Fuck the police, graff writers is bombing out here
Ain't nobody better at this fuckin' rhymin' I swear
Any second, any minute, any time of the year
I remember when it was nothing but violence out here
Now these faggots rappin' like they fucking common out here
I'm about to set the mother fuckin' drama out here
45s Gabilondo, big Llamas out here
Everybody think it's sweet cause now Obama out here
He the third cousin of Bush, he lyin' out here
You the lamb I'm the mother fuckin' lion out here
Where were y'all when my step father dyin' last year
I'm once in a lifetime, Halley's Comet out here
Gods and Earths and Moors, we Islamic out here, yeah

[Chip Fu:]
Now everybody talk 'bout this and that
They chit and chat but seem that them that know exactly what to say, hey
Even when everything is going astray (going astray, people)
No, no way

Y'all don't wanna fuck with us
Y'all don't really want to fuck with us
Y'all don't wanna fuck with us
Y'all could never fuck with us
Don't really want to fuck with us

Y'all don't wanna fuck with us
Y'all don't really want to fuck with us
Y'all don't wanna fuck with us
Y'all could never fuck with us
Don't really want to fuck with us

Jedi Mind Tricks Lyrics

"Bloodborn Enemy"

You are really of the Devil.
Wait, I'm sure we can come to an arrangement.
I'll give you anything you want.

(Cause I gotta kill or be killed, counter attack)

I am the reverse of Christ, I am horrible, I'm the worst advice
I squeeze coal in my hand and then it converts to ice
My whole world is cold blood. It's a serpent's life
I was fighting in Damascus with a Persian knife
I burn a motherfucker head. I'm in Hell's Kitchen
Fuck a cop, fuck a bitch, fucking Mel Gibson
The new wakata on the street smell different
I was rocking Jordan 7s while you sell Pippens
Everyone I trust in a box
So talking to y'all is just like talking to cops
Call me boxcutter Pazzi cause I walk with the ox
And though he ain't here physically I walk with my pops
Yeah but physically I walk with the Glock
And if an officer is shooting then an officer's shot
I'm a fat guinea motherfucker, walk with a bop
And it ain't never been a question if he soft or he not

Cause I gotta kill or be killed counter-attack
Cause I gotta kill or be killed counter-attack
Cause I gotta kill or be killed counter-attack
Kill or be killed counter-attack

Cause I gotta kill or be killed counter-attack
Cause I gotta kill or be killed counter-attack
Cause I gotta kill or be killed counter-attack
Kill or be killed counter-attack

All I think about is crime, I forgot to buy a valentine
I'm out my motherfucking mind in a crowded line
Full-time murderer, no time to buy furniture
Rather re-clip burners than clip through the circular
Rather be a burglar than flip burgers
Any stitch of work will make me wanna commit murder
I am all thugs and drug fiends, screams and blood streams
Guns that can sink submarines, clubs and love scenes
Thugs in hot tubs, queens and umpteens, Vodka, Rock of Love
Angels and adversaries, Raspberry Absolut
Hash and grass, V8 splash, passion fruit
Life is a battle, I'm out of sight with dim lighters around
Knife and a frown, just another night on the town
Endless horrors of manslaughter days in a row

Leave you all dressed up, no place to go

Cause I gotta kill or be killed counter-attack
Cause I gotta kill or be killed counter-attack
Cause I gotta kill or be killed counter-attack
Kill or be killed counter-attack

Jedi Mind Tricks Lyrics

"The Sacrilege Of Fatal Arms"

The kind of music you play scares people
Why shouldn't people be scared by you?

[Vinnie Paz:]
Vinnie scream "fuck the world" like Shakur
Y'all ain't never really enlist, you pussies stuck in war
Stick a bottle through the esophagus, I'll pop your jaw
I ain't worried about them, they drop deader than Rocky 4
I'm Willie Pep on the defensive, Vinnie box them all
Y'all are pussies, y'all see faggots and y'all will drop your drawers
I'm the hardest motherfucker, I'll stop a storm
I walked into the jungle, cut off all the lion's paws
Black gloves, black mask so who would've seen him?
Y'all don't shoot, y'all play with guns, you Gilbert Arenas
We ain't from the same pain, it's different procedures
Me and Jus the same veins and same intravenous
Yeah, I judge a man by how he dies
Stuff his ass inside a van then the coward dies
Jus Allah who I turn to in a scuffle
Muscle never turns to fat, fat turns to muscle

I'm the unforgiving, psycho-driven murderer
I'll send you home in a body bag you fag
I'm the unforgiving, psycho-driven murderer
I got a problem solver and his name is revolver

I'm the unforgiving, psycho-driven murderer
I'll send you home in a body bag you fag
I'm the unforgiving, psycho-driven murderer
I got a problem solver and his name is revolver

[Jus Allah:]
My niggas will put your dome in a wall from one phone call
Trying to be such a fucking know-it-all
Niggas pop a hole in your boy, put you with Pope John Paul
Shove your body inside of a hole in the wall
I survived every close call, keep the guns loaded to brawl
It's the overall protocol
Y'all just throwing a whole lot of shit at the wall
I'm throwing a mix of nitrogen and glycerol
We get the pistols from the Big and Tall, you in the trash
Your phone got a million missed calls
I'm with half an ounce and a whole lot of alcohol
I'm blacking out, I'm always around the outlaws
Day in and day out it's murder on the menu
As your team searches for missing persons continue
I'm in blackness where black magic is practiced

It's the habitat where my gat's the happiest

I'm the unforgiving, psycho-driven murderer
I'll send you home in a body bag you fag
I'm the unforgiving, psycho-driven murderer
I got a problem solver and his name is revolver

I'm the unforgiving, psycho-driven murderer
I'll send you home in a body bag you fag
I'm the unforgiving, psycho-driven murderer
I got a problem solver and his name is revolver

Jedi Mind Tricks Lyrics

"Street Lights"

I have the killing gene, I have machine guns and guillotines
I'm the guerrilla of Philistines, I'm living the killer's dream
I just let the victim kick and scream
Get the blood and smithereens out with Mr. Clean
Separate your figurine into different dumpsters
I'm getting hungrier and I ain't getting any younger
Niggas should've killed me, now the wait's longer
And the incapability made me stronger
I'm 'a die in service, I serve a higher purpose
I ain't nervous of what surfaces from wire searches
Mom sits inside a church reciting Bible verses
I'm entitled to idle my homicidal urges
I don't prefer help, getting to the death quotients
It works by itself set in perpetual motion
But I remove it, there's some probability to use it
Cause I might lose it, present company included

The street light is the only light that ever shine
Kill devils with metal from the Beretta nine
If I shine I shine heavy metal grind
Must be out your fucking mind, never question mine

The street light is the only light that ever shine
Kill devils with metal from the Beretta nine
If I shine I shine heavy metal grind
Must be out your fucking mind to ever question mine

You should never upset the man, the bullets the size of Pepsi cans
I am godly while y'all are doing the best you can
Me and Jus Allah lions and the rest are lambs
I am possibly atrocity in West Sudan
I'm humanism, I'm through the prism of western man
I'm pugilism, I'm voodooism, I bless the sand
My hands are made of titanium, I could wreck a van
Lazarus, I am from Damascus and I am Sham
I ain't letting go until the fucking clip is done
Y'all offbeat, every word I speak hit the drum
The most beautiful thing to me is a glistening gun
I find y'all is entertainment while I'm sipping rum
And if I ever fall on hard luck
I'll put some white on the street like a salt truck
Cause I ain't trying to be hungry again
With these lowlife motherfucking dummies again, never again god

The street light is the only light that ever shine
Kill devils with metal from the Beretta nine
If I shine I shine heavy metal grind

Must be out your fucking mind, never question mine

The street light is the only light that ever shine
Kill devils with metal from the Beretta nine
If I shine I shine heavy metal grind
Must be out your fucking mind to ever question mine

"Intro"

"A thousand tomorrows follow each other
Is there security in that tomorrow?
There is security in the pursuit of tomorrow
In the pursuit of the future
Which is time."

Jedi Mind Tricks Lyrics

"Poison In The Birth Water"

You motherfuckers better guard your grill, conquer the kill and bow to the architect
Every single beat and rhyme is poisonous as arsenic
Murder just a part of it, I can see the art in it
I can see the pain and the fallen angel in all of it
You a shell of your former self and that's unfortunate
Artillery is heavy and ammunition inordinate
I would never start a fucking war that wasn't warranted
Bullets flying back and forth at you like it's an argument
I'm up to here in shit; it's either shovel it or walk in it
It doesn't go away just cause you choosing not to talk of it
I don't even rhyme over a beat: I fucking torture it
Like taking a butterfly and ripping the wings off of it
There's drama, muhfucker, then I'ma be at the heart of it
Take his fucking head and demolish it
I'm on some Damala shit, Mississippi, maul a God, all of it
You a sweet vic, Pa, lighter than a Parliament

"Straight up and down, you don't want no conflict"
"I draw first blood, it's over with, and that's that"
"Cause I'ma send you home with your muthafucking teeth missin"
"The worst slaughter / Devils poisoning the birth water"
"Straight up and down, you don't want no conflict"
"I draw first blood, it's over with, and that's that"
"Cause I'ma send you home with your muthafucking teeth missin"
"The worst slaughter / Devils poisoning the birth water"

You muhfuckas ain't cut like that
Have your whole fam wondering where they loved one at
And the po-9 wondering where they suspect at
I ain't doing five bullets, money, fuck that rap
I will cut that cat, I will put him in the ambulance
Bullets from the automatic make 'em do the Hammer Dance
You a lost cause, muhfucka never had a chance
Pazienza rhyme like a muhfuckin' avalanche
I'ma let this big Colt four-five rip off
And lift a muhfucka off his feet like a tip-off
Son got mangled cause he was starting to lip off
I hit him till his shoulders touched back like a kickoff
I talked a lot of shit for years and dumbed out
But that's why we have two ears and one mouth
Nowadays, most of my peers has run out
And that's why ghosts appear at son house

"Straight up and down, you don't want no conflict"
"I draw first blood, it's over with, and that's that"
"Cause I'ma send you home with your muthafucking teeth missin"
"The worst slaughter / Devils poisoning the birth water"

"Straight up and down, you don't want no conflict"
"I draw first blood, it's over with, and that's that"
"Cause I'ma send you home with your muthafucking teeth missin"
"The worst slaughter / Devils poisoning the birth water"

Jedi Mind Tricks Lyrics

"Rival The Eminent"

(feat. Lawrence Arnell)

[Vinnie Paz:]
Listen y'all do not want beef
I will 86 a pussy, La Couspaude
I ain't talking to this parle if I'm not gon' beef
If I take an L, I take an L and that's on me, you see
I waited all day, mama gravy-made
And if the bitch behave herself, I'll take her down to Katie Spade
You disrespect me, I Glock a pussy like Flavor Flav
The Ghost Rider, the coke whiter than mayonnaise
And you don't want an issue with the Kings
Cause muhfuckas walk around with pistols in they jeans
It ain't always superficial as it seems
Cause we had a little issue that was ripping at the seams
But now we back again, on a Stoupe track again
Heavenly Divine when I taught you about the Vatican
We smoking wakata sippin' on the yak again
Edwin died, so we had to get up out the trap again yeeeah

[Lawrence Arnell:]
Time travelin', swords rattle, we Cry Battle
Jackets is full metal, we be throwin' em at you
Build you a shrine, have your people make you a statue
That's what happens when disaster comes natural
Time travelin', swords rattle, we Cry Battle
Jackets is full metal, we be throwin' em at you
Build you a shrine, have your people make you a statue
That's what happens when disaster comes natural

[Vinnie Paz:]
Either we shoot the guns or we shoot the five
But either way you shootin with Vinnie is choosin suicide
I ain't tryna fuck around with y'all or catch a 2 to 5
But I ain't gon' let you disrespect me you will lose your lives (you motherfuckers will die)
C'mon why you tryna compete dude?
Break your fuckin' jaw now your only option to eat soup
Chop the muhfucker up, I don't need a complete loop
Me and Stoupe just needed a couple minutes to recoup
And I ain't got the whole entire fam in yet
There's a bunch of shit that I ain't got my hand in yet
Listen, you can't even walk that shit
You got jewels? I will make you come up off that shit, stupid
I ain't made hajj, but I'ma do it soon
Momma still crack me in the head with a wooden spoon
C'mon, dummy, why you do that for?
I'm the Hacksaw, crack y'all, 2x4, yeah

[Lawrence Arnell:]
Time travelin', swords rattle, we Cry Battle
Jackets is full metal, we be throwin' em at you
Build you a shrine, have your people make you a statue
That's what happens when disaster comes natural
Time travelin', swords rattle, we Cry Battle
Jackets is full metal, we be throwin' em at you
Build you a shrine, have your people make you a statue
That's what happens when disaster comes natural

Jedi Mind Tricks Lyrics

"Hell's Messenger"

I don't leave nothing to chance, it's no one to guess
And I play everything real close to the chest
The 2016 Range Rover is next
And I walk through the Valley of Death with no stress
Marvelous money to murder y'all, gold bullion
Fifty dudes, parkside, killers wear skully on
That's the glass table that I'm putting your medulla on
Black trees, black ski mask, black uniform
The shiny black .45 is my bitch
Cause I understand that nothing in the world is a gift
Ain't no magic what I'm doin', ain't no Merlin in this
The stupidity the reason Donald Sterling exist (you stupid fuck)
I was eating pills with Van Morrison in Gloria
At the Waldorf Astoria, called shorty up
If you're looking for a father figure, call Maury up
You a Dr. Seuss rapper, made the whole story up

Who the one that always gotta drink?
- That's me!
Always getting thrown into the bing?
- That's me!
The one that always holding all the hammers?
- That's me!
Who run up in the club and go bananas?
- That's me!
Who the one that always gotta drink?
- That's me!
Always getting thrown into the bing?
- That's me!
The one that always holding all the hammers?
- That's me!
Who run up in the club and go bananas?
- That's me!

Oyster Perpetual and bottles of Chandon
Everything you thought that existed is long gone
Waiting on an opium shipment from Hong Kong
Y'all approach to what we created is all wrong
Everything that we emulated are raw songs
Everything that y'all haven't made is in poor form
ECW Jerry Lynn when he fought Storm
You an asshole masturbating to soft porn
No guns, iron deficiency, you anemic
Audio heroin intravenous, my sun like Phoenix
Love the second the boss seen it
The route take longer but it's much more scenic
See, me and my brothers have been waiting for a while now

Giving you the time to get your wack-ass style down
Matter fact I think we gon' have us a pow-wow
Your guns go boom-boom, mines go BAOW BAOW

Who the one that always gotta drink?
- That's me!
Always getting thrown into the bing?
- That's me!
The one that always holding all the hammers?
- That's me!
Who run up in the club and go bananas?
- That's me!
Who the one that always gotta drink?

Always getting thrown into the bing?

Stoupe whattup!!
They bitin' our shit, silly, Papa
That's why we gotta reinvent the whole shit
Yo, word is God, I ain't dissing y'all by name
I just slappin' y'all in the face, stealin' our shit, man
How many years? 15 years?
Nah that's not long enough

Jedi Mind Tricks Lyrics

"Merchant Of War"

While you cuddlin' a harlot? I sleep with the four
Official Pistol Gang, we be the reapers of war
It doesn't mean that you welcome cause you kick in the door
I'm the boss, why you filing grievances for?
Graff writers use the thump out toys
Keeping both eyes open for them jump-out boys
I will body motherfuckers if they pump that noise
Been down since Disco 3, become Fat Boys
Let me fall back, let me take a sip at the bar
Cause Vinnie in the hood like I'm fixing your car
I'm the overlord, I don't need permission from y'all
I get a migraine every time I listen to y'all
Listen y'all ain't never live in abyss
Where them hollow tip bullets spit quicker than Rittz
The nine always concealed, I'm letting this bitch breathe
Your body gonna be mistaken for Swiss cheese

The front and the back, what you want? Where you at?
When my killers with the pistol grip pump on your lap
Where the blunt? Where the gat?
Where the funk? Where the strap?
When my killers with the pistol grip pump on your lap

This another hell storm, point blank mail bomb
The ambulance take you away and not Calgon
Dirt weed in a backpack full of Krylon
Move rock for yards without seeing the pylon
None of y'all could ever be on the level that I'm on
Traveling trajectories with crystals made of ion
Jeffrey Hunter need to find another place to die on
I don't know what drugs y'all muhfuckers high on
Whoever told you, you should do it, gave you bad advice
I'mma put a few in you, then blast you in the afterlife
You ain't even half as nice, bloodier than passion Christ
You want a body? Give me a pen, a bottle and glass of ice
I'mma do it my way, fish and edamame
Chase a very fine glass of wine with a latté
My music age well like it's related to Sadé
Vinnie put a few shots into 'em like Bombay

The front and the back, what you want? Where you at?
When my killers with the pistol grip pump on your lap
Where the blunt? Where the gat?
Where the funk? Where the strap?
When my killers with the pistol grip pump on your lap

Jedi Mind Tricks Lyrics

"La Montagna Del Dio Cannibale (Interlude)"

(feat. Yes Alexander)

The fakeness of your stare
Will be what kills me horribly
I will bring me back home

The fatal instinct of fire keeps you warm
And can burn you to death
Will you keep me warm?
Or leave me to burn?

Jedi Mind Tricks Lyrics

"Fraudulent Cloth"

(feat. Eamon)

[Vinnie Paz:]
Our friendship seemed to be based on what I could do for you, homie
The sad fact is I'm the type of person that would take two for you, homie
You ever give so much till a muhfucker can't give no more?
Give so much of his soul that he feel he can't live no more?
What you want from me? You want blood from me, want another dub from me, money?
You wanna drain me of every single motherfucking drop of love from me, money?
I can feel the eyes staring at me even when it's dark, even when it's cold
I can feel Allah staring at me even though I'm marked, even though I'm old
Y'all are just some "gimme" muhfuckers, "take more off Vinnie" muhfuckers
Never giving back, don't know how to act, just a bunch of shitty muhfuckers
Gradually night goes on, gradually life goes on
It's tearing me apart, never really thought that I'd have to right this wrong
I don't think I'm anti-love, I just think I'm anti-y'all
I just think I'm anti-every-muhfucker-tryna-plan-my-fall
I was never planning to be great, something that began as a mistake
But me being me, mama always told me I should always share what's on the plate

[Eamon:]
And just waking up is enough of a struggle today
And most of these phonies that's close to me push me away
But there ain't no weeping I'm keeping this enemy deep in my veins
Cause I love the pain

[Vinnie Paz:]
And just waking up is enough of a struggle, I don't wanna deal with the darkness
Have a motherfucker laid up by himself tryna heal from the conflict
Ever have someone close to you tell you that you really can't when you can?
I wouldn't know nothing 'bout that bullshit and that's the stamp of a man
And the same one who blamed me, the same one who defamed me
Can't make his own cash, can't wipe his own ass like a baby
Everything is past or it's light, everything is passion and hate
Everything is everything and I don't think I need to keep a track of the date
Everybody take what I offer, everybody play like a pauper
The same ones with they hands out, be the same ones that hate when I prosper
Tryna be a gentleman of sorts, tryna be a better man, of course
Tryna set a living, understand that I'ma always be a veteran of loss
What's the physiology of love? What's the physiology of pain?
What's the physiology of every single person that will probably get to reign?
I don't like when liberty is wrong, I don't like when misery is gone
I can tell all y'all one thing: all y'all gone' miss me when I'm gone

[Eamon:]
And just waking up is enough of a struggle today
And most of these phonies that's close to me push me away
But there ain't no weeping I'm keeping this enemy deep in my veins

Cause I love the pain
And just waking up is enough of a struggle today
And most of these phonies that's close to me push me away
But there ain't no weeping I'm keeping this enemy deep in my veins
Cause I love the pain

Jedi Mind Tricks Lyrics

"And God Said To Cain"

(feat. Afro AKA All Flows Reach Out, R.A. the Rugged Man & Eamon)

[A-F-R-O as Don Corleone:]
Don Corleone here to tell you about loyalty, respect
And underground shit

[A-F-R-O:]
The myth of a man let your bridges wither and dance
Oblivious now, primitive, I'm Olympian, now it's routed in pistols
Allow me to buy the album, child imbeciles
I was a coward out to intend powerful minutes for
The crowd, the men, the rowdy, loudest towered sour diesel
Out to seek a pile of reeking, reaching demons, wild deacons
Denial deep, denial seek the child
Teaching my own preaching means
And thinking why I'm leaving rhymes leaking by the evening
Who'da thought the hammer hit ya?
The Ruger spark, leave you handicapped, trapped in wheelchairs
Drop bomb, calm flow forming on
Important, I'm raw mob (Don Corleone)
Take this offer, the vengeance refuse to
Amend all you're used to, remember that you're useful
Uh, and the Godfather speaks
R.A. and Vinnie Paz, Stoupe on the beat
Let's go, Let's get it

[A-F-R-O & Eamon:]
You go against the family, you get buried
It's R.A., A-F-R-O, Stoupe and Vinnie P
Cause most these rappers nowadays is fairies
And y'all could never fuck with JMT
(Fuck around and catch a left and a right fist)

[R.A. The Rugged Man:]
Yo, to the piano blue diablo, do an Amadou Diallo
Out the Kilimanjaro, animal, Italiano
Mario Bava giallo, I beat Apollo, you eat a hollow
Hole in your middle, look like a seed of avocado
Life gone, I'm beyond body harm, carry an arm in my palm
Leave you bloodier than Carrie at the prom
Man, Van Damme kick a foe
Mantan
Wigger, whoa Bam Bam Bigelow, bigger flow, Riddick Bowe
Summer eighties Bananarama, da ha da ha
Had the hammer to Alabama to where the crackers are
Animated Hanna Barbera rather Cameron Avatar
Stamina like the man out of Panama, Paz and Allah
Macking Mary Magdalene, Howard Hewett from Shalamar

Rapping assassin like I'm back with Rawkus and Agallah
Pill to a blondie, the ill Bill Cosby
Ill hobby, kill the body, Ingagi, I killed Gandhi
I like Chi-Lites, dice and knife fights
Mics syllables slang slit you, scissor precise slice
Sacrifice, lose suitable beautiful life price
And I could conquer the Devil and I could revise Christ, c'mon

[A-F-R-O & Eamon:]
You go against the family, you get buried
It's R.A., A-F-R-O, Stoupe and Vinnie P
Cause most these rappers nowadays is fairies
And y'all could never fuck with JMT
(Fuck around and catch a left and a right fist)

[Vinnie Paz:]
The mythical man, who come from indivisible fam
You pitiful fam, this shit is gon' get physical fam
You kicking the can, I'm visual like Dario Argento
Like stabbing you with a pencil inside of the instrumental
If that ain't what you was into, I'll slide inside of your mental
And provide you with a rhyme, that can silence the instrumental
I body you with the Ginsu, but that'll probably be drawn
It's not so hidden, the God economy gone
And I'mma probably be wrong and y'all will probably be on
The anomaly is how you'll be on a quality song
The bodies is on my lawn, the bodies have been deformed
The bodies have been piling up, but I've been silently calm
I had to sound the alarm, I had to try to get rid of em
Riddlin' with the Ritalin, little bit of adrenaline
A little bit of medicine in the middle of Ital' and
The only way to really begin again is to end again

[A-F-R-O & Eamon:]
You go against the family, you get buried
It's R.A., A-F-R-O, Stoupe and Vinnie P
Cause most these rappers nowadays is fairies
And y'all could never fuck with JMT
(Fuck around and catch a left and a right fist)

[DJ Kwestion:]
You know who I am
I'm back and ready to fight
You know who I am
Come out your belly and get shot drastically
You know who I am
I'm back and ready to fight
You know who I am

Jedi Mind Tricks Lyrics

"Destiny Forged In Blood"

You came thru the door, with the chain and the saw
And the 'caine and the raw, and the flame on the four
I would never think that you could change to the core
But I seen't it before and it strangled the boy
And I remember that we was workin' hard for the deal
When you giving everything inside ya heart, and it's real
The only white boy that was sharp for the kill
But Eminem was evidently harboring skill
And the arson was real, and the starvin' was real
Are you kidding me? Literally, all the darkness was real
And the sharks in the field, make it hard to appeal
The apartment was filled, with the dark and the pills
That was just an element that's par for the course
And we signed on the dots, and we fought, and we lost
And we won, when we brought our fuckin' gun to the courts
Now me and my two brothers is just one with the boss yeaaah

Don't ever in ya life play God with me
I'm a seven time rhyme winner you's a nominee
Hit me with a passport, stone, drugs, ornery
Bullets spit fast God, Bone Thugs Harmony
And don't even question who I'm targeting
It ain't no one specific, this is just a slaughtering
This is just an offering, this is just a torturing
This is just an everyday occurrence of The Sharpening
This is just a neutron bomb in the palm
I'm the God, I'm the wrong, I'm the calm in the storm
I'm the ever living every single garment that's worn
I'm Imam, I'm Islam, I'm the thorn and the horn, baby
I was on the mic ("1, 2 – is this thing on?")
You was just an asshole, rama lama ding dong
Bullets go forth back, back forth, ping pong
Vinnie hold arms like a person with a sling on, yeaaaah

Jedi Mind Tricks Lyrics

"Il Tuo Vizio E Una Stanza Chiusa E Solo Io Ne Ho La Chiave (Interlude)"

(feat. Yes Alexander)

My love please do with me what is dear
And the love that could keep us apart again
No gun nor blade will keep me from loving you
Even without body I will stay true
I will not love you to fade away
To the end my darling
To the end, to the end

Jedi Mind Tricks Lyrics

"Deathless Light"

Official Pistol, guns drawn

When you pray for the rain, you gotta deal with the mud
And when you pray for the pain, you gotta deal with the blood
You ain't capable to hate, if you ain't able to love
But it get muddy in the middle, so I stay with the snub
And I'm Official Pistol 'til the veins stop runnin'
You in hell and it's hot when them trains stop runnin'
And you don't have a choice when the game start dummin'
And your physical is still, but your brain start runnin'
Why I let them eat, but I must have been out of it
Like walked in a portal inside of Being John Malkovich
Y'all are talking loud, but you should just turn it down a bit
Your hands over your head, like you was reading a counterfeit
And I don't rhyme over nothing if it don't sound sick
And all of y'all muhfuckers bite is like a brown pit
Clap at you, like you wearing cap and gown shit
A bunch of Sicilianos shoot at you inside a Crown Vic'

I don't know you, and you don't know me
We should go separate ways, I'ma keep it OG
Come on, I don't know you and you don't know me
You should go that-away, I'ma keep it OG

Young boys out here think that rappin' is dead
Glorifying dirt bags and they trappin' instead
I'ma resurrect hardbody rap from the dead
Crucify 'em like Christ, put a rack on his head
I've been here for twenty years, and y'all have been here for two days
Ain't nobody talking to you dippin' into Kool-Aid
Razor under the tongue, I cut you like a school day
Blood spill in high definition like a Blu Ray
The bullets in this motherfucker small, but the shotty big
Recoil make you kick back like Karate Kid
I ain't tryna offend a motherfucker but I prolly did
I ain't playing 'round, motherfucker, some'n gotta give
But I don't give a fuck, money, I will get your nana hit
Vinnie a gorilla, I will feed you a banana clip
Only way to get 'em dirty is to get your hands in it
And I don't play politics, I was never a fan of it

I don't know you, and you don't know me
We should go separate ways, I'ma keep it OG
Come on, I don't know you and you don't know me
You should go that-away, I'ma keep it OG

Jedi Mind Tricks Lyrics

"No Jesus, No Beast"

The murder hadn't occurred to me, burgundy wasn't burgundy
Purposely earth to me like a virgin had given birth to me
It's irking me that you would consider uttering words to me
Nervously urging me to keep killing and killing perfectly
Certainly third degree burns followed by having surgery
When he deferred to me, he was poisoned by drinking mercury
Hurdling over things that are currently in my periphery
It's all a blur to me, I was never sensing the urgency
Never sensing emergency, never sensing the thrill
Never sensing the certainty, never searching the kill
Was never searching, everything was done in the name of wicked
The brother's name was indifferent, the hunger pain wasn't lifted
That was Satan, black wings and a man made pedestal
The only fucking rapper could see me is my identical
Another story, another chapter, another parable
I missed making music with Stoupe, cause he incredible

"God is the 777"

Vocally none of y'all are approaching me or come close to me
Hopefully you're aware that you only holding my groceries
Openly holding the only opening in the hope to me
Provoking me is only gonna result in a choking spree
Supposedly I was sent by holiness, it's unknown to me
Loaning me Book of Law without Aleister Crowley owning me
Globally doing things that you only could dream of locally
I son you motherfuckers like you was peddling dope for me
The guns is always with me so I would never feel lonely
Combine it with the fact that I'm irresponsible socially
Supposed to be the art of the mechanism of action
Embezzlement of the fraction, the pessimism of passion
It had to be the psyche and the cunning of the Assassin
The tongue will give you a lashing like Punisher when he's rapping
I bludgeon you just for asking where the other fucking rapper is
Chopping bodies up and mail 'em out in several packages

"God is the 777"

Jedi Mind Tricks Lyrics

"The Kingdom That Worshipped The Dead"

(feat. Dilated Peoples)

All over the U.S States, even London

[Evidence:]
Yo, I trust the pain, what I say is best
What my studio suggests, my life is a mess
Standing in the rain playing Reign Of The Tec
A big bang in my dame, still claiming respect (Fuck)
Known for sunsets, know they go west
A rolling stone don't stay in no nest (No)
Fresh off the plane and played with no rest
No gang, so I came in the game with no vest
I keep it simple life officially free (Right?)
Rolling up tobacco with medicinal weed (Hahaha)
You hear the rapture in my laughter
Create greatness from the visions that I capture
I'm after the gold and after that platinum shit
I think I'm over that, cause that ain't gonna happen
In L.A. my whole life, so I'm sick of the glamor
But I can make an order fill clicking on the camera

Check it, who wants to disrespect?
The undefeated, undisputed
Crazy hardcore, no sell out
Everyone in my circle is dominating

[Rakaa:]
Sacrifice, born twice, the messiah and Christ
The height of the night, the darker the times, the brighter the light
The truth is often lost in the score
That pure life essence left on the cutting edge of the sword
Good lord, I grab the mic like a biblical staff
It's mythical math, baptism, miracle bath
Calligraphy is graphic, graffiti's scribbled in wrath
That'll split you straight down the middle in half
Or get your cantaloupe slipped in your jab
It's the expanded man, 'mano y mano' meaning 'hand to hand'
Each coward standing for nothing, they don't stand a chance
When reality falls heavy as an avalanche
The rock n roll hall of fame mind frame rhyme scheme
Man of war, I don't chase trends, I make times change
Rakaa's Jedi High Council, rare honorary Pharaoh
Learn to aim a little high to hit your target with the arrow

Check it, who wants to disrespect?
The undefeated, undisputed
Crazy hardcore, no sell out

Everyone in my circle is dominating

Check it, who wants to disrespect?
The undefeated, heavyweight
Crazy hardcore, no sell out
All over the U.S. States, even London

[Vinnie Paz:]
C'mon, dummy, your whole squad trash
Money piled up like an interstate car crash
I don't waste time cause y'all ain't worth a dog's ass
I could smell pussy from the time you first walked past
Sosa told The Skull to kill Tony
And how you gonna ask for more, but still owe me
Some of y'all 'round the real, but still phony
The six by eight in the box is real lonely
I'm tired of these muhfuckers, that's in my coat tail
They're only in my cypher, cause they know that I sold well
Throw this rap muhfucker over the boat rail
Marciano and Shala, hope that it goes well
This traitor over here, he a snitch like Avena
And his career only seen on the History Channel
I'm Cobain when he playing every riff in the flannel
Ain't you house trained yet? You still piss in the kennel, stupid

Check it, who wants to disrespect?
The undefeated, undisputed
Crazy hardcore, no sell out
Everyone in my circle is dominating

Check it, who wants to disrespect?
The undefeated, heavyweight
Crazy hardcore, no sell out
All over the U.S. States, even London
All over the U.S. States, even London
All over the U.S. States, even London

It's over

Jedi Mind Tricks Lyrics

"The God Supreme"

I feel sorry for your mom muhfucker, you a waste
When I say that you my dog, I mean a muzzle in your face
The streets and the deen have me struggling with faith
The guns mad big like Mutombo on the waist
I'm a gorilla, God, jungle is my habitat
Murder many infidel, Yasser Arafat
How you wanna talk shit and tuck your chain after that
Infrared beam green, aim it where your cabbage at
Dirty money lord you can check the back plate
Run up on this ras clot, show him how the gat tastes
It's a million muhfuckas in the rat race
I ain't part of that God, y'all can get the gas face
Fuck all fates, see you at Allah gates
All my dogs gonna swarm on you like raw steaks
Pies and jums, I'mma let 'em all bake
And if Vinnie here, rap in good hands like Allstate

It's the storm without the calm, a pistol in my palm
It's the blood being drawn from your body on this song
It's the life that I'm living, no fucks that I'm giving
It's a murder scene, tell the fucking ambulance to get 'em
It's the storm without the calm, a pistol in my palm
It's the blood being drawn from your body on this song
It's the life that I'm living, no fucks that I'm giving
It's a murder scene, tell the fucking ambulance to get 'em

I'm always trying to break bread
Always trying to take the fucking crown so I can take heads
Underground rappers, more bummier than bass-heads
Head-shots leave y'all Planet of The Apes dead
Jeff Chandler, I'mma let them hands fly
Just in case, Vinnie keep shooters on standby
Anybody told you any different, it's a damn lie
You ain't really beef, real beef get pan-fried
I be in Japan high, y'all be on some stupid shit
Philly streets, muhfuckers cross you like a crucifix
In sha Allah, I'mma be alive like Busilvex
Four pound, break your chest up like Mucinex
Dead cause I said so, I'mma let the TEC blow
Fiends lined up like an Air Jordan retro
Ill from the get-go, I just caught a homi'
The bullets pierce kevlar, hotter than wasabi

It's the storm without the calm, a pistol in my palm
It's the blood being drawn from your body on this song
It's the life that I'm living, no fucks that I'm giving
It's a murder scene, tell the fucking ambulance to get 'em

It's the storm without the calm, a pistol in my palm
It's the blood being drawn from your body on this song
It's the life that I'm living, no fucks that I'm giving
It's a murder scene, tell the fucking ambulance to get 'em

Jedi Mind Tricks Lyrics

"In The Coldness Of A Dream"

(feat. Thea Alana)

[Thea Alana:]
Heaven or hell, which one was your home?
You lived on the edge of death with your gun

[Vinnie Paz:]
The deepest deepness is only chaos and death
Séance and breath when they play on the flesh
A queen like Neferu lay on his chest
The dïn is forever, take prey on success
I can find God without needing a coordinate
Hand to hand, man to man, feeding the unfortunate
Seven gold cities of Cibola isn't all of it
Cut a lion's head off and wear it like an ornament
This isn't something that's conventional in its origin
It's a situation of people needing some more from him
It's primordial for the Devil that want a war with him
Chaos and conflict always has been the norm for him
He was a product of Makavelian myth
Sacred mushrooms and some Amerindian piff
The Navajo twins that carried me in the mist
To Korriban and into the academy of the Sith

[Thea Alana:]
Heaven or hell, which one was your home?
You lived on the edge of death with your gun
Your wounds became scars
When you murdered your storm
You levitate high up above

[Vinnie Paz:]
Either physically or non-physically, I'm still getting paid
Hovercraft move like an Escalade in Everglades
Wise men only reminisce over better days
Groups of lamb legs served with teriyaki marinade
Mind like Stanley when he was directing Spartacus
I was getting drowned in the dark abyss
Now I'm like an arsonist
Fill your fucking body up with cartridges
And catch enough homi's, that'll open up an orphanage
And they don't know the father is a product of the rules
It's silently and vitally inviting you to lose
The truth you're looking for isn't seen in the world news
It shouldn't have effect on the healings that y'all choose
Y'all ain't have the pleasure to live life in hell
The guns mad big and sing like Adele
Ain't no other word got a ring like 'rebel'

The weight is mad heavy and bring life to scale, stupid

[Thea Alana:]
Heaven or hell, which one was your home?
You lived on the edge of death with your gun
Your wounds became scars
When you murdered your storm
You levitate high up above

Jedi Mind Tricks Lyrics

"Lemarchand's Box"

(feat. Yes Alexander)

[J. Krishnamurtit:]
The future is what we are now
What is now... And the pain of separation and the fear of death
What we are now, that's our consciousness, that's our being

[Yes Alexander:]
Every time you fall asleep
They crawl right inside you
Wake, you feel them creeping away
At your light

Tear off your skin
Gon' slowly tear off your skin
Tear off your skin
Gon' slowly tear off your skin

[Vinnie Paz:]
I got you, you got me
I got you, you got me
I got you, you got me
You got me, I got you
I got you, you got me
I got you, you got me
I got you, you got me

The Book and the Blood On Jerusalem Street
And the Midnight Meat Train movin' the heat
Rawhead Rex had Coot in his teeth
Every single one of y'all food for the beast
And the human remains are the room for the pain
And there's rules to the game when you're new to the game
But it's blue in the vein and you shoot it again
And the sins of the Father until the Lucifers reign (Y'all ain't seen Christ!)
Every time you think you hit bottom, bottom will drop(God's shittin' Death!)
The Body Politic have your stomach tied in a knot
I don't rule Hell but I'm merely a servant
Hell has come home to appeal to the person
Peer through the curtain, deal in a burden
Rather die standin' than kneel to the virgin
The blue go red, and the red go to black
And you move with the dead till the dead isn't that!
Murda!

[Yes Alexander:]
Tear off your skin
Gon' slowly tear off your skin

Tear off your skin
Gon' slowly tear off your skin

I could never save you
You could never save me

"Al Bid-Aya"

(feat. Yes Alexander)

[Jiddu Krishnamurti:]
"Does God exist, or not? Yes, or no? If yes, how best to realise him in this life?
Man throughout history from the ancient Greeks, from the ancient Sumerians, had this idea of God, right? I am not at all sure whether in the Upanishads and... whether they mention God at all. Or is it a later invention? What is God? I am not attacking God... I am not... denying god... but we are investigating whether there is such a thing as God"

[Yes Alexander:]
Only what you fear
Like this war unreal
See behind the veil
You want the hearts to fail
Give them my all your seed
But your spine they'll keep
Destroying your body
Fuck them, come break free

Jedi Mind Tricks Lyrics

"San La Muerte"

Yeah
My mic sound good?
Yeah (rata-ta-ta-ta-ta-ta-ta)
One-two, one-two
Yeah (Raise the gates)
Look. Yeah. (rata-ta-ta-ta-ta-ta-ta)

It's node sub-optimal, so watch it when the Ruger spit
Record the homicide so I can watch how many views it get
Fuck the world, fuck 'em all, I'm tired of this music shit
The goombah gon' move regardless of who producing it
You dumb if you don't think that it's a shot gon' fly
I will cross your fucking T's and I will dot that eye
I will pop that nine, I will tighten the grip
You a sucka, you the type to take advice from a bitch
He defied God so he had to get his name cursed
Armed to the teeth, carry metal like a change purse
Make a list of raw motherfuckers, put my name first
Every single line is by design to make your brain burst
High like a motherfucker, I ain't hit the ground yet
Dumpin' till the whole clip empty like a sound check
Twenty plus years, Ahki, I ain't lost a round yet
Kemetic Orthodoxy where the ritual was founded

Nothing ever is enough, everybody getting touched
Motherfuckers is running up on me
The drama don't stop, get your whole block shot
All these shooters is running up on me
I got a big street sweeper, I'm the hood Grim Reaper
Motherfuckers is dying around me
My trigger finger stay itching, we cooking in the kitchen
I ain't fucking with nobody but me

So come hell or high water I'mma watch for the drop
I make this graveyard crowded like a popular spot
Nowadays it's kinda hard to tell a cop from a ahk
I'mma aim the chopper either way and pop who I pop
Listen, he a traitor so he left for the hills
Screaming high-pitched, crying like he Stephanie Mills
Ain't no iller voice in this shit
Die now or die later, that's the choices you get
It's moist and it's wet, living here is literally hell
Bodies stacking when I crack 'em like the Liberty Bell
This dummy broke, looking at the bottom of the pint
I'm coming with the heater like the bottom of the ninth

That's Allah and that's my life, wanna see me it's nothing
Just know that either way with me it's gonna be a concussion
Body bags everywhere, machetes here to chop 'em up
Put his body on ice and slap him like a hockey puck

Nothing ever is enough, everybody getting touched
Motherfuckers is running up on me
The drama don't stop, get your whole block shot
All these shooters is running up on me
I got a big street sweeper, I'm the hood Grim Reaper
Motherfuckers is dying around me
My trigger finger stay itching, we cooking in the kitchen
I ain't fucking with nobody but me

Jedi Mind Tricks Lyrics

"Rashindun Caliphate"

Yeah, Jedi Mind
Look, yeah

Ayo doggy this about to get real, real dark
The bulldogs barkin' and them steel wheels dart
I don't call it theft if you steal real art
I'm like Benny Hinn medicine real deal heart
I'mma have him looking through his hands like peekaboo
This nerd seen looking for his body like Pikachu
They don't have to look far, he dead in the cathedral
He don't need air plus the body bag breathable
They still out here pitching the coach
And them D's waiting on him like a slippery slope
If you want the man to hang himself then give him a rope
And it's 10 below out here give him his coat
Your ass bent watch somebody playing with the shooter
Now the shooter gonna have to aim at your medulla
Everybody know Vinnie keeping it stacked
Everything above board, I'ma leave it at that

A young man went to see the world
What did he find? He found a war
He learned to kill, and then to cry
Until he cried no more

Ye, put you in the solar system with Shamesh
The murder came easy to me but I digress
Who want romp with me? Hmm?, why test
Oh, y'all wanna hate on me? God bless
Son thought living was the center of his purpose
But he ain't have God at the center of his worship
It's like the venom of the serpent
Talking to a person who a veteran insurgent
He like Medusa in the pit but he don't know he dealing with the nucleus of this
See, I'm the Lex Luthor of this shit and I'm gonna have to find another boot for you to kiss
The fire gonna burn and I'm lighting the gas
That's the easy way to learn now he enlightened to ask
It's twenty-plus years and we did it our way
Lights dimmed down Vinnie hallway

A young man went to see the world
What did he find? He found the war
He learned to kill, and then to cry
Until he cried no more

Jedi Mind Tricks Lyrics

"Freshco & Miz"

"I mean, I understand it's a business
But come on, make an another reason why you made it for 50-60 dollars
I find dollar records that, that is, you know, and that's the truth
Because they all, they all start at a dollar
The guy that showed you that beat and it becomes so popular
He got it for a dollar or 50 cents, he didn't pay two hundred dollars for it (he payed 50 dollars)
And you know, he didn't pay anything for it
He payed a dollar, two dollars
Five dollars, tops
Now all of a sudden the fucking record is two hundred-something dollars
No, no, no, no, fuck that"

Yeah
We on that Freshco & Miz shit our here, pop
Listen, one two, yeah, yeah

Listen, money, you ain't gettin' nothin' from me
And the eighth of sour diesel medication for me
And the shit you spit – that's softer than vapin' to me
All you get is hard work and dedication for me
And my brother Stoupe, he cook in a basement with me
That was years ago, now it's like it's ancient to me
We the definition how you age gracefully, B
I'm a God-fearer, ya'll are more of Satan to me
I don't fuck with swine, ya'll a piece of bacon to me
Ya'll as soft as baby shit, ya'll are jaded to me
This is complicated, ya'll do it too basically
And being scary was never a sensation for me
The best record ever made it take a nation to me
And this microphone it was always faithful to me
It cost money just to have a conversation with me
Time is money, dummy, I ain't got the patience in me, yuh

Listen, yeah
Listen money, you ain't gettin notta from me
Not a penny, not a nickel, not a dollar from me
Or the Fendi or the Gucci or the Prada for me
Get a job, muhfucka, stop botherin' me
[?See I looked at Nicodemo?] like a father to me
My work effort too crazy to get farther than me
All you dirty mothafuckers should be honoring me
It's been twenty years of tryna take my aura from me
What you see as glamour life is like a horror to me
I ain't tryna lead a crib, it's always drama for me
That's the reason why I always got the lama on me
Cause they tryna hang a motherfuckin' charge over me
Ain't no judge in his right mind pardoning me

He gon' throw the book at me, ain't no bargain' for me
I'm a bad lieutenant, you just like a sergeant to me
Build with gods on another level, father degree, yeah

Jedi Mind Tricks Lyrics

"When The Body Goes Cold"

I was born with the devil whispering in my ear
I'm done trying to fight it
It's almost as if the darkness has showed me the light
You are a god

One two, yeah, pack pistol Pazienza
Yo Stoupe, what up hermano
Jedi Mind all day
Listen, check me out, yeah

It's proof positive he never thought before the loss
This stupid motherfucker put the cart before the horse
I navigate hurdles like a jockey on a horse
This stick shift way too sloppy on the Porsche
Palm sized highs are the double a two shooter
Pernell Whitaker when he movin' with Lou Duva
The gold dots don't go in you, they move through you
I beat a motherfucker like Bruiser abuse Luger
Sometimes we take it in blood it gotta be rid
Oh, this pussy want war, man he gotta be shit
I'm an animal that mean that I'm a monkey on the beat Ooh ooh ah ah
I don't like you doggy I don't like the company you keep
He ain't take the L well he about to concede
He like Stottlemeyer pa, far out of his league
Listen, Henry the 8th I'm taking his head
I'm like Yeshua with Lazarus, I'm waking the dead
Have his body folded over like he making the bed
Him no god fearer he gonna worship Satan instead
See my chopper lonely and she need a oppa to kiss
I need bodies and your name is at the top of the list, stupid

Dope, crack, guns I ain't happy till we all get some
Ain't nothing funny when the chopper gets drawn
So we rise up, yeah we rise up, so we rise up
OD, pills, I ain't happy till your whole crew killed
Motherfucker, how these dumb dumb feels when we rise up
Yeah we rise up, so we rise up

Oh, you nicer than me money? That's a bald faced lie
How you worship Scarface knowing Scarface died?
You know the semi auto spittin when the car race by
The Bugatti Veyron is Beyonce fly
This is crack in a pipe and I cooked it in the Pyrex
O.G. taught a young boy to make a dime stretch
Junkies everywhere sniffing goma like it's Sinex
Anybody who doesn't know the time should check their timex
I met Sean Price and rocked steady where the god rests RIP Sean Price

Blood Runs Cold was recorded in the projects
The first record was too difficult to digest
Heavy on delirium and paranoia complex
Old motherfuckers still live in the past
And these young boys trash so I'm whipping their ass
Listen, my shooters push weight like a barbell
Never stepped on and it's cheaper than a yard sale

Dope, crack, guns I ain't happy till we all get some
Ain't nothing funny when the chopper gets drawn
So we rise up, yeah we rise up, so we rise up
OD, pills, I ain't happy till your whole crew killed
Motherfucker, how these dumb dumb feels when we rise up
Yeah we rise up, so we rise up

Yeah
Jedi Mind, steadily shine

Jedi Mind Tricks Lyrics

"What She Left Behind"

Tonight on Channel 5 News at 11
A grizzly story of a step-father gone mad
The violent details have left the local neighbourhood in shock

I still hear your voice in my mind
I still hear your voice in my mind
Such a lovely voice (na na na na na na na)
Such a lovely voice (na na na na na na na)

I barely want you here, you think I want them here?
This is my fucking house, you think that I'ma pretend here?
They ain't my fucking blood, this ain't my kin here
Don't make me slap you up again and break a limb here
And this little one, he always starin' at the wall
Is he retarded or somethin', or he don't care at all?
You bring that autism shit up again, I swear to God
I told you it's all in your head, you couldn't bear the thought
I told you it's not a disorder, it's bad mothering
And you don't make it any better, you just choose to smother him
And this other one, she dresses like a harlot
So don't come runnin' to me when she claims she gets assaulted
And boys is gonna be boys, so they ain't to be faulted
With bitches dressed like that it's cause they wanna be exalted
So don't give me no fucking excuses, or she could get it too
I pay the bills in here, we both know that it's never you
It's my way or the highway, so make a fucking choice
Cause I don't like the way you make me raise my fucking voice
Matter fact, I'm outta here, I need a fucking beer
The choice is yours, get it together or disappear

Such a lovely voice (na na na na na na na)
Such a lovely voice (na na na na na na na)
Such a lovely voice (na na na na na na na)
Such a lovely voice (na na na na na na na)

Why the fuck ya'll still awake?
I need some time alone
The little one is crying, the other always dialin' the phone
You think I'm being rough on you? Well, I don't think I am
Watch me when I put you in this yoke and show you who I am
You're paying attention to me now? Now that I got violent?
When none of ya'll would move a fucking finger I was silent
I thought I had this beaten, and I thought that I was past it
Cause every woman that have come before you got they ass kicked
One of them was hospitalized, the other one was murdered
I made it look like accidents, cause both of them deserved it
But here we are, and I thought I have put this shit behind me

But what I'm feeling now has overcome me and has blind me
So why the fuck you're trying me?
I had to break the straw
And since this little one is cryin I have to break his jaw
And since your daughter dressing up and trying be a whore
I have to teach her a lesson and slide up in her raw
But that can wait for now, I'm gonna finish what I've started
I told your boy to shut his fucking mouth, is he retarded?
I'm the fucking victim here, the one who's brokenhearted
The one who no one loved, who was mistreated and discarded
The one who got abused and who was beaten all his life
The one who got confused and who was bleeding from the knife
I was drug through the mud, I was condescended
So I'ma take the three ya'll with me and I'ma end it
The cops is on their way now? Well, I ain't goin' to federal
But I ain't dyin' alone so now the three of ya'll is dead too

I still hear your voice in my mind
I still hear your voice in my mind
Such a lovely voice (na na na na na na na)
Such a lovely voice (na na na na na na na)

Jedi Mind Tricks Lyrics

"Death Toll Rising"

Yeah, Jedi Mind
Pack Pistol Pazzy
Yo Stoupe, hermano, yeah

You talking gunplay? Well let's play with them guns
See, Allah don't like ugly and you stay in the slums
Pazienza take flights while you begging with bums
The cult of the black virgin isn't safe in the sun
Heckler & Koch, black ski mask and an onion
This motherfucker crack a smile like he's laughing at somethin'
Take his batiman hard like I'm snatching it from him
He ain't smart enough to understand assassins is comin'
I'm blasting this son, this something put you in the tomb
And that whopper go (ta-ta-ta-ta-ta) shoot through the room
My dude I'm a goon, strapped with two-two's in the womb
See and Pazzy's spelling something and it's usually doom
Shit is gonna get ugly if you violate my space
The six pack click-clack barrel in his face
Them jump out boys will hit you without warning
Bring pies to your crib like this was a housewarming
(Welcome to the neighborhood!)

Hold up doggy, that's the type of weapon you with?
That's the type of bullshit you should've left in the whip
You ain't worthy of the bullets I got left in the clip
Soon as shit starts popping I go right for the grip
I'm liable to flip, serial killer and it's copycat
The Mossberg lean, it's 7 percent bodyfat
You the main producer of predictable punani rap
Chamber pressure pushes the bullet and push his body back
You cookin' in the kitchen but avoiding the chef
I'm like Heisenberg, mastermind, boiling meth
Homie have to take an L it's unavoidable death
They say the plant'll grow sturdy if the soil is wet
On some greaseball shit, overflowing with gravy
Don't tell me about the pain just show me the baby
On some De La shit pa, I am who I be
The executioner is coming and it's probably me

"Certified Dope"

(feat. Eamon)

Yeah
One, two
One, two
One, two
Yeah
One, two
One, two
One, two
Aight look
Yeah

Anybody think they can't test the bol, prolly
Word bond, this is the best, that Sean Connery
We pure, come from the chest of Bob Marley
Abstain from the ways of the flesh, that's not godly
Cube started out on the west with my posse
No pork I don't put mess in my body
Bullets gonna rip through the vest like hot saki
Always gonna give you the best, but not Robby
Everything herb and liquor like hot toddy
We gon' trick 31 like Rob Zombie
You can't control the drum, you rock sloppy
I don't play second fiddle, I'm not Scottie
If Vinnie gonna spray the block, he rock shotty
The .45 caliber kick and stop Roddy's
Weisenthal loaded the clip and shot Nazis
Now to rhyme, made a decision and shot Gandhi

Please don't make me feel like I gotta bust a shot. Hoo!
(One two) Shot
(Yeah, yeah)
Please don't make me feel like I gotta cock this nine. Hoo!
(One two) Nine
Hah hah

There's no choice wielding here, salute Generals
Cops trying to get him on lock to boost Federal
They said Vinnie one of the best but too technical
When I tried slowin' it down it's too sensical
The covenant dark in the soul, the Blue Sentinal
Call this little 9 a dime and shoot ten at you
The mark that we made in the game, too indelible
God made dirt, and dirt produce vegetables
My heart pumps, runnin' the lane, you move minimal
It's octopus slums so beware a few tentacles
The rhyme too fine and the wine too delectable

My voice wave stronger than yours, it move decibels
Manowar making it loud and move decibel
The snare don't knock and the kick is too minimal
Sayin' that you're better than dirt is too literal
Straight left over the jab induce medical
Muerte

Please don't make me feel like I gotta bust a shot. Hoo!

Please don't make me feel like I gotta cock this nine. Hoo!

One, two, pack pistol Pazienza
Yo, Stoupe, yeah yeah this shit's crazy

Sniff OC's and dope d's 'round here

It's no honor amongst thieves
You should've knew he was foul
Ain't no beating me you dummies should've threw in the towel
And if I owe you, Vinnie threw in the vow
And these pistols gonna blow like we do in the trap
Listen, I saw son name scribbled on the document
Disembodied Nephilim aboriginal occupant
The witchcraft watches an indivisible monument
Nebuchadnezzar, the prophetic vision of Solomon
A real thin line between the Wesson and the sword
Pistol gang Pazzy have you questioning the lord
You backwards motherfuckers wrestling with fraud
Recording in the bedroom the best you can afford
There's sneaker boxes but there ain't no shoes up in the box
The rap Paul Bunyan, Vinnie moving with an ox
Pistolero Pazzy gonna be shooting at an ock
The 50 cal Barret lift a loser out his socks

He ain't gonna act right
He ain't got a one two
Murder, murder gunplay
All these killers hunt you
No honor amongst thieves 'round here
Sniff oc's and dope d's 'round here

He ain't gonna act right
He ain't got a one two
Murder, murder gunplay
All these killers hunt you
We cut coke and sell jums round here
We push dope and tote guns round here

I ain't fucking with you money I'm just grinding through the gristle
I kept my eyes peeled because I'm riding with a whistle
Fiocchi hollow points, they just colliding with the tissue

The makti and Gaadafi were providing me with missiles
This dirty motherfucker always cooking me the pies
The same motherfucker couldn't look me in the eyes
I know the fucking D's gonna book me if he dies
His head got popped boy, you shouldn't be surprised
You got shooters? I got shooters, we can do the thing
Once they see the guns they gonna be talking like they Pootie Tang
Bullets coming back at motherfuckers like a boomerang
They knock me on some stupid shit and have me doing two in chains
Did a lot of talking when the powder on his man
There's burn marks and gunpowder on my hand
What type of shit is that? That's the move a sucker make
You don't wanna scrap I'll take you out like it's a fuckin' date

He ain't gonna act right
He ain't got a one two
Murder, murder gunplay

Jedi Mind Tricks Lyrics

"God Forsaken"

Yeah, Jedi Mind
Listen

The big four fifth gon' split 'em in the middle
In a little I'mma riddle, I be feeling kinda brittle
I was dealing with the ghetto I was feeling for the ghetto
I was feeling for the metal and my feet was on the pedal
I was feeling like Geppetto I was showing them the plans
And the pain far worse if you know it in advance
It was going to the hands and it's over with a dance
When you're walking over sands in the holiest of lands
And the holiest of man told me put it in a rhymebook
You would never understand the beauty othe f the rhyme, look
Blood is on the rhymebook, blood is on the walls
And the blood is dripping everywhere similar to jaws
And it's similar to wars and the chopper gon' spit
For every single rhyme there's a Llama getting hit
I was silent for a bit but I'm back for the crown
With the black and the brown and a mac and a pound
Yeah

They put a lean on you and the beam on you
They put a price on you, roll the dice on you

They put a lean on you and the beam on you
They put a price on you, roll the dice on you

Hit 'em with a long pipe jig 'em with a long knife
Hit 'em in the middle and I grill 'em with a bombstrike
Show 'em what the god like show 'em how to die
Show them that it ain't nobody holier than I
If they holier than I then they holier than Jah
And they holier than anybody roaming in the sky
It's colder in July the blacksmith anvil popping off low key that'll get your man killed
Turn 'em in the landfill turn 'em into particles
The forty round chrome mac attachment make it possible *[?]*
I had to kill 'em honorable I had to kill 'em fast
And I had to build a legacy I had to build a path
I be building with the gods so I gotta deal with math
And I'm all about the fetty so I gotta deal with cash
And the shotty pointed at him so he had to do the dash
And he had to break north and he had to do it fast

They put a lean on you and the beam on you
They put a price on you, roll the dice on you

They put a lean on you and the beam on you

They put a price on you, roll the dice on you

"Legacy Of The Prophet"

(feat. Sean Price)

[Sean Price:]
Yo, let's play gats for hire
Slung when I was young I set stray cats on fire
Sick puppy, I shoot doberman pinschers
Now niggas think I'm crazy and I notice their whispers
I know that you novice, promoting your garbage
Pro bono, no homo, we toting the large shit
I wrote this rap on the stoop
Beat made by Stoupe, stupid with execute
Bet I rhyme slick, rhyme fuck your mind up, the Jedi Mind Trick
Cocaine and weed shit, bet I'm high bitch
Blow strains, you bleed bitch let 'em die quick (P!)
Totin' the gat nigga
Up in the voter's booth I'm voting for black niggas
I slump your resident, slap niggas who want Trump for president
P

[Vinnie Paz:]
You can say whatever, it can be whatever
Whenever you want it, we on it, we doing it better
Let the truth be told
We just stacking this cheddar
However we weather this storm, we lasting forever

You can say whatever, it can be whatever
Whenever you want it, we on it, we doing it better
Let the truth be told
We just stacking this cheddar
However we weather this storm, we lasting forever

Either way somebody dying I will get him or his man
I got shooters from the bottom that will hit him for a band
I will chastise a disbeliever, hit him on his hand
Survivalist, I'm telling you I'm living off the land
Afghani indica I'm paranoid as dollar sign
Young boys will shoot this motherfucker like it's Columbine
Equality and fairness an injustice of the paradigm
The fifty cal always close to me like a pal of mine
It's no telling when the felon will clap
Donatello, I will leave a fucking shell on your back
Body in flame you gonna need a Relafen pack
See my money long I'm talking about an elephant stack
Tall man undertaker, haul 'em and I bag 'em
You getting close to fire, B, you talking to a dragon
I will line 'em up and let them know the whopper will blast
And the bullets hit a tree it's gonna chop it in half

You can say whatever, it can be whatever
Whenever you want it, we on it, we doing it better
Let the truth be told
We just stacking this cheddar
However we weather this storm, we lasting forever

You can say whatever, it can be whatever
Whenever you want it, we on it, we doing it better
Let the truth be told
We just stacking this cheddar
However we weather this storm, we lasting forever

Jedi Mind Tricks Lyrics

"You Have One Devil But Five Angels"

Wa-watch out
Come from the east
Coming from the east side
Wa-watch out
Wa-wa-watch out
The infinity
Coming from the east side
Come from the east
Wa-watch out
Wa-wa -- wa-wa-watch out

Yeah
I expected nothin' less, this dummy came with his man
But as stupid as he is, he shoulda came with a plan
See, technologically this is enslavement of man
The heart of the abode, or the believers in shame
Whether you speak Yoruba, Santería and witchcraft
I ain't even know they made a rolly for your bitch ass
All it take a little bit of buzz for you to get gas
Enjoy yourself stupid, this shit will be over quick, fast
The hell day, Halloween, demon was born
And money, death is waiting for you like I'm beepin' a horn
My shooters move the D like they be with Mahorn *[?]*
Impale a mothafucka, go to sleep when it's dawn
You ain't got no aura, B, ain't no type of showmanship
Rigor mortis, body dead, lookin' like you pose for flix
Ain't too accurate to barb with a rum
And my biscuit always with me like we father and son, stupid

Yeah, listen, listen
Yeah, I had it up to here with this bitch
Take a body for another body like we switch shifts
You don't wanna be on the shit list
Pull the chopper out and fire on him like he dismiss (ta-ta-ta)
It's pyrex everywhere and baking soda, Bisquick
It's dark here, the average person couldn't handle this shit
There's bodies piled up like Nostradamus predicted
Talkin' out the side your fuckin' mouth will get you lifted (ta-ta-ta)
The SUV is a convertible van
Head shot, body shot like Roberto Duran
How this pussy turn stayed after he murdered his man
I'm fabulous overseas, free birds in Japan
Have these bullets flyin' just to see his vertical span
Now these gloves is comin' off like I'm nursin' my hand
Revere me as a God, Ming the Merciless, man
This a Leatherface chainsaw surgical plan
Muerte!

Jedi Mind Tricks Lyrics

"Marciano's Reign"

(feat. Scott Stallone)

The rain is gods tears, it pours when he cry
But know that you welcome in his arms when you die
The rain is the form of a gas in the sky
That bring back life to a plant when it's dry
The rain purify and wash away dirt
And wash away anything in your life that could hurt
Rain is water in its most pure form
The rain pour down make it cool when it's warm
The rain sound good on my pain when I'm sleep
The ocean love rain and the drain in the deep
Rain play a role in protecting the ground
Prevents us from the the politicians lettin' us down
The rain known to alleviate stress
So go for a walk in the rain it's the best
The rain came then the love came over me
Its Pete's Theme let the love rain over me

Ooh Let it rain, let it rain
Let me know the cold and how it feels
And I'll never turn away
Ooh feel the pain, beautiful pain
Let me hold on to the memory of how you looked today

Embrace the pain boy it's good for the soul
You face the pain and see it could make you whole
Ignoring the pain will make you hurt someone else
Go towards pain it's a gain for the self
Pain isn't bad it could make you feel free
It isn't life threating it make me feel me
Kill two birds with one stone, even three
By recognizing pain is too painful to see
Pain is the opposite, run it to hell fleein'
Negative emotion is key to well being
Anger and pain are an important part of life
Important as the way the sun sets in the night
Pain can help you breathe and calculate fact
Give you time to think and evaluate that
Accepting the pain by breathing slow, breathe deep
And you will never have to feel pain when you sleep

Ooh Let it rain, let it rain
Let me know the cold and how it feels
And I'll never turn away
Ooh feel the pain, beautiful pain
Let me hold on to the memory of how you looked today

Jedi Mind Tricks Lyrics

"Torture Chamber"

(feat. CZARFACE)

B-B-Breathe
I-Is you with me?
Yes, yes
Ha ha ha (ha ha ha)
Breathe
Oh-Oh yeah
Just you wait

B-B-Breathe
I-Is you with me?
Yes, yes
Ha ha ha (ha ha ha)
Breathe
Oh-Oh yeah
Just you wait

[Inspectah Deck:]
They onto your name when you reach the top
How I got 'em lined up, have it lookin' like a new Jordan sneaker drop
That's when the speaking stop
That's when the creepers plot
That's cause the hate start to burn like tequila shots
That's cause I came from the bottom now I'm here
As long as you don't step in my airs then I don't care
Got a one way ticket to Cashville
Still make dome spin faster than Jag wheels and that's real
Wanna swim with the shark, think you big fish?
I ain't talking hairstyles how your wig's twist
I'm talking reckless
I'm talking effortless
I talk later I'm checking off my checklist
That's the bank I get
For devil's loose lips, green eyes, screw face – that's the thanks I get
High rank I set
While you be in your BCBG's frontin' on some gangsta shit

B-B-Breathe
I-Is you with me?
Yes, yes
Ha ha ha (ha ha ha)
Breathe
Oh-Oh yeah
Just you wait

B-B-Breathe
I-Is you with me?

Yes, yes
Ha ha ha (ha ha ha)
Breathe
Oh-Oh yeah
Just you wait

[Esoteric:]
We're the rhyming replacement for Michael Myers and Jason
A homicidal invasion, I'll watch you die in a basement
I'll put your spine in a basin
I'll cut your limbs into thirds
Cause you ain't half the rapper that you was, shits for the birds
You're where I'm flowin' on a rabid hunt
I'm bussin' and I'm rushin' like that LeGarrette Blount
Frontin' like you ballin' but you had to punt
A pharaoh with a killer rep
Movin' with a Philly vet, who put me on a Willie Pep
And now I'm busting realer step
Or I may be louder than Baby in Baby Driver
Amazing, embrace the rhymer
I'm major, you placed in minor
I killed it
You pay the piper like I'm rowdy Roddy
Body ciphers like a Bengal tiger
I'm hyper, there's no survivors
My saliva melts steel
The vibe is real (yeah)
I'll autograph your bodybags so it's signed and sealed
Yeah, you gotta give it to him
Another pivotal win
I'm coming at your neck like I work for Digital Sin
Yo

Breathe
I-Is you with me?
Yes, yes
Ha ha ha (ha ha ha)
Breathe
Oh-Oh yeah
Just you wait

[Vinnie Paz:]
Yeah
Listen, slime, you a nursery rhyme, spider on the back
And mine is like putting a lighter to the crack
That new Gucci shit got the tiger on the back
And the Lamborghini sound like it's a lion in the back
The goyard bags make it seem like its braille
The HK got a scope and a beam on a rail
See, as long as I'm alive I be the reason you fail
And if you reach for somethin' I'ma have this nina repel (ta-ta-ta-ta-ta-ta)
It took a minute but I'm back on my deen
But I still got these hitters that'll clap through a bean (ta-ta-ta-ta)
Ya'll ain't the fightin' type, I don't understand ya'll

All you hear is shots and sirens like you in a dance hall
Arroz con gandules & mofongo when the fam call
Puerto Ricans everywhere, it's like we playing handball
Ya'll the type that for trick for plays, motherfuckers flea-flick
Creep on 'em and murk him with the pillow that he sleep with

Jedi Mind Tricks Lyrics

"The Letter Concerning The Intellect"

Vinnie the chin, my mentor was Genovese
Prada kicks the same color as fettuccine
He tried to test his loyalty like Adebisi
Nothing in common with anyone who had it easy
This motherfucker talking guns when he had a BB
In the tomb of the vizier with Nefertiti
We honorable like we Tuskegee
Bear claws and a buckskin leather tipi
The hollow tips burn slow like they're pepperoncini
I'm with Broken Matt Hardy and the seven deities
Make salad so my soul will reset
He a plug so I let the fuckin' modem connect
Y'all got me confused like I givva give a fuck
What y'all consider being on the up I call beginner's luck
You's a small fry, Webster Papadopoulos
Everything from here on released from you is posthumous

Yeah, the Gucci luggage is a rusty brown
I need some fly shit to check into this dusty town
I told you I don't fuck around
I be in camouflage gore-Tex shorty in a lovely gown
It's not a home if its occupants died
He could take this fucking shot like his doctor prescribed
How the fuck it's logic to him if his logic is lies
With his miracle and Kabah and philosopher's eyes
Mulberry silk is the favorite fabric
Inshallah bring peace to the Asiatic
While your wife is a basic savage
Your body transported on wheels like a baby carriage
Disrespectful I will mush you in your face
Because disrespecting you is how I put you in your place
This ain't nothing new, everybody know you been a ho
Fiends here looking for the butter like a dinner roll

Jedi Mind Tricks Lyrics

"Making A Killing"

(feat. Thea Alana)

There's absolutely no trick to looking back on the great injustices of our time
And condemning them, we understand that, we've got that
The trick is always to look at what we're doing today
As if we're at some point in the future looking back
And figure out what the oppressions and the injustices are that we're committing today
And to get them out of our lives

[Thea Alana:]
Heaven said no
When you knocked out the door
Your fire could kill a child and a mom
Heaven said no
When you pointed your gun
Your face could make the joker wake up

[Vinnie Paz:]
Do you have compassion for everything alive?
Or animals don't matter to you, they can be deprived
Animals are individuals and have feelings too
They feel loneliness and happiness like people do
25 billion killed every year
The average person culpable for 90 plus a year
Overcrowded stalls, cages, and crates
No sunlight, no grass under their feet
They breathe, and they think, and they feel
But we feast, and we drink, and we kill
Factory farms inject stimulants and hormones
They're fed other cows, they're fed hog bones
Hundreds of thousands are poisoned and blinded
To test cosmetics for the small, small minded
The rain forests being destroyed to raise cattle
Wildlife habitat became the battle
They spray farms with herbicides and pesticides
You know how much poison is in insecticides?
The same chemicals destroy topsoil and leak into the ground and turn the ocean into oil
Genetically manipulated to grow larger
Only to be led to the slaughter
I don't see it as being a conquest
But people need to fight while there's still time left

[Thea Alana:]
Heaven said no
When you knocked out the door
Your fire could kill a child and a mom
Heaven said no
When you pointed your gun

Your face could make the joker wake up

[Vinnie Paz:]
Crash and combine the crates and tear them by the neck
They can't move their bodies and they could starve to death
They bang their heads from the psychological distress
Hellish conditions, that's not what I would call respect
Would you do that to your dog or your cat?
Do you really see the difference in a frog or a rat?
What's sacred to you here might not be sacred in Tibet
So who are you to say what should be eaten or a pet
It's a revolving door and it turn, you can't differentiate between the moral concern
An agitated pig might bite each other's tails
So they hack it off at birth and then they lead it into hell
Chicken beaks are seared off by farmers
But they call it debeaking, I call it torture
Boiled alive, you don't think it's karma?
Money come before mercy, that's the mantra
Cows give birth, their calves are separated
Factory workers are either scared or they're jaded
The leather industry is tied to the meat industry
Inextricably they're both responsible for misery
A non-meat diet can slow the process of aging
Avoid toxic food, contaminants, and enslavement
Reduce global warming and end world hunger
So think about it next time you sit down for supper

[Thea Alana:]
Heaven said no
When you knocked out the door
Your fire could kill a child and a mom
Heaven said no
When you pointed your gun
Your face could make the joker wake up

Jedi Mind Tricks Lyrics

"Second Hand Smoke"

Listen
Yeah, I put another 40 in the trench
At my worst I will still drop 40 off the bench
Your block not gory and your shorty is a wench
OG cooking and I'm nauseous from the stench
(OG chill, chill)
This a nighthawk and a mag
Say you fucked up one time
But you're talking to Vlad (You're talking to the police)
My Akhi need me, he call me I'm right there
You mo'fuckers trying to kill something that's not there
Better to be a fisherman than given a fish
You were stuck inside the matrix homie this is a glitch
This the bottom of the ninth boss swing at the pitch
If we talk about our eldritch then I'm bringing a witch
Son gone I ain't think of his name since
The son knew I'm good everywhere like I'm Jay Prince
You one and the same as opp
I know first hand leopards ain't changing their spots
Stupid!

You ain't never ride you gon' die
You gon' make me put these opps in the sky
They go bye bye bye
They go bye bye bye
You ain't never ride you gon' die
You gon' make me put these opps in the sky
They go bye bye bye
They go bye bye bye

I've got a Ruger Security-Six laying around
And once I put it in the air I ain't taking it down (Na)
Motherfuckers must really think I'm playing around
I be building with the akhis I be breaking it down
How you supposed to get money while you laying around
A dog know it's dying on its way to the pound
There was a lot of blood spilling on the way to the crown
This is stoicism homey I've been playing it down
I'ma talk to ya man later
Had a mask over my face like I'm Van Vader
Do me a favour, don't do me no damn favour
Shots be ringing out of the back of a tan blazer
Homie leave it alone
Everything is getting eaten akhi even the bones
If it's something that you gotta tell me, leave at the tone
And it's Rock Island Armory, a beast of its own

You ain't never ride you gon' die
You gon' make me put these opps in the sky
They go bye bye bye
They go bye bye bye
You ain't never ride you gon' die
You gon' make me put these opps in the sky
They go bye bye bye
They go bye bye bye

Jedi Mind Tricks Lyrics

"Until The Void Consumes Us (Interlude)"

(feat. Yes Alexander)

Yes, yes, don't cry
I don't, I don't wanna ride
The day is right
Take me through the fucking grind
Through the fucking grind
Through the fucking grind
Through the fucking grind
Through the fucking grind
Through the fucking grind
Through the fucking grind
Through the fucking grind

Jedi Mind Tricks Lyrics

"The Great Derangement"

(feat. Thea Alana)

[Thea Alana:]
La la la...

[Vinnie Paz:]
Yeah
Temperatures is risin'
Extreme weather events, people is dyin'
Chunks of ice in the Antarctic breakin' apart
Wild fires are breakin' my heart
Burn fossil fuels and chop down forests
November starts to feel like August
The planet is warmin' and we're the cause
Because we think the world is ours
Look at the Industrial Revolution
Kaczynski knew what he was doin'
Then there's orbital variation
That set off a cascade of changes
Emissions have geological impacts
But you don't understand environmental syntax
You think that cold weather prove that there's no change?
That it's an oversimplification from a close range?
Heat waves are 5 times more frequent
Exacerbated droughts from a short season
This is somethin' that you can't ignore
An ounce of prevention is worth a pound of cure

[Thea Alana:]
All the lies we're told
We've lost control on this dreadful road
So when the rain don't stop
Where do we go?

[Vinnie Paz:]
Yeah
It's 80 plus ways to reduce carbon
Refrigerant management, grow a new garden
There's a gapin' hole over the Antarctic
Wind turbines apply the most logic
We're fossil fuel dependent
But now we're seein' fossil fuel divestment
Wind energy is part of the investment
Knowledge is a weapon
800 million people here hungry
A third of our food doesn't make it to the country
And who's gonna defy the command
Basic laws of supply and demand

Change date labelin' and how it's viewed
Reallocation of *[?]*
Tropical forest restoration
When we lose a forest we lose creation
When eco systems come back to life
Vegetation, soil, trees, they breathe life
Eat less meat and use less plastic
Use green energy where they have it
Create change in your workplace
We wouldn't be here in the first place

[Thea Alana:]
All the lies we're told
We've lost control on this dreadful road
So when the rain don't stop
Where do we go?

Vinnie Paz - Intro Lyrics

{Clip from some documentary about Vinny Pazienza the boxer I guess:}

He's a fighter and fighter...*
You don't make fighters.
Vinnie's a born fighter and I could see that when he was a kid, he was little, he was different from other kids.

{Excerpt from the Hagakure:}
Yeah, Pazienza, I'm here baby. The Way of the Assassin is found in death. Meditation on inevitable death should be performed daily. Every day when one's body and mind are at peace, one should meditate upon being ripped apart by arrows, rifles, spears and swords, being carried away by surging waves, being thrown into the midst of a great fire, being struck by lightning, being shaken to death by a great earthquake, falling from thousand-foot cliffs, dying of disease or committing seppuku at the death of one's master. And every day without fail one should consider himself as dead. This is the substance of the Way of the Assassin.

Vinnie Paz - Beautiful Love Lyrics

(*Prod. by Shuko)

[Verse 1:]
I'm out for whatever you wanna call it, cash or paper*
My only purpose to kill, perfect assassinator
I'm on the path of Islam, you on the path of Vader
My nickname Buck 50 cousin pass the razor
The 750, I turn you from a fan to hater
Feeling myself like I'm a chronic masturbator
I ain't the type of motherfucker you should ask a favour
I'm the type of motherfucker that'll blast my neighbour
I look at anybody as weak that has a saviour
The Israeli Galil will turn your ass to vapour
I got an Ingram MAC-11 and it has a laser
I got a thing for MAC-11s, not a passive nature
Everything I write is war on the pad and paper
I don't listen to rap no more, my passion's Slayer
My heart is cold as the temperature of a massive glacier
I put a giant hole inside you like a massive crater

[Verse 2:]
Everywhere I go to ball Paz is strapped
I be loading it up, I be cocking it back
I ain't in my right mind, I ain't stopping at that
I will hit his lifeline in the back of his cap
See I'm faster than a motherfucker grabbing his gat
Beating me is just illogical imagining that
I'm a [?] you is just a pacifist rat
I make bodies disappear like a magical act
Yeah, I'm just giving the fans another anthem
This is just another example of my expansion
I make your top drop like the new Phantom
I like to pop shots with my new cannon
The left hook wild vicious, I'm a champion
You ain't wilding out cousin, that's a tantrum
Wild assault rifles, thirty fucking handguns
I'm holding all of you motherfuckers for ransom

Vinnie Paz - Brick Wall Lyrics

(*Prod. by C-Lance)
[** feat. Ill Bill and Demoz:]

[Verse 1: ~Vinnie Paz~]
This is Taliban rap, I'm a fucking bomber*
My head wrapped like somebody who suffered trauma
Musically I'm the embodiment of Jeffrey Dahmer
Usually in the environment of marijuana
My straight right like Arguello was
You a medigon, Vinnie do what a dego does
You about to find out what the human tornado does
You a bitch, you ain't even half what you say you was
My shit is hard body lord, I'm a fucking legend
I don't get my hands dirty, that's for fucking henchmen
I'm the equivalent of Russian Roulette, fucking tension
And when you hear the ram's horn it's the fucking ending
I'm a vampire, I love the setting of sun
The night my time killing already begun
I'm from the same place Anton Lavey is from
I'm about to put the biscuit right to my head and be done

[Chorus: ~Demoz~]
This Percodan got me feeling like a brick wall
With that said I give a fuck about a withdrawal
Fuck a quarterback, bullets get you picked off
Critics get pissed on when I'm pissed off

This Percodan got me feeling like a brick wall
With that said I give a fuck about a withdrawal
Fuck a quarterback, bullets get you picked off
Critics get pissed on when I'm pissed off

[Verse 2: ~Demoz~]
1978 my mom had a date
'84 had me, had a hard time great
Mom wasn't weak, I guess my dad wasn't fake
But guessing only led to one thing, my mistakes
That's why I cut the grass real low, check for snakes
Apply pressure when I need to satisfy my weight
Selling coke and the diesel
Fiends going crazy putting dope in their needles, it's hopeless and evil
You can smoke wet and get smoked with the Eagle
All over nothing, fucking pride and your ego
Spit all facts, I ain't gotta mislead you
Talk shit wherever you stand, that's where I leave you
Believe me, I can get you killed real easy

Leave the scene but the ho won't leave me
Tackle the dresser, bitch try to tease me
I put a hole in her head right where her weave be, believe me

[Repeat Chorus:]

[Verse 3: ~I'll Bill~]
I'm the bomb attached to the chest of exploding martyrs, code of honours
Shoot me out your M16, deliver souls beyond the world
To conquer planets and enslave entire populations
Colosseums where Hamas supply the operation
Gladiators battle on the side of sovereign nations
Fathers of confrontation, Lamas to pop your face in
Blinded by lies and hatred, they conjure up abomination
Armies march across the continents honouring Satan
The final countdown, 2012
Jumping out the Black Hawk with the black Eagle by the money belt
I take you from the edges of space to the projects
From the pyramids to Giza to where God sits, we monstrous
I'm conscious homie, I'm wide-awake
I supply the hate, La Coka Nostra
The skull and guns, I supply the weight
How many bricks you want? Let me see your money first
As a matter of fact I'm taking your money you fucking herb
Fuck outta here, Billy Idol, La Coka Nostradamus

[Repeat Chorus:]

Vinnie Paz - Pistolvania Lyrics

[Verse 1]

I can show you how the nine spit
It's Frost, Freeway, and Vinnie from Jedi Mind Tricks, I'm on my grind trick
Niggas flows is hot but Frost greater
Y'all niggas don't exist like Luke without Vader
Got a young buck that remind me of Lando Calrissian
Smooth as Billy Dee when he sneak his pistols in
A Colt 45 it works every time
Vinnie out there drinking on that (that's right)
I know they out there thinking on that
Niggas think about creeping on Jakk
Probably mad cause his main bitch creeping with Jakk
Every third weekend with Jakk she sleeping with Jakk
How sleezy is that?
Y'all niggas talk George but you ain't seen the brick yet
I've been touching money since the kitten played ? stack
But a house party to me is a crib full of fiends
Ready to cop that ziplock ready rock

[Hook]

Hip hop started out in the park
That's right, we used to do it when the weed would sparked
When the drinks start flowing and the green starts glowing
If you from the hood I know you feel me, keep going

Hip hop started out in the park
That's right, we used to do it when the weed would sparked
When the drinks start flowing and the green starts glowing
If you from the hood I know you feel me, keep going

[Verse 2]

Who the best motherfucker in the street that you never heard?
The 45 separate your head and it severs nerves
Call me Koko B. Ware, I carry several birds
I'll demolish enemy scholars with every deadly word
These motherfuckers don't know the pain that the steel is doing
I'mma let em take it back to the block and explain it to em
Cut a motherfucker head like Hussein would do him
Take his motherfucking bread now it's painless to him
And feed the pitbulls that man's bones
Cause I'm here to fuck the game up like Pac-man Jones
I'm Kobe with rock, if not I'll fucking zone in the spot
But if you disrespect my mother or my home then you shot
I'm lonely a lot and that's the type of person who's deadly

And the 50 cal make your face look like spaghetti
Look at this feti, look at all this beautiful shit
A south Philly scumbag wearing Gucci and shit
It's over

[Hook]

Hip hop started out in the park
That's right, we used to do it when the weed would sparked
When the drinks start flowing and the green starts glowing
If you from the hood I know you feel me, keep going

Hip hop started out in the park
That's right, we used to do it when the weed would sparked
When the drinks start flowing and the green starts glowing
If you from the hood I know you feel me, keep going

[Verse 3]

This is Jakk Frost, it's your boy Vinnie, Philly Freezer
We do it proper cause hip hoppers they really need us
I tote the semi if you ? you won't really see it
How about a tough guy scream when he's shot
I ran terror from the same era as Biggie and Pac
This is ? we will plot you leave you paraplegic
You never there, I'm everywhere
I say I'm there then believe it
When you see me Louis Vuitton here in the drop yeah
Philly Freezer get paper all year
New Year's I'm on the ball, I'll be there when it drops
These snitch niggas saying I'm near when I'm not
Bet you when the bodies dropping they start calling the law
Rockafella heat spitters, Desert Eagle heat holders
Philly Freezer keep soldiers that'll ride for the cause
The AK will heat niggas, it'll flip your Jeep over
If these niggas try me probably catch a body tomorrow yeah

Vinnie Paz - End Of Days Lyrics

(*Prod. by Sicknature)
[** feat. lock McCloud:]

[Intro:]
The greatest form of control is when you think you're free when you're being fundamentally manipulated and dictated to. One form of dictatorship is being in a prison cell and you can see the bars and touch them. The other one is sitting in a prison cell but you can't see the bars but you think you're free*

What the human race is suffering from is mass hypnosis. We are being hypnotized by people like this: newsreaders, politicians, teachers, lecturers. We are in a country and in a world that is being run by unbelievably sick people. The chasm between what we're told is going on and what is really going on is absolutely enormous.

[Chorus: ~Block McCloud~]
It's like we all know what's going down
But no one's saying shit, what happened to the home of the brave?
These motherfuckers they're controlling us now
But no one's talking about it, made us proud to be slaves

And everybody's just walking around
Head in the clouds, we won't awake until we're dead in the grave
By then it's too late, we need to be ready to raise up
Welcome to the end of days

[Verse 1: ~Vinnie Paz~]
Everybody is slave, only some are aware
That the government releasing poison in the air
That's the reason I collect so many guns in my lair
I ain't never caught slipping, never underprepared
Yeah, The Shaytan army, they just break it proudly
George Bush the grandson of Aleister Crowley
They want you to believe the lie that the enemy Saudi
The enemy ain't Saudi, the enemy around me
There's fluoride in the water but nobody know that
It's also a prominent ingredient in Prozac (For real?)
How could any government bestow that?
A proud people who believe in political throwback
That's not all that I'm here to present you
I know about the black pope in Solomon's Temple
Yeah, about the Vatican assassins and how they will get you
And how they cloned Barack Hussein Obama in a test tube

[Repeat Chorus:]

[Verse 2: ~Vinnie Paz~]
Whoever built the pyramids had knowledge of electrical power

And you know that that's the information that they suppress and devour
Who you think the motherfuckers that crashed in the tower?
Who you think that made it turn into ash in an hour?
The same ones that invaded Jerome
The ones that never told you about the skeletons on the moon
Yeah, the ones that poison all the food you consume
The ones that never told you about Mount Vesuvius Tomb
The Bird Flu is a lie, the Swine Flu is a lie
Why would that even come as a surprise?
Yeah, the Polio vaccine made you die
It caused cancer and it cost a lot of people their lives
Do y'all know about Bohemian Grove?
How the world leader sacrificing children in robes?
Lucifer is God in the public school system
I suggest you open up your ears and you listen

[Repeat Chorus:]

[Outro:]
The greatest hypnotist on the planet Earth is an oblong box in the corner in the room. It is constantly telling us what to believe is real. If you can persuade people that what they see with their eyes is what there is to see you've got them. Because they'll laugh in your face of an explanation then which portrays the big picture of what's happening... and they have.

Vinnie Paz - Righteous Kill Lyrics

(*Prod. by Lord Finesse)

[Verse 1:]
I'm a fucking thunderstorm, you's a light shower*
You a bitch, you shoot and miss like Dwight Howard
You can't battle the god, I'm too precise coward
That's like Khalid Muhammad saying he's White Power
This the machete that your organs getting sliced out with
The blind motherfucker in the village Bryce Howard
My brain only function proper in the night hours
You might own a fucking label but the mic ours
My shit hi-tech lord like a plastic bomb
An asshole, I punch people with glasses on
Anybody disagreeable we mashing on
I only fuck with green and gold god magic wand
An encore is the only thing that you clapping on
I'm a pitbull pussy, you a papillon
A bitch get a 40 from me, not a glass of Dom
I'm the G-29 in the assassin's palm

[Chorus:]
All I hear is danger, all I see is danger
All you hear is "run, run, here come danger"
Shatter dreams like Freddy your thoughts rearrange ya
Stare death dead in the eyes, it'll change ya

All I hear is danger, all I see is danger
All you hear is "run, run, here come danger"
Shatter dreams like Freddy your thoughts rearrange ya
Stare death dead in the eyes, it'll change ya

[Verse 2:]
It's a righteous kill, I don't do nothing but write and kill
Drink 40s, smoke el, push the white and krill
I move strong and fast, I have a bison's will
I'm the motherfucking champ, I'm the fighting field
I'm from the city of the syrup and Vicodin pills
From the city the most fearless of fighters was filmed
The city where we have the most street veterans still
The Moors, Nuwaubians, Five Percenters will build
I'm from Philly motherfucker, the rawest it comes
I make your body disappear, I'm a sorcerer's tongue
You live your whole life in fear that the torture will come
I hope my music is revered like a portrait of Pun
I'm paranoid god here in my fortress with guns
I had a void god, filled it with whores and with blunts

I ain't have a choice god, I was born in the slums
I ain't have a voice god till I slaughtered the drums

[Repeat Chorus:]

[Verse 3:]
Yeah, the four-fifth is a melon popper
Hollow tips spin your body like a helicopter
Anything can move god if you sell it proper
And I've been through more viewings than a teleprompter
This is horrorcore beat, got hella monsters
My team's got more Gs than a spelling proctor
Y'all ain't never moved D, y'all are petty choppers
I got a vicious left hook, call me Eddie Thomas
But I'm raw with the right hand
Like Jack Johnson fighting against the white man
Yeah I'm about to shorten your life span
Evil shit can be good if it's in the right hands
I make motherfuckers burn, you a slight tan
I keep a motherfucking urn on my nightstand
So wait your motherfucking turn like a hype man
I bury you with the snitches under the white sand

[Repeat Chorus:]

Vinnie Paz - No Spiritual Surrender Lyrics

(*Prod. by DJ Muggs)
[** feat. Sick Jacken:]

[Verse 1:]
I don't know why y'all scared now, this ain't a new game*
Christians been raping children over in Ukraine
I don't indulge in small talk, it's only true pain
I don't divulge the plan ahk, I fuck with Hussein
Acid is falling from the sky, fuck a new reign
This is a flammable liquified gas butane
Muggs gave me audio heroin, hit the blue vein
I ain't even Vinnie no more, Evil my new name
I'm like Elijah Muhammad carrying thoughts afar
Laws of nature and mathematical charts of god
I'm taking everything letting you faggot authors starve
War criminals are becoming the arbiters of law
And y'all are fouler than swallowing pork
Real talk, free speech under foreign assault
And y'all are burying your head in the dirt
The heavy metal king hold big shit, hit your head with the lock

[Chorus: ~Sick Jacken~]
This shit is (raw), the Jedi Mind's (raw)
It's war with the metaphor and you ain't seen a storm before
You ain't Pac, get the fuck out of the underground floor
It's over, homie you ain't got no love anymore

Do it (raw), the Psychorealm's (raw)
This war's gonna end all, you ain't seen a storm before
I ain't taking this shit no more
We approach with a white skull when we assassinating y'all

[Verse 2:]
I'm the father of anything that's been done before
I was sparring with you, I ain't even begun the war
I like darkness, I don't know what the sun is for
Y'all have small hammers, y'all must be the son of Thor
Don't need hands, telepathically the gun will draw
That's the reason that you motherfuckers is running for
I saw the angel Gabriel y'all who we coming for
Y'all lock your part the same hell when I confronted y'all
I can ascend without any physical death
I can repent without any physical breath
To me it's not a discussion it's invisible chess
And if the vodka not Russian then it ain't hitting the chest
I can talk about guns, drugs, deading your shit

I can talk about the Torah and dimensional shifts
The power of the almighty is what's sent through my lips
The power of the almighty when the sentinel spits

[Repeat Chorus:]

[Verse 3:]
I'm the complete rapper, the seventh son of the beast master
My heart is bigger than anyone and it beats faster
I'm a fucking king getting better with each chapter
Kiss the fucking ring, you'd better agree bastard
A sucker MC like to think [?] classic
I'm not a fucking star yet but the seed planted
Energy of god head, Vinnie P tantric
I'm capable of levitating and speak Sanskrit
Yeah, and that's all part of the perfect machine
Part of perfect precision, part of the perfect regime
Part of purpose and the part of the work on my Deen
Perform wudhu make salah now the surface is clean
Everything meticulous, Vinnie's work is pristine
Fuck with me you'll take a trip under earth with the queen
I give a fuck about a critic, I'm searching for cream
My shit is filled with hollow tips so it bursts in ya spleen

[Repeat Chorus:]

Vinnie Paz - Street Wars Lyrics

(*Prod. by Shuko)
[** feat. Clipse and Block McCloud:]

[Verse 1:]
Yeah, bout as real as they come*
Still pushing base like an African drum
The only other hands that it touched before Young
Was a Guala out of Dallas with shag like Tum Tum
Back to the hood where niggas started detoxing
Till I hit them corners with that motherfucking sheet rock
The rollers back bitch, the seal's on the back bitch
The six-three highlights the difference like an asterisks
Yes, the re-up game never dies
Soda makes the brick multiply
Push tons of monster with the pie
Keep water from the villain
Remember what it did to them gremlins?
Oh God, street wars when the heat warms up
In summertime niggas know what's up
Heavy armour, heavy drama, heavy karmas
Be the reason haters scared of us fucking their baby mamas

[Chorus:]
Soon as this product hits the street
You know they will be strung
They'll be dancing to the beat of this drum
Listen, It's addiction hey

You know we got em hooked like fiends
They open like a drug
They'll be dancing to the beat of this drum
Listen, It's addiction

[Verse 2:]
Yeah, I told Pusha, I told Mal
Vinnie move more white shit than a snowplough
Everybody knew the guinnie was so foul
The SKS with the bayonet, oh wow
I'll rob everything and leave you with a hungry gut
The hollow tips leave you looking like you got a Gumby cut
You think you fucking with the God then you's a funny fuck
Rambo knife cut your stomach like a tummy tuck
All you see is darkness when the gun bursts
The G36 melt your brain like a Pun verse
I act wild but I handle my funds first
I'm drunk all the time, blood quenches the son's thirst

I don't talk about the money I got
Because if money want my money then money gets shot
Rap shit don't work then I dumb on the block
With Pusha and Mal cooking up the drums in the pot

[Repeat Chorus:]

[Verse 3:]
Still with the coke man, same as it ever was
Re-up game, we the shame of America
Eighties hysteria, the 'caine be my legacy
The feds got our names, they hang us in effigy
Best believe it come back like it never left
I write rhymes but I'll bet I'd make a better chef
They can't wait for it to dry, they like it better wet
And I'm heavy with the D like Eddie F
I whip it good, real good then I let it rest
Then I scrape the sides then I let em test
Yes, I got weight like Creatine
A gem star hit that chopping block like a guillotine
Know what I mean? Sitting on chrome rims
Not only paper, we stack brick like Stonehenge
Go against us? Haters got no wins
I trust no one and I don't need no friends

[Repeat Chorus:]

Vinnie Paz - Ain't Shit Changed Lyrics

(*Prod. by MTK)
[** feat. Lawrence Arnell:]

[Verse 1:]
Ain't a goddamn thing gonna change, I'm still the same Vinnie*
I'm still the same fat motherfucker, same guinea
A little bit more money, that's why I ain't skinny
Still the same block-hugger, still the same city
I still got the same people that remain with me
That was drinking 40s with me when they slain Biggie
And the same motherfuckers felt the pain with me
When my stepfather died and they came with me
I ain't expect nothing less from them, they chained to me
Spiritually, mentally, we the same really
We all was raised on different blocks in the same Philly
Still some stupid motherfuckers saying they can't feel me
Actually they do feel me, they just ashamed really
That they ain't shining like the kid, a bunch of lames really
Dirtbags trying to make the kid insane really
But Louie Dogs just impervious to pain really

[Chorus:]
Every morning I rise up, I open my eyes
Thinking I'm the shit
I guarantee if you're fucking with me
You gon' know who you're fucking with

I been this way since I came of age
And I never did play them games
I'll be this way till the day I lay
Cause ain't a goddamn thing gonna change

[Verse 2:]
It ain't anybody ever gonna hold me down
I'm one of the greatest ever homie I stole the crown
I'm too strong and fast, you ain't slowing me down
I'm gonna keep beating your head, call me Homie the Clown
I hope that y'all are holding close to your rosaries now
I think I got a couple snitches that's close to me now
If I was them I'd keep it moving be ghost from me now
And pray that they don't run into Vinnie socially now
It's always one motherfucker trying to set you up
Dry snitch take something from you, wet you up
I was sleeping being dumb trying to protect the fuck
He getting buck fifty, slice him from his neck to gut
All in all ain't nothing changed, still the same squad

Some are still hustling, summers at the same job
Some is 9 to 5, some is on the graveyard
I'd rather have them on tour with me so I pray hard

[Repeat Chorus:]

[Verse 3:]
I'm the truth motherfucker, not built to betray
With the philosophy that Rome wasn't built in a day
No matter how strong the body it wilts and decay
After it's hit by a shotty that's silver and grey
I'm a mess, bipolar, I'm willing to say
That there ain't a woman that's living that's willing to stay
Somebody please fix my head, I'm willing to pay
I'm too at ease with the dead and the killing okay
Damn, I'm anti-social I'd rather be home
And when I'm drunk Planet and Crypt carry me home
I don't have a happy ending, just tragedy homes
You better address me as mister or majesty homes
I'm a messiah, I'm a liar, I have to be stoned
I'm a pariah, I retire, I have to be cloned
I have fire, I'm desire, this has to be known
I'm a survivor, a relier on tragedy's throne

[Repeat Chorus:]

Vinnie Paz - Aristotle's Dilemma Lyrics

(*Prod. by Madlib)

[Intro:]
Silly girl to be a fool*
You didn't play the golden rule
'Cause once you're through with one world
There's another waiting there

[Verse 1:]
Y'all motherfuckers walk around like you got a wire
My watch face the same size as a Ducati tire
Everybody hit the deck when the shotty fire
Vinnie give your team problems like I'm Stoudemire
Your fam should be ashamed of you still
This ain't a cookout but Vinnie put the flame to your grill
You claim to be real but y'all just end up painfully killed
My four-fifth is vicious, cold enough for Satan to chill
I don't give a fuck cousin, everybody can fry
Everyone could be a victim, everybody could cry
Only a real man look another dead in the eye
And tell him that he only got like twenty seconds to die
I'm slow but I realise that's my best pace
My voice raw, when I spit it crack through my chest plate
I ain't the type of motherfucker to test fate
The type of motherfucker to increase the arrest rate
Streets fucked up suffering bad, there's no kush
Motherfuckers stuck hustling skag
Yeah, same ones get stuck with the mag
Hard rock turn to rubble cause he's fucking a fag

[Chorus:]
Silly girl to be a fool
You didn't play the golden rule
'Cause once you're through with one world
There's another waiting there

Silly girl to be a fool
You didn't play the golden rule
'Cause once you're through with one world
There's another waiting there

[Verse 2:]
I'm a go hard till nothing is left
Till there's nothing left in the world, nothing but death
And the .38 tucked in my vest
And I stare at my guns like they're a pair of voluptuous breasts

I don't care, I'll take one in my chest
If it means seeing my father again and maybe touching his flesh
I'll walk around with thirty guns in my sweats
If it means that I'm eating and my mother eating, son of success
I see the world different than y'all
I have more determination and persistence than y'all
It's probably why I have such a resistance to y'all
It's probably why I been so much more consistent than y'all
It's business-involved, I'm everything that you could possibly dream
I'm a mathematician, I'm a vision, I'm a machine
Know what I mean? I roll with brothers pushing rock to the fiends
Roll with brothers who love their mothers, stay on top of their Deen
Louie Dogs rap harder than most
And I got something that rearrange your face and turn your pop to a ghost
You get rocked with the toast
And I make you put your hands up like people that are talking in quotes

[Repeat Chorus:]

Vinnie Paz - Kill 'Em All Lyrics

(*Prod. by C-Lance)
[** feat. Beanie Sigel:]

[Intro:]
People want to think that this is the Wild West – we don't have any laws*
What we don't have is enforcement of those laws.
Senator Fumo argues tougher gun laws alone won't stop shootings.
Last time I checked we had a law against murder.
It doesn't prevent people from killing people.
The governor, the mayor, the DA, they all want stricter gun laws.

[Verse 1: ~Beanie Sigel~]
May death come to all those who cross us
The preachers, the pastors, the deacons, coffins
Church masses, closed caskets, Bible verses, long black hearses
Long-ass gats too big for holsters, obituary posters getting posted
The reaper closing in, he's getting closer
You just fake, you blink it's over
[?] soldier here, SK shoulder gear, ice grill who? Hold that steer
Half a clip and I hold that dear [?] now roll that J, yeah
You missed the list of the souls I spit
I double-checked that you ain't on that there
I squeeze weapons, hollow points open up like the cobra head
Collapse lungs like a fold-up chair, flat line, clear

[Chorus (2x): ~Vinnie Paz~]
Kill 'em all, kill 'em all
Kill 'em all, kill 'em all
Kill 'em all, kill 'em all
Kill 'em all, kill 'em all

[Verse 2: ~Vinnie Paz~]
I rhyme like my life on the line, this fucking mic is mine
The past burglar, the mass murderer, the viper's shrine
A strong body could never conquer a righteous mind
Some think it's destiny, some of you think it's Christ-designed
You consider what I'm doing like a magical art
I consider what I'm doing like a stab through the heart
My brain moves at light speed, nothing fast as my thought
You might feel a slight breeze from the savage's heart
Y'all saying Vinnie is back but Vinnie never left
I just had these faggots hating and watching my every step
Everything with Vinnie very deadly, every breath
Everything with Vinnie very heavy, heavenly flesh
Y'all ain't fucking with weight, I'm doing steady reps
I'm a sell my shit and then skate like I was Kerry Getz

I keep my biscuit right next to where my machete rest
Everything is everything but pussy death is death

[Repeat Chorus (2x):]

Vinnie Paz - Keep Movin' On Lyrics

(*Prod. by MoSS)
[** feat. Shara Worden:]

[Verse 1:]
I lost my job at the factory and that's disastrous*
They said it's due to regulation and higher taxes
They ain't give me no notice, they knocked me off my axis
I can't pay the electric bill, it's total blackness
I suggested some incentives for innovation
But that was met with resistance like it's a sin of Satan
I'm losing my patience over here, I'm sick of waiting
And I ain't never expect to be in this situation
And the manufacturing jobs are fading fast
Can't do nothing else, I should've stayed in class
I have to wait till summertime to cut the blades of grass
I have this little bit of money, have to make it last
I have children to feed, I have a loving wife
I had a hard time coming that was nothing nice
I keep asking myself what am I doing wrong
And they just look at me and tell me keep it movin' on

[Chorus:]
Keep movin' on
But I don't know where to go
Nowhere to go
Keep movin' on

[Verse 2:]
It was like '91, '92
I remember people telling us that ain't nobody signing you
There's no Italians or Puerto Ricans that's shining through
Y'all should just go back and just do what y'all was designed to do
We ain't listened to none of that, we hard-headed
We took it back to the lab and then the god set it
We smoked els, drank liquor and we got wetted
And everything we did back then was barbaric
Around '94 had some labels take notice
They said that Stoupe was the illest but that I ain't focused
The label execs needed to be explained dopeness
And that's around the time I thought that it became hopeless
We was still in the street, D was moving strong
I was failing out of school, it wasn't cool with moms
I was asking myself, "What was we doing wrong? "
And why the industry keep saying to keep it movin' on

[Repeat Chorus:]

[Verse 3:]
I signed up cause they promised me some college money
I ain't the smartest motherfucker but I'm not a dummy
They told me I would be stationed in places hot and sunny
I had a lot of pride, motherfuckers got it from me
These people over here innocent, they never harmed me
My sergeant tried to convince me that they would try to bomb me
I feel like an outsider stuck inside this army
Everybody brainwashed, American zombies
I ain't realised how much it set me back
Until I lost my leg and then they sent me back
I don't have anything now I'm left with scraps
From a government who created AIDS, invented crack
People told me not to join, I tried to prove em wrong
Now I'm homeless and I'm cold without no food is worm
I keep asking myself, "What did I do that's wrong? "
And the government telling me keep it movin' on

[Repeat Chorus:]

Vinnie Paz - Monster's Ball Lyrics

I feel reinvigorated, don't fuck with the boss
I'd rather cut my own throat before suffering loss
Anybody fucking with me get hung on the cross
I have anger in me, don't make me summon the source
I go to war with the Glock
I go to war with anybody motherfucker, I'm a sorcerer ock
Fucking everything whether the bitch is gorgeous or not
I murder everything, that's just some of my torturous plot
If you righteous and you under attack
Like the Anbar Awakening and Sons of Iraq
The fifty cal is like a thunderous clap
If you think that you safe and nothing wrong that's a presumptuous act
It ain't no tomorrow, I don't got a dime saved
And if you did it's in the Wall Street crime wave
It ain't nothing worse in the world than a mind slave
Going to war with my people how I define brave

[Chorus]

I'm a monster
Ain't no one can fuck with the kid
I'm a monster
My jail brothers stuck with a bid
I'm a monster
Everything I do is precise
I'm a monster
Pazienza ruin your life

I'm a monster
Ain't no one can fuck with the kid
I'm a monster
My jail brothers stuck with a bid
I'm a monster
Everything I do is precise
I'm a monster
Pazienza ruin your life

[Verse 2]

Yeah you know that Vinnie he been nice
Y'all don't belong inside of the ring like you Kimb' Slice
I ain't gonna take all of your skin, just a thin slice
They call me John “The Beast” Mugabi when Vin fights
Vin Laden, Taliban, Hamas, and Al-Qaeda
You a snitch cop lover, you fuck with a traitor
I'm a motherfucking brick you constructed of paper
I dumped the motherfucking clip now you dust and you vapour

I was there when all the planets was born
Before the Continental Drift and when Atlantis was formed
When Gandhi told the Indians to stand and be strong
And took the British out with intellect in spite of their brawn

[Chorus]

[Verse 3]

Everything Pazienza do is hard body
I don't care if you Blood, Ñeta, or Godbody
I was devilish before the power of God got me
I just think I let the fucking sword of Allah chop em
Mossberg nine thirty-five is amazing
The Prada high-tops the same colour as raisin
He a rat, not even his mother can save him
That's what you get for being brothers with Satan
The thirty-eight practical, the Glock is for fair
And this for jail brothers something they can knock on the tier
Yeah, I'll stick a knife in your esophagus queer
I'm an animal, every rhyme will demolish you queers
Gas high but you can get the D for a real price
This Sig Sauer 1911 is real nice
I'll stick through the wrist with a steel spike
And now maybe you'll overstand the pain of the real Christ

[Chorus]

Vinnie Paz - Role Of Life Lyrics

(*Prod. by Bronze Nazareth)

Life, this role of life*

[Verse 1:]
This is Rock of Gibraltar rap
The Springfield M14 show you where the coffin's at
You motherfuckers don't belong in rap
Fuck with me you got a better chance taking an abortion back
You lack flavour, put some sauce on that
I went to the Great Wall, put my fist through and walked through that
Where this motherfucker's fortune at?
I'm a levitate his body, make it spin like a Laundromat
Motherfucker I was born to rap
I've been making records wild long, never did a song that's whack
How many have accomplished that?
I was wild as a young boy, shouldn't have put moms through that
Vinnie Paz been to Nam and back
I ain't never put the guns down cousin so my palms is black
You a bitch, I ain't involved with that
I got a big trunk and that's where Vinnie keep all of his corpses at

[Chorus:]
Life, this role of life

[Verse 2:]
Silverback Gorilla walk through the minefield
We don't see eye to eye how you define real
Y'all are wondering if I'm out of my mind still
I just need some liquor and pills and I'm chill
I run with Puerto Rocks, Morenos and vagabonds
And Paz will shoot this motherfucker up like Barrie Bonds
I'm like a military doctor, Vinnie carry arms
My shit is military proper, Vinnie carry bombs
I kick in the door like BI did
And the automatic weapons look like TI crib
Vinnie fat, you'll never see my ribs
I don't call it loading bullets, I refer to it as feed my kids
All I think about is slaughtering y'all
This little motherfucker named Charles Hamilton is harder than y'all
It's in the garbage with y'all
Listen to all you Myspace rappers, I'm a father to y'all

[Repeat Chorus:]

[Verse 3:]

I write in the rain, turn beautiful night into pain
I turn life into a frightening game
I don't have love in me, it's just ice in my veins
My fist Hammer of Thor, I Tyson the game
This rap shit deep in my heart
Y'all was sleep from the start
But that just led to unbelievable art
And on top of that the god is unbelievably smart
My bare fists turn trees into bark
Y'all don't want any improvement at all
Y'all are devils, y'all are torturing the rule of law
My mind is a computer of war
And it's typically the biggest motherfucker that'll usually fall
Give me one take cousin, the god out
A forty of [?] and I ride out
The forty Glock popping your eyes out
Now you never get a chance to see what the god 'bout

[Repeat Chorus:]

Vinnie Paz - Nosebleed Lyrics

[** feat. R.A. the Rugged Man:]

[Verse 1: ~RA The Rugged Man~]
Ruin your idol, I'm glued to the Bible and my rifle, losing your title*
Instead of shooting you're suing for libel
Everybody hate me cause I stay true to the facts
The Ku Klux Klan hate me more than Jews and Blacks
Yeah, you over for certain, you can pray to whoever
Jehovah, Buddha, Allah, Jesus, Mother Mary the Virgin
Is it the violence that the TV taught us?
I grew up worshipping Charles Bronson, John Rambo, and Chuck Norris
Pazienza the Pazmanian Damien rapping the pain he in
Cracking your cranium, I'm macking mahogany at the Palladium
I'm Bruce Leroy, you Eddie Arkadian
I got the gat and the black [?] Arabian I'm waterboarding like Dick Cheney
And yo back at the first day of my birth
The moment I was born I was condemned by the Catholic Church
Warsaw battling the streets we inhabited
I'm sugar like Ray Robinson, you ain't even saccharin
Leaving you staggering making an impact
New York, we created this rap
This a blatant attack, East Coast we taking it back, c'mon

[Chorus:]
Life is love, death, pain
Hate [?] nothing to gain
Life is love, death, pain
Hate [?] nothing to gain

[Verse 2: ~Vinnie Paz~]
I'm letting this motherfuckers live, it was truly compassion
I'm brutally bashing cause I'm steadily losing my passion
Tell Louie to stab em or to shoot em with two different Magnums
I'm usually packing carry hawks like I'm Julian Jackson
I'll rob em for Gucci, I'm a thief, these are Lucifer's actions
I'm a provider, I'm a messiah, Jesus' assassin
I don't think it's anybody living truly could match this
I slaughter Buddha through the computer, Medusa's companion
A lot of rappers wanna beef with the lion
Ain't too many people that's as fucking lethal as I am
I feast em and fry em, Vinnie so at peace with the violence
I exercise absolute power, peace to the tyrants
I'm old school like quarter waters and eating in silence
You new school like faggot rappers competing for prizes
I'm a send you to the afterlife speak to Osiris
And when he ask you why you there tell him the lethalest virus

[Repeat Chorus:]

Vinnie Paz - WarMonger Lyrics

(*Prod. by Fizzy Womack)

[Verse 1:]
My fist enters in your temple like an obelisk*
It's blackness, darkness, abyss of joblessness
Everything you do is small, my shit is monstrous
I murder devils and any of their accomplices
My brain function on other levels of consciousness
My brain function on other levels of pompousness
You're listening to the bass and treble of godlessness
My thirty-eight will spit hate and level the populous
My esophogus breed the evil that just demolishes
Whether or not you're a believer in the Apocalypse
Y'all shit is sweeter than two faggots that's locking lips
It ain't a rapper competing with my obnoxiousness
It ain't nobody that's equal to my accomplishments
The Desert Eagle is legal and it astonishes
The AR15 diesel and blow your mom to bits
It's hard to catch me, I'm Thurman Munson and Carlton Fisk

[Chorus:]
Music is motivation for me to just go insane
Man I see it on paper, I know that I should be caged
And I'm trapped but I escaped it
By trapping in that trap for that paper

Music is motivation for me to just go insane
Man I see it on paper, I know that I should be caged
And I'm trapped but I escaped it
By trapping in that trap for that paper

[Verse 2:]
Y'all know the flow is precise
You don't owe me your life
But that could change one roll of the dice
And then money try to go for his knife
I'm a levitate his body to the sky until he's homies with Christ
Don't even fuck around, son is a goon
Son is bipolar, alcoholic, son is consumed
I breathe life into the sun and the moon
I breathe life into the most barren bloodiest womb
Y'all don't know y'all getting stalked in the shower
Populism is rebellion over corporate power
Politics is just the talk of the hour
It's a matter of time before they hit another office or tower
I don't care, I put the gun to your ribs

And the Desert E big, it'll separate mothers from kids
I walked around from Philly slums to the bridge
Been around the world eighty times, nobody can fuck with the kid
Yeah

[Repeat Chorus:]

Vinnie Paz - Paul And Paz Lyrics

(*Prod. by C-Lance)
[** feat. Paul Wall and Block McCloud:]

[Intro: ~Charlie Manson~]
I run the underworld, guy*
I decide who does what and where they do it at.
Why am I gonna run around and act like I'm some teeny-bopper somewhere for somebody else's money?
I make the money, man.
I roll the nickels.
The game's mine. I'm the king!

[Chorus: ~Block McCloud~]
Gotta get fetti, gotta get that dough
Please don't hate me cause I hustle and it's all I know
We get fetti man, we get that flow
They hate us because we love paper chasing

Gotta get feddy, gotta get that dough
Please don't hate me cause I hustle and it's all I know
We get feddy man, we get that flow
They hate us because we love paper chasing

[Verse 1: ~Paul Wall~]
I'm the man with the plan and them rocks in my hand
In the Cadillac sitting on the fours
I'll do papy so happy but the haters mad at me
When I come around the corner so slow
I'm the shit where I'm from in the land of Screw
A go-getter chasing after bankrolls
If you're hating don't try it cause I'm waiting so quiet
A player stay up on his toes
I got my mind on paper, not concerned with them haters
Them boys is talking down call me catch up later
See I pull up in that black on black like Darth Vader
Handing bars out the window, serving boys like a waiter
My mind on dollar signs so partner I'm a grind
Gotta punch that clock and paper-chase overtime
That paper is a fool if you put in work
I'm a hustle till I'm under the dirt, I gotta get it baby

[Verse 2: ~Vinnie Paz~]
I'm nice with the ox, you get cut like the raw white
Or hit you with a fucking silver bullet like Coors Light
I could tell a snitch if he don't walk through the door right
I could tell a snitch if he don't handle the four right
The fifth levitate your body to God's height

Flatline, long dark tunnel and saw light
I'm a ride dirty so motherfucker forget the law
Chicken wing, shrimp, fried rice, and the liquor store
It don't take a lot for me to have the pistol drawn
Get popped in front of me, I don't even assist the boy
Y'all are fronting, I don't know what the resistance for
Y'all are nothing, that's why that you keep you distance for
Anybody fuck with Vinnie getting laid to waste
I'm a have your white tee looking like it's tomato paste
You a joker motherfucker Vinnie play the ace
Paul take the thirty-eight snub and rearrange his face

[Repeat Chorus:]

Vinnie Paz - Bad Day Lyrics

[Verse 1:]
Some people wake up late, I wake up mad late*
All the time hungover, it's a sad state
I love liquor, she my bitch and her ass great
But I don't remember anything from our last date
I wipe the sleep from my eyes and I peep my phone
Twenty texts, thirty calls, just leave me alone
My head pounding like crazy, I need some Patron
That's the hair of the dog, god need a bone
Kiss my mama on the cheek, she look beautiful
(Vinnie you're a mess, what I'm gonna do with you?)
I know you cooking something
(Yeah, I made some food for you
Managut, bragol, and some brigutte too)
I told you wild times ma I don't fuck with pork
Please pass the lucatelli and a bunch of salt
The phone ring, it's the police but who would've thought?
This motherfucking pig telling me I'm due in court

[Chorus:]
Every time I feel this shit is going my way
Something come along and fuck up my day
I had a rhyme in my mind now there's nothing to say
And cousin that just fucked up my day

Driving down the block someone cut in my way
That shit went and fucked up my day
Rap critics, they always got something to say
I would never let that fuck up my day

[Verse 2:]
I don't know where the fuck I'm at today
I drank a couple of bottles, I guess I have to pay
This bitch laying next me, she look like Cassius Clay
Gotta get outta here before she asks me to stay
I don't know how I got here in the first place
She had a banging body but she had the worst face
I guess I act like an animal, I deserve hate
She must've lured me in with white like she was third base
It ain't hard to convince me to do some dumb shit
Especially when I'm on that get high and drunk shit
That's why Vinnie always end up with a dumb bitch
The only thing I'm never on is on some punk shit
I'm on the other side of town and I'm walking dolo
Panerai watch, Gucci kicks, lots of Polo
Goons ran up on the kid, put the gat to my dome
I was caught slipping, I left the ratchet at home

[Repeat Chorus:]

Vinnie Paz - Washed In The Blood Of The Lamb Lyrics

(*Prod. by 4th Disciple)

[Verse 1:]
If you listen to me then you know my father was G*
And the apple don't fall too far from the tree
Me and you is different as we could possibly be
Me and you is just different philosophically
I don't think it's anybody as obnoxious as me
I don't think that anybody else could parted the sea
I don't think that you wanna discuss the horror with me
If I was you I'd move a little bit more farther from me
It ain't nobody living more of a sergeant than me
It ain't nobody alive more of a prophet than me
It ain't nobody living possibly rocking with me
On the stage, in the studio, or boxing with me
Every second I'm awake there is a toxin in me
Anti-depressants, Suboxone, Oxycontin in me
Only a stupid motherfucker have a problem with me
Cause he don't know I got the fucking problem-solver with me

[Chorus:]
I was washed in the blood of the lamb
Whoever touches my hand gonna leave enough blood in the sand
I was washed in the blood of the lamb
Whoever fuck with my fam suffering, a motherfucker should scram

I was washed in the blood of the lamb
Whoever touches my hand gonna leave enough blood in the sand
I was washed in the blood of the lamb
Whoever fuck with my fam suffering, a motherfucker should scram

[Verse 2:]
I slaughter anything I get my hands on
Inside the Church of Anton with bloody pants on
I was in the land of Israel and heard ram's horn
I was in the sand with Ishmael and fought the sandstorm
I'm just waiting for the raven to thaw
Cause I don't argue with Mesopotamian law
I submit my will and faith into the grace of Allah
And the Mayan calendar say it's erasing us all
The four-fifth you should see this thing, it's berserk
And y'all are royalty inside a fucking kingdom of dirt
How are y'all original when y'all ain't think of it first?
I just wish I could put everything I think into verse

Vinnie Paz - Drag You To Hell Lyrics

(*Prod. by DJ Kwestion)

[Chorus (2x):]
I'm taking my own life, I might as well*
Guess where I'm going cause the Devil's inside
I'm taking my own life, that's where I'm going
Except they might not sell weed in Hell

[Verse 1:]
See I always have respect cause I always talk fact
The .38 and the 50 caliber hot, black
I always left with nothing but I always brought back
I always been a hustler, I probably go off that
Y'all don't wanna go to work with the boy
There's only two words that describe me: search and destroy
I don't think you wanna get murked by the boy
My shit is military, y'alls is like a nursery toy
It's hurting you boys
My team ain't even hungry, we famished
I murder everybody, fuck collateral damage
I'm animal savage with Hannibal's habits
I'll mangle your cabbage
I walked into the parish and I strangled the faggots
I hang with the baddest brothers, put their trust into Jesus
Run with brothers who's forty guzzlers, Islamic extremists
Ugly and ignorant is how they perceive us
I don't care, I'm trying to deal with my personal demons

[Repeat Chorus (2x):]

[Verse 2:]
Y'all don't wanna go that route
Broke motherfucker need to throw his throwback out
If you see me drinking something good I stole that stout
If you see me drinking in the hood then roll back out
On the real I don't want no one to bother me, cousin
Rapping just a little fucking bit of part of me, cousin
I'm just trying to have a drink at the bar with my cousin
I ain't mean to be rude, god, pardon me cousin
I stay strapped lord, gun in the tuck
Young boys act wild lord funny as fuck
I scrap southpaw sonning you fucks
Look at you lord on the floor bummy as fuck, what?
My life been defined by death
So I guess if everybody dead mine is next
My father dropped a jewel on me, time forgets

It's not as easily the mind forgets
Y'all know what I mean?

[Repeat Chorus (2x):]

[Verse 3:]
Drag you to Hell, I'm evil dead, you can call me Sam Raimi
These motherfuckers want a verse but they can't pay me
Fuck a funeral home, put em in the sand maybe
Y'all are acting like you're big, like you're mad gravy
Y'all don't wanna beef with the god
Don't have the brain power to compete with the god
Y'all should retreat from the god before you get turned to meat
Something to eat for the god, peace to the gods
I carry heavy shit, big guns, John Rambo
I'm a spot Russia like Pakistani commandos
How you go to war when you're standing in sandals?
Now you're dead and your family handling candles
Don't even call for a truce, I'm about to end this
Whole motherfucker when I call for the troops
Reservoir dog walk with the troops
And I burn this motherfucker down to the ground down to it's roots

[Repeat Chorus (2x):]

Vinnie Paz - Same Story (My Dedication) Lyrics

[** feat. Liz Fullerton:]

[Verse 1:]
You came into my mother's life at the right time*
More than a step-father, more of like a lifeline
She ain't really had happiness since my pop died
She was living but living is always not alive
And my momma should be treated like a queen
You gave her everything she ever needed like a queen
Probably the most gentle G I ever seen
The love y'all shared I never seen in human beings
Y'all were together twelve years, never no fights
Not even a little argument, that was so nice
Three of us eating dinner together most nights
Working seven days a week, that ain't no life
But never once did I hear you complain
Even when they let you go never hear you with blame
It take a real man to walk through the rain
He was a real man who got sick and fought through the pain

[Chorus:]
I am made of all four corners
All directions without the borders
I am strung so loose together
And you're a thread that holds forever
I'm not nobody's baby
You had your shit too
But you always came through for me

[Verse 2:]
I walked in that morning and knew something was wrong
I tried to talk to you Rock, you didn't respond
I called 9-1-1 and then ran for my moms
Waiting for the ambulance and I tried to be calm
Moms went with you, I stayed and held down the fort
I was nervous, I was crying and really distraught
I was alone by myself, just left with my thoughts
Mommy called, told me that you had a stroke and fought
I ain't seen a hospital since my father died
I don't like it there, memories is locked inside
When I walked inside the room we started to cry
I was just so happy that you was alive
And you told you how much that you hate the hospital
And that they thieves are trying to keep their pockets full
I think I hold myself a little bit responsible
When you was smoking all the time I wasn't stopping you

Nevertheless you came home and that was real
A lot of therapy and doctors gave you lots of pills
You couldn't thrive anymore, you had to stop and chill
And that's too much for anybody that can stop your will
But you never got back to your norm
You was proud, didn't want any help from my mom
I left for tour and you asked me how long I'd be gone
And I could see inside your eyes you knew something was wrong
I got back mommy told me you was sick again
Couldn't believe that we was going through this shit again
I love you Rock and I'm always gonna miss you friend
And for me it's just the same story, different pen

[Repeat Chorus:]

ILL BILL & VINNIE PAZ
HEAVY METAL KINGS
PARENTAL ADVISORY

Keeper of the Seven Keys by Vinnie Paz

Vinnie Paz

Keeper of the Seven Keys

[Intro]
Yeah, Heavy Metal Kings
Brrrat, brrrat
ILL BILL & Vinnie Paz
Yo C-Lance this beat's monster!

[Chorus: Raekwon sample]
Walked in, both of us looked like terrorists
Walked in, both of us looked like terrorists
Masks on, second floor, dun yo, I handle this

[Verse 1: Vinnie Paz]
When y'all was fucking around with Bush I was running with Saddam
Puffing on the kush and building with the imam
The only thing you motherfuckers set was the alarm
I'm stronger than the motherfucking Tet in Vietnam
Whoever wanna knuckle up will be deformed
Praying to the altar of the church and reading psalms
I don't mean weapons when I say that I'm dealing arms
I chop a motherfucking body up and feed the dogs
Me and BILLY ain't even deities we the gods
You a faggot, we the OGs that's in the yard
Only a select few believe in Fard
The rest gonna meet with Shaitan to bleed and starve
Left hook astronomy, you seeing stars
If I ain't in the studio drunk I be in bars
BILL buck-fifty this pussy and leave a scar
You might own a team, believe the league is ours
[Chorus x2]

[Verse 2: ILL BILL]
He was the keeper of the seven keys, eighteen a brick
A hundred and twenty-six thousand in a briefcase, give me my shit
It had the look that said, "I am the power"
The white angel with a scorpion branded across the particles of powder

Martyrs in the tower, owls, apocalyptic hour
Sound of pistol shower, crowning a system that devour
Mysticism shrouded in whispers, profound with an interest
Push a button and blow you up with a bomb from a distance
Like for instance in the parked car across from the precinct
Looking out my window watching your window falling to pieces
Bombing emergency, counterinsurgency, serpents flee
Furnished by me, sponsored courtesy of the murder spree
Using religion, science versus superstition
Came from the future to teach us how we overthrew the system
He lost an eye and several fingers on his right hand
Letterbomb sent to him by unidentified fans
The truth was never revealed, he retired to an island near Fiji
So his past would never reappear
Or so he thought until he caught some unidentifiable virus
They say he has five weeks to live

[Chorus x2]

Eye Is the King by Vinnie Paz

Vinnie Paz

Eye Is the King

[Verse 1: ILL BILL]
My fist is a gun, my fingers is individual pistols
System overload, glitches toe to toe, eye to eye, soul to soul
Walk amongst the lords of war, soldier gore
Calls these invisible walls to fall
Mental slavery, skids a metal prison corridor, cult leader orator
Since I was a shorty y’all busy with the .44
The black flag represent the skull and the guns
It’s like selling a MAC-11 to Attila the Hun
The ultimate in cult leaders, adult folk villains
Coke dealings in the champagne room with broke feeling
So fake amongst plastic piranhas
I’mma put you all to sleep in some acid pyjamas
Central intelligence odyssey, mind control biography
MK-Ultra, extraterrestrial sodomy
Way beyond astronomy, double-O like Sean Connery
We walk silently with big silencers violently

[Hook x2]
Everything William Cooper was talking about then is happening now
Malachi York was way ahead of his time too, it’s wild
"In the land of the blind the man with one eye is the king"

[Verse 2: Vinnie Paz]
My fist is a gun, every finger’s an individual sword
You either living with Shaytan or you living with God
I make metal with the cult leader orator
Since I was shorty y’all busy with Bacardi raw
I cock the .44, symphonies by Marley Marl
I would splatter all of y’all, shit y’all never saw before
Vinnie and his dogs of war, bombs the size of soccer balls
Since y’all was inside the walls tortured with the waterboards
Grab him by his throat, take his fucking head and scalp him
I carry black metal like I’m Venom’s second album

Support Dr. York, don’t believe what’s said about him
Strangle non-believers till the fucking redness out him
If we don’t like what they saying I guess we have to drown 'em
All they see is the demon lord and death around 'em
I’m made of mercury alloy like I was in amalgam
No matter how you look at it cousin death is the outcome
[Hook x2]

Impaled Nazarene by Vinnie Paz

Vinnie Paz

Impaled Nazarene

[Intro]
You have seen, you cannot deny it any longer

[Verse 1: Vinnie Paz]
Walt Disney was fuckin' Nazi, Illuminati killed Mike Jackson
Barack Obama aware of all their precise action
Look at the dollar bill, they want the fuckin' light blackened
Y’all too stupid and blind to see what might happen
The symbolism from beginning of recorded times
And Hinduism and the spinning of distorted minds
You believe it when the television report the crime
Well I believe that that’s irrelevant and falsified
Where was Jesus in the Bible for seventeen years?
He was in Tibet and India and they were his peers
He also lived in the Himalayas and Kashmir
He survived the crucifixion and lived for mad years
They like the idea of war between Arab and Jew
They like the idea of slaughter and massacre too
Knowledge is infinite, it’s something you have to pursue
I pray to God on the Shabbat for a pacifist coup

[Interlude]
"To most people who would consider themselves intelligent beings they say; Well that’s absurd, what’s all this doomsday stuff?"

[Verse 2: ILL BILL]
Born in the Sudan, raised in America
Aged seven in a new land, raised by the Seraphim
Learned Islam in Mitzrayim
Amongst the pyramids dragged by 'em
From the Nile River later reminisced and drank wine
Return to childhood and crime
Did an upstate bid for three years, out on parole
Now the world is mine
Created his own movement in ‘69

Nubian Hebrew Mission had arrived, he’s alive
Changed his name to Isa Abdullah
Many times after that legally changed his name several times
Level nine, Jackie and The Starlights, made music with passion
Rolls-Royce elegant fashion ready for action
Descendant of aliens from another planet
They said Christ was underhanded
Like King Solomon with many wives
Under marriage many seeds, many heirs to the throne
Ready to die and forever it’s told
Similar to this eleven year-old
After being gang-raped at eight memorized the testament scrolls
Front to back he recited the Bible
Word for holy word, Passion of the Christ on arrival
The Branch Davidians took him in then he took 'em over
Claiming the name of David from the book of Jehovah
You’d have thought that he’s from Brooklyn
How he had it all sewn up
Till the ATF had him blown up
Out in Waco
[Outro: David Koresh]
"So you know you guys, do it your way, I do it my way. You gonna argue with me, you catch me on the side of the road somewhere, you come and argue with me. You come pointing guns in the direction of my wife, my kids, damn it I’ll meet you at the door any time. And I’m sorry some of you guys got shot, but uh... Hey, God will have to sort that out, won’t he?"

Children of God by Vinnie Paz

[Verse 1: ILL BILL]
Never doubt your God, children singing songs about Jihad
Explosions that blow cars over buildings from afar
We the children of a bloodstained revolution
Gun bang, forever shoot and run fam, get your UZI love thing
Retribution Timberland boots, leather gooses
In the undisclosed black bulletproof with the extra shooter
Bought a box of banana clips from these anarchists
Like Tim Osman commanding the ship on dialysis
More pain more gain, 9/11 was a war game
More enemies, more friends, more fame
Listen to propaganda cock the hammer
We can stop a man but how do you destroy an army that’s a phantom?
How do you kill a militia that’s invisible?
Mystical, peep what official pistols do, kid we invincible
How do you stop the unstoppable, unkillable?
The salvation of God, now sit back and listen to the song y’all

[Verse 2: Vinnie Paz]
I heard children sing Allahu Akhbar in Turkey
One had a Russian AK, dirty Iverson jersey
I don’t know if it made me proud or if it disturbed me
I guess it’s not as bad as kids being fucked by the clergy
Kufi on, Glock cocked moving through the palace
A dead Kennedy in California Über Alles
I’ll drink a quart of virgin blood inside a Buddha chalice
I took the head off a Kennedy from the roof in Dallas
Yeah, I wish that Ron Paul ran again
If not then I’mma have to take the lead like Jeff Hanneman
(Seasons of the Abyss), y’all falling for the trap again
.38 leave your fucking body like a mannequin
Yeah, if BILLY blast at you I blast with him
We don’t live in a republic, it’s just fascism
The Louvre isn’t a museum, it’s a glass prison
Fuck a class system, listen to the song y’all

Blood Meridian by Vinnie Paz

[Intro]
RIP season begins
Murder murder, killer killer
RIP season begins
Murder murder, killer killer
RIP

[Verse 1: ILL BILL]
I’m like L’Amours in ‘85, pull out the sawed-off and spray mine
Lord of Chaos perform the séance, burnt sherm up in the trees
ILL BILL, terminal disease, murder the police
Nuns giving blowjobs, gerbils in the priest
My drug cauldron like Buzz Aldrin, I’ll put you in a fucking coffin
And toss you off a cliff with a forklift
I’m awesome, so amazing and so fortunate
So if you fuck with my family, I might have to torture your kids
Cover the most villainous gang with carnivorous ants
Screaming in horror while they rip off their skin with their hands
People pay me over the average nation’s loss of default
Forcing baby stroller decapitation corporate recalls
Baptized in Babylon, born to run the landmine marathon
The Lamb of God that killed Camelot
Roaming like a renegade samurai
Sodomania, Romania, who rhymes zanier?
I’m the king of Mesopotamia
[Verse 2: Vinnie Paz]
I’m Manowar in ‘84, my shine is just sick
Legend of the third degree God, Hiram Abiff
Shut the fuck up, give me the drugs, I don’t resist
I’m Mike Vick, kill your dogs, lord violent as shit
I walk around with the ice grill, God, y’all can’t stop me
Son of a widow of the tribe of Naphtali
Otherwise known as the stone Huram-Abi
Bite the head off of the bat while I chant "Ozzy"
See I’m the lion in the yard
My conduct in unfeigned piety to God
Yeah, all of society is scarred

You talking to the wrong motherfuckers if propriety involved
I’m a mix of Black Sabbath and a Black Hebrew
How could something be so good that’s that evil?
I paint portraits of pain from Arafat’s easel
The .38 in the waist because the MAC diesel

[Outro]
Murder murder, killer killer
RIP season begins
Murder murder, killer killer
RIP season begins
Murder murder, killer killer
RIP season begins
Murder murder, killer killer
RIP season begins
RIP, RIP, RIP, RIP

Oath of the Goat by Vinnie Paz

Vinnie Paz

Oath of the Goat

[Intro]
One neighborhood will put their barrio on the wall and then, you know, we come in, write next to it or cross em out and they'll cross us back out. And then it gets into um, you know, maybe a fist fight and then maybe guys will get knifed behind it and then shooting and then someone dies. And you know they might wanna get back at us and if they do get back at us we might go down and kill two of em. Then they'll come back and maybe get one of us and we'll go back and get two or three more. It just goes on and on. It don't stop

[Verse 1: ILL BILL]
Homie, you can call me hot furnace
ILL BILL AKA Nocturnus
Walk up to you at point blank range and pop burners
Walk away like nothing happened
Walking while I'm clapping, laughing while I'm talking
Awesome with the Magnum, spasm with the four-fifth, caution with the asthma
The OG kush we smoke will send your lungs into a spasm
Live fast and we die young, a bunch of live guns
Get your mind flung through space and time
When we rhyme run for the hills Iron Maiden, die in pain
Have your entire society rioting
Flipping over cars violently then fiery
The double gun salute, a hundred guns asking, "Who the fuck is you?"
We the top tier, you could get your head popped here
Stop there, we could earth you and nobody would care
And that's deeper than an unborn
In the womb of a prawn at the bottom of the Indian Ocean in the calm

[Interlude]
What's the worst thing you can imagine? And they'll tell me a shotgun suicide. I'll say, okay yeah shotgun suicide. A person hadn't been found for six weeks. They lived in filth, they were a junkie, they had an animal that was eating them for six weeks. That animal died and then we get called

[Verse 2: Vinnie Paz]
I'll go anywhere I want, I don't have clearance
Carnivore, don't eat anything that don't have parents
I'm Jihadist, I go to war with God-fearers

Elohim, Rosicrucians, and cross-bearers
I don’t sign up for war, it’s no enlistment papers
My hands fast, they pyrotechnic initiators
I don’t have any close friends, just distant neighbors
'Cause I don’t listen to Christians or crucifixion wavers
I don’t listen to anyone that ain’t been to war
I don’t listen to anyone if they ain’t been poor
I ain’t ever going back to where I been before
And I ain’t going fucking back to lose, win, or draw
Tell your whole fucking fam Vinnie P a problem
And my four-fifth sick, it got a sneezing problem
It’s the Heavy Metal Kings, you know that we a problem
And y’all ain’t saying shit, now y’all have a breathing problem, yeah, ahahahahaha
Heavy Metal Kings
BILLY Ocean, Vincent Price
Ahahahahaha....
Heavy Metal Kings! Rahhh!
[Outro]
Certainly no one wants to be overly-dramatic about it or glorify it, but to be a gang member is to be a soldier in a guerrilla war. For those who fight it the war no less dangerous and bloody than World War 2 or Vietnam. There is no one enemy, but several, and these enemies are not in some distant land or far-away stronghold. They’re across the street, down the road, up the hill, around the corner, all around. There are [?] battles, neutralized? combat with large forces, darkened schoolyards, parks. There’s night-time bushwhacking and ambushing. The enemy streaking by in cars, guns blazing or taking careful aim from some secure vantage point, or leaping from hiding places with knives, boards, or shanks...

King Diamond by Vinnie Paz

[Intro: Vinnie Paz]
Yeah! (Yeah, yeah)
Heavy Metal Kings! Brraatt
Yo, BILL, what up baby?
Yeah, brrat, brrat, brrat, brrat, brrat, brrat!

[Verse 1: Vinnie Paz]
Y’all should stop rhymin'
I’m a G, hardbody, I am not Common
This is destiny, it’s not luck, it’s not timin'
And Vinnie staying in the hood like he Top Ramen
I ain’t ready for the stage until my fourth quart
I’m the definition of bully, a poor sport
However you want it, we can do it on your court
My sword’ll cut your shit in half like it’s divorce court
I have G in my blood 'cause my pops had it
The straight left hits hard like it’s Scott Travis
I don’t fuck with anybody who is not savage
The GSG-5 leave your block ravished
I’m not sick, I control the disease
I got Lamas but not the ones that Napoleon feeds
Even the most protected soldier could bleed
Me and you ain’t nothin' alike, we a whole different breed

[Hook: ILL BILL]
Yo, sawed-off or automatic, my aura cause static
Traumatic anarchy volcanic is organic
Heavy Metal emperors, kings on the planet
Bring whores and Xanax, think more satanic
X pills, Vicodins, OCs, powder
Haze, OG kush, diesel and sour
Dust, chews, lucies, turbans, and kufis
Handguns, rocket launchers, shotguns, and UZIs
[Verse 2: ILL BILL]
Imported Italian leather sofas Valencia
Shooters imported from Chechnya
Put 'em underneath the dirt with the rest of ya

The skull and crown on the sword, four pound on ya boy
'Cause entire crowds to applaud, ten thousand or more
Can never be contained, lyrically deranged, clinically insane
Critically acclaimed, I keep the industry afraid
They’ve been super nervous ever since we escaped
Goons with burners, destiny betrayed, refuse to lose or ever be enslaved
A picture’s worth a thousand words but a symbol is worth a thousand pictures
We never fully understood the symbol found in scriptures
Swastikas spray-painted on the pyramids
Sometimes I feel like we’re just an experiment
Gold fronted up top to bottoms, cock the llamas
Mossad, Osama, Jihad, Obama, call me the Skull Head
Like Four Horsemen combined in one warhead
You fuck around I’ll detonate and leave you all dead

[Hook:]

The Vice of Killing by Vinnie Paz

[Intro: Vinnie Paz]
Yeah
HAHAHAHA
BRATT!
Heavy Metal Kings!
BILLY Idol, Vinnie Apathy
Listen

[Verse 1: Vinnie Paz]
It’s a burgundy bath, everybody get turned into ash
Bein' evil just something I made my personal task
The G36 put you in surgery fast
Everybody die, regardless who first or who last
Death almost got me twice but he mercifully passed
I’ll take your face off without using surgical masks
I wouldn’t call it an ego but I’m certainly gassed
This isn’t the Desert Eagle but it certainly smash
If I don’t get money from rhymin', that’s a fateful day
I might have to take it back to the kitchen like Rachael Ray
I don’t put no work in with bitches, I’m tryna scrape today
Anywhere in my environment is not the place to play
If I’m hungry, in need of food, I’ll pull a skully down
I don’t fuck with workers, I’m gunnin' whoever run the town
I got enough clips with me to spit a hunnid rounds
I’m the father of Christ and y’all are just the son of clowns
I don’t think that y’all can fuck with Vinnie but let’s see
I’mma have this fucking Llama looking like Jet Li
Everybody who is anybody respect me
I’ll have you bleeding out your back like it’s a jet ski
[Hook: ILL BILL]
Motherfucker, what’s really real, really ill?
Run up on you, hit you with Israeli steel, yo we really will
Through windshields, windpipes and car seats
You die on the Belt Parkway next to Canarsie
Motherfucker, what’s really real, really ill?
Run up on you, hit you with Israeli steel, yo we really will
Through windshields, windpipes and car seats

You die on the Belt Parkway next to Canarsie

[Verse 2: ILL BILL]
Brutal tribes indulge in slavery and human sacrifice
The shooters pack devices capable of proving lack of life
With no compassion, ratchet action, flashing, fashion
Blast for cash, assassins faster than The Flash
Amass a body count, surpass the sound barrier
And shattered by the splatter, rattled you
Waking, shake you sober
Gats that kick back and dislocate your shoulder
Decapitate your head and chop you in half, pop you and laugh
Rob you with gats, find you amongst the cowards and fags
Find me holding the rifle on the watchtower with plans
Don't ever underestimate me or the power of Paz
Lock you in the room with the lion, now how would you last?
You can’t fight the king of the jungle, he’ll devour you fast
Put you underneath the dirt next to the flowers and grass
At the funeral mommas and dads get showered with gats
You kill one of us and we’ll kill one of you, counterattack
Thousands of stacks from hustling these powders and cracks
[Hook: ILL BILL]
Motherfucker, what’s really real, really ill?
Run up on you, hit you with Israeli steel, yo we really will
Through windshields, windpipes and car seats
You die on the Belt Parkway next to Canarsie
Motherfucker, what’s really real, really ill?
Run up on you, hit you with Israeli steel, yo we really will
Through windshields, windpipes and car seats
You die on the Belt Parkway next to Canarsie

[Verse 3: Reef the Lost Cauze]
I fucking pick and peel your chain, Official Pistol Gang
From Kill Devil Hills to Pennsylvain, we be gripping change
You little pencil-brains, before I lose to you
I’ll cut my nuts and slit my veins
All y’all do is bitch, complain
Henny and pills, plenty of steel
On the block with fifties and krill, word to Vinnie and BILL
In South Philly for real, my hood is guineas and Cambos
N***as and dirty Irish who think that they SAMCRO

And oh, my fan know the stream, fuck the man yo
Now book 'em, Danno, you ain’t Rambo
Don’t put twenty in your hand bone when my fam roam
That’s when the grams go, soft white
My n***as call it that damn snow
And fuck hip-hop, I got sick pot in Ziplocs
I get from stoners in Cali, rockin' flip-flops
One brand is called Sit-Stop 'cause after one hit
That bitch’ll have you dancing with the stars like Rick Fox, yeah
[Hook: ILL BILL]
Motherfucker, what’s really real, really ill?
Run up on you, hit you with Israeli steel, yo we really will
Through windshields, windpipes and car seats
You die on the Belt Parkway next to Canarsie
Motherfucker, what’s really real, really ill?
Run up on you, hit you with Israeli steel, yo we really will
Through windshields, windpipes and car seats
You die on the Belt Parkway next to Canarsie

[Verse 4: Sabac]
Yo, we have walked back together to gorillas and wolves
The illest of goons, the room is filled with killers and booze
Pretty soon we breaking in your office building with tools
Assassinate the CEO for catching feelings and moods
The steel at the moon, got us raising hell on the block
If they manipulate us like a pretty face and smelly twat
Tell me what is power, cash, hand, guns, and hoorah
A brutal task between thieves, priests, nuns, and Korans
I’m on a path that has the cash, has bigger and better things
I’ve been with veteran medicine men headed to Medellín
Bring the noise and avoid the vicious cycle of prison
It’s all poison, Kool G Rap, Michael Bivins
Speed of NASCAR, vroom
Madagascar soon, consume a rock star "Ooh!"
Allahu Akbar boom
Wounded and killed, rumors are real
Israeli steel caught your peoples in the grill
Now the tomb is concealed, yah!

Devil’s Rebels by Vinnie Paz

[Sample]
Outside the 83rd precinct station house, members of the Devil's Rebels threatened to kill the police who were holding the three gang members. Some of the police ignored the gang’s taunts but others did not...

[Verse 1: ILL BILL]
I be the triple six OG homie, melt you like cheese on pepperoni
Death to phonies, the resurrection of Tony
Like Dr. Malachi York in his heyday I’m Dre Day
My brains spray like Jeru when he dropped on Payday
My brainwaves are rocket ships and space planes
Better yet freight trains, better yet AKs
Rainy days make me think about my grandmother and my uncle in the jungle
With a bundle and the junkie gets the hunger
When the humble seen the rumbles in the big park
Cats’ll run up on you for a parka
My projects was Clive Barker
It was markers, monsters and conquerors
Corner liquor store robberies
Shoot-outs in front of my school constantly
Kicking over displays in the Milky Way, the filthy way
Fuck around you catch a buck-fifty in your face
5714 Farragut, don’t ever come around here on no motherfucking faggot shit
Beat you in the face with the ratchet, kid
Leave you resting in peace on some forever after shit
We them Heavy Metal Kings, let the hammers click
Ready to handle shit, we talented homie, hand me that banana clip
[Verse 2: Vinnie Paz]
This is books of blood, nothing surrounding me but crooks and thugs
Drinking forties, smoking wakata, cooking drugs
My shit harder than liquor that you would put in pubs
I got Sierra ballistics that you could put in plugs
I put my hand on the Bible, lie to the judge
I didn’t even mean to be high, but I was
I guess it’s just a procedure to ride with my thugs
I guess I’m just a believer in God just above
Yeah, run up on your car for cream
Alauddin on his deen, na'mean?

I ain’t fucking with small shit, only thorough heaters
The ice grill get you robbed, Sergio Martinez
Your whole clique a bunch of broads, y’all all divas
Y’all on some Kanye faggot shit, all skeezers
I always handle the rock, y’all all defense
Dim Mak hit your chest, your heart weakens

[Verse 3: Crypt the Warchild]
We critically acclaimed, lyrically we reign
Clinically insane, Heavy Metal King, Official Pistol Gang
I distribute pain, what seems to be the issue, mane?
My main issue is y’all lame, we ain’t the same
So we ain’t on the same page, we a different book
You’s a gimmick, type-gay, that’s a different look
Trust nobody, loyalty is forbidden
So when a n***a turn his back, Paz four-fifth him
Everybody rah rah, I just say they talk
But never sneak the fifty on me like I’m AJ Hawk
Killadelph, Pistolvain, let the melee spark
They barely scratching the surface, how they claim they sharp?
Temple of Doom, goon platoon, we just take their heart
Your shit is terrible, your excuse? You claim it’s art
My presence in the vocal booth is like that of God
I try to school them but society is brainwashed

Age of Quarrel by Vinnie Paz

[Verse 1: ILL BILL]
I got the bandana over my face
So it’s impossible to identify the father of atrocity
Modern day Agathocles, use modern machines
Topple regimes, we conquerors from Compton to Queens
We build and destroy, tearing this shit apart from the seams
I seen it with my own eyes, I know it’s hard to believe
Till you see yourself starting to bleed
Till you see Moses standing on the edge of a cliff parting a sea
Now we watch the severed head of the Statue of Liberty
Being thrown down on the streets of Manhattan literally
Better yet the head of Daniel Pearl
Welcome to a brand new world
NWO new edition like candy girl
My uncle spent New Year’s Eve 2008
On Rikers Island half-asleep with a shank
One eye wide open like the CBS logo
With multinational corporate criminals with Polo fits

[Hook]
"Heavy metal could wet you"
"We be causing a mosh pit like Cro-Mags at L'Amours"
"Heavy metal could wet you"
"We be causing a mosh pit like Cro-Mags at L'Amours"
"Heavy metal could wet you"
"We be causing a mosh pit like Cro-Mags at L'Amours"
"Heavy metal could wet you"
"We be causing a mosh pit like Cro-Mags at L'Amours"
[Verse 2: Vinnie Paz]
I’m the Van Allen radiation belt, I’m the thunder clapper
They call me Kenneth Bianchi from what I’ve done to rappers
Spiritual difference between the son and master
This the Genesis, I only just begun the chapter
Russian AK’s, Pana with the polo on
I was rocking that in ‘88 before your solo song
Do whatever the fuck I want, I know it’s wrong
Call me the proper name of God like Jehovah’s mom

Y’all motherfuckers got guns, we got an arsenal
Mao said to read too many books is harmful
Mind is from Harvard, my heart is blacker than charcoal
Hold the pen so tight, damage my metacarpals
Y’all should take mescaline tabs, I think it’s sound advice
I’m the molecular biology of paradise
I am Satanist, I am Buddha, and I am Christ
I’m Cus D’Amato in ‘84, I’m Iron Mike

[Hook]

Metal in Your Mouth by Vinnie Paz

Vinnie Paz

Metal in Your Mouth

[Verse 1: Vinnie Paz]
I’m a motherfucking chainsaw, see everything it remain raw
Why you think we brought Q-Unique and Slaine for?
The same reason that Henry the 8th was king for
The same reason Kaczynski was in the bing for
The thoughts going through Tyson’s mind in his ring walk
If it’s beef I suggest to you that you bring chalk
Everything is more merciless than a Ming thought
You in county and thought that you speaking bing talk

[Chorus]
I feel how I feel 'cause I was born to kill
Ain’t no love it seems the devil done stole my soul
I feel how I feel ’cause I was born to kill
The metal in your mouth like you was rocking braces

[Verse 2: Q-Unique]
After the game ends I’m blasting from Gravesend
You rapping for gay men, I’m a master of mayhem
Hah, the city’s a pool of devils and sin
I give you the tools that’ll sever your skin
Slice with the hands of a track assassin
Choking a victim keeping the gat from blasting
I’m hoping and wishing these streets let me stack from rapping
I’m speaking a crack holding a Magnum cannon, Q’s glamming
[Chorus]
I feel how I feel 'cause I was born to kill
Ain’t no love it seems the devil done stole my soul
I feel how I feel ’cause I was born to kill
The metal in your mouth like you was rocking braces

[Verse 3: ILL BILL]
I’m ghetto like Strawberry in a limo copping rocks in Queensbridge
Real shit, keep your weapons concealed kid
This is for soldiers that chose to ride, those that died

Logo made of skulls and nines, murderers multiply
Souls divide those that know the road survive, scope the sky
Vultures fly, Desert Eagle chrome collide, close your eyes
It's the hellion, my rebellion retaliate
I'll have the whole New York State aiming at your face

[Chorus]
I feel how I feel 'cause I was born to kill
Ain’t no love it seems the devil done stole my soul
I feel how I feel ’cause I was born to kill
The metal in your mouth like you was rocking braces

[Verse 4: Slaine]
I was on a crash course with the cemetery on a task force
Shooting for the skies, I’d do anything to blast off
Rewind it ‘99 fuck it now fast forward
If I could see today, this is everything I asked for
Back then I had nothing, I could rap my ass off
I’m on a corner spitting raps twisting caps off
Now here I am today, people, see this is what you asked for
Not the man, not the myth, I’m your superhero with his mask off

Terror Network by Vinnie Paz

[Intro]
Let’s face it, someone in the CIA who has commanded wars around the world, sent people off to die which is the, you know, is the ultimate ego trip for a Pentagon type of person. The ultimate power that a human being can have is to send other humans off to die. Not to send just one individual to the gas chamber but send five thousand off to die...

[Verse 1: ILL BILL]
When your army approaches my castle
They see the decapitated heads of my enemies
Stabbed and hanging from every branch in every tree
The destiny of the truth is to be hidden
Yet the truth is right in front of your eyes, it’s written
Rituals of the forbidden, NERF herders cast spells during Black Metal church murders
Nerds with burners, beware of virgin murderers
Perverted ones, inverted nuns, fun with lysergic drugs
An orgy of the damned in the Church of Love
A thunder clap comparable to the burst of guns
Get your fucking face blown off by the inertia pulse
Murder cult, burn-n-blow, vertigo, hollow tips insertable
Pop your head open like a convertible
A cross between Charles Bronson and Fred Williamson
Fuck with me, car bombings and dead stick-up kids
The Devil feasts upon the souls of cowards
Horrifying like golden showers and exploding towers, listen!

[Hook: ILL BILL & Vinnie Paz]
Stumbled to the end of the tunnel but didn’t see light
Machine gun-toting Levites, suicidal Sunnis, exploding Shiites
The holy man swore he seen Christ
And yet still he craves to take his enemy’s life
Yo, stumbled to the end of the tunnel but didn’t see light
Machine gun-toting Levites, suicidal Sunnis, exploding Shiites
The holy man swore he seen Christ
And yet still he craves to take his enemy’s life
[Verse 2: Vinnie Paz]
Who built the pyramids in Georgia?
Malachi York and they extort him

They took the fucking facts and they distort 'em
I’m the fucking horseman, I draw a line in the sand
Another order of the Sufis out of Sudan, yeah
That doesn’t mean that I’m an honorable man
It means that understanding understood and I understand
Yeah have understanding of Leviathan plan
Have understanding of the dying of man
Y’all gonna push the God, make him turn into a goon
Have me turning into Abraham and worshipping the on
Put a spell on your son, curse him in the womb
Go to Hell with the nuns, they perverted too
Yeah it’s only mathematics spit
I speak ancient Greek and Galilean and Arabic
I read the revised Koran, Circle Seven
The God degree inside me and my brethren

[Hook: ILL BILL & Vinnie Paz]

Leviathan (The Spell of Kingu) by Vinnie Paz

Vinnie Paz

Leviathan (The Spell of Kingu)

[Verse 1: Vinnie Paz]
I’m a fucking warlord, what the fuck is you kiddin?
The gun’s always by my side, it’s a juxtaposition
I believe in Isa but I don’t fuck with the Christian
Ultimate killing machine, I kill puppies and kittens
I kill anybody cousin, why the fuck is you living?
I take mines while you faggots is stuck what you given
I don’t envy y’all dirtbags’ current position
Eating Crown Chicken stuck on the bus with your pigeon
I kill 'em all with my bare hands or the homie’s shot
And fuck around with more grams than Naomi Watts
It’s either war with myself or it’s a holy plot
John Tardy, I hope that you faggots slowly rot
I hit you motherfuckers in the head leaving bruises
And if the Tea Party win America loses
My hands clean but I still get you touched like masseuses
My therapist told me that working with me is just useless

[Hook]x2

Why is the sky blue? Why is water wet?
Why did Judas rat to Romans while Jesus slept?
Why is the sky blue? Why is water wet?
Why did Judas rat to Romans while Jesus slept?

[Verse 2: ILL BILL]
Rebel conflict, military all green
Glenwood Projects, 57-14
Money buys life or death
The best surgeons are the death merchants
Depressed urges lead to confessed murders
My whole family was in the projects
Paint chips we didn’t have to eat 'cause Ruthy got wrecked
Pissy elevators, Marcus poured coke out his pockets
11 years old talking about he’s hoping to profit

We were the children of foreigners born with the American dream
But then my uncle was a heroin fiend
And there were things that he once assumed that he would never achieve
His legacy has affected people of every creed
Every religion and race, time or place, Earth or space
It’s infinite, Uncle Howie Records is the name
I’mma speak my philosophy, you speak yours
I’mma teach my seeds well homie, you teach yours
As I walk through the valley of death I fear no evil
Only the evil hidden in my heart could cause people
To throw prods in your face, even more lethal
Written in all Hebrew, fighting to break the spell of Kingu
Sent to notify the people blinded in their mental
Call me Paul Revere, war is here, listen careful
Orchestrate assassinations and massacres
Kidnap ambassadors, coronate kings, and kill savages

The Crown Is Mine by Vinnie Paz

Vinnie Paz

The Crown Is Mine

[Intro]
Yo...
The crown is mine
Yeah, the crown is mine
Yo... Heavy Metal Kings
Check it

[Verse 1: ILL BILL]
I’m the numerical value of death
Nine double-M, shower lead and explosives
Powder keg that engulf and devour men
South of Heaven in the mouth of madness
Shouting at the casket, these idiots is drowning in the vastness
My science is accurate
While your favorite rappers be dying by accident
In the closet like David Carradine
Who the last man standing, who survive?
How can a man that stand on top of the water be crucified?
I never been the type to throw stones in glass houses
I’d rather throw lightning bolts and terrorize thousands
Make it happen when I lace the captain
Ran up in the Chase Manhattan
You can’t see my face, I’m masking, now taste my ratchet
It’s the Cult Leader, the Isa, Mohammed of terror
Every morning wake up and see God in the mirror
The truth-speaker, I’m the universal chronicle bearer
Like Charles Manson being interviewed by Geraldo Rivera
[Chorus]
"The crown is mine—
The crown is mine—
The crown is mine—
The crown is mine"

[Verse 2: Vinnie Paz]

This is Heavy Metal Kings, hardbody shit, sniffing white
I’m concerned with dying, y’all are concerned with living life
I’m in the Church of Anton while y’all are kissing Christ
You ain’t fucking around with BILLY or with Vincent Price
I have love for distance, I am the resistance
I am godly while y’all are just lacking some specifics
I study bullet trajectory, it’s my love for physics
Chicken ain’t got nothing to do with my love for biscuits
I am cancerous, everything that’s around me dies
I am scandalous, everything that comes out me lies
I believe that you got weaponry but I doubt the size
You won’t see me on anything, I’m poking out your eyes
A bunch of John Wayne Gacys, fucking clowns
Any of y’all that don’t embrace me, knuckle down
I don’t fuck with small pay, at least a couple pounds
I don’t need twelve to trash y’all, give me a couple rounds

[Outro]
Yeah, hahaha... Braat...
Vinnie Appice! Braat...
Official Pistol Gang! O'Drama Vin Laden!
La Coka! BILLY Idol... We mobbing on you motherfuckers!!
Heavy Metal Kings... Hahahahaha... Pazienza, ILL BILL

Lyrics.lol :: Splatterfest by Vinnie Paz

[Intro]
"Clips are fully loaded and then blood floods the lawn"

[Verse 1: Vinnie Paz]
It’s no quality on the mic that I don’t have
My hands punch through a rock like an Apollo jab
When I was young I used to follow dad
And watch how he would handle more beef than a McDonald’s ad
I’m from a time of Alpina glasses and Diadoras
Fuck around with me your family’s gonna need a florist
It’s no question who running rap 'cause we the rawest
Hit your head with the thunder clap, you see in Horus
I love my mother to death for giving birth to me
I ain’t even seeing red no more, it’s burgundy
All these bitches is just birds to me
And hearing of another dead cop quenches a thirst in me
Anything that is godly is the reverse of me
The home of Richard Ramirez is like a church to me
I keep a razor in my mouth, it's like a Certs to me
The way I cut your fucking face is like a surgery

[Chorus]
Nothing’s sacred anymore, take your last breath
What I am, what I want, I’m only after death
"Sons are born and guns are drawn
Clips are fully loaded and then blood floods the lawn"
Nothing’s sacred anymore, take your last breath
What I am, what I want, I’m only after death
"Is there life after death and if so where we go?"
[Verse 2: ILL BILL]
Black operation, black tie ritual, black magic
Black carpet event on the Black Sabbath
Black helicopter, black metal, black Magnum
Black Berkowitz in a cell with black Manson
My brain’s strange from taking contaminated acid
While you be selling your soul we assassinate assassins
Spray up weddings and funerals, splatter banquets

Bang automatic ratchets and broadcast the transcript
We staring down the barrel of another 9/11
Souls condemned to burn in Hellfire cry for Heaven
Blood money turn the most innocent minds to weapons
Turn children to killers carrying knives in trenches
Selling crack in the rain on the benches with a vengeance
Make a dramatic entrance like the train scene in Death Wish
Spray automatics reckless, leave your brains leaking headless
Pulling out the heavy metal K in broad day and end this

[Chorus]
Nothing’s sacred anymore, take your last breath
What I am, what I want, I’m only after death
"Sons are born and guns are drawn
Clips are fully loaded and then blood floods the lawn"
Nothing’s sacred anymore, take your last breath
What I am, what I want, I’m only after death
"Is there life after death and if so where we go?"
[Outro]
"And then blood floods the lawn
Throwing a body on my lawn
Clips are fully loaded and then blood floods the lawn"

The Final Call by Vinnie Paz

[Intro]
"Houston police say that the CIA and the FBI both say that Carnaby never worked for either agency, but his family tells a very different story, saying the 52 year-old spent about thirty years serving his country"

[Verse 1: ILL BILL]
Ayo the pilot had his gun drawn
Like when the shoe-bomber Richard Reid bit that stewardess' thumb off
You're done for
When you die, you go to Heaven, till then welcome to Hell Spawn
Celtic Frost at the Felt Forum, I'm never wrong
Stop acting tough, smart criminals can steal more money
With laptops than with a mask or a gun
Intelligent, relevant heretic, elegant terrorists
Presenting death sentences with malevolent eloquence
Label you larger than Hajj and spark a Jihad
Adolescent martyrs in mosques, the Sunnis? are bombs?
While the lords of war barter their arms
Concentration broken by the sound of fight jets barking at God
Gat shooters they snatch AKs and chains
My shooters snatch planes and cause international mayhem
In the mountains of Caucasia
Caught four Pagans in an orgy with lord Satan
Onward the war rages

[Chorus: ILL BILL]
I'm surrounded by hatred and lust
Angels and dust, cocaine and sluts
Dangerous thugs, blaze you with guns, lace you with drugs
Murderous cyborgs disguised as blind men with guide-dogs
Design wars, it's the final call
I'm surrounded by hatred and lust
Angels and dust, cocaine and sluts
Dangerous thugs, blaze you with guns, lace you with drugs
Murderous cyborgs disguised as blind men with guide-dogs
Design wars, it's the final call
[Verse 2: Vinnie Paz]
Phony money and economics

That’s the shit predicted by the prophets
Black guns, Black Helicopters
What is the connection between Jesus and the Shriners?
What is the connection to the virus and Osiris?
That’s why the gun is always on the hip
I learned to never sleep on Devil and to come equipped
I don’t never speak on nothing, always button-lipped
Whether it’s why the sun exists or if it’s rugged shit
Y’all are devilish and Vinnie move with God power
I called Bill, told him meet me at the God hour
It’s never been a question whether or not I’m star power
The only question is whether or not the God’s sour
Yeah, in other words sick of the Amorite
Reverend Dr. Malachi Z. York had it right
Dealing with sound right reasoning and acting right
Teaching people how to handle ratchets and a hatchet right

[Chorus: ILL BILL]
I’m surrounded by hatred and lust
Angels and dust, cocaine and sluts
Dangerous thugs, blaze you with guns, lace you with drugs
Murderous cyborgs disguised as blind men with guide-dogs
Design wars, it’s the final call
I’m surrounded by hatred and lust
Angels and dust, cocaine and sluts
Dangerous thugs, blaze you with guns, lace you with drugs
Murderous cyborgs disguised as blind men with guide-dogs
Design wars, it’s the final call

Vinnie Paz - Shadow of the Guillotine Lyrics

[Intro:]
I have heard the young men of Judah. They acknowledge me king
As for you, you thought my father's yoke was heavy, wait until you feel mine
You thought my father's taxes too high. Mine will crush you
How dare you speak out against your lawful king?
My father chastised you with whips. I shall use scorpions!
I am your king!

[Verse 1: Vinnie Paz]
I stand on top of the mountain, I was a born rapper
The house of the Holy Spirit, another long chapter
Untouched glory of God, a strong factor
The nine laws were bound together from salms after
The Smith & Wesson rubber grip made my palm blacker
You're not a MC, pussy, you're a reformed actor
Your whole fam is fucked up [?]
The chemical wedding of Christ where the gods gather
The weapon of the dead gods was a thorn dagger
Every verse, every surah in the Qu'ran has a
'Nother scripcture, another picture was drawn blacker
Arabize curtis legacy, the storm catcher
The fucking MC you don't wanna perform after
The seventh son of the seventh son of his law passer
Mercy prevail over wrath from Imam ladder
16 bars similar to God's rapture

[Verse 2: Q-Unique]
They tried to stop me at every level and stress me and send me devils
I press 'em like Chevy pedals and shred 'em like heavy metal
Whenever [?] for a minute of the spotlight
Your raps is a gat spitting it ain't shot right
I caught some spitting shots to your brain cell
So you and George Zimmerman can rot in the same hell
Captital cue, stand at odds with the metal ready
And level the playing field with the God of the Serengeti
Keep your enemies close enough to never fall
The victim of a death plot, keep afar and get shot
Decapitated heads drop and fall down a flight of stairs
Like Apocalypto sacrifices, I wrap the stack prices
Like Apple Mac devices, it's real brutal
And got that rock steady seal of approval
I pray to the heavens, he pray to the east
And on the Sunday San Gennaro we parade to the feast, minkya!

Vinnie Paz - Slum Chemist Lyrics

[Verse 1]
Listen, I like that yall consider me the bad guy
Big guns everywhere bullets where I pass by
My blood’s g-code, never seen my dad cry
And I'mma bleed your block 'til the cash dry
You live in fuckin Babylon and ask why
Youre arms to short to box, god — that's why
So watch a big mouth turn into a cracked eye
Watch a big house turned into a smashed tie
Send them to the devil let his ass fry
Heavy metal on another level that's high
I self lord and master from past tribe
I let my young boi trash you from bad vibes
Reincarnated rap from a past life
I drink a 40 of idiot then I grab syze
For every 100 burners copped Vinnie stash 5
You asking for forgiveness — you should ask god

[Hook x2]
It's Vinnie P, I'm the biggest dog in the yard
It's Vinnie P, ain't no one could fuck with the god
It's Vinnie P, you should never fuck with the monster
It's Vinnie P, you crash like la-la-la-bamba

[Verse 2]
This is 45-caliber flow
Pound my chest like a gorilla so all the other savages know
I'm ravenous though
Jack you with the ratchet for dough
Marques de sade a painful sadomasochist flow
We tapping your ho, and keep the biscuit where I piss at
Pussy bwat bitches asking where this faggot dick at
I ain't never left the fucking crib without the gizzat
Ain't nobody above a homicide or a kidnap
If you got the army gear then you need the boots
If you talking about an army then you need the troops
Its all war over here I never seen the truce
I'm calling Maserati Mazi I don't mean to coupe
This here this the duffle that I carry bones
Pistolvania most underrated since Larry Homes
I run with a bunch of Ricans and they carry chrome
Here's a body bag to put the pussy that you carry home

[Hook x2]

Vinnie Paz - And Your Blood Will Blot Out the Sun Lyrics

[Intro]
It’s the God of the Serengeti, I’m the God of the seven deadly
Immortal Technique, Poison Pen, what up?
G.O.D. Jus Allah, Tony Kenyatta, what up baby?
Listen, yeah

[Verse 1: Vinnie Paz]
Supreme Godhead, gutter like poverty
Righteous man is one of forty six parts prophecy
It’s epicyclical orbit like the hypotheses
It’s metaphysics and borders on the philosophy
Another song of yours is just another disaster
Another verse of mine is just another cadaver
You could call it a Genesis of another chapter
You could call it the venom that’s from the troubled rapper
The same rapper that was known for just smashing your face in
Who is God? What’s material manifestation?
I’m indestructible, my actions are that of a Mason
Yamasee Native American tribe of relations
The judge shoot a book at me, I take it and blood
The rook move horizontally, basically drugs
A nation of intellectuals, a nation of thugs
Jesus is hate, a nation of Satan is love!

[Hook: Poison Pen]
With a fist full of twenties, got my mind right
With a fifth full of henny, we Team Homicide
We swing side to side, so what’s happening’?
So what’s crackin? So what’s stackin’?
If we falling out, then we brawling out (Team Homi)
Vinnie chalk ‘em out (Team Homi) ain’t nothing to talk about
Team Homicide, swing side to side, so what’s happening’?
(Yo what’s happening?) It’s all that shit…

[Verse 2: Immortal Technique]
Me and my conglomerates shall survive Apocalypse (Yes!)
I charge a price for telling people what the process is
Living in a world where dictatorship is obvious (Word)
National resources running out for the populous
Murder doesn’t need a lobbyist or an ambassador
Ask the survivors of the Mỹ Lai massacre (Damn!)
‘Back to the Future’ without the flux capacitor
Kill you for the gold like Colonel Gaddafi characters
You bath salt sniffin’ zombies fuckin’ a stranger (hahaha)
Navajo skin walkers, nigga, I’m a face changer

Surgically remove your heart, bury it at Wounded Knee
A microcosm of the graveyard that Earth is soon to be (Yeah!)
A eulogy for those chasing cars and jewellery (And…)
I'm stocking food and water coz shit ain't what it used to be
I'm motivated like Buster Douglas when his mother died
Border Patrol, nigga, see you on the other side!

[Hook]
With a fist full of twenties, got my mind right
With a fifth full of henny, we Team Homicide
We swing side to side, so what's happening'?
So what's crackin? So what's stackin'?
If we falling out, then we brawling out (Team Homi)
Vinnie chalk 'em out (Team Homi) ain't nothing to talk about
Team Homicide, swing side to side, so what's happening'?
(Yo what's happening?) It's all that shit…

Vinnie Paz - Last Breath Lyrics

[Hook]
I’m livin’ on my last breath
Hit a fork in the road and the devil occupies both lanes
Stumble as a back step
Feel the pressure on my soul as the airs leaving out my frame
Now breathe, breathe, breathe, breathe
I’m livin’ on my last breath
It’s all final when it’s final when you fade into a blacked-out dream

[Verse 1: Baby Pun]
Until my last breath, I hope my hustlers fully accessed
Past tense to my regrets I hope y’all all in ?
Married a girl with a accent, carried this world tilted axis
Make some major changes and some statements til I’m ashes
And placed in hour glasses
So you can turn me upside down and watch as time passes
Drugs are bad habits, before I’m in that casket
And the happiness I’m searching for, I hope I grasp it
And I hope I fully grab it, and never take for granted
All the looks little things in life and still believe in magic
Look back at all my fans I know that I made them drag hits
And I hope I never look for love I hope that it just happens
And if I have kids, I hope that it was stressful
But worth it in the end because they all became successful
And I hope my last breath is something truly breathful
I wish I could have said much more before I died and left you

[Hook]
I’m livin’ on my last breath
Hit a fork in the road and the devil occupies both lanes.
Stumble as a back step
Feel the pressure on my soul as the airs leaving out my frame
Now breathe, breathe, breathe, breathe
I’m livin’ on my last breath
It’s all final when it’s final when you fade into a blacked-out dream

[Verse 2: Vinnie Paz]
Until my last breath, I have death before dishonor
I welcome drama, with open arms and holdin’ a llama
The whole persona is vodka bottles and marijuana
The whole meñana was rockin inspired for my mama
I’m a warrior, I went into jail for the drama
I’m the story of the terrorist son of Osama
I would never want to have birth and fail as a father
I would never want the illest to kill the manana
The half moon on the bank of the river’s devotion
That’s the stab wood born from the killer emotion

I wasn’t raised by darkness, militant motion
I wasn’t raised by the thought of the still in the ocean
I would never question the power that God paid
Until I saw his body the color of dark rain
He recited the third chapter of Allah lane
And he ignited the third chapter of Allah flame

[Hook]
I’m livin’ on my last breath
Hit a fork in the road and the devil occupies both lanes.
Stumble as a back step
Feel the pressure on my soul as the airs leaving out my frame
Now breathe, breathe, breathe, breathe
I’m livin’ on my last breath
It’s all final when it’s final when you fade into a blacked-out dream

Vinnie Paz - Crime Library Lyrics

Vinnie Paz - Feign Submission (Interlude) Lyrics

Any time I pull the hammer, it's usually Glock
It's usually cocked, it's usually for shooting a cops
I'd like to say I'm sober but I'm usually not
Usually at the bar with bitches, they salute me a lot
And they like to argue whether they got groupie or not
Tell me that to get intellectual and school me a lot
Listen bitch, I ain't checkin' if you stupid or not
You just barkin' up the wrong tree, move it or stop
I was reading Nabokov, while you was groovin' to pop
I was selling Nickelbacks an was a student of Pac
I was watching Kubrick movies, I was [?]
Had to lie to my mama, wasn't truthful a lot
You was stupid [?], deuce-deuce was a [?]
And I never thought a whole bottle of goose was a lot
You decide if I'm drunk of that I'm lucid or not
I just know that I'm smarter than you when the proof [?]

[Hook x5: Block McCloud]

Vinnie Paz - Duel to the Death Lyrics

VINNIE PAZ (Verse 1)
“Can’t nobody fuck around with V.P.,
Or else you gonna find yourself D-E-A-D,
Y’all ain’t gotchyour eye on the prize, you can’t see,
‘Cause I ain’t really livin’ my life for plan B,
If anybody brave enough to come against me,
Gonna find your body in the bottom of the Dead Sea,
How dare you ever in your life walk past me,
Widout acknowledgin’ this man as G-O-D,
I always been here, always been deranged focused,
The heat is always in my hand like chain smoka’s,
Hard work, dedication and sustained dopeness,
Bust a mo’fucka’s head ‘til his brain opens,
Stay cookin’ in the kitchen like we hasta frito,
I was always smokin’ wakata wit poppy people,
I ain’t never doin’ anything that’s not illegal,
Read the Torah Lord, black mask, black evil.”
HOOK (x2)
“This is Duel to the Death, this is murder, death, kill,
Stay real, because the sun can’t chill, M-O-B-B,
Ain’t nobody play around, Vinnie P., P.,
Fuck around, lay around.”

HAVOC (Verse 2)
“I’ll have you laid out, Posturepedic,
Before the day’s out, somebody gon’ be layin’ bleedin’,
Keep fuckin’ wit me, bring it to the darker side,
Where the wolves play and nuttin’ butchya karma lie,
You get it back 10 fold, yeah, I’ll do you dirty,
I’m in my dirty dirties, that mean I’m past the worry,
I got it mapped out, every plan hashed out,
Perfectly executed, squeeze ‘til I’m fresh out,
I got Goonies, all they do is stick they neck out,
For a nigga ‘cause his loyalty and nuttin’ less,
And when it’s on you know they got the toolies on deck,
Whatchyou lookin’ at boy? You ain’t a boss yet,
Infamous, yeah we celebrate life,
Pour liquor for the dead, kill niggas on sight,
When they get beside they self, we run up right upon ‘em,
Leave ‘em where they standin’, pour some fuckin’ liquor on ‘em.”
HOOK (x2)
“This is Duel to the Death, this is murder, death, kill,
Stay real, because the sun can’t chill, M-O-B-B,
Ain’t nobody play around, Vinnie P., P.,
Fuck around, lay around.”

PRODIGY (Verse 3)

“Let me start from the beginin’ at the top o’ the lis’,
First off, nobody can do it like this,
No matter how hard you try, hard you go,
No matter how hard your beats, ill your flow,
Can’t fuck with P, yeah this we know,
I’m not a rapper, I’m a master o’ ceremonial, gatherin’s at venues that’s jam-packed,
Fuck Rap, I’m in it for cream and that’s that,
Try ta stop my dough, I’ll run you off the map,
Try ta stop my life, I’ll blow you outchya hat,
The most thuggish, the most ruggish,
The most A.K.A.s you heard of, is,
Bandana, banana clip R.I.P.,
I can’t help it, my career don’t cease,
My name don’t wear out, I go on foreva’,
That other shit a passin’ fad, it won’t eva’.”

Vinnie Paz - Problem Solver Lyrics

[Verse 1: Vinnie Paz]
My heart cold like when the sea was frozen
Drug supplying and hold the iron like hemoglobin
Catch a body on whichever fuckin' beat is chosen
Murder the church, left the fuckin' cathedral open
Throw a left hook to the ribs leave em broken
Box game levitate 'em so that Jesus know 'em
Walk with God so everyone in Medina know him
Y'all are casual rappers I have a deep devotion
Speak when spoken to, bitch, you just a snake snitchin'
The D supplying, the fiends higher then Blake Griffin
I don’t wanna hit the bitch but the dame trippin'
I call the shot on who move the rock like Lane Kiffin
I changed labels but implemented the same system
I had to walk through the fire so I could gain wisdom
I see life through the same eyes, same vision
The watch five figures, lord, and the chain glisten

[Hook]
If you wanna problem, Vinnie is a problem
And the problem is that I’m a motherfuckin' disease
I would never hesitate to pull the pistol out
I always got the problem solver with me
Makin' money over here makin' money there
Seein' places you could never possibly see
My crew thick I don’t give two shits
You can suck my dick you should probably flee

[Verse 2: Scarface]
I rap like there ain’t shit to it I just do it
Light you simple niggas and check they ass when they sewage
Fuck you if you can’t take a joke, shit
Smoke this. You broke bitch. Lack of focus get your nose bit
Light that ass up then I send you
On a mission impossible take flight with my pencil
As I enlight you with shit I done been through
The complicated I done make it look simple
With one squeeze I leave they head with a dimple
And leaky like an old fat bitch on her menstrual
You rap style humble I’m still standing
As hard as they been making them these days I cans till win
Why the fuck you think they call me an OG?
The way I handle biz is nothing short of unholy
I’m ghostly on the block with my top up
Pistol in my lap you shot wrong you gettin glocked up

[Hook]

If you wanna problem, Vinnie is a problem
And the problem is that I’m a motherfuckin' disease
I would never hesitate to pull the pistol out
I always got the problem solver with me
Makin' money over here makin' money there
Seein' places you could never possibly see
My crew thick I don’t give two shits
You can suck my dick you should probably flee

[Verse 3: Vinnie]
The knife work nice, all day gentle carver
And I stay on point like a pencil sharpener
Matter fact, I’m on point like Tibetan archers
Move weight legislate like extended caucus
And I know how the game should be locked up
I know all the dope fiends veins will be popped up
I know that y'all claim to be stocked up
Gun work nice, all your brains will be mopped up
This beef rearrange your face like collagen
Cook jums on the same pot my mamma pasta in
I don’t play games I just rock your chin
You fuck with cops? I never let the impostors in
See Vinnie give you a whole clip
I’m an artist, blood decorate the whole shit
Got knocked, almost did a bid in '06
I’m smarter now, that’s why I conquered this whole shit

[Hook]
If you wanna problem, Vinnie is a problem
And the problem is that he a mutha-fuckin' disease
I would never hesitate to pull the pistol out
I always got the problem solver with me
Makin' money over here makin' money there
Seein' places you could never possibly see
My crew thick I don’t give two shits
You can suck my dick you should probably flee

Vinnie Paz - Battle Hymn Lyrics

[Verse 1: Apathy]
I travel underground, like the Goonies, with a bag full of uzis
Emerging in a corner store where Arabs sell loosies
My banger’s on the waist, I never wave it around
But I always chamber a round when there’s strangers around
Set my phaser to kill, my force field is on max
Never relax, study the facts, and stockpile gats
Cause the sky’s about to bleed blood out from the clouds
This gas mask’s in my backpack when walking through crowds
The post-apocalyptic, optic fitted, with bionic circuitry
Surgically planted perfectly, no way to word it verbally
But extrasensory perception got me detecting
Any cop or detective, intercept them, and stop them with weapons

[Verse 2: Crypt the Warchild]
Don’t hit me with the drama, don’t approach me ’bout no B.I
Cause I’m a Pharaoh king, and y’all ain’t worthy of a reply
Bodies I’ve caught decomposing on the seaside
Catch me river dancing through the bloody waters, knee-high
Mind state is cut throat, can’t walk around deprived
My team shut it down, and they access will be denied
Crown royal status Puerto-Ricans, that’s how we ride
Nocturnal foes mesmerized by the streetlights
One shot at glory, game will never give you three tries
For the haters I’ve murked, they would love to see me die
Acid tripping vision, everything look hi-defy
Drugs, money, liquor, only things that get me by

[Verse 3: Jus Allah]
I got a lot of hate, I got to learn to love, stop the date
But some days I would rather murder the populate
Either way, I gotta open up the cosmic gates
Who knows what the future holds, gotta watch and wait
I can’t function clear, keep a ton of guns and beer
I never sweat it, I get arrested like once a year
My gun big as two guns, you should cover your ears
Believe half of what you see and nothing you hear
Nobody listens, I got a lot of ground to cover
Bullets go in one ear and out the other
Tucked the weapon in, kicked his face
In the blood pool like give him a taste of his own medicine

[Verse 4: Esoteric]
Impeach the president, I’m pulling out my ray-gun
Chuck D’s greatest line and y'all ain’t even thank him
Y'all ain’t on my radar, horrible like Hagar
Mos Eisleys flow, beats banging on the space bar

Haters get mad, start banging on the spacebar
Flip over the desk, ought to take it up with HR
Your bitch give Bad Brains, like she work for H.R
I be where the rays are, you wonder where the weights are
I'm a cannibal, you cats wonder where the plates are
I know that I'm immortal why you wonder where the gates are
I Cold Crush your Brother like Grandmaster Caz
Paz work with the .45 like Lakim Shabazz

[Verse 5: Blacastan]
I'm from the East Coast nigga, but I'm still loped out
I grew up inside the crack-house, my moms was smoked out
You know the kid with the bummy kicks, holes in his jeans
Same shirt, chilling on some bummy shit
Yeah, that was me though, attracted to the metal like Magneto
Sneakers started talking like ay bandito
Got my own never borrowed or begged for shit
Now it's on cause I'm rolling with the Pharaohs legit
Tired of rappers always rhyming that bullshit
Catch at you at your CD signing, with a full clip
Now, how you feel about the Pharaohs and the Demigodz?
That's what I thought nigga, because we large and in charge

[Verse 6: Celph Titled]
Keep shooters on stash, move and they blast
Refugees that came on an intertube with a gat
Rubix Cuban ?, but you will respect the handle
Spin checks on Windex so I shine the chrome enamel
I throw hands with the devil so ain't much to fear after
Bitches cry over me, I'm a top tier rapper
American Idol with a wet wipe for you desperate housewives
Firecracker go off from my brick, the whole house white
And I will outright say that you sorrow
I write your favorite writer that you base your style off of
I'll let the Tec blast in ya, if the check cash finish
Shells give you a turtle-face, make ya back splinter

[Verse 7: Planetary]
Sittin with the semi automatics,
Sippin henny In the attic,
Spittin heavy with the god of the Serengeti blast it,
Fast it,
Till I downloaded de attatchment,
The huger came back and I'm eatin like a savage,
Walkin through the laberith,
Imagining the snazerith,
Throwing more stones at the throne lone catalyst,
Puff puff, acid,
that ain't never been me I only had the urge to annihilate the MC,
You should ride the 10 speed to cop the top 10 sneaks,
Never thought I'd be in Buddhas best Countin 10gs

Vinnie Paz - Geometry of Business Lyrics

[Verse 1 — Slaine:]
Make room for the heavyweight villain with foul language
Formally known as low-class but now I’m distinguished
Hold that, corner to corner no room for foreigners
Coroners performing their craft daily
There’s a war and it’s morbid
Twenty-four and it’s ease to close at his own wake
Our chest plates, filled with ice cold hearts that don’t break
Respect my g’s, fouls and rejects
Respect those bullets bloody bullies battle for respect
Any cities up inside of this northeast corridor
We sported quarters of raw imported all from Florida
Now the whole block’s flooded with cut coke
We don’t stop leaving youngins gutted, it’s cut-throat
Sometimes I’m rolling dolo in a stolen polo
But I’m still true to my crew I’m never going solo
All these cold winter nights that keep the ice in my blood
I’ll spill the guts out this bitch and ditch a knife in the mud

[Hook 2x — Vinnie Paz:]
It’s Pazienza, Coka, goon music listen
Stick you for the only pot you got to piss in
Vinnie P. put the key in the ignition
When we get back lord, we shine and glisten

[Verse 2 — Vinnie Paz:]
Respect my G, ya’ll sound nervous
Respect everything that I do or found murdered
Y'all servents, y'all blind without purpose
Stay high walking with guns without permits
Snake bite came in my life with foul serpent
Amaryte blind from birth lord, he worthless
All of y'all signs of ignorance is earthless
All of my mind is viligance and churchless
I don’t want to splash Ack ‘cause Allah made him
And I don’t want the faggot P.O. to violate him
AR-15 big it’ll annialate him
You ain't ever gonna eat this is starvation
Try to sell wolves chicken, feed Allah bacon
Try to bite the hand that feeds y'all, violation
Pussy boi get spotted like dalmatian
Look for God in wrong place so he found Satan

[Hook 2x — Ill Bill:]
It’s the Coka Nos', Louie Dogs, murder music listen
Stick you for the only pot you got to piss in
Cult leader put the key in the ignition

Bottle in my lap, full throttle twisted

[Verse 3 — Ill Bill:]
I’m like an exploding bullet in a clip
Like a rocket cracking a capsule
Like a lack to see planets that travel backwards through black holes
Run towards conflict, play with dissipation
Guns talk constant, slave in civilization
So we walk like Egyptian pharaohs worshiping sun ra
Walk up to your window with the barrels and dump shots
Buck four in your lung, slumped over in blood
Stuck over some crumbs, fucked over and done
I teach a crash course in brain surgery
So I don’t need no passports to orchastrate murder sprees
Show you nothing changed, more than when the casket drop
I’ll blow your fucking face off like maskatron
Pop you while you’re driving make you crash your car
Drop acid, yeah, tell you who to drop the acid on
Look what the uzi do, empty fuse and anger god
Shoot your funeral, tell me who to drop the casket on

[Hook 2x — Slaine:]
This is Slaine homie goon, chasing goon music listen
This is the only pot I ever had to piss in
The odds against me I'mma fight with my own hands
These are the words I’ve been writing as a grown man

Vinnie Paz - Jake LaMotta Lyrics

Vinnie Paz - 7 Fires of Prophecy Lyrics

[Intro: Eric Kelly]
We minding my business and leave me yours alone
We talking about me your job is on the camera motherfucker
Hey look at this motherfucker right here in the back. Look. Look. Look at this motherfucker right here in the back
Look. Look at him uppercut. Look at the uppercut! Look at the uppercut! Look at the uppercut!
Look lo lo lo look at the uppercut right there! Hey! Hey, do the uppercut again! Do the uppercut again
"Is it good or bad?"
Terrible. Like the worst thing in the world
Hey it's a job, you know what I mean? And especially in America having a job is a blessing and doing something you love is a blessing even if the people are miscreants
Yeah you's a fucking wuss. You know what I mean? You couldn't last a day in my shoes
A lot of these cats I wish they'd just forget the address to the gym
You know everything is not for everybody. You don't see me going in motherfucking Wall Street picking up a fucking briefcase trying to type do you? Cause that's not what the fuck I do
I beat the fuck out of people. You know what I mean?

[Verse 1: Tragedy Khadafi]
Flow is tsunami, bulletproof Bugatti
Arab Nazi spraying a semi out a Ferrari
Crash Maybach Music, smash Aston Martins
Cops turned rappers, y'all niggas is targets!
Regardless, I'm the hardest to wannabe martyrs
Chest game weak, niggas need to move more smarter
Art of war is mastered, my thoughts be the realest
Military intelligence, hood under surveillance
Armed up like they got beef with the government
Hood shit, ghetto apostle, live covenant
Move like the niggas that's facing Capital Punishment
Jedi, Militant Minds is who I run with
Queens where the villains meet, killas with illa heat
Lifers with blood in they eye, saying they feeling me
Naturally will only be me, one tragedy
Kuwait Majesty, stay tuned, witness the faculty

[Verse 2: Vinnie Paz]
Come on lord don't make me load the pump
The Mossberg have you taking shots like the local drunk
My trigger finger itch like I ain't had a smoke in months
I land a left-right-left before you throw a punch. (Left, right left!)
I was sent from God in case Jehovah fronts
I'm the explorer in the Torah I was chosen once
Put you in the corner you a lonely dunce
I been rhyming since Phyllis Hyman and golden fronts
And y'all don't wanna see the heat melt
The strap go click and I ain't talking bout a seat-belt
Y'all could never feel the pain that we felt

Pops died, watch my mother cry, think how she felt!
You in México, fuck around with Federale
I ain't hard to find, look for the severed bodies
I come from a culture where we treasure Gotti
Sono Italiano, we ...., rebel Gotti!

Vinnie Paz - Cheesesteaks Lyrics

[Verse 1: Vinnie Paz]
A knife in my palm, sharper than a sniper in Nam
Righteous Islam, a hypocrite that fight to be calm
My life is just torn, bipolar, icy and warm
My life in a song, the reason why the Vicodin gone
A bison is born, army of God, Michael is born
The Uranium fission secret of the hydrogen bomb
The Bible is gone, ya'll are watching a viking perform
And the 9 milli loud so the silencer's drawn
I'm live from the war, I don't believe in crying at all
I'm a manic depressive, never get excited at all
I'mma live forever, don't believe in dying at all
I was born peaceful, I was never violent at all
Then my father died, that was like a knife through my core
Any love I had inside me not alive anymore
Lion of war, Joseph Dredd, I am the law
I'm the reason faggot rappers can't thrive anymore
Yeah!

[Hook: DJ Eclipse]
Class is in session, so you can stop guessing
Who the fuck I be (Boxcutter Pazzie)
Focus, on what has to be done
Son, you know where I come from (Philly)

[Verse 2: Vinnie Paz]
My little man will blow your face off
I flatten out bodies, I ain't talking about a race horse
Murder every rapper then I break off
Scheming on this motherfucking money, Bern Madoff
Y'all was always pussies so stay soft
The only time beef is mentioned around me is for steak sauce
I work harder than y'all, it's no days off
The knife work scratch and cut you up like Main Source
My fam walk around with hawks on them
Big motherfuckers, infrared dots on them
And ain't a motherfucker that can box with them
Razor under the tongue and keep an ox with them
Hardbody rap, God of the Serengeti
I'm a sinner, I'm the God of the seven deadly
Everything I do hard and it's legendary
I spit sixteen bars and you dead and buried

[Hook]
Class is in session, so you can stop guessing
Who the fuck I be (Boxcutter Pazzie)
Focus, on what has to be done

Son, you know where I come from (Philly)

Vinnie Paz - Cold, Dark, And Empty Lyrics

[Verse 1: Smoke]

[Hook: Smoke]
Godson, large guns, hard drums
Prolems, plastic livers and hard lungs
Far from, a colorful artist
Untroubled regardless, humble and cautious, zoology starts
Game of Throne, we upend the farthest
Check out my horos[cope], I'm the lion in the jungle
Rob you niggas on the ave, you buy a hundred bundles
You don't understand struggle? I'll rob you for your gun tool
I'm barkin on police, monster on the beats
Got a chopper in the car? Gotta chopper in the streets
Make it hard for you to breathe, Parkinson's disease
And part of my beliefs don't make it hard for me to squeeze
I'm starting to agree; niggas don't love us
Niggas don't want us, niggas don't trust us - niggas can't touch us!
My life that's on paper? That's the shit that I publish
Stab your sister in private, your brother in public, nigga

[Hook]
You can't kill me I'm dead already, his head is petty
My metal heavy, G-O-D of the Serengeti
Crazy Eddie machetes, I keep 'em in a Chevy
My metal heavy, G-O-D of the Serengeti

[Verse 2: FT]
Just a young boy doing broke man shit
Running through the hood with a big four fifth
Spit on your poster, clique full of vultures
One shot, bet I'll leave your liver on your shoulders
I'll make your heart stop beating, your wife start cheating
She speaking with a mouthful of semen
We angels, y'all demons
If you think that you can fuck with the gods you're dreaming
Cause my flow is like hell when you battle me
You bout to step into the realms of reality
Let's get it poppin' motherfucker
For playing with pimping now y'all paying expenses
Like doctor bills, you're not for real
I cock the steel over pot and pills, even cops get killed
On the block with a Glock before I got the deal
I don't care, somewhere there's a slot to fill, nigga

[Hook]

[Vinnie Paz]

The Dim Mak teacher, the Book of Enoch reader
The five deadly venom chest beater, the chess teacher
The guest speaker, the Miami flesh eater
I’m the physical of severely compressed ether
Carry wisdom of a severely distressed Gita
The act of cowardice you display is your best feature
Chastiser of the enemy, Death’s reaper
Logic dictate experience the best teacher
I gave him two choices he didn't deserve either
Confession doesn't work to a deeply disturbed preacher
Everything is painted with blood from a snub heater
Father please instruct me on how to perform pitra
Smoked in every country a lot of the bomb reefer
Poked in every country a lot of the don divas
I was resurrected by tropical storm Jesus
I was then selected to slaughter deformed fetus

[Hook]

Vinnie Paz - Razor Gloves Lyrics

[Verse 1: Vinnie Paz]

It's not a possibility you could ever survive
That's just the logicality of the Devil inside
Any ounce of goodness in me was never revived
Disconnected or completely connected with God
The hell-hound spellbound where destiny lie
The bells sound, knelt down, the effigy cry
A couple rappers want a beef they respectfully die
They ended up losing they teeth, but I left them alive
I clash with skull in one hand, the other a spine
I snap a motherfucker head, he dead on the dime
I carve a muh'fucker up like Geppetto with knives
That's the magic of the Persian and Arab design
That's the marriage of exertion, inertia defined
That's the savage that was perfectly nurtured in time
I put pacifists in caskets, my version of crime
I'm an assassin and my passion is bursting your mind

[Verse 2: R.A. The Rugged Man]

Sirens and ambulances in the streets, there's race, riots and panthers
And cops hosing down innocent bystanders
Hand grenades and shanks, automatic bullets, pray to the banks
Government emergency military sending in tanks
How did I get in this position?
I'm sick of living, Kevorkian vision
And bridge jumpin', razor blade wrists slittin'
In the car garage carbon monixide sniffin', wine glass full of cyanide sippin'
Russian roulette, the chamber's spinnin'
Death by my own manslaughter
I'm going out like Ernest Hemingway and his sister and his brother and his father and his granddaughter
Society losing religion, there's too much heat in Lucifer's kitchen
Never know if a politician's speaking truth or fiction
You spit with true conviction you'll be the victim of a crucifixion
The hangman will leave you from a noose swinging and ruin your mission
Not every punk on the street is recruitable
These snitches will start singing and turn the police precinct into a musical
Most these thugs is snitching ass cowards
You ain't nothing but somebody's bitch in prison getting dick in the showers
Too many sleeping on me like narcolepsy, my weapon arsenal is deadly
I'm definitely an artist, they ain't ever market it correctly
Piss on the pavement in the public, jerk my dick on the Fox News
Police piss me off, I'll pull it out and piss on they cop shoes, come on

[Verse 3: Vinnie Paz]

You gonna turn this robbery to a homicide
The Desert Eagle is lethal, evil personified
Dominicans here take you for a dollar ride
You want beef you gonna lose god stop his vibe
I don't respect life, pussy if you die, you die
Most high, Rastafar-I, eye and eye
I'm always gonna keep it gutter like a five and dime
And when I die the prophecy gonna stay alive
Yeah, and y'all should study all the things that's written
About the Roman Empire and the Kings of Britain
Merlin exists and manuscripts have been forbidden
And understand that King James is a piece of fiction
My box game like Mantova
I'm no fool, I'm old school like my grandfather
Ain't nobody take my punch that can stand conscious
Psychologically imbalanced, I'm a man's conscience

Vinnie Paz - Wolves Amongst the Sheep Lyrics

[Hook: Block McCloud]
We live by the assassin's creed committing dastardly deeds
Slash and you bleed, we live in the cut
It's like we have a fucking disease
A virus, violence begets violence, you're drowned in a river of blood
And all you bastards can plead for mercy and cry, you're buried alive
Nobody's digging you up
It's like we have a fucking disease
A virus, violence begets violence, you're drowned in a river of blood

[Verse 1: Kool G Rap]
Weak niggas surviving with an IQ level low
My shit rock like 2Pac or Os on a ghetto stove
My flows will leave 'em weak, you see the rose petals blow
Gun smoke settles slow when I blow the cold metal nose
Like holding recelos, Bacardi and bezel glow
Dressed in dough, the boy covered in ice like an Eskimo
Playing with you kids, I'm in child molester mode
Tryna follow his tracks? I'll derail your train of thought
And afford you one female in the same assault
Stainless fork, flame the pork with a grain of salt
Vinnie Paz, semi mags, who want to claim to talk?
Address your shit like Jimmy Jazz, so put your frame in park
The black stallion, Italiano, gangsters walk
This arcane, we off the chain, the links'll talk
I get all in the bitch head like a shrink, of course
You half-steppin' and ass-bettin', the bank is off

[Hook]

[Verse 2: Vinnie Paz]
You tryna sell wolf tickets to the lion of the jungle
I'm the eyes of God, they call me cyanide in the struggle
You the kind of guys that would be traumatized in the scuffle
And I'm buying pies with the Italian guys with the muscle
I'm dying before I trust you, the iron inside the duffel
You on Rikers Island, I can get homicidal to touch you
Im inside, I'm viral, I'm the messiah's idol above you
I'm the pride of Cairo, I'm genocidal and I will cut you
I'm riding for all my hustlers and anybody building bridge
It's no mercy and Pazienza I will kill the kids
Blood diamonds, Sierra Leone is really big
The G36 slick, it'll peel your wig
If it ain't the 36, then I'll let the 9 explode
I knew about collapsing buildings before Osama knows
I create beef, Vinnie always finds a foe
Bitches up and down on my dick like I'm the Konami code

[Hook]

Vinnie Paz - You Can't Be Neutral On a Moving Train Lyrics

[Intro] Howard Zinn - Governments lie all the time. Well not just the American government, it's just, in the naturer of governments. Well they have to lie. And since they all represent the people, in some sense they act against the interest of the people, the only way they can hold power, is if they lie to the people.

[Unknown] You don't know what I know, you can't see the spreading stain, of deception. I am cruel to myself, things will never be...The same. [Howard Zinn] - If they told people the truth they wouldn't last very long. -

[Unknown] I will hold my silence, like a weapon, in my hand. If I used it, I would murder myself.. You could never understand.

[Vinnie Paz : Verse 1]

Columbus came ashore greeted with nothin but niceness, sailin West in attempt to find gold and spices. Dominated by the popes in frenzy for ices, the Catholic church expelled Jew's and claimed it was righteous. The first man to see land would get a reward, and get a yearly pension for life, clearly from God. A young sailor saw land said, " we isn't far, " Columbus lied said he saw it the evening before. They touched ground they were greeted by the Arawak, Columbus had them locked up as prisoners in an hour flat. He wanted to find they source of gold and that was that, and when they thought that wasn't fair then he stabbed their backs. When there was no more gold, he took slaves instead. And left a quarter-million Indians in Haiti dead. The men died in mines, the women died at work, the children died from lack of milk and they died in the dirt. They were just takin advantage of a passive people, they were just bein the savages of massive evil, that's the church work that's th! e path of massive ego, that's the blood of Abraham bein stabbed by the steeple. In 1619 they were patiently waitin' for a ship that carried slaves that was changin' a nation, the white man was a cannibal prayin' to Satan. Hatred contempt the pity of patronazation. That's the cornerstone, everything racism based in, the African had a more advanced civilization. Black was slave, master was white, rationalization, 50-million dead, that's Western civilization. At first they appeared in the North, and they were helpless in the face of superior force, and all of them were chained together they really was lost. Racism isn't natural it's merely divorced. Before the slave-trade black was considered distasteful. By the Oxford Dictionary I find it disgraceful. It's not a natural tendency to be bitter and hateful, it's a natural enemy of the critical staple. Slavery grew as the plantation system grew, the reason for thats kinda easily tracible. Society of a good health was capable, or ! sayin, " Fuck a slave master! You're in slavery too! " 7 slave! s were p ut to death for murderin' master, fear of slave revolt had them developing faster, you a cataline killer inelequent bastard, I would burn the white man while smellin' the ashes. From time to time white man was part of the resistence, white indigenous servants wanted no part of the system. King Phillip's war showed that if people would listen, that we could maybe break the complex chains of opression. Tyranny is tyranny but that's a concesssion, but the women they were treated like that of possesions. Black women had to work cuz they was abbused, that's the white justification of Arayan Blues. The next move was to dominate the Mexicans, James Polk dominated them like they was next of kin. He sent Colonel Cross to lie to them and let them in, 11 days later his skull was crushed, so message sent! We take nothin' by conquest that was the mantra, the military wasn't human they was just monsters. Henry David Thoreau refused to pay his taxes, denounced the Mexican war and got locke! d in shackles! The 20th century open anger re-emerged. Reality of ordinary life was bein heard. Anarchists and feminists came from factory-work, Communism, Socialism seemed to be re-birthed. War is the health of the state is what Bourne said, and if you was born around that time you was born dead. The espionage act had people confused, cuz it was double-talk and they ain't know how it be used, supposedly it was an act against spyin, you boys know that, that was bullshit, and they was lyin!

Charles Schenk was arrested in Philadelphia for printin' and distributin' leaflets cuz they was helpin' ya. He was indited, tried and then found guilty, and spent 6 months in jail don't that sound silly? Had his freedom taken away by his own nation, but there's a lesson do not submit to intimidation. The act still exists today and this shit is real, supposedly Kennedy tried to have that shit appealed. Eugene Debs did 10 years for no purpose, he obstructed the recruiting and en-listment se! rvice. The post office started takin' mail privaleges, of maga! zines wh o printed anti-war sentiments. A Socialist named Fairchild had it right, he said that, " They can shoot me, but they can't make me fight! " They sentenced him to a year in jail and that was reckless, 65 thousand men, consciencous objectors. They were sent to army bases to work their, they were treated sadistically and were hurt their. They were strangled with a hemp rope till they colapsed, and officers punched they stomachs and they lower backs. A garden hose was placed on they face with a nozzle, about 6" inches from them so they couldn't swallow. The war ended in 1918, the government was just tryin' to wipe the slate clean. Hemmingway wrote " Fairwell to Arms " Dalton Trumbo wrote " Johnny Got His Gun. " The war was over but they didn't learn they lesson, twin-tactis of control, reform and repression. The patriotic fervor of war had been invoked.. That's why the country that you live in is a fucking joke!

[Outro : Vinnie Paz]

You can not be neutral on a moving train.
This is a story about the lies that your teacher told ya.
This is real actual factual.
No lies on the whole record, if you don't believe me look it up.
I'm tryna share the shit that I learned.... With y'all!
Do the knowledge.
Your government does not care about you.
The people in power do not care about you.
Understand that.
Power to the people!!!!!

(Howard Zinn)

War is like, a fix. Ya know you get high on war, we won we won! And then your, your down on the ground, and ya need another fix, ya need another war. Why do you think weve had war after war after war after war. Every war ya know, they say this is the end, this is the last war. In World War 1.. They said, this is the war to end all wars.. And then not long after that was World War 2, and then soon the United States was waging war in Korea, then Vietnam. If you study history what you learn is that, wars are always accompanied by lies... Wars are always accompanied by deception.....

VINNIE PAZ
THE PRIEST OF BLOODSHED

Fuck Ya Life (C-Lance Remix) by Vinnie Paz

[Verse 1 - Vinnie Paz:]
I wet the whole entire block then I broke off
Lift the boat off, Russian sickle Nikolai Volkoff
I ain’t never met a motherfucker that was so soft
I remain fire like folk who ain’t turn their stove off
And I still rhyme cousin with a flawless fervor
I got money and catch cases like Roethlisberger
And y’all are Dennis Dixon, that’s just something different
I need another prescription, I got a pen addiction
I got a Muslim shorty now but the ex was Christian
She ain’t overstand the godliness of my position
Anybody who ain’t family is opposition
The M9 got a big nose, Scottie Pippen
Vinnie sipping on the Goose, god hit this marley
My hands running out of fingers, young Vince Lombardi
I got a tet offensive similar to Victor Charlie
I meet a bitch, I don’t sweat it, this ain’t a Christmas party

[Chorus]
Try to stop minds from growing
I’ll make your blood stop flowing
Fuck your life

Flat Line by Vinnie Paz

Ayo Paz, yo Blac
I rep Official Pistol Gang all motherfucking day

[Verse 1: Vinnie Paz]
Clap at you fast, no safety on the ratchet
Gats play chess like crazy with the gabbit
Bus ride motherfucker staying on the transit
Drugs like babies, real gracefully I handle it
I don't think lames could understand it
Boxcutter Pazzy from the faces that I damage
I put your fuckin' brains in the Atlantic
To fuse y'all fuckers with your cainery and panic
You talk about hammers, and I'll talk 'bout mine
When I'm fucking with the scramblers, I'm on cloud nine
Yeah, you disrespectful then it stomp out time
Batty Boy covered in a fuckin' chalk out line
I'm the name that pop up when you talk 'bout grime
I'm the name that pop up when you talk 'bout shine
And the big black heavy metal four-five mine
I'm a G, cocksucker, never cross that line

[Hook]
Rap game gone, flat line
It's all over, today is the day we gonna 'em
Flat, frame, fall, flat line
We got an army, we loaded ready to hit 'em
[Verse 2: Zilla]
Check it
Yo call me Zilla, I'm a monster with clap and kicks
The reason alone, you n***as pushing albums back
You got a squad, but I doubt you crack
Every release that you ever drop could be bundled in the value pack
Political rap, my man's caught a bullet in Nam
Sitting twisted in the buggie with a seed in his arm
What's the motive when the reason is harm
We in the ghetto everyday fighting demons with a badge and baton
I got six million ways to pop, hustle to get it

When the odds stack higher than knots, struggle to live it
You ain't never felt the burn from lead
So I'm never catching the L, I just focus how to earn my bread
You down with OPG, I'm down with Paz and Blac
You down with dope emcees, my title proves that fact
Ain't a city that could pull my slack
The red beam is an invitation to hell, once I pull that back

[Hook and Sample]
"In America, ah people are uh, treated very much and uh, the police are there to contain us, to brutalize and murder us."

[Verse 3: Blacastan]
And now's over with the livest rhyme killers
Knowledge unfolding, is the rise from the sacred five pillars
Conquest the conquer, pillage your village
Respect god, play hard, even in a live scrimmage
Face squads that call, we tarnish their image
Viking style, celebrate with barrels of Guinness
And shoot outs, we replenish when the clicks is finished
Getting head on the couch, watching Venus play tennis
I hold a mic like Jeter hold pennants
It's tragic like Troy Davis in his ??
From the ending to beginning, figure eight stay spinning
I'm infinite, you can't bust off, n***a you impenitent
Sound waves travel underwater like sonar
I'm stealth, I can't be detected by radar
Probably in a fly car, with the seats reclined
It's Vinnie, Zilla and Blac n***a, flat line

Death By Guillotine by Vinnie Paz

Vinnie Paz

Death By Guillotine

No, not too much is new
I'm so fucking high
I'mma spit a bomb verse
D-Motherfucking-Moz n***a
Cyssero, Vin, Some real shit right here baby
Problem

[Verse 1: Demoz]
Look, ever feel suicidal to the point that you tried it
And when they asked you about it, you don't know how to deny it
Doc all in your face, asking what is the motive
You got split personalities and it's hard to control 'em
Taking xans and percs, drinking liquor and beer
Feeling sick to your stomach, trying to shift through the gears
On a slippery rope, plus your vision is blurry
Worst case scenario, they'll miss you after you're buried
Wife fucking your man, brother, stuff in the jam
Thought and starred at your pictures, like where the fuck is my dad
I'm a problem atomic, trying to rhyme with these chickens
Shit 'em out in the morning and take a piss on the omelet
Made an honesty promise, I ain't gotta be modest
I ain't got to be parted, this whole economy's garbage
I'm a comet in space, I ain't part of this land
I'm a fuckin' two-face, why would you call me your man

[Hook]
Tongue twisted like Pun digging my tongue tissue
It's one missile, we blow you to little lunch issues
We fuck with you, we came with you but left dolo
We stuck with you on one issue, we reign solo
We through a bomb in the parade at these gay homos
We manic (???), how the fuck are they gonna break kodos?
Freddy roaching a corner, cause we ain't saying nothing
And we just sitting there twitching like we sniffing our caine, bugging

[Verse 2: Cyssero]
Creep quiet, but that chopper loud (you know how we do)
Look, the way I perform with that K that'd rock a crowd
Mask and glove when I squeeze them slugs
Make a bloodbath, we gonna need a tub
Shit, we riding dawg
When we catch his ass let that Super-Soaker wet his ass
Dry him off, military tactics
Moving silent dawg
Paint the neighborhood red when that iron drawn
Yeah, DaVinci of the gun-slinging, shots make a bastard leak
Make a masterpiece, get your casket dropped
That's the art of war, bang at the targets
(???) war, then burn the bodies, what you need a coffin for
If you ain't built for all that, what you talking for (be quiet)
Yeah, tell your homeboy calm his mad
Unless he want a fuckin' problem on his hands (for real)

[Hook]

[Verse 3: Vinnie Paz]
Yeah, Pazienza put the torch to him
Young rap version of Dr. Kevorkian
This pussy done, put a fork in him
Or I'mma have to let the .44 bark at him
He better pray he got a squad with him
Like the proletarian revolution of Marxism
Put your body in the star system
Reveal itself as bleeding light, Allah wisdom
Bullets fast when they travelling
The silencer is strong and it's long like a javelin
Now he dead put a bag in him
Green from the dope fine lean, and the scag in him
I hold the ratchet unorthodox
Pernell Whitaker, ducking all sorts of shots
Various types of torture plots
And I'mma ride till I die and the coffin drops

They overrated hating so I cut them like a dominoes
Box of pizza fuck the perpetrating hospital
When nurses race in, running n***as over in a hearse with Satan
Squash a n***a and his baby chorus
His more collaboration with commercial rap and if you pay me for it
So fuck the BS I’m the hardest, I’ll walk in Philly with a philly
Selling n***as CDs yelling garbage
Pardon me, that’s just my sense of humour
Look I’m intense, I’m making sense
You n***as sense try and spread your rumours
Basically I’m trying to make it happen
Scheming I can make it rapping
Stay away from n***as who relate to acting
It’s nothing personal, I take your money
Spend it on your bitch, call you a bitch
And tell you pussy try and take it from me
It’s funny how a motherfucking bitch change
Bitch get changed, it’s nothing if she sniff ‘caine
And turn crazy, sell her own soul, her own baby
All over this gravy, it’s all over it’s shady
How the world turns and it’s all over this money
It’s funny, next thing you know you all over your money
With your face out, brains bleeding, your dame leaving with the next man
Plan A to the bling scheming on your life savings
Like praying they might saving em from his life wasting
All over his wife patience, I don’t like hatred
But if you can do it to me I’mma do it to you
Give a fuck if you beautiful what your booty can do
Your pussy’s tight, titties big, bitch whoopty-dee-doo
I got a bundle on your head to kill you and your crew
Got so much they don’t like you
Mind you bullets fly through your head, they gonna find you

Blind you with red beams, bury you cockroaches
Chicks can get it too so baby do not approach us
I’m a sick being, stick me in a rap cipher
I’m a light lighter hairspray em and burn biters

On a physical and spiritual, it's a lovely thing to be makin' this music shit together man. That's word to Allah man, you know I mean praise the Ah

[Verse 1 - King Syze:]
We them motherfucking bombers explosive fire a federal building
Vietnam general killing with memorable spitting
Insane ripper who’s hyper than caine sniffers
The Heavy Metal Kings with Syze, we the main figures
Lyricals you don’t want a physical confrontation
Speak in moderation man we the army we the fucking nation
Don’t disrespect the man that dis AIDS
I’ll be locked in the cage man before I show I’m bitch-made
You’s a switchblade n***a I’m a fucking cannon
The .22, I’m a .347 Magnum
You’s a handgun, homie we at ? squad
Dudes better thank God, man we hitting tracks hard
Any given time I’mma ask what y’all want now
Hydraulic when I’m rapping I’m fracking the underground
In the surgical mood making vertical moves
While y’all lateral pass man we laughing at fools

[Chorus - King Syze:]
Yo Syze gonna kill shit, Bill gonna kill shit
Put em on the floor Paz hit em with the steel tip
Fuck being grown, we back up on that old shit
Disrespect us and you’ll leave with your dome split
Yo Syze gonna kill shit, Bill gonna kill shit
Put em on the floor Paz hit em with the steel tip
Fuck being grown, we back up on that old shit
Disrespect us and you’ll leave with your dome split

[Verse 2 - Ill Bill:]
I’ll spill the devil’s blood, drink and kill devil rum
Black flag, metal gun, have you praying to God like Reverend Run
You’d better run for the hills like Uncle Howie running for krillz

A hundred a pill, gun in your grill
Peep the Jolly Roger, smoking like a Bob Marley concert
Run your mouth you get Molly ?
We got shipwrecked at Kitty Hawk
Kidnapped the man’s daughter
He don’t pay the ransom cut that bitch’s titties off
A true gentleman, braveheart veteran with metal skin
Settle things, travel with the devil’s wings
We about to throw people overboard, the overlord
What’s the code of law? We don’t give a fuck, we rewrote em all
The new mutants from a long line of goon shooters
New computers, new holochips and new Rugers
Violent creeps, piracy on the highest seas
Dying in the streets lying live beneath where my tires be

[Chorus]
[Verse 3 - Vinnie Paz]
I’m a G motherfucker, I’ll bury you in the cryptic tomb
Guns big, the bullets I call em clips of doom
I was born on the precipice of a shifting moon
I was born to the death of it from a twisted goon
I wouldn’t say I’m obsessed with it but a bit consumed
I just aim the AK at it lick my wounds
The boxcutter, a hollow tip it’ll rip in twos
But that’s a horse of a different color, a different rules
My hands fast, it’s uppercuts and it’s body blows
I ain’t trying to catch a fucking case lord vamonos
You don’t wanna see the power that the Lama holds
Put you in the motherfucking box like you Domino’s
School of hard knocks Vinnie on the honor roll
My work’s bloody, it’s similar to piranha flow
The game’s dirty, I studied it then I locked it though
My raps break motherfuckers call ? flow

[Chorus]

Dark of the Night by Vinnie Paz

Vinnie Paz

Dark of the Night

[Hook]
I’m not Jesus Christ or Mohammed but I can read and write
Between the lines I see a message, is it wrong or right?
I fight to keep my faith alive in the dark of the night
I use my mic to inspire, I hope you see the light
I’m not the prophet Abraham or Mahatma Gandhi
I’m just a man with many questions, sometimes they haunt me
I fight to keep my faith alive in the dark of the night
I use my mic to influence, I hope you see the light
In the dark of the night

[Verse 1: Freddy Madball]
In the name of the Father and Son, the Holy Spirit and this gun
That I protect my fam with in case my prayers don’t protect us son
Is there a chosen one? Chosen few? Maybe none
Maybe when you’re dead it’s done
No sun, no moon, no light, no outcome
I love the thought of being reunited with my fam
Sounds like a scam sometimes though so here I stand
Crossing hands, a man trying to understand
Whose book of plans should I follow if they’re written by hands
Just like my own, human to the bone
We are all flawed and scarred, nobody wants to die alone
I sit upon a throne, fearless in my home
My hood, the city and world that I roam, what about the unknown?
I’m not a clone to follow a nicely written poem
Scriptures structured to make you comb through your thoughts, your dome
I can’t lead you home but I will ask the questions
I’m not an atheist, this is just a true confession
[Verse 2: Vinnie Paz]
In the dark of the night I wonder why I was placed here
My family told me put my faith in God and face fear
For some reason I ain’t wanna put my faith there
And going to church I saw nothing but hate there

I ain’t understand how everyone else could be wrong
And I ain’t wanna be like everyone else and conform
Yeah so I had a discussion with moms
And that’s around the same time I discovered Islam
The first time that I had peace in my life
The first time I had a reason and a beacon of light
And if another human being think that Jesus the light
I don’t argue, I just hope that they have peace in their life
There’s a war going on outside no man is safe from
Every religion have a god but it’s the same one
Religion’s just a tool to divide us and they won
I feel that God been standing beside me since day one

[Hook]

[Verse 3: Freddy Madball]
Am I faithful at heart and smart enough to find the right path?
Endure the wrath of a stormy past or will I be cast?
To a hell that no one can foretell if it exists
Or do we dwell in the midst of, if so I like Hell
I like Heaven too, it makes me feel so vital
The thought of living in peace and love, something so primal
Forget the titles, everyone has their rivals
But I think that it’s bigger than all of us like this recital
Spiritually agnostic, curious and caustic
My thoughts sick regardless of what we think, have I lost it?
No I tossed it to the side, the simpleminded lies
Saint Mary mother of God, I still look in your eyes
Despite all I despised I realised that
I must take what I’ve learned and make it all mine
Until I die or fly with the other souls
Foolish pride won’t stop me from asking why
Show me a sign

Road Warrior by Vinnie Paz

Yeah, Pazienza
Yo Lib, what up baby?
Slaine, my brother from another
Philly to the Bean all day
Official Pistol Gang
Ill Rock

[Verse 1: Adlib]
Road Warrior, murdering miles
Guzzle bottles, splash puddles on models
Got the club shit that you catch on the dial
This that drug shit that get kept in the vials
Wild style, staying in a box-car
Fame in the street, entourage of rock stars
Pop lock up cars, switch up daily
Dive bar, shitty store, sniffers pay we
Outlaws, alcohol fuel our cravings
Blow cigars, get scarred, fuck safety
Risk takers, paper chasers
Box your motherfucking face with razors
Ruthless assholes, my crew's so rotten
Sloppy strippers on the pole for oxy
Not from the Carter that they cop from poppy
Nazi cops want a red dot and pop me
I'm hunting zombies, with Pun on repeat
Knee deep in shits creek, no tongue and cheek
When I speak it reeks from the curb
Listen, start itching to rob
If not, then the slob ain't doing his job
So dance with the devil before you go meet your god
[Verse 2: Vinnie Paz]
I don't gotta say no names
Cause a bitch is a bitch, I don't play those games
Official Pistol Gang, we hold thangs
And I'll bloody up your shirt like tomato stains
See I done been to hell and back
I done talked about murdering the president, my cell was tapped

I smell a rat, should've went to jail for that
These motherfuckers mailed the pipe-bomb, I mailed it back
I see all of y'all rappers as tight gay
City sought the giddy where the diesel is light grey
I don't give a fuck what you might say
Buck 50 side of the neck where the knife lay (that's where the knife go)
My horror been shining for years
I done outlasted ever single one of my peers (I'm still out here shining)
But for me that's just a common affair
Peace to Adlib, now I'm out for some beers, yeah

[Verse 3: Slaine]
Stab your nose, drunk with a six figure salary
Pop (???) who want to challenge me
I'm a superstar, you don't live in my galaxy
King with the crown, you ain't down with the palace, see
I run this town, laying in the shadows
Everybody know the name Slaine, Mr. Carol
Double-barrel shotgun, watch fools traveling
Sawing you in half, collapsing your abdomen
My dues been paid, the rules been layed down and broken
C'mon stupid, don't provoke him
You cats smoke crack rocks like '86
And you snitch ass dope fiends boosting with the shady bitch
I ain't falling with the traps and tricks
Pull the wool over your eyes when I clap the click
Ain't no fun over here, I'm on some backwards shit
Black crook, black hoodies, and the blackest kicks
Like this!!

[Verse 1: Vinnie Paz]

You a bitch, your bitch told me she was stuck witchu
Fuck around with me will get you beat like a production crew

You the type to be in magazines with men hugging you
That's the type of shit that have me snuffing you
Pull the ratchet out and put a slug inside your bubble goose
I find your kind of rhyme to be insufferable
Put your body in a place where nobody discover you
Bring your whole team, all them faggots sucka too
Peace to Afu brother I'd spill their blood for you

Requiem for Black Benjy in 2 Parts by Vinnie Paz

Vinnie Paz

Requiem for Black Benjy in 2 Parts

Part 1

[Verse 1: Vinnie Paz]
I'm Pavarotti with a shotty
Move the Charlie while I'm still part of the Literati
The bricks is like Basmati, we chop 'em like they karate
My shorty draped in a saree like Saraswati
To make a long story short, I caught a body
This carajito couldn't embody what I embody
He rubs shoulders with Stalin like Togliatti
Burning pot was yellow and it look like Vanaspati
The Black Hills ammunition hotter than wasabi
I call Black Bannerz and I fly to Abu Dhabi
Scoop me at the ADI in the Maserati
Staring at a lithograph of Raja Ravi
In a courtroom cocky like I'm Gotti
It's over half a million bodies in Makati
I puff on Afghan like Shah Durrani
The bullets in the armory look like a hot tamale

[Verse 2: CRIMEAPPLE]
I'm riding in a bucket with the roman candles
Looking for your favorite rapper, rocking open sandals
Roll the window down, I'm throwing pólvora
Now your mami stressed, screaming out "Ojalá"
Squeezing in your mouth, no Orajel, send you all to hell
Shit still on a scale 'cause my mixtape doin' sorta well
I can still win a Cy Young the moment the pie come
Try some, you'll be Harlem shaking till your mind numb
Verses crack ounces of piff, I got all kind of dope
If I get low, fiends licking the baggy like an envelope
Labels ain't cutting a check, so I cop sarin gas
Garfield Thanksgiving Day Parade's how I'm airing cats
Wear a mask in October and every other holiday

Stock your face if I heard that he chopping base and got the papes
Run upon you, I already told you my blood is Goya
This spic take enough work to terrify a Trump supporter
Whoa!
Part 2

[Verse 3: Tha God Fahim]
I stack money hand over head
Ask about the God, I'm the man in the bread
I'm hotter then Louisiana Hot Sauce
Take you hostage, ain't no bridges where you getting dropped off
Uh, I'm rocking furs for the winter
Uh, as I emerge from this printer
I grab the mic and turn MC's to dinner
Walk up on you and shred you like Master Splinter
I'm buying guns like the military
Armor-piercing rounds put you in the cemetery
I like the bread but I got more rolls
Reading godly books just to help me through this cold world
I walk around with the angel of death
Make you pay me with money and pay me in respect
Ain't no funny business, have you smiling by the neck
Never leave the fort without throwing on the TEC

[Verse 4: Vinnie Paz]
Look, dry snitching is a lonely disease
This is shells of money, homie, macaroni and cheese
This is luxury, we eatin' Babylonian peas
Dumb muhfucka, get some Etzioni and read
Listen homie, is you riding or what?
He talking to opps, homie, he be trying his luck
Y'all ain't getting nothing B, I'm not providing Nathan
I greet my brother peacefully it's "As-salāmu ʿalaykum"
Turn this muhfucka to a horror scene
The periquito yellow B, it look like it's a quarantine
I'm all about my motherfucking spinach, chicken Florentine
Doctrine of divine illumination, Santo Augustine
The gravedigger gonna teach you how to move the dirt
And jefe gon' have to teach you how to move the work
This .40 pregnant, homie, and she dyin' to pop
Momma told me I should strike while the iron is hot

Battyman!

Righteous Revenge by Vinnie Paz

Yeah, Pazienza baby, what up cuzzo?
Yeah cuzzo, DJ Tricka
Philly in the building out here
We mobbing on you motherfuckers!
Official Pistol Gang and all that
It's how we get down out here

[Verse 1: Vinnie Paz]
I don't mean to brag but the knife work nice
And the rhyme's so evil that it might hurt Christ, yeah
Don't fuck around if you like your life
And the pistol always on me like it's white on rice
Once I hit the block cousin, it's all rad
Spray them with the four-five Glock and they all dead
Devil tried sleeping in God bed
Amaryte 666 on the forehead
I make dough, but I don't fuck with the books
As a young boy maybe I would fuck with the chooks
That's how it had to be fuckin' with crooks
I'm a king in a castle so you fuckin' with rooks
Anyone want beef just ask for it
He can catch a universe ?? and get trashed for it
I keep a couple ratchets in the jazz port
And they will put your fuckin' brains on the dashboard

Santa Sangre by Vinnie Paz

[Intro]

[Verse 1: ILL BILL]
My discipline go beyond the way the Army train people
Calmly spray people
Devil's horns up like Ronnie James Dio or Tony Iommi
Cut your fucking arms off, stole me a Rollie
I Mobb Deep like Tony Maroni
Cross between the Egyptian god of fire and Tom Araya
Ten times higher than a soprano in God's choir
A Heavy Metal King, like eating crack, my gun metal rings
Settle things like God's prayer and the Devil's wings
We feast at the Last Supper, you hear the last laugh from us
Scrape cash abundant, you hear the gats blast from us
Roll with meaner rhymes, pinning y'all
Conquer continents like Genghis Khan
My life is like a Misfits song
Or like Cypress Hill, Hits from the Bong
Or like Ice-T, 6 'N the Morn, police at my door
Shoot the beast in his horns
Squeezing the four, creep in the six, then breeze to L'Amour
The Lords of War, for four seasons or more, listen!

[Verse 2: Vinnie Paz]
This is goon music, something for Vinnie's gun to clap
Y'all ain't makin' no progress, y'all still are running laps
I think of y'all like Christ, y'all never coming back
Chainsaws and husky beards without the lumberjacks
Come on, pana, Vinnie got a clip full
I'mma let this four-fifth bark like it's a pitbull
(BRRAP! BRRAP! BRRAP!)
Money, I got a fistful
And I got an razor and it cut like if you skip school
I can be on that fight the power, Assata shit
I can be on that Gucci and on that Prada shit
I can be on that questioning if a God exists
I can be on that punch in your face and rob you shit

That's when motherfuckers starving and such
Dry snitching, all y'all motherfuckers crying too much
Yeah, give me a jar and the Dutch
I just caught a body and I’m proud of all this rhyming and such
Yeah!
[Outro]

When Crows Descend Upon You (C-Lance Mix) by Vinnie Paz

[Verse 1 - Vinnie Paz:]
I’m just evil biologically, listen to y’all that make a mockery
Anton LaVey is like a god to me
I am not possibly associated with your democracy
Gary Heidnik is like a shah to me, go to war logically
I conduct self Nostradamusly, I am Ibrahim’s last prophecy
Earth is my property, I am possessed like I’m an apostrophe
Vinny Appice is like a star to me
Paz swears solemnly, cut your fucking head like a lobotomy
Rape the fucking beat like sodomy
Nietzsche and philosophy, I am a vampire, I’m proud to be
I cannot be seen in your photography
Vinnie an anomaly, I am not a part of God’s colony
Three inches of blood on my carpeting making things hard for me
My own family won’t talk to me, I have to pray to Allah constantly honestly

[Chorus]
I’m having nervous dreams, n***a this a murder scene
Yellow tape around the booth, no one heard em scream
He don’t deserve to dream, n***a this a murder scene
Yellow tape around the booth, I’m having nervous dreams

I let my pistol bang, the Official Pistol Gang
So what’s the issue man? I can make a tissue hang
I’m having nervous dreams, n***a this a murder scene
Yellow tape wrapped around the booth, nobody heard em scream

Vinnie Paz - Philo: Metatron: Wisdom Lyrics

Yo, Oh No, what up papa?
This that slime shit
R.I.P. Sean Price
R.I.P. Phife Dawg
Love, peace, and fight for '93
Let 'em know Pazzy

Removed by the council of the masters of a teacher
The process went much deeper, I'm a believer
I turn batiman body into ether
The fellow sufferer who want to stand to God, neither
Son talked wild and they popped him like Don Diva
I told my shooter not to put the body on a visa
The son beast need more base, I called Giza
Marc Anthony knew a death before Caesar
Give 'em the business and then send 'em to where the ghost is at
Armed heavenly arm, Gucci over the shoulder strap
Where my fucking soldiers at? All over Jehovah map
Make the toaster clap and put two to your spine like Moses back
This how you supposed to rap, how you fucking roast a track?
This is where fiction and non-fiction can overlap
Fronting like you ain't intimidated, but you know it's that
A worker just a worker, so tell me where the all the coka at

It's that wise older brother, the murderous raspy voice
They waiting for what I spit, MCs get dealt with
That's why somebody got to bleed
You should've let me chill, leave me be

It's that wise older brother, the murderous rapping voice
They waiting for what I spit, MCs get dealt with
That's why somebody got to bleed
So calm down clown 'fore I bring the pound down

Enscribed in a cunieform text on a cylinder
And Babylon was forced to shoot it out like Dillinger
They talk of revolution, but nobody is willing to
The way to deal with Lady Liberty is by killing her
A wise man said, "A good scotch never spoils"
The same man said, "A watched pot never boils"
I had every intention to rock, but it got foiled
The cavemen still can't live on hot soil
The PSA cage just slashed 'em in the vestabu
The brain matter looked like vegetables
My philosophy of living isn't too technical
The Yves Saint Laurent is ready to wear reputable
The Desert E .50 cal big as a rhinoceros

The four sided monument, they call it, "Black Obelisk"
Pressing it in every cell of the body like phosphorus
I don't do it simply, it's simply God consciousness

It's that wise older brother, the murderous raspy voice
They waiting for what I spit, MCs get dealt with
That's why somebody got to bleed
You should've let me chill, leave me be

That wise older brother, the murderous rapping voice
They waiting for what I spit, MCs get dealt with
That's why somebody got to bleed
So calm down clown 'fore I bring the pound down

Vinnie Paz - The Coffin Lyrics

Yeah
Yo, Les, what up papa?
Juju Gigante, y'kna mean?
Goblin Queens New York
Philly out here
We shining

The four-fifth symphony lift him
It'll spin your head around like a rotisserie chicken
I was born on the Red Sea, Abyssinian vision
We ain't A-Alikes, God, we completely different
How much more proof you need that the boy crazy?
I carry four pounds like a premature baby
Pussy boy, coming out his mouth, all shady
I will punch him in his fucking teeth, all gravy
I'm liable to take a young boy lunch box
And if it's any resistance, then you gon' get punched ahk
I catch homis, Lord, harder than punk rock
I remember 'xactly where I was when they slumped Pac
Quintetto had everything, but got cocky
Philly wop with nice hands, but not Rocky
Mommy making manicotti, but it got sloppy
Yous a bitch, Benny Blanco when he shot Papi

The left hook startle 'em, the end is a mean right
Sublime nature, I am from the sons of the Green Light
I could tell from your eyes, something don't seem right
Hands shake, brittle, so I know you the queen type
This 550 Sonoran, force is absurd
And God told me the pen is the source of the word
How he call himself a rapper, but he awkward with words?
In a city I diddy bop, walk with a bird
Let's be honest, money, you just mediocre at best
And these cop killers going to put a hole in your chest
I'm Vido Loncar throwing blows at the ref
You like Luke on Hoth, almost frozen to death
The straight right'll lift his fucking pussy out of shoes
With no counters coming back and that's the point I'm trying to prove
You ain't get the fucking point?
That's the point that I don't lose
You can see me muhfucker, I'll anoint you on the news
Yeah

Vinnie Paz - Writings on Disobedience and Democracy Lyrics

"We have to stop thinking that we must have military solutions
To the problems we face in the world"
Yeah
"The solutions that we need are..."
Picking up where we left off
"...dealing of sickness, disease, and hunger
Now that's fundamental
If you want to end terrorism, you have to stop being terrorists
Which is what war is"

They told you World War II was a people's war
Logic should have told them it was imperialist war
18 million served in the armed forces
10 million more overseas – that's enormous
25 million workers pay for war bonds
All of the while people question why the war's on
There was an undercurrent of reluctance
There were under-publicized signs of resistance
Hitler's Germany was unspeakable evil
But let's discuss real quick what we did to people
We opposed the Haitian revolution
We turned Guam, Puerto Rico, and Hawaii into institutions
Pretended to help Cuba win freedom from Spain
This country's built on the blood of other people's pain
Blacks is looking at anti-Semitism in Germany
And saw the situation here was mirroring it perfectly
We appeased Hitler all throughout the '30s
Only years later we pretended we was worried
Roosevelt was hesitant to be gritty
And caused a resolution to be buried in committee

The main interest was never to stop fascism
But advancing imperialist interests of that prism
Roosevelt ain't care about oppression of the Jews
The power was the priority I'm telling you the truth
Hitler not the reason that we entered the land
Roosevelt was mad that we got hit by Japan
Historians will tell you he provoked that shit
He told lies in attempts to sugar coat that shit
In ‘45 troops were jammed onto the Queen Mary
The blacks were stowed down in the depths of the same ferry
See there's a parallel you have to understand
That they wanted them to fight but wouldn't treat them
Like a man
Industrial mobilization had a few divided

The economic royalists denounced and derided
The irony of victory was heavily a price
The war ended 3 million men was in strike
There's no peace in a world of capitalism
Nazi eugenic techonomic rationalism
The lesson was that war solved problems of control
Regardless if it causes any problems for the soul

The black revolt in the '50s came as a surprise
It shouldn't have after we took so many of their lives
You can't erase the memory of an oppressed people
Reparation doesn't make it any less evil
Some black folks joined the communist party
Richard Wright spoke of disillusionment with the body
The party was accused of exploiting black people
Angelo Herndon felt everything was equal
He was arrested they convicted for insurrection
How the fuck it's insurrection I call it dissension
Gave him 5 years when all he wanted was protection
There was other black men that made the same connection
Benjamin Davis defended Herndon as a savior
Then Paul Robeson he only magnified the danger
Harry Truman had to deal with the militant mood
But how the fuck that gonna work when he a racist too
In '54 they said they ended segregation
10 years later no changes
Revolt was always minutes away about to bust
Rosa Parks refused the black section of the bus

The freedom riders were spreading across the nation
They went to jail for marching and fighting discrimination
FBI stood by, Justice Department stood by
While civil rights workers were beaten, they just stood by
3 civil rights workers, 2 black and 1 white
Arrested in Philadelphia, Mississippi one night
They were released, beaten with chains and shot to death
There were arrests made but it was not confessed
The national government remained silent
The president wouldn't defend blacks against violence
Civil rights laws were passed but they were fraud
Equality was enforced poorly or was ignored
Martin Luther King's speech floored whoever heard it
5 years later he was targeted and murdered
In '65 the Watts Riots burned into the streets
The black man would no longer turn the other cheek
The Black Panther Party scared Nixon
But that did nothing to change his position
A new black consciousness was born and still alive
And that came from the will to survive

This is the part where I would talk about Vietnam
But me and Rugged Man we already made a song

By the '70s distrust had spread across the nation
Basic discontent political alienation
55, 000 died in the war of moral shame
And then Watergate was added to the hall of pain
The Watergate burglaries was rather complicated
But in the end mostly all of them exonerated
Nixon had CIA a G. Gordon Liddy
Lie about the Democratic National Committee
But eventually they all flipped on him
And told the Senate that they had a lot of shit on him
After that it was a swift and a sudden fall
Nixon resigned before they could impeach the ball
They got rid of Nixon but they kept the system
His foreign policy still remains in position
Corporate interests still remain in position
His closest advisors remain in position
Vietnam recession and unrest
All adds up to a motherfucking mess

After Watergate and Vietnam
There was a deep economic insecurity in this world of ours
Environmental deterioration took its toll
A cultural violence upon the families took its toll
Problems couldn't be solved without bold changes
But no major party candidates proposed changes
American political tradition held fast
Urban communities turning into hell fast
Black folks are bitterly disappointed with Carter
Opposed federal aid the poor people didn't bother
Reagan got elected and he built a military up
A trillion dollars later
And this motherfucker dummy up
He cut benefits for the poor to get the money up
Social security, disability went belly up
Unemployment grew in the Reagan years
30 million people unemployed in the Reagan years
Welfare became an object of attack
Especially if you was latino or you was black
I'm just scratching the surface of what was wrong
We'll pick the conversation up in the next song

To be continued...
You can't be neutral on a moving train
I told y'all before
You can't believe everything that your teacher tell you
Who is your teacher?
Your teacher just learned what they was taught
How do you know what they was taught was correct?
Know what I mean?
Dig into the real history of this country
And the fact it was built on blood
We gonna go around for a third time

But for now I'm just blessing y'all with this one
A continuation of the first
You can't be neutral on a moving train
Pazienza
Howard Zinn thank you for teaching the people
Rest in Peace
It's Pazienza baby

Winter Soldier by Vinnie Paz

[Verse 1: Vinnie Paz]
Look, you talking to a God in the flesh
And this batiman something that I gotta address
This ain't a song, pa, this is a sonata of death
I will beat this motherfucker, I'll piñata his chest
This official, you should talk to the ref
I will put this big black sawed-off to his vest
Have these dum-dums lodged in an officer's chest
Put your body in a box like a login address
Here's a flower, say hello to the dead
Sinatra in '59, that's a hole in the head
The hammer Statue of Liberty, I'm lifting the torch
To me you just another sale, you a Christopher Cross
A rolling stone don't imprison the moss
Azazel is here, exorcism is off
I'm focused on a billy b, you focused on a mill
What you focused on is silly b, I'm focused on the kill

[Chorus]
I'm letting this fucking yoppa off
I'm letting this fucking yoppa off
I'm letting this fucking yoppa off
I'm letting this fucking whopper off

[Verse 2: Vinnie Paz]
This motherfucker talking, I guess that he ain't breathing
Sonny LoSpecchio, this pussy, he ain't leaving
Energy drained, malnutrition, he ain't eating
Crying with his mouth all bloody, he ain't teething
I'm here homie, in the thick of the fog
It's a war torn city and I'm sick as a dog
I'm in my duffy it's a Christian Lacroix
This a dope fiend lean and it fixed the withdrawal
It's dirty here look like the spot that I got booked in
The type to see my face and then front like he not lookin'
Boxcutter I will shank a fairy
The Aston Martin is the color of a Frankenberry

Have your whole shit jooken with a blinky
A hundred round drum I can cook 'em in a jiffy
I ain't the one to run from Jihad
License to kill, but I ain't got a gun and a badge
[Chorus]
I'm letting this fucking yoppa off
I'm letting this fucking yoppa off
I'm letting this fucking yoppa off
I'm letting this fucking whopper off

Necklace of Heads

[Intro]
Yeah, 1, 2
Yo Oh No
This shit crazy, pop
Look, 1, 2
Aiight, look
Yeah

[Verse 1]
Lick shots like they would do with the fever
Stab 'em dead or a Pompeii, Julius Caesar
Knife work nice, show you what to do with a cleaver
Son munafiqun, he a truthful deceiver
Supplication on the plains of Arafat
Puerto Ricans everywhere, they talk to me in Arawak
Money always ass back, and I'ma pull the barrel back
Knowing damn well he couldn't see me like a cataract
Where the organ grinder partner, tell me where the Tommy at
And riddle him with bullets in him, move him like an army brat
Anarchist and Marxist, you listening to Commie rap
Self-proclaimed God so the fuck if I'ma honor that
This rat tried to get me book like a librarian
My shot unorthodox like Shawn Marion
Powers of pain, Animal Hawk and barbarian
You beaten by the fist of God so Paul bury 'em
[Chorus]
One gun, two gun, three gun, four
It ain't an adversary that's ready to go to war
One gun, two gun, three gun, four
A hundred round drum and it'll clear the fuckin' floor

[Verse 2]
I told y'all not to fuck with me
Kidnaps takin' the kids like full custody

Every rhyme like my first, I spit hungrily
Y'all don't know cheese and wine out in Tuscany
Y'all think having a rack is called luxury
All bark and no bite, you not touching me
It's too dark for you, the wind is too blustering
I don't like cops or opps in my company
The trap boys still cookin' the brick
And it's raw so it look like they cookin' the grit
If I counted every bottle that I took to the dick
I'd lose count pa, I was in a room full of shit
You cupcaked out, still bitchin' 'bout a jawn
End-game talkin' 'bout a bishop verse a pawn
You dead goin' to sleep, listenin' to birds chirpin'
The type of asshole to be talkin' in third person

[Chorus]
One gun, two gun, three gun, four
It ain't an adversary that's ready to go to war
One gun, two gun, three gun, four
A hundred round drum and it'll clear the fuckin' floor
[Outro]
Yeah, yeah
Pack Pistol Pazzy and all that, the Sicilian Shooter
Y'nam sayin'?
Philly in this mahfucker, yeah
That's Oh No

Lyrics.lol :: Gasmask by Vinnie Paz

[Chorus: Vinnie Paz]
We go, where them can't go
Carlito, Benny Blanco
We know, what them not know
Mijo, kill 'em pronto
We go, where them can't go
Carlito, Benny Blanco
We know, what them not know
Mijo mi gente, they kill 'em pronto

[Verse 1: Vinnie Paz]
Catch hommies in hellfire, water under the bridge Tacony-Palmyra
Devotion to the blood of the lamb, and it's hail sire
The pistol pack po' with the preacher, the pale rider
This a chainsaw bayonet, homie it is modified
Crosses on this mahfucker head like it's Mardi Gras
Theology of multitude and everything it occupy
Molecules combine with further molecules and oxidize
An animal, and animal survive through the pain
This a 300 blackout disguised as a flame
Erbody takin' Ls like they ridin' the train
Y'all my offspring, why would I deprive you of fame?
I look at y'all as food homie, y'all a bunch of vics
But snitchin' what you do and I can get a bunch of ticks
It was cold nights out here, take you to task
Cut the lawn mahfuckers 'cause there's snakes in the grass
Toma!
[Chorus: Vinnie Paz]
We go, where them can't go
Carlito, Benny Blanco
We know, what them not know
Mijo, kill 'em pronto
We go, where them can't go
Carlito, Benny Blanco
We know, what them not know
Mijo mi gente, they kill 'em pronto

[Verse 2: Vinnie Paz]
Yeah
These mother fuckers saw a ghost, they awoken a wraith
Erbody hit the fuckin' floor or open the safe
The main pillar of the science is devotion of faith
This a Armalite rifle, it'll blow through your face
Black queen's knight I keep due to the pawn
I carry this .55 like it's Louis Vuitton
We can talk the evolution of a beautiful swan
Or we can talk the revolution, constitutional harm
Erbody wet as soon as the hammer splash
Nobody seein' nothin' like a camera flash
Shooters everywhere, B, I'm callin' mi hermano
Spark Steakhouse, homie Pauly Castellano
These is monolithic bullets, these'll riddle you red
So fuck all of y'all bitches, homie, chivalry dead
Gemstars, G36s, bayonets et cetera
It's what a motherfucker get for preying on a predator
[Chorus: Vinnie Paz]
We go, where them can't go
Carlito, Benny Blanco
We know, what them not know
Mijo, kill 'em pronto
We go, where them can't go
Carlito, Benny Blanco
We know, what them not know
Mijo mi gente, they kill 'em pronto

Sundae Bloody Sundae by Vinnie Paz

Vinnie Paz

Sundae Bloody Sundae

[Chorus]
Saturday noon, with nothing to do, I hear his simple song
Cheer the children who catch him on the park
Watching kids crowd, gather around his ivory colored car
Creaks along and the ice cream man is gone

[Verse 1: Vinnie Paz]
Yeah, I'm the ice cream man, everything is for sale
The product ain't made for touchin', homie, this isn't braille
It's only a couple flavors if you need some tree
I got 2 for 3, money, if you need some D
You hear that song, pull up, we sellin' on the corner
And don't mind the smell little homie, that's ammonia
Oh that? That's a special flavor, comes from out Slavonia
The red tops cherry heads 'cause they look like begonia
The task force there, gimme money then you go
'Cause this judge is tryna to give a brother 20 for a O
I got the plug but it's still a large fee
So why the fuck I charge you what he charge me?
Back of the line little motherfucker, 'cause you stressin' me
How you gon' ask a master chef for his recipe?
And don't ask me what I do with the stash
'Cause the smallest bit of candy get you 2 and a half, yeah

[Chorus]
Saturday noon, with nothing to do, I hear his simple song
Cheer the children who catch him on the park
Watching kids crowd, gather around his ivory colored car
Creaks along and the ice cream man is gone
[Verse 2: Vinnie Paz]
Yeah, I'm the ice cream man, I'm connected for the re-up
But you gon' have to pay it after it's over like a prenup
We got the streetsweepers for the clean up
There's crema in the ice cream truck to cook the D up

The ice cream man kinda gully but he smart
And cookin' what he cookin', that's a culinary art
If you hang around my truck you need to buy somethin'
Why you always hangin' 'round my truck and you don't buy nothin'?
I ain't tryna to hurt nobody, I just want the dolla'
You lovin' these bitches homie, I just love my guala
My partner in the back cookin' the base
You hear that song homie, you should see the look on they face
This young boi always askin', "Why you pack the 50?!"
'Cause motherfuckers plottin' and these bitches act sadity
Thinkin' the ice cream man stressful, it's true
But I wouldn't be in business if it wasn't for you, yeah

[Chorus]
Saturday noon, with nothing to do, I hear his simple song
Cheer the children who catch him on the park
Watching kids crowd, gather around his ivory colored car
Creaks along and the ice cream man is gone

Jail Cell Recipes

[Intro]
Yeah, one two, yeah, Pack Pistol Pazzy, aight look

[Verse 1]
Elect of Allah, third king, Solomon that
The .50 Cal break your cartilage where collagen at
Shots have him face down like a Klonopin pack
They will hit you if you have a fucking problem with that ([?])
I'm where they hollerin' at
Where that Joey crack cook coke bubblin' at
I'm successful and there's people having trouble with that
That self pity you accustomed to, well wallow in that
Money, power, respect that's the key to success
This thing long King Kong when he beatin' his chest
The further into the abyss, the deeper its depths
I killed a Devil last night, god, The Reaper is next
You glorify snitches and you givin' information
You a vic and I will jerk a chicken like Jamaicans
If I had power to bring you back from the dead
I'll bring him back from the dead, so I could clap at his head

[Hook]
I'm the ultimate 16 bar machine
The God of War, the M16, the high chief
I'm the ultimate 16 bar machine
The God of War, the M16, the high chief
[Verse 2]
The truck jewelry amazin', innit?
Divine principles of the Ma'at and ancient Kemet
The breath of god we initiates of basic tendency
It's the dragon and it's war and it's Satan's pivot
I break laws while you bendin' the rules
I shoot muhfucka you just get suspended from school
If you take ten steps and draw, then it's a duel

How you learn to be a man under a tenuous rule?
And my homie from the south came through in a slab
Shotgun pump looking like I'm doing a dab
I will kick the door down catch you in the lab
Then tell the coroner that he know what to do with the task
I did some stupid shit and wrestle with bids
I'm a professional, you don't know what professional is
The gun connoisseur, don't ask me who got blickies
Pull up like them young Pirus when they popped Rickey

[Hook]
I'm the ultimate 16 bar machine
The God of War, the M16, the high chief
I'm the ultimate 16 bar machine
The God of War, the M16, the high chief

Tongan Death Grip

[Intro: Vinnie Paz]
Yeah -- 1, 2
Yo Ferrigno
1, 2 -- yeah

[Verse 1: Vinnie Paz]
I ain't even think of swinging on you, that's a reflex
First one to test a mahfucker, that's a G check
Send this mahfucker back to God, he a defect
A celebrated martyr, I'm in Luxembourg with Liebknecht
I eat these perfect hands but hate bein' mad sluggish
How the sayin' go? Good riddance to bad rubbish
The ox all bloody, I stabbed him from frustration
The modern Thor rapper, I crack 'em like crustaceans
I was foul for a while, now I'm on some healthy shit
Still I'll aim this chopper at your head like it's a selfie stick
Riding on my enemies, I'm on my Makaveli shit
Master of the arts, I'm on my Sandro Botticelli shit
All of y'all is food to me, you nothing but a Scooby Snack
This mahfucker lost he need to get himself a Google map
Everything dirty money, even the soap
This a Beowulf infrared beam and a scope
Doma!

[Hook: Reef the Lost Cauze]
This is warfare, get your guns ready
This is warfare, hold your guns steady
This is life or death, yeah son deadly
A motherfuckin' G 'til the sun melt me
This is warfare, get your guns ready
This is warfare, hold your guns steady
This is life or death, yeah son deadly
A motherfuckin' G 'til the sun melt me
[Verse 2: Vinnie Paz]

I'm a lion and the lion don't get left with the lambs
And you might get hit with bullets that was meant for your man's
It's no body cause the body under desolate sands
And I'm mean to money, money, I'ma press up the bands
This mahfucker think that he tough 'cause his man husky
He gettin' what's coming to him like he's Sandusky
The SP old and the records is mad dusty
It's a Mossberg 5 on the pump in the tan duffy
I was mad reckless, behavior was wild rowdy
So I just had to take that charge like I'm Kyle Lowry
I will snatch a dickhead chain and smile proudly
It's kings among the king's, possession and hail Crowley (hail Crowley)
This is where the shelterin' stops
'cause you never too old to take an L from your pops
This the throne of God homie, give the seraph his crown
And I'm bloodthirsty, it's a new sheriff in town
Yeah

[Hook: Reef the Lost Cauze]
This is warfare, get your guns ready
This is warfare, hold your guns steady
This is life or death, yeah son deadly
A motherfuckin' G 'til the sun melt me
This is warfare, get your guns ready
This is warfare, hold your guns steady
This is life or death, yeah son deadly

God’s Shadow by Vinnie Paz

[Intro] (Biggie Smalls)
I don't give a fuck about you, I don't give a fuck about you
[Vinnie Paz] Yeah
(Biggie Smalls) I don't give a fuck about you
[Vinnie Paz] 1,2
(Biggie Smalls)
I don't give a fuck about you
I'm not runnin'
I don't give a fuck about you
[Vinnie Paz] Yeah
I don't give a fuck about you
[Vinnie Paz] Yeah, look, yeah
(Biggie Smalls) I don't give a fuck about you
I'm not runnin'

[Verse 1]
In '86 everyone was smokin' them OooWeez
I was in front of the mirror and tryna be Cool C
Me and Chico was inseperable then
We would day dream about bein' legends again
'87 came but really, pa, shit ain't changed
We was playin Just-Ice and absorbin' his pain
It's the middle of the crack era, I ain't complain
There was money everywhere, it was part of the game
I was tryna write rhymes but I knew they was wack
I was young and I was dumb and I knew it was that
I heard Steady B rhyme and I knew it was crack
See these records change everything, crucial to that
It's the end of the 80s that's when Chic moved to Cali
My father died too, it was loneliness around me
It was hard tryna put all of this shit in perspective
And the only thing I had was my records
[Hook]
I seen so many men get blast and pass away
I had to say bye, bye, bye
I had to say bye, bye, bye (I'm not runnin')
And all these pills I take can't make shit go away

I said nah, nah, nah
I had to say nah, nah, nah
(I'm not runnin')

[Verse 2]
The 90s came and I started drinkin' for the first time, smokin' for my first time, then I sniffed my first line
Chic came back from Cali and we was wildin'
13 bum rushin' Macy's, we was violent
The pen game started gettin' a little better
Drinkin' 40z outside no matter the weather
But I was shy about the rhymin' and shit
I was timid, no one knew about the rhymin' and shit
I kept it to myself, pa, that's what I resign to
Then Chic would get drunk like "Vinnie can outrhyme you"
And I ain't had no choice it was battle or bitch
So I started choppin' heads and I channeled and missed
I battled on a L and I battled on the block
And I battled in a cell and I battled to the top
I battled a bunch of rappers you would know right now
And I chopped they fuckin' heads but you won't find out
But that got old quick, I started makin' tapes
The tapes turned to records and the records turned to fate
But I'd still go back if I had that chance
It was simple then, I ain't have to do that dance
[Hook]
I seen so many men get blast and passed away
I had to say bye, bye, bye
I had to say bye, bye, bye (I'm not runnin')
And all these pills I take can't make shit go away
I say nah, nah, nah
I had to say nah, nah, nah
(I'm not runnin')

[Outro] (Biggie Smalls)
I don't give a fuck about you, I don't give a fuck about you
I'm not runnin'
I don't give a fuck about you, I don't give a fuck about you
I'm not runnin'

Dualtow Night Eagle by Vinnie Paz

[INTRO: Doug Levison]

[Sample: Lil' Fame]
Step in the ring and I'll break yo ass up cuz I don't play clown

[Verse 1: Vinnie Paz]
Yeah (Hahaha)
Yeah, yeah
A'ight, yeah
I'm gettin tired of destroying his hopes
But my back against the wall like Floyd on the ropes
This a .300 Blackout toyin' with Ghost
Take a big metal spoon if you boliin' dopes (Boilin' dopes)
This yoppa gone tear apart his entrails
Send kites tryna get this mail like we pen pals
Break a motherfucker like Gore akhi with windmills
Forbear twelve Arabian tribes Ishmael
Your girl I stepped on watered down like skim milk
Nothing here stepped on part of this is fish scale
There's several ways you can honor the vet
And if you wanna talk to me you gonna talk with respect
I wish you dumb muhfuckas didn't do what you done
Bunch of Voletta Wallace's that's losing a son
I'm done with you dirtbags you gone sing for the State
And tell ya shorty she a thot and to bring me a plate, stupid
[Sample: Douglas Levison]
You nothing
You nothing
How dare you?
How dare you?
You will never be anything
You nothing
You nothing
How dare you?
How dare you?
You will never be anything, SUCKA!

[Verse 2: Vinnie Paz]

Yeah
This muhfucka like a joke of the town
What you laughin' for you in the same boat when it drown
I'ma chill, I'ma have a little Coke with the Crown
Coke by the ounce, money movin' dope by the pound
How you gonna let a veteran starve
And the timer’s running out you better get on ya job
Put the microdots in and just let it dissolve
You will never find a shooter with a better resolve
I’m just tired of you muhfuckas matter of fact
I'ma let this Bulldog bark that’ll be that (Dat dat dat dat dat dat dat!)
You ain’t gettin' nada gimme my collateral back
This is Gucci it was several thousand mackerels for that
Everything can change for you one slip of the tongue
And the bigger that the chopper then the bigger the drum
On my lap is a pistol gripped pump
You a bitch you about to be a pistol whipped punk
[Sample] (Douglas Levison)
You nothing
You nothing
How dare you?
How dare you?
You will never be anything
You nothing
You nothing
How dare you?
How dare you?
You will never be anything, SUCKA!
You suck
You’re a no-talent
If you really had talent go practice and then get yourself a gig instead of ruining the end of the day for everybody down here
You disgrace
You’re everything that has gone wrong in this world
You’re a self consumed, no talent, mediocre piece of shit and I’ve earned my right to say it
Who the fuck are you?
You nothing
You nothing
You are nothing and you will never be anything, never
How dare you?

How dare you?

You miserable, mediocre, NOTHING!

Blood on My Hands

[Intro]
"I don't really like to hear the squealing animals in the cemeteries, when they do their rituals, but they give me free vodka!"

[Verse 1: Vinnie Paz]
Y'all ain't about nothin', I'm bustin' a hundred rounds at you
I'm Pack Pistol Pazzy, I'm poppin' like 40 rounds at you
This bulldog barks and it mean that I'm sickin' hounds on you
We puff a pound or a two, Pazienza just insurmountable
The Goma-2 raw, and the substance wasn't compoundable
It's bodies everywhere and they try to hold me accountable
The Burberry bag is boujee and booty bountiful
The bankroll blickie, the names ain't even pronounceable
It ain't a ounce of you that could fathom havin' a bout at you
The weaponry is wonderous, numbers ain't even calculable
I stomp you out and pull the Beretta, money, it's marvelous
The gladiator war, fight with Gannicus, this is Spartacus!
The seventy disciples of Judaizers is the Barnabas
A reconstruction of the Acropolis beg us pardon us
The deeper the abyss is the deeper into the Tartarus
The AK diesel, the drum is a hippopotamus

[Chorus: Vinnie Paz]
He a dead man walkin'—that's a body!
Get his head popped talkin'—that's a body!
This a hundred round drum—that's a body!
Where we from? That's the slum—that's a body!
He a dead man walkin'—that's a body!
Get his head popped talkin'—that's a body!
This a hundred round drum—that's a body! (ta-ta-ta-ta-ta-ta-ta)
Where we from? That's the slum—that's a body!
[Verse 2: Vinnie Paz]
Yeah, y'all still about nothin', I'm choppin' you with a tomahawk
Allah hates a coward, you do a lot of vagina talk

It's "as-salamu alaykum", I greet him with lots of Gaza talk
Headshot medulla oblongata on a plaza walk
I caught too many homi's, now it's time for me to find a morgue
Go here a rhymer dawg, it's another vagina monologue
I'll take you to a digital death, the place with no analog
I have your bones shakin', I break 'em like marijuana laws
It ain't no other boss that's as ill as me, son, it's lunacy
The leftist ideology killin' the black community
You need a couple bodies, just give me the opportunity
You milli mild muhfuckers is makin' buffoonery
It ain't no unity, ain't no talkin' it out, it's hammer time
I'm movin', B, but I don't be talkin', I'm like a pantomime
And I don't think that bein' a pussy should be romanticized
I run with motherfuckers that's diddy-boppin' and vandalize

[Chorus: Vinnie Paz]
He a dead man walkin'—that's a body!
Get his head popped talkin'—that's a body!
This a hundred round drum—that's a body!
Where we from? That's the slum—that's a body!
He a dead man walkin'—that's a body!
Get his head popped talkin'—that's a body!
This a hundred round drum—that's a body! (ta-ta-ta-ta-ta-ta-ta)
Where we from? That's the slum—that's a body!

Floating Goat by Vinnie Paz

[Intro: Vinnie Paz]
God of our father's hear me the wicked seek to rule the Earth and mock your will. Show them your wrath!
Destroy the guilty lest the innocent perish

Yeah, Muggs: The Black Goat, Pazienza
Yeah, yeah
Raise the gates!

[Verse 1]
This a headshot, homie, and I broke the balloon
They was plottin' there, homie, it was smoke in the room
This is blacked-out everything, cold in the womb
This is three faces of fear, the Dungeon of Doom
See it's drugs here, opium, Iranian gangs
The devil is long-horned, he like Damion James
How he talkin' hammers when he can't e'en hold a tool right?
This .50 Cal have 'em all sleeping like a school night
Listen, this gun is a small stalker
That make your body burst into flames like it's Paul Walker
Laser light bayonet, really, it's the sharpest
From experience, the first milli' is the hardest
Death comin' soon, pa, it's chilly in this darkness
The place that I'm from called Philly and it's heartless
It's game time, money, caught a body off the whip
Just another John Doe with his body in the ditch

[Verse 2]
Yeah, Cobra Kai, Daniel LaRusso
Fire at close range, pa, Antetokounmpo
I been doing this, I got workers on the night shift
I was denied bail, judge said I was a flight risk
Still sharp as steel, muhfucka, I'm a sharpener
Perry was a wanderer, Isa was a carpenter
Atilla the Hun, barbarian, the conqueror
He Babalawo Regla de Ocha, I'm a conjurer
All these scallywags carry leather sword sheaths
It's fertile soil there, unexplored heaths
This Mossberg like the God of Thunder, Thor, speaks

A shooter work is never done until his gourd leaks
A dead man said he got his power from the tomb
I can tell you pussy, you the loudest in the room
I made one call, look at all the soldiers that came
This a different era, pussy, but the code is the same

Byzantine Jewelry by Vinnie Paz

(Intro)
Yeah yeah yeah, yeah
Yo yo yo (Yo yo)
Yeah yeah yeah (Yeah yeah yeah)
Yo yo yo (Yo yo)
Yo yo

[Verse 1: Vinnie]
Yo, son duck down the alleyway
Hot shots have him screaming like Cab Calloway
You can hear the hooting and hollering from like a mile away
I run with fast-hoes who see a vic and salivate
I don't touch the work, that's just something that I allocate
Sectarian split, ineffectual Caliphate
It's goma on the scale and difficulty to calibrate
Don't ask me about nothing, no I ain't trying to collaborate
He saw an angel in the Lazarus pit
This that Yahweh real king of Nazareth shit
I ain't the one that you should walk into the labyrinth with
And I ain't the motherfucker you should saddle with shit
The dart spray semi-automatic like a ooh-wop
Spit the rhyme then I bounce the master like a doo-wop
It's a 249 and it's colder than hell
And I treat these assholes like they JoJo the Whale
(Put 'em in da fuckin' bat-troom)
[Chorus]
Yeah yeah yeah
Yeah, yo yo yo (Yo yo)
Yeah yeah yeah (Yeah yeah yeah)
Yo yo yo

[Verse 2: Vinnie Paz]
Look
In a resort, in a housebed
Your money short 'cause your mouth big
Tryna put to much food in his mouth pit
We take trips back and forth down south kid (Freeway Ricky Ross)

It's detrimental if you telling me after
Hop with the Jet Set, Jello Biafra
Panic in Needle Park, a 70s master
Suicide, there's a ebony plaster
The product duffel is a khaki tan
Snake in the Eagle's Shadow lord, Jackie Chan
Make salah on my din like an Iraqi man (Allahu Akbar)
It's fetty absolute green like it's Barry Mann
This ain't the Devil's dirt this is rare soot
The shoemaker children go barefoot
The way you die isn't fate it's a choice
Watch your bombaclot mouth, take the bass out your voice

[Outro]
Yeah yeah yeah
Yeah, yo yo yo (Yo yo)
Yeah yeah yeah (Yeah yeah yeah)
Yo yo yo (Yo yo)
(Aight)

Pray for Sleep by Vinnie Paz

[Verse 1]
Yeah, I'ma let the shotty blow
His head go a different direction to where his body go
A fraction of a second is the time it takes his mind to go
Either way his body going down like he Bohannon
We bare arms like a designer show
I feed the raw and always keep a 4 on me like honour roll
How you talking money when you never see no kinda dough
Broke mafuckas, ass out like Rihanna though
You hearin screams and they say they shot
I got nines and a sack like I'm JJ Watt
They think they nice but fans gon' = say they not
It's like a bomb Vietnam when that AK pop
I don't be in y'all little cities it's no action
This Wilson Combat go through you like Bo Jackson
See we all gorillas here strapped with all the blammers now
I pass em off after I use them like they a hand-me-down

[Verse 2]
Yeah, We gun running like the track team
Why you talking stats without knowing what the stats mean?
The 50 Cal got bodies on it but the MAC clean
My dunny gon' rob for me piedras like a crack fiend
And I ain't wanna take it there, but this the way it has to be
Sometimes it takes collateral damage to make a masterpiece
I lost my motherfucking mind and it ain't coming back to me
When dunny got knocked it's like I lost the other half of me
Me and you can look alike, distinction is the bread different
Shorty and her sister look alike but the hair different
The new Hudson H9 get your head shifted
Disrespect is never tolerated you get air lifted
Cool when papi cooking but he drawn on what the cinnamon
I had to go inside my bag, I'm calling the Dominicans
I appreciate y'all, here it's a small token
You talking all the time real killas is soft-spoken

Hashem on a Pentagram by Vinnie Paz

Vinnie Paz

Hashem on a Pentagram

[Intro: Sample]
In a music field you got people who really are into the occult and into Satan, and then you got some who probably playing games, but no matter how you cut it, they're propagating Satan, they're propagating the demonic mind, the occultic world and I think it's a devastating frame on our culture...

[Intro: Vinnie Paz]
Yeah, one-two!
Yeah, one-two!
One-two (ta-ta-ta-ta-ta-ta-ta-ta!)
Yeah, one-two!
Yeah!
Yeah, Gore Elohim
ILL BILL, look

[Verse 1: Vinnie Paz]
Watch the semi-automatic air the fucking world out
Big shit, I'm hitting every house like I'm a Girl Scout
I don't trust a soul homie, I'm throwing this referral out
Jail monster, dumbbells, concentration, curls out
Bloodbath, headshot, tell 'em through a telegram
Samhain Initium, Hashem upon a Pentagram
Duality of two triangles is the hexagram
Scheming on you (???!) like a Mexican
Nighthawk, custom made shells and a vest
And my OG sitting in a cell and he stressed
Doing 2301 and he smelling depressed
And the sun sets here but it fell in the west
Ask about me homie, I will aim at the throne
Say goodnight to the bad guy, Razor Ramon
You ain't on my level, not an honorable mention
And this bullet focused on you undivided attention, toma!
[Verse 2: ILL BILL]
Twelve tribes of Israel
Twelve point five for half a block of fish scale

Let me get a sniff there
You better sniff it too so I feel I can trust you
Make me feel like that scene from Scarface, I'll crush you
Fuck Frank, fuck Seidelbaum and fuck Mel too
Pop you in the stomach like, boom, I bring doom
I'm that MF Goon, my shooters look like Jon Hamm
What the fuck is happening? The world has gone ham
I can't believe it's bacon, bayonets attached to AKs
What's shakin', go get your cake in
We move indistinguishably, discreetly
Within the shadows we decide what the streets see
A cross between Tony Yayo and Roy DeMeo
Bandana Scott Baio, Machete Danny Trejo
Eddie Iron Maiden, sword pentagram slayer
Never trust a fiend who swear he'll pay you for that gram later

[Verse 3: Goretex]
I'm on Venice Beach ripping waves, whores and selling leak
Got a hundred project animals, we dying to eat
We active as fuck, these dividends in Panama bucks
Futuristic, my shooters roll up in Amazon trucks
Circus of power, Rocky Dennis kids on powder
Topple regime like Nicky Scarfo, Betty White and the sour
Cocaine barrels produced in rainforests for Pharaohs
Uncle Howie taught me how to cut the juice with the flour
Consumer racketeer, rap Norman Lear, stickups in '89 gear
Focus on the Gods in the field
Bricks like betty whip, Mr. Majestyk hit, heavy metal shit
Dashikis and slacks run some Crazy Eddie shit
Half Fenriz, half Salvie Testa, ravioli stretcher
Inverted church we out to lunch take our holy measures
Shoppers of medicine you wretch is a vegetable
Like an Ed Repka painting I come to life when I'm deading you
[Outro: Sample]
Across this country and Canada, Satanic graffiti is turning up on public buildings and abandoned buildings. The police suspects secret meetings are being held by people calling themselves "Satanists", people who worship the Devil. Most often found; the inverted five pointed Satanic pentagram, the upside down cross, the evil eye, references to Babylon and the Devil's number

Masked Stickups

[Intro: Vinnie Paz]
Yeah
One, two
Yeah
Yo Stallone, I got 4 bars here or I got 8?
Aight
Aight look
Yeah
Check me out

[Verse 1: Vinnie Paz]
I'm faithful to God, I'm so fuckin' faithful it hurt
That's why every bar and every rhyme take 'em to church
And once the body drop it go straight to the earth
And how you understand clean if you ain't played in the dirt?
Look, let me put it to you simple and plain
How these hollow tips take you through the center of pain
Shoot a fuckin' eye never talk to a fool
And a vic gon' be a vic, off with the jewels
You could have it either way, pa Glock or the pump
Either way you gon' take these shots like a drunk
Lucas weaponry, it's all types of shit I could get
It's mad body parts, all types shit I could hit
I got airplane, all type of shit I could get
Then there's rocket fuel, all types of shit I could flip
And ya'll gonna have to accept the God sickenin'
Aim the shwammy, it's gonna splash 'em like Rod Strickland
[Chrous]
I could have your mans disappear if I wanted to
Funny how shit seem clear when the gun at you
Brrrrrrr stick up, ha ha ha, stick up
Brrrrrrr stick up, ha ha ha, stick up
I could have your mans disappear if I wanted to
Funny how shit seem clear when the gun at you

Brrrrrrr stick up, ha ha ha, stick up
Brrrrrrr stick up, ha ha ha, stick up

[Verse 2: Vinnie Paz]
20 plus years and still invincible
You ain't get touched for what you did, it's the principle
I don't bridge gaps cuz the gap is unbridgeable
Theoretically the probability conditional
Don't bring shirk around here, it's unpermissible
Actin' like my place in the game isn't pivotal
Faith called faith cuz it isn't too visible
Conflict stem from stolen African mineral
Cousin where you at?
I see 'em, I got a visual
The horror I'mma bring to his out-of-body is criminal
No matter how hard you try, you not at the pinnacle
All bark and no bite, you too typical
Celebrate mediocrity and do the minimal
Everything come back round, it's too cyclical
You don't get the raw anymore, that's additional
The cold price high and the body count biblical
[Chorus]
I could have your mans disappear if I wanted to
Funny how shit seem clear when the gun at you
Brrrrr stick up, ha ha ha, stick up
Brrrrr stick up, ha ha ha, stick up
I could have your mans disappear if I wanted to
Funny how shit seem clear when the gun at you
Brrrrr stick up, ha ha ha, stick up
Brrrrr stick up, ha ha ha, stick up

[Intro: Vinnie Paz]
Yeah...
Yeah...
One-Two
Yeah

[Verse 1: Vinnie Paz]
He got the Derringer, he got the fifth
He got the Panama, he got the piff
He like an animal, he got the gill
He with the Sufis, and he with a bid
He in his mental and physical prime
He moving weight, it's not nickels and dimes
He like a DAT in a digital time
Aleister Crowley and ritual rhyme
Demons and nephilim virtual dream
That is a part of the personal theme
That dummy give you a verse for a bing
That dummy dirty he work with the fiends
You doin' nothing I'm licking a shot
You ain't got nothing you piss in a pot
You be in a lift and I be in the drop
I be with my family, you be with a opp

[Chorus]
Yeah, yeah, yeah
Woah
Yeah, yeah, yeah
Woah
Yeah, yeah, yeah

[Verse 2: Vinnie Paz]
You been in hiding we went to your house
You ran up the stairs and you left from your couch
You knew he was there just to dent in your mouth
You look like a rat but you dead like a mouse
I was in county I went for the ride
Hopped in the whip and attempted to slide
Used to be peace but the sentiment died
You was a thief and the rest of you died
He getting money he borrowed like bocce
He moving keys just like he Liberace
He nice with the hands but he good with the shotty
The new projectile gon' rip through your body
Out here in Philly it's cold and it's dark
Nobody smilin' and nobody talk
Nine out of ten will be holding a hawk
Twenty years later and who would've thought

[Chorus]
Yeah, yeah, yeah

Cold in Philadelphia by Vinnie Paz

[Intro]
Left my home with just my jeans, my money and a stash
Aimed to Philadelphia, I need a place to crash
Cold in Philadelphia
Cold in Philadelphia

[Verse 1: Vinnie Paz]
His name was Pasquale and he came here from Sicily
He came here alone at 17 no family
The government told him he was a natural born criminal
Compared to primates and said his intellect was minimal
They told him southern Italians were savages and rapists
But he was only here to look for work and they was racist
He just wanted to find a wife and have children
But had to live in fear because they were Sicilians
Trouble communicating because he ain't speak the language
If you don’t know English then you ain't nothing but baggage
Started his own business with some money that he saved up
But nobody supported his business, he almost gave up
Stuck it out, worked hard, livin' in a shanty
Found himself a wife then he had himself a family
He still dealt with discrimination but wasn’t mad
And fear is a great motivator in man
Decades later his family comfortable with clout
And most of them will want to build a wall and keep him out!
[Chorus]
Excuse me please sir, if you will, can you spare a dime?
Do you have a cigarette to help me pass the time?
Cold in Philadelphia
Cold in Philadelphia

[Verse 2: Vinnie Paz]
His name Abdullah he here to escape Assad
He need to find a home and a place he can pray to God
A full-scale civil war broke out in Syria
Uprising turned violent country in hysteria
In Syria he a doctor in Philly he sort boxes

His wife and 4 children in a 2 room apartment
He work all hours of the night making garments
His sons worked after school shifts at the market
Airstrikes and raids forced them out of their home
So they left for Jordan overnight prayed to get through
3 years in Jordan then they finally made it here
The older daughters had to go to Spain and disappear
Back in Philly Abdullah struggling to make the rent
Winter coming soon but the heating bill spent
His sons picked on in school, suffer from embarrassment
They been here for a year and only speak Arabic
They stayed where they was, they would be killed by Assad
But the trouble and the struggle is fulfilling to God
[Chorus]
Can't find work because my hair has got to be too long
Cold in Philadelphia, I tried to get along
Cold in Philadelphia
Cold in Philadelphia

Lyrics.lol :: Gracious by Vinnie Paz

[Intro]
Uno

I bet it's easier to look the other way
So glad to go on living, day to day
And today, if maybe we forget about the helpless hand
So sad because he's wishing his life away

[Verse 1: Vinnie Paz]
I couldn't count all the blessings I had
My mama happy, my son good
What else could I ask?
I'm thankful for hard times and the lessons they pass
And I'm grateful for having answers to the questions I asked
I'm grateful for sight, I'm grateful to hear
When I was younger I was everything I hated I swear
I thought the world was out to get me in a state of despair
Just an egotistical asshole, my faith was impaired
I always was complainin' and I always was the victim
It never was my fault and it always was the system
You think the world owe you something, you wrong
And worship means sincere thankfulness to Allah
I'm thankful for the ability to say when I'm wrong
Thank you for this opportunity to play you this song
I'd like to thank every single one of y'all for riding with me
Y'all made all my dreams come true and united with me
Yeah!
[Chorus]
Thank you for the way to love
Thank you for the world I'm thinking of
Thank you for the way to love
Thank you for the world I'm thinking of
I bet it's easier to look the other way
So glad to go on living

And today, if maybe we forget about the helpless hand
So sad because he's wishing his life away

[Verse 2: Vinnie Paz]
I thank you for the ability to learn from mistakes
I'm grateful for hard work, I had to learn what it takes
I'm thankful for hard times when it burns and it aches
'Cause it remind me of the blessings been bestowed on my plate
I'm indebted to every one of y'all that ever bought a record
To anyone who's stolen I'm still thankful that you checked it
I'm thankful for my homies who don't ever get the credit
'Cause God know that being my homie, it takes some effort
I'm grateful I'm unconditionally loved by my family
Even when shit was ugly and they didn't understand me
I never got a gold record, never won a Grammy
But God been my protector and that's why the devil fear me
I'm grateful that my son still love to hug his papa
I'm grateful that Allah gave him to me, it's an honor
I'm seeing things more clearly now so I'm thankful
So I just had to take a minute out and tell you thank you

[Chorus]
Thank you for the way to love
Thank you for the world I'm thinking of
Thank you for the way to love
Thank you for the world I'm thinking of
I bet it's easier to look the other way
So glad to go on living
And today, if maybe we forget about the helpless hand
So sad because he's wishing his life away

A Power Governments Cannot Suppress by Vinnie Paz

Vinnie Paz

A Power Governments Cannot Suppress

[Intro: Howard Zinn]
One of the things we might learn from history, is that the government's interests are not necessarily the same as ours
In fact, are rarely the same as ours. Because if you think the government's interests are the same as yours, then you think - "Well if something is going wrong it must be that they made a mistake 'cause they really care about us"
They don't care about us!

[Verse 1: Vinnie Paz]
The greatest beneficiary of Reagan years was corporations
Wealthy businessmen and ministers of foreign nations
Bush promised that he would save the environment
Signed the Clean Air Act and had the public buyin' it
Two years after that, we see it as imprudence
The EPA allowed tons of hazardous pollutants
Little money was allocated for the enforcement
Contaminated drinkin' water, everywhere was dormant
But business worries override the safety of the public
Ecological breakdowns and nobody would publish
When Reagan got elected and he finally took to office
He spent a quarter million dollars on his livin' quarters
He built the military even more, and paid for it with cuts and benefits for the poor
He made 140 billion cuts in social programs
Human consequences wasn't justified to no man
He said that he still balanced the budget
Wassily Leontief guaranteed that he wouldn't
The 80's were the triumph of upperclass America
Ascendancy of the rich, the poor he would bury ya
[Verse 2: Vinnie Paz]
The gap between the rich and the poor grew dramatically
Black families were hit the hardest, be emphatically
Lack of resources, and racial discrimination
Broken homes, drug addiction, incarceration
Instead of trying to help the people out of this position, politicians called for the building of more prisons

Reagan lied about Iran, lied to Nicaragua, lied about the Soviets and lied about the Contras
He sold arms to Iran, all of it was cited but plausible denial is why he ain't get indicted
Oli North stood trial, the jury found him guilty but he ain't do no time because the motherfucker's filthy
Reagan sent Marines into a crazy situation
Two hundred died in Lebanon 'cause it was dangerous
After that he sent forces into Grenada, congress was notified but not consulted, that's a horror
What good's a show of force if you never use it?
That's the way that Reagan's mind worked and he abused it
Why do people die in countries we invading? So we can make it clear that violence was understated

[Verse 3: Vinnie Paz]
Reagan's raid on Libya, that was terrorist
Bombs fell on a crowded city, a hundred victims
The Cold War? Let me relay you the facts
The foreign policy just delayed the collapse
The U.S. policy motivated by Fed, to justify the suppression of independent care
The military budget was 280 billion, Colin Powell said he wanna scare the world's civilians
In order to boost his popularity with voters
Bush went to war with Iraq and hid the motives
He abandoned sanctions and said it was for protection
He only chose war because the presidential elections
Who believed that we would liberate Kuwait?
When we invaded other countries every single week
You think that they could build a nuclear bomb?
They was 10 years away from having nuclear bombs
Less than half of us favored military action
No blood for oil was the citizen's reaction
Officials lied about small bombs, American reporters were kept from the war's harm
[Verse 4: Vinnie Paz]
Clinton got in and appointed people of color
But he abandoned them when they started working together
He spoke of a new government for a new century
Invoked Dr. King's name, compared their philosophy
Recalled Dr. King's dream of racial equality
But put more blacks in prison than anybody in history
Continued the military budget in Cold War levels
It doesn't matter the party, homie, they all devils
Approved the FBI attack on Koresh
Fire swept through the whole building burning flesh
His crime bill got a lot of attention but it emphasized punishment, not prevention

Persuaded voters he was tough on crime
But tougher is dumber when you give 'em double the time
Clinton removed welfare benefits from immigrants
Legal or illegal, most of y'all don't know the difference
Who did the Free Trade Agreement really preserve?
Why the number of prisoners doubled when Clinton served?
Domination of the media was there to vaccinate
If god intended us to vote, he would've gave us candidates

[Verse 5: Vinnie Paz]
Bush verse Gore, that was your decision
Both support the death penalty and broke the prisons
Nader ran too but the media denyin' it
He emphasized education, healthcare environment
Half the country didn't even vote and that's a sign
Appealin' to class warfare that no one's buying
Gore received hundreds of thousands or more votes
Proof the electoral process is a joke
Bush took office and pushed tax cuts for the wealthy
Opposed environmental regulations for the money
Nine months into his presidency, 9/11
Immediately declared a war on terrorism
He said that they were Saudi, said it was the Taliban
Then he ordered the bombing of Afghanistan
You kill our civilians, we kill y'all civilians
How the fuck that make sense when we all civilians?
Wartime presidents do wartime shit
That's why wartime presidents can suck my dick
There were minority voices that were criticizing war
You can't match violence or violence should be the law
We stationed troops in Saudi on the holiest of shrines
Military aid for occupying Palestine
Killing innocents Arabs would come back to haunt us
And stupid motherfuckers sit and wonder why they bomb us
[Outro]
If you're like me, you have a lot of friends who are depressed
A lot of friends who go around very gloomy, think the world is coming to an end
You can understand people feeling depressed, you can understand people feeling desperate
Because the truth is, we're faced with evil
There's an enormous number of people who care about the world and about the country, wanna do something

about it

And those numbers are going to grow, so long as people persist and don't give up

5-star [?] elite Akhbar

Lines harder than penitentiary bars just to beat the odds
Splash you in bodily parts, your arm is getting scarred
Young gun, I been a don, no rapper can hold 'em on
Any track on impact I spit my whole gorilla on
Do more than just kill a song
Physically i murder the track 'til the beats soul is gone
Intense heat inside of my lines hot as a sun core
Look what I'm ridin' for
Basically was born to score, boss you should honor more
Just a diamond in force clappin' your whole squadron off
Yeah whack rappers were crossed
Makhti never endorsed
I just pay to knock 'em off, and enforcin' the holocaust
[?] inside the booth tossin' molotovs
Black Mikhail Gorbachev, the hood Hyman Roth
Narcotic lines are raw, watch how I just get 'em off
If I stepped away the whole rap game be at a total loss

[Verse 3: Iron Sheikh]
They say the Iron Sheikh hotter than hell but the soul thirsty
The game over you could hang it up like the old derbys
Blow purpy hoes curvy like Nicole Murphy
The chrome hurky, but the clip long like old slurpys
Flow murky hoes slurp me on this gold journey
My heroine is medicine, who goin' cold turkey?
You'll die alone and buy and moan eating firestones
I supply the bros who supply the bros
I buy the clothes for the flyest hoes, that's a lot of dough
I supply the bros who supply the bros
That's a lot of dope
I gotta go
Pina colada flows Prada coats
Custom made Gabbana boats with a lotta dope
No tears dripping for beer sippers
Ancient prayer scriptures
Gucci flare zippers with weird slippers
[?]
[Verse 4: Agallah]
On Allah, that's my word we ain't taking no L's
Let off the 5th, after that I'ma pick up the shells

One of my verses get the whole team out on bail

But no one said that, yo
But no one said that, yeah

[Chorus]
It's the power, man, power of attraction
Elevatin', add on, ain't no subtraction
Yeah, make motion, this that raw action
Time to dub all the lames and put all the facts in
It's the power, man, power of attraction
Elevatin', add on, ain't no subtraction
Yeah, make motion, this that raw action
Time to dub all the lames and put all the facts in

[Verse 1: Tragedy Khadafi]
Yo, Ayatollah optics, government-issued missiles under the Masjed
You know Khadaf is the most lethargic, not the average homo sapien
He's too amazing in the art of rap
Due to the fact that's what they made in him
Top of the food chain, he got that grade-A in him
Salute 'em or shoot 'em, praise 'em or spray 'em
That's why a lotta n***as hate him but few got the heart to play him
Bridge signers, Bridge boys be the illest rhymers
Nothing above 'em, gotta love 'em, cowards get behind 'em
Radiant glow so you know you can never outshine 'em
Khadafi and Vinnie Paz is more G than the Masonic lodge is
Synagogues and demi-gods, shooters and riders
I close my eyes with dollar signs stay under my eyelids
Certified most live is the opposite of mine is legendary and timeless
Salute 'em and pay homage
(Pay homage, pay homage)
(Salute 'em and pay homage)
[Chorus]
It's the power, man, power of attraction
Elevatin', add on, ain't no subtraction
Yeah, make motion, this that raw action

Time to dub all the lames and put all the facts in
It's the power, man, power of attraction
Elevatin', add on, ain't no subtraction
Yeah, make motion, this that raw action
Time to dub all the lames and put all the facts in

[Verse 2: Vinnie Paz]
I ain't sweatin' y'all, homie, y'all ain't nothing to sweat
It only take one shot, pa, Russian Roulette
If you feelin' froggy, muhfucka double the bet
This a M-27 and the muzzle is wet
Here's a couple racks for you, I could cover your debt
And I play with fire, homie, it's no struggle to sweat
I got angels looking over me, it's bundles of wet
I got two yappas on me and they sung a duet
How this bummy motherfucker think he started a war?
That's just funny, money, I ain't never saw it before
It's wolves here, ahki, you should never leave your food around
Vinnie a gorilla and the jungle is my proven ground
Real G's keep they money in a rubber band
Mask off, coming through the window like I'm Bruh-Man
It's a gun brawl, homey, it's a blicky invitation
And you don't want smoke, that's a sticky situation
[Chorus]
It's the power, man, power of attraction
Elevatin', add on, ain't no subtraction
Yeah, make motion, this that raw action
Time to dub all the lames and put all the facts in
It's the power, man, power of attraction

Jummah Rituals by Vinnie Paz

[Intro]
"Woe unto them that speak to do evil. Woe unto them that call evil good, and good evil. Woe unto them that are wise in their own eyes"

[Verse 1: Vinnie Paz]
Degrees ain’t for everybody, messages encrypted
It's full metal jacket, it just dead’ed his existence
It's opps everywhere, I’m just trying to keep a distance
Inshallah, I won't be met with any resistance
We are waiting on janazah akh, its coming this millennia
This weaponry is heavenly, its coming outta Chechnya
Declare war on the kafir
It's universal movement and I saw it at the Ka'bah
Sunnah of the prophet, akhi, that’s divine rule
The scowl on my face, like a '89 Cube
Talking out the side of your face will get your fuckin' wife dragged
There’s over 600 pounds of goma in the rice bag
Golden door Ka'bah and it's covered by the Kiswah
God created all, word to mother, that’s a mitzvah
Bullet hit the chest, this is shots of Patron
It's written in black and white, pa, Stockton - Malone

[Chorus]
Peasants and the kings, movers and the shakers
Players and the haters, bitcoins or the paper
Scope with the laser, minor or the majors
We the most gracious, we the innovators
Peasants and the kings, movers and the shakers
Players and the haters, bitcoins or the paper
Scope with the laser, minor or the majors
We the most gracious, basically, the innovators
[Verse 2: Tragedy Khadafi]
Yeah, yo, yo, hey, yo Illmatic, I been roped
Found makhi, I been dope
High dose of bubblegum kush mixed with indo
Stock kikko, 'fore I spit your whole shit, though
I'm a sniper, spit harder than any lifer

I'm a Maybach RV, you just a Chrysler, huh
Mob cigar shit, need 16 bars to leave that deposit
Tragic, spit acid, your flesh get dissolved with uniform garments
Murderers and the harlots, clip asserter, squeezing harder all on my targets
Ground fire like Godzilla in satans varmints
I'ma killer, but blow slugs and I'ma dodge it
C'est la vie, in and out of these I'm getting carsick
Basically under both of my armpits, I'm armed with
Something that a jewish rabii would say is islamic
I spit juraissic cadavars colossally rollick right in the blood
So, y'all feeling my shit scarlet, mad my grammar
Spit hotter than any lava is
Diabolical don boss they get involved with
Part of me give regards for more room to breathe hardly
Yeah, God blessed me with everything I need, so move graciously
More roar than any 1/8th a key, that's why you hatin' me
Insecure, basically
Queens, home of double-L, flyer on acapell

[Chorus]
Peasants and the kings, movers and the shakers
Players and the haters, bitcoins or the paper
Scope with the laser, minor or the majors
We the most gracious, we the innovators
Peasants and the kings, movers and the shakers
Players and the haters, bitcoin or the paper
Scope with the laser, minor or the majors
We the most gracious, basically, the innovators

Fibre Optic Weapons by Vinnie Paz

[Intro: Cinema Dialogue Snippet]
Is this true? You refuse to worship my statue?
O' King! We do not need to defend ourselves before you in this matter
Oh, really? Then you shall be thrown into the furnace and no god will save you from my hand
If we are thrown into the blazing furnace, our God will defend us from it, and if he does not, we want you to know, O' King, that we will not serve your God, or worship your statue
Enough! You dare to defy me? Let the furnace be heated sevenfold! Bind them and cast them into the fire

[Verse 1: Tragedy Khadafi]
Yo, yo, yo, I ain't gotta get on my knees, Mahdi is too gracious
Tracking devices in the bag, I ain't gotta chase it
Anti-everything, except green, I'm a racist
Levels to the game and all type of wild stages
Scarred up inside the booth, you embrace my rages
Connected with Vinnie and pass me a bag of lasers
Innovative, fire lines like all my food is cajun
Headshots take 'em out, so we do more than graze 'em
Lines like it came from the mind of Wes Craven
Product of struggle and pain, basically what it gave 'em
Something you could only find inside the deepest pavement
Like God or Satan, made the most foulest arrangement
Still banging and still reporting, look how he lay 'em
Forever right for the course, the boss, look how he lay 'em

[Chorus]
I got somethin' for the B-boys, kid, it's hardcore, it's hardcore
I got somethin' for the B-boys, kid, it's hardcore, it's hardcore
I got somethin' for the B-boys, kid, it's hardcore, it's hardcore
I got somethin' for the B-boys, kid, it's hardcore, for the B-boys, kid
[Verse 2: ILL BILL]
We seen the presidents in black robes and pointy hoods
Up to no good, worshipin' burnin' owls in the woods
Worshipin' burning towers as they stood to collapse
In front of the world and the cloud of burning bodies to soot
Age of vengeance, this is essence of death
Exorcist, smite the devil in majestic bliss
Global conquest, effortless

I gave him 10 bitcoins for 11 bricks, I'm forever slick
My mind spray, shootout with the CIA, jump through Stargate
Ubers like Luger in a William Cooper stupid supercoven
Shoot-your-mother cult
Leader-of-four-hundred cult
Bloody killers that are hungry, dysfunction, destruction
Grab Uzi, aim, shoot, insta-Beirut, attract a grapefruit
She wanna rock a chain to stay true
But they shot the windows out where your kids live
Eat shit and die, your new name is "shit list"

[Verse 3: Vinnie Paz]
A goof do goofy shit, and homie you a sucka
The yappa had him sleepin' in his whip like he a trucker
Adherence to the Sunnah and his word is word to mother
Police could talk to you and get a name, 'cause you a sucka
If you wanna get some [?], get a pound from the plug
I was nothin', homie, then I got it out of the mud
Listen, the Sig Sauer make his family tremor
Dressed in all black like somebody lost a family member
He look for God but he gonna find the devil
But God find his vessel, water find its level
It's goons here, they was plotting robberies out
And the semi big, it'll take your arteries out
Homie was OG and did a bit in Walla Walla
It's never mask off, it's only a balaclava
I got 13's, they will pick up the deuce
It's a G-36 and it's big as a moose
[Chorus]
I got somethin' for the B-boys, kid, it's hardcore, it's hardcore
I got somethin' for the B-boys, kid, it's hardcore, it's hardcore
I got somethin' for the B-boys, kid, it's hardcore, it's hardcore
I got somethin' for the B-boys, kid, it's hardcore

Yo, yo
Situation hella lit, yeah, that's how we on it
For my G's and MC's under the earth, dormant
For those restin', we still reppin', holdin' the strongest
Yo, life is too precious for you to ever let go
One day we all gon' meet, but not just yet, though
Life is too precious for you to ever let go
One day we all gon' meet, but not just yet, though
But, not just yet, though

[Verse 1: Tragedy Khadafi]
Khadaf is around for now, I'm a highly advanced life-form
Unexplainable brain pattern, immortal icon
Fuck it, really, my mind's gone, hard to define what I'm on
[?], militia, guerrilla, ready to rival
Predatorial rap aura, what I spit is the Torah
Apocalyptic, twisted, supreme prime aura
Salute a boss maneuver, embrace various suitors
Holdin' llamas and dark personas
Squeezin' on Rugers
Revolution minds inside of a lost [?]
Felonious capers, currency with demonic faces
Monetarily chasin' paper until we gracious
Manufactured in America, that's where they made us
Black zombies, mentally dead, still a God be
Remaining calmly in hell's fire, movin' Islamly
Sole controller in my own soul, that's where you found me
Salute my OG's and visionaries that try to align me
[Chorus: Tragedy Khadefi]
Hit 'em
Yo, yo
Situation hella lit, yeah, that's how we on it
For my G's and MC's under the earth, dormant
For those restin', we still reppin', holdin' the strongest
Yo, life is too precious for you to ever let go

One day we all gon' meet, but not just yet, though
Life is too precious for you to ever let go
One day we all gon' meet, but not just yet, though
But, not just yet, though

[Verse 2: Vinnie Paz]
Huh, yeah, these is dum-dums
They the type of bullets that expanded on you
Guns is in the narco position like they was planted on me
I'ont ask for nothing, I take it, I just demand it, homie
And, I didn't buy this golden goose, [?] it landed on me
You lose a homie and a part of you die
And there's coke in this DeLorean, it's Marty McFly
Who the plug? You the plug if you got the supply
You my son, be a humble son, father is I
This akh think he got the drop on me
He didn't know I got the mop on me
The G27, that's a chrome Glock
Anybody spit my name, that'll get your dome popped
He ain't seein' me if I see the bull first
This young bull dyin', that's a premature birth
I will eat from motherfuckers 'til their soul is erased
I don't discriminate, motherfucker, nobody's safe
Toma
[Chorus: Tragedy Khadefi]
Hit 'em
Yo, yo
Situation hella lit, yeah, that's how we on it
For my G's and MC's under the earth, dormant
For those restin', we still reppin', holdin' the strongest
Yo, life is too precious for you to ever let go
One day we all gon' meet, but not just yet, though
Life is too precious for you to ever let go
One day we all gon' meet, but not just yet, though
But, not just yet, though

The Most Gracious

[Verse 1: Tragedy Khadafi]
The God bars, opposite of Aleister Crowley
Black Saudis with a nuclear warhead inside an Audi

Generic, demonic, weak women, they don't arouse me
Exhale in the best bars, hard as a match, y'all
Arab Nazi [?] Kuwait death squad
Verbally insane, invadin’ your mind frame
I sauté wack rappers, tryna merge in my lane
Homicidal quotes on a ride but with a higher dose

Thought Machine

[Intro:]
Cry out when the pain is greatest
No Hittite warrior cries out in pain
There?
Yes
It's as I fear Lord commander, your skull must be opened and the evil removed with a knife
Is this an Egyptian plot?
To murder our commander at a time where...
At a time when you're planning war on Egypt?
It was you that brought me here from Babylon my lords, I take no interest in your plans, I have no country.
Egypt least of all

[Tragedy Khadafi Verse 1:]
Messiah mind, flyer wise [?] reading higher signs
Lobotomise, we rack guys my style minimise
Sublime with a killer strut, modern day King Tut
For all those chasing the bag and choose to live it up
What, hah, give it up In the streets feeding us
In this world you either make motion or your life is stuck
Born inside the crack era, y'all not as deep as us
Youngins that embrace guns and darkness when the evil touch
Yeah, form a deeper lust
No one you can seem to trust
Cold hearts, playing their part slugs through evil stuff
Yeah but I ain't got all the answers
It's a salute when you were dancing
Life is a high-stake gamble that I learned to take a chance with
[?] features on my pivot, emperor stances
Khadaf rhyme is highly impeccable advanced with
Dodgin' government drones, hiding my face from cameras
Salute the fans and supporters who learn to always stand us
[Tragedy Khadafi: Chorus:]
Nocturnal scope on the mic, flamin' we start heat
Harder artistry in the booth so pardon me

Upper echelon making it hard for y'all to sleep
Eat it like God [?] be
Harder artistry for the streets
Nocturnal scope on the mic, flamin' we start heat
Harder artistry in the booth so pardon me
Upper echelon making it hard for y'all to sleep
Eat it like God [?] be
Harder artistry for the streets

[Verse 2: Vinnie Paz]
How this dumb motherfucker try say that he God
He light work for me just another day on the job
And them eight-trey gangstas gonna say he a slob
And these guns symbolise God, day that he die
It's lights out pussy whenever the savage bang
Six hours spin his fucking body like a baggage claim
It's all big pistols on me, nothing on me light
And the silencer is looking like a muffler on a bike
If we ride then the only one that's living is I
And it's bodies everywhere like I live in a chai
I'm really living life homie you just living to die
And my hitters have you whimperin' and visitin' Jah
In other words we just looking to kill
I extended the invitation so I'm footing the bill
His heart beatin' fast comin' out of his chest
And it's more than bars pa cos it's how you finesse
Battiman
[Tragedy Khadafi: Chorus:]
Nocturnal scope on the mic, flamin' we start heat
Harder artistry in the booth so pardon me
Upper echelon making it hard for y'all to sleep
Eat it like God [?] be

Nocturnal scope on the mic, flamin' we start heat
Harder artistry in the booth so pardon me
Upper echelon making it hard for y'all to sleep
Eat it like God [?] be

Persian Legacy by Vinnie Paz

[Intro]
"Usually it starts by, you know, crossing out mostly you know
One neighborhood will put their writing on the wall, and then, you know
We come in right next to it, or cross em out, and they will cross us back out
And then it gets into, umm you know
Maybe a fist fight, then maybe guys gets knifed behind it. And then shooting
And then someone dies, and they might wanna get back at us, if they do get back at us
We go down and might kill two of them, then they will come back and maybe get one of us
And we will go back and get two or three more
It just goes on and on, it don’t stop"

[Verse 1: Vinnie Paz]
This is slang warfare akhi, I don’t got the time for that
This Charter Arms 5 shots spin 'em like a laundromat
Tony Rome wop shit, rocking the fedora hat
Its bloody money, bloody bodies, homie this is horror rap
The block full of Gestapo, its hotter than Honolulu
We military minded, and we ridin' like Shaka Zulu
Its African tradition, so you have to honor Jushu
And black Tibetan magic, just another kind of voodoo
Camouflage regime, we maneuver through militias
A man do the heavy lifting, bitches do the dishes
How is you a shooter, when you shoot ’em and it misses?
This Mossberg burn ’em and it doing it to bridges
The gun connoisseur, the philosopher of iron shit
Never sleepin', watching everything like it’s a firestick
Your talking real crazy for someone with no blicky
And I ain’t even know that the shooter was old fifty
[Chorus: Vinnie Paz, Tragedy Khadafi]
I tip-toe everywhere that I go
Lay a motherfucker out I swear on my soul
Fuck around and run your mouth and catch a hot one
Infra-red beams, gas mask and a shotgun
I tip-toe everywhere that I go
Lay a motherfucker swear on my soul
Fuck around and run your mouth and catch a hot one
Infra-red beams, gas mask and a shotgun

[Verse 2: Tragedy Khadafi]
Yeah, offspring of the Juice Crew, that's part of my essence
Makhi was legend before I even rapped on a record
Apocalyptic apostle, see, I was born to rep it
I craft mathematical lessons inside a message
Sublime prime masterminds inside wide Benzes
Circling their blocks, a killers in the crack vengeance
Saw all my warriors still breathing, the saga's endless
Imagine they'll breathe, they'll birth me and piss on my passion
Manufactured and fire ghetto messiah blacksmith
So nice would it been a curse just to live my life with
Salems Lot to hells fire, the streets source to righteous
Evaded federal cases, Supreme Court indictments
For those locked in The Beacon, and trapped on Rikers Island
Hold your crown in that cell, and seek for more enlightenment
Let my lines be the strength and power you need to fight with
All relies on your energy, go hard and ignite
[Chorus: Vinnie Paz, Tragedy Khadafi]
I tip-toe everywhere that I go
Lay a motherfucker out I swear on my soul
Fuck around and run your mouth and catch a hot one
Infra-red beams, gas mask and a shotgun
I tip-toe everywhere that I go
Lay a motherfucker swear on my soul
Fuck around and run your mouth and catch a hot one
Infra-red beams, gas mask and a shotgun

Crime Wave Tehran by Vinnie Paz

Vinnie Paz

Crime Wave Tehran

[Intro:]
Warning signs of satanic behavior may be apparent. Such as;
A sudden bitterly antagonistic attitude towards family and religion
A drastic decline in academic performance
A reclusive behavior pattern and listening exclusively to heavy metal rock music almost to the point of addiction
When one or more of these warning signs are evident, you should look further for ritual items such as a pentagram or other satanic symbols, black or red rose, a decorative dagger or knife, a chalice or goblet, black candles, a personal diary with a black cover which is called a book of shadows, and copies of publications, such as The satanic bible and the satanic rituals, and possibly, a small makeshift altar
If you discover items such as these, experts advise that you contact your local law enforcement agency at once

[Verse 1: Vinnie Paz]
This is Boxcutter business, this is blade in the hand
I’m pulling rank on you muhfuckas–chain of command
This Moroccan feds akhi, this is granules of sand
This is made of pure linen, this is ancient Iran
Notre Dame sign, Quasimodo and shit
The magazine empty out, I’m reloadin' the shit
It was no fair, I was tryna live in the now
Mama scared, I ain’t goin' to her crib through a while
This the master builder, this the Yamisaki
Have a bunch of hitters clap you from the Kawasaki
Epuki givin' footage to D's
That’s what happen when you can’t see the wood for the trees
A couple rounds popped into his visage
How can an unpolished mirror reflect an image?
It’s always motion, action and devotion
And you ain’t thinkin' homie, you reactin' off emotion
[Hook: Chinaski Black]
Put your vest on
Little homie put your vest on
Put your vest on

I'ma shooter motherfucker, put your vest on
Put your vest on
I got bullets for you partner, put your vest on
Yo, put your vest on

[Verse 2: Vinnie Paz]
The maiden bathin' in a clear pool of fresh water
This the hierophant’s chalice, this the next slaughter
Perpendicular of the pyramid dress altar
I was taught the brazen bull is the best torture
If it ain’t one thing, it’s another
And I don’t wait for motion, I’m a different muhfucka
Fools die, Mario Puzo
They slumped him like Angelo Bruno
He saw the Iron Ages like a Canaanite
It’s bags of trees here, vegetation heist
You say my name, I’m fucking you up
Y’all are clout-chasin' homie and enough is enough
Gun brawls, hand-to-hand, homie it's whatever
It's talking and it's action, and nobody live forever
So get yourself a blicky and chill
Or the ox is coming out, buck 50 is grill
Toma!
[Hook: Chinaski Black]
Put your vest on
Little homie put your vest on
Put your vest on
I'ma shooter, motherfucker, put your vest on
Put your vest on
I got bullets for you partner, put your vest on
Yo, put your vest on

Scorched Earth by Vinnie Paz

[Verse 1: Vinnie Paz]
Flashbang, that’s a photo op
My shooters take you out the fucking picture like a Photoshop
A thousand knives coming at you, that’s a Sakamoto shot
The 93-R machine pistol that’ll Robocop
Three round burst mode, blow your fucking fingers off
Lights out, black ski mask, and the ringer off
Action and reaction, akhi, I don’t even think at all
The cuete out of Italy, the ‘caine is out of Singapore
Yall know I’m never running out of ammo
The yoppa keep spitting like somebody chew tobacco
Screwface, ox under the tongue, I’m a wacko
Sentence you to death, blood feud, and I’m Draco
That’s the sound of the machete chop
Beat a motherfucker til his eye end up like Fetty Wap
I had motherfuckers going south for the birds
Y'all ain’t doing nothing, actions speak louder than words

[Interlude: Estee Nack]
And my word stay bond son. You know what I'm sayin'? Bond is life and I give my life before my words, y'all feel that? Yo, so listen

[Verse 2: Estee Nack]
I smoke flavors of shorty listening to La India
Works for Rodriguez, stand to settle within
Handle beamers, fully automatic Beretta Ninas
Arenas, the work is genius, only respect the seniors
Señore, smoke oil, sniff it into Pyrex
Double the grind ax, dump the beamer, slip into Fylex
Strip you suplex, my n***a you guessed it, who protest it
True to the Est, it's beautiful, precious
Get it moving in Venice to Budapest, I'm moving and flexing
The music masses from the prisons to the pazzes
Endless, infinite mental, magnetics, molecular measurements
True living god in the flesh, no beginning, no ending
The Ford is a death deficit
Yo, it ain't even a question of whether I'm still in the streets

Definite

[Verse 3: Jay Royale]

I got heathens to make the beef broil

Your arms too weak for the recoil

Throw you to the wolves and they feast on you

I can sick the streets on you, it's only beats you can feed me with

Shit get thick, approach your whip with a stick like a Squeegee

When you cross paths with trigger bullets, it's rigor mortis

The brick's enormous, from long range can flip a walrus

Burn shit up like incinerators pushing pen and paper

Fuck around and split your chin with a razor

It's critical slander, I'm sick with spitting the grammar

I can regenerate a limb like (?)

Let's switch the agenda, cold and blistering winds in the winter

Release the fire and pen at your brain with the Kimber

It's target practice for you novice rappers

Guaranteed to leave 'em slumped when I dump the automatic

Amityville with the mic handling skills

Can chew through turnbuckles like George Animal Steele

I Am the Chaos by Vinnie Paz

[Intro]
Who the fuck is you?
Yeah, Pistolero Pazienza
Know what I mean
Who the fuck is you?
Yeah, I'm headhunting
We walk this dog, let 'em breathe
Who the fuck is you?

[Verse 1: Vinnie Paz]
I set this motherfucker off like I'm a Bolshevik
I hold the toaster grip, reduce the choir to a soloist
Unload the clip and leave a hole in shit the size of a boulder is
Patrol the vulture pit, I'm leaving Marx in 'em like socialists
It is the moment that you realize you're just not a vocalist
The coldest [ocean grip] is as close to it as [cold] Milošević
A male chauvinist, you can cross it off of your grocery list
You're holding swollen ribs, I'm beholding the olden coke
And the dope is odorless, getting hold of it kinda onerous
We all felonious, I got dogs, and homie they Dobermans
We noblemen, it's oxygen, hemoglobin in arteries
So close your lips, Akhi, the shotty will leave you frozen stiff
I blow the fifth, homie, the hole the size of a poker chip
The yopper ownership, just another level of showmanship
I have the show up in me, you jokers getting the bulk of it
And hit his lower limbs, now it's closure homie, it's over with
[Chorus: Vinnie Paz]
Fuck out the way, pa, I'm coming through
I'm Vinnie P, doggy, who the fuck is you?
Pussy, who the fuck is you?
Come on, who the fuck is you?
Who the fuck is you?
Who the fuck is you?
Fuck out my way, papa, I'm coming through
I'm Vinnie P, doggy, who the fuck is you?
Pussy, who the fuck is you?
Come on, who the fuck is you?

Who the fuck is you?
Come on, who the fuck is you?

[Verse 2: Vinnie Paz]
I'm Pistolero Pazzy, so every chopper reliable
The brujeria banger, the murders is justifiable
It's headshots, homie, the body identifiable
The body parts intact but the face is unrecognizable
The weaponry is sizable, all of it modifiable
The doctor told my mother her child is certifiable
This Gucci lamb leather is terra, homie it's dye-able
Serial number off, money, they ain't classifiable
It's way too cold and the temperature ain't survivable
These hollow points, homie, the horror is indescribable
They think that I'm maniacal, mercenaries is glamorous
The Desert Eagle ain't even deadly, homie, it's cancerous
The rhyme annihilation, obliteration calamitous
I took a vote to see if you pussy, it was unanimous
A motherfucking son of an emperor, I'm Britannicus
The temple of a riot, the mind of a psychoanalyst
[Chorus: Vinnie Paz]
Fuck out the way, pa, I'm coming through
I'm Vinnie P, doggy, who the fuck is you?
Pussy, who the fuck is you?
Come on, who the fuck is you?
Who the fuck is you?
Who the fuck is you?
Fuck out my way papa, I'm coming through
I'm Vinnie P doggy, who the fuck is you?
Pussy, who the fuck is you?
Come on, who the fuck is you?
Who the fuck is you?
Come on, who the fuck is you?

[Outro]
Who the fuck is you?
Who the fuck is you?
Who the fuck is you?
Who the fuck is you?

Mabuhay Gardens

[Intro: Vinnie Paz]
Yeah, yeah
Yeah, one-two

[Verse 1: Vinnie Paz]
This Kalashnikov, dead air, Wolverine silencer
Leave your body full of blood clots like an islander
The Springfield armory is long like a kilometer
The Koenigsegg Agera had the craziest odometer
This young boy spillin' blood here on the hood block
Papi like to cook rock, Joni missed Woodstock
He headed uptown and he lookin' for Mantequilla
This muhfucka's talkin', it sound like a Santeria
I got a plug, but he kinda weird
I be with my ahkis and they all have Lou Albano beards
Everything marble, and Joselyn Grand Chandeliers
This is ammunition and it's Pancho Villa Bandoliers
We gon' put the squeeze on the work, it's a known leverage
This Four-Five gon' hit the spot like a cold beverage
The strap ravaging, it look like roux
Gimme room muhfucka, lemme cook my food, toma!

[Hook: Block McCloud]
Man the only thing I know for sure is that we're gonna die
You know that nothing's guaranteed
Except that we will rest in peace
So until that day I go to war and sing your lullaby
And I will rock your head to sleep, 'til I fulfill my destiny
[Verse 2: Vinnie Paz]
Yeah, this the season of smoke
And the uniform density the reason it float
Y'all awoken a sleeping giant, now the demon invoked
Allah's the most merciful, the beacon of hope
This a land strike weapon, I will launch harpoons

While y'all dummies eatin' cereal and watch cartoons
I will go upside your head like Vidal Sassoon
I will blow the infrared, I will call my goons
He a bitch, bein' bitch is the reason that he snitch
Blow a muhfucka wig, Season of the Witch
So high, look like we Korean from the piff
The hole I'm diggin' for you much deeper than a ditch
This G-22 and it burn like it shit liquor
Now ay'body dead and his family sit shiver
You pump fakin' akhi, listen, I ain't feelin' none of that
And death real homie, you can never get your brother back

[Hook: Block McCloud]
Man the only thing I know for sure is that we're gonna die
You know that nothing's guaranteed
Except that we will rest in peace
So until that day I go to war and sing your lullaby
And I will rock your head to sleep, 'til I fulfill my destiny

The Conjuring by Vinnie Paz

[Intro: Vinnie Paz]
Yeah – Yeah
Alright, yeah

[Verse 1: Vinnie Paz]
The prime directive is the connection to the Andromedans
I’m washed in the blood of the lamb and all of its vitamins
The sheep stray, that was the fate of David and Solomon
The alpha-draconian sacred ages of Ottoman
The King Cobra .357 will disembody ‘em
Constantinople, Monasticism, Masasi men
Allah is All Powerful, Alhamdulillah sovereign
Copper based blood from a binary solo monument
Geneticists and other biologists start an argument
Breakthrough in spiritual consciousness wasn’t opulent
Life was only real if the common creator authored it
The war in Heaven all of the seven honored the armament
Parasitic astral deities inform the occupants
Them headshots is comin' for the top like it’s a condiment
The law of one, Ra, channeling, challenging continents
Physical death, mystical breath, it’s found in the documents

[Chorus: Vinnie Paz]
It’s the earth, it’s the moon, it’s the stars
It’s the word, it’s the drums, it’s the bars
It’s the war, it’s the blood, it’s the scars
I’m the conjurer, I’m the conjurer
It’s the earth, it’s the moon, it’s the stars
It’s the word, it’s the drums, it’s the bars
It’s the war, it’s the blood, it’s the scars
I’m the conjurer, I’m the conjurer
[Verse 2: Vinnie Paz]
Divide and conquer, grand strategy of the Reptilians
Witches and Warlocks congregate in the pavilion
Fundamental and coded bases for the civilians
I took the shotty and dug the bodies, it’s in the millions
UFO’s in the aboriginal Brazilians

Locust plague genetic sequence of Insectilians
The satanic rituals, circus is Picadilian
The voice of Revelation, atomic lighters from Lilian
You don’t want a war, you’ll be warrin' with the Sicilians
Kiss the ring, Vinnie the King like he Arthur Williams
The man from Planet Risk, he saw an ominous orb there
The double-cross system, the psychological warfare
Malevolent extraterrestrials is in my crosshair
Forty-six chromosomes, two forever gone there
Came from Mesopotamia, chemicals were restored there
The Rothschilds of London, the Babylonian blood there

[Chorus: Vinnie Paz]
It’s the earth, it’s the moon, it’s the stars
It’s the word, it’s the drums, it’s the bars
It’s the war, it’s the blood, it’s the scars
I’m the conjurer, I’m the conjurer
It’s the earth, it’s the moon, it’s the stars
It’s the word, it’s the drums, it’s the bars
It’s the war, it’s the blood, it’s the scars
I’m the conjurer, I’m the conjurer

The Black Hand by Vinnie Paz

[Intro]
(Sample)

[Chorus: Vinnie Paz]
Me not gwan lie
Every pussy man gwan die
Every batiman gwan die
Every batiman gwan die

[Verse 1: Vinnie Paz]
I ain't chasin' nothin' homie so just gimme the bag
Bullets travel at the speed of Thor get hit with the mag
You can fuck around, lay around, you can get dragged
I will bomb on motherfuckers like I'm hittin' the tag
This a death wish homie, y'all are liable to die
This is Hammurabi Code, this a eye for an eye
I can see inside where his ideology lie
You supposed to supply workers if you got the supply
Divine retribution, pa, fire and brimstone
It's a trench knife dagger and it made from a shinbone
Tubular bells ring tone
The Mossberg flex make a change to your skin tone
There's nothin' changin' everything is carved into stone
I will cook 'em till the meat falls off of the bone
What's your life like, akhi? You just sat in the fray
And I'm stayin' in the hood like an African braid
Batiman
[Chorus: Vinnie Paz]
Me not gwan lie
Every pussy man gwan die
Every batiman gwan die
Every batiman gwan die

[Verse 2: Demoz]
Hey yo, hey yo
Last call house send them shots at you like bartenders
Blow your brain out of the window over the car fender
I'm used to hearin' shit like "trust me, n***a we got you"

Same pussy you trust, same pussy that shot you
Fake hand shakes, phoney hugs and all the smirkin'
Never trust a n***a around you that's never workin'
Down to his last couple dollars, he gettin' nervous
Rob you then get killed for it, it wasn't worth it
Bitches sleep with you then sleep with your best friend
I don't follow none of you dudes I set trends
I ain't tryin' to tell you shit I'm tryin' to show you
Keep your eyes close on the motherfuckers that owe you
You will catch a bullet the same minute you jack me
I don't play the shotgun n***a I want the back seat
I'm from a place where they'll rob you if you got bread
And clean-cut n***as be grimier than a mob-head
Moz
[Chorus: Vinnie Paz]
Me not gwan lie
Every pussy man gwan die
Every batiman gwan die
Every batiman gwan die

Mock Up on Mu by Vinnie Paz

[Intro: Sample]
Spare us the shame of being killed by a boy!
Kings must be killed by kings!
Hahahahaa! A fine king you'd make!
A king who can't even kill his enemy!
And has to ask others to do it for him!
Even on a battlefield! Hahahahhahaaa! Hahaha!
(Crowds cheer)

[Chorus: Method Man Sample]
No n-no competition to the shit we got here
The real shit, terror to ya ear, kill the fear
Got the Glock, got the Glock, got got the Glock
To ya headpiece, what!
No n-no noo- competition to the shit we got here
The real shit, terror to ya ear, kill the fear
Kill the fear, kill the fear
Got the Glock to ya headpiece, what, what, what
What

[Verse 1: Vinnie Paz]
I got the blick of the wild gunman
Sit the fuck down, it was never about nothin'
Jack Paar's espionage of a loud dungeon
Little (Nub Millah) was talkin' about pumpin'
Being a sinner became painful
It's clear revelations that came as a strange angel
My brother is my brother we came from the same cradle
These ain't mink, (bahna) these made from a gray sable
I ain't the motherfucker you should box with
We can take it to the guns, homie this a chopstick
Put the muhfcucka in your mouth like it's a swab stick
Bring the box-cutter in the muhfuckin' cockpit
Play (Entiro Roja) till the day break
I can never be a dollar short or a day late
The SIG Sauer P320 is my namesake
The bullet has so much kinetic energy the wave break

[Chorus: Method Man Sample] (x2)
No competition to the shit we got here
The real shit, terror to ya ear, kill the fear
Got the Glock, got the Glock to ya headpiece, what

[Verse 2: Vinnie Paz]
This the reckoning here
This is napalm, that's the smell of death in the air
You want bomboclaat war then the weapons appear
I'm the CD don, squeaky frog and mescaline heir
The Sunnah of the Prophet, that's the actual fact
You think talkin' to one-time is a natural act
You see talkin' to one-time that's a vaginal act
I went to Pet Sematary now the animal back
We burnin' sage, we the Northern Arapaho
My heart black homie and it's colder than gazpacho
It's a hail of bullets comin' better get yourself a poncho
Bandana low on my eyes like I'm a chicano
I don't look at homie as a rival, he a custy
He stink like patchouli his entirety is dusty
Put a fatwah on his head like he Rushdie
Me and you is like puttin' a shark against a guppy

[Chorus: Method Man Sample] (x2)
No competition to the shit we got here
The real shit, terror to ya ear, kill the fear
Got the Glock to ya headpiece, what

Ankle Bracelets by Vinnie Paz

Vinnie Paz

Ankle Bracelets

[Intro: Vinnie Paz]
Yeah
It's ankle bracelets, nahmean?
They got bracelets on my ankles, pa
Nahmean?
Yeah, look

[Verse 1]
See, I'm not committed, mommy, that's the way that it is
I be in my own space and I stay in my biz
It ain't nothing new, mama, I been sayin' for years
All y'all do is stay stressin' me and greyin' my hairs
It's not about fears and it's not responsibility
It's not about my father and it's not compatibility
Y'all are God's curse ma, Eve ate the apple
And y'all ain't gon' convince me that monogamy is natural
I ain't tryna talk to somebody who irrational
And who the fuck is you to try to take me from my castle?
It ain't about maturity, it ain't no little boy shit
Just save the psychoanalyzing me and all the Freud shit
And I don't think it's bugged out to wanna be alone
And I be all up in the crib and wanna be at home
And not have somebody bein' all up in my phone
And I ain't lying to you, I'm just lettin' it be known

[Chorus: Vinnie Paz and Queen Herawin]
That you ain't really ready, ready
Ready ain't the way to put it
Ain't trying to go steady, steady
Shit, I'd rather eat a bullet
Still want the head steady, steady
You goddamn right. I do
You swear I'm being petty, petty?
I ain't tryna spend my life with you

How long we gonna do this stuff?
As long as I fuckin' wanna
You think I'm stressin' you for dough
I don't really want the drama
Just want to make us a home
You actin' like my enemy
But fuck it then just be alone
Maybe that's the way it's meant to be
[Verse 2]
See, I don't feel lonely, ma, I would never settle
And I ain't got the time for bein' monkey in the middle
Y'all behave like an enigma, wrapped inside a riddle
And y'all don't bring shit to the table that's beneficial
Make yourself useful and carry the fuckin' pistol
But you don't wanna do nothing that's seen as sacrificial
You think that you industrious and that's the fuckin' issue
Men are different, women all alike, that's official
Salah, Marciano, my Mama and then it's over
So find yourself a soy boy, beta and a chauffeur
I ain't gon' be tourin' while you laying on the sofa
Wifey up a thot cause you thinkin' they can mold her
I'm cut from a different cloth, papa was a G
And papa told me loyalty and honor is the key
And y'all don't have neither one of them, so skedaddle
Feel some type of way, tryna blame it on the pharaoh

[Chorus: Vinnie Paz and Queen Herawin]
That you ain't really ready, ready
Ready ain't the way to put it
Ain't trying to go steady, steady
Shit, I'd rather eat a bullet
Still want the head steady, steady
You goddamn right. I do
You swear I'm being petty, petty?
I ain't tryna spend my life with you
How long we gonna do this stuff?
As long as I fuckin' wanna
You think I'm stressin' you for dough
I don't really want the drama
Just want to make us a home

You actin' like my enemy
But fuck it then just be alone
Maybe that's the way it's meant to be
[Outro: Vinnie Paz, Queen Herawin]
HAHA! Steady wantin' the head [?]
Nahmean? Me? Word. Please, I got my own money

Vinnie Paz

The Compleat Witch

[Intro]
Ex-childs of Light, listen close, and listen clear!
You cannot stop me now, the seven points have come together! The Third Star has merged
For 18 days you have tortured me, as of now!
Don’t you realize that any other mortal man would have fallen to you by now?! And every day -- my power! -- mhhh - fills!
But your power gets darkened and darker

[Verse 1: Nowaah The Flood]
No chill in power hill with the pill press
Crackin' seals for a little zest pack still fresh
Drop the address all access
In the flesh Moroccan Hashish, them gases
Spin on badges, little bastards off acid, asterisk
The world's wocky, got the choppy off Akhi in the lobby
Leavin' my auntie at the ristorante, with a joint lookin' like Ashanti
Dipped on the cotty, paint the town like Dondi
Skipped on the bounty
A hundred miles and countin' aware of my surroundings
Since a fountain out of housing my physicals will doubt you
Enemies befriend you wicked bitches end you
So I keep my favorite utensil, put two in your Kenzo
You and your kin too, it's simple, n***as'll sin you

[Verse 2: Vinnie Paz]
It’s crazy when the Benelli fires
It’ll stick you to the street like it’s Pirelli tires
We count money, ahki you can’t sneak a penny by us
My ahkis on they deen, homie plenty pious
Adoration of The Magi by Botticelli
One day at a time, Valerie Bertinelli
Rhyme is intricate designs, Elsa Schiaparelli
These 32 bullets is longer than Vermicelli
We was dumb high singin' Guantanamera

While I watched Cordillera with mi abuela
Ten times outta ten cowards'll lose
You a vic and I had you comin’ outta your shoes
You was insecure homie, you was lonely inside
You ain’t got nobody, you ain’t got no homies to ride
This a bloodbath over here, furious wars
It’s banana clips everywhere, Curious George
Batiman!
Hijo de puta!
[Outro]
I can't take twelve more days of torture!
Because if I do, then the pit of Purple Haze will come
You talk about me being off the mainstream
I see you carry the Old Egyptian ways around your finger
Haha - Haha - Hahaa - Hah

Lyrics.lol :: Hannibal by Vinnie Paz

[Intro]
Yeah
Come on
Yeah, look
Polo Pazzy, come on

[Verse 1: Vinnie Paz]
These bullets is like mosquitoes
I put the clip in and they get to spittin' like they the Migos
Descend with Don Quixote in Cueva de Montesinos
These bullets burn, ahki, they hotter than jalapeños
He wonder what he did to his man
This fool motherfucker comin' out the tinted Sedan
I had to end it all so I could just see where it began
This a five piece Kimono like I live in Japan
Allah is the All Sufficient and for that I'm relieved
Y'all are disobeying God, pa, Adam and Eve
This a P380 comin' out of my sleeve
The merciful Lord of mercy that's a lot of reprieve
I'm a Don, you a battiman, y'all can see the differences
My name ring bells and y'all ain't got no significance
A baccarat crystal and it's over the stairs
And why's you still talkin' homie? Nobody cares, yeah

[Chorus: Vinnie Paz]
Them pop-out boys got the drop on 'em (huh!)
This infrared beam put the dots on 'em (huh!)
That's my motherfuckin' akh and I rock for 'em
Ay'body hit the fuckin' deck when them Glocks drawn
Them pop-out boys got the drop on 'em (huh!)
This infrared beam put the dots on 'em (huh!)
That's my motherfuckin' akh and I rock for 'em
Ay'body hit the fuckin' deck when them Glocks drawn
[Verse 2: Vinnie Paz]
Y'all be fuckin' 'round with one-times
Choppers laid out, that's a muhfuckin' drum line
I got goons on the muhfuckin' front line

There's warriors and silver-back gorillas in my bloodline
There's devils movin' everywhere, muhfuckers shape-shift
The gem star gonna get his battiman a face lift (Ooo oo ah ah)
His skin hangin' off, blood drippin' from the blade tip
AK's, banana clips have me goin' ape shit
Your head is over the mantle
And you don't know nothin' and knowin' is half the battle
So pull up on me if you want 'em to die
His body's that's in the ocean and the son's in the sky
You a Kafir and a Kafir is a thing I denounce
Here's a free shot for you homie, drinks on the house
It's two horses pullin' me, I'm chillin' in the barouche
It's a bullet with your name on it big as a mouse
Toma!

[Chorus: Vinnie Paz] (x2)
Them bye-bye boys got the drop on 'em (huh!)
This infrared beam put the dots on 'em (huh!)
That's my motherfuckin' ahk and I rock for 'em
Ay'body hit the fuckin' deck when them Glocks drawn

Sicilian Bull by Vinnie Paz

[Intro: Vinnie Paz]
Yeah, yeah, one-two!
Yeah, yeah, one-two! Haha!
Yeah, Papo Andy forever!
A'ight -- Yeah!

[Verse 1: Vinnie Paz]
You don't want Vinnie to pop the trunk 'cause it's under there
The snakes is venomous so be wary what's in the jungle here
It's Unga-Bunga's here, you'll be trapped inside of a bunker here
You in the gutter where you'll be pissin' inside your underwear
You suddenly become aware of all of the blood that's here
Shovels here, Coco liquor up inside the Tupperware
We makin' supper here, take your Wallys and your other pairs
It's undercovers there, and a couple of drunken Russians there
A tons of guns appear, and it's cartridges in abundance here
It's mafuckas armed to the teeth it's like we the Bundeswehr
We took a tunnel there, to the sewer it wasn't traceable
The blicky go up under your chin and blow out your nasal roof
The best hustle, the neck muscles is like a Saber tooth
The Tec touch you, the TEC cut through while we raise your roof
We standin' on the top of Olympus, what did you say to Zeus?
The body count pilin', we wildin', it's not debatable, yeah!

[Chorus: Samples]
My commission, sit at the table like the last supper, fucker
We unholy, sharp razor, full bloodied money maker
Where ever we at, we keep the blicks right there
My commission, sit at the table like the last supper, fucker
We unholy, sharp razor, full bloodied money maker
Where ever we at, we keep the blicks right there
[Verse 2: Vinnie Paz]
This a Gucci satchel, ahki, it's made from a fuckin' alligator
Frank Sheeran shooters'll murk and suck on a Now & Later
Take a pile of data, distribute it to the allocator
Runnin' foul on nature laboratories and calibrators
Sawed shotty got a nickname and it's The Evaporator

Take it back to pages and El Dorado's and activators
My collaborators is piled inside of an abdicator
He don't wanna brawl, he don't want a war, he a trap devador
Trips down south and we goin' down to Atlanta later
Needles and a bone saw, homie I'm the reanimator
Parody young powerful socca pan updater
Yoppa drain ya bodily fluids like it's an aspirator
Thoughts is all deadly, they desecratin' the scrap of paper
Agitator, shotty will spin him like he a barrel maker
Fortress roll-by's reactivated eradicator
Pistol Gang pop 'em and drop 'em in the volcanic crater
Yeah!

[Chorus: Samples]
My commission, sit at the table like the last supper, fucker
We unholy, sharp razor, full bloodied money maker
Whereever we at, we keep the blicks right there
My commission, sit at the table like the last supper, fucker
We unholy, sharp razor, full bloodied money maker
Where ever we at, we keep the blicks right there

Cero Miedo by Vinnie Paz

[Intro]
Yeah, more lower
Yeah, one-two, more lower
One-two, yeah, look, yeah

[Verse 1]
Yeah, this dummy ask if she can touch the jewelry
Get out my mitt, your man is actin' like a fuckin' stoolie
Bury me in the golden urn I'm The Last Tamuli
Y'all don't really want the fuckin' drama this is not kabuki
I squash fifty-seven y'all while playin' racquetball
Maybe y'all is playin' Dragon Ball and sniffin' Adderall
The cuete little but it splash 'em like a cannonball
Sanskrit and Mushika Dynasty it canon, all
You playin' by the basement while I play the corner
I like a massive body count and have my things in order
I rob Peter to pay Paul just to pay the pauper
I have my Jewish lawyer there so he could gauge the offer
A semi Costa Rican shooter out to plug the hellion
The mic in my face outside the court like Doug Llewelyn
You tryna go to war with somebody who Machiavellian
You tryna to go to war with someone who a black Sicilian

[Chorus: Vinnie Paz]
Shots gon' fly-y-y
Ya better get lo-o-ow
Ya wanna ask why-y-y
Ya mama cry no-o-o (Woo!)
Shots gon' fly-y-y
Ya better get lo-o-ow
Ya wanna ask why-y-y
Ya mama cry no-o-o (Woo!)
[Verse 2]
Yeah, look, yeah
Divine hands serve the blind man like Lazarillo
Shells coverin' his body like an armadillo
I got some Salvatrucha bangin' out in Amarillo

It's hard to grasp, ahki, why you tryin' to palm a minnow?
I'll have my lawyer eat the case like he was Bob Shapiro
The ox bloody, it'll cut you like a Masahiro
Goretex military—how we rock apparel
This a murder archetype that's why I shot the sparrow
We ain't the same, ahki, we a different cell type
Goofy's gon' fall for the banana in the tailpipe
Doing 2301 is how you earn your jail stripes
I can smell a rat and muhfucka you don't smell right
Them jack boys lookin' sloppy tryna retire Papi
'Cause motherfuckers here before you like Passamaquoddy
Every bar is animated like it's Myazaki
Whatever live inside the body die inside the body
Toma!

[Chorus: Vinnie Paz]
Shots gon' fly-y-y (Hahahahaha)
Ya better get lo-o-ow (Hijo de puta)
Ya wanna ask why-y-y (Yeah! Stallone, salute)
Ya mama cry no-o-o (Woo!) (Chinaski Black, salute)
Shots gon' fly-y-y
Ya better get lo-o-ow
Ya wanna ask why-y-y
Ya mama cry no-o-o (Woo!)

Spilled Milk by Vinnie Paz

[Verse 1: Vinnie Paz]
My papa was my hero, I was always by his side
And when I acted out of pocket, he would always let it slide
I can't say all the time, I took a couple L's
He went upside my head when I was putting him through hell
His first heart attack, I was 6 years old
They ain't let me near the hospital, that shit too cold
So I waited by the door hoping he would get home
And I was scared that he would die and we'd be left all alone
And I remember that when mommy brought you home, I was quiet
Showing you the things around the crib like you forgot 'em
The doctors told me you would be good if you would chill
So stop smoking stogies, pop, you know they make you ill
But you ain't want to listen, you was always being stubborn
And that's the type of shit you let slide when you love 'em
You ain't changed your diet and you stayed smoking Winston's
You can't make a strong-willed man change his vision
Sometimes you think something is when it isn't
He was gonna die and that was his decision
I could never do the same in his condition
He left three sons and a wife in that position

[Hook: Eamon]
The ones we hurt when we leave
The lies we live and believe
You got to learn to step up
And be the man that they trust
[Verse 2: Vinnie Paz]
Ten years old, they telling me that my father dead
What the fuck was going through my father head?
He ain't think his youngest need his father?
Had a million chances to change but didn't bother?
It's like he ain't love me enough to live
Or too selfish to make an adjustment for his kids
And you ain't think you dying would divide us?
And you ain't think a ten-year-old boy needed guidance?
Ain't nobody talking, just bottle it up inside us

And shit could turn ugly when there's no one there to guide us
It's all good, I still love you, I forgive you
But that ain't gon' be something my son is gonna live through
He ain't gonna lose me the way I lost you
'Cause doing that to him is just something I couldn't do
I had to change the way I was living 'cause I was you
The same hard head and the same world view
I had to do a 180 and get my shit together
When you a mess, pop, it's hard to get your shit together
But I ain't living for myself now, it's all for him
And I'm trying to be everything that you should have been

[Hook: Eamon]
The ones we hurt when we leave (Oooh)
The lies we live and believe (Oh the lies)
You got to learn to step up (You goooot to do it)
And be the man that they trust (I got to be the maaan now)
The ones we hurt when we leave (Ooh yea)
The lies we live and believe (You goooot to live it)
You got to learn to step up (Oooh you got to do)
And be the man that they trust

[Verse 1: Vinnie Paz]
Phantom of Death, killing spree, Robert Dominicci
Apollo themed pan described at the maharishi
Yeah I'mma eat you all, pa, Kazuo Nakanishi
Mafuckers high from the smoke from atop the TV
The plug had a shorty who's drapin' a Tenvalin
Nuno Bettencourt was jealous of Van Halen
I separate the English from a Dutch
It's heavy ahki, like Rollins, singer for The Ruts
We drape around launderings, ponderers, Clark Wallabees
Baby food motherfuckers cryin' like they colicy
The heron formula evolved under the Isosceles
Mafuckers gonna bring the drama, Aristophanes
There's five-fifties in the back of the Porsche
Nothin' happens without the action of force
Black Bannerz make dua at the Ka'bah
The Vanguard of Islam is the Sahaba
Yeah
[Chorus: Rigz & Vinnie Paz]
I look the Devil in the eye like a Reaper
Yeah -- I look the Devil in the eye like the Reaper
Like, chea - I look the Devil in the eye like a Reaper
Yeah, no doubt, no doubt, yeah
I look the Devil in the eye like the Reaper

[Verse 2: Rigz]
Yeah, yo, hey yo, I'm fresh out the sign that drinkin'
If you scared of Socrates
Shorty bury the dumb body
I don't care who you align with

Read my mind man a palace in Ghana don't intervene
Hit his mouth up with the teeth everybody scream (shut the fuck up)
Bein' in this hell so long it's hard to dream (it's hard y'all)
A rat that got loyalty and I'm a never seen
For my family please I hands you knees you's different
Might as well swallow this anti-freeze (might as well)
I know a smoker who was after it once
Reduced to a shit smell, crush and crack in his blunts
My aim terrific I'm angular with it
Chasin' you know, ya crib, yo I'm takin' you in it
Best part of y'all song is the part where I skip it
I rip n***as apart who only partially gifted
Yeah, stupid, me and Paz won't budge
The Devil, I stared in his eyes, he was a judge
[Chorus: Rigz & Vinnie Paz]
I look the Devil in the eye like a Reaper
Yeah, yo Rigz - I look the Devil in the eye like the Reaper
Like, chea - I look the Devil in the eye like a Reaper
Yeah, no doubt, no doubt, yeah
I look the Devil in the eye like the Reaper

[Verse 1: Vinnie Paz]
This a wild guess homie, this a shot in the dark
You like baby food, just another walk in the park
This philosophy I walk into a Mosque with Descartes
This is Jeffrey Dahmer ’89, fork in the heart
This Magnum ain’t eat in a while, see the Cal hungry
It’s why I got my hand in my drawers like I’m Al Bundy
A lotta y’all know that you stolen ya style from me
You can’t duplicate what I did and you wild bummy
What you know about your man being down?
Doing eighteen bullets you ain’t have him around
We clappin’ this like you wearin’ a cap and a gown
The hatches is wide open better battin’ ‘em down
You try to go to war with the man
You muhfuckas ‘bout to ride in the coroner van
This a mind eraser, you can take a shot of this booze
I’m a king, you a pawn, y'all must got me confused, stupid

[Chorus: Block McCloud]
Oh no, please don't confuse me (Oh no)
Pistol packin' thought you knew me, oh wee
I got them drugs, I got them guns, I'm not the one
Oh no, please don't confuse me (Oh no)
Pistol packin' thought you knew me, oh wee
I got them drugs, I got them guns, I'm not the one
[Verse 2: Vinnie Paz]
Yeah, all these weapons like my road dog

Always got the .40 on me, ahki, I'm like O-Dog
Anything you think is yours, money, I will bogart
When you hear the seven trumpets blowin' that's a prologue
I ain't have a dime life was shitty and cruel
So I learned that when you hungry you ain't picky with food
Now I'm smokin' outta suttin' like a didgeridoo
This a Glock .27 and it's Tiffany Blue
And it's nothing anyone of y'all could do to compete
Heavenly Father I thank you for the food that we eat
I get money ahki, I be in the payday trance
This dummy duckin' shots look like it's the Nae-Nae dance
At the Time Warner Penthouse, meet me in the Mezzanine
Styrofoam cups, orange soda and promethazine
The type to bring the gas to the fire, this is kerosene
Vinnie nice destroy your fucking life like methamphetamine

[Chorus: Block McCloud]
Oh no, please don't confuse me (Oh no)
Pistol packin' thought you knew me, oh wee
I got them drugs, I got them guns, I'm not the one
Oh no, please don't confuse me (Oh no)
Pistol packin' thought you knew me, oh wee
I got them drugs, I got them guns, I'm not the one

[Verse 1: Vinnie Paz]
I told you, you should learn from mistakes
I will violate a motherfucker, personal space
This a CarboTech, come with a submersible case
At the sound of the demon bell, merciful fate
All we do is rock low symbols, turbans and weight
I watch Musa be a father, give a sermon to Leif
This a cloak and dagger operation, turn to the safe
Have his physical return to an invertible place
First and foremost is my ahki
Playin' with ya life, rollin' dice like Monopoly
Brothers overseas givin' Dawah talkin' cocky
Don’t ask me 'bout nobody my relationships is Rocky
I scribe thoughts pa, I'm like Miguel de Unamuno
Catch ya homie walk away like Claus Von Bulow
It's an undefeated record, ahki, look at the stats
You was broke down ass betting look at the facts, stupid
[Chorus: Vinnie Paz & Demoz]
Trigger pon cocked, that’s a headshot

[Verse 2: Vast Aire]
When Paz is done with your body
He sends ‘em to Vas to rock ‘em, freak form box ‘em
This ain't a Christmas stocking
It’s the Last Mohican that keeps the burner in his Moccasin
Smoke signals, we got loud
Gunner air mysterious, beyond clouds
Never seen before
But once I reveal myself, it’ll start the Secret War
The mind trick of cannibal, I’m like Hannibal
Having dinner with the doctor at the festival
At the end of the movie, tell the cops it wasn’t me
I was chillin’ with Suzy
It's Vast Aire, the Sith Lord
I won’t hesitate to pinch your wind cord
Everybody’s wondering like how
New Millennium, blowing up like Lando
[Chorus: Vinnie Paz & Demoz]
Trigger pon cocked, that’s a headshot
It’s fiends out here, Zombieland, that’s a dead fly
You better fly away

It’s fiends out here, ahki that’s a dead fly
You better fly awa-a-a-ayy
You better get awa-a-a-ayy Get away n***a

[Verse 3: Demoz]
I remember I was broke, scramblin’ so I could smoke
No joke, I was livin’ like an addict sniffin’ dope
In the attic doing coke with a addict gettin’ throat
Like a savage, but I’m not an savage, n***a I’m the GOAT
Yes the greatest, you the fakest, it’s sad the shit I wrote
Could have dropped a thousand albums, Scott, they glad I never spoke
But I’m speakin’ now, and I’m spittin’ ether now
Catch you like I catch a dutch, smoke you like the reefer now
Pussy ass n***as in the game like it’s Easter now
I’m in all black, weapon on me like the Reaper now
I ain’t come to sell my soul, I kept it like a prenup
Bitch you sold your soul now you tryna get a refund

Hey Mr. Critic you created a monster, in my head
I’m a double entendre, am I dead?
Please let me know 'cause I’m feelin’ like a ghost
They can’t see me like Stevie but they feelin’ what I wrote
[Chorus: Vinnie Paz & Demoz]
Trigger pon cocked, that’s a headshot
It’s fiends out here, Zombieland, that’s a dead fly
You better fly away
You better get away Get away n***a
Trigger pon cocked, that’s a headshot
It’s fiends out here, ahki that’s a dead fly

The Gone-Away World by Vinnie Paz

[Verse 1: Vinnie Paz]
(Yeah) -- I'll die on my own sword
Before I transgress against the Lord and his accord
Y'all are playin' games and it's somethin' you can't afford
Babylon the grey horse, cities they adored
Babylon kill Eric Garner
Babylon protect itself with armor
Sodom and Gomorrah, this is horror
Philando Castile was a martyr
And they only response to disarm us
This a fuckin' promise, I ain't gon' subscribe to any dogmas
Cognitive process of my conscience
There's no solace, before the storm always calmest
The Jezebels call theyself Goddess
Maybe cause they Godless
Maybe cause they arrogant and pompous
Philosophy is sat around a dumbass promise
Why do y'all choose to ignore the obvious?
Isaac gave dower at the obelisk
Prophesized hawk at the monolith
Return to destroy the populace, the megalopolis

[Chorus: (?)]
Come on my friends, open your eyes
See the sunshine from the west
The sky is burning and the birds stopped singing
Come on wake up from your rest
[Verse 2: Vinnie Paz]
(Yeah) -- Gabriel came to Allah apostle
The Great Tribulation and the Gospel
Describe the Ulama as colossal
The All Aware One never doubts you
Metamorphesize to a fossil
It's water in the bottle
Resurrect the dead from the fox hole
Yemenite Kings had to jostle
They ended the life of Kalief Browder

Cause mafuckers didn’t speak louder
He ain’t have power
They ruined his mind and he got devoured
Babylon tortured him and tarred him, then he cowered
Mafuckers just resigned to die on the avenue
Same shit, different day, pie, roe and ballyhoo
Your mans ain’t gonna help you, he ain’t gon' carry you
The same one who call himself your brother will embarrass you
I take these mafuckers out and do it proudly
It’s better to die on the mountain than live in the valley

[Chorus]

Bloody Jungle by Vinnie Paz

[Intro: Vinnie Paz]
Yeah
Pistolero Pazzy and all that
Stu Ferrigno
Yeah
Look, aight, one-two

[Verse 1: Vinnie Paz]:
Bumbaclot, you could die out here
This a different set of rules we abide by here
Them yoppas is always out, we do drive-bys here
Y'all are hippies, Vinnie don't allow tie-dye here
This the book of Exodus, it's Mount Sinai here
You get punched in the fucking face for looking side-eyed here
No hablo inglés, pardner, we play salsa here
I got shooters that took a charge they like ta-ta here
Chop his fucking head, cock it back for the click-clack
Stray shots hit 'em in the abdomen the six pack
The 40. Cal bullets size smaller than a tic-tac
Beretta 84 Cheetah hit em like a Chit sack
The Taurus jammed too much, pa, so I can't bother
The Nighthawk blammin', it touch you like Bambaattaa
How many more of y'all gon' be catching the fate?
And everybody mad looking at the mess that I made
Stupid!
[Chorus: Tragedy Khadafi]
Stop it, y'all little dudes been out of pocket
Your whole wardrobe comin' out your girl's closet
You need to get back inside the closet
'Fore we unleash the rockets, c'mon, stop it
Stop it, y'all little dudes been out of pocket
Your whole wardrobe comin' out your girl's closet
You need to get back inside the closet
'Fore we unleash the rockets c'mon stop it

[Verse 2: Tragedy Khadafi]
Don't have me push a button flyin' all type of kites

Deprive you of oxygen, deprive you of life
Slugs flyin' out of nines inside your windpipes
This the difference between survivin' and living life
Stop the barkin' before I make the gun bite
My faculty's in order, underworld supporter
Sodom Gomorrah, sodomize mics for four quarters
Get it the hustle, hustle to get it that's off the muscle
Queue the apocalypse, the iron jungle
A hundred miles runnin' N***as Wit' Attitude'll gun you
Look what it come to, set it out when the god come through
Tranquilo or humble, more dope than a bundle
War tactics, artifacts, it's all actual
Khadaf no gay, Khadaf no play, Khadaf the
Black Caeser you sweeter than Stevie J
(You sweeter than Stevie J)
[Chorus: Vinnie Paz and Tragedy Khadafi]
Stop it, y'all little dudes been out of pocket
Your whole wardrobe comin' out your girl's closet
You need to get back inside the closet
'Fore we unleash the rockets, c'mon, stop it
Stop it, y'all little dudes been out of pocket
Your whole wardrobe comin' out your girl's closet
You need to get back inside the closet
'Fore we unleash the rockets c'mon stop it

[Outro]
(C'mon stop it)
(C'mon stop it)
Stop

Eminem - Infinite Lyrics

Eminem
Infinite
Infinite
Oh yeah, this is Eminem baby, back up in that motherfucking ass
One time for your mother fucking mind, we represent the 313
You know what I'm saying?, cause they don't know shit about this
For the 9-6

Verse 1:
Ayo, my pen and paper cause a chain reaction
To get your brain relaxin, cause they be actin maniac in action
A brainiac in fact son, you mainly lack attraction
You looking zany whack with just a fraction of my tracks spun
My rhyming skills got you climbing hills
I travel through your mind until you spine like siren drills
I'm sliming grills of roaches, with sprayed on disinfectants
With some ex rappers till their spinal column disconnects
We disinfect then check the monologue, turn your system up
Twist them up, and indulge in the marijuana smoke
This is the season for noise pollution contamination
Examination of more cartoons than animation
My lamination of narration
Hit's a snare and bass of track fucked up rapper interrogation
When I declare invasion, there ain't no time to be stare and gazing
I turn the stage into a barren wasteland...
I'm Infinite

Chorus:
You heard of hell well I was sent from it
I went to it's surface and sentenced for murdering instruments
Now I'm trying to repent from it
But when I hear the beat I'm tempted to make another attempt at it...
I'm Infinite

Verse 2:
Bust it, I let the beat commence so I can beat the sense of your elite defense
I got to meet the fence fruit was stompin at your feet to rinse
I greet intensive ladies, I spoil all your fans
I foil plans and leave fluids leaking like oil bands
My coil hands around this microphone lethal
One thought in my cerebral is deeper then a Jeep full of people
MC's are feeble, I came to cause some pandemonium
Battle a band of phony MC's and stand the only one
Imitator, Intimidator, Stimulator, Simulator of data, Eliminator
There's never been a greater since the burial of Jesus
Fuck around and catch all of the venereal diseases
My thesis will smash a stereo to pieces

My accapella releases plastic masterpieces through telekinesis
And eases you mentally, gently, sentimentally, instrumentally
With entity, dementedly meant to be Infinite

Chorus:
You heard of hell well I was sent from it
I went to it's surface and sentenced for murdering instruments
Now I'm trying to repent from it
But when I hear the beat I'm tempted to make another attempt at it...
I'm Infinite

Verse 3:
Man I got evidence I'm never dense and I been clever ever since
My residence was hesitant to do some shit that represents the M-O
So I'm assuming all responsibility
Cause there's a monster will in me that always wants to kill MC's
Mic messaler, slamming like a wrestler
Here to make a mess of a lyric smuggling embezzler
No one is speacialer, My skill is intergalactical
I get cynical at a fool then I send a crew back to school
I never packed a tool or acted cool, it wasn't practical
I'd rather led a tactful, tractical, track for your fancy
In fact I can't see, or can't imagine
A man who ain't a lover of beats or a fan of scratching
This is for my family, the kid who had a cameo on my last jam
Plus the man who never had a plan B
Be all you can be, cause once you make an instant hit
I'm tense to be tempted when I see the sins my friends commit...
I'm Infinite

Chorus:
You heard of hell well I was sent from it
I went to it's surface and sentenced for murdering instruments
Now I'm trying to repent from it
But when I hear the beat I'm tempted to make another attempt at it...
I'm Infinite
You heard of hell well I was sent from it
I went to it's surface and sentenced for murdering instruments
Now I'm trying to repent from it
But when I hear the beat I'm tempted to make another attempt at it...
I'm Infinite

Eminem - It's Ok Lyrics

Eminem
Infinite
It's Ok
Eye-Kyu: Check it out,
Eminem: Hey Kyu!

Eye-Kyu:
Chorus: It's a broke day but everything is ok (It's ok)
I'm up all night, but everything is alright (It's alright)
It's a rough week, and I don't get enough sleep (I can't sleep)
It's a long year pretending I belong here (Belong here)
It's a broke day but everything is ok (It's ok)
I'm up all night, but everything is alright (It's alright)
It's a rough week, and I don't get enough sleep (I can't sleep)
It's a long year pretending I belong here (Belong here)

Verse 1: Eminem
One day I plan to be a family man happily married
I wanna grow to be so old that I have to be carried
Till I'm glad to be buried
And leave this crazy world
And have at least a half a million for my baby girl
It may be early to be planning this stuff
Cause I'm still struggling hard to be the man, and it's tough
Cause man it's been rough, but still I manage enough
I've been taken advantage of, damaged and scuffed
My hands have been cuffed
But I don't panic and huff, frantic and puff
Or plan to give up, the minute shit hits the fan it erupts
I'm anteing up double or nothing, I've been trouble enough
And I'm sick of struggling and suffering, see
My destiny's to rest at ease, till I'm impressed and pleased
With my progress, I won't settle for less than cheese
I'm on a quest to seize all, my own label to call
Way before my baby is able to crawl
I'm too stable to fall, the pressure motivates
To know I hold the weight of boulders on my shoulder blades
I seen the golden gates to heaven on Earth
Where they don't pull a weapon on you when you stepping on turf, Q

Eye-Kyu:
Chorus: It's a broke day but everything is ok (It's ok)
I'm up all night, but everything is alright (It's alright)
It's a rough week, and I don't get enough sleep (I can't sleep)
It's a long year pretending I belong here (Belong here)
It's a broke day but everything is ok (It's ok)
I'm up all night, but everything is alright (It's alright)

It's a rough week, and I don't get enough sleep (I can't sleep)
It's a long year pretending I belong here (Belong here)

Verse 2: Eminem
I'm going for broke, gambling and playing for keeps
Everyday in the streets, scrambling and paying for cheep
Praying for sleep
Dreaming with a watering mouth
Wishing for a better life for my daughter and spouse
In this slaughtering house, caught up in bouts
With the root of all evil
I've seen it turn beautiful people crude and deceitful
And make them do shit illegal
For these Grant's and Jackson's
These transactions explain a man's actions
But in the mist of this insanity, I found my Christianity
Through God and there's a wish he granted me
He showed me how to cope with the stress
And hope for the best, instead of mope and depressed
Always groping a mess, of flying over the nest
To selling dope with the rest
I quit smoking cess to open my chest
Life is stressful inside this cesspool
Trying to wrestle, I almost bust a blood vessel
My little brother's trying to learn his mathematics
He's asthmatic, running home from school away from crack addicts
Kids attract static, children with automatics
Taking target practice on teens for Starter Jackets
I'm using smarter tactics to overcome this slum
I won't become as dumb as some and succumb to scum
It's cumbersome, I'm trying to do well on this Earth
But it's been Hell on this Earth since I fell on this Earth

Eye-Kyu:
Chorus: It's a broke day but everything is ok (It's ok)
I'm up all night, but everything is alright (It's alright)
It's a rough week, and I don't get enough sleep (I can't sleep)
It's a long year pretending I belong here (Belong here)
It's a broke day but everything is ok (It's ok)
I'm up all night, but everything is alright (It's alright)
It's a rough week, and I don't get enough sleep (I can't sleep)
It's a long year pretending I belong here (Belong here)

Uh, it's ok, yeah it's alright, even though I can't sleep
Uh yeah, it's ok, it's alright, I can't sleep

313
Eye-Kyu: Now what you know about a sweet MC, from the 313
None of these skills you bout to see come free
So you wanna be a sweet MC, you gotta become me
If you ever wanna be one see

Eminem: Man what you know about a sweet MC, in the 313
None of these skills you bout to see come free
So you wanna be a sweet MC, you better become me
If you ever wanna be one see

Verse 1: Eye-Kyu
Yo some people say I'm whack, now if that's right
I'm the freshest whack MC that you ever heard, in your lifetime
My slick accapella sounds clever with the beats
Boy I'm the deepest thing since potholes to ever hit the streets
Forgot a gold digger's succubus , my souls thick with ruggedness
With the mic I'm like a dyke, can't no nigga fuck with this
I got more Different Strokes than Philip Drummound
On open mic I bone your women just to keep my lyrics coming (bitch)
We elevated to new heights premeditated
Let it be that I stated they hate it now that they see that I made it
The escalated can be put to the test of greatness
Snatch the heart from MC's and I ate it
So I take it that's the reason I'm hated
To represent my temperment
If rap was a dick all you so called hard MC's would not be impitant
But pimping it, and acting like you could rock a show (so)
Harder than LL's Rock the Bells, but you is a ho (now)
Everything that you collaborate I lacerate
My rhymes they keep coming like nympho maniacs that masturbate
At a faster rate, yeah I got something for your ass to hate
I blasterate, and have you all running master gates
And as for face clutching and touching the flows
I got them open like marijuana smoke up in your nose
Bucking these hoes, I got that shit down to a science
Leaving them hot and bothered, turned on like an appliance
Defiance, no we won't have that
You want your shit to blow up?
Well I'ma stuff some dynamite in your ass crack
And blast that shit to kingdom come
Then bring them some of this real hip-hop
I drop beats and you ain't singing or gonna do a thing about
And you all knew from Meeko
That you couldn't hold your own with the strength of Lou Forigno

So stop that bullshit and flow
Yo, you need to come with the real skills, and act like you know

Chorus: Eminem
So what you know about a sweet MC, in the 313
None of these skills you bout to see come free
So you wanna be a sweet MC, you better become me
If you ever wanna be one see

Eye-Kyu: Now what you know about a sweet MC, from the 313
None of these skills you bout to see come free
So you wanna be the sweet MC, you gotta become me
If you ever wanna be one see

Verse 2: Eminem
So what, you know about a sweet MC, in the 313
You don't know shit so when you see one flee
You can be Run-D, you'll never beat the MC
I'll stop the alphabet at S and got it down to a T
I'm sure your bound to agree, a sweet MC crashes the spot
I'll make the roof hot like I was Rock Master Scott
Your ass forgot, so just in case you don't remember me
I'll run your brain around the block to jog your fucking memory
It's either them or me man, kill or be killed
You will and be sealed your casket closed you still gonna be billed
My facilities filled with fans, packed to capacity
I'll send a rapper back with the crack of his ass shitty
If he's acting soft and he cowers
He better come cleaner then Jay Rue jacking off when he showers
You flowers got no clout with a thing
You could date a stick of dynamite and wouldn't go out with a bang
I showered the slang, simple as A,B,C's
Skip over the D's and rock the microphone with E's
Dethrone MC's and I'ma max alone
Relax your dome like a solo from a saxophone
So facts are known, writers get treated with shocks
I rock a beat harder then you could beat it with rocks
I'm greeted with flocks, of fellow follower's singers
You couldn't make the fans throw up their hands if they swallowed their fingers
But you can bring yours let's see what you got
But don't front and never try to be what you're not
Cause you can be quick, jump the candlestick, burn your back
And fuck Jill on a hill, but you still ain't Jack

Chorus: Eye-Kyu
So what you know about a sweet MC, from the 313
None of these skills you just seen come free
So you wanna be a sweet MC, you'll never become me
So you ain't ever gonna be one see
Eminem: So what you know about a sweet MC, in the 313
None of these skills that you just seen come free

So you wanna be a sweet MC, you'll never become me
So you ain't ever gonna be one see

Maxine
Maxine!! (Phone Rings)

Maxine: Hello
Denaun: Can I speak to Maxine?
Maxine: Yeah this is me what's up?
Denaun: What up?
Maxine: Who dis?
Denaun: Denaun
Maxine: Yeah what's up?
Denaun: What are you doing?
Maxine: Nothing, just laying in bed
Denaun: Huh?
Maxine: Nothing, just laying in bed
Denaun: Why?
Maxine: I don't know, thinking about something freaky to do

Verse 1: Eminem
I know this crack fiend Maxine who needs a vaccine
She tests positive but tells you that her act's clean
Plus she got a sugar daddy
Asking every hooker that he takes in to crook her badly
If you mistook her sadly, on her reputation
You're in jepordation, if you ain't got no preparation
When you step away son, she got her face done
Looking provocative, she'll let you knock it if
You press the issue and get undressed to kiss you
If you match the price, otherwise she won't look at you twice
But when you catch the lice, or get the urgency
To go to the emergency cause it burns to pee
Don't bring your germs to me, cause I ain't trying to hear it
While your fighting you fucking disease trying to clear it (Maxine!!)

Verse 2: Denaun Porter
Sometimes I wonder, what's your purpose? In life that is
To get with every brother and unveil one of his kids, shit
You living trife, got three kids at home and club hopping every night
You say it's gonna stop but it.. just.. slows.. down
And then speeds back to a regular pace, there is no end to this
Mystery, whatever your reason even is to be
You say you wanna be with me, but how can you say that
When you got niggas hiding in your closet
I refrain from getting angry but you keep on that strangely

Verse 3: 3

I met this girl last week, she was a freak, and she liked me
So I stepped on it and then asked my homies
And chilled on the side and then watched they niggas
Big game over there and take notes, while I get this number
I stepped to her first I cleared my throat and said "Hey Bitch..
Haven't I seen you before?", looked at my nigga
Turned around and got slapped throughout my hands
And said "Oh it's like that?"
She said she just broke up with her nigga and shit
She started crying, and asked me to forgive her and shit
She said her name was Maxine, so I told her I wanted her number
She asked could I give her mine two
Got to the crib and called her up
We got into a good conversation that's when she asked me could I fuck
I said "Maxine check this out,
Give me your address I'll be through and you'll find out"
Got to the crib she let me in
She didn't waste time she grabbed my hand and proceeded to the bedroom
I said "Hold up, and stop proceeding, you rushing things"
What the fuck are you doing?
So I went for my protection, took off my clothes and started flexing
As she went for my midsection
I threw her down as I tore off her shirt
Pulled out my jimmy and I thought about putting in work
Before I hit it she said
"3 don't get mad but there's something that I gotta tell your ass"
I said "What is it, another nigga? It's ok"
She said "No I forgot to tell you, that I got AIDS"
I got up out

Denaun: Hey, Maxine
Maxine: What
Denaun: You thinking about sucking my dick?
Maxine: Yeah for a small price
Denaun: For a small price? What you mean?
Maxine: You know, money nigga
Denaun: You don't need no damn money,
I can't give you no money anyways, I heard you got some shit.
Maxine: (laughing) What you, what you hear I got?
Denaun: AIDS
Maxine: (laughing) Who told you that bullshit?
Denaun: My nigga Kyu, he wouldn't lie
Maxine: Well if that's the case, Kyu got it then
Denaun: Oh for real, it's like that?
Maxine: (laughing) Well I ain't got shit,
so he ain't got shit, and if he do, he ain't get that shit from me,
I ain't fucking around with no 3rd nigga
Denaun: Fuck that, I ain't fucking with you
Maxine: No, see..
Denaun: You got that shit, I ain't gotta fuck with you
Maxine: Hold on, why it ain't even like that
Denaun: I want ya'll to get paid, fucking..

Maxine: (laughing as the phone hangs up)

Open Mic
Hey yo, what's up man? Hey, yo you been here all day man
Ya'll been here every weekend man,
I don't ever get a chance to rap first man!
That's cause you whack!
What?!? I ain't whack nigga, I got some raps for all ya'll
Nigga my raps fresh, I'ma bust my raps first,
you can bust yours after me if you want to
No no man, I'm going first,
I'm getting tired of everybody wanted to go first man
You always rap first,
I'm rapping I don't care what none of ya'll say,
I'm fresh, I'm fresh

Thyme:
Ayo, who the fuck passed you the mic and said that you can flow?
Point him out man I wanna know
Who the fuck passed you the mic and said that you can flow?
(scratched in) I wanna know, I wanna know
I said who the fuck passed you the mic and said that you can flow?
Point him out bitch I wanna know
Who the fuck passed you the mic and said that you can flow?
(scratched in) I wanna know, I wanna know

Verse 1: Eminem
I'll have you taken back to Christ when you sacrifice
The way you acting slice when I tear your back with knifes
Jacking life's of MC's, now I'm set to launch a plan
For blowing up the stage with illegal contraband
A stomped your man so unless you want what he got
You better set the mic down, I'm steaming like a teapot
I'll make the tea hot, people get in my face and ask
If I wanna battle, then I chase them in a Jason mask
It's an amazing task to battle with success
I never gave a fuck, now I give a fuck less
And in a slug fest I get physical like physicians
Invisible like magicians with mystical mic traditions
Wicked wizardry, like a sorcerer and no remorse for you
When I torture you throughout the course of my orchestra
So feel the force of my spiritual images
Slicing up an enemy's appendages till he hemorrhages
My skin itches every time a rapper recites
And when he's through with his verse, I'm all covered in flea bites
You wanna see fights I got a match for you
You couldn't flip shit playing in toilets with a spatula

Chorus: Thyme
Ayo, who the fuck passed you the mic and said that you can flow?
Point him out man I wanna know
Who the fuck passed you the mic and said that you can flow?
(scratched in) I wanna know, I wanna know
Ayo, who the fuck passed you the mic and said that you can flow?
Point him out bitch I wanna know
Who the fuck passed you the mic and said that you can flow?
(scratched in) I wanna know, I wanna know

Verse 2: Eminem
You bitches get a hysterectomy disrespecting me
You wanna feel the full effect of me, hand a tech to me
Intellectually superior, I'll make the whack wearier
Inferior, deterior rate, like bacteria
Materially, killing serially, clearly you'll see
How much in fear when u hear me you'll be
Shiver and shake, quiver and quake
Bite a rhyme and rip it off then stiffer and ache, whither and break
You slithering snake, gibbering fake, fibbering flake
I'll twist you into a different shape
And toss you in Michigan Lake, for fisherman sake
If this is a dream you'd wish you can wake
Every dis you can take, personal
We ain't friends trying to make amends
If you ain't ever stole a gate you can take a fence
I make intense masterpieces and smash to pieces
Your last releases, you bad diseases, that's the reason
I'm showing you the proper way to operate a mic
So pass it like a hot potato
I've never been less than clever and fresh
Severing flesh of fools who never impressed I can confess

Chorus: Thyme
Who the fuck passed you the mic and said that you can flow?
Point him out man I wanna know
Who the fuck passed you the mic and said that you can flow?
(scratched in) I wanna know, I wanna know
Ayo, who the fuck passed you the mic man and said that you can flow?
Point him out bitch I wanna know
Who the fuck passed you the mic and then said that you can flow?
(scratched in) I wanna know, I wanna know
Whhhooo the fuck passed you the mic and said that you can flow?
Point him out!! I wanna know
Who the fuck passed you the mic and said that you can flow?
(scratched in) I wanna know, I wanna know
Ayo let me get that mic man…
Who the fuck passed you the mic and said that you can flow?
Who the fuck passed you the mic, who the fuck passed you the mic!!
I got the rhymes bitch, I'll kick that shit

Eminem - Never 2 Far Lyrics

Eminem

Never 2 Far
Hey what up man?
What up god?
Ya heard?
Chillen, cold as hell
Yes it is, hey Busta didn't come here did he?
No, hey look, you got fifteen cent?
Nah, I got just enough to get on the bus, I'm broke
We gotta go to the store alright man quick cause I'm short
Yeah, we gonna have enough time to go to the store?
Nah, look..
You should just, how much you got there?
I only got 75, I'm sure I got a dollar know what I mean..
Just throw it in there they ain't gonna know
You know what look, I'm sick of taking this damn bus everywhere man
You gotta make some moves or something
I know look, I'm trying to get rich,
I got a baby on the way, I don't even got a car,
you know what I'm saying?
I still stay with my moms, 21 and still with my moms
Look hey, we gotta make some hit records or something,
you know what I'm saying? Cause I'm tired of being broke

Verse 1:
Cause all I do is yearn a life without a concern
And dream of having a turn to earn money to burn
Mapping out my strategies to get rich huh
My desire is like a scratch that needs to get itched huh
Cause man I live in the D, this shit ain't given for free
Nothing's different to me, so what, it's easy to see
I'll be the prisoner to flee, all of this misery
I'm not wishing to be another fish in the sea
But just an MC, so listen to me, but if you disagree
You missing the key, you ain't even in the brisk of the tea
Unconditionally my aspects to cash checks
My objects were never to swab decks
It's up to you the decision is yours
If what you vision is tours, or a mission less course
When shit is in the stores, cause you can be a star

Chorus:
No matter wherever you are, you're never too far
>From revenue huh, cause you can be king
You can rule the world, you can do anything
It's on you baby, cause you can be a star

No matter wherever you are, you're never too far
>From revenue huh, cause you can be king
You can rule the world, you can do anything
It's on you baby, cause you can be a star
No matter wherever you are, you're never too far
>From revenue huh

You know what I'm saying, see what I'm talking about man?
Cause that's it
Yeah
A million dollars ain't even that far away man
Yo we got to get the money man, I can't be broke for the rest of my life
Yeah I hear what your saying,
look there's got to be something better, you know what I'm saying?
I can't live like this for the rest of my life man,
bumming rides everywhere I go
Yeah, what's up with Lexus' and Land cruisers'?

Verse 2:
Yo I'm not about to chance it and dismiss handling business
I'm canceling Christmas to gamble and risk this
Financial interest is the matter at hand
I got an adequate plan for stab at a grand
I grab what I can and do what I must
Pursue what I lust, it's true that I just choose
The few that I trust, thems the people that I still got
Fuck with gangsta fill pot, get your grill shot
The 5 Elemantz for life my man Thyme
Proof, Kyu and Denaun, we move through into time
My crews true and divine, we never fronted
We just wanted to be funded, and live to be a hundred
Instead of hunted or being wanted as fugitives
It's all about a man planning what his future is
What he can do for his to be a star

Chorus:
No matter wherever you are, you're never too far
>From revenue huh, cause you can be king
You can rule the world, you can do anything
It's on you baby, cause you can be a star
No matter wherever you are, you're never too far
>From revenue huh, cause you can be king
You can rule the world, you can do anything
It's on you baby, cause you can be a star
No matter wherever you are, you're never too far
From revenue huh

That's what I'm talking about, I'm not trying to be the player,
I'm trying to be the man, I'm want to be President
Yo forgot that President man I'm trying to be king,
making dead presidents, you know what I'm saying?
Yeah

Getting money anytime I want owning my own businesses and all that,
you know what I'm saying?
Yeah, I'm trying to be a millionare man, hahaha, but don't all you know
You only live once
ninety six baby

Searchin'
Women Singing:
Ain't no one special, special like you (4X)
I been searching, but your the one I want in my life baby (4X)

Verse 1: Eminem
I'm reminiscing on your tenderness and the snuggling and teasing
Missing what I remember, kissing and hugging and squeezing
Bugging and weezing, I'm having trouble when breathing
It's even tougher when sleeping
But there's a couple of reasons that I'm suffering and grieving
For loving and leaving, you all I'm thinking of in the evening
You got my knees buckling and weakening
Thoughts of nothing but freaking that I'm struggling to keep in
And interrupt when I'm speaking
I got some game that I'm preparing to run
The way your lips sparkle and glare in the sun
You got your hair in a bun, no matter what you're wearing you stun
Cause your comparing to none, I wanna share in the fun
I feel a passionate lust when I'm imagining just us alone at last with a touch
I see you grasping to trust, but my intentions are good
The seed is passing in dust
I'm not asking to rush and answer immediately
I just wanna be there for you and you to be there for me
If you agree to repeat after me, I Love You (I love you baby)
Cause I just need you to see, how much I'm eager to be
Your man legally wed, your love's keeping me fed
This is easily said, so you can lead or be led
If you care to be down cause ain't nobody Like you no where to be found

Chorus:
Women Singing:
I been searching, but your the one I want in my life baby (4X)

Verse 2: Denaun Porter
Baby it's all on you, it's you I call on boo
Let's set a day up so you can fall on through
We'll take a spin in a Lexus you can chill for dinner and breakfast
Long enough to see how this gentleman sex'es
We'll start it out with caviar, Don Parigne
And then when it's a fact we are warm, carry on
We'll take it slow, see nobody will hurry things
I got the herbs the Bacardi and Hurricane
If Daiquiris are in debate and not your thing that day

It's still all right cause I got Minute Maid and Tangeray
Your an incredible one that's rare, in bed with edible underwear
You look impeccable, nothing compares
I dream of freaking you, the women that will speak it too so
It seems that there is not an end to things that we can do so
Now we all set to play, only thing left to say is
When you step away, baby but don't forget the Neglicie

Chorus:
Women Singing:
I been searching, but your the one I want in my life baby (8X)
Ain't no one special, special like you (2X)

Eminem - Backstabber Lyrics

Attention all units, attention all units
We have an All Points Bulletin out on a man with green hair
I repeat, we have an APB on a man with green hair
He's armed with a knife, I repeat, he's armed with a knife
Proceed with caution, watch your back fella's
He could be coming at your girlfriend next

There's a joker on the loose from the psychiatric ward
His face is up on the bulletin board with a reward
He'll stab you with a sword don't be fooled by his charm
He's probably armed with intent to do bodily harm

Ring the alarm, look for a man with green hair
Check at your girl's house, he was last seen there
He's has a mean stare but usually crack's jokes
Good luck on your mission and guard your backs folks

I make you think you're a best friend then, why I oughtta
Hit a bitch snake from the back, I make you think
You're a best friend then, why I oughtta
Stay away from him, he ain't no good

We got the walkie-talkies to keep us all informed
Suited up head to toe in detective uniforms
Our unit storms in, we split the ghetto in sectors
Locking down every block and put up metal detectors

Protectors and be sure that you stand close
Watch each others backs and guard your command post
And most of all be advised that he's wise
He could be disguised as one of your very own guys

I make you think you're a best friend then, why I oughtta
Hit a bitch snake from the back, I make you think
You're a best friend then, why I oughtta
Stay away from him, he ain't no good

I'm on a solo mission to find him personally
To settle the score and beat then him mercifully
For what he first did to me, it's sure to be the last
Following footprints with a magnifying glass

To drag his lying ass back to his padded cell
I'm mad as hell, on the trail of the tattle tail
I heard a yell the voice sounded familiar
Give me your girlfriend or I'm gonna kill ya

I make you think you're a best friend then, why I oughtta
Hit a bitch snake from the back, I make you think
You're a best friend then, why I oughtta
Stay away from him, he ain't no good

I followed the voice that led down a flight of steps
Sneezing at dust and swinging at the spider-webs
Inside the depths of his basement
I taste lint in my mouth, then the lights in the place, went

I saw my life flash in front of my eyes
I felt a butcher knife slash at one of my thighs
None of my guys knew where I'm at I was doomed
Then I remembered the flashlight in my costume

I make you think you're a best friend then, why I oughtta
Hit a bitch snake from the back, I make you think
You're a best friend then, why I oughtta
Stay away from him, he ain't no good

Dealing with backstabbers there was one thing I learned
They're only powerful when you got your back turned
I yearned for the day that we finally met again
So I can give him a taste of his own medicine

He shed his skin, then he promised to come clean
I took his butcher knife and jabbed it into his spleen
Cut him at the seam then dragged the fella home
Beating him over the head with the telephone

Attention all cars, attention all cars
Unit 313 has apprehended the suspect
He's going back to the crazy home, I repeat
He's going back to the crazy home, how about that?

I make you think you're a best friend then, why I oughtta
Hit a bitch snake from the back, I make you think
You're a best friend then, why I oughtta
Stay away from him, he ain't no good

I make you think you're a best friend then, why I oughtta
Hit a bitch snake from the back, I make you think
You're a best friend then, why I oughtta
Stay away from him, he ain't no good

I make you think you're a best friend then, why I oughtta
Hit a bitch snake from the back, I make you think
You're a best friend then, why I oughtta
Stay away from him, he ain't no good

Jealousy Woes II
Men singing:
Jealous! (8X)

Girls voice: (Talking over the singing)
Jealous!?! What he mean jealous, know what I'm saying?
He just mad cause he got with some ugly hoes, know what I'm saying?
Girls don't buy him no clothes, He bought that ho some clothes!!
He don't buy me no clothes, Nigga ain't got no money, no vibe, no dick
I mean, What do I got to be jealous for?
He ain't gonna make it no where, he ain't got no type of time
He has no career move, I mean...

Verse 1:
I come home every single day from working double shifts
And stop along the way to pick you up a couple gifts
I come inside and you pretend you miss me when you kiss me
Then you diss me and we strenuously fight continuously
Again you frisk me, for numbers trying to bust me
It must be only just because you never learned to trust me
Plus we only grovel only irrelevant issues
To many tissues, for my feelings you misuse
I buy you jewelry, you make a fool of me
I bring you diamond rings you say I'm bad at timing things
So what's a man to do when all i hand to you is handed back to me
You act to be this gangsta bitch, that ain't what first attracted me
I used to love your company now you always bugging me
For information and you tell your friends you plan on dumping me
So I'ma wait for your evacuation
Cause every accusation makes me wanna smack your face in
See I've never been so sure, and your just insecure
So my solution to your jealousy presents a cure
I recommend you take your things and check them in
Look at the nervous wreck I'm in, I need my second wind, Say What?

Chorus: Men Singing
Jealous, Jealousy, Jealousy (8X)

Women's Voice: (Talking over singing)
Fuck you and what you going through
Fuck Eminem, he just mad cause I left that nigga for another man
Me and Eminem don't need nothing but my and his money
Immature, Me? Nigga ain't got no dick, no swang in his thang
Know what I'm saying? He just mad cause I'm getting it all night
Jealous of me, know what I'm saying? That's what I'm talking about

Mother fucker just trying to get his pussy

Verse 2:
I used to be a puppet and a sucker for your silent treatments
I used to be intoxicated with your sweet sense
Until the day I started following your feetprints
And tapping in your phone conversations through the heat vents
It made complete sense, there's someone else you like
So I confronted you and asked you who was Mike?
And you was like, (sampled) **I need a new nigga**
Someone rich that I could follow
And you'll be over me by the time you see tomorrow
Leaving me in sorrow, Brandy never felt so broken hearted
I fell apart when you departed then the joking started
I was an open target, you play comedian
And I became the laughing stock. but now I'm on my feet again
And so we meet again, your acting like an ex-wife
All in my sex life, I got a message from Phife
He goes, "You didn't want me to see you then, I don't want you now"
Take a towel, wipe your brow, quit trying to hunt me down
You run me down and now your trying to apologize
For all the lies and everytime you made me ball my eyes
Because I got a bigger wallet size, you wanna swing it
Jealousy is in the house ya'll, Fellas sing it...

Chorus: Men Singing
Jealous, Jealousy, Jealousy (12X)

Eminem - Public Service Announcement Lyrics

This is a public service announcement brought to you in part by Slim Shady
The views and events expressed here are totally fucked
And are not necessarily the views of anyone

However the events and suggestions that appear on this album
Are not to be taken lightly, children should not partake in the listening
Of this album with laces in their shoes

Slim Shady is not responsible for your actions
Upon purchasing this album you have agreed
Not to try this at home

An' anything else?
Yeah, don't do drugs

Eminem - My Name Is Lyrics

Hi, my name is, my name is
(What? Who?)
My name is Slim Shady
Hi, my name is, my name is
(Huh? What?)
My name is Slim Shady

Ahem, excuse me
Can I have the attention of the class
For one second?

Hi kids, do you like violence?
(Yeah, yeah, yeah)
Wanna see me stick Nine Inch Nails
Through each one of my eyelids?
(Uh, huh)

Wanna copy me and do exactly like I did?
(Yeah, yeah)
Try 'cid and get fucked up worse that my life is?
(Huh?)

My brain's dead weight, I'm tryin' to get my head straight
But I can't figure out which Spice Girl I want to impregnate
(Umm)
And Dr. Dre said, "Slim Shady you a basehead"
Uh, uhh, So why's your face red? Man you wasted

Well, since age twelve, I've felt like I'm someone else
'Cause I hung my original self from the top bunk with a belt
Got pissed off and ripped Pamela Lee's tits off
And smacked her so hard
I knocked her clothes backwards like Kris Kross

I smoke a fat pound of grass and fall on my ass
Faster than a fat bitch who sat down too fast
C'mere slut
(Shady, wait a minute, that's my girl dog)
I don't give a fuck, God sent me to piss the world off
Hi, my name is, my name is

(What? Who?)
My name is Slim Shady
Hi, my name is, my name is
(Huh? What?)
My name is Slim Shady

My English teacher wanted to flunk me in junior high
Thanks a lot, next semester I'll be thirty-five
I smacked him in his face with an eraser, chased him with a stapler
And stapled his nuts to a stack of papers
(Oww)

Walked in the strip club, had my jacket zipped up
Flashed the bartender, then stuck my dick in the tip cup
Extraterrestrial, runnin' over pedestrians
In a spaceship while they screamin' at me, "Let's just be friends"

Ninety-nine percent of my life I was lied to
I just found out my mom does more dope than I do
(Damn)
I told her I'd grow up to be a famous rapper
Make a record about doin' drugs and name it after her
(Oh, thank you)

You know you blew up when the women rush your stands
And try to touch your hands like some screamin' Usher fans
(Aah)
This guy at White Castle asked for my autograph
(Dude, can I get your autograph?)
So I signed it "Dear Dave, thanks for the support, asshole"

Hi, my name is, my name is
(What? Who?)
My name is Slim Shady
Hi, my name is, my name is
(Huh? What?)
My name is Slim Shady

Stop the tape, this kid needs to be locked away
(Get him)
Dr. Dre, don't just stand there, operate
I'm not ready to leave, it's too scary to die
(Fuck that)
I'll have to be carried inside the cemetery and buried alive

(Huh, yup)
Am I comin' or goin'? I can barely decide
I just drank a fifth of vodka, dare me to drive?
(Go ahead)
All my life I was very deprived
I ain't had a woman in years and my palms are too hairy to hide

Clothes ripped like the Incredible Hulk
(Hachhh-too)
I spit when I talk, I'll fuck anything that walks
(C'mere)
When I was little I used to get so hungry I would throw fits

How you gonna breast feed me, mom?
(Wah)
You ain't got no tits
(Wah)
I lay awake and strap myself in the bed
Put a bulletproof vest on and shoot myself in the head

I'm steamin' mad
And by the way when you see my dad?
(Yeah?)
Tell him that I slit his throat in this dream I had

Hi, my name is, my name is
(What? Who?)
My name is Slim Shady
Hi, my name is, my name is
(Huh? What?)
My name is Slim Shady

Eminem - Guilty Conscience Lyrics

{Meet Eddie, twenty-three years old
Fed up with life and the way things are going
He decides to rob a liquor store
But on his way in, he has a sudden change of heart
And suddenly, his conscience comes into play}

Alright, stop!
(Huh?)
Now before you walk in the door of this liquor store
And try to get money out the drawer
You better think of the consequence
(But who are you?)
I'm your motherfuckin' conscience
That's nonsense
Go in and gaffe the money and run to one of your aunt's cribs
And borrow a damn dress and one of her blonde wigs
Tell her you need a place to stay
You'll be safe for days if you shave your legs with Renee's razor blades

Yeah, but if it all goes through like it's supposed to
The whole neighborhood knows you and they'll expose you
Think about it before you walk in the door first
Look at the store clerk, she's older than George Burns
Fuck that! Do that shit, shoot that bitch
Can you afford to blow this shit? Are you that rich?
Why you give a fuck if she dies? Are you that bitch?
Do you really think she gives a fuck if you have kids?

Man, don't do it, it's not worth it to risk it
(You're right)
Not over this shit
(Stop!)
Drop the biscuit
(I will)
Don't even listen to Slim yo, he's bad for you
You know what Dre I don't like your attitude

{Meet Stan, twenty-one years old
After meeting a young girl at a rave party
Things start getting hot and heavy in an upstairs bedroom
Once again, his conscience comes into play}

Now listen to me, while you're kissin' her cheek
And smearin' her lipstick, I slipped this in her drink
Now all you gotta do is nibble on this little bitches earlobe
Yo this girls only 15 years old
You shouldn't take advantage of her, that's not fair

Yo, look at her bush, does it got hair?
(Ah huh)

Fuck this bitch right on that spot there
Till she passes out she forgot how she got their
Man, ain't you ever seen that one movie kids?
No, but I seen the porno that's on nubiest
Shit, you wanna get hauled off to jail?
Fuck that, hit that shit raw dawg and bail

{Meet Grady, a twenty-nine year old construction worker
After coming home from a hard day's work
He walks in the door of his trailer park home
To find his wife in bed with another man}

Alright calm down, relax, start breathin'
Fuck that shit! You just caught this bitch cheatin'
While you at work she's with some dude tryin' to get off
Fuck slittin' her throat, cut this bitches head off
Wait! what if there's an explanation for this shit?
What? She tripped? Fell? Landed on his dick?
Alright Shady, maybe he's right Grady
But think about the baby before you get all crazy

Okay! Thought about it, still wanna stab her?
Grab her by the throat, get your daughter and kidnap her?
That's what I did, be smart, don't be a retard
You gonna take advice from somebody who slapped Dee Barnes?
What'chu say?
What's wrong? Didn't think I'd remember?
I'ma kill ya motherfucker

Ah ha, temper, temper
Mr. Dre? Mr. N.W.A.?
Mr. A.K. comin' straight outta Compton y'all better make way?
How the fuck you gonna tell this man not to be violent?
'Cause he don't need to go the same route that I went
Been there, done that, aww fuck it what am I sayin'?
Shoot 'em both Grady, where's your gun at?

Eminem - Brain Damage Lyrics

Scalpel, here, sponge, here
Wait, he's convulsing, he's convulsing!
Ah! We're gonna have to shock him! Oh my! Oh my God!
We're gonna have to shock him! Oh my God!

These are the results of a thousand electric volts
A neck with bolts, "Nurse we're losin' him, check the pulse!"
A kid who refused to respect adults
Wore spectacles with taped frames and a freckled nose
A corny lookin' white boy, scrawny and always ornery
Cause I was always sick of brawny bullies pickin' on me
And I might snap, one day just like that
I decided to strike back and flatten every tire on the bike rack

My first day in junior high, this kid said
"It's you and I, three o'clock sharp this afternoon you die"
I looked at my watch it was one twenty
"I already gave you my lunch money what more do you want from me?"
He said, "Don't try to run from me, you'll just make it worse"
My palms were sweaty, and I started to shake at first
Something told me, "Try to fake a stomach ache it works"
I screamed, "Oww! My appendix feels like they could burstâ€

Teacher, teacher, quick I need a naked nurse
What's the matter? I don't know, my leg, it hurts
Leg? I thought you said it was your tummy?
Oh, I mean it is, but I also got a bum knee
Mr. Mathers, the fun and games are over
And just for that stunt, you're gonna get some extra homework
But don't you wanna give me after school detention?
Nah, that bully wants to beat your ass and I'ma let him

Brain damage, ever since the day I was born
Drugs is what they used to say I was on
They say I never knew which way I was goin'
But everywhere I go they keep playin' my song
Brain damage, ever since the day I was born
Drugs is what they used to say I was on
They say I never knew which way I was goin'
But everywhere I go they keep playin' my song

Brain damage, way before my baby daughter Hailey
I was harassed daily by this fat kid named D'Angelo Bailey
An eighth grader who acted obnoxious, 'cause his father boxes
So everyday he'd shove me in the lockers
One day he came in the bathroom while I was pissin'
And had me in the position to beat me into submission

He banged my head against the urinal 'til he broke my nose
Soaked my clothes in blood, grabbed me and choked my throat

I tried to plead and tell him, "We shouldn't beef"
But he just wouldn't leave
He kept chokin' me and I couldn't breathe
He looked at me and said, "You gonna die honkey!"â€
The principal walked in and started helpin' him stomp me
(What's going on in here?)
I made them think they beat me to death
Holdin' my breath for like five minutes before they finally left

Then I got up and ran to the janitor's storage booth
Kicked the door hinge loose and ripped out the four inch screws
Grabbed some sharp objects, brooms, and foreign tools
"This is for every time you took my orange juice,
Or stole my seat in the lunchroom and drank my chocolate milk
Every time you tipped my tray and it dropped and spilt
I'm gettin' you back bully! Now once and for good"
I cocked the broomstick back and swung hard as I could

And beat him over the head with it 'til I broke the wood
Knocked him down, stood on his chest with one foot
Made it home, later that same day
Started reading a comic, and suddenly everything became gray
I couldn't even see what I was tryin' to read
I went deaf, and my left ear started to bleed
My mother started screamin', "What are you on, drugs?
Look at you, you're gettin' blood all over my rug!"
(Sorry!)

She beat me over the head with the remote control
Opened a hole, and my whole brain fell out of my skull
I picked it up and screamed, "Look bitch, what have you done"
Oh my God, I'm sorry son, shut up you cunt! I said, "Fuck it!"
Took it and stuck it back up in my head
Then I sewed it shut and put a couple of screws in my neck

Brain damage, ever since the day I was born
Drugs is what they used to say I was on
They say I never knew which way I was goin'
But everywhere I go they keep playin' my song
Brain damage, ever since the day I was born
Drugs is what they used to say I was on
They say I never knew which way I was goin'
But everywhere I go they keep playin' my song

Brain damage, it's brain damage
I got brain damage, it's brain damage
It's probably brain damage, it's brain damage
Brain damage, I got brain damage

Eminem - Paul Lyrics

{Em what's goin' on? This is Paul Rosenburg here, faithful Attorney of Law
Listen, I listened to the rough copy of your album and ah you know I
Just gotta be honest with you, ah could you turn it down a little bit because
There's only so much I can explain, give me a call}

Eminem - If I Had Lyrics

Life by Marshall Mathers
What is life?
Life is like a big obstacle put in front of your optical to slow you down
And every time you think you gotten past it
It's gonna come back around and tackle you to the damn ground

What are friends?
Friends are people that you think are your friends
But they really your enemies with secret identities
And disguises to hide they true colors
So just when you think you close enough to be brothers
They wanna come back and cut your throat when you ain't lookin'

What is money?
Money is what makes a man act funny
Money is the root of all evil
Money'll make them same friends come back around
Swearing that they was always down

What is life?
I'm tired of life
I'm tired of backstabbing ass snakes with friendly grins
I'm tired of committing so many sins
Tired of always giving in when this bottle of Henny wins

Tired of never having any ends
Tired of having skinny friends hooked on crack and mini-thins
I'm tired of this DJ playing your shit when he spins
Tired of not having a deal
Tired of having to deal with the bullshit without grabbing the steel

Tired of drowning in my sorrow
Tired of having to borrow a dollar for gas to start my Monte Carlo
I'm tired of motherfuckers spraying shit and dartin' off
I'm tired of jobs startin' off at five fifty an hour
Then this boss wanders why I'm smartin' off

I'm tired of being fired every time I fart and cough
Tired of having to work as a gas station clerk
For this jerk breathing down my neck driving me bezerk
I'm tired of using plastic silverware
Tired of working in Building Square
Tired of not being a millionaire

But if I had a million dollars
I'd buy a damn brewery and turn the planet into alcoholics
If I had a magic wand I'd make the world suck my dick

Without a condom on while I'm on the John
If I had a million bucks it wouldn't be enough because I'd still be out
Robbing armored trucks
If I had one wish I would ask for a big enough ass for the whole world to kiss

I'm tired of being white trash, broke and always poor
Tired of taking pop bottles back to the party store
I'm tired of not having a phone
Tired of not having a home to have one in if I did have it on

Tired of not driving a BM
Tired of not working at GM
Tired of wanting to be him
Tired of not sleeping without a Tylenol PM
Tired of not performing in a packed coliseum

Tired of not being on tour
Tired of fucking the same blonde whore after work in the back of a contour
I'm tired of faking knots with a stack of ones
Having a lack of funds and resorting back to guns

Tired of being stared at
I'm tired of wearing the same damn Nike Air hat
Tired of stepping in clubs wearing the same pair of Lugz
Tired of people saying they're tired of hearing me rap about drugs

Tired of other rappers who ain't bringin' half the skill as me
Saying they wasn't feeling me when nobody's as ill as me
And I'm tired of radio stations telling fibs
Tired of JLB saying "Where Hip-Hop Lives"

But if I had a million dollars
I'd buy a damn brewery and turn the planet into alcoholics
If I had a magic wand I'd make the world suck my dick
Without a condom on while I'm on the john
If I had a million bucks it wouldn't be enough because I'd still be out
Robbing armored trucks
If I had one wish I would ask for a big enough ass for the whole world to kiss

You know what I'm saying?
I'm tired of all of this bullshit telling me to be positive
How am I supposed to be positive when I don't see shit positive?
You know what I'm sayin'? I rap about shit around me, shit I see
You know what I'm sayin'? Right now I'm tired of everything

Tired of all this player hating that's going on in my own city
Can't get no airplay, you know what I'm sayin'?
But ey, it's cool though, you know what I'm sayin'?
Just fed up
That's my word

Eminem - '97 Bonnie & Clyde Lyrics

Baby, your dada loves you
And I'mma always be here for you
No matter what happens
You're all I got in this world
I would never give you up for nothing
Nobody in this world is ever gonna keep you from me
I love you

C'mon Hai-Hai, we going to the beach
Grab a couple of toys and let Dada strap you in the car seat
Oh, where's Mama? She's taking a little nap in the trunk
Oh, that smell? Dada must've runned over a skunk
Now, I know what you're thinking
It's kind of late to go swimmin'
But you know your Mama, she's one of those type of women that do crazy things
And if she don't get her way, she'll throw a fit
Don't play with Dada's toy knife, honey, let go of it
And don't look so upset, why you acting bashful?
Don't you wanna help Dada build a sandcastle?
And Mama said she wants to show how far she can float
And don't worry about that little boo-boo on her throat
It's just a little scratch, it don't hurt
Her was eating dinner while you were sweeping and spilled ketchup on her shirt
Mama's messy, ain't she? We'll let her wash off in the water
And me and you can pway by ourselves, can't we?

Just the two of us, just the two of us
And when we ride
Just the two of us, just the two of us
Just you and I

Just the two of us, just the two of us
And when we ride
Just the two of us, just the two of us

See, honey
There's a place called heaven and a place called hell
A place called prison and a place called jail
And Dada's probably on his way to all of 'em except one
'Cause Mama's got a new husband and a stepson
And you don't want a brother, do ya?
Maybe when you're old enough to understand a little better I'll explain it to ya
But for now, we'll just say Mama was real, real bad
Was being mean to Dad and made him real, real mad
But I still feel sad that I put her on timeout
Sit back in your chair, honey, quit trying to climb out
I told you it's okay, Hai-Hai, want a ba-ba?

Take a night-night? Nan-a-boo, goo-goo ga-ga?
Her make poo-poo ca-ca? Dada change your didee
Clean the baby up so her can take a nighty-nighty
Your dad'll wake her up as soon as we get to the water
'97 Bonnie and Clyde
Me and my daughter

Just the two of us, just the two of us
And when we ride
Just the two of us, just the two of us
Just you and I

Just the two of us, just the two of us
And when we ride
Just the two of us, just the two of us
Just you and I

Wake up, sweepyhead, we're here, before we pway
We're gonna take Mama for a wittle walk along the pier
Baby, don't cry, honey, don't get the wrong idea
Mama's too sweepy to hear you screaming in her ear
That's why you can't get her to wake, but don't worry
Dada made a nice bed for Mommy at the bottom of the lake
Here, you wanna help Dada tie a rope around this rock?
We'll tie it to her footsie then we'll roll her off the dock
Ready now, here we go, on the count of free
One, two, free, whee!
There goes Mama, splashing in the water
No more fighting with Dad, no more restraining order
No more stepdada, no more new brother
Blow her kisses bye-bye, tell Mama you wuv her
Now we'll go play in the sand, build a castle and junk
But first, just help Dad with two more things out the trunk

Just the two of us, just the two of us
And when we ride
Just the two of us, just the two of us
Just you and I

Just the two of us, just the two of us
And when we ride
Just the two of us, just the two of us
Just you and I

Just me and you, baby, is all we need in this world
Just me and you
Your dada will always be here for you
Your dada's always gonna love you
Remember that
If you ever need me I'm always be here for you
If you ever need anything, just ask
Dada will be right there

Your dada loves you
I love you, baby

Eminem - Bitch Lyrics

Justin? It's Zoe
Um, Kelly did not have me call, however
I just listened to Eminem in her car and
It is the most disgusting thing
I have ever heard in my entire life
And I seriously wanna call his fucking agent
And tell him how fucking disgusting he is
It, like, makes me upset and
I'm now nauseous and I can't eat lunch
Goodbye

Eminem - Role Model Lyrics

Okay, I'm going to attempt to drown myself
You can try this at home
You can be just like me
Mic check one two, we recordin'?

I'm cancerous, so when I diss you wouldn't wanna answer this
If you responded back with a battle rap you wrote for Canibus
I strangled you to death then I choked you again
Then break your fuckin' legs till your bones poke through your skin

You beef wit me, I'ma even the score equally
Take you on Jerry Springer, and beat yer ass legally
I get you blunted off of funny home grown
'Cause when I smoke out I hit the trees harder than Sonny Bono

Ohh no, so if I said I never did drugs
That would mean I lie and get fucked more than the President does
Hillary Clinton tried to slap me and call me a pervert
I ripped her fuckin' tonsils out and fed her sherbet

My nerves hurt, and lately I'm on edge
Grabbed Vanilla Ice and ripped out his blonde dreads
Every girl I ever went out wit is goin' lez
Follow me and do exactly what the song says

Smoke weed, take pills, drop outta school, kill people and drink
And jump behind the wheel like it was still legal
I'm dumb enough to walk in a store and steal
So I'm dumb enough to ask for a date with Lauryn Hill

Some people only see that I'm white, ignorin' skill
'Cause I stand out like a green hat with a orange bill
But I don't get pissed, y'all don't even see through the mist
How the fuck can I be white, I don't even exist

I get a clean shave, bathe, go to a rave
Die from an overdose and dig myself up out of my grave
My middle finger won't go down, how do I wave?
And this is how I'm supposed to teach kids how to behave?

Now follow me and do exactly what you see
Don't you wanna grow up to be just like me
I slap women and eat shrooms then O.D.
Now don't you wanna grow up to be just like me

Me and Marcus Allen went over to see Nicole
When we heard a knock at the door, must have been Ron Gold

Jumped behind the door, put the orgy on hold
Killed 'em both and smeared blood in a white Bronco

My mind won't work if my spine don't jerk
I slapped Garth Brooks out of his Rhinestone shirt
I'm not a player just a ill rhyme sayer
That'll spray an Aerosol can up at the ozone layer

My rap style's warped, I'm runnin' out the morgue
Witcha dead grandmother's corpse to throw it on your porch
Jumped in a Chickenhawk cartoon wit a cape on
And beat up Foghorn Leghorn with an acorn

I'm 'bout as normal as Norman Bates, with deformative traits
A premature birth that was four minutes late
Mother are you there? I love you
I never meant to hit you over the head with that shovel

Will someone explain to my brain that I just severed
A main vein' with a chainsaw and I'm in pain?
I take a breather and sighed, either I'm high, or I'm nuts
'Cause if you ain't tiltin' this room, neither am I

So when you see your mom with a thermometer shoved in her ass
Then it probably is obvious I got it on with her
'Cause when I drop this solo shit it's over with
I bought Cage's tape, opened it and dubbed over it

I came to the club drunk with a fake ID
Don't you wanna grow up to be just like me
I've been with 10 women who got HIV
Now don't you wanna grow up to be just like me

I got genital warts and it burns when I pee
Don't you wanna grow up to be just like me
I tie a rope around my penis and jump from a tree
You probably wanna grow up to be just like me

Eminem - Lounge Lyrics

For all the ladies out there
Ok

I never meant to
Give you mushrooms girl
I never meant to
Bring you to my world
And now you're lyin'
In the corner, cryin'

{Yea, woo, yea, woo
No idea
Yea, woo, yea
Thank you}

Eminem - My Fault Lyrics

I never meant to give you mushrooms girl
I never meant to bring you to my world
Now you sitting in the corner crying
And now it's my fault my fault
I never meant to give you mushrooms girl
I never meant to bring you to my world
Now you sitting in the corner crying
And now it's my fault my fault

I went to John's rave with Ron and Dave
And met a new wave blonde babe with half of her head shaved
A nurse aide who came to get laid and tied up
With first aid tape and raped on the first date
Susan, an ex Heroin addict who just stopped usin'
Who love booze and alternative music
Told me she was goin' back into usin' again
I said, "Wait, first try this hallucinogen
It's better than Heroin, Henn, the booze or the gin
C'mere, let's go in here"

Who's in the den?
It's me and Kelly
My bad, let's try another room
I don't trust you
Shut up slut!
Chew up this mushroom
This'll help you get in touch with your roots
We'll get barefoot, butt naked, and run in the woods
Oh hell, I might as well try 'em, this party is so drab
Oh dag!
What?
I ain't mean for you to eat the whole bag
Huh?!

I never meant to give you mushrooms girl
I never meant to bring you to my world
Now you sitting in the corner crying
And now it's my fault my fault
I never meant to give you mushrooms girl
I never meant to bring you to my world
Now you sitting in the corner crying
And now it's my fault my fault

Yo Sue!
Get away from me, I don't know you
Oh shoot, she's trippin'
I need to go puke

I wasn't tryin to turn this into somethin' major
I just wanted to make you appreciate nature
Susan, stop cryin', I don't hate ya
The world's not against you, I'm sorry your father raped you
So what you had your little coochie in your dad's mouth?
That ain't no reason to start wiggin' and spaz out

She said, "Help me I think I'm havin' a seizure!"
I said, "I'm high too bitch, quit grabbin' my Tshirt"
"Would you calm down you're startin' to scare me"
She said, "I'm twenty six years old and I'm not married
I don't even have any kids and I can't cook"
I'm over here Sue, You're talkin' to the plant, look
We need to get to a hospital before it's too late
'Cause I never seen no one eat
As many mushrooms as you ate

I never meant to give you mushrooms girl
I never meant to bring you to my world
Now you sitting in the corner crying
And now it's my fault my fault
I never meant to give you mushrooms girl
I never meant to bring you to my world
Now you sitting in the corner crying
And now it's my fault my fault

Susan, wait! Where you goin'? You better be careful
Leave me alone dad, I'm sick of gettin' my hair pulled
I'm not your dad, quit tryin' to swallow your tongue
Want some gum? Put down the scissors
Before you do somethin' dumb
I'll be right back just chill baby please
I gotta go find Dave he's the one who gave me these
John, where's Dave at before I bash you
He's in the bathroom, I think he's takin' a crap dude

"Dave, pull up your pants, we need an ambulance
There's a girl upstairs talkin' to plants
Choppin' her hair off, and there's only two days left
Of Spring Break, how long do these things take to wear off?
Well it depends on how may you had
I took 3, she ate the other 22 caps
Now she's upstairs cryin' out her eyeballs, drinkin' Lysol
She's gonna die dude
I know and it's my fault!
My God!

I never meant to give you mushrooms girl
I never meant to bring you to my world
Now you sitting in the corner crying
And now it's my fault my fault
I never meant to give you mushrooms girl

I never meant to bring you to my world
Now you sitting in the corner crying
And now it's my fault my fault

My God, I'm so sorry!
I'm so sorry!
Susan please wake up!
Please, Please wake up
What are you doing?
You're not dead! You're not dead!
I know you're not dead
Oh my God!
Wake up, Susan wake up
Oh my God!

Eminem - Cum on Everybody Lyrics

Yo mic check
Testing one, two um twelve
This is my dancing room can you hear me?

My favorite color is red
Like the blood shed
From Kurt Cobain's head
When he shot himself dead

Women all grabbin' at my shishkabob
Bought Lauryn Hill's tape so her kids could starve
You thought I was livid now I'm even more so
Shit I got full blown AID's and a sore throat

I got a wardrobe with an orange robe
I'm in the fourth row signin' autographs until my show
I just remembered that I'm absent minded
Wait, I mean I've lost my mind I can't find it

I'm freestylin' every verse that I spit
'Coz I don't even remember the words to my shit
I told the doc I need a change in sickness
I gave a girl herpes in exchange for syphalis

Put my L.P on your Christmas gift list
You wanna get high, here bitch just sniff this

Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight

Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight

I tried suicide once and I'll try it again
That's why I write songs where I die at the end
'Coz I don't give a fuck, like my middle finger was stuck
And I was waving it at everybody screamin' "I suck"

I go on stage in front of a sellout crowd
And yell out loud "All of y'all get the hell out now"
Fuck rap, I'm givin' it up y'all, I'm sorry
But Eminem this is your record release party

I'm bored out of my gord
So I took a hammer and nailed my foot
To the floorboard of my Ford

I guess I'm just a sick, sick bastard
Just one sandwich short of a picnic basket
One Excederin tablet short of a full medicine cabinet
I feel like my head has been shredded like lettuce and cabbage

And if you ever see a video for this shit
I'll probably be dressed up like a mummy with my wrists slit

Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight

Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight

Got bitches on my jock out in East Detroit
'Coz they think that I'm a motherfuckin' Beastie Boy
So I told 'em I was Mike D, it was like
G I don't know he might be

I told 'em, "Meet me at Kid Rock's next concert
And I'll be standin' by the Loch Ness monster"
I'm peace out then I jetted to the weed house
Smoked out till I started bustin' freestyles

Broke out then I dipped quick back to the crib, put on lipstick
Crushed up the Tylenol then ate it with a dipstick
Made a couple of crank calls collect
"Ken Kaniff from Connecticut, can you accept?"

I wanna make songs all the fellas dub
And murder every rich rapper that I'm jealous of
So just remember when I bomb your set
Yo, I only cuss to make your mom upset

Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight

Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight

Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight
Come on everybody, get down tonight
...

Eminem - Rock Bottom Lyrics

Ah yeah, yo!
This song is dedicated to all the happy people
All the happy people who have real nice lives
And have no idea whats it like to be broke as fuck

I feel like I'm walking a tight rope without a circus net
I'm popping perkasets, I'm a nervous wreck
I deserve respect but I work a sweat for this worthless check
'Bout to burst this tech at somebody to reverse this debt

Minimum wage got my adrenaline caged, full of venom and rage
Especially when I'm engaged
And my daughter's down to her last diaper, that's got my ass hyper
I pray that God answers, maybe I'll ask nicer

Watching ballers while they flossing in their pathfinders
These overnight stars becoming autograph signers
We'll all goin' to blow up and leave the past behind us
Along with the small fry's and average half pinter's

While playa haters turn bitch like they have vaginas
'Cause we see them dollar signs and let the cash blind us
Money will brainwash you and leave your ass mindless
Snakes slither in the grass spineless

That's rock bottom
When this life makes you mad enough to kill
That's rock bottom
When you want something bad enough to steal
That's rock bottom
When you feel like you have had it up to here
'Cause you mad enough to scream but you sad enough to tear

That's rock bottom
When this life makes you mad enough to kill
That's rock bottom
When you want something bad enough to steal
That's rock bottom
When you feel like you have had it up to here
'Cause you mad enough to scream but you sad enough to tear

My life is full of empty promises and broken dreams
I'm hoping things will look up but there ain't no job openings
I feel discouraged hungry and malnourished
Living in this house with no furnace, unfurnished

And I'm sick of working dead end jobs with lame pay

I'm tired of being hired and fired the same day
But fuck it, if you know the rules to the game, play
'Cause when we die we know were all going the same way

It's cool to be player but it sucks to be the fan
When all you need is bucks to be the man plus a luxury sedan
Too comfortable and roomy in a six
But they threw me in the mix with all these gloomy lunatics

Walk around depressed and smoke a pound of ses a day
And yesterday went by so quick it seems like it was just today
My daughter wants to throw the ball but I'm too stressed to play
Live half my life and throw the rest away

That's rock bottom
When this life makes you mad enough to kill
That's rock bottom
When you want something bad enough to steal
That's rock bottom
When you feel like you have had it up to here
'Cause you mad enough to scream but you sad enough to tear

That's rock bottom
When this life makes you mad enough to kill
That's rock bottom
When you want something bad enough to steal
That's rock bottom
When you feel like you have had it up to here
'Cause you mad enough to scream but you sad enough to tear

There's people that love me and people that hate me
But it's the evil that made me this backstabbing, deceitful and shady
I want the money, the women, the fortune and fame
That means I'll end up burning in Hell scorching in flames

That means I'm stealing your checkbook and forging your name
Just lifetime bliss for eternal torture and pain
'Cause right now I feel like just hit the rock bottom
I got problems, now everybody on my blocks got 'em

I'm screaming like those two cops when Tupac shot 'em
Holding two Glocks, I hope your doors got new locks on 'em
My daughter's feet ain't got no shoes or sock's on 'em
And them rings you wearing look like they got a few rocks on 'em

And while you flaunting them I could be taking them to shops to pawn them
I got a couple of rings and a brand new watch, you want 'em?
'Cause I never went gold of one song
I'm running up on someone's lawns with guns drawn

That's rock bottom
When this life makes you mad enough to kill

That's rock bottom
When you want something bad enough to steal
That's rock bottom
When you feel like you have had it up to here
'Cause you mad enough to scream but you sad enough to tear

That's rock bottom
When this life makes you mad enough to kill
That's rock bottom
When you want something bad enough to steal
That's rock bottom
When you feel like you have had it up to here
'Cause you mad enough to scream but you sad enough to tear
That's rock bottom

Eminem - Just Don't Give a F**k Lyrics

Woah, uh get your hands in the air
And get to clapping 'em and, like, back and forth
Because this is what you thought it wasn't
It be's the brothers representin' the Dirty Dozen
I be the F-R-O the double G
And check out my man, he goes by the name of um, er…

Slim Shady, brain dead like Jim Brady
I'm an M-80, you little like that Kim lady
I'm buzzin', Dirty Dozen, naughty rotten rhymer
Cursin' at you playas worse than Marty Schottenheimer
You wacker than the motherfucker you bit your style from
You ain't gon' sell two copies if you press a double album
Admit it, fuck it, while we coming out in the open
I'm doing acid, crack, smack, coke and smoking dope then
My name is Marshall Mathers, I'm an alcoholic
"Hi, Marshall!"
I have a disease, and they don't know what to call it
Better hide your wallet
'Cause I'm coming up quick to strip your cash
Bought a ticket to your concert just to come and whip your ass
Bitch, I'm coming out swingin', so fast it'll make your eyes spin

You getting knocked the fuck out like Mike Tyson

The proof is in the pudding, just ask DeShaun Holton
I'll slit your motherfucking throat worse than Ron Goldman

So when you see me on your block with two Glocks
Screaming "Fuck the world" like Tupac
I just don't give a fuck
Talking that shit behind my back
Dirty macking, telling your boys that I'm on crack
I just don't give a fuck
So put my tape back on the rack

Go run and tell your friends my shit is wack

I just don't give a fuck
But see me on the street and duck
'Cause you gon' get stuck, stoned, and snuffed
'Cause I just don't give a fuck

I'm nicer than Pete, but I'm on a search to crush a milkbone
I'm everlasting, I melt vanilla ice like silicone
I'm ill enough to just straight up diss you for no reason
I'm colder than snow season when it's 20 below freezin'

Flavor with no seasonin', this is the sneak preview
I'll diss your magazine and still won't get a weak review
I'll make your freak leave you, smell the Folgers crystals
This is lyrical combat, gentlemen, hold your pistols
But I form like Voltron and blast you with my shoulder missiles
Slim Shady, Eminem was the old initials
Extortion, snortin', supportin' abortion

Pathological liar, blowing shit out of proportion
The looniest, zaniest, spontaneous, sporadic

Impulsive thinker, compulsive drinker, addict
Half animal, half man
Dumping your dead body inside of a fucking trash can
With more holes than an afghan

So when you see me on your block with two Glocks
Screaming "Fuck the world" like Tupac
I just don't give a fuck
Talking that shit behind my back

Dirty macking, telling your boys that I'm on crack
I just don't give a fuck
So put my tape back on the rack
Go run and tell your friends my shit is wack
I just don't give a fuck
But see me on the street and duck
'Cause you finna get stuck, stoned, and snuffed

'Cause I just don't give a fuck

Somebody let me out this limousine! I'm a caged demon
On stage screamin' like Rage Against the Machine
I'm convinced I'm a fiend
Shooting up while this record is spinnin'
Clinically brain dead, I don't need a second opinion
Fuck droppin' a jewel, I'm flippin' a sacred treasure
I'll bite your motherfuckin' style, just to make it fresher

I can't take the pressure, I'm sick of bitches
Sick of nagging bosses bitchin' while I'm washin' dishes
In school I never said much, too busy having a headrush
Doing too much rush had my face flushed like red blush
Then I went to Jim Beam, that's when my face grayed
Went to gym in 8th grade, raped the women's swim team
Don't take me for a joke, I'm no comedian
Too many mental problems got me snortin' coke and smokin' weed again
I'm going up over the curb, driving on the median
Finally made it home, but I don't got the key to get in

So when you see me on your block with two Glocks
Screaming "Fuck the world" like Tupac

I just don't give a fuck
Talking that shit behind my back
Dirty macking, telling your boys that I'm on crack
I just don't give a fuck
So put my tape back on the rack
Go run and tell your friends my shit is wack
I just don't give a fuck
But see me on the street and duck
'Cause you gon' get stuck, stoned, and snuffed
'Cause I just don't give a fuck

Shit, fuck everybody!
Outsidaz
Pacewon
Young Zee
Fuck the entire world!

Eminem - Soap Lyrics

Skylar Montgomery?
What do you want from me Roger?
I know it was you all along messing around
With my dear Veronica
Wait a minute, you hold hold it right there
Me and that woman love each other

Love, what do you know of love?
We were destined to be together I met her on the beach
Are you out to destroy me?
No Roger that's not what I want to do
I love her, and we're going to be together
Never

Eminem - As the World Turns Lyrics

(I don't know why this)
Yes man, as the world turns
(World keeps turning round and round)
We all experience things in life
(But I wish it would stop and let me off right now)
Trials and tribulations
(I don't know why this)
That we all must go through
(World keeps turning round and round)
When someone wants to test us
When someone tries our patience
(But I wish it would stop and let me off right now)

I hang with a bunch of hippies
And wacky tobacco planters
Who swallow lit roaches
And light up like Jack-o-lanterns
Outsiders baby, and we suing the courts
'Cuz we're dope as fuck and only get a 2 in the source, yo
They never should've booted me out of reform school

Deformed fool, takin' the shit, now warn bulls
They threw me out the Ramada Inn
I said it wasn't me, I got a twin
Oh my god it's you! Not again
It all started when my mother took my bike away
'Cuz I murdered my guinea pig
And stuck him in the microwave
After that, it was straight to the 40 ouncers
Slappin' teachers, and jackin' off in front of my counselors

Class clown freshman, dressed like Les Nessman
Fuck the next lesson, I'll past the test guessin'
And all the other kids said Eminem's a dishead
He'll never last, the only class he'll pass is Phys Ed
May be true, till I told this bitch in gym class
That she was too fat to swim laps, she needed slim fast
(Who me?)
Yeah bitch you so big you walked into big tanny's
And stepped on Jenny Craig

She picked me up to snap me like a skinny twig
Put me in the headlock, then I thought of my guinea pig
I felt the evilness and started transformin'
It began storming, I heard a bunch of cheering fans swarming
Grabbed that bitch by her hair, drug her across the ground
And took her up to the highest diving board and tossed her down

Sorry coach, it's too late to tell me stop
While I drop this bitch face down and watch her belly flop

(I don't know why this)
As the world turns
(World keeps turning round and round)
These are the days of our lives
These are the things
That we must go through
(But I wish it would stop and let me off right now)
Day by day

We drive around in million dollar sports cars
While little kids hide this tape
From their parents like bad report cards
Outsiders, and we suing the courts
'Cuz we dope as fuck and only get a 2 in the source
Hypercondriac, hanging out at the laundromat
Where all the raunchy fat white trashy blondes be at
Dressed like a sailor, standin' by a pale of garbage

It's almost dark and I'm still tryin' to nail a trailer park bitch
I met a slut and said "What up, its nice to meet ya
I'd like to treat ya to a Bagel and a slice of pizza
But I'm broke as fuck
And I don't get paid till the first of next month
But if you care to join me, I was bout to roll this next blunt
But I ain't got no weed, no Phillies, or no papers
Plus I'm a rapist and a repeated prison escapist

So gimme all your money and don't try nothin' funny
'Cuz you know your stinkin' ass is too fat to try to outrun me"
I went to grab my gun, thats when her ass put it on me
Wit an uppercut and hit me with a basket of laundry
I fell through the glass doors, started causin' a scene
Then slid across the floor and flew right into a washin' machine
Jumped up with a broken back
Thank god I was smokin' crack all day

And doped up off coke and smack
All I wanted to do was rape the bitch and snatch her purse
Now I wanna kill her but so I gotta catch her first
Ran threw alleys, parkin' lots, and took a shortcut
Saw the house she ran up in and shot her fuckin' porch up
Kicked the door down to murder this divorced slut
Looked around the room thats when I seen the bedroom door shut
I know you're in there bitch! I got my gun cocked

You might as well come out now
She said "Come in, its unlocked!"
I walked in and all I smelled was Liz Claiborne
And seen her spread across the bed naked watchin' gay porn

She said "Come her big boy, lets get acquainted"
I turned around to run, twisted my ankle and sprained it
She came at me at full speed, nothin' could stop her
I shot her five times and every bullet bounced off her

I started to beg, "No, please let go"
But she swallowed my fuckin' leg whole like an egg roll
With one leg left, now I'm hoppin' around crippled
I grabbed my pocket knife and sliced off her right nipple
Just trying to buy me some time, then I remembered this magic trick
Den den den den den den, go go gadget dick
Whipped that shit out, and ain't no doubt about it
It hit the ground and caused an earthquake and power outage
I shouted "Now bitch, lets see who gets the best!"
Stuffed that shit in crooked and fucked that fat slut to death

{Come here bitch
Come here
Take this motherfuckin' dick
Bitch, come here}

(I don't know why this)
And as we go along
Throughout the days of our lives
(World keeps turning round and round)
(But I wish it would stop and let me off right now)
We all face small obstacles
(I don't know why this)
And challenges everyday
That we must go through
(World keeps turning round and round)

These are the things that surround us
Through our atmosphere
(But I wish it would stop and let me off right now)
Every day
(I don't know why this)
Every single day the world keeps turning
Keeps turning
Keeps turning
(World keeps turning round and round)
(But I wish it would stop and let me off right now)

Eminem - I'm Shady Lyrics

Who came through with two Glocks to terrorize your borough
Told you how to slap dips and murder your girl
Gave you all the finger and told you to sit and twirl
Sold a billion tapes and still screamed fuck the world

So come and kill me while my name's hot
And shoot me twenty five times in the same spot
Think I've got a generation brainwashed
To pop pills and smoke pot till they brains rot

Stop they blood flow 'til they veins clot
I need a pain shot, and a shot of plain scotch
Purple haze and acid raindrops
Spike the punch at the party and drain pop

Shaved my armpits and wore a tank top
Bad Boy, I told you that I can't stop
Gotta make 'em fear you before you make 'em feel you
So everybody buy my shit or I'ma come and kill you

I got mushrooms, I got acid, I got tabs and aspirin tablets
I'm your brother when you need some new weed to set you free
You know me, I'm your friend when you need a mini thin, Slim Shady
I'm Shady

I like happy things, I'm really calm and peaceful
I like birds, bees, I like people
I like funny things that make me happy and gleeful
Like when my teacher sucked my wee-wee in preschool

The ill type, I stab myself with a steel spike
While I blow my brain out, took a see what it feels like
And this is how I am in real life
I don't want to just die a normal death, I wanna be killed twice

How you wanna scare somebody with a gun threat
When they're high off of drugs they haven't even done yet
So bring the money by tonight
'Cause your wife says this is the biggest knife she ever saw in her life

I try to keep it positive and play it cool
Shoot up the playground and tell the kids to stay in school
'Cause I'm the one they can relate to and look up to better
Tonight I think I'll write my biggest fan a 'Fuck you' letter

I got mushrooms, I got acid, I got tabs and aspirin tablets
I'm your brother when you need some new weed to set you free

You know me, I'm your friend when you need a mini thin, Slim Shady
I'm Shady

Yo, I listen to your demo tape and act like I don't like it
Six months later you hear your lyrics on my shit
People don't buy shit no more they just dub it
That's why I'm still broke and had the number one club hit

But they love it when you make your business public
So fuck it, I've got herpes while we're on the subject
And if I told you I had AIDS y'all would play it
'Cause you stupid motherfuckers think I'm playin' when I say it

I do take pills, don't do speed
Don't do crack, don't do coke, I do smoke weed
Don't do smack, I do do shrooms
Do drink beer, I just wanna make a few things clear

My baby mama's not dead, she's still alive and bitchin'
And I don't have herpes, my dick's just itchin'
It's not syphilis, and as for bein' AIDS infested
I don't know yet, I'm too scared to get tested

I got mushrooms, I got acid, I got tabs and aspirin tablets
I'm your brother when you need some new weed to set you free
You know me, I'm your friend when you need a mini thin, Slim Shady
I'm Shady

I told you I was Shady, yo, y'all didn't wanna believe me
I'm Shady and that's my name

Eminem - Bad Meets Evil Lyrics

I reckon you ain't familiar with these here parts
You know, there's a story behind that there saloon
Twenty years ago, two outlaws took this whole town over
Sheriffs couldn't stop 'em, quickest damn gun slinger I've ever seen
Got murdered in cold blood, that ol' saloon there was their lil' home
Away from home, they say the ghosts of bad and evil still live
In that tavern and on a quiet night, you can still hear the footsteps of Slim Shady and Royce Da Five-Nine

I don't speak, I float in the air wrapped in a sheet
I'm not a real person, I'm a ghost trapped in a beat
I translate when my voice is read through a seismograph
And a noise is bred, picked up and transmitted through Royce's head
Trapped him in his room, possessed him and hoist his bed
Till the evilness flows through his blood like poisonous lead
Told him each one of his boys is dead
I asked him to come to the dark side, he made a choice and said

Who hard? yo I done heard worse
We can get in two cars and accelerate at each other
To see which one'll swerve first
Two blind bandits panic, whose mental capacity holds
That of a globe on top of nine other planets
Kissed the cheek of the devil, intelligence level is hellier than
Treble peakin' on speakers in the ghetto

Dismissal, I'm not a fair man, disgraced the race of a atheist
Intercepting missiles wit my bare hands like a patriot
One track sliced without swords, I buried the Christ corpse
In my past life when the black knight mounted the white horse
And stay over-worked, its like the Nazis in the nations
Collaborating, attemptin' to take over the earth

'Cuz this is what happens when bad meets evil
We hit the trees till we look like Vietnamese people
He's evil, and I'm bad like Steve Segal
Above the law 'cuz I don't agree wit police either
We ain't eager to be legal
So please leave me with the keys to your jeep eagle

I breathe ether in three amounts
When I stab myself in the knee with a diseased needle
Releasin' rage on anybody in squeezing range
Cold enough to make the seasons change into freezing rain
He's insane, no I'm not, I just want to shoot up
And I'm pissed off 'cuz I can't find a decent vain

The disaster wit dreads

I'm bad enough to commit suicide and survive long enough
To kill my soul after I'm dead
When in danger it's funny actually my flavor's similar to a waiter
'Cuz I serve any stranger with money
I spray a hundred, man until they joint chains
While slippin' bullets at point blank range like they was punches
Piss on a flag and burn it, murder you then come to your funeral

Serve this lobbyist, strangle your body then confirm you
Whippin' human ass, throwin' blows crackin' jaws
Wit my fists wrapped in gauze, dipped in glue and glass
I'm blazin' MC's, at the same time amazin' MC's
Somehow MC's ain't that eye-brow raisin' to me
From all of angles of us, flash a mack loud enough
To cast a avalanche and bust till volcanoes erupt

Hello? Billy, aiyyo what's up
We're comin' to get you
Stop, they know it's us

I used to be a loudmouth, remember me?
I'm the one who burned your house down
Well I'm out now, and this time
I'm comin' back to blow your house up
And I ain't gone leave you a window to jump out of
Give me two fat tabs and three shrooms
And you won't see me like fat people in steam rooms
And when I go to hell and I'm gettin ready to leave
I'ma put air in a bag and charge people to breathe

'Cuz this is what happens when bad meets evil
And we hit the trees till we look like Vietnamese people
He's Evil, and I'm Bad like Steve Segal
Against peaceful, see you in hell for the sequel
We'll be waitin', See you in hell
Wall Street, Royce Da Five-Nine, Slim Shady
See you in hell for the sequel, bye bye
Bad meets evil, what? Till next time

{And so that's the story when bad meets evil
Two of the most wanted individuals in the county
Made Jesse James and Billy the Kid look like law-abiding citizens
It's too bad they had to go out the way they did
Got shot in the back comin' out of that ol' saloon
But their spirits still live on till this day
Wait, did y'all hear that?}

Eminem - Still Don't Give a Fuck Lyrics

A lot of people ask me
Am I afraid of death?
Hell yeah, I'm afraid of death
I don't want to die yet
A lot of people think that I worship the devil
That I do all types of retarded shit
Look, I can't change the way I think
And I can't change the way I am
But if I offended you
Good
'Cause I still don't give a fuck

I'm zoning off of one joint stopping a limo
Hopped in the window, shopping a demo at gunpoint
A lyricist without a clue, what year is this?
Fuck a needle here's a sword, body pierce with this
Living amok, never giving a fuck
Gimme the keys, I'm drunk and I've never driven a truck
But I smoke dope in a cab
I'll stab you with the sharpest knife I can grab
Come back the next week and re-open your scab
A killer instinct runs in the blood
Emptying full clips and burying guns in the mud
I've calmed down now I was heavy once into drugs
I could walk around straight for two months with a buzz
My brain's gone, my soul's worn and my spirit is torn
The rest of my body's still being operated on
I'm ducked the fuck down while I'm writing this rhyme
'Cause I'm probably gonna get struck with lightning this time

For all the weed that I've smoked
Yo this blunt's for you
To all the people I've offended
Yeah, fuck you too!
To all the friends I used to have
Yo, I miss my past
But the rest of you assholes can kiss my ass
For all the drugs that I've done
Yo I'm still gonna do
To all the people I've offended
Yeah, fuck you too!
For every time I reminisce
Yo, I miss my past
But I still don't give a fuck, y'all can kiss my ass

I walked into a gunfight with a knife to kill you
And cut you so fast when your blood spilled, it was still blue

I'll hang you till you dangle and chain you with both ankles
And pull you apart from both angles
I wanna crush your skull till your brains leaks out of your veins
And bust open like broken water mains
So tell Saddam not to bother with making another bomb
'Cause I'm crushing the whole world in my palm
Got your girl on my arm and I'm armed with a firearm
So big my entire arm is a giant firebomb
Buy your Mom a shirt with a Slim Shady iron-on
And the pants to match
"Here momma, try 'em on"
I get imaginative with a mouth full of adjectives
A brain full of adverbs, and a box full of laxatives
Causing hospital accidents
God help me before I commit some irresponsible acts again

For all the weed that I've smoked
Yo this blunt's for you
To all the people I've offended
Yeah, fuck you too!
To all the friends I used to have
Yo, I miss my past
But the rest of you assholes can kiss my ass
For all the drugs that I've done
Yo I'm still gonna do
To all the people I've offended
Yeah, fuck you too!
For every time I reminisce
Yo, I miss my past
But I still don't give a fuck, y'all can kiss my ass

I wanted an album so rugged nobody could touch it
Spent a million a track and went over my budget
Now how in the fuck am I supposed to get out of debt?
I can't rap anymore, I just murdered the alphabet
Drug sickness got me doing some bugged twitches
I'm withdrawing from crack so bad my blood itches
I don't rap to get the women, fuck bitches
Give me a fat slut that cooks and does dishes
Never ran with a clique, I'm a posse
Kamikaze, strapping a motherfucking bomb across me
From the second I was born my Momma lost me
I'm a cross between Manson, Esham and Ozzy
I don't know why the fuck I'm here in the first place
My worst day on this earth was my first birthday
Retarded? What did that nurse say? Brain damage?
Fuck, I was born during an earthquake

For all the weed that I've smoked
Yo this blunt's for you
To all the people I've offended
Yeah, fuck you too!

To all the friends I used to have
Yo, I miss my past
But the rest of you assholes can kiss my ass
For all the drugs that I've done
Yo I'm still gonna do
To all the people I've offended
Yeah, fuck you too!
For every time I reminisce
Yo, I miss my past
But I still don't give a fuck, y'all can kiss my ass

Eminem - Public Service Announcement 2000 Lyrics

This is another public service announcement
Brought to you, in part, by Slim Shady
(Tell 'em I don't give a fuck)
Slim shady does not give a fuck, what you think?
(Tell 'em to suck it)

If you don't like it, you can suck his fucking cock
(Tell 'em they kissed my ass)
Little did you know, upon purchasing this album
You have just kissed his ass
(Tell 'em I'm fed up)

Slim Shady is fed up with your shit
And he's going to kill you
(Yeah)
Anything else?
Yeah, sue me

Eminem - Kill You Lyrics

When I was just a little baby boy
My Mama used to tell me these crazy things
She used to tell me my Daddy was an evil man
She used to tell me he hated me
But then I got a little bit older
And I realized, she was the crazy one
But there was nothin' I could do or say to try to change it
'Cause that's just the way she was

They said I can't rap about bein' broke no more
They ain't say I can't rap about coke no more
Slut, you think I won't choke no whore
Till the vocal cords don't work in her throat no more?
These motherfuckers are thinkin', I'm playin'
Thinkin I'm sayin' this shit cause I'm thinkin it just to be sayin' it
Put your hands down bitch, I ain't gon' shoot you
I'ma pull you to this bullet and put it through you
Shut up slut, you're causin' too much chaos
Just bend over and take it like a slut, okay Ma?

Oh, now he's raping his own mother, abusing a whore
Snorting coke, and we gave him the Rolling Stone cover?
You god damn right bitch and now it's too late
I'm triple platinum and tragedies happened in two states
I invented violence, you vile venomous volatile bitches
Vain Vicadin, vrinnn vrinnn vrinnn
Texas Chainsaw, left his brains all
Danglin' from his neck, while his head barely hangs on
Blood, guts, guns, cuts
Knives, lives, wives, nuns, sluts

Bitch I'ma kill you! You don't wanna fuck with me
Girls neither, you ain't nuttin' but a slut to me
Bitch I'ma kill you! You ain't got the balls to beef
We ain't gon' never stop beefin' I don't squash the beef
You better kill me! I'ma be another rapper dead
For poppin' off at the mouth with shit I shouldn'ta said
But when they kill me I'm bringin' the world with me
Bitches too! You ain't nuttin' but a girl to me
I said, "You don't, wanna fuck with Shady
('Cause why?)
'Cause Shady, will fuckin' kill you"
I said, "You don't, wanna fuck with Shady
(Why?)
'Cause Shady, will fuckin' kill you"

Bitch I'ma kill you! Like a murder weapon, I'ma conceal you

In a closet with mildew, sheets, pillows and film you
Fuck with me, I been through hell, shut the hell up
I'm tryin' to develop these pictures of the Devil to sell 'em
I ain't 'Acid Rap' but I rap on acid
Got a new blow up doll and just had a strap on added
Whoops! Is that a subliminal hint? No!
Just criminal intent to sodomize women again
Eminem offend? No! Eminem'll insult
And if you ever give in to him, you give him an impulse
To do it again, then, if he does it again

You'll probably end up jumpin' out of somethin' up on the tenth
Bitch I'ma kill you, I ain't done this ain't the chorus
I ain't even drug you in the woods yet to paint the forest
A bloodstain is orange after you wash it three or four times
In a tub but that's normal' ain't it Norman?
Serial killer hidin' murder material
In a cereal box on top of your stereo
Here we go again, we're out of our medicine
Out of our minds, and we want in yours, let us in

Or I'ma kill you! You don't wanna fuck with me
Girls neither, you ain't nuttin' but a slut to me
Bitch I'ma kill you! You ain't got the balls to beef
We ain't gon' never stop beefin' I don't squash the beef
You better kill me! I'ma be another rapper dead
For poppin' off at the mouth with shit I shouldn'ta said
But when they kill me I'm bringin' the world with me
Bitches too! You ain't nuttin' but a girl to me
I said, "You don't, wanna fuck with Shady
('Cause why?)
'Cause Shady, will fuckin' kill you"
I said, "You don't, wanna fuck with Shady
(Why?)
'Cause Shady, will fuckin' kill you"

Know why I say these things?
'Cause lady's screams keep creepin' in Shady's dreams
And the way things seem, I shouldn't have to pay these shrinks
This eighty G's a week to say the same things threece
Twice? Whatever, I hate these things
Fuck shots! I hope the weed'll outweigh these drinks
Motherfuckers want me to come on their radio shows
Just to argue with 'em cause their ratings stink?
Fuck that! I'll choke radio announcer to bouncer
From fat bitch to all seventy-thousand pounds of her
From principal to the student body and counselor

From in school to before school to out of school
I don't even believe in breathin', I'm leavin' air in your lungs
Just to hear you keep screamin' for me to seep it
Okay, I'm ready to go play, I got machete from O.J.

I'm ready to make everyone's throats ache
You faggots keep eggin' me on
Till I have you at knifepoint, then you beg me to stop?
Shut up! Give me your hands and feet
I said, "Shut up", when I'm talkin' to you
You hear me? Answer me

Or I'ma kill you! You don't wanna fuck with me
Girls neither, you ain't nuttin' but a slut to me
Bitch I'ma kill you! You ain't got the balls to beef
We ain't gon' never stop beefin' I don't squash the beef
You better kill me! I'ma be another rapper dead
For poppin' off at the mouth with shit I shouldn'ta said
But when they kill me, I'm bringin' the world with me
Bitches too! You ain't nuttin' but a girl to me
Bitch I'ma kill you!
I said, "You don't, wanna fuck with Shady
('Cause why?)
'Cause Shady, will fuckin' kill you"
I said, "You don't, wanna fuck with Shady
(Why not?)
'Cause Shady, will fuckin' kill you"

I'm just playin' ladies
You know I love you

Eminem - Stan Lyrics

My tea's gone cold I'm wondering why I?
Got out of bed at all
The morning rain clouds up my window
And I can't see at all
And even if I could it'd all be gray
But your picture on my wall
It reminds me that it's not so bad
It's not so bad

My tea's gone cold I'm wondering why I?
Got out of bed at all
The morning rain clouds up my window
And I can't see at all
And even if I could it'd all be gray
But your picture on my wall
It reminds me that it's not so bad
It's not so bad

Dear Slim, I wrote you but you still ain't callin'
I left my cell, my pager
And my home phone at the bottom
I sent two letters back in autumn
You must not have got 'em
It probably was a problem
At the post office or somethin'

Sometimes I scribble addresses
Too sloppy when I jot 'em
But anyways fuck it
What's been up man, how's your daughter?
My girlfriend's pregnant too
I'm out to be a father
If I have a daughter, guess what I'm a call her?
I'm a name her Bonnie

I read about your Uncle Ronnie too, I'm sorry
I had a friend kill himself over some bitch
Who didn't want him
I know you probably hear this everyday
But I'm your biggest fan
I even got the underground shit that you did with scam

I got a room full of your posters
And your pictures man
I like the shit you did with Ruckus too
That shit was fat
Anyways I hope you get this, man

Hit me back just to chat
Truly yours, your biggest fan
This is Stan

My tea's gone cold I'm wondering why I?
Got out of bed at all
The morning rain clouds up my window
And I can't see at all
And even if I could it'd all be gray
But your picture on my wall
It reminds me that it's not so bad
It's not so bad

Dear Slim, you still ain't called or wrote
I hope you have the chance, I ain't mad
I just think it's fucked up, you don't answer fans
If you didn't want to talk to me
Outside the concert you didn't have to
But you could've signed an autograph for Matthew
That's my little brother man

He's only 6 years old
We waited in the blistering cold for you
For 4 hours and you just said "No"
That's pretty shitty man
You're like his fuckin' idol
He wants to be just like you man
He likes you more than I do

I ain't that mad though I just don't like bein' lied to
Remember when we met in Denver
You said if I write to you, you would write back
See I'm just like you in a way
I never knew my father neither
He used to always cheat on my mom and beat her

I can relate to what you're sayin' in your songs
So when I have a shitty day
I drift away and put 'em on
Cause I don't really got shit else
So that shit helps when I'm depressed
I even got a tattoo
With your name across the chest

Sometimes I even cut myself
To see how much it bleeds?
It's like Adrenaline
The pain is such a sudden rush for me
See everything you say is real
And I respect you 'cause you tell it
My girlfriend's jealous
'Cause I talk about you 24/7

But she don't know you like
I know you Slim, no one does
She don't know what it was like?
For people like us growing up
You've gotta call me man
I'll be the biggest fan you'll ever lose
Sincerely yours, Stan
P.S. We should be together too

My tea's gone cold I'm wondering why I?
Got out of bed at all
The morning rain clouds up my window
And I can't see at all
And even if I could it'd all be gray
But your picture on my wall
It reminds me that it's not so bad
It's not so bad

Dear Mister, I'm too good to call or write my fans
This'll be the last package I ever send your ass
It's been six months and still no word
I don't deserve it?
I know you got my last two letters
I wrote the addresses on 'em perfect

So this is my cassette I'm sending you
I hope you hear it
I'm in the car right now
I'm doing 90 on the freeway
Hey Slim, I drink a fifth of vodka
Ya dare me to drive?

You know this song by Phil Collins
'From the air in the night'
About that guy who could have saved
That other guy from drowning?
But didn't, then Phil saw it all
Then at his show he found him

That's kinda how this is
You could have rescued me from drowning
Now it's too late
I'm on a thousand downers, now I'm drowsy

And all I wanted was a lousy letter or a call
I hope you know
I ripped all your pictures off the wall
I loved you Slim, we could have been together
Think about it, you ruined it now

I hope you can't sleep and you dream about it

And when you dream, I hope you can't sleep
And you scream about it
I hope your conscious eats at you
And you can't breathe without me

See Slim, "Shut up bitch!
I'm trying to talk"
Hey Slim, that's my girlfriend screaming in the trunk
But I didn't slit her throat I just tied her up
See I ain't like you
'Cause if she suffocates she'll suffer more
And then she'll die too

Well gotta go
I'm almost at the bridge now
Oh shit! I forgot!
How am I supposed to send this shit out?

My tea's gone cold I'm wondering why I?
Got out of bed at all
The morning rain clouds up my window
And I can't see at all
And even if I could it'd all be gray
But your picture on my wall
It reminds me that it's not so bad
It's not so bad

Dear Stan, I meant to write you sooner
But I've just been busy
You said your girlfriend's pregnant now
How far along is she?
Look I'm really flattered
You would call your daughter that
And here's an autograph for your brother
I wrote it on your starter cap

I'm sorry I didn't see you at the show
I must have missed you
Don't think I did that shit intentionally
Just to diss you
And what's this shit you said about
You like to cut your wrist too?
I say that shit just clownin' dawg
C'mon, how fucked up is you?

You got some issues Stan
I think you need some counselin"
To help your ass from bouncin' off the walls
When you get down some
And what's this shit about us
Meant to be together?
That type of shit'll make me not want us

To meet each other

I really think you and your girlfriend
Need each other
Or maybe you just need to treat her better
I hope you get to read this letter
I just hope it reaches you in time
Before you hurt yourself
I think that you'll be doin' just fine
If you'd relax a little

I'm glad I inspire you
But Stan, why are you so mad?
Try to understand
That I do want you as a fan
I just don't want you to do some crazy shit
I seen this one shit on the news
A couple weeks ago that made me sick

Some dude was drunk and drove his car over a bridge
And had his girlfriend in the trunk
And she was pregnant with his kid
And in the car they found a tape
But it didn't say who it was to?
Come to think about it
His name was, it was you! Damn!

Eminem - Paul (Skit) Lyrics

Em, what's goin' on?
This is Paul Rosenburg here, faithful attorney o' law
Listen, I er, listened to the rough copy of your album

And uh, you know I just gotta be honest with you
Could you turn it down a little bit?
Because there's only so much I can explain, give me a call

Eminem - Who Knew Lyrics

(I never knew I)
(I never knew I)
Mic check, one two
(I never knew I)
Who woulda knew?
(I never knew I)
Who'da known?
(I never knew I)

Fuck, what a story
(I never knew I)
Motherfucker comes out
(I never knew I)
And sells a couple of million records
(I never knew I)
And these motherfuckers hit the ceiling
(I never knew I)

I don't do black music, I don't do white music
I make fight music, for high school kids
I put lives at risk, when I drive like this
I put wives at risk with a knife like this
Shit, you probably think I'm in your tape deck now
I'm in the back seat of your truck, with duct tape stretched out
Ducked the fuck way down, waitin' to straight jump out
Put it over your mouth, and grab you by the face, what now?
Oh, you want me to watch my mouth, how?
Take my fuckin' eyeballs out, and turn 'em around

Look, I'll burn your fuckin' house down, circle around
And hit the hydrant, so you can't put your burnin' furniture out
I'm sorry, there must be a mix up
You want me to fix up lyrics while the President gets his dick sucked?
Fuck that, take drugs, rape sluts
Make fun of gay clubs, men who wear make up
Get aware, wake up, get a sense of humor
Quit tryin' to censor music, this is for your kid's amusement
But don't blame me, when lil' Eric jumps off of the terrace
You shoulda been watchin' him, apparently you ain't parents

'Cause I never knew I, knew I would get this big
I never knew I, knew I'd effect this kid
I never knew I'd, get him to slit his wrist
I never knew I'd, get him to hit this bitch
I never knew I, knew I would get this big
I never knew I, knew I'd effect this kid
I never knew I'd, get him to slit his wrist

I never knew I'd, get him to hit this bitch

So who's bringin' the guns in this country?
I couldn't sneak a plastic pellet gun through customs over in London
And last week, I seen a Schwarzenegger movie
Where he's shootin' all sorts of these motherfuckers with a Uzi
I sees three little kids, up in the front row
Screamin, "Go", with their seventeen year old uncle
I'm like, "Guidance, ain't they got the same moms and dads
Who got mad when I asked, if they liked violence?"

And told me that my tape taught 'em to swear
What about the make up you allow, your twelve year old daughter to wear?
So tell me, that your son doesn't know any cuss words
When his bus driver's screamin' at him, fuckin' him up worse
And 'Fuck' was the first word I ever learned
Up in the third grade, flippin' the gym teacher the bird

So read up, about how I used to get beat up
Peed on, be on free lunch, and change school every three months
My life's like kinda what my wife's like
Fucked up after I beat her fuckin' ass every night
So how much easier would life be
If nineteen million motherfuckers grew to be just like me?

'Cause I never knew I, knew I would get this big
I never knew I, knew I'd effect this kid
I never knew I'd, get him to slit his wrist
I never knew I'd, get him to hit this bitch
I never knew I, knew I would get this big
I never knew I, knew I'd effect this kid
I never knew I'd, get him to slit his wrist
I never knew I'd, get him to hit this bitch, I never knew I'd

Have a new house or a new car
A couple years ago I was more poorer than you are
I don't got that bad of a mouth, do I?
Fuck shit ass bitch cunt, shooby de doo wop
Skibbedy be bop, a Christopher Reeves
Sonny Bono, skis horses and hittin' some trees
How many retards'll listen to me?
And run up in the school shootin'
When they're pissed at a teach

Her, him, is it you, is it them?
Wasn't me, Slim Shady said to do it again!
Damn! How much damage can you do with a pen?
Man I'm just as fucked up as you woulda been
If you woulda been, in my shoes, who woulda thought?
Slim Shady would be somethin' that you woulda bought
That woulda made you get a gun and shoot at a cop
I just said it, I ain't know if you'd do it or not

'Cause I never knew I, knew I would get this big
I never knew I, knew I'd effect this kid
I never knew I'd, get him to slit his wrist
I never knew I'd, get him to hit this bitch
I never knew I, knew I would get this big
I never knew I, knew I'd effect this kid
I never knew I'd, get him to slit his wrist
I never knew I'd, get him to hit this bitch

How the fuck was I supposed to know?

Eminem - Steve Berman Lyrics

Am what's up?
Steve Berman, what's goin' on man?
How you doin'? Good to see you again
What's up?

Am could you come in here and have a seat please?
Hmm, yeah, what's up?
Venessa shut the door
Okay

So, what's up? How it's odd lookin'
For the first week
It would be better if you gave me nothin' at all
This album is less than nothin'

I can't sell this fuckin' record
What?
Do you know what's happenin' to me out there?
What's the problem?

Violet Crayon told me to go fuck myself
Who's Violet?
Taylor records told me to shove this record up my ass
Do you know, what it feels like to be told
Have a record shoved up your ass?

I'm gonna lose my fuckin' job over this
Do you know why Dre's record was so successful?
He's rappin' about big screen TV's, blondes, forty's and bitches
You're rappin' about homosexuals and Vicada

I can't sell this shit
Either change the record or it's not comin' out
Now get the fuck out of my office
What I'm I supposed to?

Now
Alright man

Eminem - The Way I Am Lyrics

Whatever, Dre, just let it run
Aiyyo, turn the beat up a little bit
Aiyyo, this song is for anyone, fuck it
Just shut up and listen, aiyyo

I sit back with this pack of Zig Zags and this bag
Of this weed it gives me the shit needed to be
The most meanest MC on this, on this Earth
And since birth I've been cursed with this curse to just curse

And just blurt this berserk and bizarre shit that works
And it sells and it helps in itself to relieve
All this tension dispensin' these sentences
Gettin' this stress that's been eatin' me recently off of this chest

And I rest again peacefully
(Peacefully)
But at least have the decency in you
To leave me alone when you freaks see me out
In the streets when I'm eatin' or feedin' my daughter
To not come and speak to me
(Speak to me)

I don't know you and no
I don't owe you a motherfuckin' thing
I'm not Mr. N'Sync, I'm not what your friends think
I'm not Mr. Friendly, I can be a prick
If you tempt me, my tank is on empty
(Is on empty)

No patience is in me and if you offend me
I'm liftin' you 10 feet in the air
(Liftin' you 10 feet)
I don't care who is there and who saw me destroy you

Go, call you a lawyer, file you a lawsuit
I'll smile in the courtroom and buy you a wardrobe
I'm tired of all you
(Of all you)
I don't mean to be mean
But that's all I can be is just me

And I am, whatever you say I am
If I wasn't then why would I say I am?
In the paper, the news everyday I am
Radio won't even play my jam

'Cause I am, whatever you say I am
If I wasn't, then why would I say I am?
In the paper, the news everyday I am
I don't know it's just the way I am

Sometimes I just feel like my father, I hate to be bothered
With all of this nonsense, it's constant
And, "Oh, it's his lyrical content, the song
'Guilty Conscience' has gotten such rotten responses"

And all of this controversy circles me
And it seems like the media immediately
Points a finger at me
(Finger at me)
So I point one back at 'em but not the index or pinkie
Or the ring or the thumb, it's the one you put up

When you don't give a fuck, when you won't just put up
With the bullshit they pull 'cause they full of shit too
When a dude's gettin' bullied and shoots up his school
And they blame it on Marilyn and the heroin
(On Marilyn)

Where were the parents at? And look where it's at
Middle America, now, it's a tragedy
Now, it's so sad to see, an upper class city
Havin' this happenin'
(This happenin')

Then attack Eminem 'cause I rap this way
(Rap this way)
But I'm glad 'cause they feed me the fuel that I need for the fire
To burn and it's burnin' and I have returned

And I am, whatever you say I am
If I wasn't then why would I say I am?
In the paper, the news everyday I am
Radio won't even play my jam

'Cause I am, whatever you say I am
If I wasn't, then why would I say I am?
In the paper, the news everyday I am
I don't know it's just the way I am

I'm so sick and tired of bein' admired
That I wish that I would just die or get fired
And dropped from my label and stop with the fables
I'm not gonna be able to top on "My Name is"

And pigeon holed into some poppy sensation
To cop me rotation at rock 'n' roll stations
And I just do not got the patience

(Got the patience)
To deal with these cocky Caucasians who think
I'm some wigger who just tries to be black 'cause I talk

With an accent and grab on my balls so they always keep askin'
The same fuckin' questions
(Fuckin' questions)
What school did I go to, what hood I grew up in?

The why, the who what when, the where and the how
'Til I'm grabbin' my hair and I'm tearin' it out
'Cause they drivin' me crazy, I can't take it
(Drivin' me crazy)
I'm racin', I'm pacin', I stand and I sit

And I'm thankful for every fan that I get
But I can't take a shit in the bathroom
Without someone standin' by it
No, I won't sign your autograph
You can call me an asshole I'm glad

'Cause I am, whatever you say I am
If I wasn't then why would I say I am?
In the paper, the news everyday I am
Radio won't even play my jam

'Cause I am, whatever you say I am
If I wasn't, then why would I say I am?
In the paper, the news everyday I am
I don't know it's just the way I am

Eminem - The Real Slim Shady Lyrics

May I have your attention please?
May I have your attention please?
Will, The Real Slim Shady please stand up?
I repeat will, The Real Slim Shady please stand up?
We're gonna have a problem here

Y'all act like you never seen a white person before
Jaws all on the floor like Pam, like Tommy just burst in the door
And started whoopin' her ass worse than before
They first were divorce, throwin' her over furniture
It's the return of the, "Ah, wait, no way, you're kidding
He didn't just say what I think he did, did he?"
And Dr. Dre said, nothing you idiots
Dr. Dre's dead, he's locked in my basement!
Feminist women love Eminem
Chigga chigga chigga, "Slim shady, I'm sick of him

Look at him, walkin' around grabbin' his you-know-what
Flippin' the you-know-who, yeah, but he's so cute though!"
Yeah, I probably got a couple of screws up in my head loose
But no worse, than what's goin' on in your parents' bedrooms
Sometimes, I wanna get on T.V. and just let loose, but can't
But it's cool for Tom Green to hump a dead moose
"My bum is on your lips, my bum is on your lips
And if I'm lucky, you might just give it a little kiss"
And that's the message that we deliver to little kids
And expect them not to know what a woman's clitoris is

Of course they gonna know what intercourse is
By the time they hit fourth grade
They got the discovery channel don't they?
"We ain't nothing but mammals", well, some of us cannibals
Who cut other people open like cantaloupes
But if we can hump dead animals and antelopes
Then there's no reason that a man and another man can't elope
But if you feel like I feel, I got the antidote
Women wave your pantyhose, sing the chorus and it goes

I'm slim shady, yes I'm the real shady
All you other slim shadys are just imitating
So won't The Real Slim Shady please stand up
Please stand up, please stand up?

'Coz I'm slim shady, yes I'm the real shady
All you other slim shadys are just imitating
So won't The Real Slim Shady please stand up
Please stand up, please stand up?

Will Smith don't gotta cuss in his raps to sell his records
Well I do, so fuck him and fuck you too
You think I give a damn about a Grammy?
Half of you critics can't even stomach me, let alone stand me
"But slim, what if you win, wouldn't it be weird?"
Why? So you guys could just lie to get me here?
So you can, sit me here next to Britney Spears?
Shit, Christina Aguilera better switch me chairs
So I can sit next to Carson Daly and Fred Durst
And hear 'em argue over who she gave head to first

You little bitch, put me on blast on M.T.V
"Yeah, he's cute, but I think he's married to Kim, hee-hee!"
I should download her audio on MP3
And show the whole world how you gave Eminem VD
I'm sick of you little girl and boy groups, all you do is annoy me
So I have been sent here to destroy you
And there's a million of us just like me
Who cuss like me, who just don't give a fuck like me
Who dress like me, walk, talk and act like me
And just might be the next best thing but not quite me

'Coz I'm slim shady, yes I'm the real shady
All you other slim shadys are just imitating
So won't The Real Slim Shady please stand up
Please stand up, please stand up?

'Coz I'm slim shady, yes I'm the real shady
All you other slim shadys are just imitating
So won't The Real Slim Shady please stand up
Please stand up, please stand up?

I'm like a head trip to listen to, cause I'm only givin' you
Things you joke about with your friends inside your living room
The only difference is I got the balls to say it
In front of y'all and I don't gotta be false or sugarcoated at all
I just get on the mic and spit it
And whether you like to admit it, I just shit it
Better than ninety percent of you rappers out can
Then you wonder how can kids eat up these albums like Valiums

It's funny, 'cause at the rate I'm goin when I'm thirty
I'll be the only person in the nursin' home flirting
Pinchin' nurses asses when I'm jackin' off with jergens
And I'm jerkin' but this whole bag of Viagra isn't working
And every single person is a slim shady lurkin'
He could be workin' at Burger King, spittin' on your onion rings
Or in the parkin' lot, circling, screaming, "I don't give a fuck!"
With his windows down and his system up

So, will the real shady please stand up?

And put one of those fingers on each hand up?
And be proud to be outta your mind and outta control
And one more time, loud as you can, how does it go?

I'm slim shady, yes I'm the real shady
All you other slim shadys are just imitating
So won't The Real Slim Shady please stand up
Please stand up, please stand up?

'Coz I'm slim shady, yes I'm the real shady
All you other slim shadys are just imitating
So won't The Real Slim Shady please stand up
Please stand up, please stand up?

'Coz I'm slim shady, yes I'm the real shady
All you other slim shadys are just imitating
So won't The Real Slim Shady please stand up
Please stand up, please stand up?

'Coz I'm slim shady, yes I'm the real shady
All you other slim shadys are just imitating
So won't The Real Slim Shady please stand up
Please stand up, please stand up?

Ha ha
Guess there's a slim shady in all of us
Fuck it, let's all stand up

Eminem - Remember Me? Lyrics

Remember me?
(Seven executions)
Remember me?
(I have no remorse)

Remember me?
(I'm 'High Powered')
Remember me?
(I drop bombs like Hiroshima)

For this one it's the X, you retarded?
'Cause I grab the mic and get down, like Syndrome
Hide and roam into the masses, without boundaries
Which qualifies me for the term 'Universal'

Without no rehearsal, I leak words that's controvers'al
Like I'm not the one you wanna contest, see
'Cause I'll hit yo' ass like the train did that bitch
That got "Banned From TV"

Heavyweight hitter
Hit you, watch your whole head split up
Loco-is-the-motion, we comin' th'ough
Hollow tips is the lead the .45 threw

Remember me?
(Throw ya gunz in the air)
Remember me?
(Slam, slam)

Remember me?
(Nigga 'Bacdafucup')
Remember me?
(Chka-chka-Onyx)

Niggaz that take no for an answer, get told no
Yeah, I been told no, but it was more like, "No, no, no!"
Life a bitch, met her, fuck you if you let her
Better come better than better to be a competitor
This vet is ahead of the shit is all redder, you deader and deader
A medic instead-a the cheddars and credda

Settle vendetta one metal beretta from ghetto to ghetto
Evidence? Nope, never leave a shred-of
I got the soul of every rapper in me, love me or hate me
My moms got raped by the industry and made me

I'm the illest nigga ever, I told you
I get more pussy than them dyke bitches Total
Want beef, nigga? You better dead that shit
My name should be "Can't believe that Nngga said dat shit"

Probably sayin', "He ain't a killer", but I'm killin' myself
Smoke death, fuck bitches raw on the kitchen floor
So think what I'm-a do to you, have done to you
Got niggaz in my hood who'd do that shit for a blunt or two

What you wanna do, cocksuckers? We glock-busters
'Til the cops cuff us, we'll start ruckus and drop blockbusters
'Round the clock hustlers, you cannot touch us
I'm gettin' wires, niggaz wantin' me dead, wantin' my head
You think it could be somethin' I said?

Remember me?
(I just don't give a fuck)
Remember me?
(Yeah, fuck you too!)

Remember me?
(I'm low down and I'm shifty)
Remember me?
(I'm Shady)

When I go out, I'm-a go out shootin'
I don't mean when I die, I mean when I go out to da club, stupid
I'm tryin' to clear up my fuckin' image, so I promised the fuckin' critics
I wouldn't say, "Fuckin'" for six minutes

Six minutes, Slim Shady, you're on
My baby's mom, bitch made me an angry blonde
So I made me a song, killed her and put Hailie on
I may be wrong, I keep thinkin' these crazy thoughts

In my cranium, but I'm stuck with a crazy mom
Is she really on as much dope as you say she's on?
Came home and somebody musta broke in the back window
And stole two loaded machine guns and both of my trenchcoats

Sick, sick dreams of picnic scenes, two kids, sixteen
With M-16's and ten clips each
And them shits reach through six kids each
And Slim gets blamed in Bill Clint's speech to fix these streets?

Fuck that, you faggots can vanish to volcanic ash
And re-appear in hell with a can of gas and a match
Aftermath, Dre, grab the gat, show 'em where it's at
What the fuck you starin' at, nigga?

Don't you remember me?

Remember me?
Remember me?
Remember me?

Eminem - I'm Back Lyrics

Thats why
They call me Slim Shady
I'm back, I'm back
Thats why
They call me Slim Shady
I'm back, I'm back

Thats why
They call me Slim Shady
I'm back, I'm back
Thats why
They call me Slim Shady
I'm back, I'm back

I murder a rhyme one word at a time, you never
Heard of a mind as perverted as mine, you better
Get rid of that nine it ain't gonna help
What good's it gonna do against a man that strangles himself?
I'm waitin' for hell, like hell, shit, I'm anxious as hell
Manson, you're safe in that cell, thankful is jail

I used to be my mommy's little Angel at twelve
At thirteen I was putting shells in the gage on the shelf
I used to get punked and bullied on my block
'Till I cut a kitten's head off
And stuck it in this kid's mailbox
(Hey! mom! mom!)
I used to give a fuck, now I could give a fuck less

What do I think of sucess? It sucks too much press
And stress, too much zest, and breasts, too upset
It's just, too much mess, I guess
I must just blew up quick, yes
Grew up quick? No
Was raised right?
Whatever you say is wrong
Whatever I say is right

You think of my name now whenever you say "Hi"
Became a commodity because I'm W H I T E
'Cause MTV was so friendly to me
Can't wait 'till Kim sees me
Now is it worth it? Look at my life, how is it perfect?
Read my lips bitch, what? My mouth isn't working?
You read this finger? Oh, it's upside down
Here, let me turn this motherfucker up right now

That's why
They call me Slim Shady
I'm back, I'm back
That's why
They call me Slim Shady
I'm back , I'm back

That's why
They call me Slim Shady
I'm back, I'm back
That's why
They call me Slim Shady
I'm back, I'm back

I take each individual degenerate, his head and reach into it
Just to see if he's influenced by me if he listens to music
And if he feeds into this shit he's an innocent victim
And becomes a puppet on the string of my tennis shoe

My name is Slim Shady
I've been crazy way before radio didn't play me
The sensational
Back, it's the incredible
With Ken Kaniff who just finds the men edible
It's Ken Kaniff, on the internet
Tryin' to lure your kids, with him, into bed
It's a sick world we're livin' in these days

Slim, for pete's sake, put down Christopher Reeve's legs
Geez! you guys are so sensitive
Slim it's a touchy subject, try and just don't mention it
Mind with no sense in it, fried, gets so frantic
'Cause eyes get so squinted, I'm blind from smoke in 'em
With my windows tinted, with nine limos rented
Doin' lines of coke in 'em, with a bunch of guys hoppin' out
All high and dosin' it
And that's where I get my name from
That's why they call me

That's why
They call me Slim Shady
I'm back, I'm back
That's why
They call me Slim Shady
I'm back, I'm back

That's why
They call me Slim Shady
I'm back, I'm back
That's why
They call me Slim Shady
I'm back, I'm back

I take seven kids from columbine and stand 'em all in line
Add an AK-47, a revolver, a nine
A MAC-11 and this oughtta solve this problem of mine
And that's a whole school of bullies shot up all of the time
'Cause I'm Shady, they call me as crazy as this world was
Over this whole Y2K thing, and by the way
N'Sync, why do they sing?
Am I the only one who realizes they stink?
Should I dye my hair pink and care what y'all think?
Lip-sync and buy a bigger size of ear rings?

That's why I tend to block out when I hear things
'Cause all these fans screamin' is making my ears ring
So I just throw up the middle finger and let it linger
Longer than the rumor that I was stickin' it to Christina
'Cause if I ever stuck it to any singer in showbiz
It'd be Jennifer Lopez and Puffy you know this
Sorry Puff but I don't give a fuck, if this chick was my own mother
I'd still fuck her with no rubber, and come inside her
And have a son and a new brother
At the same time, and just say that it ain't mine
What's my name?

I am
Slim Shady
I'm back, I'm back
That's why
They call me Slim Shady
I'm back, I'm back

That's why
They call me Slim Shady
I'm back, I'm back
That's why
They call me Slim Shady
I'm back, I'm back

Guess who's back?
Gue-gue-guess who's back?
Hi mom
Guess who's back?
Gue-gue-guess who's back?

D12
Dr Dre
Slim Shady
2001
I'm blew out from this blunt
Fuck

Eminem - Marshall Mathers Lyrics

You know I just don't get it, last year I was nobody
This year I'm sellin' records
Now everybody wants to come around like I owe 'em somethin'
The fuck you want from me? Ten million dollars
Get the fuck out of here

You see I'm, just Marshall Mathers, I'm just a regular guy
I don't know why all the fuss about me
Nobody ever gave a fuck before, all they did was doubt me
Now everybody wanna run they mouth and try to take shots at me

Yo, you might see me joggin', you might see me walkin'
You might see me walkin' a dead rottweiler dog
With it's head chopped off in the park with a spiked collar
Hollerin' at him 'cause the son of a bitch won't quit barkin'

Or leanin' out a window, with a cocked shotgun
Drivin' up the block in the car that they shot 'Pac in
Lookin' for Big's killers, dressed in ridiculous
Blue and red like I don't see what the big deal is

Double barrel twelve gauge bigger than Chris Wallace
Pissed off, 'cause Biggie and 'Pac just missed all this
Watchin' all these cheap imitations get rich off 'em
And get dollars that shoulda been there's like they switched wallets

And amidst all this Crist poppin' and wristwatches
I had to sit back and just watch and just get nauseous
And walk around with an empty bottle of Remi Martin
Startin' shit like some twenty six year old skinny Cartman

I'm anti-Backstreet and Ricky Martin
With instincts to kill N'Sync, don't get me started
These fuckin' brats can't sing and Britney's garbage
What's this bitch retarded? Gimme back my sixteen dollars

All I see is sissies in magazines smiling
Whatever happened to whylin' out and bein' violent?
Whatever happened to catchin' a good-ol' fashioned
Passionate ass-whoopin' and gettin' your shoes coat and your hat tooken?

New kids on the block, sucked a lot of dick
Boy-girl groups make me sick
And I can't wait 'til I catch all you fagots in public
I'ma love it

Vanilla Ice don't like me, said some shit in vibe to spite me

Then went and dyed his hair just like me
A bunch of little kids wanna swear just like me
And run around screamin', "I don't care, just bite me"

I think I was put here to annoy the world
And destroy your little 4 year old boy or girl
Plus I was put here to put fear in fagots who spray Faygo Root Beer
And call themselves clowns 'cause they look queer

Fagot to dope and silent gay
Claimin' Detroit, when y'all live twenty miles away
And I don't wrestle, I'll knock you fuckin' fagots the fuck out
Ask 'em about the club they was at when they snuck out

After they ducked out the back when they saw us and bugged out
Ducked down and got paint balls shot at they truck, blaow!
Look at y'all runnin' your mouth again
When you ain't seen a fuckin' mile road, South of 10

And I don't need help, from D-12, to beat up two females
In make-up, who may try to scratch me with Lee Nails
Slim anus you damn right, slim anus
I don't get fucked in mine like you two little flaming fagots

'Coz I'm, just Marshall Mathers
I'm not a wrestler guy I'll knock you out if you talk about me
Come and see me on the streets alone, if you assholes doubt me
And if you wanna run your mouth then come take your best shot at me

Is it because you love me that y'all expect so much of me?
You little groupie bitch, get off me, go fuck Puffy
Now because of this blonde mop that's on top
It is fucked up head that I've got, I've gone pop?

The underground just spunned around and did a 360
Now these kids diss me and act like some big sissies
Oh, he just did some shit with Missy
So now he thinks he's too big to do some shit with MC get bizzy

My fuckin' bitch mom's suin' for ten million
She must want a dollar for every pill I've been stealin'
Shit, where the fuck you think I picked up the habit?
All I had to do was go in her room and lift up her mattress

Which is it bitch, Mrs. Briggs or Ms. Mathers?
It doesn't matter your, fagot!
Talkin' about I fabricated my past
He's just aggravated I won't ejaculate in his ass

So tell me, what the hell is a fella to do?
For every million I make, another relative sues
Family fightin' and fussin' over who wants to invite me to supper

All the sudden, I got 90 some cousins

A half-brother and sister who never seen me
Or even bothered to call me until they saw me on TV
Now everybody's so happy and proud
I'm finally allowed to step foot in my girlfriend's house

And then to top it off, I walked to the newsstand
To buy this cheap-ass little magazine with a food stamp
Skipped to the last page, flipped right fast
And what do I see? A picture of my big white ass

Okay, let me give you motherfuckers some help
Here, double XL, double XL
Now your magazine shouldn't have so much trouble to sell
Fuck it, I'll even buy a couple myself

'Coz I'm, just Marshall Mathers, I'm just a regular guy
I don't know why all the fuss about me
Nobody ever gave a fuck before, all they did was doubt me
Now everybody wanna run they mouth and try to take shots at me

'Coz I'm, just Marshall Mathers, I'm just a regular guy
I don't know why all the fuss about me
Nobody ever gave a fuck before, all they did was doubt me
Now everybody wanna run they mouth and try to take shots at me

Eminem - Ken Kaniff (Skit) Lyrics

Uh oh yeah
Oh suck it
Oh fuck yea
Mmm
Oh Shaggy
Oh this is why they call you two dope ain't it?
Oh fuck yea
Oh take it out take it out
Oh now give something to Jay
Oh violent Jay
Wait don't bite it
Don't be violent with it now, just suck it
Nice and slow yeah
Oh oh fuck yeah
You got oh

Now give it back to Shaggy
He was sucking it better
Oh now say my name
(Eminem)
Say my name
(Eminem)
What?
Oh fuck you guys
Give me my dick back
Fuck you guys
If you want Eminem, you can have Eminem
Fuck you guys I'm leaving
(Ken no!)
(Ken wait, oh damn)
(Nice going Shaggy)

Eminem - Drug Ballad Lyrics

Yeah, woo, shit
Aight
Guess what? I ain't coming in yet
I'll come in a minute
Aye yo, this is my love song
It goes like this

Back when Mark Walhberg was Marky Mark
This is how we used to make the party start
We used to mix Hen' with Bacardi Dark
And when it kicks in you can hardly talk
And by the sixth gin you're gonna probably crawl
And you'll be sick then and you'll probably barf
And my prediction is you're gonna probably fall
Either somewhere in the lobby or the hallway wall

And every thing's spinning, you're beginnin' to think
Women are swimming in pink linen again in the sink
Then in a couple of minutes that bottle of Guiness is finished
You are now allowed to officially slap bitches
You have the right to remain violent and start wilin'
Start a fight with the same guy that was smart eyin' you
Get in your car, start it and start drivin'
Over the island and cause a 42 car pile-up

Earth calling, pilot to co-pilot
Look at the life on this planet, sir, no sign of it
All I can see is a bunch of smoke flyin'
And I'm so high that I might die if I go by it
Let me out of this place, I'm outta place
I'm in outer space, I've just vanished without a trace
I'm going to a pretty place now, where the flowers grow
I'll be back in an hour or so

'Cause every time I go to try to leave
Somethin' keeps pullin' on my sleeve
I don't wanna, but I gotta stay
These drugs really got ahold of me

'Cause every time I try to tell them, "No"
They won't let me ever let them go
I'm a sucka, all I gotta say
These drugs really got ahold of me

In third grade, all I used to do
Was sniff glue through a tube and play rubix cube
17 years later I'm as rude as Jude

Scheming on the first chick with the hugest boobs
I've got no game and every face looks the same
They got no name so I don't need game to play
I just say whatever I want to whoever I want
Whenever I want, wherever I want, however I want

However, I do show some respect to few
As ecstasy got me standing next to you
Getting sentimental as fuck spillin' guts to you
We just met but I think I'm in love with you
But you're on it too, so you tell me you love me too
Wake up in the morning like, "Yo, what the fuck we do?"
I gotta go bitch, you know I have got stuff to do
'Cause if I get caught cheatin' then I'm stuck with you

But in the long run these drugs are probably gonna
Catch up sooner or later but fuck it, I'm on one, so let's enjoy
Let the X destroy your spinal cord so it's not a straight line no more
'Til we walk around looking like some wind-up dolls
Shit's sticking out of our backs like a dinosaur
Shit, six hits won't even get me high no more
So bye for now, I'm gonna try to find some more

'Cause every time I go to try to leave
Somethin' keeps pullin' on my sleeve
I don't wanna, but I gotta stay
These drugs really got ahold of me

'Cause every time I try to tell them, "No"
They won't let me ever let them go
I'm a sucka, all I gotta say
These drugs really got ahold of me

That's the sound of a bottle when it's hollow
When you swallow it all, wallow and drown in your sorrow
And tomorrow you're probably gonna wanna do it again
What's a little spinal fluid between you and a friend? Screw it
And what's a little bit of alcohol poisoning? And what's a little fight?
Tomorrow you'll be boys again
It's your life, live it however you wanna
Marijuana is everywhere, where was you brought up?

It don't matter as long as you get where you're going
'Cause none of the shit is gonna mean shit where we're going
They tell you to stop, but you just sit there ignoring
Even though you wake up feeling like shit every morning
But you're young, you've got a lot of drugs to do
Girls to screw, parties to crash, sucks to be you
If I could take it all back now, I wouldn't
I would have did more shit that people said that I shouldn't

But I'm all grown up now and upgraded and graduated

To better drugs and updated
But I've still got a lot of growing up to do
I've still got a whole lot of throwing up to spew
But when it's all said and done I'll be 40
Before I know it with a 40 on the porch telling stories
With a bottle of Jack, two grandkids in my lap
Babysitting for Haley while Haley's out getting smashed

'Cause every time I go to try to leave
Somethin' keeps pullin' on my sleeve
I don't wanna, but I gotta stay
These drugs really got ahold of me

'Cause every time I try to tell them, "No"
They won't let me ever let them go
I'm a sucka, all I gotta say
These drugs really got ahold of me

'Cause every time I go to try to leave
Somethin' keeps pullin' on my sleeve
I don't wanna, but I gotta stay
These drugs really got ahold of me

'Cause every time I try to tell them, "No"
They won't let me ever let them go
I'm a sucka, all I gotta say
These drugs really got ahold of me

Drugs really got ahold of me
They really got ahold of me
These drugs really got ahold of me
They really got ahold of me

Eminem - Amityville Lyrics

Mentally ill from Amityville
Accidentally kill your family still
Thinkin' he won't? God-damnit he will
Mentally ill from Amityville

I get lifted and spin 'til I'm half twisted
Feet planted and stand with a grin full of chapped lipstick
Pen full of ink, think sinful and rap sick shit
Shrink pencil me in for my last visit

Drink gin 'til my chin's full of splashed whiskers
Hash whiskey and ash 'til I slap bitches
Ask Bizzy, he's been here the past six years
Mash with me you'll get in imagine this

Mentally ill from Amityville
Accidentally kill your family still
Thinkin' he won't? God-damnit he will
Mentally ill from Amityville

Mentally ill from Amityville
Accidentally kill your family still
Thinkin' he won't? God-damnit he will
Mentally ill from Amityville

I fucked my cousin in his asshole, slit my mother's throat
Guess who Slim Shady just signed to interscope?
My little sister's birthday, she'll remember me
For a gift I had ten of my boys take her virginity

And bitches know me as a horny ass freak
Their mother wasn't raped, I ate her pussy while she was 'sleep
Pissy drunk, throwin' up in the urinal
(You fuckin' homo)
That's what I said at my dad's funeral

Mentally ill from Amityville
Accidentally kill your family still
Thinkin' he won't? God-damnit he will
Mentally ill from Amityville

Mentally ill from Amityville
Accidentally kill your family still
Thinkin' he won't? God-damnit he will
Mentally ill from Amityville

That's why the city is filled with a bunch of fuckin' idiots still

That's why the first motherfucker poppin' some shit he gets killed
That's why we don't call it Detroit, we call it Amityville
You can get capped after just havin' a cavity filled

That's why we're crowned the murder capital still
This ain't Detroit, this is motherfuckin' Hamburger Hill
We don't do drivebys, we park in front of houses and shoot
And when the police come we fuckin' shoot it out with them too

That's the mentality here, that's the reality here
Did I just hear somebody say they wanna challenge me here
While I'm holdin' a pistol with this many calibres here
Plus some registration that just made this shit valid this year

'Cause once I snap I can't be held accountable for my actions
That's when accidents happen when a thousand bullets
Come at your house and collapse the foundation around you
And they found you and your family in it
God-damnit he meant it when he tells you

Mentally ill from Amityville
Accidentally kill your family still
Thinkin' he won't? God-damnit he will
Mentally ill from Amityville

Mentally ill from Amityville
Accidentally kill your family still
Thinkin' he won't? God-damnit he will
Mentally ill from Amityville

Eminem - Bitch Please II Lyrics

Yeah whattup Detroit?
Nu uh, nu uh nuh no he didn't!
Ahh! They didn't do it again
What what, wha what?
Did you shit on these niggaz two times Dr. Dre?
Oh fo' sho'!
Uh uh, na, you smell that?
This is special right here
What what, wha what what?
Yeah, it's a toast to the boogie baby
Uhh, to the boogie oogie oogie
Yeah, y'know! What's crackin Dre?

Just let me lay back and kick some mo' simplistic pimp shit
On Slim's shit and start riots like Limp Bizkit
(Limp Bizkit)
Throw on 'Guilty Conscience' at concerts
And watch mosh pits till motherfuckers knock each other unconscious
Some of these crowds that Slim draws
Is rowdy as Crenshaw Boulevard when it's packed and full of cars
Some of these crowds me and Snoop draw is niggaz from Crenshaw
From Long Beach to South Central

Whoa, not these niggaz again
These grown ass ignorant men with hair triggers again
You and what army could harm me?
D R E and Shady with Doggy from Long Beach
(Eastside!)
Came a long way to makin' these songs play
It'll be a wrong move to stare at me the wrong way
I got a long UZ' and I carry it all day
(Blaow!)
Sometimes it's like a nightmare, just bein Andre but I

Somehow, someway, hello, nigga
You know about Dogg-ay
(Snoop Dogg)
Now let me cut these niggaz up
And show 'em where the fuck I'm comin' from
I get the party crackin from the shit that I be spittin' son
Hit-and-run, get it done, get the funds, split and run
Got about fifty guns and I love all of 'em the same, bang bang!

Damn baby girl what's your name?
I forgot, what'd you say it was? Damn a nigga buzzed
Hangin' in the club with my nephew Eminem
(Whassup Slim?)

Whattup cuz?
(Whattup Snoop?)
The Great White American Hope done hooked up
With the King of the motherfuckin West coast, baby!

And you don't really wanna fuck with me
Only nigga that I trust is me
Fuck around and make me bust this heat
That's the devil, they always wanna dance

I'm the head nigga in charge, I'm watchin' you move
You're found dead in your garage with ten o'clock news coverage
Gotta love it 'cause I expose the facade
Your little lungs is too small to hotbox with God
All jokes aside come bounce with us
Standin' over you with a twelve gauge about to bust

It's like ashes to ashes and dust to dust
I might leave in the bodybag but never in cuffs
So who do you trust? They just not rugged enough
When things get rough I'm in the club shootin' with Puff
Bitch, please, you must have a mental disease
Assume the position and get back down on your knees, come on

And you don't really wanna fuck with me
Only nigga that I trust is me
Fuck around and make me bust this heat
That's the devil, they always wanna dance

And you don't really wanna fuck with me
Only nigga that I trust is me
Fuck around and make me bust this heat
That's the devil, they always wanna dance

Aww naw, big Slim Dogg
Eighty pound balls, dick six inch long
Back up in the, heezy Baby
He's Sha-day!
He's so crazy!

Hahaha! Gimme the mic, let me recite, 'til Timothy White
Pickets outside the Interscope offices every night
What if he's right? I'm just a criminal makin' a living
Off of the world's misery, what in the world gives me the right
To say what I like and walk around flippin' the bird
Livin' the urban life like a white kid from the 'burbs
Dreamin' at night of screamin' at Mom, schemin' to leave
Run away from home and grow to be as evil as me

I just want you all to notice me and people to see
That somewhere deep down there's a decent human being in me
It just can't be found so the reason you've been seeing this me

Is 'cause this is me now, the recent dude who's being this mean
So when you see me dressin' up like a nerd on TV
Or heard the CD usin' the fag word so freely
It's just me being me, here want me to tone it down?
Suck my fuckin' dick, you fagot
You happy now? Look here

I start some trouble everywhere that I go
(That I go)
Ask the bouncers in the club cause they know
('Cause they know)
I start some shit they throw me out the back do'
(The back do')
Come back and shoot the club up with a fo'-fo'
(A fo'-fo')

And you don't really wanna fuck with me
Only nigga that I trust is me
Fuck around and make me bust this heat
That's the devil, they always wanna dance

And you don't really wanna fuck with me
Only nigga that I trust is me
Fuck around and make me bust this heat
That's the devil, they always wanna dance

2001 and forever
Slim Shady, Dr. Dre, Snoop Dogg, X To The Z, Nate Dogg
C'mon, yeah!

Eminem - Kim Lyrics

Aww look at daddy's baby girl, that's daddy baby
Little sleepy head, yesterday I changed your diaper
Wiped you and powdered you, how did you get so big?
Can't believe it now your two, baby you're so precious
Daddy's so proud of you

Sit down bitch, you move again I'll beat the shit out of you
Okay
Don't make me wake this baby
She don't need to see what I'm about to do
Quit crying bitch, why do you always make me shout at you?
How could you? Just leave me and love him out the blue
Oh, what's a matter Kim? Am I too loud for you?
Too bad bitch, your gonna finally hear me out this time

At first, I'm like, you wanna throw me out? That's fine
But not for him to take my place, are you out your mind?
This couch, this TV, this whole house is mine
How could you let him sleep in our bed?
Look at Kim, look at your husband now
No
I said look at him! He ain't so hot now is he?
Little punk! Why are you doing this?
Shut the fuck up

You're drunk,you're never going to get away at this
You think I give a fuck, come on we're going for a ride bitch
No
Sit up front
Well I can't just leave Haley alone, what if she wakes up?
We'll be right back, well I will you'll be in the trunk

So long, bitch you did me so wrong
I don't wanna go on
Living in this world without you
So long, bitch you did me so wrong
I don't wanna go on
Living in this world without you

You really fucked me Kim, you really did a number on me
Never knew me cheating on you would come back to haunt me
But we was kids then Kim, I was only 18 that was years ago
I thought we wiped the slate clean, that's fucked up
I love you
Oh God my brain is racing
I love you
What are you doing?

Change the station I hate this song, is this look like a big joke?
No
There's a four year old boy lyin' dead with a slit throat
In your living room
What you think I'm kiddin' you? You loved him didn't you?
No
Bullshit you bitch don't fucking lie to me
What the fuck's this guy's problem on the side of me?

Fuck you asshole, yeah bite me
Kim, Kim, why don't you like me?
You think I'm ugly don't you
It's not that
No you think I'm ugly
Baby
Get the fuck away from me, don't touch me
I hate you, I hate you I swear to God I hate you
Oh my God I love you, how the fuck could you do this to me?
Sorry
How the fuck could you do this to me?

So long, bitch you did me so wrong
I don't wanna go on
Living in this world without you
So long, bitch you did me so wrong
I don't wanna go on
Living in this world without you

Come on get out
I can't I'm scared
I said get out bitch!
Let go of my hair, please don't do this baby
Please I love you, look we can just take Haley and leave
Fuck you, you did this to us, you did it, it's your fault
Oh my God I'm crackin' up, get a grip Marshall
Hey remember the time we went to Brian's party?

And you were like so drunk that you threw up all over Archie
That was funny wasn't it?
Yes
That was funny wasn't it?
Yes!
See it all makes sense, doesn't it?
You and your husband have a fight one of you tries to grab a knife
And during the struggle he accidentally gets his Adam's apple sliced
No

And while this is goin' on
His son just woke up and he just walks in
She panics and he gets his throat cut
Oh my God

So now they both dead and you slash your own throat
So now it's double homicide and suicide with no note
I should have known better when you started to act weird
We could've, hey where you going? Get back here

You can't run from me Kim, it's just us, nobody else
You're only making this harder on yourself
Ha! Ha! Got'cha!
Ahh
Ha! Go ahead yell!
Here I'll scream with you!
Ah somebody help!
Don't you get it bitch, no one can hear you?

Now shut the fuck up and get what's comin' to you
You were supposed to love me
Now bleed bitch, bleed bitch
Bleed! Bitch bleed! Bleed!

So long, bitch you did me so wrong
I don't wanna go on
Living in this world without you
So long, bitch you did me so wrong
I don't wanna go on
Living in this world without you

Eminem - Under the Influence Lyrics

So you can suck my dick if you don't like my shit
'Cause I was high when I wrote this so suck my dick

Two pills I pop, 'til my pupils swell up like two pennies
I'm Clint Eastwood in his mid twenties
A young ass man with a trash can strapped to the back of his ass
So the rats can't chew through his last pants

I'm like a mummy at night, fightin' with bright lightning
Frightened with five little white Vicadin' pills bitin' him
I'm like a fuckin' wasp in the hospital lost
Stingin' the fuck outta everything I come across in the halls

I light a candle and place it up on the mantle
Grab a knife at the blade and stab you with the fuckin' handle
So when you find yourself wrapped up in the blinds, hurtin'
Bitch it's too late
'Cause once you're hung from the drapes, it's curtains

I'm an instigator, 380 slug penetrator
Degradin', creatin' murders to kill haters
Accused for every crime known through the equator
They knew I did it for havin' blood on my 'gators

My weed'll hit yo' chest like a double barrel gauge an'
I'm a black grenade that'll blow up in yo' face
With a fifth in me, when I guzzle Remi I do shit on purpose
You never hear me say, forgive me

I'm snatchin' every penny it gotta be that way nigga, face it
That weed I sold to you, brigade laced it
You hidin' I make the president get a facelift
Niggaz just afraid, handin' me they bracelets

Chillin' in the lab wasted
I'm the type that'll drink kahlua and gin throw up on the mic
Your life is ruined, you get socked right on site
And even at the million man March we gon' fight

So you can suck my dick if you don't like my shit
'Cause I was high when I wrote this so suck my dick
'Cause I don't give a fuck if you don't like my shit
'Cause I was high when I wrote this so suck my dick

I'm a compulsive liar, settin' my preacher on fire
Slashin your tires, flyin' down Fenkel and Meyers
Plates expired, soon as I'm hired, I'm fired

Jackin' my dick off in a bed of barbed wire

(Hey, is Bizarre performing?)
Bitch didn't you read the flyer?
Special invited guest will be, Richard Pryor
(Aren't you a male dancer?)
Nah bitch, I'm retired
Fuckin' your bitch in the ass with a tire iron

I'm ripped, I'm on an acid trip
My DJ's in a coma for lettin' the record skip
Lettin' the record skip
Lettin' the record skip
(Damn!)

I'm fuckin' anything when I'm snortin'
It's gonna cost 300 dollars to get my pit bull an abortion
Some bitch asked for my autograph
I called her a whore, spit beer in her face and laughed
I drop bombs like I was in Vietnam
All bitches is hoes, even my stinkin' ass mom

Aiyyo flashback, two feets, two deep up in that ass crack
Weed laced with somethin' nigga pass that
In Amsterdam we only hang out with hash rats
At a stop the violence rally, I blast gats

Be your mom on publishin', get your ass capped
The Kuniva, divide up your cash stack
Want your motherfuckin' pockets,ascap
I don't need a platinum chain, bitch I snatch Shaq's

Born loser, half theif and half black
Bring your boys and your guns and get laughed at
Bitch smacker, rich rappers get their jag jacked
And found chopped up in a trash bag

We stranglin' rappers until the point they can't yell
'Cause they crew is full of fags and sweeter than bake sales
Reckless, come from behind and snatch your necklace
Gruesome and causin more violence than nine hoodlums

I grapple your Adam's apple until it crackle
Run right past you, turn around, grab you and stab you
Get executed, cuz I'm a luni
I got a yuk mouth and it's polluted, I cock it back then shoot it

I love snatchin' up players thugs and young ballers
Shoot up the household, even the young toddlers
Brigade barricade to bring the noise

While the bullets break your bones up like Christmas toys

If I go solo, I'm doin a song with Bolo
A big Chinese nigga, screamin Kuniva yo yo
I leave ya face leakin' run up in church
And smack the preacher while he's preachin
Take a swing at the deacon

I used to tell cats that I sold weed and weight
I was straight 'til I got caught sellin' 'em shake
I'm ignorant, with the intent to snatch your rent
I got kicked out of summer camp for havin sex in my tent
With the superintendent's daughter, my brain's out of order

I've been a Kon Artis since I was swimmin' in water
In cahoots with this nigga named fall out von
Who got fired from UPS for tryin' to send you a bomb
I signed to a local label for fun
Say I got cancer, get dropped, take the advancement and run

Driveby you in the rain while you carry your son
Call your house and hang up on you for not givin' me none
Born straight up out a pussy but a son of a gun
Got a reputation for havin niggaz runnin' they funds
Used to be the type of nigga that was foldin some one's
'Til I met your fat mama, now I'm rollin' in dough

So you can suck my dick if you don't like my shit
'Cause I was high when I wrote this so suck my dick
'Cause I don't give a fuck if you don't like my shit
'Cause I was high when I wrote this so suck my dick

Suck my motherfuckin dick, D-12 dirty motherfuckin' dozen
Nasty like a stank slut bitch with thirty fuckin husbands
Bizarre kid, swifty McVeigh, The Kon Artis
The Kuniva, Dirty Harry and Slim Shady

Eminem - Criminal Lyrics

A lot of people ask me stupid fuckin' questions
A lot of people think that what I say on records
Or what I talk about on a record, that I actually do in real life
Or that I believe in it
Or if I say that, I wanna kill somebody, that
I'm actually gonna do it or that I believe in it
Well shit, if you believe that then I'll kill you
You know why?
'Coz I'm a

Criminal
Criminal
You goddamn right
I'm a criminal
Yeah, I'm a criminal

My words are like a dagger with a jagged edge
That'll stab you in the head whether you're a fag or lez
Or the homosex, hermaph or a trans-a-vest
Pants or dress, hate fags? The answer's, "Yes"

Homophobic? Nah, you're just heterophobic
Starin at my jeans, watchin' my genitals bulgin'
That's my motherfuckin' balls, you'd better let go of 'em
They belong in my scrotum, you'll never get hold of 'em

Hey, it's me, Versace, whoops, somebody shot me!
And I was just checkin' the mail, get it? Checkin' the 'male'?
How many records you expectin' to sell
After your second LP sends you directly to jail?

C'mon! Relax guy, I like gay men
Right, Ken? Give me an Amen
Amen!
Please Lord, this boy needs Jesus
Heal this child, help us destroy these demons

Oh, and please send me a brand new car
And a prostitute while my wife's sick in the hospital
Preacher preacher, fifth grade teacher
You can't reach me, my mom can't neither

You can't teach me a goddamn thing ause
I watch TV, and Comcast cable
And you ain't able to stop these thoughts
You can't stop me from toppin' these charts

And you can't stop me from droppin' each March
With a brand new cd for these fuckin' retards
Duh, and to think, it's just little ol' me
Mr. Don't Give A Fuck, still won't leave

I'm a criminal
'Coz every time I write a rhyme, these people think it's a crime
To tell 'em what's on my mind, I guess, I'm a criminal
But I don't gotta say a word, I just flip 'em the bird
And keep goin', I don't take shit from no one

I'm a criminal
'Coz every time I write a rhyme, these people think it's a crime
To tell 'em what's on my mind, I guess, I'm a criminal
But I don't gotta say a word, I just flip 'em the bird
And keep goin', I don't take shit from no one

My mother did drugs, tar, liquor, cigarettes, and speed
The baby came out, disfigured, ligaments indeed
It was a seed who would grow up just as crazy as she
Don't dare make fun of that baby 'cause that baby was me

I'm a criminal, an animal caged who turned crazed
But how the fuck you supposed to grow up when you weren't raised?
So as I got older and I got a lot taller
My dick shrunk smaller, but my balls got larger

I drink malt liquor to fuck you up quicker
Than you'd wanna fuck me up for sayin' the word
My morals went, when the President got oral sex
In his Oval Office on top of his desk off of his own employee

Now don't ignore me, you won't avoid me
You can't miss me, I'm white, blonde-haired and my nose is pointy
I'm the bad guy who makes fun of people that die
In plane crashes and laughs as long as it ain't happened to him

Slim Shady, I'm as crazy as
Eminem and Kim combined, the maniac's in
Replacin' the doctor 'cause Dre couldn't make it today
He's a little under the weather, so I'm takin' his place

Oh, that's Dre with an AK to his face
Don't make me kill him too and spray his brains all over the place
I told you Dre, you should've kept that thang put away
I guess that'll teach you not to let me play with it, eh?
I'm a criminal

Aight look, uh huh, just go up in that motherfucker
Get the motherfuckin' money and get the fuck up outta there
Aight
I'll be right here waitin' on you

Aight
Yo Em
What?!
Don't kill nobody this time
Awright, goddamn, fuck

How you doin'?
HI, how can I help you?
Yeah, I need to make a withdrawl
Okay
Put the fuckin' money in the bag bitch and I won't kill you!
What? Oh my God, don't kill me
I'm not gonna kill you bitch, quit lookin' around
Don't kill me, please don't kill me
I said, "I'm not gonna fuckin' kill you"
Hurry the fuck up!
Thank you!

Windows tinted on my ride when I drive in it
So when I rob a bank, run out and just dive in it
So I'll be disguised in it and if anybody identifies the guy in it
I'll hide for five minutes

Come back, shoot the eyewitness
Fire at the private eye hired to pry in my business
Die, bitches, bastards, brats, pets
This puppy's lucky I didn't blast his ass yet

If I ever gave a fuck, I'd shave my nuts
Tuck my dick inbetween my legs and cluck
You motherfuckin' chickens ain't brave enough
To say the stuff I say, so just tape it shut

Shit, half the shit I say, I just make it up
To make you mad, so kiss my white naked ass
And if it's not a rapper that I make it as
I'ma be a fuckin' rapist in a Jason mask

I'm a criminal
'Coz every time I write a rhyme, these people think it's a crime
To tell 'em what's on my mind, I guess, I'm a criminal
But I don't gotta say a word, I just flip 'em the bird
And keep goin', I don't take shit from no one

I'm a criminal
'Coz every time I write a rhyme, these people think it's a crime
To tell 'em what's on my mind, I guess, I'm a criminal
But I don't gotta say a word, I just flip 'em the bird
And keep goin', I don't take shit from no one

I'm a criminal
'Coz every time I write a rhyme, these people think it's a crime

To tell 'em what's on my mind, I guess, I'm a criminal
But I don't gotta say a word, I just flip 'em the bird
And keep goin', I don't take shit from no one

I'm a criminal
'Coz every time I write a rhyme, these people think it's a crime
To tell 'em what's on my mind, I guess, I'm a criminal
But I don't gotta say a word, I just flip 'em the bird
And keep goin', I don't take shit from no one

I'm a criminal

Eminem - White America Lyrics

America
Ha ha ha
We love you

How many people are proud to be
Citizens of this beautiful country of ours?
The stripes and the stars for the rights of men
Who have died for the protect?
The women and men who have broke their necks
For the freedom of speech
The United States Government has sworn to uphold
(Yo, I want everyone to listen to the words of this song)
Or so we're told

I never would a dreamed in a million years I'd see
So many mothafuckin' people who feel like me
Who share the same views and the same exact beliefs
Its like a fuckin' army marchin' in back of me
So many lives I touched
So much anger aimed at no particular direction
Just sprays and sprays straight through your radio waves
It plays and plays till it stays stuck in your head
For days and days
Who would a thought standin' in this mirror
Bleachin' my hair wit some peroxide
Reachin' for a T shirt to wear
That I would catapult to the fore front of rap like this
How can I predict my words and have an impact like this
I musta struck a chord wit somebody up in the office
Cuz Congress keeps tellin' me
I ain't causin' nottin' but problems
And now they sayin' Im in trouble wit the government
I'm lovin' it
I shoveled shit all my life and now I'm dumpin' it on

(White America)
I could be one of your kids
(White America)
Little Eric looks just like this
(White America)
Erica loves my shit
I go to 'TRL'
Look how many hugs I get
Yea

(White America)
I could be one of your kids

(White America)
Little Eric looks just like this
(White America)
Erica loves my shit
I go to 'TRL'
Look how many hugs I get

Look at these eyes baby blue baby just like ourself
If they were brown
Shady lose, shady sits on the shelf, but shady is cute
Shady knew shady's dimples would help
Make ladies swoon baby
(Ooo baby)
Look at myself,
Lets do the math if I was black I woulda sold half
I ain't have to graduate from Lincoln high school to know that
But I can rap so fuck school
I'm too cool to go back gimme the mic
Show me where the fuckin' studio's at
When I was underground no one gave a fuck I was white
No lables wanted to sign me
Almost gave up, I was like 'Fuck it'
Until I met Dre, the only one who looked past
Gave me a chance and I lit a fire up under his ass
Helped him get back to the top
Every fan black that I got was probably his in exchange
For every white fan that he's got like damn we just swapped
Sittin' back look at this shit wow
I'm like 'My skin, is it startin' to work to my benefit now?'

(White America)
I could be one of your kids
(White America)
Little Eric looks just like this
(White America)
Erica loves my shit
I go to 'TRL'
Look how many hugs I get
Yea

(White America)
I could be one of your kids
(White America)
Little Eric looks just like this
(White America)
Erica loves my shit
I go to 'TRL'
Look how many hugs I get

See the problem is I speak to suburban kids
Who otherwise woulda never knew these words exist
These moms probly woulda never gave two squirts of piss

Till I created so much mothafuckin' turbulence
Straight out the tube right into ya livin' rooms I came
And kids flipped when they knew I was produced by Dre
Thats all it took and they were instantly hooked right in
And they connected wit me too 'cuz I looked like them
That's why they put my lyrics up under this microscope
Searchin' wit a fine toothed comb
Its like this rope waitin' to choke tightenin' around my throat
Watchin' me while I write this like
'I dont like this, no'
All I hear is lyrics, lyrics constant controversy
Sponsors workin' round the clock
To try to stop my concerts early
Surely 'Hip Hop' is never a problem in Harlem only in Boston
After it bothered ya fathers of daughters startin' to blossom
Now I'm catchin' the flack from these activists
When they raggin'
Actin' like I'm the first rapper to smack a bitch
And say faggot shit
Just look at me like I'm ya closest pal
A poster child
The mothafuckin' spokesman now

(White America)
I could be one of your kids
(White America)
Little Eric looks just like this
(White America)
Erica loves my shit
I go to 'TRL'
Look how many hugs I get
Yea

(White America)
I could be one of your kids
(White America)
Little Eric looks just like this
(White America)
Erica loves my shit
I go to 'TRL'
Look how many hugs I get

So to the parents of America
I am the damager aimed at little Erica
To attack her character
The ring leader of the circus of worthless pawns
Sent to lead the march right up to the steps of Congress
And piss on the lawns of the White House
To burn the casket and replace it
With a parental advisory sticker
To spit liquor in the faces of this democracy of hypocrisy
Fuck you Ms Cheeney

Fuck you tipper Gore
Fuck you with the freeness of speech
This divided states of embarrassment will allow me to have
Fuck you
(Huh huh huh ahh)
(Huh huh huh ahh)
(Huh huh huh ahh)
(Oooh)
Ha ha ha
I'm just playin' America, you know I love you

Eminem - Business Lyrics

Marshall, sounds like an S.O.S
Holy whack unlyrical lyrics Andre, you're fuckin' right
To the rap mobile, let's go
(Marshall marshall)
Bitches and gentleman
It's show time
Hurry, hurry step right up
Introducin' the star of our show, his name is
(Marshall)
You wouldn't wanna be anywhere else in the world right now
So without further ado, I bring to you
(Marshall)

You 'bout to witness hip hop in its
Most purest, most rawest form, flow almost flawless
Most hardest, most honest, known artist
Chip off the old block but old doc is back

Looks like Batman brought his own Robin
Oh god, Saddam's got his own Laden
With his own private plane, his own pilot
Set to blow college dorm room doors off the hinges

Oranges, peach, pears, plums, syringes
Yeah, here I come
I'm inches away from you, here, fear none
Hip hop is in a state of nine one one, so

Let's get down to business
I don't got no time to play around what is this?
Must be a circus in town, let's shut the shit down
On these clowns, can I get a witness?
Hell yea

Let's get down to business
I don't got no time to play around what is this?
Must be a circus in town, let's shut the shit down
On these clowns, can I get a witness?
Hell yea

Quick gotta move fast, gotta perform miracles
Gee willikers Dre, holy Bat Syllables
Look at all the bullshit that goes on in Gotham
When I'm gone time to get rid of these rap criminals

So, skip to ya lou, while I do what I do best
You ain't even impressed no more, you used to it

Flows too wet, nobody close to it
Nobody says it was till everyone knows the shit

The most hated on outta all those who say they get hated
On eighties songs
Exaggerate it all so much
They make it all up
There's no such thing

Like a female with good looks who cooks and cleans
It just means so much more to so much more
People when you rappin' and you know what for
The show must go on, so I'd like to welcome y'all
To Marshall and Andre's carnival

Come on
Let's get down to business
I don't got no time to play around what is this?
Must be a circus in town, let's shut the shit down
On these clowns, can I get a witness?
Hell yea

Let's get down to business
I don't got no time to play around what is this?
Must be a circus in town, let's shut the shit down
On these clowns, can I get a witness?
Hell yea

It's just like old times, the dynamic duo
Two old friends, why panic?
You already know who's fully capable, the two caped heroes
Dial straight down the center eight zero zero

You can even call collect, the most feared duet
Since me and Elton, play career Russian Roulette
And never even seen me blink get me bustin' a sweat
People steppin' over people just to rush to the set

Just to get to see an MC who breathes so freely
Ease over these beats, and be so breezy
Jesus, how can shit be so easy?
How can one Chandra be so levy?

Turn on these beats MC's don't see me
Believe me, BET and MTV
Are gonna grieve when we leave, dawg for sheezy
Can't leave rap alone the game needs me

'Til we grow beards, get weird and disappear
Into the mountains
Nothin' but clowns down here
But we ain't fuckin' around 'round here

Yo Dre
Whuddup?
Can I get a hell yea?
Hell yea

Let's get down to business
I don't got no time to play around what is this?
Must be a circus in town, let's shut the shit down
On these clowns, can I get a witness?
Hell yea

Let's get down to business
I don't got no time to play around what is this?
Must be a circus in town, let's shut the shit down
On these clowns, can I get a witness?
Hell yea

So there you have it folks
Marshall
Has come to save the day
Back with his friend Andre
And to remind you that bullshit does not pay
Because
Marshall
And Andre are here to stay and never go away
Until our dying day, until we're old and gray
Marshall
So until next time friends
Same blonde hair, same rap channel
Goodnight everyone, thank you for coming
Your host for the evening
Marshall
Oh hah

Eminem - Cleanin' Out My Closet Lyrics

Where's my snare?
I have no snare on my headphones
There you go, yeah, yo yo

Have you ever been hated or discriminated against?
I have, I've been protested and demonstrated against
Picket signs for my wicked rhymes, look at the times
Sick as the mind of the motherfucking kid that's behind

All this commotion, emotions run deep as oceans explodin'
Tempers flarin' from parents just blow 'em off and keep goin'
Not takin' nothin' from no one, give 'em hell long as I'm breathin'
Keep kickin' ass in the mornin' and takin' names in the evenin'

Leaving with a taste as sour as vinegar in their mouth
See they can trigger me but they'll never figure me out
Look at me now, I betcha probably sick of me now
Ain't you mama? I 'ma make you look so ridiculous now

I'm sorry mama, I Never meant to hurt you
I Never meant to make you cry
But tonight, I'm cleanin' out my closet
One more time

I said, "I'm sorry mama, I Never meant to hurt you
I Never meant to make you cry
But tonight I'm cleanin out my closet, ha"

I got some skeletons in my closet and I don't know if no one knows it
So before they throw me inside my coffin and close it
I'm a expose it, I'll take you back to '73
Before I ever had a multi-platinum sellin' CD

I was a baby maybe I was just a couple of months
My faggot father must've had his panties up in a bunch
'Cause he split, I wonder if he even kissed my goodbye
No I don't, on second thought I just fuckin' wished he would die

I look at Hailie and I couldn't picture leaving her side
Even if I hated Kim, I'd grit my teeth and I'd try to make it work wit her
At least for Hailie's sake, I maybe made some mistakes
But I'm only human but I'm man enough to face 'em today

What I did was stupid, no doubt it was dumb
But the smartest shit I did was take the bullets outta that gun
'Cause I'd of killed 'em, shit I would've shot Kim and them both
It's my life, I'd like to welcome y'all to the Eminem show

I'm sorry mama, I Never meant to hurt you
I Never meant to make you cry
But tonight, I'm cleanin' out my closet
One more time

I said, "I'm sorry mama, I Never meant to hurt you
I Never meant to make you cry
But tonight I'm cleanin' out my closet, ha"

Now I would never diss my own mama just to get recognition
Take a second to listen 'fore you think this record is dissin'
But put yourself in my position, just try to envision
Witnessin' your mama poppin' prescription pills in the kitchen

Bitchin' that someone's always goin' through her purse and shit's missin'
Goin' through public housin' systems, victim of Munchausen's syndrome
My whole life I was made to believe I was sick when I wasn't
'Til I grew up, now I blew up it makes you sick to ya stomach, doesn't it?

Wasn't it the reason you made that CD for me, Ma?
So you could try to justify the way you treated me, Ma?
But guess what, ya gettin' older now and it's cold when yaw lonely
And Nathan's growin' up so quick he's going to know that you're phony

And Hailie's getting' so big now, you should see her, she's beautiful
But you'll never see her, she won't even be at your funeral
See what hurts me the most, is you won't admit you was wrong
Screw this song, keep tellin' yourself that you was a mom

But how dare you try to take what you didn't help me to get
You selfish bitch, I hope you fuckin' burn in Hell for this shit
Remember when Ronnie died and you said you wished it was me?
Well guess what, I am dead, dead to you as can be!

I'm sorry mama, I never meant to hurt you
I Never meant to make you cry
But tonight I'm cleanin' out my closet
One more time

I said, "I'm sorry mama, I Never meant to hurt you
I never meant to make you cry
But tonight I'm cleanin' out my closet"

Eminem - Square Dance Lyrics

People! It feels so good to be back
Ladies and Gentlemen, introducing the new
And improved, you know who

Never been the type to bend or budge
The wrong button to push, no friend of Bush
I'm the center piece, you're a Maltese
I'm a pitbull off his leash, all this peace talk can cease
All these people I had to leave in limbo
I'm back now, I've come to release this info
I'll be brief and let me just keep shit simple
Can a bitch don't want no beef with Slim
No! Not even on my radar
So won't you please jump off my dick, lay off and stay off
And follow me as I put these crayons to chaos
From sÃ©ance to sÃ©ance

C'mon now, let's all get on down
Let's dosido now, we gon' have a good ol' time
Don't be scurred, cause thur ain't nothin' to worry 'bout
Let your hur down

C'mon now, let's all get on down
Let's dosido now, we gon' have a good ol' time
Don't be scurred, cause thur ain't nothin' to worry 'bout
Let your hur down

Let your hair down to the track, yeah kick on back
The Boogiemonster of rap, yeah the man's back
With a plan to ambush this Bush administration
Mush the Senate's face in, push this generation
Of kids to stand and fight for the right to say somethin
You might not like, this white hot light
That I'm under, no wonder I look so sunburnt
Oh no I won't leave no stone unturned
Oh no I won't leave, won't go nowhere
Do si do, oh yo ho, hello there

Oh yeah, don't think I won't go there
Go to Beirut and do a show there
Yeah you laugh till your motherfuckin' ass gets drafted
While you're at band camp thinkin' the crap can't happen
'Til you fuck around, get an anthrax napkin
Inside a package wrapped in Saran Wrap wrappin'
Open the plastic and then you stand back gaspin'
Fuckin' assassins, hijackin' Amtraks, crashin'
All this terror, America demands action

Next thing you know, you've got Uncle Sam's ass askin'
To join the army or what you'll do for their navy

You just a baby, gettin' recruited at eighteen
You're on a plane now, eatin their food and their baked beans
I'm twenty-eight, they gon'
Take you 'fore they take me
Crazy insane, or insane crazy?
When I say Hussein, you say Shady
My views ain't changed, still inhumane, wait
Arraigned two days late, the date's today, hang me

C'mon now, let's all get on down
Let's dosido now, we gon' have a good ol' time
Don't be scurred, cause thur ain't nothin' to worry 'bout
Let your hur down

C'mon now, let's all get on down
Let's dosido now, we gon' have a good ol' time
Don't be scurred, cause thur ain't nothin' to worry 'bout
Let your hur down

Nothin' moves me more than a groove that soothes me
Nothin' soothes me more than a groove that boosts me
Nothin' boosts me more, or suits me beautifully
There's nothin' you can do to me, stab me shoot me
Psychotic hypnotic product, I got it the antibiotic
Ain't nobody hotter and so on and yada yada
God I talk a lotta hum de lay de la la
Oochie walla walla, um di da dah da dah but you gotta gotta
Keep movin, there's more music to make

Keep makin new shit, produce hits to break
The monotony, what's gotten into me?
Drugs, rock, and Hennessey, thug like I'm 'Pac on my enemies
On your knees, got you under siege
Somebody you would give a lung to be
Hungry, like a fuckin' younger me
Fuck the fee, I can get you jumped for free
Yeah buddy, laugh it's funny, I have the money
To have you killed by somebody who has nothing
I'm past bluffing, pass the KY
Let's get ready for some intense, serious ass fucking!

(Dr. Dre)
Wants to square dance with me
(Nasty nas)
Wants to square dance with me
(X to the Z)
Wants to square dance with me
(Busta rhymes)
Wants to square dance with me

(Cana bitch)
Won't square dance with me
(Fan a bitch)
Won't square dance with me
(Canada bis)
Don't want no parts of me
Dirty dozen
Wants to square dance with you
Yee haw

Eminem - The Kiss (Skit) Lyrics

I'm gonna kill this bitch
I'm a kill him
I'm going to fuckin' jail
'Cuz I'm gonna kill this bitch
Yo man
What?
I don't know
I gotta really, really bad feelin' about this
Man would you shut the fuck up
You always gotta bad feelin' man
That's her car right there
Aight let me park
Just park
I'm parkin'
Fuckin', turn the car off dog
Aight
Aight we wait
We wait for what?
We wait until she comes out
And then I'm gonna fuckin' kill her
Man, you ain't gonna kill no one
What the fuck did you bring that for?
Man shut the fuck up dog
Just shut up, the fuckin' clip is empty
Man, don't point that shit at me
It's not even loaded bitch, look
Dude, God I fuckin' hate it when you do that shit
Yea, but it's funny as fuck
Muthafucka I'm gonna kill you
One of these days, I swear
Gets you every time
Is that her?
Where?
Right there mothafucka
Ooh, yeah
Aight get down, get down
Fuck, what you doing to her?
Get down
What the fuck you want me to get under the car?
Yo, who she walkin' with?
How the fuck am I suppose to know?
You told me to duck down
It's the fuckin' bouncer
Did she just kiss him?
I don't think so
Dog, she just fuckin' kissed him
No she didn't

She's kissin' him dog
No she's not
Oh shit
Come on
Mutherfucker
No

Eminem - Soldier Lyrics

I'm a soldier
I'm a soldier
(Na na na nah na na nah)
I'm a soldier
I'm a soldier

Yo, never was a thug, just infatuated with guns
Never was a gangsta till I graduated to one
And got the rep of a villain for weapon concealin'
Took the image of a thug kept shit appealin'
Willin' to stick out my neck for respect if it meant life or death
Never live to regret what I said
When you're me, people just wanna see, if it's true, if it's you
What you say In your raps, what you do
So they feel, as part of your obligation to fulfill
When they see you on the streets, face to face, are you for real
In confrontation ain't no conversation, if you feel you're in violation
Any hesitation will get you killed
If you feel it, kill it, if you conceal it, reveal it
Bein' reasonable will leave you full of bullets, pull it
Squeeze it till it's empty, tempt me, push me, pussies
I need a good reason to give this trigger a good squeeze

I'm a soldier
These shoulders hold up so much
They won't budge, I'll never fall or fold up
(I'm a soldier)
I'm a soldier
Even if my collar bones crush or crumble
I will never slip or stumble
(I'm a soldier)
I'm a soldier
These shoulders hold up so much
They won't budge, I'll never fall or fold up
(I'm a soldier)
I'm a soldier
Even if my collar bones crush or crumble
I will never slip or stumble
(I'm a soldier)

I love pissin' you off, hits me off, like my lawyers
When the fuckin' judge lets me off
All you motherfuckas gotta do is set me off
I'll violate and all the motherfuckin' bets be off
I'm a lit fuse, anything I do bring it's news
Pistol whippin' motherfuckin' bouncers, six-two, who needs bullets?
Soon as I pull it, you sweat bullets

An excellent method to get rid of the next bully
It's actually better 'cause instead of you murderin'
You can hurt 'em and come back again and kick dirt at 'em
It's like pourin' salt in the wounds, assault and get sued
You can smell the lawsuits soon as I waltz in the room
Everybody halts and stops, calls the cops
All you see is bitches comin' out their halter tops
Runnin' and duckin' out to the hot rocks parkin' lot
You'll all get shot, whether its your fault or not, 'cuz

I'm a soldier
These shoulders hold up so much
They won't budge, I'll never fall or fold up
(I'm a soldier)
I'm a soldier
Even if my collar bones crush or crumble
I will never slip or stumble
(I'm a soldier)
I'm a soldier
These shoulders hold up so much
They won't budge, I'll never fall or fold up
(I'm a soldier)
I'm a soldier
Even if my collar bones crush or crumble
I will never slip or stumble
(I'm a soldier)

I spit it slow so these kids know that I'm talkin' to 'em
Give it back to these damn critics and sock it to 'em
I'm like a thug, with a little bit of Pac influence
I spew it, and look how I got you bitches rockin' to it
You motherfuckas could never do it like I could do it
Don't even try it you'll look stupid, do not pursue it
Don't ever in your life, try to knock the truest
I spit the illest shit, ever been dropped to two inch
So ticky tock listen as the sound ticks on the clock
Listen to the sound of Kim as she licks on a cock
Listen to the sound of me spillin' my heart through this pen
Motherfuckers know that I'll never be Marshall again
Full of controversy until I retire my jersey
Till the fire inside dies and expires at thirty
And Lord have mercy on any more of these rappers that adverse me
And put a curse on authorities in the face of adversity, I'm a

I'm a soldier
These shoulders hold up so much
They won't budge, I'll never fall or fold up
(I'm a soldier)
I'm a soldier
Even if my collar bones crush or crumble
I will never slip or stumble
(I'm a soldier)

I'm a soldier
These shoulders hold up so much
They won't budge, I'll never fall or fold up
(I'm a soldier)
I'm a soldier
Even if my collar bones crush or crumble
I will never slip or stumble
(I'm a soldier)

Yo left, yo left, yo left, right, left
(I'm a soldier)
Yo left, yo left, yo left, right, left
(I'm a soldier)
Yo left, yo left, yo left, right, left
(I'm a soldier)
Yo left, yo left, yo left, right, left
(I'm a soldier)

Eminem - Say Goodbye Hollywood Lyrics

Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€

(Hollywood)
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
(I feel this way)
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€

I thought I had it all figured out I did
I thought I was tough enough to stick it out with Kim, but I wasn't
t tough enough to juggle two things at once
I found myself planted on my knees in cuffs

Which shoulda been a reason enough for me to get my stuff and just leave
How come I couldn't just see this shit myself its me
Nobody coulda seen this shitIfelt
Knowin' damn well she wasn't gonna be there when I fell to catch me

The minute she was seen she just bailed
I'm standin' and swingin' on like 30 people by myself
I couldn't even see the millimeter when it fell
Turned around saw Gary stashin' a heater in his belt

Saw the bouncers rush him and beat him to the ground
I just sold 2 million records I don't need to go to jail
I'm not about to lose my freedom over no female
I need to slow down, tryna get my feet on solid ground, so for now

Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€

(Hollywood)
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
(I feel this way)
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€

Bury my face in comic books, 'cuz I don't wanna look
And nothing in this world is too much
I swallowed all I could

If I could swallow a bottle of tylonol I would
And hit it for good and say good bye to Hollywood

I prolly should 'cuz these problems are piled all at once
'Cuz everything that bothers me I got all bottled up
I think I'm bottoming out but I'm not about to give up
I gotta get up, thank God I got a little girl

Now I'm a responsible father so not alotta good
I'd be to my daughter layin' in the bottom of the mud
Must be in my blood 'cuz I don't know how to do it
All I know is that I don't want her following in the footsteps

Of my dad 'cuz I hate him so bad
Worst feeling I had was growing up to be like his fuckin' ass
Man if you could understand why I am the way that I am
What do I say to my fans when I tell 'em

Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€

(Hollywood)
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
(I feel this way)
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€

I don't wanna quit this shit, it feels like this is it
For me to have this much I feel like this is it
This is not a game this fame the real life is as sick
Publicity my ass, consume my fuckin' dick

Fuck the guns, I'm done I'll never look at gats
If I scrap, I'ma scrap it like I never wooped some ass
I love my fans but no one ever puts a grasp on the fact
That I sacrificed everything I had

I never dreamt I'd get to the level that I'm at
This is wack, this is more then I ever coulda asked
Everywhere I go I had a sweater, hood or mask
What about math? how come I wasn't never good at that

It's like the boy in a bubble who never could adapt I'm trapped
If I could go back, I never woulda rapped
I sold my soul to the devil, I'll never get it back
I just wanna leave this game with level head intact

Imagine going from bein' no one and seein' everything blow up
And all you did was grow up mceein'

It's fuckin' crazy, all I wanted was to give Hailey the life I never had
I've forced us to live alienated, so I'm sayin'

Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€

(Hollywood)
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
(I feel this way)
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€
Say â€½Goodbyeâ€, say â€½Goodbye to Hollywoodâ€

Goodbye
Goodbye Hollywood
Please don't cry for me
When I'm gone for good
So, goodbye
Goodbye Hollywood
Please don't cry for me
When I'm gone for good

Eminem - Drips Lyrics

Obie, yo I'm sick
Damn, you straight dog?

That's why I ain't got no time
For these games and stupid tricks
All these bitches on my dick
That's how dudes be getting sick
That's how dicks' be getting drips
Falling victim's to this shit
From these bitches on our dicks
Fucking chickens with no ribs
That's why I ain't got no time

Yo, I woke up, fucked up off the liquor I drunk
I hadda bag of the skunk, one and last night's tunk
Pussy residue was on my penis, Denise, from the cleaners
Fucked me good, you should've seen us
Big booty bitch, switch unbearable
French role styling, body like a stallion
Sizing up the figure, while my shit gettin' bigger
Debating on to fuck her, do I wanna be a nigga

Caressing this bitch, plus I'm checking out them tits
Sipping on that fine shit, I ain't use to buying
I gotta hit it from behind, it's mandatory
Like taking ho's money, but that's another story
For surely your pussy on toast, after we toast
Our clothes fell like bishop and juice
The womb beater, clean pussy eater, inserting my john
In that spot hotter than the hottest block, don't stop

Response I got when I was knocking it
Clocks steading ticking, kinky finger licking
The cannon, seen us at my temple when she moans
I gotta slow down before I cum soon
And work that nigga, like a slave owner
When I dropped off my outfit, she knew I wanted to bone her
She foaming at the lips, the ones between the hips
Pubic hair's looking like some sour cream dip

Without the nacho, my dick hit the spot though
Pussy tighter than conditions of his black folks
Being a vinyl stretched, the last part of sex
I bust a fat ass nut then I woke up next
Like, what the fuck is going on here?
This bitch evaporated, pussy and all just picked up and vacated
And now I'm frustrated 'cause my dick was unprotected

And doctor Wesley telling me I ain't really got that shit, fuck

That's why I ain't got no time
For these games and stupid tricks
All these bitches on my dick
That's how dudes be getting sick
That's how dicks' be getting drips
Falling victim's to this shit
From these bitches on our dicks
Fucking chickens with no ribs
That's why I ain't got no time

Now I don't wanna hit no women when this chicks got it coming
Someone better get this bitch before she gets kicked in the stomach
And she's pregnant, but she's egging me on, begging me to throw her
Off the steps on this porch, my only weapon is force
And I don't wanna resort to violence of any sort
But whys she shoving me for doesn't she love me no more?
Wasn't she hugging me four minutes ago at the door?

Man I'm this close to going toe to toe with this whore
What would you do if she was telling you she wants a divorce
She's having another baby in a month and it's yours
And you found it isn't 'cause this bitch has been visiting
Someone else and sucking his dick and kissing you on the lips
When you get back to Michigan, now the plot has thickened 'n worse
'Cause you feel like you've been sticking your fucking dick in a hurse

So you're paranoid at every little cold that you get
Ever since they sold you this shit, you've been holding your dick
So you go to the clinic, sweating every minute you're in it
Then the doctor comes out looking like Dennis the menace
And it's obvious to everyone in the lobby, it's AIDS
He ain't even gotta to call in you the office to say it
So you jet back home, 'cause you gone get that ho

When you see her, you're gonna bend her fucking neck back yo
'Cause you love her, you never would've expect that blow
Obie told you to scoop, how could she stoop that low?
Jesus, I don't believe this bitch works at the cleaner's
Bringing me home diseases swinging from Obie's penis
She's so deceiving, shit this ho's a genius, she geed us

That's why I ain't got no time
For these games and stupid tricks
All these bitches on my dick
That's how dudes be getting sick
That's how dicks' be getting drips
Falling victim's to this shit
From these bitches on our dicks
Fucking chickens with no ribs
That's why I ain't got no time

I'm busy, yeah, fuck these bitches
Fuck em all, get money
Ha, shady records
Wow, Obie Trice
Eminem mother fucker
New millennium shit, yeah
Turn this shit off, turn this shit the fuck off

Eminem - Without Me Lyrics

Obie Trice, real name no gimmicks

Two trailer park girls go round the outside
Round the outside, round the outside
Two trailer park girls go round the outside
Round the outside, round the outside

Guess who's back
Back again
Shady's back
Tell a friend
Guess who's back, guess who's back
Guess who's back, guess who's back
Guess who's back, guess who's back
Guess who's back

I've created a monster
'Cause nobody wants to see Marshall no more
They want Shady, I'm chopped liver
Well if you want Shady, this is what I'll give you
A little bit of weed mixed with some hard liquor
Some vodka that'll jump start my heart quicker
Than a shock when I get shocked at the hospital
By the doctor when I'm not co-operating

When I'm rockin' the table while he's operating
You waited this long, now stop debating
'Cause I'm back, I'm on the rag and ovulating
I know that you got a job Ms.Cheney
But your husband's heart problem's complicating

So the FCC won't let me be
Or let me be me, so let me see
They try to shut me down on MTV
But it feels so empty, without me
So, come on and dip, bum on your lips
Fuck that, cum on your lips, and some on your tits
And get ready, 'cause this shit's about to get heavy
I just settled all my lawsuits, fuck you Debbie

Now this looks like a job for me
So everybody, just follow me
'Cause we need a little, controversy
'Cause it feels so empty, without me
I said, "This looks like a job for me"
So everybody, just follow me
'Cause we need a little, controversy

'Cause it feels so empty, without me

Little Hellions, kids feelin' rebellious
Embarrassed their parents still listen to Elvis
They start feelin' like prisoners helpless
'Til someone comes along on a mission and yells, bitch
A visionary, vision of scary
Could start a revolution, pollutin' the airwaves
A rebel, so just let me revel and bask
In the fact that I got everyone kissin' my ass

And it's a disaster, such a catastrophe
For you to see so damn much of my ass
You asked for me? Well I'm back
Fix your bent antenna tune it in and then I'm gonna
Enter in, endin' up under your skin like a splinter
The center of attention, back for the winter
I'm interesting, the best thing since wrestling
Infesting in your kid's ears and nesting

Testing, attention please
Feel the tension, soon as someone mentions me
Here's my ten cents, my two cents is free
A nuisance, who sent? You sent for me?

Now this looks like a job for me
So everybody, just follow me
'Cause we need a little, controversy
'Cause it feels so empty, without me
I said, "This looks like a job for me"
So everybody, just follow me
'Cause we need a little, controversy
'Cause it feels so empty, without me

A-tisket a-tasket, I go tit for tat with
Anybody who's talkin' this shit, that shit
Chris Kirk Patrick, you can get your ass kicked
Worse than them little Limp Bizkit bastards
And Moby? You can get stomped by Obie
You 36 year old baldheaded fag, blow me
You don't know me, you're too old, let go
It's over, nobody listen to techno

Now let's go, just gimme the signal
I'll be there with a whole list full of new insults
I been dope, suspenseful with a pencil
Ever since Prince turned himself into a symbol
But sometimes the shit just seems
Everybody only wants to discuss me
So this must mean I'm disgusting
But it's just me, I'm just obscene

No I'm not the first king of controversy
I am the worst thing since Elvis Presley
To do black music so selfishly
And used it to get myself wealthy
There's a concept that works
Twenty million other white rappers emerge
But no matter how many fish in the sea
It'll be so empty, without me

Now this looks like a job for me
So everybody, just follow me
'Cause we need a little, controversy
'Cause it feels so empty, without me
I said, "This looks like a job for me"
So everybody, just follow me
'Cause we need a little, controversy
'Cause it feels so empty, without me

Hum-die-die-la-la-la
Hum-die-die-la-la-la
La-la-la
La-la-la

Kids!

Eminem - Paul Rosenberg (Skit) Lyrics

Em, it's Paul, listen
Joel just called me and he told me
You're in the fucking back behind his studio
Shooting your gun off in the air like it's a shooting range

I told you not to fucking bring your gun around like an idiot
Outside of your home, you're gonna get yourself in trouble
Don't bring your gun outside of your home, you can't carry it on you
Leave your fucking gun at home

Eminem - Sing For The Moment Lyrics

These ideas are nightmares for white parents
Whose worst fear is a child with dyed hair and who likes earrings
Like whatever they say has no bearin'
Its so scary in a house that allows no swearin'
To see him walkin' around with his headphones blarin'
Alone in his own zone cold and he don't care
He's a problem child what bothers him all comes out
When he talks about his fuckin' dad walkin' out
'Cos he hates him so bad that he blocks him out
But if he ever saw him again he'd probably knock him out
His thoughts are whacked he's mad so he's talkin' back
Talkin' black brainwashed from rock and rap
He sags his pants two rags and a stockin' cap
His step father hit him so he socked him back
And broke his nose this house is a broken home
There's no control he just lets his emotions go
(C'mon)

Sing with me
(Sing)
Sing for the year
(Sing)
Sing for the laughter
Sing for the tear
(C'mon)
Sing with me just for today
Maybe tomorrow the good Lord will take you away

Entertainment is danger intertwine it with gangsters
In the land of the killers a sinner's mind is a sanctum
Only you're unholy only have one homey
Only this gun lonely 'cuz don't anyone know me
But everybody just feels like they can relate
I guess words are a motherfucker they can be great
Or they can be great or even worse they can teach hate
Its like kids hang on every single statement we make
Like they worship us plus all the stores ship us platinum
Now how the fuck did this metamorphosis happen?
From standin' on corners and porches just rappin'
To havin' a fortune no more kissin' ass
But then these critics crucify you journalists try to burn you
Fans turn on you attorney's all gonna turn it to
To get their hands on every dime you have
They want you to lose your mind every time you mad
So they can try to make you out to look like a loose canon
You need to spew don't hesitate to produce air guns
Thats why these prosecutors wanna convict me

Swiftly just to get me off these streets quickly
But all their kids been listen to me religiously
So I'm signin' cds while police fingerprint me
They're for the judges daughter but his grudge is against me
If I'm such a fuckin' menace this shit doesn't make sense, Pete
It's all political if my music is literal and I'm a criminal
How the fuck can I raise a little girl?
I couldn't I wouldn't be fit to
You're full of shit too Guerrera that was a fist that hit you

Sing with me
(Sing)
Sing for the year
(Sing)
Sing for the laughter
Sing for the tear
(C'mon)
Sing with me just for today
Maybe tomorrow the good Lord will take you away

They say music can alter moods and talk to you
But can it load a gun for you and cock it too?
Well if it can then the next time you assault a dude
Just tell the judge it was my fault and I'll get sued
See what these kids do is hear about us totin' pistols
And they want to get one 'cos they think the shit's cool
Not knowin' we're really just protectin' ourselves
We're entertainers of course this shit's affectin' our sales
You ignoramus but music is reflection of self
We just explain it and then we get our checks in the mail
It's fucked up ain't it how we can come from practically nothin'
To bein' able to have any fuckin' thing that we wanted
It's why we sing for these kids that don't have a thing
Except for a dream and a fuckin' rap magazine
Who post pinup pictures on their walls all day long
Idolize their favorite rappers and know all they songs
Or for anyone who's ever been through shit in they lives
So they sit and they cry at night wishin' they die
Till they throw on a rap record and they sit and they vibe
We're nothin' to you but we're the fuckin' shit in their eyes
That's why we seize the moment and try to freeze it and own it
Squeeze it and hold it 'cos we consider these minutes golden
And maybe they'll admit it when we're gone
Just let our spirits live on through out lyrics that you hear in our songs
And we can

Sing with me
(Sing)
Sing for the year
(Sing)
Sing for the laughter
Sing for the tear

(C'mon)
Sing with me just for today
Maybe tomorrow the good Lord will take you away

Sing with me
(Sing)
Sing for the year
(Sing)
Sing for the laughter
Sing for the tear
(C'mon)
Sing with me just for today
Maybe tomorrow the good Lord will take you away

Eminem - Superman Lyrics

Mmhh
You high baby?
Yeah
Yeah?
Ha ha ha, talk to me
You want me to tell you somethin'?
Uh huh
I know what you wanna hear

'Cuz I know you want me baby
I think I want you too
I think I love you baby
I think I love you too

I'm here to save you girl
Come be in Shady's world
I wanna grow together
Let's let our love unfurl

You know you want me baby
You know I want you too
They call me Superman
I'm here to rescue you

I wanna save you girl
Come be in Shady's world
Oh boy you drive me crazy
Bitch you make me hurl

They call me Superman
Leap tall hoes in a single bound
I'm single now got no ring on this finger now
I'll never let another chick bring me down

In a relationship, save it bitch
Babysit, you make me sick
Superman ain't savin' shit
Girl you can jump on Shady's dick

Straight from the hip, cut to the chase
I'll tell a mo'fuckin slut to her face
Play no games, say no names
Ever since I broke up with what's her face

I'm a different man, kiss my ass
Kiss my lips, bitch why ask?
Kiss my dick, hit my cash

I'd rather have you whip my ass

Don't put out? I'll put you out
Won't get out? I'll push you out
Puss blew out, poppin' shit
Wouldn't piss on fire to put you out

Am I too nice? Buy you ice
Bitch if you died, wouldn't buy you life
What you tryin' to be, my new wife?
What you Mariah? Fly through twice

But I do know one thing though
Bitches they come, they go
Saturday through Sunday Monday
Monday through Sunday yo

Maybe I'll love you one day
Maybe we'll someday grow
Till then just sit your drunk ass
On that fuckin' runway hoe

'Cuz I can't be your Superman
Can't be your Superman
Can't be your Superman
Can't be your Superman

I can't be your Superman
Can't be your Superman
Can't be your Superman
Your Superman, your Superman

Don't get me wrong, I love these hoes
It's no secret everybody knows
Yeah we fucked, bitch so what?
That's about as far as your buddy goes

We'll be friends I'll call you again
I'll chase you around every bar you attend
You'll never know what kind of car I'll be in
We'll see how much you'll be partying then

You don't want that, neither do I
I don't wanna flip when I see you with guys
Too much pride between you and I
Not a jealous man, but females lie

But I guess that's just what sluts do
How could it ever be just us two?
I never loved you enough to trust you
We just met and I just fucked you

But I do know one thing though
Bitches they come they go
Saturday through Sunday Monday
Monday through Sunday yo

Maybe I'll love you one day
Maybe we'll someday grow
'Till then just sit your drunk ass
On that fuckin' runway hoe

I know you want me baby
I think I want you too
I think I love you baby
I think I love you too

I'm here to save you girl
Come be in Shady's world
I wanna grow together
Let's let our love unfurl

You know you want me baby
You know I want you too
They call me Superman
I'm here to rescue you

I wanna save you girl
Come be in Shady's world
Oh boy you drive me crazy
Bitch you make me hurl

First thing you said
I'm not phazed
I hang around big stars all day
I don't see what the big deal is anyway
You're just plain ol' Marshall to me

Ooh yeah girl run that game
Hailie Jade I love that name
Love that tattoo, what's that say?
'Rot in pieces' aww that's great

First off you don't know Marshall
At all so don't grow partial
That's ammo for my arsenal
I'll slap you off that bar stool

There goes another lawsuit
Leave handprints all across you
Good lordy-wody
You must be gone off that water bottle

You want what you can't have

Ooo girl that's too damn bad
Don't touch what you can't grab
End up with two back hands

Put Anthrax on a Tampax
And slap you till you can't stand
Girl you just blew your chance
Don't mean to ruin your plans

But I do know one thing though
Bitches they come they go
Saturday through Sunday Monday
Monday through Sunday yo

Maybe I'll love you one day
Maybe we'll someday grow
'Till then just sit your drunk ass
On that fuckin' runway hoe

I know you want me baby
I think I want you too
I think I love you baby
I think I love you too

I'm here to save you girl
Come be in Shady's world
I wanna grow together
Let's let our love unfurl

You know you want me baby
You know I want you too
They call me Superman
I'm here to rescue you

I wanna save you girl
Come be in Shady's world
Oh boy you drive me crazy
Bitch you make me hurl

'Cuz I can't be your Superman
Can't be your Superman
Can't be your Superman
Can't be your Superman

I can't be your Superman
Can't be your Superman
Can't be your Superman
Your Superman, your Superman

'Cuz I can't be your Superman
Can't be your Superman
Can't be your Superman

Can't be your Superman

I can't be your Superman
Can't be your Superman
Can't be your Superman
Your Superman, your Superman

Superman

Eminem - Hailie's Song Lyrics

Yo
I can't sing it I feel like singin'
I wanna fuckin' sing 'cos I'm happy
Yeah, I'm happy I got my baby back
Yo, check it out

Some days I sit starin' out the window watchin' this world pass me by
Sometimes I think there's nothin' to live for I almost break down and cry
Sometimes I think I'm crazy, I'm crazy oh so crazy
Why am I here, am I just wastin' my time?
But then I see my baby suddenly I'm not crazy
It all makes sense when I look into her eyes, oh no

Sometimes it feels like the world's on my shoulders
Everyone's leanin' on me
'Cos sometimes it feels like the world's almost over
But then she comes back to me

My baby girl keeps gettin' older I watch her grow up with pride
People make jokes 'cos they don't understand me
They just don t see my real side
I act like shit don't phase me inside it drives me crazy
My insecurities could eat me alive
But then I see my baby suddenly I'm not crazy
It all makes sense when I look into her eyes

Sometime's it feels like the world's on my shoulders
Everyone's leanin' on me
'Cos sometimes it feels like the world's almost over
But then she come back to me

Yeh and if I could sing I'd keep singin' this song to my daughter
If I could hit the notes I'd blow somethin' as long as my father
To show her how I feel about her how proud I am that I got her?
God I'm a daddy I'm so glad that her mum didn't abort her
Now you prob'ly get this picture from my public persona
That I'm a pistol packin' drug addict who bags on his momma
But I wanna just take this time out to be perfectly honest
'Cos there's a lot of shit I keep bottled that hurts deep inside of my soul
And just know that I grow colder the older I grow
This boulder on my shoulder that gets heavy and harder to hold
And this load is like the weight of the world
And I think my neck is breakin' should I just give up
Or try to live up to these expectations?
Now look I love my daughter more than life in itself
But I got a wife who's determined to make my life livin' hell

But I handle it well given the circumstances I'm dealt
So many chances man it's too bad coulda had someone else
But the years that I've wasted are nothin' to the tears that I've tasted
So here's what I'm facin' three felonies six years of probation
I've went to jail for this woman I've been to bat for this woman
I've taken bats to people' backs bent over backwards for this woman
Man I shoulda seen it comin' why'd I stick my penis uppin'?
Woulda ripped the pre nup if I'd seen what she was fuckin'
But fuck it it's over there's no more reason to cry no more
I got my baby maybe the only lady that I adore Hailey
So sayonara try tomorrow nice to know ya
My baby's travelled back to the arms of her rightful owner
And suddenly it seems that my shoulder blades have just shifted
Its like the greatest gift you can get
The weight has been lifted

Now it feels like the world's on my shoulders
Everyone's leanin' on me
'Cos my baby knows that her daddys a soldier
Nothin' can take her from me

I told you I can't sing oh well I tried
Hailie remember when I said
"If you ever need anything, daddy will be right there?
Well guess what? Daddy's here and I ain't goin' nowhere baby
I love you"

Eminem - Steve Berman (Skit) Lyrics

{This muthafucker man
It's ridiculous!
I can't believe it!
Ho-Hold on a minute
Em
What up?
Have a seat
Dre, I'll call you back
What now?
I don't even know where to start
Okay
I got the album from upstairs
And
And this is by far, the most
Incredible thing I've ever heard}

Eminem - When the Music Stops Lyrics

Music, reality, sometimes it's hard to tell the difference
But we as entertainers have a responsibility to these kids
Sike!

If I were to die murdered in cold blood tomorrow
Would you feel sorrow or show love
Or would it matter

Can never be the lead-off batter of things
Shit for me to feed off
I'm see-saw battling
But theres way too much at stake for me to be fake

There's too much on my plate
And I came way too far in this game to turn and walk away
And not say what I got to say
What the fuck you take me for? a joke? you smoking crack?

Before I do that, I beg Mariah to take me back
I get up 'for I get down, run myself in the ground, 'for I put some wack shit out
I'm trying-a smack this one out the park, five-thousand mark
You all steady trying to drown the shark

Ain't gonna do nothing but piss me off
Lid to the can of whoop ass, just twist me off
See me leap out, pull the piece out, fuck shooting I'm just trying to knock his teeth out
Fuck with me now, bitch, let's see you freestyle

Talk is cheap, motherfucker if you're really feeling froggish, leap
You're slim, you're gonna let him get away with that?
He tried to play you, you can't let him 'scape with that
Man I hate this crap, this ain't rap,

This is crazy the way we act
When we confuse hip-hop with real life when the music stops

There ain't no getting rid of McVeigh
If so you would've tried
The only way I'm leaving this bitch is suicide
I have died clinically, arrived back at my enemy's crib with Hennessey,

Got drunk then I finished he
I'm every niggas favorite arch-enemy.
Physically fitted to be the most dangerous nigga with beef
I spark willingly with a dillinger in the dark diligently

I'm not what you think

I appear to be fucked up
Mentally endangered
I can't stay away from a razor

I just want my face in a paper
I wish a nigga had a grenade to squeeze tight to awake neighbors for acres
I murder you
Danger had me turned into a mad man, son of Sam, bitch, I'm surgical

I'll allergic to dying, you think not? you got balls? We can see how large
When the music stops

I was happy having a deal at first,
Thought money would make me happy but
It only made my pain worst,
It hurts when you see your friends turn their back on you dawg

When you ain't got nothing left but your word and your balls
And you're stressed from the calls of your new friends
Beggin' with they hands out
Checking for your record when its selling

When it ain't, that's the end, no laughs
No friends no girl
Just the gin you drink till you car spin you then

Damn!
U slam into the wall and you fall
Out the car, trying to crawl with one arm

About to lose it all in a pool of alcohol
If my funeral's tomorrow, wonder if they would even call when the music stops

Let's see how many of your men loyal,
When I pull up looking for you,
With a pistol sipping on a can of pennzoil
I'm revved up, who said what would lead bust your head would just explode

With red stuff I'm hand cuffed tossed in the paddy wagon
Braggin about how you shot it like a coward, bullets devour you showered you
Niggas, if I was you niggas, I'll run while given the chance
Understand I can enchance the spirit of man

Death itself, it can't hurt me, just the thought of dying alone that really
Irks me, you ain't worthy to speak thoughts of cheap talk
Be smart and stop trying to walk how g's walk before we spark
Hug the floor while we plan tug-o-war with your life, fuck the tour and the mic

I'll rather fuck a whore with a knife, deliver that shit the coroner's like
You high hype poppin' shit in broad day light nigga your a gonna at night

When The Music Stops

Instigators, turn pits in cages
Let loose and bit the neighbours wrist to razors

You all don't want war, you want talk
In the dark my dogs all bark like woof
Proof nigga I'm a wolf, get your whole roof
Caved in like reindeer hoofs
Stomped the roof shake the floor tiles loose
The more you all breach, the more I moves
This hill street, this is hardcore blues
Put a gun to rap checking all our jewels (nigga)
Or make the news betcha all you all move
When the Uzi pop, you better drop when the music stop

Music's changed my life in so many ways
Brains confused and fucked since the 5th grade
LL told me to rock the bells
NWA said fuck the police
Now I'm in jail
93 was strictly R&B
Fucked up hair cut
Listen to Jodeci
Michael Jackson, who gonna tell me I ain't Mike
Ass cheeks painted white
Fucking Presilla at night
Flying down sunset smoking crack
Transvestite in the front
Eddi Murphy in the back
MOP had me grindy and griddy
Marilyn Manson, I dyed my hair blue
And grew some titties
Ludacris told me to throw them bowls
Now I'm in the hospital
Broken nose and a fractured elbow
Voices in my head, I'm going in shock,
I'm reaching for the glock but the music stops

Eminem - Say What You Say Lyrics

So I'm out the game huh?
Huh? {*echoes* Yo Dre, WE RIDIN?
Whatever
Haha! Well I'm witcha homies
Okaylet's handle the small shit

I was born to brew up storms and stir up shit
Kick up dust, CUSS 'til I slur up spit
Grew up - too quick went through too much do too much shit
Corrupt, and I'm a pour it on like syrup bitch
Thick and rich, sick and twisted, Mr. Buttersworth
Dre told me to milk the shit for what it's worth
'Til the cow just tilts and tips and stumbles to earth
{*Poof* And if I fumble the verse, keep goin
First take, I make mistakes, just keep it
No punches pulled no punches that's weak shit
Fake shit, if I ever take shit I'll EAT shit
Wasn't for him, wouldn't be shit

Creep wit me, as we take a lil' trip down memory lane
Been here longer than anyone in the game
And I ain't got to lie about my age
(But what about Jermaine?) Fuck Jermaine
He don't belong speakin mine or Timbaland's name
And don't think, I don't read
Your lil' interviews, and see what you're sayin
I'm a giant, and I ain't gotta move 'til I'm provoked
When I see you I'ma step on you and not even know it
You midget, Mini-Me with a bunch of little Mini-Yous
Runnin around your backyard swimmin pools
Over 80 million records sold
And I ain't have to do it with ten or eleven-year-olds

Cause what you say is what you say, say what you say
How you say it whenever you sayin it, just remember
How you said it when you were sprayin it
So who you playin with huh huh huh huh?

Second verse, it gets worse, it gets no better than this
Amateurs drink veteran piss
From a Dixie Cup, if you ever mix me up
Or CONFUSE ME with a Canibus or Dre with a DUPRI
We'll rub it in, every club you're in will have you
Blackballed and make sure you never rap a-fuckin-gain
Dre ain't havin itlong as I'm here to play Devil's Advocate

If there was some magic shit

I could wave over the industry that could save it when I'm gone
And buried to make sure the tradition carries on, I would

If I could only use this power for good
I wouldn'tnot even if I could

From the hood and I'm a hornet
And I'ma only sting when I'm cornered

And I'ma only sucka punch and swing without warning
And swing to knock somebody's fuckin head off
Cause I know if they get up I won't get a chance to let off
Another punch I'm punk rock, no one's punk
Don't give a FUCK! White 'Pac, so much spunk
When I was little I knew I would blow up and sell a mill'
And grow up, to be Atilla, go nuts and be a pillar

And I'm, somethin of a phenom'
One puff of the chron', I'm unstoppable
I'm alive and on top again
There's no obstacle that I can't conquer
So come along with us (come on!)

Cause what you say is what you say, say what you say
How you say it whenever you sayin it, just remember
How you said it when you were sprayin it
So who you playin with huh huh huh huh?

Now anybody who knows Dre
Knows I'm about fast cars and Alize, partyin all day
But I handle my business cause it's work before play
Don't look for trouble but I'll serve you gourmet
However you want it, you can have it your way
You fuck my night up I'ma fuck up your day
Bullet with your name, sendin it your way {*clack*
That goes for anyone who walks through that doorway
Cause this is my space, you invade it, live to regret it
And you die tryin to violate it
Fuck around, get annihilatedeyes dilated

Heh, like my old lady
Cause what you say is what you say, sometimes what you mean
Is two different things, dependin on your mood if it swings
Think too many things
Little hit of Dre's weed, I can do anything
Catch a contact then I'm gone and I'm back
I speed rightand my looseleaf's my launchpad

And I can pull any string
Don't have to prove anything, catch a contract on your head
You headed West, talk shit about Dre?
You better get a vest, and invest

In somethin to protect your head and neck

And it's back and forth all day like Red and Meth
I joke when I say I'm best
In the booth, but a lot of truth is said in jest
And if I ever do live to be a legend
I'ma die a sudden death
Five mics in The Source? Ain't holdin my fuckin breath
But I'll suffocate for the respect
'Fore I'll breathe to collect a fuckin check

Cause what you say is what you say, say what you say
How you say it whenever you sayin it, just remember
How you said it when you were sprayin it
So who you playin with huh huh huh huh?

Watch your fuckin mouth

Yo this Timbaland, tell them I said suck *chka* MY dick

Eminem - 'Till I Collapse Lyrics

'Cause sometimes you just feel tired, feel weak
And when you feel weak, you feel like you wanna just give up
But you got to search within you, and try to find that inner strength
And just pull that shit out of you
And get that motivation to not give up, and not be a quitter
No matter how bad you wanna just fall flat on your face and collapse

'Till I collapse I'm spilling these raps long as you feel 'em
'til the day that I drop you'll never say that I'm not killing 'em
'Cause when I am not, then I'mma stop penning 'em
And I am not Hip-Hop and I'm just not Eminem
Subliminal thoughts, when I'mma stop sending 'em?
Women are caught in webs, spin 'em and hock venom
Adrenalin shots, the penicillin could not get the illing to stop
Amoxicillin's just not real enough
The criminal cop-killing hip hop villain
A minimal swap to cop millions of Pac listeners
You're coming with me, feel it or not you're gonna fear it
Like I showed you the spirit of God lives in us
You hear it a lot, lyrics to shock
Is it a miracle or am I just product of pop fizzing up?
For shizzle my wizzle, this is the plot, listen up
You bizzles forgot, Slizzle does not give a fuck!

'Till the roof comes off, 'till the lights go out
'Till my legs give out, can't shut my mouth
'Till the smoke clears out, am I high? Perhaps
I'mma rip this shit, 'till my bone collapse
'Till the roof comes off, 'till the lights go out
'Till my legs give out, can't shut my mouth
'Till the smoke clears out, am I high? Perhaps
I'mma rip this shit, 'till my bone collapse

Music is like magic, there's a certain feeling you get
When you real and you spit and people are feeling your shit
This is your moment, and every single minute you spend
Tryna hold on to it because you may never get it again
So while you're in it, try to get as much shit as you can
And when your run is over just admit when it's at its end
Because I'm at the end of my wits with half the shit gets in
I got a list, here's the order of my list that it's in
It goes Reggie, Jay-Z, 2Pac and Biggie
Andre from OutKast, Jada, Kurupt, Nas and then me
But in this industry I'm the cause of a lot of envy
So when I'm not put on this list, the shit does not offend me
That's why you see me walking 'round like nothing's bothering me
Even though half you people got a fuckin' problem with me

You hate it but you know respect you got to give me
The press's wet dream like Bobby and Whitney, Nate, hit me

'Till the roof comes off, 'till the lights go out
'Till my legs give out, can't shut my mouth
'Till the smoke clears out, am I high? Perhaps
I'mma rip this shit, 'till my bone collapse
'Till the roof comes off, 'till the lights go out
'Till my legs give out, can't shut my mouth
'Till the smoke clears out, am I high? Perhaps
I'mma rip this shit, 'till my bone collapse

Soon as a verse starts, I eat at an MC's heart
What is he thinking? How not to go against me, smart
And it's absurd, how people hang on every word
I'll probably never get the props I feel I ever deserve
But I'll never be served, my spot is forever reserved
If I ever leave Earth, that would be the death of me first
'Cause in my heart of hearts I know nothing could ever be worse
That's why I'm clever when I put together every verse
My thoughts are sporadic, I act like I'm an addict
I rap like I'm addicted to smack like I'm Kim Mathers
But I don't want to go forth and back in constant battles
The fact is I would rather sit back and bomb some rappers
So this is like a full blown attack I'm launching at 'em
The track is on some battling raps who want some static?
'Cause I don't really think that the fact that I'm Slim matters
A plaque and platinum status is wack if I'm not the baddest, so

'Till the roof comes off, 'till the lights go out
'Till my legs give out, can't shut my mouth
'Till the smoke clears out, am I high? Perhaps
I'mma rip this shit, 'till my bone collapse
'Till the roof comes off, 'till the lights go out
'Till my legs give out, can't shut my mouth
'Till the smoke clears out, am I high? Perhaps
I'mma rip this shit, 'till my bone collapse

Until the roof
(Until the roof)
The roof comes off
(The roof comes off)
Until my legs
(Until my legs)
Give out from underneath me

I will not fall, I will stand tall
Feels like no one can beat me

Verse #1:
There's no mountain i can't climb
There's no tower too high,
No plane that i can't learn how to fly
What do i gotta do to get through to you, destroy you
There ain't nothing i can't take this chainsaw to
Hailey Makes Chainsaw Sound
Fuckin' brain's brawn, and brass balls
I cut 'em off, i got 'em pickled and bronzed in a glass jar
Inside of a hall, with my framed autograph,
Sunglasses with elton john's name, on my drag wall
I'm out the closet, i been lying my ass off
All this time, me and dre been fucking with hats off

Dr Dre:
Suck it marshall

Eminem:
Tell laura and her husband to back off
Before i push this motherfucking button and blast off
And launch one of these russians, and that's all
Hailie Makes Explosion Sound
Blow every fucking thing, except afghanistan on the map, off
We wanna stop, we wanna knock the crap off
Knocking
Haley, tell 'em baby

Haley:
My dad's lost it

Chorus:
Eminem:

Hailie:

Verse 2:
It's like my mother always told me
Eminem Impersinates His Mom
Rnrnrnrnrnrrrr, n codeine n goddamit, you little motherfucker
If you aint got nothin' nice to say then don't say nothin'
Er..
Fuck that shit, bitch, eat a motherfuckin' dick
Chew on a prick, and lick a million motherfuckin' cocks for second
I'd rather put out a motherfucking gospel record
I'd rather be a pussy-whipped bitch, eat pussy
And have pussy-lips glued to my face with a clit-ring in my nose
Then quit bringin my flos, quit giving me my ammo
Can't you see why i'm so mean? if y'all leave me alone, this wouldn't be my ammo

I wouldn't have to go eenie meenie minie mo
Catch a homo by his toe, man i don't know no more
Am i the only fuckin one who's normal any more?

Hailey:
Dad

Chorus

Verse #3:
My songs can make you cry, take you by surprise
And at the same time, make you dry your eyes with the same rhyme
So what you're seeing is a genius at work
Which to me isn't work, so it's easy to misinterpret it at first,
Cuz when i speak, it's tongue in cheek
I'd gank my fuckin teeth before id ever bite my tongue
I'd slice my gums, get struck by fuckin' lightning twice at once
And die and come back as vanilla ice's son
And walk around the rest of my life spit on
And kicked and hit with shit, every time i sung
Like r kelly as soon as "bump n' grind" comes on
More pain inside o' my brain, in the eyes of a little girl inside of a plane
Aimed at the world trade, standin' on ronny's grave,
Screaming at the sky, the clouds gather as clyde mathers and bonnie jade
And nash briddy musta just stop it
Parents are pissed, but the kids love it
Nine millimeter, heater's desk, and two-seaters with meat cleavers
I don't blame you, i wouldn't let hailie listen to me neither

Chorus

Outro:
Eminem:
Crazy

Hailie:
laughs
You're funny daddy!

Eminem - Evil Deeds Lyrics

Lord please forgive me for what I do
For I know not what I've done

Father please forgive me for I know not what I do
I just never had the chance to ever meet you
Therefore I did not know that I would grow to be
My Mother's evil seed and do these evil deeds

Momma had a baby and it's head popped off
My Momma don't want me the next thing
I know I'm gettin' dropped off
Ring ring ring on the door bell
And the next door neighbors on their front porch
But they didn't want me neither
So they left me on someone else's lawn
Till somebody finally took me in

My great aunt and uncle, Edna 'n Charles
They were the ones who were left in charge
My elementary they gang up on me and sang this song
It went a little somethin' like
Mary had a little lamb, little lamb, little lamb
Debbie had a Satan spawn, Satan spawn
Momma why do they keep saying this
I just don't understand, understand
And by the way, where's my dad?

Father please forgive me for I know not what I do
I just never had the chance to ever meet you
Therefore I did not know that I would grow to be
My Mother's evil seed and do these evil deeds

Predominantly, predominantly, everything's always predominantly
Predominantly white, predominantly black, but what about me
where does that leave me? Well I guess that I'm between predominantly
Both of 'em, I think if I hear that fuckin' word again I'ma scream
While I'm projectile vomiting, what do I look like, a comedian to you?
Do you think that I'm kidding? What do I look like some kind of idi
Wait a minute, shit, don't answer that, why am I so misunderstood?
Why do I go through so much bullshit, it sucks bullshit, it's tush mull bish

Woe is me, there goes poor Marshall again whinin' about his millions
And his mansion and his sorrow he's always drownin' in
From the dad he never had, and how his childhood was so bad
And how his mom was a dope addict, and his ex-wife how they go at it
Man I'd hate to have it, as bad as that Mr. Mathers
Claims he had it I can't imagine it, that little rich

Poor white bastard needs to take some of that cash out the bank
And take a bath in it, man if I only had half of it
Shit, if you only knew the half of it

Father please forgive me for I know not what I do
I just never had the chance to ever meet you
Therefore I did not know that I would grow to be
My Mother's evil seed and do these evil deeds

Evil deeds, while I plant these evil seeds
Please release me from these demons
I never had any of this shit planned mom
Please believe I don't wanna be Satan's spawn
Never got the chance to say I'm sorry
Now look at all the pain I caused
Dear Santa Claus, why you not comin' this year again?
What did I do that was so bad to deserve this?

Everything could have been so perfect
But life ain't a fairytale, I'm about to be hoist up in the air
Forty feet below me, there's people everywhere
I don't even know what it feel like
They know me 'cause I'm in this ferris wheel
And all I wanna do is go to the mall
And take Hailie on the carousel
Without this crowd everywhere I go

But life is like a merry-go-round
Here we go now, doe-se-doe now
Curtains up, the show must go
Now ring around the Rosie, the shows over
You can all go home now, but the curtain just don't close for me
This ain't how fame is supposed to be
Where's the switch I could just turn off and on
This ain't what I chose to be
So please God, give me the strength
To have what it takes to carry on till I pass 50
Back the baton, the camera's on, my soul is gone

Father please forgive me for I know not what I do
I just never had the chance to ever meet you
Therefore I did not know that I would grow to be
My Mother's evil seed and do these evil deeds

Father please forgive me for I know not what I do
I just never had the chance to ever meet you
Therefore I did not know that I would grow to be
My Mother's evil seed and do these evil deeds

Eminem - Never Enough Lyrics

Eminem
Encore
Never Enough
[Eminem]
There's not much you could do or say to phase me
People think I'm a little bit crazy
I get it from all angles, even occasionally Doc Dre-zie'll
Have to step in every once in a while to save me
To make me stop and think about it 'fore I just say things
Sometimes I forget what other people just may think
A lot of rappers finally wouldn't know how to take me
If they heard some shit, I'd lay the tape 'fore they erase me
I maybe a little too fast paced and racy
Sometimes the average listener rewinds and plays me twenty times
cuz I say so many rhymes, it may seem like I'm goin too fast cuz my mind is racing
And I could give a fuck what category you place me
Long as when I'm pushing up daisies and gone
As long as you place me amongst one of them greats
When I hit the heavenly gates I'll be cool beside Jay-Z
For every single die hard fan who embraced me
I'm thankful for the talent in which God gave me
And I'm thankful for the environment that he placed me
Believe it or not, I thank my mom for how she raised me
In the neighborhood daily, they jumped and chased me
It only made me what I am today, see
Regardless of what anybody believes who hates me
You ain't gonna make or break me
Tryna strip me of my credibility and make me look fake, G
You're only gonna be in for a rude awakening
Cuz sooner or later you haters are all gonna face me
And when you face me with all the shit you've been saving to say to me
You had all this time to think about it
Now don't pussy out and try to wimp out, face me
Cuz I've been patiently waiting for the day
That we finally meet in the same place to see

[Chorus x2] [Nate Dogg]
No matter how many battles I been in and won
No matter how many magazines on my nuts
No matter how many emcees I end up
Ooh ooh, it's never enough

[50 Cent]
My flow's untouchable now you gotta face it
Uh oh, it gets worse when I go back to the basics
You go say the wrong shit and get your face split
The smell of victory, love it so much I can taste it

The spot my talk, it blaze a direct hit
Graze it, your peace talk, save it
You shit sounds dated, you're overrated
I'm obligated to study your moves then crush you mutherfuckers
If I'm the best and the worst, then God's gift is a curse
Soldier trained to destroy, you payin' attention boy?
I spit shit, slick shit, so quick you miss it
To be specific I go ballistic as hieroglyphic
My music is a drug, press play, you ain't gotta sniff it
Chew it or pop it, roll a bag of the chocolate
Get your high over and over, but you gotta cop it
When it's hot, it's hot
Your hatin' is undeniable, stop it

[Chorus x2]

Eminem - Yellow Brick Road Lyrics

What we have to do is deal with it
When these individuals are young enough
If you will, to be saved, not in a religious sense
But not to constitute what this country at times calls if or which over

We seem to be approaching an age of the gross
We all have this idea that we should
Move up a little bit from our parents station
And each generation should do a little bit better

Alright, come on let's cut the bullshit enough let's get it started
Let's start addressing this issue and open it up
Let's take this shit back to basement and we can discuss statements
Thats made on this tape and its whole original
The music that we all know and love

The music we all enjoy the music you all accuse me of try na destroy
Let's rewind it to '89 when I was a boy on the east side of Detroit
Crossin' 8 mile into Warren into hick territory I'd like to share a story
This is my story and you cant nobody tell it for me

You have well informed me and I am well aware that I don't belong here
You've made that perfectly clear I get my ass kicked
Damn near everywhere from Bel-air shopping center
Just for stopping in there from the black side
All the way to the white side

Okay there's a bright side, a day that I might slide
You may call it a past I call it haulin' my ass
Through that patch of grass over them railroad tracks
Oh them railroad tracks them old railroad tracks
Them good old notorious oh well known tracks

So, let's go back
Follow the yellow brick road as we go on another episode
Journey with me as I take you through this nifty little place
That I once used to call home sweet home

Come on, let's go back
Follow the yellow brick road as we go on another episode
Journey with me as I take you through this nifty little place
That I once used to call home sweet home

I'd roam the streets so much they call me a drifter
Sometimes I stick up a thumb just to hitch hike
Just to get picked up to get me a lift to 8 mile and Van Dyke
And steal a god damn bike from somebody's backyard

And drop it off at the park that was the halfway mark
To meet Kim had to walk back to her Mamma's on Chalmers after dark
To sneak me in the house when I'm kicked out my Mom's
Thats about the time I first met Proof n' Goofy Gary on the steps
At Osborne handin' out some flyers

He was doin' some talent shows at centerline high
I told him to stop by and check us out sometime
He looked at me like I'm out my mind
Shook his head like white boys don't know how to rhyme

I spit out a line and rhymed birthday with first place
And we both had the same rhymes that sound alike
We was on the same shit that big Daddy Kane shit
With compound syllables sound combined
From that day we was down to ride
Somehow we knew we'd meet again somewhere down the line

So, let's go back
Follow the yellow brick road as we go on another episode
Journey with me as I take you through this nifty little place
That I once used to call home sweet home

Come on, let's go back
Follow the yellow brick road as we go on another episode
Journey with me as I take you through this nifty little place
That I once used to call home sweet home

My first year in 9th grade, can't forget that day at school
It was cool till your man M C Sham came through
And said that pumas the brand 'cuz the clan makes troops
It was rumors but man god damned they flew

Must a been true because man we done banned they shoes
I had the new ones the cool J, ice land, swayed too
And we just through them in the trash like they yesterday's news
Guess who came through next, X Clan debut

Professor X and glorious exists in a state of red, black, and green
With a key sissies now with this bein' a new trend
We don't fit in crack as is out with cactus albums
Blackness is in, African symbols and medallions
Represents black power and we ain't know what it meant

Me and my man Howard and butter would go to the mall with 'em
All over our necks like we're showin 'em off not knowin' at all
We was bein' laughed at you ain't even half black
You ain't posed to have that homie let me grab that
And that flavor flave clock we gon' have to snatch that

All I remember is meetin' back at Manx's basement

Sayin' how we hate this, how racist but dope the X Clan take this
Which reminds me back in '89 me and Kim broke up for the first time
She was try na two time me and there was this black girl
At our school who thought I was cool
'Cuz I rapped so she was kinda eying me

And oh the irony guess what her name was ain't even gon' say it plus
The same color hair as hers was and blue contacts and a pair of jugs
The bombest god damn girl in our whole school if I could pull it
Not only would I become more popular
But I would be able to piss Kim off at the same time

But it backfired I was supposed to dump her
But she dumped me for this black guy
And that's the last I ever seen or heard
Or spoke to the oh foolish pride girl
But I've heard people say they heard the tape and it ain't that bad
But it was I singled out a whole race and for that apologize
I was wrong 'cuz no matter what color a girl is she still a

So, let's go back
Follow the yellow brick road as we go on another episode
Journey with me as I take you through this nifty little place
That I once used to call home sweet home

Come on, let's go back
Follow the yellow brick road as we go on another episode
Journey with me as I take you through this nifty little place
That I once used to call home sweet home

Eminem - Like Toy Soldiers Lyrics

Step by step, heart to heart
Left right left, we all fall down

Step by step, heart to heart, left right left
We all fall down like toy soldiers
Bit by bit, torn apart, we never win
But the battle wages on for toy soldiers

I'm supposed to be the soldier who never blows his composure
Even though I hold the weight of the whole world on my shoulders
I am never supposed to show it, my crew ain't supposed to know it
Even if it means goin' toe to toe with a Benzino it don't matter

I'd never drag them in battles that I can handle unless
I absolutely have to I'm supposed to set an example
I need to be the leader, my crew looks for me to guide 'em
If some shit ever just pop off, I'm supposed to be beside 'em

That Ja shit I tried to squash it, it was too late to stop it
There's a certain line you just don't cross and he crossed it
I heard him say Hailie`s name on a song and I just lost it
It was crazy, this shit went way beyond some Jay-Z and nas shit

And even though the battle was won, I feel like we lost it
I spent too much energy on it, honestly I'm exhausted
And I'm so caught in it I almost feel I'm the one who caused it
This ain't what I'm in hip-hop for, it's not why I got in it

That was never my object for someone to get killed
Why would I wanna destroy something I help build
It wasn't my intentions, my intentions was good
I went through my whole career without ever mentionin'

Now it's just out of respect for not runnin' my mouth
And talkin' about something that I knew nothing about
Plus Dre told me stay out, this just wasn't my beef
So I did, I just fell back, watched and gritted my teeth

While he's all over TV yeah I'm talkin' a man who literally saved my life
Like fuck it I understand this is business
And this shit just isn't none of my business
But still knowin' this shit could pop off at any minute 'cause

Step by step, heart to heart, left right left
We all fall down like toy soldiers
Bit by bit, torn apart, we never win
But the battle wages on for toy soldiers

There used to be a time when you could just say a rhyme
And wouldn't have to worry about one of your people dyin'
But now it's elevated 'cuz once you put someone's kids in it
The shit gets escalated, it ain't just words no more is it?

It's a different ball game, callin' names and you ain't just rappin'
We actually tried to stop the 50 and Ja beef from happenin'
Me and Dre had sat with him, kicked it and had a chat with him
And asked him not to start it he wasn't gonna go after him

Until Ja started yappin' in magazines how we stabbed him
Fuck it 50 smash 'em, mash 'em and let him have it
Mean while my attention is pullin' in another direction
Some receptionist at the source who answers phones at his desk

Has an erection for me and thinks that I'll be his resurrection
Tries to blow the dust off his mic and make a new record
But now he's fucked the game up 'cuz one of the ways I came up
Was through that publication the same one that made me famous

Now the owner of it has got a grudge against me for nothin'
Well fuck it, that motherfucker can get it too, fuck him then
But I'm so busy being pissed off I don't stop to think
That we just inherited 50's beef with murder inc

And he's inherited mine which is fine ain't like either of us mind
We still have soldiers that's on the front line
That's willing to die for us as soon as we give the orders
Never to extort us, strictly to show they support us

We'll maybe shout 'em out in a rap or up in a chorus
To show them we love 'em back and let 'em know how important it is
To have runyon avenue soldiers up in our corners
Their loyalty to us is worth more than any award is

But I ain't try na have none of my people hurt and murdered
It ain't worth it, I can't think of a perfecter way to word it
Then to just say that I love y'all too much to see the verdict
I'll walk away from it all before I let it go any further

But don't get it twisted, it's not a plea that I'm coppin'
I'm just willin' to be the bigger man if y'all can quit poppin'
Off at your jaws well then I can 'cuz frankly I'm sick of talkin'
I'm not gonna let someone else's coffin rest on my conscience 'cuz

Step by step, heart to heart, left right left
We all fall down like toy soldiers
Bit by bit, torn apart, we never win
But the battle wages on for toy soldiers

Eminem - Mosh Lyrics

People, it feels so good to be back
Mosh with me now

You scrutinize every word, memorize every line
I spit it once, refuel, re-energize and rewind
I give sight to the blind, my insight through the mind
I exercise my right to express when I feel it's time
It's just all in your mind, what you interpret it as
I say to fight, you take it as I'ma whip someone's ass
If you don't understand, don't even bother to ask
A father who has grown up with a father-less past

Who has blown up now to rap phenomenon that has
Or at least shows no difficulty multi-taskin' and jugglin' both
Perhaps mastered his craft slash entrepreneur
Who has helped launch a few more rap acts
Who's had a few obstacles thrown his way through the last half
Of his career, typical manure
Movin' past that Mr. 'Kiss his ass crack'
He's a class act, rubber band man yeah, he just snaps back

Come along, follow me, as I lead through the darkness
As I provide just enough spark that we need to proceed
Carry on, give me hope, give me strength
Come with me and I wont steer you wrong
Put your faith in your trust, as I guide us through the fog
To the light at the end of the tunnel we gon' fight
We gon' charge, we gon' stomp, we gon' march through the swamp
We gon' mosh through the marsh, take us right through the doors
Come on

All the people up top, on the side and the middle
Come together, let's all form this stomp just a little
Just let it gradually build from the front to the back
All you can see is a sea of people, some white and some black
No matter what color, all that matters we're gathered together
To celebrate for the same 'cause no matter the weather

If it rains, let it rain, yeah, the wetter, the better
They ain't gon' stop us, they can't, we're stronger now, more then ever
They tell us, "No", we say, "Yeah", they tell us, "Stop", we say, "Go"
Rebel with a rebel yell, raise hell, we gon' let em know
Stomp, push, shove, mush, fuck Bush
Until they bring our troops home, c'mon, just

Come along, follow me, as I lead through the darkness
As I provide just enough spark that we need to proceed

Carry on, give me hope, give me strength
Come with me and I wont steer you wrong
Put your faith in your trust, as I guide us through the fog
To the light at the end of the tunnel we gon' fight
We gon' charge, we gon' stomp, we gon' march through the swamp
We gon' mosh through the marsh, take us right through the doors
Come on

Imagine it pourin', it's rainin' down on us
Mosh pits outside the oval office
Someone's tryin' to tell us somethin'
Maybe this is God, just sayin' we're responsible
For this monster, this coward that we have empowered
This is Bin Laden, look at his head noddin'
How could we allow somethin' like this
Without pumpin' our fists, now this is our final hour

Let me be the voice, and your strength and your choice
Let me simplify the rhyme just to amplify the noise
Try to amplify it, times it and multiply it by sixteen million
People are equal at this high pitch
Maybe we can reach Al Qaeda through my speech
Let the President answer a high anarchy
Strap him with a AK 47, let him go fight his own war
Let him impress Daddy that way

No more blood for oil, we got our own battles to fight on our own soil
No more psychological warfare to trick us to thinkin' that we ain't loyal
If we don't serve our own country, we're patronizin' a hero
Look in his eyes, its all lies the stars and stripes have been swiped Washed out and wiped and replaced with his own face
Mosh now or die, if I get sniped tonight
You'll know why, â€~cuz I told you to fight

Come along, follow me, as I lead through the darkness
As I provide just enough spark that we need to proceed
Carry on, give me hope, give me strength
Come with me and I wont steer you wrong
Put your faith in your trust, as I guide us through the fog
To the light at the end of the tunnel we gon' fight
We gon' charge, we gon' stomp, we gon' march through the swamp
We gon' mosh through the marsh, take us right through the doors
Come on

And as we proceed to mosh through this desert storm
In these closing statements, if they should argue
Let us beg to differ as we set aside our differences
And assemble our own army to disarm this weapon
Of mass destruction that we call our President
For the present and mosh for the future of our next generation
To speak and be heard, Mr. President, Mr. Senator

Eminem - Puke Lyrics

There I go
Thinkin' of you again

You don't know how sick you make me
You make me fuckin' sick to my stomach
Every time I think you I puke
You must just not know
You may not think you do but you do
Every time I think of you I puke

I was gonna take the time to sit down
And write you a little poem
But off of the dome would probably be a little more
More suitable for this type of song, woh

I got a million reasons off the top of my head that I can think of
Sixteen bars just ain't enough to put some ink to
So fuck it, I'm a start right here, I'll just be briefer
'Bout to rattle off some other reasons

I knew I shouldn't go and get another tattoo
Of you on my arm, but whatever I gonna do?
I go and get another one, now I got two
Ooh!

Now I'm sittin here, with your name on my skin
I can't believe I went and did that stupid shit again
My next girlfriend, now her name's gotta be Kim
Shit!

If you only knew how much I hated you
For every motherfuckin' thing you ever put us through
Then I wouldn't be standin' here cryin' over you
Ooh!

You don't know how sick you make me
You make me fuckin' sick to my stomach
Every time I think of you I puke
You must just not know
You may not think you do but you do
Every time I think of you I puke

I was gonna take the time to sit down
And write you a little letter
But I thought a song would probably be a little better
Instead of a letter, that you probably just shred up, yeah

I stumbled on your picture yesterday and it made stop
And think of how much of a waste it'd be for me to put some ink
To a stupid piece of paper, I'd rather let you see
How much I fuckin' hate you in a freestyle

You're a fuckin' cokehead slut, I hope you fuckin' die
You get to hell and Satan sticks a needle in your eye
I hate your fuckin' guts, you fuckin' slut, I hope you die
Die

But please don't get me wrong, I'm not bitter or mad
It's not that I still love you, it's not 'cause I want you back
It's just that when I think of you it makes me wanna yack
Aack

But what else can I do, I haven't got a clue
Now I guess I just move on, I have no choice but to
But every time I think of you now all I wanna do
Is puke

You don't know how sick you make me
You make me fuckin' sick to my stomach
Every time I think of you I puke
You must just not know
You may not think you do but you do
Every time I think of you, I puke

Goddamn it
Fuckin' bitch

Eminem - My 1st Single Lyrics

Ohh, yeah
So much for first single on this one

Shady's the label aftermath is a stable
That the horses come out errp of course we're about to stir up
Some shit as thick as Mrs Butterworths syrup
It's the Mr. picked on Christopher Reeves
Just for no reason other than just to tease him

'Cause he was his biggest fan, he used to be superman
Now I'm pourin' liquor on the crib in his name for him
Eminem you wait till' we meet up again
Fucker I'm kickin' your ass for everything you've ever said

It's one for the money two for the fuckin' show, ready get set, let's go
Here comes the buckin' bronco
Stompin' and stampedin' up the damn street like them buffalo
Soldiers I told ya I'm about to blow
So look out below, jeronimo, motherfuckers it's dominos
I'm on a roll, around and around I go when will I stop? I don't know

Tryna pick up where the Eminem show left off
But I know anything's possible
Though I'm not gonna top what I sold, I'm at the top of my game
That shit is not gonna change, long as I got Dr. Dre on my team
I'll get away with murder

I'm like O.J . he's like my cochran today
We keep them Mark Freman tapes in a safe, locked them away
Better watch what you say just when you thought you were safe
Them fuckers got you on tape, you swear to God you was playin'

Whether or not you was little Joshua
Gosh I wish I coulda told you to not do the same
'Cause one day it could cost you your name

And this was supposed to be my first single, but I just fucked that up so
Fuck it, let's all have fun let's mingle, slap a bitch and smack a ho
This was supposed to be my catchy little jingle
That you hear on your radio, but shits about to hit the shingle
Oh oh oh oh oh oh no

Erra oh ah
Erra oh ah
Erra oh ah
Erra oh oh ah ah, oh ah
Erra oh ah

Erra oh ah
Erra poo poo ca ca

Erra erra eric swallowed some generic sleeping pills
And woke up in bed next to his best friend Derick bare naked
Chicka chicka chicka and then just turned 16 and used a fake Id
To sneak in V.I.P. to see R. Kelly

He he he he he, to be so young and naive
Oh what I wouldn't give to live so Kim and care free
Paris and Nikki's parents must be so tickled to cherish
Every picture with their kids with hickeys all over their necks

Hickory dickory derk diggler
Look at me work wizardry with these words
Am I a jerk or just jerk chicken
Or chicka chicka chicka chicka jer jer jerkin the chain

22 jerks in a jerk circle
Or is it a circle jerk or wait a minute
What am I sayin', allow me to run it back and rewind it
Wait a minute let me ask you again

Am I just jerkin the chain, am I bizerk or insane
Or am I just one of them damn amateurs
Workin' the damn camera filmin' one of them
Paris Hilton home made pornos

Who keeps tiltin' the lens at an angle, chicka chicka
Just recently somebody just discovered
Britney and Justin videotapes of them fuckin'
When they were just mouseketeers in the mickey mouse club

And dusted them and went straight to the source with them
'Cause they coulda sworn someone said nuh
And then tried to erase and record over it
But if you listen close enough to it you can hear the
Uh uh and then the come-to-find-out-it-was-just in
Sayin' I'm gon "Nuh" come and this was

Supposed to be my first single, but I just fucked that up so
Fuck it, let's all have fun let's mingle, slap a bitch and smack a ho
This was supposed to be my catchy little jingle
That you hear on your radio, but shits about to hit the shingle
Oh oh oh oh oh oh no

Erra oh ah
Erra oh ah
Erra oh ah
Erra oh oh ah ah, oh ah
Erra oh ah
Erra oh ah

Erra poo poo ca ca

Any opinions or somethin' you just wanna get off your chest
And address it about my lyrics I'd love to hear it
All you gotta do is pick up the phone and just dial up this number
It's 1-800-I'm a dick sucker I love to suck a dick

And if someone picks up you can talk all the shit you want about me
Just type in your number back and follow it by the pound key
And I'll be sure to get back
As soon as there comes a day that I fall out with Dre
Wake up gay, make up with ray
(Hey)

So fuck a chicken, and lick a chicken, and suck a chicken
Beat a chicken, eat a chicken like it's a big cock, big a big cock
Or suck a dick, and lick a dick and eat a dick
And stick a dick in your mouth, I'm done you can fuck off
Fucka-fucka offf

And this was supposed to be my first single, but I just fucked that up so
Fuck it, let's all have fun let's mingle, slap a bitch and smack a ho
This was supposed to be my catchy little jingle
That you hear on your radio, but shits about to hit the shingle
Oh oh oh oh oh oh no

Eminem - Paul (Skit) Lyrics

Em, what's goin' on?
This is Paul Rosenburg here, faithful attorney o' law
Listen, I er, listened to the rough copy of your album

And uh, you know I just gotta be honest with you
Could you turn it down a little bit?
Because there's only so much I can explain, give me a call

Eminem - Rain Man Lyrics

Yeah, definitely, definitely, definitely dawg
Definitely, definitely k-mart
Yeah, yeah

You find me offensive? I find you offensive
For finding me offensive
Hence if I should draw a line on any fences
If so to what extensive
Any, should I go? 'Cause it's getting expensive
Being on the other side of the courtroom on the defensive
They say that I cause extensive
Psychological nerve damage to the brain when I go to lengths this

Far at other people's expenses
I say your all just too goddamn sensitive
It's censorship and it's down right blasphemous
Listen to shit now 'cause I won't stand for this
And Chirs-stiff-pher Reeves won't sit for this neither
And let's clear this up too I ain't got no beef with him either
He used to be like a hero to me
I even believe I had one of those 25 cent stickers on my refrigerator

Right next to Darth Vader
And Darth must have put a hex on him for later
I feel like it's my fault cause of the way that
I stuck him up in between him and Lex Luther
I killed Superman, I killed Superman
And how ironic? That I'd be the bad guy
Kryptonite, the green chronic

'Cause I ain't got no legs
Or no brain, nice to meet you
Hi, my name is
I forgot my name
My name was not to become what I became with this level of fame
My soul is possessed by this devil my new name is
Rain man

Now in the Bible it says
Thou shalt not watch two lesbians in bed
Have homosexual sex
Unless of course you were given the consent to join in
Then of course, it's intercourse and it's bi-sexual sex
Which isn't as bad, as long as you show some remorse for your actions
Either before, during or after preforming the act of that which
Is normally referred to have such, more commonly known phrases

That are more used by today's kids
In a more derogatory way but
Who's to say, what's fair to say and what not to say?
Let's ask Dr. Dre, Dr. Dre?
(What up?)
I gotta question if I may?
(Yeah)
Is it gay to play putt-putt golf with a friend
(Yeah)
And watch his butt-butt when he tees off?
(Yeah)
But, ut! I ain't done yet

In football the quarterback yells out hutt-hutt
While he reaches in another grown man's ass
Grabs on his nuts but just what if
It was never meant it was just an accident
But he tripped, fell, slipped and his penis went in
His teeny tiny little round hiney but he didn't mean it
But his little weenie flinched just a little bit
And I don't mean to go in into any more details but
What if he pictured it as a females butt?
Is that gay? I just need to clear things up
Till then I'll just walk around with a manly strut because

'Cause I ain't got no legs
Or no brain, nice to meet you
Hi, my name is
I forgot my name
My name was not to become what I became with this level of fame
My soul is possessed by this devil my new name is
Rain man

You find me offensive, I find you offensive
Shit, this is the same verse I just did this
When am I gonna come to my good senses?
Probably the day Bush comes to my defenses
My spider senses telling me Spiderman is nearby
And my plan is to get him next and open up a whip ass canister
Goddamn it Dre where is the goddamn beat?
Anyway, anyway I don't know how else to put it
This is the only thing that I'm good at
I am the bad guy, kryptonite, the green chronic
Demonic, yep yep, don't worry I'm on it

I got it, high five Nick Lachey
Stuck a pen in Jessica's head and walked away
And she blew around the room like a balloon a
Grabbed the last can of chicken tuna
Out the trash can and screw my
Head is straight back to the Neverland ranch
With a peanut butter, jelly, chicken, tuna sandwich

And I don't gotta make no goddamn sense
I just did a whole song and I didn't say shit

'Cause I ain't got no legs
Or no brain, nice to meet you
Hi, my name is
I forgot my name
My name was not to become what I became with this level of fame
My soul is possessed by this devil my new name is
Rain man

'Cause I
Yo, rain man
Definitely, definitely Dr. Dre, super dope beat maker
Two thousand and two thousand four hundred and eighty seven million
Nine hundred and seventy three thousand four hundred and sixty three
And seventy

Eminem - Big Weenie Lyrics

I don't understand
Why are you being so mean?
You're mean yo mean yeah man

You are just jealous of me
'Cuz you, you just can't do what I do
So instead of just admitting it
You walk around and say
All kinds of really mean things about me
'Cuz you're a meanie, a meanie

But it's only 'cuz you're just really jealous of me
'Cuz I'm what you want to be
So you just look like an idiot
When you say these mean things
'Cuz it's too easy to see
You're just a really big weenie, big weenie

Alright listen, I need you to focus
I need you to go dig deep in your mind, this is important
We are going to perform an experiment of the sorts
I'm going to have to ask you to bare with me for a moment
Now I need you to open your mind, your eyes close them
You are now about to be placed under my hypnosis
For the next four and a half minutes
We are going to explore into your mind
To find out why you're so fuckin' jealous
Now why did they make yoo-hoo?
Hippity ca-ca boo-boo

Psych, I'm kidding
I just wanted to see if you're still listenin'
Ok, now I need your undivided attention
Sir, I have a question
Why do I always sense this undeniable tension
From the moment that I enter into the room?
It gets all quiet and whispers
Whenever there's conversation, why am I always mentioned?
I've been dying to ask, it's been itchin' at me
Is it just because

You are just jealous of me
'Cuz you, you just can't do what I do
So instead of just admitting it
You walk around and say
All kinds of really mean things about me
'Cuz you're a meanie, a meanie

But it's only 'cuz you're just really jealous of me
'Cuz I'm what you want to be
So you just look like an idiot
When you say these mean things
'Cuz it's too easy to see
You're really just a big weenie, big weenie

Alright now, aww shit I, I just flubbed a line
I was going to say something extremely important
But I forgot who or what it was, I fucked up
Psych, I'm kidding again you idiot, no I didn't
That's just what you wanted to hear from me
Is that I fucked up ain't, it?
But I can bust one take without lookin' at no paper
It doesn't take a bunch of takes
Or me to stand here in this booth all day
For me to say the truth, okay
You're droolin', you have tooth decay
Your mouth is open, you're disgusting

What the fuck you eat for lunch
A bunch of sweets or something, what?
You munch a bunch of Crunch 'n' Munch?
Your tooth is rotten to the gum
Your breath stinks, wanna chew some gum?
Yes I do sir, what am I on?
You sir are on truth syrum
Marshall I'm so jealous of you
Please say you won't tell nobody
I'd be so embarrassed, I'm just absolutely terrified
That someone's gonna find out why I'm saying
All these terrible, evil and awful mean things
It's my own insecurity

You are just jealous of me
'Cuz you, you just can't do what I do
So instead of just admitting it
You walk around and say
All kinds of really mean things about me
'Cuz you're a meanie, a meanie

But it's only 'cuz you're just really jealous of me
'Cuz I'm what you want to be
So you just look like an idiot
When you say these mean things
'Cuz it's too easy to see
You're just a really big weenie, big weenie

Alright now we, we're going to conduct
That experiment that we were talking about earlier
Just to see what a frog looks like when it takes two hits of ecstasy

'Cuz that's exactly what your eyes look like, want to check to see?
Here's a mirror, notice the resemblance here?
Wait, let me put these sun glasses on
Now look in this mirror, how about now?
What do you have in common?
You're both green with envy and look like idiots with sunglasses on 'em
You look like I sound like singing about weenies
Now take my weenie out of your mouth

This is between me and you, I know you're not happy
I know you'd much rather see me
Lying in the corner of a room somewhere crying
Curled up in a ball tweeked out of my mind dying
There is no denying that my weenie is much bigger than yours is
Mine is like sticking a banana between two oranges
Why you even doing this to yourself, it's pointless
Why do we have to keep on going through this
This is torturous my point is this
That if you say mean things, weenie will shrink
Now I forgot what the chorus is, your just is

You are just jealous of me
'Cuz you, you just can't do what I do
So instead of just admitting it
You walk around and say
All kinds of really mean things about me
'Cuz you're a meanie, a meanie

But it's only 'cuz you're just really jealous of me
'Cuz I'm what you want to be
So you just look like an idiot
When you say these mean things
'Cuz it's too easy to see
You're just a really big weenie, big weenie

Fuck off my dick, hehehehehehheium

Eminem - Em Calls Paul (Skit) Lyrics

Aye yo Paul, it's Em
I got your call about the Michael Jackson thing
And I know that he's not 'Thrilled' about the video
What does he 'Wanna be startin'' somethin'?'
Well I'll show him who's really 'Bad'

Paul, 'The way you make me feel' with these calls
You should really take a look at the 'Man in the mirror'
And tell him to 'Beat it' because I 'Won't stop till I get enough'
Do you 'Remember the time'
We were watching the 'Billy Jean' video?

Well he'll always be that Michael to me
And it doesn't matter if he's 'Black or white'
Because I 'Can't stop loving him'
And I hate plastic surgeons
And I hope they all fucking die

How do you like that?
And I like him, I like him a lot
I want to touch him but I can't
Excuse me, I'm taking a shit, sorry

Anyways, call me back
I have this idea about how I want to end the show
So, hit me when you get this message fucker
Oh, and by the way, no I don't have a new gun
(Goddamn it)

Eminem - Just Lose It Lyrics

Okay, guess who's back, back again
Shady's back, tell a friend
Now everyone report to the dance floor
To the dance floor, to the dance floor
Now everyone report to the dance floor
Alright stop, pajama time

Come here little kiddies on my lap
Guess who's back with a brand new rap
And I don't mean rap as in a new case
Of child molestation accusates
Ah ah ah ah ah, no worries
Papa's got a brand new bag of toys
What else could I possibly do to make noise?
I've done touched on everything but little boys

That's not a stab at Michael
That's just a metaphor, I'm just psycho
I go a little bit crazy sometimes
I get a little bit out of control with my rhymes
Good God, dip, do a little slide
Bend down, touch your toes, and just glide
To the center of the dance floor
Like TP for my bung hole and it's cool if you let one go

Nobody's gonna know, who'd hear it?
Give a little poot poot, it's okay
Oops my CD just skipped
And everyone just heard you let one rip

Now I'm gonna make you dance, it's your chance
Yeah boy, shake that ass, whoops I mean girl, girl, girl, girl
Girl you know you're my world, alright now lose it
(Ah ah ah ah ah)
Just lose it
(Ah ah ah ah ah)
Go crazy
(Ah ah ah ah ah)
Oh baby
(Ah ah)
Oh baby
(Ah ah)

It's Friday and it's my day
Used to party all the way to Sunday
Maybe 'til Monday, I don't know what day
Everyday's just a holiday

Cruisin' on the freeway, feelin' kind of breezy
Let the top down and my hair blow
I don't know where I'm goin', all I know
Is when I get there someone's gonna touch my body

Excuse me miss, I don't mean to sound like a jerk
But I'm feelin' just a little stressed out from work
Would you punch me in the stomach and pull my hair?
Spit on me, maybe gouge my eyes out, yeah
Now what's ya name girl, what's ya sign?
Man you must be up out yo mind
Dre, ah, ah, beer goggles, blind
I'm just tryin' to unwind, now I'm

Now I'm gonna make you dance, it's your chance
Yeah boy, shake that ass, whoops I mean girl, girl girl girl
Girl you know you're my world, alright now lose it
(Ah ah ah ah ah)
Just lose it
(Ah ah ah ah ah)
Go crazy
(Ah ah ah ah ah)
Oh baby
(Ah ah)
Oh baby (ah ah)

It's Tuesday and I'm locked up
I'm in jail and I don't know what happened
They say I was runnin' butt naked
Down the street screamin' "Ah ah ah ah"
Well I'm sorry, I don't remember
All I know is this much, I'm not guilty
They said. "Save it, boy we got you on tape
Yellin' at an old lady touch my body"

Now this is the part where the rap breaks down
It's real intense, no one makes a sound
Everything looks like it's '8 Mile' now
The beat comes back and everybody lose themselves
Now snap back to reality, look it's B. Rabbit
Oh you signed me up to battle? I'm a grown man
Tubba tubba tubba tubba tubba tubba tubba
I don't have any lines to go right here so tubba

Tellytubby fellas, what, fellas, what
Grab your left nut, make your right one jealous what
Black girls, white girls, skinny girls, fat girls
Tall girls, small girls, I'm callin' all girls
Everyone report to the dance floor
It's your chance for a little romance or butt squeezin'
It's the season, just go ah ah ah ah, it's so appeasin'

Now I'm gonna make you dance, it's your chance
Yeah boy, shake that ass, whoops I mean girl, girl girl girl
Girl you know you're my world, alright now lose it
(Ah ah ah ah ah)
Just lose it
(Ah ah ah ah ah)
Go crazy
(Ah ah ah ah ah)
Oh baby
(Ah ah)
Oh baby, baby
(Ah ah)

Touch my body, touch my body
Oh boy just touch my body, I mean girl just touch my body

Eminem - Ass Like That Lyrics

I'll be

The way you shake it
I can't believe it
I ain't never seen a ass like that
The way you move it
You make my pee pee go
Da-doing doing doing

I don't believe it
It's almost too good to be true
I ain't never seen a ass like that
The way you move it
You make my pee pee go
Da-doing doing doing

The way she moves she's like a belly dancer
She's shakin' that ass to the new Nelly Jams
I think someone's at the door, but I don't think I'ma answer
Police saying freeze, da-doing doing doing

What do you mean freeze? Please I'm a human being
I have needs, I'm not done not till I'm finished peeing
I am not resisting arrest, I am agreeing
Mister officer, I'm already on my knees
I can't get on the ground any further it's impossible for me
And do not treat me like a murderer
I just like to pee, pee, pee

Yes I make R 'n' B
I sing song that go ringy chong
Ching chong chong chong ching
Psyche, I joke, I joke, I kid, I kid
If I offend, I'm sorry please, please forgive
For I am triumph the puppet dog, I am a mere puppet
I can get away with anything I say and you will love it

The way you shake it
I can't believe it
I ain't never seen a ass like that
The way you move it
You make my pee pee go
Da-doing doing doing

Jessica Simpson
Looks oh so temptin'
Nick I ain't never seen a ass like that

Every time I see the show on MTV
My pee pee goes
Da-doing doing doing

Mary Kate and Ashley used to be so wholesome
Now they gettin' older, they startin' to grow bum-bums
I go to the movies and sit down with my popcorn
Police saying freeze, da-doing doing doing

What do you mean freeze? Jeez, I just got my seat
I have ticket, look I put it away my zipper zipped
Please do not remove me from this movie theater please
I did not even get to see Mary Kate's shower scene
I didn't mean to be obscene or make a great big scene
And don't treat me like I'm Pee Wee Herman
This movie is P.G. mister officer, I demand to see my attorney

I will simply plead innocent, cop a plea and be free
Free, yes, free, right back on the streets
What you mean my lawyer is with Michael?
He's too busy, I'm triumph
Britney spears has shoulders like a man
And I can say that and you laugh
'Cos there's a puppet on my hand

The way you shake it
I can't believe it
I ain't never seen a ass like that
The way you move it
You make my pee pee go
Da-doing doing doing

Hilary Duff is
Not quite old enough so
I ain't never seen a butt like that
Maybe next year I'll say ass
And she'll make my pee pee go
Da-doing doing doing

The way she moves she dances like a gogo
In that video she sings 'Get out' you bozo
I need a new boyfriend, 'Hi my name is Jojo'
Police saying freeze, da-doing doing doing

What do you mean freeze?
My computers will be seized
And my keys to my ranch, I just baked cookies
Mister officer, lookie, take a whiff of these
Here, I make Jesus juice, take a sip of this
Nobody is safe from me, no not even me

I don't even know if I can say the word pee-pee

Pee, on the radio, but I think I did
Janet, is that a breast? I think I just saw a tit
Psyche, I joke, I joke, I kid, I kid
I don't think my joke is working, I must flee
Quick get to the chopper, everybody get down
I'm not Triumph, I'm Arnold get down

The way you shake it
I can't believe it
I ain't never seen a ass like that
The way you move it
You make my pee pee go
Da-doing doing doing

So Gwen Stefani
Will you pee-pee on me please?
I ain't never seen a ass like that
'Cos the way you move it
You make my pee-pee go
Da-doing doing doing

Fuck is wrong with you

Eminem - Spend Some Time Lyrics

If there's any bitches in this room, then there's something I gotta say
For all the fools who fell for first girl who comes their way
I've been down that road and now I'm back sitting on square one
Trying to pick myself up where I started from
I never would've thought that I'd see you out of control
Even though my penis was deep down in your hole
You should know between us, we was like mates of soul
Nothing could intervene us, especially no hoes

You was more sort of chalant type I chose
To more shows, on the true nights I suppose
That's how it go, with time spent, emotion grows
In the beginning friends, we decided to roll
So who's responsible when you get excited, explode
And Obie's grinnin', then you invite that Obie's cold
But bitches they gon' talk, niggas they gon' hate
We established this way before we became mates
So what's required is that you chill with all that fire
Get your desire when I retire and

Spend some time with me, say that you'll be mine
I never thought I'd find someone to be mine
Lord, knows I was right 'cuz you just crossed the line
Spend some time with me, say that you'll be mine

I used to say I never met a girl like you before
Still ain't got a fuckin' clue as to who you truly are
Almost went as far as introducing you to my daughters
'Til you went as far as goin' and snoopin' through my drawers
Now I just feel stupid for the loop that you threw me for
Can't beleive I almost flew the coop for some stupid whore
You used to say all you wanted was for me to be yours
All I ever wanted from you was a few booty calls

If you recall I used to treat you like a poopie broad
When we fucked I refused to even take my jewlery off
But it threw me off the first time I called and you blew me off
It was a shock, it struck me as odd, but it turned me on
You started getting moody on me, pretty soon we'd argue
And the ruder you got, the more beautiful you got to me
And who'da even knew that who would'a even thought possibly
Cupid could shoot another one of them god-damned darts at me

It's true that I got shot in the heart
But when someone seems too good to be true, they usually are
But see, when you're in it, it's too hard to see
'Til you pull up and see some other dude's car parked and reach

Up under the seat, as your heart starts to beat
Before you make a decision that's life altering
And just as you halt, and you turn and you start to leave
You hear them words echoing, almost haunting, that taunting ring

Spend some time with me, say that you'll be mine
I never thought I'd find someone to be mine
Lord, knows I was right 'cuz you just crossed the line
Spend some time with me

Yeah, right bitch, spend some time on my dick
In most cases Stat's attitude is fuck a bitch
My only motive is to get head and fuck a bitch
But you was different, thought we shared a covenant
Even held your hand in public
We sufferin' because of this Shorty's on some hole another shit
Tryin' to play slick, thinkin' I'ma tricked off rip
I'll admit I was caught in the mix, down to commit
Feeding you the best of me, I should've fed you piss

We started off closer than close but who could've predicted to know
Your triflin' way would've stopped our growth
And the final result, back in that same boat
I ask myself do I love these hoes, nope
Em introduced us, "50 this is Tanya, Tanya this is 50"
Then slid off and left her to kick it with me
I complimented her, I said, "You have very nice lips"
With my imagination, I could see her suckin' my dick

We played the phone game, a week later shit changed fast
Had her comin' over in a cab to give me some as
Downtown Manhattan on the balcony, stare at the skyline
Penthouse full of imported, you know how I grind
She got the talkin', talkin' like an opportunitist too
Why talk when suckin' my dick is the real career move?
Said she's an inspiring actress, she do videos for practice
Yeah yeah, know how many times I done heard that shit?

Spend some time with me, say that you'll be mine
I never thought I'd find someone to be mine
Lord, knows I was right 'cuz you just crossed the line
Spend some time with me, say that you'll be mine

Eminem - Mockingbird Lyrics

Yeah, I know sometimes
Things may not always make sense to you right now
But hey, what daddy always tell you? Straighten up, little soldier
Stiffen up that upper lip, what you cryin' about? You got me

Hailie I know you miss your mom and I know you miss your dad
When I'm gone but I'm tryin' to give you the life that I never had
I can see you're sad, even when you smile, even when you laugh
I can see it in your eyes, deep inside you wanna cry

'Cause you're scared, I ain't there, daddy's with you in your prayers
No more cryin', wipe them tears, daddy's here no more nightmares
We gon' pull together through it, we gon' do it Laney
Uncle's crazy ain't he yeah but he loves you girl and you better know it

We're all we got it this world, when it spins, when it swirls
When it whirls, when it twirls, two little beautiful girls
Lookin' puzzled, in a daze, I know it's confusin' you
Daddy's always on the move, mama's always on the news

I try to keep up sheltered from it but somehow it seems
The harder that I try to do that, the more it backfires on me
All the things growin' up as Daddy that he had to see
Daddy don't want you to see but you see just as much as he did

We did not plan it to be this way, your mother and me
But things have got so bad between us, I don't see us ever
Bein' together ever again, like we used to be when we was teenagers
But then of course everything always happens for a reason

I guess it was never meant to be but it's just somethin'
That we have no control over and that's what destiny is
But no more worries, rest your head and go to sleep
Maybe one day we'll wake up and this'll all just be a dream

Now hush little baby, don't you cry
Everything's gonna be alright
Stiffen that upper lip up, little lady, I told ya
Daddy's here to hold you through the night

I know mommy's not here right now
And we don't know why, we feel how we feel inside
It may seem a little crazy, pretty baby
But I promise, momma's gon' be alright

Heh, it's funny, I remember back one year
When daddy had no money

Mommy wrapped the Christmas presents up
And stuck 'em under the tree

And said some of 'em were from me
'Cause daddy couldn't buy 'em
I'll never forget that Christmas
I sat up the whole night cryin'

'Cause daddy felt like a bum, see daddy had a job
But his job was to keep the food on the table for you and mom
And at the time, every house that we lived in
Either kept gettin' broken into and robbed or shot up on the block

And your mom, was savin' money for you in a jar
Tryin' to start a piggy bank for you so you could go to college
Almost had a thousand dollars, 'til someone broke in and stole it
And I know it hurt so bad, it broke your momma's heart

And it seemed like everything was just startin' to fall apart
Mom and dad was arguin' a lot, so momma moved back
On the Chalmers in the flat, one bedroom apartment
And dad moved back to the other side of 8 Mile on Novara

And that's when daddy went to California with his CD
And met Dr. Dre and flew you and momma out to see me
But daddy had to work, you and momma had to leave me
Then you started seein' daddy on the TV

And momma didn't like it and you and Laney were too young
To understand that papa was a rollin' stone, momma developed a habit
And it all happened too fast for either one of us to grab it
I'm just sorry, you were there and had to witness it first hand

'Cause all I ever wanted to do was just make you proud
Now I'm sittin' in this empty house, just reminiscin', lookin'
At your baby pictures, it just trips me out to see how much
You both have grown, it's almost like you're sisters now

Wow, guess you pretty much are and daddy's still here
Laney, I'm talkin' to you too, daddy's still here
I like the sound of that, yeah, it's got a ring to it don't it?
Shh, momma's only gone for the moment

Now hush little baby, don't you cry
Everything's gonna be alright
Stiffen that upper lip up little lady, I told ya
Daddy's here to hold you through the night

I know mommy's not here right now
And we don't know why, we feel how we feel inside
It may seem a little crazy, pretty baby
But I promise, momma's gon' be alright

And if you ask me to
Daddy's gonna buy you a mockingbird, I'ma give you the world
I'ma buy a diamond ring for you, I'ma sing for you
I'll do anything for you to see you smile

And if that mockingbird don't sing
And that ring don't shine, I'ma break that birdie's neck
I'd go back to the jeweler who sold it to ya
And make him eat every carat, don't fuck with dad, ha ha

Eminem - Crazy In Love Lyrics

Tell myself that I was doing alright
There's nothing left to do tonight
I go crazy on you, crazy on you
Lemme go crazy, crazy on you

Can't you see what you do to me baby?
You make me crazy, you make me act like a maniac
I'm like a lunatic, you make me sick
You're truly the only one who can do this to me
You just make me get so crazy

I go schizo, I get so insane I just go skitzophrenic
One minute I want to slit your throat, the next I wanna sex
You make me crazy, the way we act like 2 maniacs in the sack
We fuck like 2 jackrabbits and maybe that's a bad habit

'Cuz the next day we're right back at it in the same exact pattern
What the fuck is the matter with us, we can't figure out if it's lust
Or it's love is what's attracting us to each other
They say that every man grows up to marry his own mother

Which would explain why you're such a motherfucking bitch
But I stay and still stick it out with you even though I just hit you today
But you deserve it you hit me first and provoked me to choke you
Just 'cuz I came home late last night crawled in bed and I woke you

But if there's one thing about you that I admire it's baby
Because you stay with me, maybe, 'cuz you're as crazy as I am
'Cuz when I look at you I can see an angel in your eyes
But if I look deeper inside I see your freakish little side

Like a devil in disguise, you're always full of surprises
Always pullin' devices out your purse, little vibrators
And dildos, you fuck yourself so much, you barely feel those anymore
You're only 24 but you're plenty more [Incomprehensible]

Sure than those other little hoes who just act like little girls
Like theyre in middle school, still you're crazy sexy cool, chillin'
You play your position, you never step out of line
Even though I stay in your business, you've always kept out of mine

I wonder what's on your mind sometimes
They say love is blind
Maybe that's why the first time I dotted your eye
You ain't see the sign

Or maybe you did, maybe you like being shoved

Maybe 'cuz were crazy in love
I go crazy on you, crazy on you
Lemme go crazy, crazy on you

You are the ink to my paper what my pen is to my pad
The moral, the very fiber the whole substance to my rap
You are my reason for being, the meaning of my existence
If it wasn't for you I would never be able to spit this

As intense as I do and the irony is you rely on me as much
As I rely on you to inspire me like you do
You provide me the lighter-fluid the fuel my fire
You're my entire supply gas, the match, and igniter

The only way that I am able to stay so stable is you're the legs
To my table, if you were to break I'd fall on my face
But I am always gonna make you feel I don't need you
As much as I really need you so you don't use it to your advantage

But you are essential to me, you are the air I breathe
I believe if you ever leave me, I'd probably have no reason to be
You are the Kim to my Marshall, you are the Slim to my Shady
The Dre to my Eminem, the Alaina to my Haillie

You are the word that I am looking for when I'm trying to describe
How I feel inside and the right one just won't come to my mind
You're like the pillar that props me up, the beam that supports me
The bitch who never took half, the wife who never divorced me

You are like the root to my evil
You let my devil come out me
You let me beat the shit out you
Before you beat the shit out me

And no matter how much too much is never enough
Maybe 'cuz were crazy in love
I go crazy on you, crazy on you
Lemme go crazy, crazy on you

Eminem - One Shot 2 Shot Lyrics

I told ya'll mothafuckas I was comin' back
(Oh shit)
What now nigga, what now?
(What are you doin'?)
What?
Proof, the projects, nigga

One shot, two shot, three shots, four shots, all I hear is gunshots
This is where the fun stops, bodies drop, hit the floor, music's off
Party stops, everybody hit the door, somebody's lickin' shots off

Security's gone I'm dropped in the club
And I'm tryna run and get my muthafuckin' gun
(Nigga, what about your wife?)
Nigga fuck my wife, I'm tryin' ta run and save my muthafuckin' life
Oh shit, the shooter's comin'

Bitches hollerin', niggas runnin', people shot all over the floor
And I'm tryin' ta make it to the St. Andrew's door
That's the sound of the glock
Even DJ House fucked around and got shot
I done messed around and forgot my tec
I don't see nobody but Fab Five and Hex

(Kuniva you awright)
These niggas is trippin'
(Where's Bizarre at?)
I'm tryna slip through the exit and get to where my car is at
Bitches screamin' everywhere and niggas is wildin'
Two minutes ago we was all jokin' and smilin'

This chick is clingin' onto me sobbin' and sighin'
Sayin' she didn't mean to diss me earlier and she cryin'
But it's real and it's on and cats is gettin' killed
So I hugged her and used her body as a human shield
And she got hit now she's yellin'
(Don't leave me)

I told her I'd be right back and the dumb bitch believed me
I squeezed through the back door and made my escape
I ran and got my 38, I hope it's not too late

One shot, two shot, three shots, four shots, all I hear is gunshots
This is where the fun stops, bodies drop, hit the floor, music's off
Party stops, everybody hit the door, somebody's lickin' shots off

(I been tryna call you all day, mothafucka, where you at?)

I'm on seven mile, what the fuck was that
Damn somebody hit me from the back
(With they car?)
With a gat nigga and my tire flat
And I just hit a pole, them niggas some hoes

(Is you hit?)
I don't know but I can tell you what they drove
It was a black Mitsubishi
(Shit, that's the clique we beefin' wit)
Man and I was on my way there

Believe me I'm leavin' a caucus today
I'ma park my car and walk the rest of the way
I'm in the mood to strut, my AK ain't even tucked
I'ma meet you at the club, we gon' fuck these hoes up

One shot, two shot, three shots, four shots, all I hear is gunshots
This is where the fun stops, bodies drop, hit the floor, music's off
Party stops, everybody hit the door, somebody's lickin' shots off

I never seen no shit like this is my life before
People are still camped out from the night before
Sleepin' outside the door waitin' in line
Still tryna get inside the club to see D12 perform

The fire marshalls know, the venue's too small
People are wall to wall, three thousand and some odd fans
And some cum-wad from out the parkin' lot
Gets in an argument over a parkin' spot
Decides to pull his gun out and let's a few of 'em off

Missed who he's aimin' for six feet away's the door
Into St. Andrew's hall, now the strays flyin' all over the place
Sprays one bitch in the face, another one of 'em came through the wall
Before anyone could even hear the first shot go off

I'm posted up at the bar havin' a mazel tov
Bullet wizzed right by my ear damn near shot it off
Thank God I'm alive, I gotta find Denaun
And where the fuck is Von, he usually tucks one on him

Wait a minute I think I just saw Bizarre
No, I guess not, what the fuck, oh my God it was
I never saw him run so fast in my life
Look at him haulin' ass, I think he left his wife

There she is on the ground bein' trampled
I go to grab her up by the damn hand but I can't pull her
Goddamn, there just went another damn bullet, I'm hit
My vest is barely able to handle it, it's too thin
If I get hit again I can't do it, I scoop deep

Follow Bizarre's path ran through it

And made it to the front door and collapsed on the steps
Looked up and I seen Swift shootin' it out
But I can't see who he's shootin' it out with
But Denaun's right behind him squeezin' his four fifth

One shot, two shot, three shots, four shots, all I hear is gunshots
This is where the fun stops, bodies drop, hit the floor, music's off
Party stops, everybody hit the door, somebody's lickin' shots off

It's Friday night came to this bitch, right
Big ass to my left and Desert Eagle to my right
I ain't come in this bitch to party, I came in this bitch to fight
Although I can't stay here to fight 'cuz I'm poppin' niggas tonight

That's right bitches I'm drunk with revenge
Shot a bouncer in the neck for tryna check when I get in
Swift told me to meet him here so it's clear that the schmuck that
Shot out the back of his truck is up in this mothafucka

So one shot for the money, two's to stop the show
Third's for the bartender
(There's plenty of shots to go)
(I just wanna know who's drivin' a black Mitsubishi)
He tried to run so Proof shot him in the knee wit a three piece

One shot, two shot, three shots, four shots, all I hear is gunshots
This is where the fun stops, bodies drop, hit the floor, music's off
Party stops, everybody hit the door, somebody's lickin' shots off

Eminem - Final Thought (Skit) Lyrics

Almost forgot
You're comin' with me'

Let's go baby, let's go
Let's go baby, let's go
Let's go baby, let's go
Let's go baby, let's go

Eminem - Encore/Curtains Down Lyrics

Sh-sh-sh-Shady
Aftermath
G-G-G-Unit

'Cuz we came here to set this party off right
Let's bounce tonight
And if they don't let us in through the front
We'll come through the side

'Cuz I don't ever wanna leave the game without
At least saying goodbye
So all my people on the left, all my people on the right
Swing one last time

Get your ass up for the Doctor
One more time, get your ass up for the Doctor
Come on now, here we go, cliff hanger, it's another club banger
Got you hangin' on the edge of your seat, get on down

Times up, games over, you lose, I win
'Bout to show these knuckleheads how to do this here
Ooh, yeah, new year, next phase, begin
Look who's got you goin' crazy again

I'm a trend, I set one every time I'm in
I go out and just come back full circle again
You a fad, that means you're something that we already had
But once you're gone, you don't come back

Too bad, you're off the map now, radar can't even find you
We stay on the grind, you slip, we out-grind you
You walk around mad, you let your anger blind you
We walk around just playin' the violin behind you

Enough with all the pissin' and moanin', whinin' and bitchin'
Sit and observe, listen, you'll learn if you pay attention
Why ten multi-platinum albums later, three diamond
World-wide, we're on the charts with a bullet and still climbin'

'Cuz we came here to set this party off right
Let's bounce tonight
And if they don't let us in through the front
We'll come through the side

'Cuz I don't ever wanna leave the game without
At least saying goodbye
So all my people on the left, all my people on the right

Swing one last time

When Dr. Dre say crunk, you will get it crunk, get it crunk
Crunk, crunk, crunk
And when 50 Cent says jump, you get on one foot and, jump
Jump, jump, jump, jump

The buzz is tremendous, we drop you all to sense it
I don't gotta promote it for you to know that Doc is off the benches
We keep the party rockin' off the hinges
We ain't showin' off, we just goin' off popular consensus

But critics say that Doc is soft, Doc is talk
Doc is all washed up, knock it off, who the fuck is Doc impressin'?
Doc is this, Doc is that, you got the wrong impression
You must be on the cock of Doc, 'cuz Doc left you all guessin'

So DJ take the needle and just drop it on the record, what
We gon' have this mutherfucker hoppin' in a second, bump bump
That's why we always save the best cut last
To make you scratch and itch for it like fresh cut grass

'Cuz we done swam with the sharks, wrestle with alligators
Spoke to a generation of angry teenagers
Whom if it wasn't for rap to bridge the gap, maybe raised to be racist
Who may have never got to see our faces

Grace the cover of Rolling Stone pages
Broke down barriers of language and races
Just call on the cape crusaders and leave it to me and Dre
To pass the mic and we can play the back and forth all day
Like the hot potato game, that's why we came to

'Cuz we came here to set this party off right
Let's bounce tonight
And if they don't let us in through the front
We'll come through the side

'Cuz I don't ever wanna leave the game without
At least saying goodbye
So all my people on the left, all my people on the right
Swing one last time

50 Cent, come on, bounce now, hands up, you know how we do it
We make the club jump everywhere we go
It's no secret, everybody know
When Dre's involved, there's plenty money involved

And plenty honey's involved, the sunny Sunday's and palm trees
Cali, everyday it's just another party from the valley's
All the way to them 8 Mile alleys, let's rally
Hands up for the grand finale

Now raise up out your seat, Dre is about to speak
Six days up out the week
You could catch me in the studio bangin' out the beats to
Provide you with the heat that keep blazin' out your speaker

So never say never 'cuz Shady Aftermath together
Along with G-Unit Records presents the return of the-the Doc
And Shady, no one could do it better
We tear the club up and leave without a strand of evidence and uh

'Cuz we came here to set this party off right
Let's bounce tonight
And if they don't let us in through the front
We'll come through the side

'Cuz I don't ever wanna leave the game without
At least saying goodbye
So all my people on the left, all my people on the right
Swing one last time

Yeah, still Aftermath, 2006
And don't worry about that Detox album, it's comin'
We gon' make Dre do it, 50 Cent, G-Unit
Obie Trice, D-twizzy, Stat Quo, Dr. Dre, we ain't leavin', let's go
Ladies and Gentlemen, thank you all for comin' out, peace

Eminem - Beautiful Lyrics

Lately I've been hard to reach
I've been too long on my own
Everybody has their private world
Where they can be alone

Are you calling me?
Are you trying to get through?
Are you reaching out for me?
I'm reaching out for you

I'm just so fucking depressed
I just can't seem to get out this slump
If I could just get over this hump
But I need something to pull me out this dump

I took my bruises, took my lumps
Fell down and I got right back up
But I need that spark to get psyched back up
And in order for me to pick the mic back up

I don't know how or why or when
I ended up this position I'm in
I'm starting to feel dissin' again
So I decided just to pick this pen

Up and try to make an attempt to vent
But I just can't admit
Or come to grips with the fact that I may be done with rap
I need a new outlet

And I know some shit's so hard to swallow
But I can't just sit back and wallow
In my own sorrow but I know one fact
I'll be one tough act to follow

One tough act to follow
I'll be one tough act to follow
Here today, gone tomorrow
But you'd have to walk a thousand miles

In my shoes, just to see
What it's like, to be me
I'll be you, let's trade shoes
Just to see what it'd be like

To feel your pain, you feel mine
Go inside each others' minds

Just to see what we'd find
Look at shit through each others' eyes

Don't let 'em say you ain't beautiful
They can all get fucked, just stay true to you
So don't let 'em say you ain't beautiful
They can all get fucked, just stay true to you

I think I'm starting to lose my sense of humor
Everything's so tense and gloom
I almost feel like I gotta check
The temperature of the room

Just as soon as I walk in, it's like all eyes on me
And so I try to avoid any eye contact
'Cause if I do that then it opens the door
For conversation, like I want that

I'm not looking for extra attention
I just wanna be just like you
Blend in with the rest of the room
Maybe just point me to the closest restroom

I don't need no fucking man servant
Trying to follow me around and wipe my ass
Laugh at every single joke I crack
And half of 'em ain't even funny like

Ha! Marshall you're so funny man
You should be a comedian, god damn!"
Unfortunately I am
I just hide behind the tears of a clown

So why don't you all sit down
Listen to the tale I'm about to tell
Hell, we don't gotta trade our shoes
And you ain't gotta walk no thousand miles

In my shoes, just to see
What it's like, to be me
I'll be you, let's trade shoes
Just to see what it'd be like

To feel your pain, you feel mine
Go inside each others minds
Just to see what we'd find
Look at shit through each others eyes

Don't let 'em say you ain't beautiful
They can all get fucked, just stay true to you
So don't let 'em say you ain't beautiful
They can all get fucked, just stay true to you

Nobody asked for life to deal us
With these bullshit hands we're dealt
We gotta take these cards ourselves
And flip 'em, don't expect no help

Now I could've either just sat on my ass
And pissed and moaned
Or take this situation in which I'm placed in
And get up and get my own

I was never the type of kid
To wait by the door and pack his bags
I sat on the porch and hoped and prayed
For a dad to show up who never did

I just wanted to fit in
Every single place, every school I went
I dreamed of being that cool kid
Even if it meant acting stupid

And Edna always told me
Keep making that face and it'll get stuck like that
Meanwhile I'm just standing there
Holding my tongue tryna talk like that

'Til I stuck my tongue on that frozen stop sign pole
At 8 years old
I learned my lesson then
'Cause I wasn't trying to impress my friends no more

But I already told you my whole life story
Not just based on my description
'Cause where you see it, from where you're sittin
It's probably 110% different

I guess we would have to walk a mile
In each others shoes at least
What size you wear? I wear 10's
Let's see if you can fit your feet

In my shoes, just to see
What it's like, to be me
I'll be you, let's trade shoes
Just to see what it'd be like

To feel your pain, you feel mine
Go inside each others minds
Just to see what we'd find
Look at shit through each others eyes

Don't let 'em say you ain't beautiful

They can all get fucked just stay true to you
So don't let 'em say you ain't beautiful
They can all get fucked just stay true to you

So don't let 'em say you ain't beautiful
They can all get fucked just stay true to you
So

Lately I've been hard to reach
I've been too long on my own
Everybody has their private world
Where they can be alone

Are you calling me?
Are you trying to get through?
Are you reaching out for me?
I'm reaching out for you

Yeah, to my babies
Stay strong, daddy will be home soon

And to the rest of the world
God gave you shoes to fit you
So put 'em on and wear 'em
Be yourself man, be proud of who you are
Even if it sounds corny
Don't ever let anyone tell you you ain't beautiful

Eminem - Lose Yourself Lyrics

Look, if you had, one shot, or one opportunity
To seize everything you ever wanted, one moment
Would you capture it?
Or just let it slip, yo

His palms are sweaty, knees weak, arms are heavy
There's vomit on his sweater already, mom's spaghetti
He's nervous, but on the surface he looks calm and ready
To drop bombs, but he keeps on forgetting
What he wrote down, the whole crowd goes so loud
He opens his mouth, but the words won't come out
He's chokin' how, everybody's chokin' now
The clock's run out, times up, over, blaw!

Snap, back to reality, oh, there goes gravity
Oh, there goes Rabbit he choked, he's so mad but he won't
Give up that easy, no, he won't have it he knows
His whole back's to these ropes, it don't matter he's dope
He knows that but he's broke, he so stagnant he knows
When he goes back to his mobile home, that's when it's
Back to the lab again, yo
This whole rhapsody better go capture this moment
And hope it don't pass him

You better lose yourself in the music
The moment, you own it, you better never let it go
You only get one shot, do not miss your chance to blow
This opportunity comes once in a lifetime, yo

You better lose yourself in the music
The moment, you own it, you better never let it go
You only get one shot, do not miss your chance to blow
This opportunity comes once in a lifetime, yo

His soul's escaping, through this hole that is gaping
This world is mine for the taking, make me king
As we move toward a new world order, a normal life is boring
But superstardom's close to post mortem
It only grows harder, only grows hotter
He blows it's all over, these h**s is all on him
Coast to coast shows, he's known as the Globetrotter lonely roads

God only knows he's grown farther from home, he's no father
He goes home and barely knows his own daughter
But hold your nose cuz here goes the cold water
These h**s don't want him no mo', he's cold product
They moved on to the next schmoe who flows

He nose dove and sold nada, so the soap opera is told it unfolds
I suppose it's old partna, but the beat goes on
Da da dum, da dum da da da da

You better lose yourself in the music
The moment, you own it, you better never let it go
You only get one shot, do not miss your chance to blow
This opportunity comes once in a lifetime, yo

You better lose yourself in the music
The moment, you own it, you better never let it go
You only get one shot, do not miss your chance to blow
This opportunity comes once in a lifetime, yo

No more games, I'ma change what you call rage
Tear this mothaf****n' roof off like two dogs caged
I was playin' in the beginning, the mood all changed
I been chewed up and spit out and booed off stage
But I kept rhymin' and stepped, writin' the next cipher
Best believe somebody's payin' the pied piper
All the pain inside amplified by the fact
That I can't get by with my 9 to 5

And I can't provide the right type of life for my family
Cuz man, these *** damn food stamps don't buy diapers
And it's no movie, there's no Mekhi Phifer, this is my life
And these times are so hard and it's getting even harder
Tryin' to feed and water my seed, plus teeter-totter
Caught up between bein' a father and a prima donna
Baby mama drama's screamin' on and too much for me to wanna

Stay in one spot, another day of monotony's
Gotten me to the point I'm like a snail
I've got to formulate a plot or end up in jail or shot
Success is my only mothaf****n' option, failure's not
Mom, I love you, but this trailer's got to go
I cannot grow old in Salem's lot, so here I go it's my shot
Feet fail me not, this may be the only opportunity that I got

You better lose yourself in the music
The moment, you own it, you better never let it go
You only get one shot, do not miss your chance to blow
This opportunity comes once in a lifetime, yo

You better lose yourself in the music
The moment, you own it, you better never let it go
You only get one shot, do not miss your chance to blow
This opportunity comes once in a lifetime, yo
You better

You can do anything you set your mind to, man

Eminem - Sing For The Moment Lyrics

These ideas are nightmares for white parents
Whose worst fear is a child with dyed hair and who likes earrings
Like whatever they say has no bearin'
Its so scary in a house that allows no swearin'
To see him walkin' around with his headphones blarin'
Alone in his own zone cold and he don't care
He's a problem child what bothers him all comes out
When he talks about his fuckin' dad walkin' out
'Cos he hates him so bad that he blocks him out
But if he ever saw him again he'd probably knock him out
His thoughts are whacked he's mad so he's talkin' back
Talkin' black brainwashed from rock and rap
He sags his pants two rags and a stockin' cap
His step father hit him so he socked him back
And broke his nose this house is a broken home
There's no control he just lets his emotions go
(C'mon)

Sing with me
(Sing)
Sing for the year
(Sing)
Sing for the laughter
Sing for the tear
(C'mon)
Sing with me just for today
Maybe tomorrow the good Lord will take you away

Entertainment is danger intertwine it with gangsters
In the land of the killers a sinner's mind is a sanctum
Only you're unholy only have one homey
Only this gun lonely 'cuz don't anyone know me
But everybody just feels like they can relate
I guess words are a motherfucker they can be great
Or they can be great or even worse they can teach hate
Its like kids hang on every single statement we make
Like they worship us plus all the stores ship us platinum
Now how the fuck did this metamorphosis happen?
From standin' on corners and porches just rappin'
To havin' a fortune no more kissin' ass
But then these critics crucify you journalists try to burn you
Fans turn on you attorney's all gonna turn it to
To get their hands on every dime you have
They want you to lose your mind every time you mad
So they can try to make you out to look like a loose canon
You need to spew don't hesitate to produce air guns
Thats why these prosecutors wanna convict me

Swiftly just to get me off these streets quickly
But all their kids been listen to me religiously
So I'm signin' cds while police fingerprint me
They're for the judges daughter but his grudge is against me
If I'm such a fuckin' menace this shit doesn't make sense, Pete
It's all political if my music is literal and I'm a criminal
How the fuck can I raise a little girl?
I couldn't I wouldn't be fit to
You're full of shit too Guerrera that was a fist that hit you

Sing with me
(Sing)
Sing for the year
(Sing)
Sing for the laughter
Sing for the tear
(C'mon)
Sing with me just for today
Maybe tomorrow the good Lord will take you away

They say music can alter moods and talk to you
But can it load a gun for you and cock it too?
Well if it can then the next time you assault a dude
Just tell the judge it was my fault and I'll get sued
See what these kids do is hear about us totin' pistols
And they want to get one 'cos they think the shit's cool
Not knowin' we're really just protectin' ourselves
We're entertainers of course this shit's affectin' our sales
You ignoramus but music is reflection of self
We just explain it and then we get our checks in the mail
It's fucked up ain't it how we can come from practically nothin'
To bein' able to have any fuckin' thing that we wanted
It's why we sing for these kids that don't have a thing
Except for a dream and a fuckin' rap magazine
Who post pinup pictures on their walls all day long
Idolize their favorite rappers and know all they songs
Or for anyone who's ever been through shit in they lives
So they sit and they cry at night wishin' they die
Till they throw on a rap record and they sit and they vibe
We're nothin' to you but we're the fuckin' shit in their eyes
That's why we seize the moment and try to freeze it and own it
Squeeze it and hold it 'cos we consider these minutes golden
And maybe they'll admit it when we're gone
Just let our spirits live on through out lyrics that you hear in our songs
And we can

Sing with me
(Sing)
Sing for the year
(Sing)
Sing for the laughter
Sing for the tear

(C'mon)
Sing with me just for today
Maybe tomorrow the good Lord will take you away

Sing with me
(Sing)
Sing for the year
(Sing)
Sing for the laughter
Sing for the tear
(C'mon)
Sing with me just for today
Maybe tomorrow the good Lord will take you away

Eminem - When I'm Gone Lyrics

Eminem
Curtain Call
When I'm Gone
[Introduction]
Yeah...
It's my life...
My own words I guess...

[Verse 1]
Have you ever loved someone so much, you'd give an arm for?
Not the expression, no, literally give an arm for?
When they know they're your heart
And you know you were their armour
And you will destroy anyone who would try to harm 'em
But what happens when karma, turns right around and bites you?
And everything you stand for, turns on you, despite you?
What happens when you become the main source of a pain?
"Daddy look what I made", Dad's gotta go catch a plane
"Daddy where's Mommy? I can't find Mommy where is she?"
I don't know go play Hailie, baby, your Daddy's busy
Daddy's writing this song, this song ain't gonna write itself
I'll give you one underdog then you gotta swing by yourself
Then turn right around on that song and tell her you love her
And put hands on her mother, who's a spitting image of her
That's Slim Shady, yeah baby, Slim Shady's crazy
Shady made me, but tonight Shady's rocka-by-baby...

[Chorus]
And when I'm gone, just carry on, don't mourn
Rejoice every time you hear the sound of my voice
Just know that I'm looking down on you smiling
And I didn't feel a thing, So baby don't feel no pain
Just smile back
And when I'm gone, just carry on, don't mourn
Rejoice every time you hear the sound of my voice
Just know that I'm looking down on you smiling
And I didn't feel a thing, So baby don't feel no pain
Just smile back...

[Verse 2]
I keep having this dream, I'm pushin' Hailie on the swing
She keeps screaming, she don't want me to sing
"You're making Mommy cry, why? Why is Mommy crying?"
Baby, Daddy ain't leaving no more, "Daddy you're lying
"You always say that, you always say this is the last time
"But you ain't leaving no more, Daddy you're mine"
She's piling boxes in front of the door trying to block it

"Daddy please, Daddy don't leave, Daddy - no stop it!"
Goes in her pocket, pulls out a tiny necklace locket
It's got a picture, "this'll keep you safe Daddy, take it withcha"'
I look up, it's just me standing in the mirror
These fuckin' walls must be talking, cuz man I can hear 'em
They're saying "You've got one more chance to do right" - and it's tonight
Now go out there and show that you love 'em before it's too late
And just as I go to walk out of my bedroom door
It's turns to a stage, they're gone, and this spotlight is on
And I'm singing...

[Chorus]
And when I'm gone, just carry on, don't mourn
Rejoice every time you hear the sound of my voice
Just know that I'm looking down on you smiling
And I didn't feel a thing, So baby don't feel no pain
Just smile back
And when I'm gone, just carry on, don't mourn
Rejoice every time you hear the sound of my voice
Just know that I'm looking down on you smiling
And I didn't feel a thing, So baby don't feel no pain
Just smile back...

[Verse 3]
Sixty thousand people, all jumping out their seat
The curtain closes, they're throwing roses at my feet
I take a bow and thank you all for coming out
They're screaming so loud, I take one last look at the crowd
I glance down, I don't believe what I'm seeing
"Daddy it's me, help Mommy, her wrists are bleeding,"
But baby we're in Sweden, how did you get to Sweden?
"I followed you Daddy, you told me that you weren't leavin'
"You lied to me Dad, and now you make Mommy sad
"And I bought you this coin, it says 'Number One Dad'
"That's all I wanted, I just want to give you this coin
"I get the point - fine, me and Mommy are gone"
But baby wait, "it's too late Dad, you made the choice
"Now go up there and show 'em that you love 'em more than us"
That's what they want, they want you Marshall, they keep.. screamin' your name
It's no wonder you can't go to sleep, just take another pill
Yeah, I bet you you will. You rap about it, yeah, word, k-keep it real
I hear applause, all this time I couldn't see
How could it be, that the curtain is closing on me
I turn around, find a gun on the ground, cock it
Put it to my brain and scream "die Shady" and pop it
The sky darkens, my life flashes, the plane that I was supposed to be on crashes and burns to ashes
That's when I wake up, alarm clock's ringin', there's birds singin'
It's Spring and Hailie's outside swinging, I walk right up to Kim and kiss her
Tell her I miss her, Hailie just smiles and winks at her little sister
Almost as if to say..

[Chorus/Outro]

And when I'm gone, just carry on, don't mourn
Rejoice every time you hear the sound of my voice
Just know that I'm looking down on you smiling
And I didn't feel a thing, So baby don't feel no pain
Just smile back
And when I'm gone, just carry on, don't mourn
Rejoice every time you hear the sound of my voice
Just know that I'm looking down on you smiling
And I didn't feel a thing, So baby don't feel no pain
Just smile back...

Dead Prez Lyrics

"Wolves"

[Wolf Howls]
I'm not a hunter but i am told,
that, uh, in places like in the arctic,
where indiginous people sometimes might, might, hunt a wolf,
they'll take a double edged blade,
and they'll put blood on the blade,
and they'll melt the ice and stick the handle in the ice,
so that only the blade is protruding,
and that a wolf will smell the blood and wants to eat,
and it will come and lick the blade trying to eat,
and what happens is when the wolf licks the blade,
of course, he cuts his tongue, and he bleeds,
and he thinks he's really having a good thing,
and he drinks and he licks and he licks,
and of course he is drinking his own blood and he kills himself,
thats what the Imperialists did with us with crack cocaine,
you have these young brothers out there who think they are getting something
they gonna make a living with,
they is getting something they can buy a car,
like the white people have cars, why can't i have a car?
they getting something they can get a piece of gold,
white people have gold, why can't i have gold?
they getting something to get a house,
white people have a house, why can't i have a house?
and they actually think that theres something thats bringing resources to them,
but they're killing themsleves just like the wolf was licking the blade,
and they're slowly dying without knowing it.
thats whats happening to the community, you with me on that?
thats exactly, precisely what happens to the community,
and instead of blaming the hunter who put the damn handle and blade in the ice
for the wolf,
that what happens is the wolf gets the blame, gets the blame for trying to live,
thats what happens in our community,
you don't blame the person, the victim,
you blame the oppressor, Imperialism, white power is the enemy,
was the enemy when it first came to Africa,
and snatched up the first African brothers here against our will,
isss the enemy today,
and thats the thing that we have to understand.

[Clapping]

Dead Prez Lyrics

"I'm A African"

Yo turn this motherfucking shit up!
Ha ha ha
Uhuru, coupe tete boule kay
Rwanda, Nigeria, Africa's in the house
My nigga D.R.

[Verse 1]
Nigga the red is for the blood in my arm
The black is for the gun in my palm
And the green is for the tram that grows natural
Like locks on Africans
Holdin the smoke from the herb in my abdomen
Camouflage fatigues, and daishikis
Somewhere in between N.W.A. and P.E.
I'm black like Steve Biko
Raised in the ghetto by the people
Fuck the police you know how we do

[Verse 2]
Ayo my life is like Roots it's a true story
It's too gory for them televised fables on cable
I'ma a runaway slave watching the north star
Shackles on my forearm, runnin with the gun on my palm
I'm an African, never was an African-American
Blacker than black I take it back to my origin
Same skin hated by the klansmen
Big nose and lips, big hips and butts, dancin, what

[HOOK:]
I'm a African
I'm a African, uhh
And I know what's happenin
I'm a African
I'm a African, uhh
And I know what's happenin
You a African?
You a African?, louder
Do you know what's happenin?
I'm a African
I'm a African, uhh
And I know what's happenin

It's plain to see, you cant change me
cuz I'm a people army for life

Where you from fool?

[Verse 3]
No I wasn't born in Ghana, but Africa is my momma
And I did not end up here from bad karma
Or from B-Ball, selling mad crack or rappin
Peter Tosh try to tell us what happened
He was sayin if you black then you African
So they had to kill him, and make him a villain
Cuz he was teachin the children
I feel him, he was tryin to drop us a real gem
That's why we bucking holes in the ceilin when we hearin

[HOOK]

A-F-R-I-C-A, Puerto Rico, Haiti, and J.A.
New York and Cali, F-L-A
No it ain't 'bout where you stay, it's bout the motherland
[x2]

[Verse 4]
It's like tank top, flip flop
Knotty dread lock, fuck a cop, hip hop
Make your head bop
Bounce to this, socialist movement
My environment made me the nigga I am
Uncle Sam came and got me and arrested my fam
Try to infiltrate and murder off the best of my clan
I'm not American, punk, Democrat, or Republican
Remember that, most of the cats we know, be hustlin
My momma work, all her life and still strugglin
I blame it on the government and say it on the radio
(What) and if you don't already know
All these Uncle Tom ass kissin niggas got to go

Dead Prez Lyrics

"They Schools"

Why haven't you learned anything?

Man that school shit is a joke
The same people who control the school system control
The prison system, and the whole social system
Ever since slavery, nawsayin?

[Verse 1]
I went to school with some redneck crackers
Right around the time 3rd Bass dropped the cactus album
But I was readin Malcolm
I changed my name in '89 cleaning parts of my brain
Like a baby nine
I took a history class serious
Front row, every day of the week, 3rd period
Fuckin with the teachers had, callin em racist
I tried to show them crackers some light, they couldn't face it
I got my diploma from a school called Rickers
Full of, teenage mothers, and drug dealin niggas
In the hallways, the popo was always present
Searchin through niggas possessions
Lookin for, dope and weapons, get your lessons
That's why my moms kept stressin
I tried to pay attention but they classes wasn't interestin
They seemed to only glorify the Europeans
Claimin Africans were only three-fifths a human being

[HOOK:]
They schools can't teach us shit
My people need freedom, we tryin to get all we can get
All my high school teachers can suck my dick
Tellin me white man lies straight bullshit *[echoes]*
They schools ain't teachin us, what we need to know to survive
(Say what, say what)
They schools don't educate, all they teach the people is lies

You see dog, you see how quick these motherfuckers be to like
Be tellin niggas get a diploma so you can get a job
Knowwhatimsayin but they don't never tell you how the job
Gonna exploit you every time knowwhatimsayin that's why I be like
Fuck they schools!

[Verse 2]
School is like a 12 step brainwash camp
They make you think if you drop out you ain't got a chance
To advance in life, they try to make you pull your pants up
Students fight the teachers and get took away in handcuffs

And if that wasn't enough, then they expel y'all
Your peoples understand it but to them, you a failure
Observation and participation, my favorite teachers
When they beat us in the head with them books, it don't reach us
Whether you breakdance or rock suede addidas
Or be in the bathroom with your clique, smokin reefer
Then you know they math class aint important 'less you addin up cash
In multiples, unemployment aint rewardin
They may as well teach us extortion
You either get paid or locked up, the pricipal is like a warden
In a four year sentence, mad niggas never finish
But that doesn't mean I couldn't be a doctor or a dentist

[HOOK: first part of hook twice]

Cuz for real, a mind is a terrible thing to waste
And all y'all high class niggas with y'all nose up
Cuz we droppin this shit on this joint, fuck y'all
We gon speak for ourselves
Knowhatimsayin? Cuz see the schools aint teachin us nothin
They aint teachin us nothin but how to be slaves and hardworkers
For white people to build up they shit
Make they businesses successful while it's exploitin us
Knowhatimsayin? And they aint teachin us nothin related to
Solvin our own problems, knowhatimsayin?
Aint teachin us how to get crack out the ghetto
They aint teachin us how to stop the police from murdering us
And brutalizing us, they aint teachin us how to get our rent paid
Knowhatimsayin? They aint teachin our families how to interact
Better with each other, knowhatimsayin? They just teachin us
How to build they shit up, knowhatimsayin? That's why my niggas
Got a problem with this shit, that's why niggas be droppin out that
Shit cuz it don't relate, you go to school the fuckin police
Searchin you you walkin in your shit like this a military compound
Knowhatimsayin? So school don't even relate to us
Until we have some shit where we control the fuckin school system
Where we reflect how we gon solve our own problems
Them niggas aint gon relate to school, shit that just how it is
Knowhatimsayin? And I love education, knowhatimsayin?
But if education aint elevatin me, then you knowhatimsayin it aint
Takin me where I need to go on some bullshit, then fuck education
Knowhatimsayin? At least they shit, matter of fact my nigga
this whole school system can suck my dick, BEEYOTCH!!

Dead Prez Lyrics

"Hip-Hop"

[Intro]
Uh, Uh, Uh, 1, 2, 1, 2
Uh, Uh, 1, 2, 1, 2, uh, uh
All my dogs

[Hook]
It's bigger than hip hop, hip hop, hip hop, hip
It's bigger than hip hop, hip hop, hip hop, hip hop

[Verse 1]
Uh, one thing 'bout music, when it hit you feel no pain
white folks says it controls your brain
I know better than that, that's game and we ready for that
Two soldiers head of the pack, matter of fact who got the gat?
And where my army at?
Rather attack and not react
Back the beats, it don't reflect on how many records get sold
On sex, drugs, and rock and roll, whether your project's put on hold
In the real world, these just people with ideas
They just like me and you when the smoke and camera disappear
Again the real world (world), it's bigger than all these fake ass records
When poor folks got the millions and my woman's disrespected
If you check 1,2, my word of advice to you is just relax
Just do what you got to do, if that don't work then kick the facts
If you a fighter, rider, ?bout'er?, flame ignitor, crowd exciter
Or you wanna just get high, then just say it
But then if you a liar-liar, pants on fire, wolf-cry agent with a wire
I'm gonna know it when I play it

[Hook]

[Verse 2]
Uh, who shot Biggie Smalls?
If we don't get them, they gonna get us all
I'm down for runnin' up on them crackers in they city hall
We ride for y'all, all my dogs stay real
Nigga don't think these record deals gonna feed your seeds
And pay your bills because they not
MC's get a little bit of love and think they hot
Talkin' bout how much money they got, all y'all records sound the same
I sick of that fake thug, R & B, rap scenario all day on the radio
Same scenes in the video, monotonous material, y'all don't here me though
These record labels slang our tapes like dope
You can be next in line, and signed, and still be writing rhymes and broke
You would rather have a Lexus, some justice, a dream or some substance?
A Beamer, a necklace or freedom?
Still a nigga like me don't playa' hate, I just stay awake

This real hip hop, and it don't stop until we get the po-po off the block
They call it....

[Hook]

Uh, DP's got that crazy shit we keep it crunk up
John Blaze'd and shit what

[repeat]

Fake, fake, fake records

Dead Prez Lyrics

"Police State"

[Sample of Chairman Omali Yeshitela:]
You have the emergence in human society
of this thing that's called the State
What is the State? The State is this organized bureaucracy
It is the po-lice department. It is the Army, the Navy
It is the prison system, the courts, and what have you
This is the State -- it is a repressive organization
But the state -- and gee, well, you know,
you've got to have the police, cause..
if there were no police, look at what you'd be doing to yourselves!
You'd be killing each other if there were no police!
But the reality is..
the police become necessary in human society
only at that junction in human society
where it is split between those who have and those who ain't got

[Dead Prez]
I throw a Molotov cocktail at the precinct, you know how we think
Organize the hood under I Ching banners
Red, Black and Green instead of gang bandanas
F.B.I. spyin on us through the radio antennas
And them hidden cameras in the streetlight watchin society
With no respect for the people's right to privacy
I'll take a slug for the cause like Huey P.
while all you fake niggaz {UNNNGH} try to copy Master P
I want to be free to live, able to have what I need to live
Bring the power back to the street, where the people live
We sick of workin for crumbs and fillin up the prisons
Dyin over money and relyin on religion for help
We do for self like ants in a colony
Organize the wealth into a socialist economy
A way of life based off the common need
And all my comrades is ready, we just spreadin the seed

[Chorus: Dead Prez]
The average Black male
Live a third of his life in a jail cell
Cause the world is controlled by the white male
And the people don't never get justice
And the women don't never get respected
And the problems don't never get solved
And the jobs don't never pay enough
So the rent always be late; can you relate?
We livin in a police state

[Dead Prez]
No more bondage, no more political monsters

No more secret space launchers
Government departments started it in the projects
Material objects, thousands up in the closets
Could've been invested in a future for my comrades
Battle contacts, primitive weapons out in combat
Many never come back
Pretty niggaz be runnin with gats
Rather get shot in they back than fire back
We tired of that - corporations hirin blacks
Denyin the facts, exploitin us all over the map
That's why I write the shit I write in my raps
It's documented, I meant it
Every day of the week, I live in it; breathin it
It's more than just fuckin believin it
I'm holdin them ones, rollin up my sleeves an' shit
It's cee-lo for push-ups now, many headed for one conclusion
Niggaz ain't ready for revolution

[Chorus: Dead Prez]

[police siren wails]

[speaker unknown]
I am.. a revolutionary
and you're gonna have to keep on sayin that
You're gonna have to say that I am a proletariat
I am the people, I'm not the pig

[another speaker]
Guiliani you are full of shit!
And anybody that's down with you!
You could man-make things better for us
and you cuttin the welfare
Knowin damn well when you cut the welfare,
a person gon' do crime..

Dead Prez Lyrics

"Behind Enemy Lines"

[conversations in a prison facility]

[Verse 1]
Yo, little Khadejah pops is locked, he wanna pop the lock
But prison ain't nothin but a private stock
And she be dreamin 'bout his date of release
She hate the police
But loved by her grandma who hugs and kisses her
Her father's a political prisoner, free Fred
Son of a Panther that the government shot dead
Back in 12-4-1969
4 o clock in the mornin, it's terrible but it's fine
Cuz Fred Hampton jr., looks just like him
Walks just like him, talks just like him
And it might be frightenin, the feds and the snitches
See him organize the gang, brothers and sisters
So he had to be framed yo, you know how the game go
18 years because the 5-0 said so
They said he set a fire to a Arab store
But he ignited the minds of the young black and poor

[HOOK:]
Behind enemy lines, my niggas is cellmates
Most of the youth never escape the jail fate
Super maximum camps will advance they game plan
To keep us in the hands of the man locked up

(Hello?)
Collect call from Ness
(Where are you?)
Yo shit is crazy boo, I miss you
(Have you been alright?)
Yo, can you put some money in my commisary?

[Verse 2]
Little Kenny been smokin lucy since he was 12
Now he 25 locked up wit a L
They call him triple K, cuz he killed 3 niggas
Another ghetto child got turned into a killa
His pops was a Vietnam veteran on heroin
Used like a pawn by these white North Americans
Mama couldn't handle the stress so went crazy
Grandmama had to raise the baby
Just a young boy, born to a life of poverty
Hustlin, robbery, whatever brung the paper home
Carried the chrome like a blind man hold a cane
Tattoos all over his chest so you could know his name

But y'all know how the game go
Deez kicked in the front door and guess who they came for
A young nigga headed for the pen, coulda been, shoulda been
Never see the hood again

[HOOK x2]

[Spanish speak]

You aint gotta be locked up to be in prison
Look how we livin
30,000 niggas a day, up in the bing, standin routine
They put is in a box just like our life on the block
Behind enemy lines
[Repeat]

Dead Prez Lyrics

"Assassination"

Our people are poor, and you know damn
well nobody wants to be poor
This play is gonna show how the pigs
react when the people start
To take community, control over what
belongs to them
And liberate it back *[echoes]*

Sometimes I just don't care

[Verse 1]
Murderation, modern hanging education
Price of your life is goin up it ain't inflation
Incrimination, they got my picture at the station
Elimination, state to state we eatin by this nation
Them belly full, my trigger finger got pulled
To cut the bull shots'll warm your flesh like wool
These tools for survival make fools out of rivals
Fuck the Bible, get on your knees and praise my rifle
Your life is done there aint another place to run
Eat your own gun, scared because my people never known fun

[Verse 2]
Cops drive down the streets and blow my friends away
I try to smoke enough lah to take my sins away
This E&J be freein us in it's own special way son
We live for the day, the only way dunn
The violence in me, reflect the violence that surround me
[?] Mr. Charley keep his eye on me
To figure my head, but them ass kissin niggas is dead
We learn the chokeholds with fishermen's thread
I read The Art of Sun-Tzu in a couple of fuckin days
Used to practice Kung-Fu with this nigga that's like, double my age
And you can put this on the government's grave
Somebody payin for the way we have to suffer and slave
Assassination, word up

I hope they get the assassins, I hope
that something is done to them
Problem is they're killing them, it
reminds me of something like what
Happened to Lincoln

You ain't even safe wit a full clip
I swear on the president's grave
I'm sick of livin in this bullshit
We down to take it to the full length

Meet us up on Capitol Hill, and we can
get up in some real shit
[repeat]

Assassination, *[gunshot]* yeah

Dead Prez Lyrics

"Mind Sex"

[Chorus]
It's time for some mind sex, we ain't got to take our clothes off yet
We can burn the incense, and just chat
Relax, I got the good vibrations
Before we make love let's have a good conversation

[Verse 1]
Pardon me love but you seem like my type
What you doin tonight? you should stop by the site
We could, roll some weed play some records and talk
I got a fly spot downtown Brooklyn, New York
Now I know you think I wanna fuck, no doubt
but tonight we'll try a different route, how bout we start
With a salad, a fresh bed of lettuce with croutons
Later we can play a game of chess on the futon
See i ain't got to get in your blouse
It's your eye contact, that be getting me aroused
When you show me your mind, it make me wanna show you mines
Reflecting my light, when it shines, just takin our time
Before the night's through, we could get physical too
I ain't tryin to say I don't wanna fuck, cause I do
But for me boo, makin love is just as much mental
I like to know what I'm gettin into

[Chorus]
We could have mind sex, we ain't got to take our clothes off yet
We can burn the incense, and just chat
Relax, I got the good vibrations
Before we make love let's have a good conversation

It's time for some mind sex, we ain't got to take our clothes off yet
We can burn the incense, and just chat
Relax, I got the good vibrations
Before we make love let's have a good conversation
Time for some mind sex...

[singing:] before we make love

Yeah, what you know about mind sex?

[singing:] before we make love

[Verse 2]
African princess, tell me yo' interests
Wait, let me guess boo, you probably like poetry
Here's a little something I jotted down in case I spotted you around
So let me take this opportunity

Would you share a moment with me, over herbal tea?
Take a walk verbally, make a bond certaintly
Cuz in my hand I bet your hand fit perfectly
And it's like we floatin out in space when you flirtin wit me
C'mon, a little foreplay don't hurt (hmmm)
Imagine my chest under this shirt, your ass under your skirt
It's like walking the hot sands and finding an oasis
Opposites attract that's the basis
Our sex is the wind that seperates the yin from the yang
The balance that means complete change, our aim
Is to touch you in a delicate spot
And once we get it started I ain't trying to stop

[Chorus]
But first we have mind sex, we ain't got to take our clothes off yet
We can burn the incense, and just chat
Relax, I got the good vibrations
Before we make love let's have a good conversation

It's time for some mind sex, we ain't got to take our clothes off yet
We can burn the incense, and just chat
Relax, I got the good vibrations
Before we make love let's have a good conversation
Mind sex...

[Spoken]
She smiles, I smile
She walks, no she glides softly by me changing night into day
She opens her mouth to speak, and so sounds ring in my head
She speaks, and i want to dance to her rhythm
She moves ever so gently, increasing my desires,
As i place my arms around her waist,
Hold and squeeze unto me,
I want to melt into her body, and discover the base of her warmth
Her beautiful black body that, no human mind could ever conceive
She's love
She's truth
She's real, as real as the stars that shine in the heavens
As real as the sun that bathes her body,
As real as the moon that glows and the birds that sing and the rose
That blossoms in spring for she is that rose
And not just any rose,
But a black rose,
Black rose stands tall and stronger than any other plant
A black rose, that stands as creator, of nations of
Black rose
That never loses her petals, and blossoms all year round
Black rose,
Sweet rose,
Thornless rose
Eternal rose
Please look my way,
Please look my way

Please look my way
Black rose

Dead Prez Lyrics

"We Want Freedom"

I was born black, I live black,
and I'ma die probably because I'm black
because some cracker that knows I'm black
better than you nigga, is probably gonna put
a bullet in the back of my head!!

Yeah our lives fucked up, no doubt
All this shit we go through every day
Sometimes a nigga don't know what the fuck to do
But see I got my niggas
And we gon organize a people army
And we gon get control over our own lives
And I mean that shit right there from the bottom of my shit
I Ching

[Verse 1]
Yeah, yeah
Imagine havin no runnin water to drink
Chemicals contaminate the pipes leadin to your sink
Just think, if the grocery stores close they doors
And they saturate the streets with tanks and start martial law
Would you be ready for civil war
Could you take the life of somebody you know,
or have feelings for if necessary?
I got cousins in the military
But far as I'm concerned they died, when they registered

[Verse 2]
Yo, this world is oh so cold, I think about my ancestors
Being sold, and it make me wanna break the mold
Fuck the gold and the party, train yourself, clean your shottie
Tell me what you gon do to get free, we need more than MC's
We need Hueys, and revolutionaries
The niggas on the streets today, it's kinda scary
The smell around my way ain't roses or strawberries
In fact it's kinda poisonous, bringin out the boy in us
But I'ma stand up on my own, like a man do
Dominate the land and make wealth, like Fu-Manchu
Yes the peoples army stick togehther like glue
We represent the I-Ching, and to this we stand true
Military formation, anyone participation is welcome
Each one teach one, son help son
Just one gun is all it take to get it started
Livin in the wilderness of the west we cold hearted

[HOOK x2:]
If you don't think it could happen think again my son

Be prepared for the worst that's yet to come
We want freedom, prophecies and ancient wisdom
Cataclsym, niggas be like fuck the system

I don't wanna be no movie star
I don't wanna drive no fancy car
I just wanna be free, to live my life, to live my own life

[Verse 3]
Yeah, I'm for peace
But I'll kill ya if ya fuck with my moms or my niece
See we all want peace, but the problem is
Crackers want a bigger piece
Got it where the niggas can't get a piece
That's why police get stabbed and shot
Cuz a nigga can't eat if the ave is hot
Locked up you get three hot meals and one cot
Then you sit and rot, never even got a fair shot
That's where a whole lotta niggas end up
My man moms even got sent up, tryin to keep the rent up
When I'm bent up I think alot about the reason I'm here
I think about the things I fear in the comin years
Ahead of me, I'm ready for whatever they bring though
I'd go against a tank wit a shank for my dreams
And that's my fuckin word
One day the whole world will smoke herb
And niggas won't get took to jail for hangin on the curb

[HOOK x2]

[next part of hook]

[HOOK]

Dead Prez Lyrics

"Be Healthy"

It's all love . . .

I don't eat no meat, no dairy, no sweets
only ripe vegetables, fresh fruit and whole wheat
I'm from the old school, my household smell like soul food, bro
curried falafel, barbecued tofu
no fish though, no candy bars, no cigarettes
only ganja and fresh-squeezed juice from oranges
exercising daily to stay healthy
and I rarely drink water out the tap, cause it's filthy

Lentil soup is mental fruit
and ginger root is good for the yout'
Fresh veg-e-table with the ital stew
sweet yam fries with the green calalloo
careful how you season and prepare your foods
cause you don't wanna lose vitamins and miner-ules
and that's the jewel
life brings life, it's valuable, so I eat what comes
from the ground, it's natural
let your food be your medicine (uh huh)
no Excederin (uh uh)
strictly herb, generate in the sun, cause I got melanin
and drink water, eight glasses a day
cause that's what they say

They say you are what you eat, so I strive to be healthy
my goal in life is not to be rich or wealthy
cause true wealth comes from good health, and wise ways
we got to start taking better care of ourselves

They say you are what you eat, so I strive to be healthy
my goal in life is not to be rich or wealthy
cause true wealth comes from good health, and wise ways
we got to start taking better care of ourselves, be

Dead Prez Lyrics

"Psychology"

[Intro:]
"I was born, in a dump
My mama died and my father got drunk
They left me, to die or grow
In the middle of Tobacco Road
I grew up in a rusty shack
All i owned was hangin on my back
And Lord knows, how I learnt
This place called Tobacco Road
Tobacco Road, you're dirty and you're filthy
Tobacco Road, gonna get me some dynamite and a crane
I'm gonna blow it up, Lord knows gonna start all over again"

"My mind is the place where I make my plans
The world is the place where I take my stand
The beauty of life is mine today
They cannot take my mind away"

[M1]
Fuck what you heard, I'm from Africa
This ain't no act it's mathematical
Past the black radical
I choose the M1, because it's practical
Nothin was changed, we ain't protected
No names, it's all factual
They push the wrong buttons, count down to detonate
Brooklyn blown away and the world will have to speculate
This is what we learn in the streets, fuck a degree
Believe in none of what you hear and half of what you see

[Stic]
It's like watching your own father smoke crack
I have nightmares on shit like that
No way in hell I'll ever get like that
I seen a lot of shit in twenty-two years
It's like a tour of duty
My life is booby-trapped, it's hard to see the beauty
When your heart is turning ice cold
Cold like your hands exposed to blistering winds
My mother keep her eyes closed, she say she prayin
I listen close to what she sayin
When she speak of Jesus I ignore it
But when it's practical I'm all for it
You got to think like a soldier
I'm training myself to snatch pistols out of holsters
Discipline keep the mind focused
This whole world is a corn field son

Look out for flying locusts

[Chorus x2]

Don't let 'em get in your head, they try to probe you
Figure your thoughts so they can try and control you
And through you, control your whole crew
It's psychology boy, now what the fuck that make you wanna do?

[M1]
You can't walk the streets with no state of mind
Blind to the ways of mankind
And if you know the time, give me a sign
Tell me where we draw the line
I got your back if you got mine
My enemy's enemy is my man
One dreadlock is stronger than one strand while the crackers got the upper hand
My comrades stand on lands stolen
Every tooth a golden opportunity
Who holdin my community hostage?
10% ransom, costing us time we lost and some
This is how the plan runs
Thinkin with a fugitive brain
What we do to live is insane
Holdin the weed, healing my membranes
Just like crack, you know it all boils down
to the dollars-and-cents of it
Niggaz commence to get *[?]* to sentenced to serve terms
Jumping the fence, the black germ is loose
When will they learn?
Psychology

[Stic]
We piss on walls and smoke reefa in the halls
No respect for their laws
I cut your face with a kitchen knife
In gladiator times, man against machinery
The tree bark fatigues help me blend in with the scenery boy
Life is a series of serious choices
Theories is formed from experience, never mysterious forces
Various courses of life can lead to failure
Too much of anything is a trap
My mind snap
Guerilla warfare for two grand
They say karate means 'empty hands'
So then it's perfect for the poor man...
They say karate means 'empty hands'
So then it's perfect for the poor man

[Chorus x2]

[Bridge]

[M1]

When you think of us think of pyramids and pistols
And glimmering gold teeth that shine like crystals
The mind is like a jewel son
Only a fool wouldn't grasp it
Wisdom is a tool, you get blasted
When you think of us think of pyramids and pistols
And glimmering gold teeth that shine like crystals
The mind is like a jewel son
Only a fool wouldn't grasp it
Wisdom is a tool, you get blasted

"Free your mind, and the rest will follow
Seize the time, no-one is promised tomorrow"

[Repeat until fade]

Dead Prez Lyrics

"Happiness"

[Verse 1:]
Yo, it's a beautiful day, and everybody's feelin' wonderful
The ladies is out, lookin' fly, dressed comfortable
I love to wake up, and feel the breeze through my window
Slip on a fatigues, grab a dutch and roll some indo
It be days like these, that make life so much easier
Fish thawin' out, Guinness Stout in the freezer
Walk the block at my leisure (my leisure)
Summertime is like a anesthesia
So many pretty things to please ya
The greenery
Beautiful birds, natural scenery
Or even just a infinite sky
We be forever puffin' lah
On the block, or tellin' jokes in the ride (ha ha ha)
When the weather be hot, everybody be outside (whut)
Havin' fun (aight?), eatin' fresh fruits and vegetables
And good food put me in the mood for a festival
Some say the summer make a woman more sexual (s'up, boo)
It's instinct -- that's why my game be right on schedule
I put the great Mother Nature on a pedestal
She always fly, but today, she's exceptional
If I had a chance to make a wish
Every day would be just like this, full of Happiness

[Chorus:]
I feel great
Even though we got mad things to deal with
Happiness is all in the mind
Let's unwind, and find a reason to smile
I'm just glad to be livin'
Feelin' fine
Leavin' my bad times behind

Feels great
And no, we can't escape from the realness
Happiness is all in the mind
Let's unwind, and find a reason to smile
I'm just glad to be alive
Feelin' fine
Livin' life one day at a time
Feelin' great

Yeah, knaw'msayin'?
I just wanna give a shout out
To everybody who got a birthday today
Happiness (Happiness)

[Verse 2]
Have you ever heard the children play?
Sometime, I feel the same way, roll up a j, and get away
Put some food on the grill
And just chill
Maybe build with my elders (uh)
Never know the things they could tell ya
Learnin' why the caged bird sings (why it do that?)
'Cuz it's the vital things you know that separate the men from the Kings
The flowers that bloom and the Sun (uh)
And everybody singin' the tune, 'cuz it's time to have fun
We out, rollerbladin' (uh, uh), a day where no one coulda stayed inside
Wash the car, now it's time to take a ride
Me and my crew hangin' out, all night to sunrise
Celebration of life, 'cuz every day is a surprise
Think of the rich countryside on the land of Jamaica
Mountains, springs and green acres
Or any other place in the world your mind takes you
It's the good times in life that everybody can relate to (uh)
And you can leave your troubles behind
And have a wonderful time
Lay back and just ease your mind (whut)
You can leave your troubles behind
And have a wonderful time
Lay back and just ease your mind

[Chorus]

Dead Prez Lyrics

"Animal In Man"

[Two Guys Talking]
[Guy 1]
Help me!
[Guy 2]
You want me to help you?
Man is evil, capable of nothing but destruction

[Narrator]
Once upon a time
There was a very serious situation growing
There was a farmer and a farmyard filled with animals
And this is the story of their times

[Verse 1]
Old man Sammy had a farm
Walked the land with the wife
Most of the time shit was calm
His whole life was maintained off the everyday labor
from the mules in the field to the cattle in the stable
This is how we kept food on this table (maxing)
You would have he was disabled by the way he be relaxing
Acting like Mr. Magnificent
But the animals were thinking something different
The sentiment was tension in the barnyard
Throughout the years they had been through mad drama
with the farmer, word is bond
And they all came to one conclusion
They argued there was no way they'd ever be free
If it was up to humans
Therefore the only course left was revolution which was understandable
And since the pigs promised to lead in the interest of all the animals
They planned a full attack
Under the leadership of Hannibal
The fattest pig in the pack
The next morning on the farm
Everything was calm
Just before dawn
But before long
The sun got so hot it made the farm seem electric
Now check it
This is when that shit got hectic
Directed by Hannibal, the animals attacked
Old Sam was in a state of shock
And fell up on his back
And dropped his rifle
Reaching in vain
Each and every creature from the field at his throat

Screaming "Kill, feel the pain."

[Chorus]
This is the animal in man
This is the animal in you
This is the animal in man
Coming true *[x2]*

[Verse 2]
After they ran the farmer off the farm
The pigs went around and called a meeting in the barn
Hannibal spoke for several hours
But when talks about his plans for power
That's when the conversation turned sour
He issued an offical ordinance to set
If not a pig from this day forth then you insubordinate
That's when the horses went buckwild
One of them shouted out
"You fraudulent pigs, we know your fucking style!"
Hannibal's face was flushed and pale
All the animals eyes full of disgust and betrayal
He felt the same way Sam felt
They took his tongue out of his mouth
And cut his body up for sale, for real
You better listen while you can
Its a very thin line between animal and man
When Hannibal crossed the line they all took a stand
What would have done?
Shook his hand?
This is the animal in man

[Chorus x4]

[Narrator]
Remember...

Dead Prez Lyrics

"It's Bigger Than Hip-Hop"

[radio tuning]

It's still bigger than hip hop hip hop hip hop hip
It's bigger than hip hop hip hop hip hop hip hop

[Verse 1]
Uhh, uhh, uhh
One thing 'bout music when it's real they get scared
Got us slavin for the welfare
Aint no food, clothes, or healthcare
I'm down for guerilla warfare
All my niggas put your guns in the air if you really don't care
Skunk in the air, make a nigga wanna buck in the air
for my brother locked up in the jump for a year
Shit is real out here don't believe these videos
This fake ass industry gotta pay to get a song on the radio
Really though, DP'z gon' let you know
It's just a game of pimps and hoes
And it's all 'bout who you know
Not who we are, or how we grow
I rap 'bout what I know, what I go through
What I been through, not just for no dough
Even though the rent due, what I'm into aint for no dough
Or just no fame, everything must change, nothin remains the same
Sick of the same ol' thang, it's bigger than "Bling Bling"

[HOOK:]
If I, feel it I feel it, if I don't, I don't
If it aint really real then I probably won't
Rollin with my soldiers, live soldiers, ready to ride
For this real hip hop y'all I'm ready to die
Uhh, hip what hop what hip what hop what hip what hop what hip what
Hop c'mon, c'mon, my soldiers, live soldiers, ready to ride
For this real hip hop y'all I'm ready to die

[Verse 2]
Hip hop means sayin what I want never bite my tongue
Hip hop means teaching the young
If you feelin what I'm feelin then you hearin what I'm sayin
cause these fake fake records just keep on playin
What you sayin huh DP bringin the funk
Let the bassline rattle your trunk, uhhh!
Punk pig wit a badge wanna handcuff me cuz my pants that's tend to sag
Hip hop means throw up your rag, soldier flag
Whether ridin on the bus or you stole a jag
M-1 mean freedom, burn the cash
Revolutionary love til the day we pass

Will they play it on the radio
Maybe not, maybe so we gon keep it pumpin though
Everybody know we headed for the whoa, fo sho

[Verse 3]
Ay dogg that label is that slave ship
Owners got them whips and rappers is slaves
If you really wanna eat you gotta hear the same thing
With the football, b-ball, or if you slangin that dope
Aint never seen no hope, brainwash video shows be foolin my folk
What the hell a brother gon do though, huh
When the rent due, when the lights and the gas gonna get cut off
Drop them raps or cock them gats
Aint never had shit ever since we came to this bitch
Why I gotta feel pain to get rich
'Stead of stackin chips, finna pack them clips

[HOOK x2]
(Ride to this if you miss Tupac, bounce to this if you love Big Poppa)

We keep it crunkah

Dead Prez Lyrics

"Propaganda"

[Intro: news snippets]
"Let me now turn, to our program for the future..."
"The economy right now, is extremely supportive of the president and his policies"
"FBI scientists have found chemical traces, consistent with a bomb or a missle, on a piece of wreckage..."
"Police using clubs and tear gas against demonstrators..."
"They called me a mother -(bleeped out)-ing so-and-so...and a white facist...like they said, 'you're getting some of your own medicine'..."

[Singing:]
Telling lies, to our vision
Telling lies, to our children
Telling lies, to our babies
Only truth, can take us away

[Verse 1:]
You can't fool all the people all of the time
But if you fool the right ones, then the rest will fall behind
Tell me who's got control of your mind? your world view?
Is it the news or the movie you're taking your girl to? (uh)
Know what i'm sayin cause Uncle Sam got a plan
If you examine what they tellin us then you will understand
What they plantin in the seeds of the next generation
Feeding our children miseducation
No one knows if there's UFO's or any life on mars
Or what they do when they up in the stars
Because i don't believe a word of what the president said
He filling our head with lies got us hypnotised
When he be speaking in cold words about crime and poverty
Drugs, welfare, prisons, guns and robbery
It really means us, there's no excuse for the slander
But what's good for the goose, is still good for the gander
See...

[Chorus:]
I don't believe Bob Marley died from cancer
31 years ago i woulda been a panther
They killed Huey cause they knew he had the answer
The views that you see in the news is propaganda

[Singing:]
Telling lies, to our vision
Telling lies, to our children
Telling lies, to our babies
Only truth, can take us away

[Verse 2:]
I don't want no computer chip in my arm
I don't wanna die by a nuclear bomb
I say we all rush the pentagon, pull out guns
And grab the intercom, my first word's will be I believe
Man made God, outta ignorance and fear
If God made man, then why the hell would he put us here?
I thought he's supposed to be the all loving
The same God who let Hitler put the Jews in the oven
We don't fall for the regular shit, they try to feed us
All this half-ass leadership, flippin position
They turn politcian and shut the hell up and follow tradition
For your TV screen, is telling lies to your vision
Every channel got some brainwashed cop shit to watch
Running up in niggas cribs claiming that they heard shots
It's a plot, but busta can you tell me who's greedier?
Big corporations, the pigs or the media?
Sign of the times, terrorism on the rise
Commercial airplanes, falling out the sky like flies
Make me wonder what secrets went down with Bob Brown (?)
Who burnt churches to the ground with no evidence found?
It's not coincidence, it's been too many studied incidents
It coulda been the Klan who put that bomb at the Olympics
But it probably was the FBI, deep at the call
Cuz if they make us all panic then they can start martial law

[Chorus:]
I don't believe Bob Marley died from cancer
31 years ago i woulda been a panther
They killed Huey cause they knew he had the answer
The views that you see in the news is propaganda

I don't believe Bob Marley died from cancer
31 years ago i woulda been a panther
You killed Huey cause you knew he had the answer
The views that you see in the news is muthafuckin propaganda

[Singing:]
Police is telling lies fooling millions
What are they teaching our kids in these school buildings?
Televised, enterprised in all the killing
Controlling our lives, this ain't living
No this ain't living

[Chant:]
FBI, CIA
ATF, KKK
IRS, TNT
CBS, NBC

FBI, CIA
ATF, KKK
IRS, TNT

CBS, NBC

[Singing:]
Telling lies, to our vision
Telling lies, to our children
Telling lies, to our babies
Only truth, can take us away

[News snippet:]
"uh, we view each other uh, with uh, a great love and a great understanding and that we try to expand this to the general, uh, black population and also people, oppressed people all over the world, and, i think that uh, we differ from uhmm... uh, some other groups simply because we understand the system better than uh, most uh, groups understand the system, and uh, with this realisation, uh, we attempt to form a strong political base based in the community with the only strength that we have and that's the strength of uh, a potentially destructive force if we don't get freedom."

Dead Prez Lyrics

"The Pistol"

We ain't tryin to hear shit for what? (Cash money)
We whole world operating off a (Cash money)
To all my niggas with a whole lotta (Cash money)
Watch yo' back money

You couldn't neva understand how my mind tick
I'm on some old school crime shit
When niggas sold two's to keep the dimes lit
Ain't no rules when these iron shots are stoned dun
This heat burn through your flesh, stright to the bones
I reach for the buddha cess and zone
I probably have a future of stress, stay depressed and be alone
But as far as the present time its on
I represent mine til I return to the S and said I'm dead and gone
Nobody wanna be broke and you neither
Put me on the co'na, watch me catch a quick case of cream fever
If you be poppin shit my niggas won't believe ya
Probably punch you in the face and take ya wallet when we see ya
But son it gets deeper
I'm runnin with a click thats bein' hunted by the grim reaper
To all my peoples in the man keeper
Let'cha situation be a teacher
Ain't nothin like a education
When I was locked down I learned about patience and dedication
And not to say shit, unless you need a motherfuckin face lift
And as a youth I was a outcast
Runnin around with pellot guns playin war but now it's all about cash

[Chorus:]
I'm caught up, caught up in a mix of shit
And I ain't tryin to hear shit til my got cash to get
Blast you with the pistol
If I have to, in my mind its all about cash in a fistfull
I'm caught up in a mix of shit
And I ain't tryin to hear shit til my got cash to get
Splash you with the pistol
If I have to, in my mind its all about cash in a fistfull

Up late night and upset, and fed up
Niggas comin up wet, I'm dead up
Fuck tryin to your head up
And when it go down, word bond we gotta get up
Too many locked down upstate, son its a set up
My life has sped up, many years I'm straight up
Plenty bears for who ain't here and those who ate up
Test and get sprayed up in the club
We couldn't run it so we take the blade up in the booth

Since we couldn't shoot
We heat it up, losin the shirt, showin the bare chest
I'm blessed, puffin the skunk make me care less
The best that you can do is duck my fuckin crew
If the slugs don't get'cha, lord J'll jig ya
Actin artificial you'll get burnt my the pistol
Before its done, even my guns'll turn to missles
Don't have to blow the whistle on you
'Cuz everybody knows you
Watch yourself around borderline pyschos
Who know my people gotta hold a mint
Or they ain't worth a cent
How can you represent, if you can't pay the rent
And leave a dent in my life time, I'm caught up in trife crime
In fights you neva know what you might find
We stand firm meanwhile cuz niggas that seem wild
Be buckin blanks, if they were men they wouldn't fuck with pranks
I leave them niggas alone and stay home
Unitl it cool down as they remember how my tool sound

[Chorus]

We ain't tryin to hear shit for what? (Cash money)
We whole world operating off a (Cash money)
To all my niggas with a whole lotta (Cash money)
Watch yo' back money

Yeah, we up on what we dealing with
We ain't no criminals
We got the right to have gats
As long as the army, navy, air force, marines got gats
We gon' hold heat, knamsayin?
'Cuz our army gotta represent for us
Word up
Aiyyo, Maintain (Yeah)
Set that shit son

Forever keeping my shit cocked for drama
Stainless steal, shit is for real
The way these rats is known to squeal, makin' sour deals
Thugs up in to mix with these drugs, caught up in the humble
Bricks and paper by the bundle how the Bronx humble
??? devils get deaded, never regret it, only known to set it
Stealin existence obviuosly ya jetted
Speak the desest, I see the pyramid and eagle
Back of the dollar bill, ill decitful, we consider leathal
God fallin, niggas be ballin, guzzlin alcoholics
Two drinks, too many is like whitey infulltrating your fortress
This is on, we 'bout to form, best prepare for the storm
Ya'll funny niggas quick to ring the alarm
Bomb fell, now a nation is gel
We had to dwell for four hundred or more
The Lord had the right just livin poor

Resurrectin the true and livin back the power
Devils getiin devoured, niggas heard the god holla

"Turn Off The Radio"

Woohoohoohoohoohoo...
Crank up yo' speakers!

[Stic.]
To all my (niggaz)
Every hustlin (nigga)
Strugglin (niggaz)
Revolutionary (niggaz)
Gang-bangin (niggaz)
Chain-gangin (niggaz)
Tune yo' frequency...

I refuse to be a stereotype in ya box
Never wanna try to be somethin I'm not
I'm just a nigga from the block, if you got it twist it
Stay blowin on green, if you got it, twist it on up
DP's givin a fuck - R.B.G.'d up in some gangsta chucks
Throw ya fist up homie if ya know what's up
All my comrades puttin in soldier work
We rollin dirty wit it, fully dedicated
So real that the radio'll never play it
But that's cool, the enemy supposed to hate it
Freedom ain't gon' come til we regulate 'em
That's why I'm in the dojo, not just for the video
Really though, we really got beef with the po-po (woop-woop)
Never know when they gon' put you in a chokehold
This is for you new niggaz, holdin for the radio

[Chorus]
Turn off the radio!
Turn off that bullshit! (freak-freak y'all)
Turn off the radio!
Turn off that bullshit! (freak-freak y'all)
Turn off the radio!
Turn off that bullshit! (freak-freak y'all)
Turn off the radio!

[phone rings]
[M-1] People's Radio
[Stic.] Yo hang up, that's the police

[M-1]
What's on the radio, propoganda, mind control
And turnin it on is like puttin on a blindfold
Cuz when you bringin the real you don't get ro-tation
Unless you take over the station
And yeah I know it's part of they plans

To make us think it's all about party and dancin
And yo it might sound good when you spittin your rap
But in reality, don't nobody live like that
You wanna know what kinda nigga I am?
Lemme tell you 'bout the nigga I'm not - I don't fuck with the cops
Platinum don't mean that it gotta be hot
I ain't gotta love it, even if they play it a lot
You can hear it when you walk the streets
How many people they reach, how they use music to teach
A "radio program" ain't a figure of speech
Don't sleep, cuz you could be a radio freak (freak-freak y'all)

[Chorus]
Turn off the radio!
Turn off that bullshit! (freak-freak y'all)
Turn off the radio!
Turn off that bullshit! (freak-freak y'all)
Turn off the radio!

[Stic.] People's Radio, you on the air
[caller] I got a phat chain, I got a phat whip
[caller] I got a... *hang-up*
[Stic.] Nigga get off that bullshit!

[high-pitched voice]
Crank up your speackers, your woofers and your tweeters
Turn up your receivers, we bangin off the meter
Crank up your speackers, your woofers and your tweeters
Turn up your receivers, we bangin for the people
Crank up your speackers, your woofers and your tweeters
Turn up your receivers, we bangin off the meter

[Stic. x2]
Freak-freak y'all, to the beat y'all
DP's dawg, we got the heat dawg
People's Radio, on ya stereo
For the ghettos, and the varrio

[high-pitched voice]
Crank up your speackers, your woofers and your tweeters
Turn up your receivers, we bangin off the meter
Crank up your speackers, your woofers and your tweeters
Turn up your receivers, we bangin for the people

Dead Prez Lyrics

"That's War!"

[M-1: over "Whoa!" beat]

Revolutionaries gotta know the art of WAR
What about hip hop use that fuck a rap battle what about a gat battle lets
take it to the beast and see which cat tattle
Is it 'Kiss vs. Beans or P vs. Hov'
What about the real niggaz vs. the 5-0
This is M-1, DP, don't you forget
Cause you can talk talk talk but it don't mean shit
I ain't gotta pop your top to see where your brains went
This rap shit is bigger then entertainment
It's the people vs. the pigs when it all boils down
It ain't 'Pac vs. Big it;s whos getting the power
And power ain't money dog its self determination
Like taking Hot and making this the real People's Station
THAT'S WAR

Dead Prez Lyrics

"We Need A Revolution"

I'm tired
I'm tired
I'm tired of struggalin dog.
I'm tired of struggalin dog.

The system ain't gonna change,
unless we make it change.

The white is the rock house,
Uncle Sam is the motha fuckin' pusher man.
What I gotta do to make sure ya understand?
Spinnin' on the beat-box Timbaland,
What I gotta do?
Kidnap a lil'
take a melody?
Make it relevant? Hold a harmony hostage
to these people, army verses,
that's the arms in the churches,
bombs in the purses,
just when you think it's calm on the surface,
we bomb on the first,
Uncle Tom get nervous and reverse.
Revolutionary curse words
First come, first served.
It ain't no loss, though,
Freedom cost blood
that's the word to the mouth bird, nigga.

We need a revolution,
We need a revolution,
The system ain't gonna change unless we make it change.
[x2]

(Black Power) We need a revolution, (Army G's)
We need a revolution, (Army G's)
The system ain't gonna change (Army G's) unless we make it change. (Nigga this that Army G's)
[x2]

Gotta a cure for AIDS and cancer,
wanna know come follow me now?
Diabetes and citracelli and mad cow wanna know how?
I can stop these cops from killin',
I can feed these hungry children,
I can stop racism, a product of cap-it-a-lism.
I can unpack the prisons,
and turn religion back to we livin'
I can stop the bloods from pillin' caps

and the crypts from pillin' back
and get yo' cousin off crack,
I can stop the war,
that's in the black hood,
Send the money right back to the po' fo' sho an'
if you with me nigga, let me know
let's go, if ya really wanna know
(I wanna know.)
(We need a revolution)
Mutha fuck they constitution

Army G's off in this think
they hip to the game,
gettin' off the chains

The system ain't gonna change,
unless we make it change.

You are now listening to WIBG,
the People's radio

Dead Prez Lyrics

"Know Your Enemy"

[stic.man & m1 talking]
[m1:] ugh, know what I mean?
[stic.man:] I can't believe these niggas
[m1:] gon' flip they scurve, these niggas, what?
[stic.man:] mo'fuckin star spangled banner shit
[m1:] yeah, I can't even- yo, fuck that, i'm not fuckin with this shit

[stic.man:] red, white and blue thugs, now
[m1:] ugh
[stic.man:] that's how it's goin down niggas
[m1:] straight r.b.g.'s (r.b.g.'s), for life, for life
[stic.man:] y'all talk bout the rocks on your watch
[m1:] know that
[stic.man:] y'all niggas don't even know what time it is
[m1:] yeah, ugh, you betta

[chorus:]

[stic.man & m1]
know your enemy, know yourself
that's the politic
george bush is way worse than bin laden is
know your enemy, know yourself
that's the politic
f.b.i., c.i.a., the real terrorists
know your enemy, know yourself
that's the politic
george bush is way worse than bin laden is
know your enemy, know yourself
that's the politic
c.i.a., f.b.i. the real terrorists

[stic.man]
you got to watch what you say in these days and times
It's a touchy situation, lotta fear and emotion
september 11th
televised world-wide
suicide planes fallin like bombs from out the sky
they wasn't aimin at us
not at my house
they hit the world trade, the pentagon, and almost got the white house
now everybody walkin round patriotic
how we gon' fight to keep freedom when we ain't got it?
you wanna stop terrorists?
start with the u.s. imperalists
ain't no track record like america's, see
bin laden was trained by the c.i.a

but I guess if you a terrorist for the u.s
then it's okay
uh huh

[m1]
they try to make us think we crazy
but I know what they doin, they tryna put us back in slavery
check it, to get on welfare you gotta get your fingerprints
soon ya gotta do eyescans to get your benefits
now they got them cards to swipe, ain't no more foodstamps
shoulda seen it comin, now it's too late to get amped
and everything got a barcode
so they know what you got, when you got it, and what you still owe
you seen them projects, lately you better watch it
why they got us surrounded if money is the object?
why they use satellites to keep track of the criminals?
why they puttin jails in schools, is it subliminal?
cameras everywhere to protect us from one another
or is it the undercover, disguised as big brother
and even freedom of speech is limited
mad leaders done spoke up, and look at what these crackas did

[chorus]

[m1]
and you ain't got to believe me
go 'head and listen to bush
the dope pusher on the t.v
what you think the war is for?
cause the greedy wantin more and more
we be hustlin the corridor
I would never join the military
one soldier to another, nigga holla if ya hear me
goin out to the best sons and daughters
don't be a lamb gettin led to the slaughter
I'ma keep ridin when my momma released
cause ain't no stoppin us now, dawg
freedom before peace
ugh
they got a plan for us?
we got a plan for them
and this time we gon' win
who in? you out? you in?
no doubt, we men
ain't no ridin the fence
It's called self-defense
It makes sense
when they tell us we gotta shackles on our brains (say what?)
I'll be damned if I sit here and let them put us back in chains

[singing]
at the bonfires of the city
I've seen blood (*[stic.man:]* a'what?...)

blood (*[stic.man:]* a'what?...)
blood (*[stic.man:]* a'what?...)

Dead Prez Lyrics

"Look Around"

[woman singing]
[stic.man] Beatnuts, dead prez
[woman] What I wanna sayyy

[stic.man and/or m1]
Everytime I look around, I see
So much drama goin down
Everytime I look around, I see
So much fakeness goin down

[stic.man]
Why I'ma- be stingy when I could share?
Why I'ma- be hateful if I could care?
Why would I hate my own?
Or forsake my own?
Why would I- fuck around and get a jake on my chrome?
I wouldn't- have to stick you if we all could eat
It wouldn't be no need for beef
Dyin over streets we don't even own anyway
You could get bucked off anyday
We behind enemy lines
Y'all still writin Hennessy rhymes
While I'm tryna find a good price for a nine
Feel like my life on the line
That's why a nigga be hype all the time
Ready for the revolution at the drop a'a dime

[m1]
I got a duty to have security for my niggas
My duty to serve the beautiful black sistas
A duty to stand wit' anybody that's wit' us
And fully criticize all bullshittas
There should be awards presented- to niggas who fight back
Like Panther jackets, or sistas who light gats
I'm a full-blooded warrior, ready for change
Recognize any soldier that's doin the same
Because I love who I am, and that means everything to me
My life ain't worth a damn unless I'm dealin with reality
When I look myself in the eyes, it's just me
And I don't have to tell nobody no lies, I feel free
And I would rather deal with the truth and falsehood
Than bein fake with my people and claimin 'it's all good'
You can't run away from ya self, so that's useless
If your word is bond, then you don't have to make excuses

Everytime I look around, I see
So much drama goin down

Hold up! *[intro to 'Old School Survival']*
[crowd] Wait a minute!
Let's take it back to the old school
[man talking] Yo, 'memba back in the day?
When sh- everything was all smooth 'n calm
And shit was like- *[other man]* snap? on, nigga
Yo man, I'm doin it, I'm doin it man
I'm sayin like-'memba back in like in '70
Fuckin '79, Nah, nah '87! Tha's my favorite

Emcees get a little bit a lovin think they hot
Talkin bout how much money they got, nigga all your records sound the same
I'm sick of that fake thug R&B rap scenario all day on the radio
Same scenes in the video, monotonous material, yall don't here me though
These record labels slang our tapes like dope
You can be next in line and signed and still be writing rhymes and broke
You rather have a Lexus? or justice?
a dream or some substance?
a Beamer a necklace or freedom?
See a nigga like me don't playa hate, I just stay awake it's real hip hop
and it don't stop till we get these crackers off out block! (C'mon)

We be DP RBG for life, TURN OFF THE RADIO!
The revolution won't be televised, TURN OFF THAT BULLSHIT!
We be DP RBG for life, TURN OFF THE RADIO!

One thing bout music when it hit you feel no pain
white folks take control of your brain, I know better than that
that's game and we ready for that
Two soldiers head of the pack, matter of fact who got the gat?
And where my army at?
Rather attack and not react
back to beats it don't reflect on how many records get sold
on sex drugs and rock-n-roll
whether your projects' put on hold
In the real world, it's just people with ideas
They just like me and you when the smoke and camera disappear
Again the real world
it's bigger than all these fake-ass records
When po' folks got the millions and my sisters' disrespected
If you "Check 1-2" my word of advise to you is just relax
Just do what you got to do, if that don't work then kick the facts
If you a fighter, ryder, biter, flame-ignitor, crowd-exciter, Or you wanna
jus' get high, then just say it
But then if you a liar-liar, pants on fire, wolf-crier, agent wit' a wire I'm

gon' know it when I play it
It's bigger than..

Hip-Hop Hip-Hop Hip-Hop (We be DP RBG for life) TURN OFF THE RADIO!
Hip-Hop Hip-Hop Hip-Hop (the revolution won't be televised) TURN OFF THAT BULLSHIT!

Dead Prez Lyrics

"Sellin' D.O.P.E."

Drugs oppress the people every day

sellin dope, servin weed we had to hustle to hustle just to eat

aint no hope in the streets, you broke you sell dope
all my young niggaz outside hustlin coke
know the drama, if you aint sellin crack then its ganja
I been through it dun, hittin niggaz two for one
pullin guns out and bustin my shits too
what? I aint give a fuck
I used to get a rush when i bust mine
backin up my nickle and dimes
goin thru difficult time
writin my life story in rhyme
but when I look at all the niggas
they hit with mad time
in proportion with the big king pins it dont fit
you could get caught with barely a half a slab
and the judge sentence you like you ran the ave
I aint plan to get rich fom sellin that shit
it was survival
my game plan was not to get knocked by 5-0
but who am I
just a young nigga caught in the mix
and if this weed dont sell I'm'a cop me a brick

sellin dope, servin weed, we had to hustle to hustle just to eat
sellin dope, servin weed, we had to hustle to hustle just to eat

its been a minute snce I been in the game
some years back I held crack
I couldn't say the same thing
ask my niggas bang double and rowley
we was trouble got the fiends spot bubbling hot
we wouldnt never make a lot
I mean not like scarface or nino brown
or george bush no matter what you push
it was politics and camera tricks
very deceptive
criminal lies
us in fooled with the collective
for the most part we don't own no boats and planes
we just cop it from poppi
bag it in the cellophane
its a family thing
you got to hustle all night
yo I seen fiends losing they brains for hard white

ask my aunt and my brother and my stressed out mother
how realistic it gets its sadistic
statistics show its sick how we livin
the one thing bigger than dope games is prisons
one million niggas inside
over three million is tied and plus the president lied
because the white house is the rock house
uncle sam the pusha man
this is for my people on the island

sellin dope, servin weed we had to hustle to hustle just to eat
sellin dope, servin weed we had to hustle just to eat

but what we gon do when we caught up
and have to face responsibility?
(this that ghetto shit, this that ghetto shit)

what we gon do when we caught up
and have to face responsibility?
(this that ghetto shit, this that ghetto shit)

out on the block, white tee shirt, army fatigues
niggas hold crack in they mouth watchin for D
sellin dope, you know how it beez
tryin to get that government cheese
and the D's yell freeze

seliin dope, white tee shirt, army fatigues
niggas hold crack in they mouth watchin for D

"Fuck The Law"

(feat. The RBG Family & Stic)

Slap a white boy. Snuff your landlord
Smash some windows. Break the camcord
Rob the corner store. Bomb the precinct
Take the CO. Stab the GT
Pimp the system. Bang for freedom
Fuck the high schools. Burn the prisons
Ride on the record labels. Jump your A&R
Fuck the contract. Push the AR
Get your bank up. Slip the banks up
Break the handcuffs. Invade the campus
Steal some pampers. Smash the cameras
Fuck the police. Grab the camera

You wonder why we feel like fuck the law
You wonder why we write up on the wall
You wonder why we burn the cities down
Cuz we don't give a fuck, the time is now
You wonder why we feel like fuck the law
You wonder why we write up on the wall
You wonder why we burn the cities down
Cuz we don't give a fuck, the time is now

Cock your rifle. Rep your people
Fuck probation. Kidnap your PO
Run the roadblocks. Smash a TV
Fuck with DP. Steal the CD
Kiss my black ass. Nail the judges
Hang the lawyers. Ride for justice
Keep it gangsta. Kill the snitches
Get rid of the middleman. Control your business

You wonder why we feel like fuck the law
You wonder why we write up on the wall
You wonder why we burn the cities down
Cuz we don't give a fuck, the time is now
You wonder why we feel like fuck the law
You wonder why we write up on the wall
You wonder why we burn the cities down
Cuz we don't give a fuck, the time is now

Dead Prez Lyrics

"Tallahassee Days"

(feat. Stic)

1993
Southside
Orange Ave
Southcity
Tallahassee Florida
I'm take ya'll back to the yellow mustang with no license
With that 38 under the seat

What you know?
Yo
Whoever said life is beautiful lied
This shit is hell
I've seen too many funerals
Too many of my niggas locked in cells
Nobody ever put me on life was like this
I'm 20 years old and my whole life's a crisis
No way out
And I mean that
When I say that
Runnin' round from place to place
Like a stray cat
I don't own nothing, don't hold nothing
I'm growin up with nothing to show for all my hustlin'
Still strugglin'
And a job is a joke
They ain't hirin'
The only free ride I get is one with a siren
So what other choice do I have?
I got niggas on the ave
Pushin slabs that a break me off a Porche and a half
So I can stand on my own two
Be able to have what I need
So I can do what I want to
I wish I woulda had a career
Cause through the years my momma stressed
Takin care of self
But I ain't here
I was caught up
Sipin on Coors
Smokin Newports
Short
In and out of court
Without a single thought
These days I'm out bout to Loc
Whether I make a record or serve dope
I refuse to keep bein broke

Cause times are getting rougher by the second
As long as I come up
Who give a fuck about the method
It's a kill or be killed kind of a theory that's in me
So when I die, at least I'm taking somebody with me
If I'm wrong, than I rather be wrong than right
45 calibre chrome and its on tonight
Nigga
That's how I'm livin
Low life, runin licks
Taking big risks
Tryin to get my motherfuckin flow right
Cause without loot it's useless
My life as a youth was fruitless
That's why nowadays I'm ruthless
Plus I got a lady in my life
That one day just may be my wife
If I can deal with this crazy strife
I put love in the air
Show that I care for her
Let her know I always be there for her
But right now the type of life I live
Can't afford no wife and kid
I gotta fight for my right to live
So I cock my hat low
Snatchin up pocket books and float
Cause I'm a thug and that's all I know
Whatever it take to make the steps
I'm ready to take the steps
Whoever got paps better break theyself

Dead Prez Lyrics

"Scared To Die"

I ain't scared to die, I ain't got shit to lose
Plus I ain't happy here livin' on a planet full of fools
I ain't scared to die, I ain't got shit to lose
Plus I ain't happy here, no, I ain't happy of your family

I ain't scared to die, even though I wanna live
Deep down inside I'm a cross between homicidal, suicidal
'Coz I was born to give my life like the Messiah
Smokin' weed till I can?t get no high, tryin' to ease the tension

Heavenly Father, did I mentioned in my confession
The world got me stressin', maybe death will be a blessin'?
[Incomprehensible] grew up learnin' lessons in the street
From seminary to 72nd in Lacey in the east

Side of Oakland, California I was on my own at a early age
That's why I'm filled with rage
I know the system is responsible
For the conditions of my black folks in the ghetto

All across America, their funk is deeper
I put the message in the music to wake you up out your sleep but
How could I keep my head above the water
When the force of the current is pullin' me harder than I can swim?
Sometimes I feel like I oughta die the death of a martyr
Before they kill me, I'ma slaughter *[?]*

I ain't scared to die, I ain't got shit to lose
Plus I ain't happy here livin' on a planet full of fools
I ain't scared to die, I ain't got shit to lose
Plus I ain't happy here, no, I ain't happy of your family

I ain't scared to die, I ain't got shit to lose
Plus I ain't happy here livin' on a planet full of fools
I ain't scared to die, I ain't scared to kill
I'm a righteous black gorilla from the hill of 72nd in Lacey St

To all my comrades in the pen, wait for me
I swear to God, I'ma set you free
Even if I gotta lay it down in the dirt and if I'm lyin' I'm dyin'
If I'm dyin' atleast I died puttin' in work
And if there's Hell below, we all gon' go
Death can't hurt unless we die slow

Sometimes I look up in the mirror starin' deep into my own eye
Searchin' for the strength to carry on
Wonderin' if I died a physical death

Will my people remember me when I'm gone?

The ghetto is a warzone, 7200 is my head code
'Coz when the funk is on I pop the clip up in my chrome millimeter
The Grim Reaper, keep my heater in my shoulder
[?] soldiers at the hideout

Righteous black gorillaz 'bout to ride out, to put the smash down
Run up in the bank, yellin', ?We want the cash now?
To finance a revolutionary struggles all around
Lay it down on the ground

And if I hear the sound of a siren
I won't hesitate to get the firin' on everybody in the buildin'
Killin?, I'm a villain because I'm black
Put your hands up to the ceilin', keep on fillin' up the sack

I ain't scared to die, I ain't got shit to lose
Plus I ain't happy here livin' on a planet full of fools
I ain't scared to die, I ain't got shit to lose
Plus I ain't happy here, no, I ain't happy of your family

I ain't scared to die, I ain't got shit to lose
Plus I ain't happy here livin' on a planet full of fools
I ain't scared to die, I ain't got shit to lose
Plus I ain't happy here, no, I ain't happy of your family

Dead Prez Lyrics

"When Mama Cries"

(feat. Stic, Jamila, Umi & M1)

Why do babies cry?
Cauz they knew they were born in that violent start
And my mama cried, on the day I was born cauz she knew I would die

Aw shit, another young brother hit
They got me doin my dips and loadin my clips
Bloomberg name place like shit on our lips
Projects flippin, niggas is shitting on pigs
It's ain't a war where we live nomore, it's a massacre
Brothers ain't trying to ride, we in the passenger seat
And everybody just tryna eat
But im tryna eat then live get high n get free
Dont tell me im deceivin myself
If thas the case I rather meet reality now
A gun to my face than play fight with police and get shot in the back
So they can dirty my name and sprinkle some crack
Tell me that's not how we gettin down
We have some principals I guess some things is diffrent now
Broken promises we made to my homie's mom
They killed her only son and now she cryin in my arms BE STRONG

Don't cry don't cry don't cry no more
Cauz it won't be long, we will survive
Don't cry don't cry don't cry no more
Cauz it won't be long, we're gonna ride

I cried when Tupac died, it was a Friday
We sat up that whole night, bumping Shawtay
I felt the same way when I lost my cousin Padre
Why so many niggas had to go out the hard way
Nobody knows the reasons we here
We just surviving from day to day
Caught up in the game you have to pay to play
Life is just a series of days that fade away
Everyday the sun rises but nothing changes

I feel the sadness, I'm tryna console his family
And tell his mama that her son is still standin
I know he left you a life that's full of pressure
But in me you'll find a piece of his spirit
And as children, the block was our prison
We couldn't escape the bid that we was given
Learnin lessons, searchin for directions
Clinging to the truth, poverty kept us desperate
With steady grind and with our minds on survival
Had plans to build a fam without dope or violence

But in a second, niggas is left breathless
We as caught in this storm, being born as a black men
And life is tragic, my nigga's in his casket
They got me loadin clips ready to bust a cracker
I can't replace him, but I'm here to help you face it
Consider me your son, 'till it's my time to face death

Don't cry (don't Mama) don't cry (don't you cry) don't cry no more
Cauz it won't be long, (You know that we will survive) we will survive
Don't cry (don't Mama) don't cry (don't you cry) don't cry no more
Cauz it won't be long, (You know that we're gonna ride) we're gonna ride

Mama hold your head up high
Cauz it wont be long, (You gotta be strong) we're gonna ride
Mama hold your head up high
It won't be long, (It won't be long) we're gonna ride

Bang for change, Make the change
That's on everything
It's on for life

Dead Prez Lyrics

"Window To My Soul"

My big brother. Revolutionary love
You know your lil brother love you, dawg
You know your sister love you, dawg
You know your mama love you, dawg
We riding right here with you dawg
Be strong man. Keep pushing forward. Look here

You're my brother and I love you and I wrote this for ya
If I could change anything, it's what that dope did to ya
Coming up, I looked up to being just like you
Same crease in my khakis tried to dress like you
You getting swole lifting weights, stocking caps with waves
I'm trying to see the world how you see it, wearing you shades
You and pops never really got along, who was right or wrong
15 years old kicked out all alone in this cold world
And I can only imagine what you was going through
Cause I was so young when it happened
Mama cried like a baby that day
She never blamed you, it was painful
Cause she knew the streets was waiting to claim you
Over time, we could see the hardness in your face
Wanted to help, but couldn't find the words to say
I guess I went into denial hoping for the very best
Stopped believing in they God cause what God would allow this?
Not in my wildest nightmares, nothing compares
To see my brother be a crack fiend for all these years
Tried to send you inspiration when you was locked in the pen
But soon as you came home you right back on that shit again
And mama say she don't feel safe with you home
She got to hide money and lock her room door when she gone
We still love you but until you find strength in yourself
And the will power to open up and accept our help
What can we do? I can't let you terrorize mom dukes
We feeling like we just gone have to turn you loose
They say in war there's no victory without causalities
But when it hits your family that's when you really see

Like a window to my soul, you can see the pain in my life
Got to make a change in my life (it's a struggle every day)
And it's not impossible to make a change in my life (gotta keep pushing forward)
I can make a change in my life, I know (ain't no other way)

I know it's hard coming home to the same old shit
Ain't nothing changed cause the game don't quit
The pain inside is still throbbing
The same conditions that first created the drug problems still exist
And it's a bitch, got to go to the job or starve

Without a gun every day employees get robbed
And on days off, we blow off them crumbs like nothing
Getting high cause a nigga gotta get into something
But we get trapped in a cycle of pain and addiction
And lose the motivation to change the condition
I blame it on the system but the problem is ours
It's not a question of religion; it's a question of power
How did black life, my life, end up so hard?
Why do so much injustice go unresolved?
Why the ones we call governments be the main causes
Behind why all the dope is coming through the borders
Television reporters got the facts distorted
Making scapegoats of every black youth on the corner
It's a war even though they don't call it a war
It's chemical war unleashed on the black and the poor
And who benefit? the police, lawyers, and judges
The private owned prison industry with federal budgets
All them products in the commissary
Tell me who profits, it's obvious and it's going too good for them to stop it

In my mind, my body, and my soul, I need a change in my life
We need a change in our lives, you know
And it's not impossible to make a change in our lives
We can take the pain from our lives, fa sho

We don't own no boats
We don't own no planes to bring no dope
We don't make no cellophane (bags to bag it up)
We just caught up in the game
Don't you know

Don't you know it's bigger than this shit
I know you know. I know what's in your heart dawg
I love you til the end of time. And again and again
I'mma be your brother, your comrade, and your friend
Til we win and even then

Dead Prez Lyrics

"Last Days Reloaded"

(feat. Onyx & Sticky Fingaz)

South suicide Queens
Brooklyn
All my soldiers gather up all your arms
Let's go to war niggas
Onyx, Dead Prez

[Fredro Starr:]
This is America's nightmare
Red, black, green and don't give a fuck
Just wanna get free and live it up
Fuck a 9 to 5, and labels trying to slave us
Busting 12 gauges, breaking your minds out the cages
Crips and bloods banging in New York, that's outrageous
Protesting is hopeless
We putting lasers and scopes on the toasters
Shooting at the police in the streets is the focus
Roll with the rush, it's that official nas
Got soldiers with pistols that blast
We living in the last
My theory is fuck it until the system ain't corrupted
To the public I'm conducted through ghetto clips and armor metal
Busting at the feds or Berettas, we never settle
Til the Rockefeller laws get better
We all trapped in the hood fucking all together
It's war forever
So guns up, if the cops run up on ya
Hold down your corner, and cock a four pound on em

[M1:]
Multiple shots, heard on the block
And my niggas is popping the cops
All up in the hood, it's hot
Living life with my back against the wall, it's over
Open and sober, holding pistolas and repping my culture
Get it or die trying, us against them, freedom or death
This how we on it when it ain't nothing left
Ain't getting locked up no more, ain't buying your raw
Rocking it up, coming for mine, cocking it up
This is the last day, hour, minute and second
So I'm screaming "fuck they law," and carry my weapon
Warrior code, shoot and reload, and we taking back what we are owed
We dividing it with my soldiers
You dare to struggle, you dare to win
To the OGs and the veterans, spreading that ghetto medicine
This is my last day, on my word and my balls
When the people army rise, then the system will fall

These the last dayz (get yours!) *[x4]*

[stic.man:]
Just talking bout takin my own life, into my own hands
RBG, refine, be a grown man
See that's what I'm doing, cause I know it's inside of me
All I gotta do is just bring it to reality, it's
Fuck the government, but still I gotta pay the rent
So yeah, I'm for the caper most definite
Keeping it militant, focused, intelligent
Pimping the system is basic common sense
It's still fuck the pig, black power ain't dead
All that red, white, and blue shit be going to y'all head, see
We break bread, it's like a game or a sport
Gotta train everyday to keep your team on point
Cause still to this day our reparations ain't paid
And you can see it in the poverty around the way
It ain't even our own people on BET
So they gotta get it from somebody, it might as well be me
Besides, a nigga gotta eat when he hungry
You see how they sent troops to war for they country
Niggas worldwide need an army of one
This revolution to the fullest, put the bullets in the gun nigga

These the last dayz (get yours!) *[x8]*

[Sticky Fingaz:]
Ayo these niggas in the streets ain't ready for no revolution
But neither am I, I'm at the club getting stupid
I ain't got no time to think about who's really oppressing me
I'm too ready to smash the first nigga stressing me
Far as I'm concerned they got us trained so well
Look like we doing a good job of killing ourselves
It don't take heart to pull a trigger, so I'm glad that I'm heartless
Killing easy, living with it was the hard shit
I done broke every rule in the Good Book
Trust me, I memorized The Anarchist's Cookbook
This nigga here ain't as dumb as you think
I could make a bomb with the shit that's under your sink
My name is a number, they trying violate my probation
Fuck it!
Throw me in jail, I need a vacation
Our future is fucked, it don't do no use to pray
My views is the same views of the youth today
The last dayz nigga

These the last dayz (get yours!)

Dead Prez Lyrics

"Out In The World"

Now there's two things that's the same
In every hood, in every ghetto across the world
And that's struggle, and that's dreams

In my hood, Southside Tallahassee, FL
I had both of those, still got both of those
I'ma let you in on somethin' real quick

Let's take it back to the early '90s
Taleho, Florida is where you'll find me
'78 Omega automobile I'm driving
Bass bamblin' with the wind behind me

Hitch from the attic is the name of the crew
'Coz road shows and hoes that's all we do
And all three G's believe me, we got that hot shit
To the point that nigga 'bout to quit on college

Parents upset cause I shat on school
Beat spot got hot so I'm playin' it cool
Crew movin' to New York, I'm 22 years old
My girl's stayin' cause she's scared of the cold

Out in the world (Where you tryin' to make it at)
Out in the world (Where they tryin' to take it at)
Out in the world (Where my folk tryin' to get fat)
Out in the world (And every time get set back)

Out in the world (Where my dawgs at?)
Out in the world (Uh huh, fo' sho)
(Where my folk gonna stay strong)
Out in the world (Let us move on)

Now I'm in the Brook in Decater
Whole different look, different sound and flavor
Washin' dishes at the Hotel Four Seasons
15 an hour, don't plan on leavin'

Homesick, skippin' work every weekend
Went down, found out my girl was cheatin'
Heart broke, tired, started freakin'
Year later terminated for no reason

Got a new girl as the leaves turn brown
Seein' me stressed said she would hold me down
Had to move to the Bronx where the crooks be juxin'
Sold my first track, moved back to Brooklyn

Music 101, the whole game is dirty
Got me 25, feelin' all of 30
Went from a lover to straight up hustler
Stressed a lot, developed clusters

Out in the world(Where you tryin' to make it at)
Out in the world (Where they tryin' to take it at)
Out in the world (Where my folk tryin' to get fat)
Out in the world (And every time get set back)
Out in the world (Where my dawgs at?)
Out in the world (Uh huh, fo' sho)
(Where my folk gonna stay strong)
Out in the world (Let us move on)

2 G, Y2K bug is gone
Put my gas mask back 'coz them lights is on
Dead Prez in the stores and the streets is groovin'
Hi, I'm still broke and my beats is movin'

Gotta grind harder 'coz my bills is major
Got a cell phone, had to dead the pager
Can't blame the game 'coz the game don't feed you
Can't blame the world 'coz the world don't need you

Seem like every excuse I use is see-through
Help myself first, then help my people
'Coz folks sells hope, runnin' scams to burn me
Wash me, comb me, relax and perm me

Gotta get control and stop this car from swerving
Now I'm kinda cold, only the doe concerns me
Try to spend less than the amount I'm earnin'
Lessons everyday I'm learnin'

Out in the world (Where you tryin' to make it at)
Out in the world (Where they tryin' to take it at)
Out in the world (Where my folk tryin' to get fat)
Out in the world (And every time get set back)
Out in the world (Where my dawgs at?)
Out in the world (Uh huh, fo' sho)
(Where my folk gonna stay strong)
Out in the world (Let us move on)

"Walk Like A Warrior"

(feat. Krayzie Bone)

[Hook]
Walk Like a Warrior
Walk Like a Warrior
Walk Like a Warrior
Walk Like a Warrior

[M1]
I was trained to defend myself for my brain and my mental health
The white man got the wealth he held back
We're living in hell black and niggaz can sell crack
But that ain't gonna change this thang
If you gonna bang, then bang for change, don't bang for crazy thangs
If not don't bang
If ya gonna ball play the game how it should be played
Can you dribble a grenade?
To save your life you payed the price, mama raised you right
Now how you aint gonna fight?
For the white man's laws hell naw
For the cause, because we got to get what's ours
Gotta struggle for the motherfucking power
Cuz we're livin in the last few hours
It's 11:59, I think it's bout time
We get on the grind, and get out the carbine
With freedom of mind we can see what we can find
If you can spot 'em, pop pop pop the po-9
This is only a rhyme so now don't get scared
Listen to the message in the word
Don't let your sight get blurred, you heard this righteous words
You might prefer it from a car mic
Timeout, I didn't say bug out, ball out, bling out
All ya'll sell-outs get the hell out
This year it's RBG so bang on out
Uh, we people army nigga bang on out

[Hook]

[Stic]
Yo, Yo, what you know bout heart?
Can't be the weak link in the squad
Gotta look way deep in your heart
Anything in the way gotta go straight through
Take charge
Can't hide from your flaws when you ride for the cause
Cuz a nigga will pull your card
Keep your guard up 24/7 on the street like you're doin hard time on the yard
What you know about heart?

Can you assemble your heat in the dark
Take it apart, and clean all the parts?
Life is a journey, a course, like learning a martial art
You can't have partial heart
Gotta get your own, if you drop the bone, dog, we all fall
It ain't over til the problem solved
Get your back up off the wall

My niggaz is riders, we fighters, we tight as a fist
RBG's up in this bitch, so bang on out
If your khakis is saggin, you reppin your rag and you holdin the magnum
Use it for freedom nigga, bang on out
All my dirtiest dirtys, revolutionaries and visionaries
Don't be no scaredy nigga, bang on out
It's a war goin on in the streets, we hollerin fuck the police
Ain't bout no peace, nigga, bang on out

[Krayzie Bone]
Me so you see fifty niggaz in all black fatigues
My regime runnin down your street
At the end of the block, we got the god damn cops
And they hope we sink, tell me what you see
I see (bang) buildings burning, motherfuckers trippin for a goddman purpose
The police is nervous, cuz we done observed 'em
Now niggaz is thinking about murder
We ain't talking, no more, and we ain't squashin shit with po-po
And we ain't marchin in the middle of the goddamn road
Cuz Martin got smoked
Niggaz ready for war, so get the fuck up, we fixin to set the city to fire
This time when we ride we burnin it down, turn this shit 'round
Keep your justice, your peace
And keep blessin the heat, and that there crooked officer
We won't stop blazin til they coughin up blood
Wanna slang my baseball cap to the back and get busy, nigga
You say you a soldier, well get over here nigga we under attack
As soon as they done, they get gone
Muder mo come, come, they done, me red rum, me red rum, they done
And when we put 'em in they grave
We toss in a donut, and tell 'em we don't surrender, surrender, naw

[Hook]

I ain't talkin bout no hustla
I ain't talkin bout no gangsta
I'm hollerin at them soldiers
Revolutionary culture
Bang on out

Dead Prez Lyrics

"I Have A Dream, Too"

"There was an incident where a police had shot a black man in the back
and then went and plant a gun next to him and say that the guy draw a
gun on him which they find out after the investigation that the guy
didn't have no gun - The police had shot him in cold blood."

Wake up nigga!
Wake up nigga!
Wake up wake up wake up!

Backseat of the 'lac, big gat in my lap
Ready for combat, feelin like Geronimo Pratt
We had the windows cracked, headed up the strip
Black rag in my hand, don't want no prints on the clip
Hollow tips cuz we thugs with this shit my nigga
This aint no game, we bang for yo hood my nigga
I take a left at the light, turn off the headlights and ride real slow
Now holla at me when you see the 5-0
Alrite Dirty, yall boys ready?
Bout to turn drive-bys revolutionary
(POW POW POW POW POW) YEAH MUTHAFUCKA YEAH!
(POW POW POW POW POW) YEAH MUTHAFUCKA YEAH!
Look at 'em run, too scared to pull they guns
Outta shape from them coffees and them cinnamon buns
This shit is fun, how I feel when the tables is turned
Hollow tips hit yah flesh through yo vests and it burn
That's a lesson you learn, comin strait from the slums
And it don't stop till we get full freedom!

DIE DIE DIE!

Just when you thought it was safe
Police kill a little boy last night
They said it was a mistake
But that won't bring back his life
His momma couldn't believe
That it could happen to her
She prayed to God everyday
Guess it just wasn't enough

And this is a revolutionary salute, nah mean to the comrades, word, cuz this is real shit, this aint just stories you nahmsayin? People like Twyla Meyers Crazy *[?]*, Kunta Hari, Rushell McGee, Jalil Mutakeem, Hugo Yogipinell Herman Bell, *[?]* Shakur, Asana Shakur, Nahanda Abiodum, Russel Maroon Shokes, George Jackson, Tariq Haskins, Mutulu Shakur, Lenin *[?]*, Jonathan Jackson, Shanta *[?]*, Bunjy Carter, Albert Washington, *[?]* Uhuru, Eddie Conway, *[?] [?]*, The Black Liberation Army, Tupac Amaru Freedom Fighters, The Mau Mau, The Zapatistas, Black and Brown Power

Dead Prez Lyrics

"D.O.W.N."

RBGs, RBGs, Nigga it's dat RBGs
RBGs, RBGs, Nigga it's dat RBGs

Tell me are you down? when it's goin down
You got to hold it down, don't talk it hold it down
Tell me are you down? when it's goin down
You got to hold it down, when it's goin down

Have you ever had a lesson from a OG?
From a nigga that's been in the war
Been locked up longer than I been on the earth
And his crime is defendin the poor
And they can tell you bout death, tell you bout life
But most of all they tell you bout sacrifice
And they can tell if a woman aint with you when you down
cuz she never really could be your wife
What it mean to be D-O-W-N?
Is ya homies still down when it's trouble you in?
You wanna have a good time make it hot when the pigs come down on the block
Would they fuck wit you then?
Now you wanna get high wit me, organize wit me
Start a clothes drive then maybe we can start a fire
Where my RBGs? My guerillas wit a G-U-E
Don't got a I-Ching homey get free

Who number 1 when we ride? We follow the plan
and there's a role for every man
With a chain of command even when the shit hit the fan
Anything get outta hand we still stand
To me bein down mean more than bein friends, or kin
We comrades we struggle, through any trouble
Sacrifice my life in combat for ya
So you know I gotta love ya I'm down for my brothas
And sistas, fuck the system, bust ya pistols, nigga I'm with ya
Just put a rag on ya face when you ride
You don't want them satellites to take ya picture
We gotta have a lot of discipline and it comes from within
It's not somethin you pretend, homey
A lot of niggas be talkin that shit when it really goes down it be gone with the wind, homey
Can't be no tower *[?]*, gotta get this power by any means
Gotta know yaself and ya enemy when you puttin it down for ya family
Can't tell by no tattoo, can't tell by no handshake
It's scarred in the heart *[?]*, bein down is an attitude
Doin what you gotta do, for the crew's sake
My definition of a soulja, Revolutionary, Military Minded,
And ready for whatever

Nigga hope for the best and prepare for the worst
Stay aware be alert bomb first, don't tell me

Tell me are you down? when it's goin down
You got to hold it down, don't talk it hold it down
Homey tell me are you down? when it's goin down
You got to hold it down, don't talk it hold it down
Homey tell me are you down?

Dead Prez Lyrics

"Hell Yeah (Pimp The System)"

Holton Street
Dean Street (click clack)
President (uh huh)
Nostril out (DP's)
Orange Al (RPG's)
Tee Town (Who wanna ride?)
Brooklyn
Come on, Come on

Sittin' in the living room on the floor
All the pain got me on some migraine shit
But I'm gonna maintain
Nigga got 2 or 3 dollars to my name
And my homies in the same boat going through the same thing
Ready for a cake
Better plot for the paper
We been living in the dark since April
On the candle
Gotta get a handle
My homie got a 25 automatic added to the camper
Nigga get the phone book look up in the yellow page
Lemme tell you how we fend to get paid
We gonna order pizza and when we see the driver
We gonna stick the 25 up in his face
Let's ride, stepping outside like warriors
Head to the notorious Southside
One weapon to the four of us
Hiding in the corridor until we see the dominos car headlights
White boy in the wrong place at the right time
Soon as the car door open up he mine
We roll up quick and put the pistol to his nose
By the look on his face he probably shitted in his clothes
You know what this is
It's a stick up
Gimme the do' from your pickups
You ran into the wrong niggaz
We running down the block hot with these pizza boxes
So we split up and met back at the apartment

Hell yeah (yo ain't you hungry my nigga?)
Hell yeah (you wanna get paid my nigga?)
Hell yeah (ain't you tired of starving my nigga?)
Hell yeah (well let's ride then)
Hell yeah, Hell yeah

I know a way we can get paid you can get down but you can't be afraid
Let's go to the DMV

And get a ID
The name says you but the fates is me
Now it's your turn take my paper work
Like 1, 2, 3 let's make it work
Then, fill out the credit card application
And it's gonna be bout 3 weeks a waiting
For American Express
It's cause we card
Platinum visa, master card
Cause we was spooked as shit like we's was targets
Now we just walk right up and say charge it
To the game we rocking brand names
Goin on out the park store chains
We even got the boys in the crew a few things
Po Po never know who to true blame
Sto' after Sto' you know we kept rolling
Wait two weeks report the car stolen
Repeat this like a like a laundry mat
Like a glitch in the system it's hard to catch
Coming out the mall with the shopping bags
We can take it right back then get the cash
Yea, get a friend and then do it again
Damn right that's how we paid the rent

Hell yeah
Time to get this paper
I'm down for the caper
Please steady on
It's a deadly struggle
We all gotta hustle
This is the way we survive
[Repeat]

I know a caper
We can get some government paper
You know food stamps can we really do that
Hell yea, right there for the taking
Fuck welfare we say reparations
And, uh, you know the grind
Get up early get in the line and just wait
Everybody on break that's part of the game
And when they call your name
Ms. Case Worker let my state my claim
I'm homeless, jobless, times is hard, I'm 'bout hopeless
But I gotta eat regardless
No family to run to I'm 22
Now tell me what the fuck am I supposed to do
My sad story made her feel close to me
I made her feel like it was an emergency
When I came to the crib niggaz couldn't believe
I came back with a big bag of groceries (hell yeah)

Every job I ever had I had to get on the first day

I find out how to pimp on the system
Two steps ahead of the manager
Getting over on the regular tax free money out of the register
And when I'm working late nights stockin' boxes I'm creepin' their merchandise
And don't put me on dishes I'm dropping them bitches
And taking all day long to mop the kitchen shit
We ain't getting paid commission, minimum wage, modern day slave conditions
Got me flippin' burgers with no power
Can't even buy one off what I make in an hour
I'm not the one to kiss ass for the top position
I take mine off the top like a politician
Where I'm from doing dirt is a part of living
I got mouths to feed I gots to get it

Hell yeah (you down to roll my nigga?)
Hell yeah (you ready to get your hands dirty my nigga?)
Hell yeah (your woman need money and things my nigga?)
Hell yeah (well let's ride then)
Hell yeah

If you claiming gangsta
Then bang on the system
And show that you ready to ride
Till we get our freedom
We got to get over
We steady on the grind
[Repeat]

Dead Prez Lyrics

"W-4"

[intro sample vocals from "American Pimp"]
So much shit goes on it makes me doubt about a God -- you know, makes me ask
well if there is a God then why am I in the situation that I'm in?
Or why is my family going through certain situations
when I don't think that they deserve it nah mean?
Or why do good people suffer so much and bad people prosper so much?

[sample fades out as instrumental comes in]

[lighter sparking]

Yo
Goin out...we light this J up right here...for all the hard working folk
cross this country, cross the world
For everybody on the grind everyday 9 to 5, 8 to 12 -- you know how we do it
Hand to hand, whateva...
Yo, yo..

[Chorus - singing]
I been working all my life but ain't got nothin' to show
I ain't tellin' you nothing you don't already know
I been working all my life but ain't got nothin' to show
Like this world just don't want us to groooow

I been working all my life but ain't got nothin' to show
I ain't tellin' you nothing you don't already know
I been working all my life but ain't got nothin' to show
Wanna run up in tha white house and kick in tha do' ohhhhh

[Verse 1]
What a nigga gonna eat when the refrigerator empty?
Work all week let the bossman pimp me?
Can't pay no rent till the 15th
Landlord call the police to evict me
Lookin for a job in the want ads
Have you ever been to jail? Know they gone ask
Ever took a piss test that you didn't pass?
In between jobs in the past? How you get cash?
I done worked over hot ass stoves
I done picked up trash off roads
Winter time in the streets and the cold
Many times had to sleep in my clothes on the flo'
What you know bout bein' po' seein' most of yo kinfolk be on dope?
Ain't nobody in the hood got no hope in this fucked up system and that's why we don't vote
Still payin niggaz 4.25 - How the fuck we supposed to survive?
I'm close to the edge, government takin most of my bread
in taxes might as well have this close to my head

Make a nigga wanna wild out
runup in the white house with the gauge out, CLICK CLACK!
GIMME MY SHIT BACK BEEYOTCH!

[Chorus]

Puttin' on my uniform, just a number on a W-4 form..

[Verse 2]
See where I'm from it's a few ways out
either rappin or sports either dope or the casket
You can work to the bone but don't put all yo eggs in one basket
We don't never get a piece of the pie
Work 50 years, retire then die
Stay po', rich folks is the criminal
but you don't wanna hear me tho' so
thank God it's friday, ain't it what we live fo'?
Nigga gotta get up out the plantation
Same job that my pop had before me
Imma pass it down to my seed fucked up situation
Make a nigga wanna wild out
runup in the white house with the gauge out, CLICK CLACK!
GIMME MY SHIT BACK BEEYOTCH!

[Chorus]

My J-O-Beeee
is just like a plantation
they owe meeee
but got me fillin' out this application

My J-O-Beeee
is just like a plantation
they owe meeee
and got me fillin' out this application

[song fades]

Dead Prez Lyrics

"Radio Freq"

Crank up yo speakas

To all my niggaz
Every hustlin nigga
Strugglin niggaz
Revolutionary niggaz
Gangbangin niggaz
Chain gangin niggaz
To ya freaky sick

I refuse to be a stereotype in your box
Never want to try to be somethin I'm not
I'm just a nigga from the block, if you got it twist it
Stay blowin on green, if you got it twist it on up
DP's givin a fuck
RBG'd up in some gangsta chucks
Throw yo fist up homie if you know what's up
All my comrades puttin in soldier work
We rollin dirty wit it
Fully dedicated
So real that the radio will never play it
But that's cool, the enemies supposed to hate it
Freedom ain't gonna come till we regulate it
That's why I'm in the dojo, not just for the video
Really do, we really got beef with the popo
Never know when they gonna put you in a choke hold
This is for you new niggaz holdin for the radio

[Chorus:]
Turn off the radio
Turn off that bull shit
[repeat x3]

[telephone rings]
People's Radio
Yo hang up, that's police

What's on the radio? Propaganda, mind control
And turnin it on is like puttin on a blind fold
Cause when you bringin it real you don't get rotation
Unless you take over the station
And yeah I know it's part of they plans
To make us think it's all about party and dance
And yo it might sound good when yo spittin you rap
But in reality don't nobody live like that
You wanna know what kinda nigga I am
let me tell you bit the nigga I'm not

I don't fuck with the cops
Platinum don't me that it gotta be hot
I ain't gotta love it even if they play it a lot
You can hear it when you walk the streets
How many people they reach
How they use music to teach
A radio program ain't a figure of speech
Don't sleep, cause you could be a radio freq

[Chorus]

[telephone rings]
People's Radio
I gotta fat chain, I gotta fat whip, I gotta -
Nigga get off that bull shit!!!

Crank up yo speakers
Yo woofas and yo tweeters
Turn up yo recievers
We bangin off the meter

Crank up yo speakers
Yo woofas and yo tweeters
Turn up yo recievers
We bangin fo the people
[repeat]

Freak freak y'all, to the beat y'all
DP's dog, we gotta eat dog
People's Radio, on the stereo
For the ghettos and the barrios
[repeat]

Crank up yo speakers
Yo woofas and yo tweeters
Turn up yo recievers
We bangin off the meter

Crank up yo speakers
Yo woofas and yo tweeters
Turn up yo recievers
We bangin fo the people

Y'all gonna get black-balled
Nigga what? Nigga get these black balls . . . in yo mouf

Dead Prez Lyrics

"Fucked Up"

[Verse 1]
How do it feel to be high without drugs?
Some say it's the feelin of love for yourself
I can't call it, I just threw up in the toilet
And all my life I said I wasnt gonna be no alcholic
I'm flailin son, tryin to stay sober
but the alchohol be callin son like a ghost
So let's make a toast to my liver and my kidneys
Pour out a little Henny here's to gout in your twenties
Not many niggaz make it to 30 we ride dirty
Breath stinkin, already drinkin, bright an' early
Out an earl na smirnoff, gin and 8 ball
Passed out on the bathroom floor with my clothes off
Remember them knickies? tall can't fit in they dickies?
Before they put them cameras up in the corna store
We used to be so much fun when we was young
Tryin to holler at somethin smellin like 151
Gettin thrown out the club all buzzed I'm bout to get the gun, dawg
But I ain't even know where I was
My nigga emae had to carry me home a many day
It was Heineken, dreks, engays, and eng
They say alcoholism is in my DNA
cause my pops liked to get fucked up the same way
They say alcoholism is in my DNA
cause my pops liked to get fucked up the same way

[Verse 2]
I got so fucked up last night I passed out
assed out man I couldnt even get to the house
and I know I shouldnt been drinkin on an empty stomach
but the fliest said open bar I said fuck it
went from vodka to rum, from rum to cogniac
and my body feel like ive been fightin in combat
and ive been coughin up yellow shit breakin a sweat
i've been shakin like a leaf but thats just what I get
for pourin my own poison and throwin it back
and its not enough to just know better you gotta act
I know I said that the last time
but I was havin such a good time

Dead Prez Lyrics

"Way Of Life"

[guitar plays and birds in the background]

[Verse 1]
What you know about the running, the stretching
The cars, the weapons
The path, the journey
The jewels, the learning
The fear, the focus
The aches, the pains
The contact sparrin', the breaks, the sprains
The trial and error, the ranks, and belts
The spiritual growth, the science of breath
The tests, the techniques
The forms, the stances
The flow, the rhythm, the internal answers
The herbs, the healing, the quiet meditation
The truths reveal through daily dedication
The love for the art, the sweat on your shirt
The mind, the body, and the spirit that work
The feelings of failure, the hope to succeed
The battles of questions like "Should I smoke weed?"

[Verse 2]
The water, the thirst
The cleansing, the blessings
The flash of insights, the teachings, the lessons
The grappling and locking, trapping and boxing
The training and slacking
The starting and stopping
And stayin' committed, when your homies ain't with it
The hours or practice after the class is finished
The cause of your ignorance, flaws in your discipline
Broken laws of nutrition, and pork and dishin'
The vitamins and supplements
Salads and ointments

The kingships, pull joints in doctor appointments
The dues, the pads, the wraps, the gloves
The mouthpiece you left home, the taste of your own blood
The hunger, the blocks
The punches, the squats
The crunches, the example you set for the youngsters
The will, the skills, the kill or the hill
The separation between what's fake and what's real
The laws of physics, The class "comradery"
The vows of humility, the bow, the courtesy.

[guitar plays]

[Sample]
Self defense doesn't mean you run and attack someone
But you do have the right to defend yourself by any means necessary
If you in that position to defend yourself (Ha!)

Dead Prez Lyrics

"Don't Forget Where U Goin'"

For my dogs in the pen, my niggaz hold your head
For my dirties on the block, come up any way you can
For my homies in the street game, trying to get ahead
For homeless people sleepin' on the sidewalks for beds
To the babies, born already on dope
Straight to his veins from the Coast Guard boat

Baby daddies and if you late you can't participate
Baby mommas, I know what you going through
So sorry to disappoint you
Ghetto children you're the spark, you're the energy, you're the heart
To the granma's, you're the glue 'cause you know things fall apart
To the PP's, the POW's, MIA's
To to AR's, to the HK's, to the M1's, to the AK's
To the comrades on the grind
Let me see who comes to mind
To my clic, to stic
Oh yeah I can't forget
What up Tahim? What up Abu?
What up Common? What up Badu?
Jermaine, Dem, and Dee-Don
We 'bout to get our freak on
That's F R double E on
In case you didn't hear me, hear me, hear me

Oh oh oh, oh oh

[Verse - Jay-Z]
As long as there's - drugs to be sold
I ain't waiting for the system to plug up these holes
I ain't slipping through the cracks
So I'm at Portland, Oregon tryin to slip you these raps
The first black in the suburbs
You'd think I had extasy, percocet, and plus syrup
The way the cops converged, they fucked up my swerve
The first young buck that I served
I thought back to the block
I never seen a cop when I was out there
They never came out there
And out there, I was slinging crack to live
I'm only slinging raps to your kids
I'm only trying to show you how black niggaz live
But you don't want your little ones acting like this
Lil Amy told Becky, Becky told Jenny
And now they all know the skinny
Lil Joey got his durag on
Driving down the street blasting Tupac's song (Thug Life baby!)
But Billy like Sue, got his blue rag on
Now before you know it, you backing em

Now the police, got me in the middle of the street
Trying to beat me blue, black and orange
I'm like hold up, who you smacking on?
I'm only trying to eat what you snacking on

[Chorus: Jay-Z]
Hell yeah (y'all don't like that do you?)
Hell yeah (you fucked up the hood nigga right back to you)
Hell yeah (you know we tired of starving my nigga)
Hell yeah (let's ride) hell yeahhh (let's ride)

[Bridge x2 w/ Jay-Z ad-libs]
If you claiming gangsta
Then bang on the system
And show that you ready to ride
Till we get our freedom
We got to get over
We steady on the grind

Dead Prez Lyrics

"Can't Sell Dope Forever"

[Chorus: Young Noble]
Homie, you can't sell dope foreva
You can't sell coke foreva
You can't sell smoke foreva
Baby, you can't sell ex foreva
You can't sell sex foreva
We gotta get ourselves togetha

[Young Noble]
It ain't too many dope dealers retiring
It ain't too many old prostitutes vacationing on the islands
Instead of knock 'em down, my focus is to inspire 'em
Stop worshiping money and worship something higher up
Don't get me wrong cuz, I done been there
Bottom of the barrel man and it ain't shit there
No food, no love, whole lot of kids there
Hand me down footwear, we got put here
She wanna have a baby, what coz he got good hair?
But he ain't got no job, and she on welfare
All he do is go rob, she do the blowjobs
For '06 Bonnie & Clyde, life is so hard
Stuck between a rock and a hard place
Look into the sky and there's no sign of God's face
We can't get a break, I see my people all stuck in a slump
It's like we just can't get over the hump
We need some motivation, we need some inspiration
We need to be more creative in our ways to get paper
The block will have ya ass in a box for your duration
Nigga, all I'm sayin' is this, all I'm sayin' is this ..

[Chorus: Young Noble]
Homie, you can't sell dope foreva
You can't sell coke foreva
You can't sell smoke foreva
Baby, you can't sell ex foreva
You can't sell sex foreva
We gotta get ourselves togetha

Homie, you can't sell dope foreva
You can't sell coke foreva
You can't sell smoke foreva
Baby, you can't sell ex foreva
You can't sell sex foreva
We gotta get ourselves togetha

[Young Noble]
Homie, I ain't tryin' to preach to ya, I'm just sayin'

The government the bigger gang, and they ain't playin'
Hangin' my niggaz for hangin' where they bang at
This is where we live, where we suppose to hang at
Don't love the rent, I can't afford to rent this month
I gotta hit this blunt, I gotta get this done
I know it feel like it ain't no options
A little education for a broader horizon
It's hopeless, I'm focused on reachin' the children
If what you doin' ain't workin, try somethin' different
Listen, there's lynches and killings in corners
With nothin' left to show but a prison diploma
The crooked ass cops tryin' to meet they quota
So every time they see me, they gon' pull me ova
The life of a soulja, the world is colda
And when it get's worse, man it still ain't ova
I told ya ..

[Chorus: Young Noble]
You can't sell dope foreva
You can't sell coke foreva
You can't sell smoke foreva
Baby, you can't sell ex foreva
You can't sell sex foreva
We gotta get ourselves togetha

Homie, you can't sell dope foreva
You can't sell coke foreva
You can't sell smoke foreva
Baby, you can't sell ex foreva
You can't sell sex foreva
We gotta get ourselves togetha

[Stic.man]
Every new nigga think he not gon' get caught
The same thing the next man thought, sittin' in court
It's nothin new under the sun, it's been done
There's a million niggaz locked up, you just another one
That got caught up in it, like the government intended
A pawn for the system at the bottom of the pyramid
The game is a set up, that's why they call it a trap
It's infested with informers, snitches and rats
So watch ya back if you in it, get in and get out
Invest in ya future, gotta try to find another route
Coz the war on drugs, is just a war on us
And the wrong time to see it is when you in them cuffs
On that bus, frustrated, headed to the big house
Lookin' at so much time, you might never get out
If you headed down this route, whoa before you crash boy
You don't wanna see them red sirens on the dashboard

[Chorus: Young Noble]
You can't sell dope foreva
You can't sell coke foreva

You can't sell smoke foreva
Baby, you can't sell ex foreva
You can't sell sex foreva
We gotta get ourselves togetha

Homie, you can't sell dope foreva
You can't sell coke foreva
You can't sell smoke foreva
Baby, you can't sell ex foreva
You can't sell sex foreva
We gotta get ourselves togetha, c'mon

Dead Prez Lyrics

"Searchin'"

[Verse 1:]
Yeah! let's be honest, I know I took more then I gave in the past
[?] I love ma' family *[?]* so I know we can last
I've been hustlin' hopin, tryin' stay focused oping with life
Like a roll of dice,
This life we live surrounded in ice
There's some promise sendin' for us but still we gotta keep goin'
Everyday we breath in live, God give us chances to show' em
Take the piss that we keep giving and blessings that he keep giving
Using to my advantage, keep humble and keep forgiving
I know the prier seem distant, but yo gotta know and listen
You gotta be patient in life, play your position
I know I can witness things in life that money can't bring
Also witness things in life things that only family can bring
Talk bout fortune and fame
Talk bout hunger and pain
Talk bout whooping even making *[?]* is one and the same
Cursed for blessed with the game
Cursed for blessed with the brain
Through all my stress and the pain
Know what (what what) I'm a make it

I've been searchin'
I've been lookin' for love
Waiting for the clouds above
To make me all that I am
And I thank you
I've been searchin'
I've been lookin' for love
Waiting for the clouds above
To make me all that I am
And I thank you
And I thank you

[Verse 2:]
I don't prey for wealth, prey health and peace and self to move on
My heart sane, trying stay strong and try to move right along
With the right and wrong I'm a fight along, as Long as I'll live
Long as I'm humble keep my faith in god is all I need
Still working to get ma cash, hustling I gotta get it
And then I laugh last, last with the voice of vicing
As God is my witness, my strength and my source to achieve
My savior, my light, my life, my fighter right to believe

I've been searchin'
I've been lookin' for love
Waiting for the clouds above

To make me all that I am
And I thank you
I've been searchin'
I've been lookin' for love
Waiting for the clouds above
To make me all that I am
And I thank you
And I thank you

[Verse 3:]
First of all, when you found that you must be God first
If you wanna build the life that's worth risking all
So for me it's an opportunity to speak, to reach
The four corners of the globe, the pain *[?]* deep
I know, I can see it in your eyes but I'm right here with you
In it though before is all over we celebrate
In everything, give thanks for this is the will of God
In Christ, Jesus counsellings you, nothing is too hard for him
If you have a heart for him
Everything is possible, don't let nothing stop you
We need you, get on your feet soldier
Hearts of west colder
[?] shoulder
Leaders don't wanna step up and be there why they were put there
We all call them for what we did, we doing what we ought to
Do for the sake of the future, know that is not about you
It's bigger than money and fame
Bigger than reppin' yo' hood
Taste it and see for yourself that is good

I've been searchin'
I've been lookin' for love
Waiting for the clouds above
To make me all that I am
And I thank you
I've been searchin'
I've been lookin' for love
Waiting for the clouds above
To make me all that I am
And I thank you
And I thank you

"Fork In The Road"

(feat. Stormey & Malachi)

[KASTRO:]
I was only 16 young nigga one cleanin things
28 now just to see things change
But I'm a player and am playin my part
Knowin this movie ain't mine it gods and he's a star
I still wonder how I made it this far a million miles over in speed of a fast car
So many choices(why), so many voices, all up in my head I hear the devil and his voices
I'm a stum, I'm a bum I'm nuffin, suicide get the gun pull the button
Nah that ain't me
Nah I'm gods baby
But times kinda hard
They've been gettin to my lately
I belive even though I ain't better
My days are gettin better but only if I let em
Today I stand at this fork in the road
Gotta decide wich way I would go

[Chorus: MALACHI]
How do I get by with blocks in the road
And how did I get here with the fork in the road
The choices am goin about the world is so cold
Will I be here to see my baby grow old

[Chorus: MALACHI]
How do I get by with blocks in the road
And how did I get here with the fork in the road
The choices am goin about the world is so cold
Will I be here to see my baby grow old

"Believe"

(feat. Stic.man & Ms. Nora (Stic's Mama))

[Chorus: Stic man]
I know I can, I'm sure I can
get this dope out my veins
I believe I can, I know I can
I'm sure I can break free from the chains

[Verse 1: Stic man]
I can heal, I can change a fight and never give up
I'd made up my mind I can do it and that's what up
I'm a learn I'm a find what I need to help myself
I understand that it's up to me to take care of my health
I'm a prove to the world that I can get back up
on my feet and I'm a do it for myself for me
and for my family, they only want the best for me
they wonna see me in control of my destiny

[Chorus: Stic man]
And I believe I can
I know I can, I'm sure I can
get this dope out my veins
I believe I can, I know I can
I'm sure I can break free from the chains

[Verse 2: Stic man]
Aint no easy way out, but I made it this far
many days I slip back frustrated cos it's hard
but it's my time now to make the changes in my heart
And I aint looking back right here today is where I'm a start
I believe in myself, I just made some bad choises
I still love myself and I aint ready for the coffin
I'm reaching out to my loved ones for they support
and no negative thought is gonna stop me just (watch)

[Chorus: Stic man]
I believe I can
I know I can, I'm sure I can
get this dope out my veins
I believe I can, I know I can
I'm sure I can break free from the chains

[Verse 3: Stic man]
I got things I wonna do in my life I aint did yet
I know I've been close to the egde but I aint dead yet
it's never too late to make a change for the better
and I really mean it this time I'm bout to get myself together
I know it's not just me I aint the only one

everybody got something that they need to overcome
you aint gor to smoke crack to be a fiend
a fiend is just somebody whos addicted it can be anything
too many of us addicted to the American dream
we high from the lies on the TV screen
we drunk from the poison that they teach in the schools
and we junkies from the chemicals we eat in the food

[Chorus: Stic man]
I believe I can
I know I can, I'm sure I can
get this dope out my veins
I believe I can, I know I can
I'm sure I can break free from the chains

[Speach: Stic man's mum]
I believe in myself
I believe that greater is in me, than is on the outside
I can be ... who I wonna be
It's already inside me, if I just believe in myself

Dead Prez Lyrics

"Came-Up"

(feat. Young Noble, Layzie Bone & Stic.Man)

[Intro: Stic Man]
(Layzie Bone, Stic Man)
All we have is each other, everyday is a struggle
(Young Noble) Life is no guarantee
(Outlaws, Dead Prez, Bone Thug)

Everyday is a struggle, all we have is each other (Come on)

[Verse 1: Young Noble]
One time, one time, one cop with a K-9
Cock and I spray mine, drop and lay one
Down to the the ground, we callin' C-Town
Ask and harass, and its all of the time
Bein' a young thug, we always real dumb
The money would still come, but wait 'till the bills come
Back to square one, shottin' the fair one, taught to fair none
The right to bare arms
Look at my eyes; You better feel the pain, you better learn the game
I had my turn of fame
Fuck that, just give me money instead
And when the hungry is fed, and when it's all said and done
Nigga we' all for one, homie it's all or none
All I really need is a call or come
Remain a Outlaw 'till its said and done
remain a Outlaw 'til I'm dead and gone

[Chorus: Stic Man, Layzie Bone & Young Noble]
It ain't nothin' if it ain't about green (We came up)
Hopes if it ain't about me (We came up)
It's to all my hopes and my dreams (We came up)
It's to all them niggas up in the bay (we come up)
All my niggas that's from the 'hood (We came up)
Soldiers on mind and made good (We came up)
Money on the wood make it really all good (We came up)
You will get it if you could, yep (We came up)

[Verse 2: Stic Man]
Like a brick through the window everybody on the block come quick
Gets some fo' your kinfolk
Discount sale goin' down for once, aw you can count with me nigga pop the trunk
We in sock, shoes, shit we could use
Laptops still in the box for the cruise
It's not a riot, fool, it's a rebellion
Malcom said it's righteous to rob for food
clothes and shelter
By enemies it's neccessary, smash and grab

Takin' everthang you can carry, nigga
Revolutionary, nigga
Can't be no scary, nigga
Runnin' down the alley with a handfull of jewerly
Feelin' like Huey, nigga
Nothin' they can do to me, nigga
Fuck poverty, nigga

[Chorus]

[Verse 3: Layzie Bone]
Small thang to a giant when a nigga wanna talk about his toys with his boys well
The cost ain't shit to a boss
Wanna break a nigga off, set it off when a nigga wanna floss
Down here on the '99 it feel like a war zone
It's where you can find mine, when I bring the war on
Struggle the bubble when nigga hustle to double up
Fuck with my money and nigga you in trouble, what?
Everybody tryin' to get in where the fit in
Talkin' ain't nothin' if it ain't about dividends
Standin' a the corner tryin'a get me a Benz, four-five cocked
My only friend
And again I don't trust ya'll anyway, me?
Lil' Layzie I been gettin' plenty pay
Spray the semi 'till its empty, on any givin' day
Nigga, heard what I said, nigga any givin' day
Born to take charge; We criminals at large
Niggas smell pussy and I'm pullin' your whole cards
Brother on lock and he's runnin' the whole yard
St. Clair niggas came up with the bogart
Take it if I want it, let a nigga get up on it
Gotta give it to 'em quick; Hit 'em up, no warnin'
Ya'll niggas wanna get involved, search ya' just like ya' want it, want it

"Runnin' Wild"

[Mumia Abu-Jamal:]
Inspiration that came from Black and Latino and young people.
From the ghettos of the Bronx and Brooklyn and New York, you know what I'm sayin'? (Of course) That's power

[stic.man:]
Fuck the police, can't wait to get from momma house
Hopped off the porch, old enough for some drama now
Pistol in his pocket, barely strong enough to cock it
But he ain't scared to pop it, got a heart like Colossus
Momma ain't home, daddy locked down
Still his gold chain swing, pants sagged down
He be clean, fresh Caesar
New jeans, new sneakers
Middle finger to his teachers, a rebellious young genius
Little Bobby Hutton, '09 version
Ready to touch something
No matter what
Determined to make his life worth something
Keeping it gangsta
Cause the young black male is in danger
One slip out here, these crackas will hang you
Only the strong survive
No choice, you gotta ride
Young in age but your mind is wise
Walking strong with a King Tut strut in your stride
Black pride and I'm young, hungry, born to survive
Don't collide with him

Ya, I hear all that righteous shit you talkin' man, fuck that.
I gotta get out here and get this money, man. My daughter feet grow everyday.
I'm broke out here. Ain't nobody giving me no jobs. I gotta get it one way or another

[Hook:]
Little child, little child
Runnin' wild, runnin' wild
Little child, runnin' wild
Whoah, ya
Hey, little child, little child
Runnin' wild
Little child, runnin' wild
Whoah, hey

[M1:]
Growing up in this world today is not easy to do
Either your choosing your path or your path will choose you
Lil' Khazi got big shoes to fill for his fam'
He's so young it's hard for him to understand

That he's the man of the house
He know the time, his momma work overtime
And his attitude (a milli, a milli, is '09)
Go to school just to battle MC's in the cafeteria
Fell asleep in third period to the theory
That the president is black so he should try to be that
Better yet, put a gat on your back and go to Iraq
But he already done chose a side
A bonafide People Army soldier rollin' for life
Mind sharp as that switch blade knife in his back pocket
Ain't no crack in his sock
He got bigger dreams
And even more than money countin'
He ready to move mountains
The future Kwame Nkrumah
And he know it's a dirty job but somebody gotta do it

Shoot, you gotta feel me man. Not a day goes by it ain't a shootout.
My gun is all I got in these streets.
I'm 'bout myself, and when I need help, the only thing I can rely on is my gun game

[Hook]

[stic.man:]
I love to see the homies cliqued up, fists up
Khakis on, STAG bandana rag twist up
Hood pride, unified
G'd up, ride or die
Street tribe
Real soldiers don't die, we multiply
[x2]

[Hook]

[Mumia Abu-Jamal:]
You got people all around the world nodding their heads to what people are saying.
So when you're conscious of that, then ya know, you can do more than just say, "this is a hustle",
"I'm trying to make my bread" or "that broad got a big ass". Come on.
There's more important things in the world. I know you and stic do it everyday

"Warpath"

(feat. Ratfink)

I'm on the warpath *[x4]*

[stic.man:]
Lady liberty dressed in drag
Silver badge
No country for old men
Renegade policeman
True evil
Oppressor of the people
Blue lethal
Psychopathic
Arm of the state
Licensed to kill
In the inner city he hunts and lurks
Blood thirst
Vampire sworn to protect the evil empire
It's business
Mercenary, no code of honor
A blue wall of silence
His actions cause riots
Murderer, terrorist, racist, supremacist
Terrorize the residents
Intimidate the innocent
Power unlimited
Targeting the prey with the hoodie and the jewelry
He the judge, the jury and the executioner
Redneck Lucifer
The streets is on fire for all the years he been abusing us
I fiend to throw his ass off of Lakeview terrace
So I ran up in the precinct and I shot the sheriff

[Ratfink:]
It's been a longtime coming
And I can't hold out much longer
It's been a longtime coming
And all the waiting made it stronger
It's been a longtime coming
And it's way too late for you now
It's been a longtime coming
And there's nothing you can do
I'm on the warpath

[Hook:]
And I'm gonna hit you like a freight train coming
On the warpath want to hit the ground running
I'm on the warpath

I’m on the warpath
I’m on the warpath

[M1:]
Ayo my brain fried and I’m off duty
I’m about to pull out my gun and go and shoot me a movie
You think you hardcore?
But you ain’t ready for war
When you see me coming pray for the lord
You probably just a snitch anyway
And a ditch is your grave
And the president don’t got shit to say
50 shots is nothing, it’s been 500 years
I enjoy seeing all y’all mommas in tears
As I haul your ass off to jail
Stop going to church, praying to god
You’re living in hell
And I’m the gatekeeper
My boss is the Grim Reaper
Better known as the sergeant of the pig department
And guess what’s next for the next generation
I’m about to turn the whole damn ‘hood into a slave ship
You thought that was some shit in New Orleans?
You better watch out for the global warming

[Ratfink:]
When you close your eyes at night
And you think you’re safe at home
You’ll never see me coming
And you wake up all alone
You made your bed baby
And I hope you’ll never sleep
I’ll be waiting for you in your dreams
If you ever get that deep
I’m on the warpath

[Hook]

[stic.man:]
So I ran up in the precinct, and I shot the sheriff

"Gangsta Gangster"

(feat. Styles P)

Gangsta Gangsta with a "A" not a "ER" *[x3]*
Cuz all I gees I know are part of the revolution

[Stic.Man:]
Its not a word to be claiming jus cause it sound cool
The game's so twisted today for lack of ground rules
Is a man of his word a man of action
Never begging, complaining he make it happen
It's not the image they selling us on the TV screen
Is a survivor, a rider provide by any means
Moving stragey outsmarting his enemies
Ready to give his life, you still wanna be a g?
It's not something you claim just because you from the hood
Everything twisted the game is so misunderstood
Used to be a protector, man of the people
Now they most followers man, where are the leaders?
A ghetto superstar is cool but I know something harder
You don't know gangsta till you know about Bunchy Cater, Aunty Assata, Soondiati Ecoli
Not to disrespect their legacy but that's the real OG's
The one who has the biggest mouth to be the biggest coward
No time for petty beef a gee is about getting power
That's why you can only be down after initiation
So niggas know how you respond in different situations

Gangsta Gangsta with a "A" not a "ER"
Cuz All I Gees I know are part of the revolution

[Styles P:]
He was a mean one nah he was born one
He don't ever say a thing when the law comes
He don't need a posse of brothers that act wild
He works a Hard Job and tries to raise a black child
He breaks bread with his people like Jesus did
He tried to explain to the children what the evils is
Knows the spots where the crack, coke and diesel is
Did some time in the pen now he diesel kid
He know the penile system is part slavery
Knows that the judge on the stand is where the pagan be
Knows freedom is priceless it takes bravery
He knows I ain't an animal but they caging me
He plays DP thinking about his DP's
Wish he had a hundred guns headed up to DC
He wants change like Obama did
Probably lived where your mama lives

[M1:]

Is is the bandana, the hat, the loafs or the gatt
I tell you off the bat hell nah it ain't none of that
It ain't the smell of the chronic the broken ebonics
They be the main ones poppin that shit but they don't want it
Willing to live or to die for what he believe in
He know the code of the streets you can't deceive him
A gangsta's word is his bond you must respect that
He keep his flag and his rep well protected
Is it the bankroll? The bulletproof tank? no
Look at his tattoos the women about to faint so
He could of went to jail but been the biggest snitch Or
He could when you trust your loyality you switch

Gangsta Gangsta with a "A" not a "ER" *[x3]*
Cuz All I Gees I know are part of the revolution

[Stic.Man:]
It ain't just Easy, Dre, Ren, Cube and Dela
It's also Nina, Sarah, Billy, Betty and Ella
G is the seventh letter, G is for gettin better
A G is a go-getter, A G is tougher than leather

Dead Prez Lyrics

"Afrika Hot!"

I don't represent the red white and blue
I'll cut the head off the devil and I'll throw it at you
Uhuru is my world view; RBG to the grave
Even though Obama is the president, we still enslaved
I don't have to be born and raised on a continent
I know where I'm from; it's engraved in my consciousness
We one folk many tribes, many sons and daughters
Before the white man's artificial borders
We was warrior kings, victorious dynasties
I had to open my eyes to see their historians lied to me
I don't know what my tribe was, they stole my culture
But I know I'm still standing on ancestor's shoulders
Yo' I could have been Bassa, Yoruba, or Kikuyu *?*
So I just claim them all from Ashanti to Zulu
I am, because we are one tribe
Children of the sunshine let's ride, it's nation time

Why don't you tell me the truth? I can think for myself
Everything they manufacture be so bad for you bad for your health
Why they so parasitic? Why they so hypocritic?
Why they take everything real and turn it into a gimmick?
I learn from people who live it, I'm a G with no limits
Immuh always stay committed the minute until we win it
RBG representin', if I said it I meant it
That's why you got to stand and fight
Cause it could change any minute
I took a visit to the border of Kenya and Tanzania
And they got the same ole' president we got over here
It's a global revolution, everybody get down
Cause when I look around the majority is brown
So we may as well link it up, time comes sync it up
Fresh water straight out the earth you'd better drink it up
Revoltionary love, freedom's what I'm thinking of
Meet me at the steps of the capital if you've seen enough

Dead Prez Lyrics

"Refuse To Lose"

[Chorus]
I got so much trouble on my mind
refuse to lose
refuse to lose
(it's just energy man)
I got so much trouble on my mind
refuse to lose
refuse to lose
(it's electric)

I'm caught up in this untouchable mentality
as a man thinkin it becomes his reality
I used to let stress build up until I learned
that stress'll eat your insides up like worms
see worry is the cousin of death
thinkin negative you might as well go ahead and bury yourself
I was taught by the struggles of life to be strong
like ian, you hafta have the heart of a lion
I been through my share of this hell, but still I rise
many days didn't know what to do
but we survived
every struggle is a test, a lesson
you just gotta figure out how to overcome and catch the blessin
they want us to turn to dope and lose all hope
spirit broke and confused
but I refuse to lose
through fear, through pain, through loss
I can't stop
won't stop
till we make it to the tip top
this is hip hop

[Chorus]
I got so much trouble on my mind
refuse to lose
I refuse to lose
(I, I will not lose)
I got so much trouble on my mind
refuse to lose
I refuse to lose
(I, I will not lose)

ay yo, failure ain't an option it's a death sentence
you can't survive without no food that ain't no sustenance
plus when it's crunch time
back on the wall
life on the line

before you lose your balance and fall
you will find that it's an instinct
act first and then think
second law of nature, self preservation
move without reservation
no hesitation when it comes to me and mine
do you come from that design or do your compass need alignment?
I'm mercernary
My assignment?
kill or be killed, a sin or a skill?
however you define it
a sa siembra victoria
revolutionary propaghanda intended to raise warriors
ain't nothin like this world crisis
the price of life is measured by the lifeless
it's brutal but I fight this
supply, demand, inflation rises
we can't afford the rice
there's nothing to eat
I know it's hard to digest

[Chorus]
I got so much trouble on my mind
refuse to lose
I refuse to lose
(I, I will not lose)
I got so much trouble on my mind
refuse to lose
I refuse to lose
(I, I will not lose)

they say the best revenge: success and living well
no more throwin them coins down in that wishing well
go out and get your own
we all reap what we sow
the end is all on you
what you gonna do?

I got bass strong enough to cut through a coal mine
hold a goal in my mind till I reach the gold mine
overtime grind
with no days off
but ain't nothin like the feelin when it all pays off
all it take is the thought of my son for motivation
long as I'm alive you can't break my dedication
family first
everything real in the field
it's a cold game
life don giva fuck how you feel
we live in a material world or so it seems
but I ain't got nothin to lose but bad dreams
when I woke up I was already 17
but I was determined to break the cycles I'd seen

when I learned that the blood in my veins came from kings
it curdled, when I looked at the present day scene
but the same pressure that turned my brother to a fiend
I face it, embrace it and convert it into steam

[Chorus]
I got so much trouble on my mind
refuse to lose
I refuse to lose
(I, I will not lose)
I got so much trouble on my mind
refuse to lose
I refuse to lose
(I, I will)
(I, I will not)

Dead Prez Lyrics

"Life Goes On"

[Chorus]
Life goes on, the world keeps turning & life goes on
Life goes on, the world keeps turning & life goes on
Life goes on, the world keeps turning & life goes on
Life goes on, (hey one how ya feel?) the world keeps (yeah) turning & life goes on (let's go)
Life goes on

You stuck back in the day, but homie it's 2009
Every thought you think is a seed you plant that grows within your mind
Better focus on your grind
It's real out here
The game don't wait
We fall down
we suck it up
We get back up and make a way
'Cause the past is yesterday
and the future never comes
The present is a gift
This moment is the only one
You can't rewind the clock
Time is all we got
and once it's gone
It don't come back
Whether you like it or not
Gotta play to win
If you ain't happy - make a change then
If what you doin' ain't workin' it might be time to change plans.
You lookin' at a changed man
From where I used to be
It's no fear
I ain't going' nowhere
So get used to me
I shook off the dead weight
Freed up my head space
Now my priorities in order
and my bread straight
With even greater faith
So let the haters hate
For one thing we got in common that we can't escape is...

[Chorus]
Life goes on, the world keeps turning & life goes on
Life goes on, the world keeps turning & life goes on
Life goes on

Some people blame they parents
For what they shoulda done

Or what they didn't do
Or what they wish they woulda done.
Caught up in the past
Trapped, 'cause they can't forgive
But you can make a choice now how you wanna live
You can be negative;
You can be positive
But either one is up to you
It's your prerogative
It's not what happens to us
It's how we handle what happens
The ups and downs in life give us understanding and balance

[Chorus]
Life goes on, the world keeps turning & life goes on
Life goes on, the world keeps turning & life goes on
(Yo, yo) Life goes on

Gotta take it day by day
The pain just seems to fade away
Look at pictures in my mind
Everything just turns to shades of gray
The cornerstone; without you the family fell apart
Can't put the pieces together
We don't know where to start
Had a show in South side Chicago, it was a cold day
Cold playing, repeat playing
No way, I keep saying
Think about my momma locked up in that dungeon, Godforsaken;
and when she find out her momma dead, how she going to take it?
Got an older brother and we argue every time we speak
Every relationship is different
Ours is unique
Shoulda said I'm sorry 'fore I went to school in T-town
I got your memories
I got you on the rebound
Walk with the ancestors - Grand mommy
and if I start to get weary, please stand by me
I just want the world to know your grandson was thinkin' of you
I guess it's never too late to say that I love you
So this one is for you

[Chorus]
Life goes on, the world keeps turning & life goes on
Life goes on, the world keeps turning & life goes on
Life goes on, the world keeps turning & life goes on
Life goes on, the world keeps turning & life goes on
Life goes on, the world keeps turning & life goes on
Life goes on, the world keeps turning & life goes on
Life goes on, the world keeps turning & life goes on
Life goes on, the world keeps turning & life goes on
Life goes on

Dead Prez Lyrics

"$timulus Plan"

[CHORUS]
You should go go
Feed your marrow
Then the Afro
Then the Euro
Anything
For that green
It's a scam
It's a scheme

(clips from news, legislators)

Four or five dollar bills
[?]
I've been in the same situation
Heartbeat racing
You come up but you don't eat
I done had to sleep in a train station
Going stop to stop
But no place to be
Paperchasin'
Filling out applications
For weeks
Just tryin' to get up on my feet
But they ain't hiring
So a nigga's forced to resort to the streets
Just to make ends meet
It's called survival
The struggle continues
If it offends you, let me remind you
We all have instincts to do what we have to,
To make it through, and this drive is primal
Whether you at MickeyD's takin' an order
Or comin' from Florida transportin' a quarter
Or on a corner
We all got needs
I gotta feed my son
He gotta feed his daughter
Naw, I ain't no capitalist-exploiter
But I know the rules of supply and demand
Whoever controls the product
Controls the supply
And, hey, well that's the law of the land
Make your own stimulus plan

(more)

Don't ever think slavery was just about race
Slavery was about money
They say the USA was founded on freedom
But slavery built this country
Washington, Jefferson, Lincoln,
Hamilton, Jackson, Grant
Were all slaveowners
And even today
From Clinton to Bush
They runnin' the same game on us
They so-called war on terror
Is just a ploy to get more cheddar
Dinero, the root of all evil
They come in bombin', shootin', exploitin' people
And call it freedom
It's a cold game
And it's the same from the top of the food chain
All the way down to the little homie in the street gangs
Slangin' cocaine, it's how they do thangs
It's the American way
Imperialism, have it your way
Whatever it takes
Whoever gets fucked in the process, that's okay
That's how they play
So you can't blame us
Them dead white men on that paper ain't us
We still gotta hustle for the benefits, man
My grind is my stimulus plan...

[DJ Drama:]
You know I've been working so hard, I got skinny again
That means I'm still hungry
Dead Prez
Barack O Drama

[Hook:]
I know way too many people here right now listening to this mixtape like who the fuck are yall
I sware it feels like the last few years in the mainstream everyone forgot about reppin the cause
What are we doin what are we doin oh yeah what about let's get free taking care of family this is the song of my life man
Cause all I know to be is a soldier for my culture and it's far from over

[M1:]
RBG RBG Dead Prez like Lantern never fall off what the hell was yall thinking
We 10 years deep still real still eatin still middle finger to the police and still mean it
This is RBG code this is more than just a pop song if you don't know must not of been out on the block long
Let me show you how to speak the language in better form I sware this life is like the realist movement ever born
Truth is like a 44 magnum in this business I'm out to go Jonathen Jackson on you bitches
Little homie you know you could catch cancer from them swishers don't get lost in that liquor till it eats up your liver
Gotta spit it how I live it I am my brothers keeper rappers integrity today is cheaper than some reefer
The whole game is blunted everybody want to be a stunner, but where's the honour when the white man run it

[Hook]

[stic.man:]
Yo one thing about music when it hits you feel no pain ten years later ain't shit changed, but the players in the game
Still ahead of the pack as Drake studied my rap matter of fact I give to that,
but at least he ain't sellin no crack so I take my flow right back
Stop the beef it doesn't matter how many records they sellin cause all this bullshit they yellin gonna start a hiphop rebellion
In the real world don't have no bounaries and fears this word sound power that we put in their ears can change the world
It's bigger than diamonds in your necklace we out here doin dope toatin pistols actin
reckless in the real world you can't just act like you don't care
Cause what you gonna have when the fame and fourtune disappear
if you a rapper trapper actor finger snapper copy cater or a money gettin cracka just say it
But then if you fake snake cake claimin that you pushin weight when you ain't do I really have to say it

[Hook]

Dead Prez Lyrics

"Exhibit M"

[DJ Drama:]
I mean, we can agree that balance is necessary, right? We can agree that some of this shit done got out of control, right?
We ain't gonna take it too far left, though. We gonna stay street, stay revolutionary right here in this middle lane

[M1:]
Yo, imagine me with no imagination
No imitation. It's Exhibit M… it's my improvisation
Hope I improved on what you thought was impossible
My impersonation of myself is mythological
Emperor Imhotep—I am a saurus
I'm a monk up in the mountains, meditating in the marshes
Importing that magical forest, smoking that Mary Jane
Self-medicating myself. This world is so insane
I put my emphasis on things more important
Yo, it's M. Jordan imparting wisdom with my performance
I'm Immortal Technically speaking
Immaculately conceiving
Hit you with that Swahili greeting
I'm the one between the L and the N
Motherfuck… Oh please excuse, I get excited
I'm against the M-N-F-N system
They immobilize the marches of the movement
And imprison many people
Now they monitor the music
Making martyrs out of you and me
We ain't getting Emmy's or no Oscars or no Grammy's
It's the same old inmate to the Uno
The emblem is the panther, not a pimp
And my woman is an empress if you ever get a glimpse
My impression of a moron is an empty minded man
For an imbecile, death is imminent. Understand?
Murder one. Master knowledge, but my mama says, "Mutulu
Fuck around and get impaled. Yo, don't let the smile fool you
Leave a mark on your monument."
Fuck the X and the Y. The M gene is dominant
M-M-M-Malcolm and M-M-M-Mart-Martin

Dead Prez Lyrics

"Malcolm, Garvey, Huey"

(feat. Divine)

Malcolm Garvey Huey, study Malcolm Garvey Huey
Their life is like a movie
Study Malcolm Garvey Huey, Malcolm Garvey Huey
Malcolm Garvey Huey, their life is like a movie

I live, I die, I organize
Everything I do's revolutionize
I build what's good for the whole damn hood
Study G's like these, really think you should
I study Malcolm Garvey Huey, Malcolm Garvey Huey
Monster kody with a UZI, listening to Fela Kuti
I'm a goon with the machete, especially if it's deadly
Got the Santos for the Xe to protect me, so respect me
This is heavy legendary, revolutionary
My wifey she resurrect me when they thought they had me burried
Took me out the cemetery, now it's family over every
Cause it's always necessary to avoid the commissary
I'mma live for you five, so I stopped getting high
If you know, then you recognize, it's that Black and Brown pride
This the power of the mind, RBG, God Divine
You can see it through the lies if you can read between the lines

I live, I die, I organize
Everything I do - revolutionize
I build what's good for the whole damn hood
Study G's like these, really think you should
I study Malcolm Garvey Huey, Malcolm Garvey Huey
Malcolm Garvey Huey, Malcolm Garvey Huey

Malcolm, Garvey, Huey, Bunchy, Bobby, Pac 'n Tookie
Sitting by the door, so you can say I'm acting spooky
Just like in the movie, son, you better pack it tooley
Niggas squish be acting fruity or be cracking like they tookie
Rather smoke a doobie than be burning and alluding
Bang bang, pig shooting, we should blame Rudy Julie
Banging for the cameras, China White & nose candy
Unless you're banging on the system, you're a gangsta wearing panties
RBG my family from the Bronx to Miami
Police cannot stand me packing y'all like a manny
Call me Little Bobby Hutton, cause I'm first to push the button
Rappers don't be saying nothing to the system, we say fuck 'em
This is for Nahonda, mama see, Mama Akuwa
All the real OGs, I'm a soldier cause you told me study
Malcolm Garvey Huey, Malcolm Garvey Huey
Malcolm Garvey Huey I'm reportin' in for duty

Stic.-ie-ickie, yours truely, here for duty
Down davino, M A uno, you know how we dropped the jury
This is real not a movie, not Mickey Donald Goofy
I'm a soldier, I avoid a bitch nigga like the cooties
Screwface in a hoodie, fresh pair of khakis
We can do this like we fam or go to war like the Apaches
For whatever I stay ready, I learned that in Tallahassee
Babatunde used to school me as a juvie skipping classes
Never let the system use me, my duty is my passage
Watch the homies in your army, they don't always show their badges
Keep your family living healthy, teach your children 'bout their blackness
Teach your wifey how to use the ratchet, this shit is classic
Get your food, clothes n shelter, fuck the system pimp it backwards
I ain't hating, I'm just saying if you wanna be a rapper study Malcolm Garvey Huey

Dead Prez Lyrics

"Fear Not The Revolution"

No reason to get scared
Change is necessary
Somebody gotta' do somethin'
Who better than us?

[M1:]
Nothing to fear but fear itself
Use your experience like wealth and get rich b*tch
I know niggas that fear success
So they sabotage they self
I question their mental health
Help me understand it
I'm battling with my demons like the next man
But I expect to stand victorious, vainglorious
Head up and encourage us, like Afeni did to Pac
It can send you into shock
It can bring you to a stop
Shook stop in your tracks
Fear of our responsibility by Ho Chi Minh
If you're looking for a weakness hope you don't see me
We're so gangsta but scared of our own shadow you see
It's your reflection
And we're searching for direction but our compass is broke
Put it in your GPS and still don't know where to go
It's the heart
It's the spirit
It's the soul
Trust yourself, if it's green then go
If it's not then don't

[Hook:]
This is the revolution
This is our only solution
This is officially a takeover not a makeover
We on our way soldiers

[Stic.Man:]
Crime scene forensics, syringes
Dope fiend binges
The pain seem endless
My soul cringes
Old women asleep on park benches
It's heart wrenching
Below poverty level existence
No public assistance
They system is against us
We runaway slaves, political prisoners

They manufacture disease, create sickness
Then they rent you the cure for the symptoms
To them it's just business
We the fuel for they corporate engines
A swastika and dollar sign should be they emblem
We the have nots without a pot to piss in
Living in third word conditions
I don't wanna be a victim no more
So much stress living under pressure in the trenches
The struggle is a lifelong sentence if you listen
You can hear the wretched of the earth in the distance
Coming for our day of vengeance

[Hook]

This is the revolution
This is our only solution
This is revolutionary but gangsta grillz
This is what's really real

"A New Beginning"

Times is getting rough, huh? That's nothing new to us
There's nothing to discuss. Just make adjustments, time is up
This crazy world we live in, they taking, ain't no giving
Consuming, not producing. We got a problem, Houston
Its worse than genocide, they get inside your mind
Tricked 'ya. You thought the finish line was 1999, didn't 'ya?
Try to save the trees but you can't go green without that black and red
If we gon' get free we got to change that lightbulb in our head

[Hook]
The end of the world don't mean too much to us
It's a new beginning
Ashes to ashes, dust to dust to us
It's a new beginning

Stock market crashing daily, they say that times are scary
They dollar's losing value, but the hood knew that already
The price of gas been rising, at times we can't afford it
The oil supply is leaking, facing a global shortage
According to news reporters, every year its getting warmer
These violent weather patterns, some say it's just nature's karma
They planting they seeds of fearing, genetic engineering
Interfering with the crops and now the bees are disappearing
Don't know what is upon us, just know one thing for certain
Change is so necessary cause they system is not working
Maybe it would take destruction to make a better world
And if that's what it takes then I hope Babylon just keep on burning

We - we got a problem, Houston *[x3]*

[Hook x3]

Dead Prez Lyrics

"What If The Lights Go Out"

Aye, aye, there go the rescue
Aye, there they go right there
They lookin for us
There go the helicopter
Yo hey aye
Yo don’t do that man, you gon get shot man
We right here
Yo, right here, right here
Aye where yall going?
Man, they ain’t coming to help us man
Where yall going?
We got to help our motherfucking self

Whatever gonna be I’m ready
Got my AR-15 ready
Water in my canteen ready
When the shit hit the fan I’m ready
Can’t get no dough off your car
Can’t eat no money, no credit
Can’t get no food from the stove
But the struggle won’t break my spirit
The strong survive and we perish
A man with a plan don’t panic
Surviver candles, solar panels
Chapters from my soldier manual
Organization, communication
Clarity, family, solidarity
The dollar bill is just a piece of paper
If the lights go out it ain’t gon save ya

What if the lights go out?
Right now right now right now right now right now right now
What if the lights go out?
Right now right now right now right now right now right now

Raindrops falling from the sky
Teardrops falling from your eye
Is anybody out there on your side?
Lights out, it’s on the night
Disorganized humanity
Is borderline insanity
But don’t panic, be cool
No code to the streets and no rules
They don’t alert you, about the curfew
First they search you, then they merk you
Psychological, diabolical
Biological, highly volatile

Knocked on the door with Josephina
Dropped herself in your arena
What did we learn from Katrina?
I hope you can swim if you’re waiting on FEMA

What if the lights go out?
Right now right now right now right now right now right now
What if the lights go out?
Right now right now right now right now right now right now

Follow your heart, follow the light
The light within, it will show you the way
Follow your heart, follow the light
The light within, it will show you the way

What if the lights go out?
Right now right now right now right now right now right now
What if the lights go out?
Right now right now

"GHN: Global Hood News"

[News Reporter Ime Oli]
This is Ime Oli reporting for the Information Age, Global Hood News Report
In the Global Hood News today:
Global pandemic has the world health organization and US government work hand in hand
To white the vitamins and natural medicines essential
To prevent to their healthcare off the shelves
This raises eyebrows as new information emerges from progressive and holistic communities
About the critical importance of vitamin D
Discipline, the OGs and elders like Matula Shakur say it is a question of population control
And the people must wager struggle for truth and reconciliation
Next up, if you haven't seen the fires, well you've probably smelled the smoke
Resistance in form in forms of riots and police clashes in cities around the world
90 Cs way informer is reporting live from Philadelphia

[Informer]
Well, Ime Helu, the situation is tense to say the least in front of City Hall right now
Many organizations have valued membership and are out in numbers chanting and raising banners plackets which read a laundry list of grievances
For instance, one read "foreclosure equals war on poor people"
Another read "schools are jails, stop locking up the youth"
And lastly "Mayor McNutter is a buster"
Oh that read "puppet"

Dead Prez Lyrics

"Dirty White Girl"

[Verse 1: M1]
I'm sucker free, sugar free
Dairy free until we're free
Let you life with T, wanna kick with me
But that bitch ain't never mean shit to me man
I stay away from cocaina
That's white Jesus, I'm a non-believer
I was taught not to fear no evil
But I don't wanna catch no jungle fever

[Stic.man]
Yo Snow White, Cinderella
Don't wanna get no salmonella
Mozzarella, not the fella
Black to the berry, the darker the better
Devil's daughter, I don't want her
Shit I had you strung out on the corner
Crack in your hand, that's Ku Klux Klan
No blonde if a nigga meet a real Roxanne

[Hook]
Dirty white girl, she's so addictive
Don't wanna go so you win all
Dirty white girl, she's so addictive
Don't wanna go so you win all

[Verse 2: stic.man]
Milk on your mustache, ew
What's that? I don't trust that, that's suspect
[?] toast, soup froze
Dextrose? I'm lactose intolerant
I'm not buying it, I don't swallow it
I'm not fooled by your white power politic
White flower? Not none of it
I don't sleep with the government

[M1]
Just the kush, not the yayo
Cause that Barbara Bush is fatal
Ebony and ivory, society done a lot to me
She been around the industry
I know her history, it's not a mystery
Crystal meth, PCP, LSD, that's not for me

[Hook]

[Verse 3: stic.man]

I stay away from them see through panties, that’s paraphernalia
With a poor white trash of kid, ya ain’t fucking with Virginia Slims
Cancer stick, she no good for me, bitch make me sick
No, I’m not the one, I’m not the trick
I need a sista souljah, not a Dixie Chick
No dairy queen, no Lindsey Lohan
What that mean? I ain’t with your program

[M1]
My cup, styrofoam
Tell you right, won’t steer you wrong
Make you lean, make you fall
Michael Jack, off the wall
Hard white, my wife
She like to ride that glass pipe
Fast life, popping pills
Cheap thrills get you killed
Big syringe, pick your skin
Make you thin, she not your friend
Frying pan, brain on drugs
Back hand, ain’t no love

[Hook]

[Outro]
The concept of race has no scientifically proven biological or genetic validity.
It is a social construct that has been used as tool of oppression for centuries

Dead Prez Lyrics

"No Way As The Way"

[Hook]
My way might not be your way
But it’s okay
It’s alright, your way might not be my way
But it’s okay
It’s alright

[Stic.man]
Yea, I used to go to church
But the church didn’t quench my thirst
Mama taught me to put god first
But she never tried to block my search
I was curious, young but serious
Why's religion so mysterious
Why is black life so hard?
They say you’re not supposed to question God
Well is it okay to question the pastor?
Was it passed down from the slave-master?
It was only the truth I was after
But I never could get a straight answer
So I couldn’t be late to the sermon
Put down the bible, then I start learning
About life, didn’t know where the path would lead
But I had to get off my knees

[Hook]

[Stic.man]
I build with the fire that’s in us
Only God within us, it’s no limits
Study the metu neter from chemic
Also I remembered
Smoke herb with the Rastafarians
Who my locks became a vegetarian
Following the tao, filling what the bible lacks
Jewels being handed to a innocent child
My mind is a Buddhist temple, the truth is simple
I try to be principle
Walking with a warrior spirit
It ain’t nothing like learning from first hand life experience
I’m a realist, that’s all I deal with
Respect the truth, that’s all I build with
A child of the universe
My religion is life and it’s just as valid
I strive for balance

[Hook]

[M-1]

I gotta admit, I don’t know
End to end which way it’s gonna go
Why we sit by the project window?
And started living off the land with my kin folk
Is there even a master plan?
An unseen hand? Is God a man?
Some say that’s sacrilegious
Same folks selling us lies about Christmas
Santa Claus and the Easter Bunny
Just so the capitalists can make money
They say God will take care of it
But you a terrorist if you say the same thing in Arabic
It’s so hypocritical
It’s a miracle, listen to the Mexican spirituals
Weighed in the water, I’m following Mr. Minute
That turn I’m paying for my freedom
I’m heading for the border

[Hook: x3]

Dead Prez Lyrics

"Learning Growing Changing"

[Intro]
We could grow
We could develop
As we know, the heaven is not a place
And happiness lives in the heart
Long as the world keep turning
I do years, we keep on learning
Ya heard?

[Hook]
Keep on learning, and soaking up game
We gon' make mistakes, we gon' go through some things
Keep on growing, keep on soaking up game
If something ain't working, don't be afraid to change

[Verse 1]
Nobody know it all, as soon as you think you do – that's when you fall
We gotta do more than survive, we must evolve
Things change just when you think you seen it all
We trip, we stumble but we get back and strike
Each day, all the way, one step at a time
Don't wanna let my ego and pride make me blind
The elders say "when you stop growing – that's when you die"
The one who gets the knowledge is the one who asked "why?"
Through the course of life, you gon' taste some humble pie
But I love it – it makes me appreciate the things that I take for granted
Gaining insight and understanding
Each one, teach one, we got to pass it on
Keep doing the knowledge, building and had in all
We're fake that need assumption
That nobody knows everything but everybody knows something

[Hook]

[Verse 2]
The more you know, the more you know – you don't know
And if you don't know there's more you can know then you won't grow
What you don't know can hurt you, discipline is a virtue
You gotta ask the right questions
It helps you go into cycles and cyphers and spirals
Information is viral, it infects you
It's contagious and have you going through stages
Like deny, you don't believe that, no, we didn't do that
Then reality set in, there's no disputing the facts
Yo I'm sorry if I woke you up, but when I open up
It's like I'm smoking but I'm high off the people, watch me soak it up
Huey said the best education is observation and participation

Study how the people be relating
Different points of views turn bad news to good news
See, it's kinda like some shoes cause they gotta make you move
Treat it like organic food, make it something you can chew
Information you can use, make it something you can do

[Hook]

[Interlude]
Aye man, it's okay to say you don't know
That's when you let go your ego
You're free from all illusion, dig?
Can't make moves in confusion
Don't look for conflict, man
Always look for the solution
And my pop said "humility is a sign of wisdom"
But to really soak it in, now that's a different kind of listening
See men sharpen men, and every day is another lesson
And it's not fair you only learn man, it's a blessing
And as the Buddha says, "nothing lasts forever"
You gotta manage your expectations
The less we pray, the less we suffer
And this way we awaken
Right understanding
Right thought
Right speech
Right action
Right livelihood
Right effort
Right mindfulness
Right focus
Keep soaking
Soak it up

[Hook]

Dead Prez Lyrics

"Time Travel"

(feat. Trx)

[Hook]
I just wanna time travel, to know what I don't know
I just wanna time travel, to know what I don't know
See what I wanna see, feel what I wanna feel
Be what I wanna be, I tell ‘em what’s right and what’s real
See what I wanna see, feel what I wanna feel
Be what I wanna be, I tell ‘em what’s right and what’s real

[Verse 1]
I'm Zen'd up and I'm zoned out, tapped in to my own route
Wake up in the morning, throw my sneakers on, hit the streets and go all out
Beat the concrete, magic carpet
Through the neighborhood, through the project
Getting them hours and pass the college
No withdrawals without deposits
Feel that wind on my face, I'm Tommy Smith in '68
Fixed up, touch the sky, feels great, natural high
Sweat dripping down the block, healthy life, I’m out the box
When I run I'm in bliss baby, feel so good I don't wanna stop
Free my lungs of that marijuana, get my burn like a marathoner
Sunday hotter than Arizona, time travel anywhere I wanna
(I’m a long distance runner)

[Hook]

[Verse 2]
All seeing, all knowing, so free and mind blowing
Omnipotent, magnificent, liberated, feel mad different
We all talented, all gifted, tap into this raw spirit, it's unlimited
So call it a vivid suspension, expansion another dimension
Free from the box that we're trapped in
We bout to blast off, are you strapped in?
T minus and counting, imagine the ocean, the deserts
The glaciers, the clouds and the mountains
(See what I wanna see, feel what I wanna feel
Be what I wanna be, to know what’s right and what’s real)
Invincible, unshakable, earth quaking but unbreakable
Unstoppable, don't stop until there’s no rock a few, now I got the joke
I come from the jungle, I drink from the fountain
I looked and I found this, as innocent Roberts
Who died and backed out to the big bang
15’s of guap, we doing big things
(Until the fat lady sang)

[Hook]

[Interlude]
I'm Zen'd up and I'm zoned out
I tell ‘em what’s right and what’s real
I'm Zen'd up and I'm zoned out
I tell ‘em what, I tell ‘em what’s right and what’s real
I'm Zen'd up and I'm zoned out
I just wanna time travel, to know what I don't know
I'm Zen'd up and I'm zoned out
I just wanna time travel, to know what I don't know

[Verse 3]
Still evolving, adapting, changing
Time is moving, let’s embrace it
Past conditions, forward motion
Prohibition, the way it’s open
Ancient wisdom, the tribe has spoken
Let the circle be unbroken
Eye of Horus, wake the Buddha
Mayan calendar – see the future
Higher consciousness, revolution
Evolution, the better humans
God particles, spirit molecules
Science turned, so what? I guess y'all already knew
Hieroglyphics, ancient temples
Know our self, infinite potential
Boundless options beyond the doctrines
We are the universe, break your boxes
(Let’s go)

[Hook]

[Outro]
I'm Zen'd up and I'm zoned out

Dead Prez Lyrics

"Take Me To The Future"

(feat. Martin Luther)

[Intro: Stic.Man (Computer)]
Computer
(Where would you like to go?)
Take me to the future

[Hook: Martin Luther]
Take me to the future, take me to a better place
To another time in space, than here
Take me to the future, future for the human race
Tell me what does it take, to get there
I'm ready for change, I'm hungry for change
I'm asking for change, I'm willing to change
I'm ready for change, I'm searching for change
I'm looking for change, I'm willing to change
And I don't what it's gonna be like
But I believe that the future's bright
I take a few more steps towards it today
Our generation gotta leave it's mark
Be our own light because the world's so dark
I know it's hard to say goodbye to yesterday
But take me to the future, take me to a better place
To another time in space, than here
Take me to the future, future for the human race
Tell me what does it take, to get there
I'm ready...

[Verse 1: Stic.Man (Computer)]
I want change I could live in, not just to believe in
You know these politicians, they change with the seasons
I'm starting with the man in the mirror, my vision getting clearer
Feel like I'm at the dawn of a new era
I see a free world with no more police terror
A foundation I could pass on to E Twella
I look ahead to when their system is dead
When everybody in the hood is sheltered and fed
A black and brown real life heaven on earth
Where the last shall be first and your work is your worth
I've never been free so I can only imagine what it'd look like
But I know we need it with a passion, the good life
I ain't got to live in no mansion
To me being wealthy is being free and healthy
Power in the hands of the people, not the state
I'm so ready, how much longer? I can't wait
Can't Wait *[x6]*
(Almost there)

[Hook]
Take me to the future, take me to a better place
To another time in space, than here
Take me to the future, future for the human race
Tell me what does it take, to get there
I’m ready..

[Verse 2: M1]
What’s your 10-20-30 year plan?
If we play it right then we outta here man
If we take it light, end of conversation
No hesitation, that’s the time that we facing
Count down to a new beginning
We’ve been losing too long, it’s time to start winning
On this land with this love and this life that we live
If we stand with each other and we fight, we can give
The babies something they can dream about, or maybe sing about
I’m looking forward to our finest hour
Give the babies something they can dream about
And maybe sing about
I’m looking forward to our finest hour
Take me to the future

[Hook]
Take me to the future, take me to a better place
To another time in space, than here
Take me to the future, future for the human race
Tell me what does it take, to get there
I'm ready for change, I'm hungry for change
I'm asking for change, I'm willing to change
I'm ready for change, I'm searching for change
I'm looking for change, I'm willing to change
And I don't what it's gonna be like
But I believe that the future's bright
I take a few more steps towards it today
Our generation gotta leave it's mark
Be our own light because the world's so dark
I know it's hard to say goodbye to yesterday
But take me to the future

"GHN: Elections & Crisis"

[News Reporter Ime Oli]
This is 90C's way informer
Reporting for the Information Age Global Hood News Report

[Informer]
Aye man, all this in the face of the most recent development with the people's champion Muni Abu Jamal
Though removed from death row, still being denied his rights
And more police murder of innocent people in the streets
Back to you

[Ime Oli]
And now the continent of Africa
World leaders make a breakthrough on the proposed contract for African unity
Citing Thomas Enkara, Patrice Lamumba, Kua Menkum as political education
The same leaders also criticize the US election, calling it a selection
And all of Africa is keeping a watchful eye
All this as imperialism continues to literally fall to pieces in European economic crisis
As Greece almost succeeds from the EU, Spain and Italy are reeling in attempt to stabilize for the ripple effect which they have already begun to feel
Social sentence from Rome to Milan are gearing up and in solidarity with the Senegalese and other African communities throughout Europe
Which are more vulnerable than ever

Dead Prez Lyrics

"The Awakening"

(feat. Umar Bin Hassan Of The Last Poets)

Like an epiphany, moment of clarity
I was blind before, but now my eyes can see
I know my destiny, I'm open mentally
My spirit is ready, for the awakening
The awakening

Empty your mind of all thoughts
Let your heart be at peace

Returning to the source of serenity

A courageous walk down the Mississippi road
We live in the blues of the delta
A good morning to your neighbor
A good night to your dreams
We are the song of survival
A living song without lyrics or words
A kind gesture, a wink of the eye
A loving touch upon a child's head
A strong warm hug to keep away the doubt
Grandma's, grandma's hands upon your face
The wiping of the wavered tears
Holding back the fizz
And between in-between the shoe shines and the dish washing
And between in-between the GD's and PhD's
And between in-between the owl houses and crack houses
We, we create waves to live and love
We live on the move
Move, moving, moving forward through the bling bling
The prison captain, the clothes castors and the hoes and bitches
And the alcohol and Jesus all on the same corner
We are the one and true living God
All around us is life
Our humanity, our humanity is the essence of life
Our blood, our blood nurtures the soul
Our humiliation and pain gives an expression
Our ignorance gives vision
To what's like living contradictions, living pillar doctors
Living phenomenons, living just for the city
For a smile, for a touch
For hip-hop, for the glory of our ancestors
And the blessings of our guides
Peace

Dead Prez Lyrics

"Overstand"

[Chorus]
Are we addicted to the struggle or committed to success?
Are we focused on the positive or holdin' onto stress?
Not sayin' thing's perfect but in many ways I'm blessed
Learnin' how to take the negative and flip for the best
Everyday bring challenge, every challenge is a chance to advance
The power is right in our own hands
From a youth full of rage, to a wise grown man
Here I am, life is beautiful now, I overstand

[Verse 1]
I'm lookin' forward through my rearview mirror in hindsight
Gotta be more than just a G if you keepin' your mind right
Better be ready for the battle or focused on my fight
I ain't sittin' on no sidelines watchin' them highlights
I'm gonna begin the game playin' to win but learnin' from setbacks
And my strengths and weaknesses and masterin' what I'm best at
Power of refinement until you get right, exact
It's all in your mind, but that's dependin' where your head's at
Life is a chess match and lessons come from your mistakes
Try not to end up in checkmate no matter whatever it takes
Long as you're breathin then you can be problem solvin'
Stayin' involved, evolved, world keeps revolvin'
For the cause be all you can from the mornin' to the sunset
You never have no regrets
Took the journey to the edge of your fate and then lept
Not just understandin' but overstandin' is the objective

{keep it open, in perspective}

[Refrain]
Just let me be what I am
Take my destiny in my hands
By my actions you can judge where I stand
And I hope one day you'll overstand

[Verse 2]
Change come from the inside out
No fear, live free, let the truth ride out
I'm steady, shakin' off the shackles of the old me
Wakin' up daily, meditation, feelin' so free
They hate to see you change {yeah}
But they don't understand {no}
The less you see for yourself, you won't comprehend
The caterpillar don't care what you think about him
He was born to be fly, his nature gonna bring it outta him
By the struggle I was never broken, I was broken open

I tapped into a source that was omnipotent
Had to shift my focus to my higher purpose
ain't nothing weak about broke, it takes a fighter's courage
People say they want a revolution
But steady holdin' on the slave ideas, afraid of evolution
In life we live and learn, it's pratice, theory, practice
Wisdom is organically grown, its not pre-packaged

{it's forward baby, never backwards}

[Refrain x1]

[Verse 3]
We think we found the absolute truth
But only to discouver it's a labyrinth, we go from on maze to another
So many chambers and angles, peelin' the onion layers
Within it all I see the same gang, just different players
So I rebel from the prison cell of the pidgeon hole
And dare to be myself, original
A man lives on principles --I don't posture to be popluar
Born to be a leader not just a blind follower

[Verse 4]
It's family before the dollar, your priorities in order
And like Bruce Lee say: "Be the water, be the earth, be the wind and the fire."
Elevate, take it higher
It's instinct, fulfill your needs and your desires
But we go to be compassionate, considerate, a people's advocate
Eradicatin' ignorance through experience
The more you live, the more you learn and you grow
It has a positive effect on all the people you know

{it's motivation}

[Refrain]

[Chorus]

I hope that you will overstand *[x2]*

{look at things without any opinion
otherwise you'll never look at reality
look at things without any philosophy, without any prejudice, without any dogma, creed or scripture
just look, without arrogance
and see the cause of ignorance, it overstands}

{Change is neccessary to evolution
The universe contains incredible diversity
And you cannot experience it all within the confines of one comfortable lifestyle
Look ahead to what you will think of your life at it's end
You will probably not want to look back and say it was cozy and dull
Thus, react positively to what seems to be disaster
Remember that what seems how to be disaster may be an important step toward evolution

And may even be identifiable as such at some point in the future
Every great loss takes you out of a rut and starts life anew
Be grateful for the time you had and your former happy state
And look forward eagerly to the new phase

Dead Prez Lyrics

"Scar Strangled Banner"

Where there’s health neglect
There’s no self-respect
But what else you expect?
Look how they dealt the deck
We inherited stress
Had to bury our best
Martin, Malcolm X
Bullet holes in they chest
We adapt to the struggle
Only way we survive
Eating scraps from the table
But it kept us alive
Making something from nothing
Still we hope for the best
Making miracles happen, daily coping with less

Scar strangled banner
Scar strangled banner
Scar strangled banner

Raised in the ghetto
Singing songs – called survival
But eating soul food to
Have you dead on arrival
Hand on the rifle
Other hand on the bible
Strong as an ox
But look at what you put inside you
We resillient beings
Do the silliest things
Know better than you better
Cause that’s what experience brings
Break out of jail
But can you break out a sickle cell?
We say we livin well
But we living in hell

We already been to the other side
We ain’t turning back, now we choose a lie
To many goodbyes, and that ain’t right
We feel it inside, it’s time to fight

We already been to the other side
We ain’t turning back, now we choose a lie
To many goodbyes, and that ain’t right
We feel it inside, it’s time to fight

We glues to the TV screen commercials in-between
Crack Donalds, Murda King
What happened to eat your greens?
Eatin some or anything, abusing Mary Jane
Chinese chicken wings, everyday hood thing
5 hour energy, red bull and Hennessey
Head bobbin but the organs full of toxicity
Pack a cool menthol, nicotine pit fall
They have the nerve to
Put cool on the pack so they can trick y'all
Slave to the Dutch master
Colon cancer victim
Tell you on the package
But we still blame the system
No squares in my circle
Screw all that sippin purple
I'm tryina live to my potential
Age is just a number
A G preserve his temple
A G control his temper
No discipline, you slippin
No toxins in my kitchen
Slavery is over cousin
But then at lunch it wasn't
If food is the last plantation
Then I'm Harriet Tubman
Advocating colonics
Saving my lungs from chronic
But you can't free a slave
Unless he knows he's in bondage
(You wanna get freaky? Let's go)
You can't free a slave
Unless he knows he's in bondage

Dead Prez Lyrics

"Politrikks"

[Intro]
You already know what time it is
Dead... prez... dot... com
Information news

[Verse 1: stic.man]
Everywhere we go
Every day on TV
They be talking about
Who you gonna vote for
You got a black man running
But I wonder if he get in
Who he gonna open up the door for?
I don't wanna to discourage my folk
I believe in hope
I just want us to want more
Politics is a game
How they keep us contained
There gotta be more that we could hope for
Democrats and Republicans
Just 2 sides of the same coin
Either way, it's still white power
It's the same system
Just changed form
You wanna vote? please do!
Cast your ballot, let your voice be heard
But what I do want to say is
After the election
You'll see
Mark my words

[Hook]
It's politic time again
It's politrick time again
It's politic time again
It's politrick time again

Shoot the messenger!

[Verse 2: M-1]
This is the most important election of all time
The government's committing the biggest of all crimes
These bullshit politicians say they speaking for the people
Before they ran for office, they were shitting on the people
Billion dollar campaigns
Trillion dollar bailout
Anybody know the definition of a sell-out? huh?

And if Obama win, he wouldn't be the first black
Take your 2 dollar bill and turn it over to the back (you see? right there)
But with the TV on, you only hearing they voice
The system is broken, they trying to beat a dead horse
Go ahead and vote for the lesser of two evils
I plot, plan, and strategize with the poor people
The middle class will say this opinion is irresponsible
But if you ain't got no healthcare, they kickin' you out the hospital
McKinney, Clemente, off in the Green Party
No disrespect, we need a Red, Black, and Green Party
Like Marcus Garvey's

[Hook]

Even if Obama wins
Uncle Sam ain't my friend

It's politrikkks time again
It's bullshit time again

[Outro: Malcolm X]
The time is on the side of the oppressed today; it's against the oppressor
And truth is on the side of the oppressed today; it's against the oppressor
You'll see it. You'll see terrorism...

The Lost Children of Babylon Lyrics

“Intro”

"This is when they decided the path of the stars
They spoke the magic language of the stars in the sky
Yes, their sign gives us certainty that they will again descend again from the Heavens
And the nine Gods. And there would be a new order to what they want created."

THE LOST CHILDREN OF BABYLON – THE PYTHAGOREAN THEORUM LYRICS

[rasul allah 7]

a square plus b square equals c square i bring forth the basic equation of any hypotenuse of a right angle, triangle
minus c cube square, on both sides i am the “i” within the triangle, i restate my -ssumptions “mathematics is the language
of the universe, everything around us can be over stood, if you graph the numbers of any system or pattern emerged
geometrically there are patterns everywhere in nature, i began to search for the sacred code of 9/5 and the way from 0.3 .14 .15 92 65 35 equals the multiples of pie, the numerical value that adds up from 0 to 9 this is the exact number of pie carried out through 9 divided by 10 carried through 30 and 2 there is no human or mathematician who has been able to figure how to calculate the basic decimal point of the equation of 9, to 9th power of 9 or diameter of the circle divided into the circ-mference of a square! its supreme mathematics that appears here, so i dare all mc’s to come near- remember pythagoras and where he got his equation from, while standing in front of the sarcophaguses within the kings chamber! in the base of the great pyramid in ancient tamu re the pythagoreans mathematicians code the first of them was born in athens greece in 500 b.c.e…. his major belief is that the universe is made of numbers, his major contribution in life the golden ratio, leonardo da vinci rediscovered the balance perfection rectangle and chiseled it into his masterpiece, and connecting a curve through the concentrical you create the golden spiral! pythagoras loved the shape for he found everything in nature from seash-lls to whirlpools, our fingerprints, our dna, even our milky way; you see mathematics appears everywhere when measuring distinct galaxies! …

we have mastered mathematical reasoning that’s between 1, 2 and 3 and have travelled 3, 5, and 7 and now we hold the ark that is the key to the pythagorean that’s between 1 and 9
we have mastered mathematical reasoning that’s between 1, 2 and 3 and have travelled 3, 5, and 7 and now we hold the ark that is the key to the pythagorean that’s between 1 and 9

[sol robeson]

you’re connecting a computer bug i had with a computer bug you might have had and some religious hogwash. you want to find the number 216 in the world; you will be able to find it everywhere. 216 steps from a mere street corner to your front door. 216 seconds you spend riding on the elevator. when your mind becomes obsessed with anything, you will filter everything else out and find that thing everywhere

[rasul allah 7]

in the magnificent world of arithmetic which is mystical equation of 9 to the 9th power of 9, the number 9 is it pi? 3 9 and 5 are defined in a sequence of integers that define right angleness within the triangular measurement we began to start counting from 1, 2,3,4,5,6,7,8 but where is

the number 9? seen at least
in the rhyme before 0 slips in so we began to start counting again, is the number 9 the last stop? where does it began and end, yet its stepping stones to 5 and 4 and they seem to have special numerical system to them. 3 and 6 play with pefection and 9 is also 3 times 3 multiplying the plenary code of 12 times 12 from 3 sets of 3 and the results will be 216 digits off into infinity, so if you divide 144,000 into 233 the answer will be d?4??4??1? the key to understanding the golden spiral, 9 is also twice plus 4 before its equal to 2 plus 2, so perhaps deep down in the thorax i subdue you, and all those who do not mathematically have a clue

we have mastered mathematical reasoning that's between 1, 2 and 3 and have travelled 3, 5, and 7 and now we hold the ark that is the key to the pythagorean that's between 1 and 9

i'm sure you've written down every 216-digit number
you've translated all of them
you've intoned them all. haven't you?
what's it gotten you? the number is nothing

spirit guide from the tribe of the dogon, holdin' a golden coven interwoven into a solar panel
carrin' them over with twelve candle sticks split in the midst, fish man walks the land
wing span pans afganistan, climbing the known, jah's clone, like it was carved into stonehenge
syringe, leviathan, kin to men, i blend in with jinn, friend of the wind, a sin to a bin-bin
lend your two edge sword, two heads at war, the heart marks the part where the dart starts to penetrate
a red substance emanates, close the gates, its to late to debate, the heavenly state is when the ebony shapes
the women child exiled from the womb, blooms into a cacoon, the grooms in tune, a wing span spreads out –
a beautiful substance is let out, simolean lady baby i'm back, black robe nose ring clothes cling to her
thought i knew her she spoke foreign supposed she was tauren, children call her mother nature, "they call her mother nature"…

my bone and muscle disappear, physical drips from my soul just like a tear, my minds eye see clear
i peer into the anti-matter the black lights scatter through the prism of the pyramids i'm experienced
in myriam points on tiamat, previously qi, the planet where we got evolutionized from h0m-erectus to sapiens
so when you call them alien, remember we were once sailing in, the same motherships to laboratories on mars
our body's consist of dust from the super-nova of stars, mixed with the anunnaqi bars of dna, which portray
the likeness of god, jesus, jah hod, elohim, allah muhammad, verikosha and jah, osiris, horus and ra
ahura mazda, dalli lama, shiva, vishnu , brama, ghoul of the gods like midichlorians to reach outside i spiritual eye you won't die
only your soul will survive, ask you what you call a lie, why do you have to contrive, when its already inscribed inside your mind
never die but i'm at the end of the line, astrologically like pisces, astrologics help me right these, wrongs and fallacies
won't be reborn in aries, raise myself up like the seven seas when the ice-caps raisin' degree's, planetary movement freeze "freeze, freeze"…

you remember when the black women was god, the great cosmic mother, nuturer of mankind and nature
she is the male and the female born internally and externally, the grand architect of the universe
who created, something from nothing, of a self she is the sea of the secrets, the best kept secret
the mistress of darkness behold the black women, and the greatness of her antiquities in the likeliness of mother ninti
she is divine emmulance, the mental neteru, the sky goddess, the queen of infinite sp-ce, who created
the bottomless universes and the twelve houses of the zodiac, from the womb zodiacus, i trace

“i was consumed within the womb of queen amidala, incaged within the genes of medicloreans. anakin skywalker that incarnated into luke skywalker force field, within mandalorian armour, posessed by the curses of karma, you receive the consequence of stigmata, crucified & then baptised by water, fire & the holy spirit, quenched by the blood of the cosmic christ, illuminated by the ultraviolet-green lights, the anonymous ones, synonymous with triple stages of darkness. look into the eyes of a dark jedi, the death-star, r-ssul allah, born within the dark side from a force that evolved from the opposite end of the universe, from a galaxy that evoluted seventy & six trillions eons ago.”

[cosmic crusader]
“in the arena of a universe, shiva versus blasphemours, half believers meet the lions in the roman ampthitheatre. scimitar cuts the pentacle of allah, to form six points, yoda rests with the kaballah. my seven star merkaba, body of light, degrees of substance unite to defeat the ——?. the millenium falcon of horus’ chorus recites upon the eight state, in the bosom of yahua eloh i await to meditate. with the baphtist drawn in obi-wan, before the dual of the fates crash the gates of zion, saint peter wrestle with paul. saul in darth maul pylon, anubis swing the djet pillar, cast him off the pylon. anakin panic until the sabre slash the python, neptune’s triton release divine breath, rejuvinate the nodes of electric consciousness, the infinite boundless, bottomless, endless…”

[richard raw]
“true & livin sibling of the egyptians, we manifest from ramses to anubis, fall back in karnak, the starmap opens, from the ocean of nun, blooms atun at high noon, from some to nothing, who’s monotheistic like ankhenaten? winged deity see’ing me as a same, so the name i claim is neter, (that’s right) priests of ahn whisper that word in my left ear, i take it as sacred, mummy resurrects from the tomb as lazarus, let’s establish this, image of horus as jesus of nazareth, the egypt he was travellin in, isis really mary of magdalene. i confront you, the holy ghost is symbolic of khonsu. take a second look at the heka khasewet, they was really crooks, they stole the way of life, said they was living in the day of christ, time to correct cause christ is really karast, tamare is really khemet. it’s the secrets that’s best kept, the lion of judah is really sekhmet, pick up your cross & follow me to the teachings of egyptology, knowledge from amenhotep to ptolamy which was probably lost in the holocaust…”

[ancient khemet]
“if not the sabre then with the ——? , played it in two, we can do it like darth vader & luke, spark lazers straighter at you… too late, delay will leave you lying like a labour of doom. so don’t place foot in the cave where i rule, i’ll slay you like a dragon, i’m fatal & cruel. savage like i’m let out of cages, & rip off your ——? like i rip out my pages.”

[rasul allah 7]
“& open up celestial windows like mace windu while practicing yoga with jedi master yoda, on the watery planet of komino where i confronted count dooku, on a rugged kind of desert plane-

tary sand dunes of geonosis, like the great battle of geonosis, i focus the power of the force like obi-wan kan0bi, the dual of jengo fett, the dual of the sith. the attack of the clones & revenge of boba fett, the shroud of the dark side has fallen to reveal the dark lords of the sith…”

The Lost Children Of Babylon - The Great Depression Lyrics

[Intro]
I don't have to tell you things are bad.
Everybody knows things are bad.
It's a depression.
Everybody's out of work or scared of losing their job.
The dollar buys a nickel's work.
Banks are going bust.
Shopkeepers keep a gun under the counter.
Punks are running wild in the street.
And there's nobody anywhere who seems to know what to do.
And there's no end to it.
[Verse 1]
Modern money mechanics
of the fraction the federal reserve loaned out of loans
this principal is absurd
government bonds it's bondage
instruments of debt
working class mouths to feed got no subsistence left
so to make ends meet they submit to employment
treasury manage liability deployment
wage slave trade of the federal deficit
no predetermined limit
bad let it get
[Interlude]

We know the air is unfit to breathe and our food is unfit to eat,
and we sit watching our TV's,
while some local newscaster tells us that today,
we had fifteen homicides and sixty-three violent crimes,
as if that's the way it's supposed to be.
We know things are bad - worse than bad.
They're crazy.
It's like everything everywhere is going crazy,
so we don't go out anymore.
[Interlude]
I don't want you to protest.
I don't want you to riot,
I don't want you to write to your congressman
because I wouldn't know what to tell you to write.
I don't know what to do about the depression a
And the inflation and the Russians and the crime in the street.
All I know is that first you've got to get mad.
You've got to say, 'I'm a HUMAN BEING, Goddamnit!
My life has VALUE!'
So I want you to get up now. I want all of you to get up out of your chairs.

I want you to get up right now and go to the window.
Open it, and stick your head out, and yell, 'I'M AS MAD AS HELL, AND I'M NOT GOING TO TAKE THIS ANYMORE!'

I want you to get up right now, sit up, go to your windows, open them and stick your head out and yell - 'I'm as mad as hell and I'm not going to take this anymore!' Things have got to change. But first, you've gotta get mad!... You've got to say, 'I'm as mad as hell, and I'm not going to take this anymore!' Then we'll figure out what to do about the depression and the inflation and the oil crisis. But first get up out of your chairs, open the window, stick your head out, and yell, and say it: "I'M AS MAD AS HELL, AND I'M NOT GOING TO TAKE THIS ANYMORE!"

zeitgeist past present spirits of the age
transcend times take a look at the page
past tense minds see their futures in their grave

a generation raised on fastfood
took the poison from the gl-ss tube
biochip ingredients that p-ss through ya ventricles
coagulate into antenna
receive the frequency from the valley of the henna
the spell shan't intangibly
they help them to handle me
abandon the ident-ty impose that nativity
machiavelli strategies in social captivity
disappear from the grid survivors rather visibly
p-ssport locked on the radar
so you can't stray far before the satellite locate ya
can't deviate the system rehabilitate ya
can't self navigate, they polluted your human nature
rejuvenate your thunder
arise from your slumber
fraudulent surrounds us
haven't you ever wondered why evil evolves rich and righteous remains poor
you need a reminder? they kicking in ya door

The Lost Children Of Babylon - Martial Law Lyrics

[Hook]

Yo we living under martial law
The streets are confined to a police state
They passed the Patriot Act
Your projects turned into a concentration camp
3x

[Verse 1]

Rest in peace to Sean Bell and every innocent victim
Who was murdered by the NYPD
Like Amadou Diallo who was crucified by them ?
And we can’t forget about Rodney King
Who was tortured and beaten by the LAPD
The CIA assassinated Dr. King and Malcolm X
The mass murderers of John F Kennedy, John Lennon, who will be next?
A right wing paramilitary secret agency
This is a different form of police brutality
The FBI watches us through the all-seeing eye
This is a state of emergency, 9/11 revisited
Who really took down the Twin Towers
Who are the real terrorists? Americans dressed up like ?
Big brother watches us through your cellulars, are you prepared
For the new world order, a one-world order
They want to implant microchips in your daughter
America is bitten by the venom of Great Britain, a satanic system
Controlled by reptilians

[Verse 2]

So keep your third eyes open, check it
Military action, the cemeteries packed with
People who died when the government started blasting
The New Orleans police were told to shot on sight
If men were looting just trying to hold onto life
Who cares if the levees broke, prepare to let the semis smoke
Infants floating face down, is there any hope?
Why didn’t the president show? Where was FEMA at?
The military policed the area, why they need a gat?
Men walk with Glocks, kill you like Anwar Sadat
Assassinate your character, now you can’t walk the block
The plans are demise, get rid of us the lower class citizens
Diminish our remembrance strip us of our religion it’s
The fear factor from now and here after
There’s hate in our eyes, can’t see or hear laughter
Martial law, bombs when you start your car

Army fatigues and a gasmask was all you saw
It's off the wall, M16s with the triple burst
Some will show resistance, most will die, some were crippled first
Rise of the machines and that machine is the government
All the chosen ones will see peace, peep the covenant
And be prepared, most minds stay oblivious
To the signs and the times that we living with

[Verse 3]

POW concentration lockdown
Military brigade, get rayed with them Glock rounds
Ain't no cops now, just MPs in fatigues
In a wedge formation you was MC marines
Flack vests, kevla- coated steel soldiers real focused
Trained to search and destroy these decoy components
Habeas corpus codecs alimonious sacrilegious and felonious
The way puppet masters controlling us
Pulling strings to profit, prosper in their projects
Propose global control but that's another process
Parallel and perpendicular, put it particular
People pulling political powers, the perfect picture for the
Rich and the famous but the poor and the dangerous
Get tossed in a 5 by 9, put in them chambers.
Brainless, a slave stuck in a boat with strangers
Hangman with the noose waiting patient
Collateral damage to shatter the planet
When the masses mass-panic I'm blasting last standing
Running man ran stranded couldn't stand it
These stone-cold souls that own everything we handed
Mayflower ship landed flipped abandoned
New world order fourth quarter like they planned this
Supreme domination in the cost of war
Lost Children of Babylon, this is Martial Law

[Verse 4]

When I first wrote they'll kill y'all, sat just broke at the corner
Of Montana and 2 Avenue I seen my father
A lung-sucker's being abused, he maced, erased sign of using their cellphone
Said call your mother, warn your mother
The MPs had him handcuffed while he was in his wheelchair
I stared amazed at this fucked up view that was the case
In the middle of the street for the beast to use
To throw the whole block's families in for now
I'm on the loose with my Cs in the backseat
I roll the window down, niggas rock my wig from side to side
This is chaos, ? in the air
I'm coming through let's ? clear the sidewalk, I'm doing 90
Made it to the highway trying to reach my wifey
But ah oh wait they got the cellphones blocked off
Then I'm locked in my car it's her wailing

You know what happened baby, I’m at the rec center
With thousands of other women in prison
Our clothes have been ripped off, they feeding us slop and broth
I think they about to rape us, please come and save us
My dear, I’ll be there in a flash, I aimed the missiles last week
Before the ? went down, blast off on my countdown
A tent city meltdown
The mad kings found they’s about to be uncrowned

[Verse 5]

Mentally controlling the weak, overseers be patrolling the street
Combative peace keepers holding the heat
Extoling the Greek, fraternal order of the faggots
Feeding on the maggots of the corpses of the martyrs
Scorched the forefathers, dream of Freemasonry
Contempt for the east as they seek to eat insatiably
You wait to be labelled enemy combatant
Insurrection is consurging, you drink contaminants
Infectious agents in the currents
Water fluoridation in sixty-six percent of the nation
Sedation of your motivation and hard earned aggravation
Suppress your voice, they dealt your choice
Debate and meet the delta force
Like William Cooper meet your fate when Stormtroopers breach your gate
Seek define those that speak their mind
? of communication up with entertainment
And down with education, mass media stupificaiton
Imposed ignorance track your through retinal scans and finger prints
Sacrifice civil liberties for homeland security
Silenced through subversion, gun control is peace perversion
We’ve realised the lies of international ties
Constitution’s capsized, there is no free enterprise
Lady Liberty at gun point is forced to start undressing
If you’re not outraged must not be paying attention

[Hook]

Yo we living under martial law
The streets are confined to a police state
They passed the Patriot Act
Your projects turned into a concentration camp

The Lost Children Of Babylon - The Venus Project Lyrics

[Hook- Emily Clibourn]
We are the sunshine, we are the light, elevate your mind
We are the sunshine, we are the light, it's our time to rise
We are the sunshine, we are the light, elevate your mind
In La'kesh Ala kin, We begin, We begin to Rise

[Rasul Allah]
Yo, just think for a second, can we predict a better future?
A redesign of our culture, the vision of global expansion
Of consciousness based upon the symbiotic relationships of nature
And the caring capacity of the Earth like a dream of a highly advanced civilization ?
Intelligent management of the earth, resources become the common heritage for humanity
Behold the new world where the laws of man and religion will be erased
In the place with a resource-based economy
Through renewable, sustainable, geothermal energy
Solar and wind energy harnessed by the power of the sun
Generates electricity that brings stability to the earth
Environmentally the adversity of scarcity
Will be abolished socially when we realize that we are all one species
Under the sun instead of weapons of mass destruction
We unleash weapons of mass creation
You must elevate your mind to a higher state of spiritual awareness
And be aware of the emergent and symbiotic aspects of natural law
And know that standard change is consistent within all of nature caused by the forces of nature

[Cosmic Crusader]
Intergalactic federation tactic is proliferation
Of human preservation, architectural elevation
We stand in veneration of the goddess, Venus crossing
As we plot this air voyage
Elite fleet launch with clairvoyance
Inspired by ancient artifacts
Practice the latent art of acts oblivious to how bleak the future seems
The Youth stay geeked, glued to computer screens with futile dreams
This is group think versus global brain
Devine intelligence irrelevance and social strain
The difference between generosity and charity
In a world war clarity's a rarity they stare at me
Atop the pyramide (pi-rah-mi-day) arms out shouting namaste
With a soul that's lighter than the feather of Ma'at
Rest of the world screaming, "Look what I got."
Theory is be free, leading exponent is me
All is one, one is all, do as thou wilt
Shall be the whole of the law
Innocence predates the guilt created by the great fall

So which do you choose? Pure life or more strife?
The core is sacrifice but you're the one that pays the price
Forget what they soothesay
The prophesy of doomsday was more like April Fools Day
Not the end of the world but the end of the age
Beware the wrath of the sage and do the math on the page

[Atun Sen Geb]
Open the gates, welcome to the purest states
With limitless base elevates to a plentiful place
That's resource-based, you can't even catch a case
For all basic necessities supplied by earth's abundance
Intelligent management of her resources
Of advanced human civilization, entire population receives
Universal healthcare, I know it was unfair
I know it was a monetary system you couldn't bear
? your organs and stressed you out
You lost your hair but have no fear
Gone are the days of the tyrants ruling
? shorten your workday, increase the vacation time
To utilize the mind's full potential
Vehicles hydro with the sonar magnets to eliminate accidents
So leave me ?
? about the technological take-over, a cyber ?
Society solely meant to improve all living qualities eliminating all superficial boundaries
Set up our nations to perpetuate oppression
A blessing will it be when the meek inherit the planet with no deprivation
Don't worry there's no application fee
Just grab you a copy of the best that money can't buy
This is your future by design

[Outro]
Free me
Free me
Ive forgotten how to fly
Living in the prison of my mind
How am I supposed to reach heaven in the sky
With the door to this cage locked tight

The Freemasons celebrate the parallel of the creation of the tower
In the physical world and it's creation in the inner, mental, or spiritual world
The metaphor of building an architecture embodied in Freemasonry shows the parallel path what it takes to build

The Lost Children of Babylon Lyrics

“Where Light was Created part.2 (KundaliniEnergy)”

(Intro extracted from movie The Animatrix)
"And man said "Let there be light" and he was blessed by light, heat, magnetism, gravity and all the energies of the Universe."

(Rasul Allah 7 from LCOB)
Yo, we're really* travelling at the speed of light
Radiating at a radius of about 99 billion degrees Celsius
In search for the seed and source of light with every sound there is light
And when we etherically moved at the speed of light
Our spiritual forms became light and the light was created within El Kuluwm
I become darkness within, darkness blackness that exist within a state of blackness
Now calculate the speed of darkness, you can't calculate the speed of darkness
Because darkness is the state of existence
So light is equal to E minus or Energy minus the square root of mass over matter
Time the speed of light which means I've become one with every multiple spectrum
Imprisoned inside a rainbow and within every flower
From energy change to matter, I become matter and from matter
I become the elements that are essential to life contained inside of each etheric sulpher
So light begins to travel then 1 million 86 thousand 272 miles per second
When reaching 99400 and 99% of the speed of light
We could travel to a star thirty and 70 light years away a light year
Is the distance that distinguishes the circumference of how light can travel in one earth year
Which is 4 billion 273792000 feet every year
Divide subtract multiply calculate and add up the speed of light
If you wish 70 and 6 trillion light years is the starting point you will get

"Patriots"

(feat. Free & Pras)

[Canibus]
I make your bitch crew shit stools; I put a pistol
in your mouth and pull, then I feed you to the pitbulls
Don't even talk about guns; the only "nine" you got
is a five dollar bill and four ones
So I don't give a fuck what none of y'all niggaz say
Cause anything that can't penetrate ricochets
Rhymin with me on a record? You might as well have died
and went to hell instead of heaven cause my rhyme weapon
is like a medieval torture method -- your four limbs
tied to four horses all pulling in different directions
In this profession I get busy without a question
Seein me is like seein a vampire's reflection
Fast or slow flows connect like electrodes
I make cassette tape decks blow when I'm in wreck-mode
Explode leavin areas abandoned
with more radiation behind than spots UFO's landed in

[Pras] Is that all soldier?
[Can] Yes, sir!
[Pras] Is there anything you need?
[Can] No, sir!
[Pras] Report back to me before debriefing. At ease!

[Can] Are you a Navy Seal?
[Free] Yes, sir!
[Can] Then say it like you mean it!
Tell them who Free from the Navy Seal Team is!

[Free]
Free be the one rockin shit, special operatives
Specializin in weapon diagnostics
My survival tactics be drastic, like Rambo
I'm stranglin niggaz with my bow and arrow elastic
Whoever said you couldn't be five feet and thoroughbred
never witnessed the cerebal cortex in my head
How many gigabytes does your hard drive hold?
or does your hard drive fold once the signal hits the node?
Beyond mission control the theory behind your thought
Marie Antoinette, behead me, I still rock
While you choke and suffocatin off your own testosterone
I'm known for breakin levels down to the values unknown
A specimen with extraterrestrial estrogen
Kick your intestines in, sell your testicles to Mexicans
I bring the force like a nutcracker
Annihilate rhyme hackers, Navy Seal linebacker

The last Oedipus remains, unclaimed
So if you buck against Free you better tattoo your name
on your teeth -- I disintegrate those that oppose
Disintegrate hoes with they assholes in they nose
I suppose you wanna run your mouth like a ??
I put bitch niggaz to rest in the bitch bassinet

[Can] Is that all soldier?
[Free] Yes, sir!
[Can] Is there anything you need?
[Free] No, sir!
[Can] Report back to me before debriefing. At ease!

[Can] Are you a patriot?
(Sir, yes sir!)
[Can] Then say it like you mean it!
Tell them who Canibus from the Navy Seal Team is!

[Canibus]
I'm the meanest motherfucker on this whole Navy Seal team
And I can kill anything if it bleeds or breathes
Yo, callin all bitch-ass niggaz and bitch-ass bitches
I got a Howitzer bigger than any four-fifth is
Rappin is a raw business
But as an individual I'm as different as anybody's fingerprint is
If foreign is the norm I'm the antonym
Put me in the same category you would put Marilyn Manson in
Bugging like a satanic evangelist
Jogging buttnaked down Sunset Boulevard in Los Angeles
Every MC in your crew will get ruined or wounded
You talk the bullshit, and be too scared to do shit
I'm the type of nigga that'll prove it, produce shit
Spent so much time in the studio I had to move in
A soldier, who practices West Indian obia
I can drink the poison from a king cobra
Cause long after y'all are dead and gone
I'll survive the nuclear holocaust like a roach *[?]*

[Pras] Is that all soldier?
[Can] Sir, yes sir!
[Pras] Is there anything you need?
[Can] Sir, no sir!
[Pras] Report back to me before debriefing. At ease! *[echoes]*

Canibus Lyrics

"Get Retarded"

"I-I-I, want, to.."
"G-G-G-G-G-G-G-G-Get retarded"
"G-G-G-G-G-G-Get retarded"
"Get re-Get re-Get retarded"
"G-G-G-G-G-G-Get retarded"
"I, want, to.."
"G-G-G-G-G-G-Get retarded"

[Canibus]
Yo -- niggaz is phony frontin like they Master of Ceremonies
None of you suckers are even remotely close to me
To be nice I sacrifice things like no sleep
I keep a library of lyrics on microfiche
Creating concepts so deep, niggaz quote me
They rewind and interpret my rhymes to they homies
I did things beyond your flows, eons ago
It's inevitable in ninety-eight I'ma blow
Ever since eighty-four, I've been in it to win it
But see back then we used to battle by spinnin on the ce-ment
You can't even absorb the rhymes I record
or resolve the deep laws of the physics involved
I travel to the end of the universe and beyond
Parsecs, out of range from a cellular StarTec
From the galaxy of Andromeda; I puzzle niggaz
like crop circles and other unexplained phenomena

[Chorus: Canibus]
Aiyyo, nine out of ten of these rap artists is garbage
"G-G-G-G-G-G-Get retarded"
You spineless, rhymeless, niggaz is heartless
"Get re-Get re-Get retarded"
Aiyyo, I came to see that hip-hop is never tarnished
"G-G-G-G-G-G-Get retarded"
So I *[echoes]*
"I, want, to.."
"G-G-G-G-G-G-G-G-Get retarded"

[Canibus]
Aiyyo, all I really want is you niggaz to stop bitin
All I really want is you niggaz to start writin
All I really want is you niggaz to be original
and start spittin some lyrical shit that I can listen to
You haven't written the perfect rhyme yet
You don't even know the sequences to the Human Genome Project
You haven't come to terms with your God yet
And you refuse to believe in Unidentified Flyin Objects
When I bomb shit, I get retarded; probably more than you bargained

I'm talkin about rippin mic off your arm shit
Hype shit, blow up a mic shit, you might get
beat the fuck up in broad daylight with a nighstick
To the British, I'm Ghandi
To the Japanese I'm an American pilot flyin over Nagasaki
To the AIDS patient I'm your last antibody
Sittin and waitin for a cure from modern biology

[Chorus]

[Canibus]
Yo I be lookin directly into the human eye to see if you pussy
And completely ruin your ability to lie to me
I pull a nine on a bully, cock back the cannon
God damnit, I don't think you fully understand it
Ask nine out of ten niggaz on the planet
who the best is, the question'll go unanswered
til I step up, to the front line with rhymes
Revin my engines like they were powered by Lemans
Murderin niggaz with lyrics manufactured within
my DNA's double-helix, I leave you in troubled spirits
I'm absolutely the purest, breed of MC
from the United States of America to Europe I deserve it
However you wanna word it, I'm perfect
Touch my microphone on accident and get murdered on purpose
Motherfucker!
"I, want, to.."
"G-G-G-G-G-G-G-G-Get retarded"

[Chorus]

"G-G-G-G-G-G-Get retarded"
"Get re-Get re-Get retarded"
"G-G-G-G-G-G-Get retarded"
"G-G-G-G-G-G-Get retarded"

Canibus Lyrics

"Nigganometry"

[Chorus: samples (Canibus)]
"N", "I", "G-G", "A" (Nometry)
"N", "I", "G-G", "A" (Nometry)
"N", "I", "G-G", "A" (Nometry)
[Nigganometry, nigga-nom-nom-nometry]
"N", "I", "G-G", "A" (Nometry)
"N", "I", "G-G", "A" (Nometry)
"N", "I", "G-G", "A" (Nometry)
[Nigganometry, nigga-nom-nom-nometry]

[Canibus]
Now if a bitch sucks yo' dick, for five dollars per square inch
and gets forty dollars, includin a five dollar tip
How big was the dick she just sucked? (Say what?)
Say how big was the dick she just sucked? (What?)
If you a nigga with a watch, that's iced out
with enough rocks to make the hottest room temperature drop
How long will it take for you to get robbed? (Say what?)
How long will it be before you get robbed? (What?)
Now if your song played on the radio for the first time
four days ago, now the shit is rotational
Who got paid off to play it? (I ain't scared to say it)
Say who the fuck got paid off to play it? (I ain't scared to say shit)
If you sign a recordin deal for less than a quarter mill'
and your advance is a hundred-thousand dollar automobile
I know the vehicle was probably beautiful (Yeah it's tight)
But did you ask your lawyer if it was recoupable?
It's nigganometry.. *[echoes]*

[Chorus: all except first line]

[Canibus]
You had five shots of coke and vodka, then you convinced
your designated driver to smoke a pound of marijuana
How the hell you gonna get home?
Say how the fuck you gonna drive yourself home?
You got a mansion, a Benz, a Bentley and a Range
and ain't none of that shit in your government name
What pieces of property do you own? (You don't own nothin)
What pieces of property do you really own?
You don't own a god damn thing, nigguh)
Now if you take a glass of water then add two cubes of ice
you should see the cup's water level slightly rise, right?
You need to watch what I'ma show you (Watch this)
You need to look closely at what I'ma show you
(Listen to this right here)
If you remove every living animal out of the sea

then wouldn't the world's ocean water level decrease?
This means the planet wasn't three-quarters water (that was deep)
This means the planet wasn't three-quarters water (that shit was deep)
It's nigganometry...

[sample of Big Bird from Sesame Street cut and scratched saying "N"]

"Hey, I've been sitting here trying to think
of what we can do with this here letter 'L'..."

"F", "U", "C", "K", "L-L.."

Canibus Lyrics

"Second Round K.O."

[in the first section Tyson speaks over the "Rip Rock" instrumental]

[Mike Tyson]
Yo Canibus man, whassup man?
I caught you on that cut with Wyclef man - you were boomin
But I caught these foul slouch-ass niggaz, youknowmean?
Talkin foul bout you the other night
on the corner of the boulevard man - I wasn't with that
but I ain't know you well enough to defend you though right?
But you seem like you got true game
But.. peep game man, they've been playin me all my life man
You know I won the title a couple of times, did right, youknowmean?
But they can't hurt us man, we gon' do it
Get up in this ring man put on these gloves
Let me show how to handle yourself man
You don't got nobody out there with you
I gots to show you man, get up in there move that head man
Come on to me man, but when you come man you gotta come for blood man
Come up to me man, come on bust that nigga whole man
Niggaz talkin that shit about you..

Hey Mike Tyson here speakin with the Canibus man over here
Yo Canibus your main objective out here is to do nuttin but
eat eat eat eat MC's, for lunch, breakfast
Hey man they been playin me all my life man
You know I won the title a couple of times did right
No but they can't hurt us man
We gonna do it, get up in this ring man, put on these gloves
Let me show you how to handle this yourself man

[Canibus]
So I'ma let the world know the truth, you don't want me to shine
You studied my rhyme, then you laid your vocals after mine
That's a bitch move, somethin that a homo rapper would do
So when you say that you +Platinum+, you only droppin +Clue's+
I studied your background, read the book that you wrote
Researched your footnotes, bout how you used to sniff coke
Frontin like a drug-free role model, you disgust me
I know bitches that seen you smoke weed recently
You walk around showin off your body cause it sells
Plus to avoid the fact that you ain't got skills
Mad at me cause I kick that shit real niggaz feel
While 99% of your fans wear high heels
From Ice-T to Kool Moe Dee to Jay-Z
Now you wanna fuck with me? You must be crazy!
You drippin with wack juice, and you can't get it off
You betta be prepard to finish what you start, nigga

[Referee]
Hey hey hey hey, you just hold it right there
(Yo, get off me man)
We got an illegal low blow on the fighter in the blue trunks
(Yo, yo get the fuck off me man)
If I see one more of those, you're outta here brotha
(Yo get out my way man, yo he started this shit)
You understand? (Fuck you!)
You'll be disqualified (I'll bite that nigga again!)
Stop bein a bitch (Get the fuck off me man!)
We came to see a fight

[Mike Tyson]
Yo Canibus man you gotta hit harder than that man
You don't want no bitch ass niggaz hangin out wit me man
We're warriors man, when we go into battle
we come out, or don't come out at all

[Canibus]
Yo
You better give me the respect that I deserve or I'ma take it by force
Blast you with a 45 colt, make you summersault
Shock you with a couple hundred thousand volt thunderbolts
Before you wanted a war, now you wanna talk
It's about who strikes the hardest, not who strikes first
That's why I laugh when I hear that wack ass verse
That shit was the worse *[pause]* rhyme I ever heard in my life
cause the greatest rapper of all time died on March 9th
God bless his soul rest in peace kid
It's because of him now at least I know +What Beef+ is
It's not what I would call this (nah) see this is somethin different
A faggot nigga tryin ta make a livin offa dissin
Somebody that he gotta know is betta than him
but he feelin himself, cause he got more cheddar than him
Well lemme tell you somethin, you might got mo' cash then me
But you ain't got the skills to eat a nigga's ass like me
And if you really want to show off, we can get it on
Live in front of the cameras on your own sitcom
I'll let you kick a verse, fuck it, I'll let you kick em all
I'll even wait for the studio audience to applaud *[cheers]*
Now watch me rip the tat from your arm
Kick you in the groin, stick you for your Vanguard award
In front of your mom your 1st, 2nd and 3rd born
Make your wife get on the horn call Minister Farrakhan
So he could persuade me to squash it, I saw naw he started it
He forgot what a hardcore artist is
A hardcore artist is a dangerous man, such as myself
trained to run 20 miles in soft sand
On or off land, programmed to kick hundreds of bars off hand
from a lost and forgotten land, you done did it man
You done spitted some wack shittit
And probably thought that because it's been a minute I'll forget it

Fuck that, cause like Common and Cube I see +The Bitch In Yoo+
and I'ma make the world see it too, motherfucker

[Referee]
Ladies and gentelman, we have a new lyrical weight champion
By second round knock out, 3 minutes and 40 seconds Can-i-bus

[Mike Tyson]
Yo Canibus man, you movin like Mike Tyson Jr. man
You in and out and you're agile with you flow man
But dig right, you got you gotta eat man, that's your name Canibus
Your whole agenda is to eat these niggaz man
They have no business to be in the same stage with you
holdin the mic with you

But dig right...

But dig right...

But dig right...

But dig right...

Hey Mike Tyson here speakin with the Canibus man over here
Yo Canibus your main objective out here is to do nuttin but

That's your agenda baby
Your your agenda to to consume them
Their whole existance, they can't exist in your presence
The Canibus is here to rule forever
Mike Tyson, on the death

Canibus Lyrics

"What's Going On"

"What's.. what's.."
"What's going on? What's going on?" *[x4]*

[Canibus]
The club scene is a regular hangout spot for unclean
women in tight jeans frontin like queens
Chickenheads who should be home takin care of their eggs
Instead, they always in the club flirtin with men
No I don't care about no hype-no-holic bitches; all I'm concerned with
is who's bringin they burners in to burn niggaz
While security practice is mediocre proportions
Niggaz is still stealthily sneakin they firearms in
Often, niggaz be acting like they're marksmen
but couldn't hit a stationary object
So how you gonna hit a movin target? Especially if you alcoholic
The party was coconuts until you spoiled it
Nigga what's goin on?

[Chorus: Canibus + samples]
"What's going on? What's going on?"
[Can] What's goin on these days?
[Can] Can't do no hip-hop shows without the gunplay
"What's going on? What's going on?"
[Can] What's goin on? Why is everybody packin?
"While you rappin, I'm busy tryin to sneak the gat in" -> Havoc
"What's going on? What's going on?"
[Can] What's goin on these days?
Can't do no hip-hop shows without the gunplay
"What's going on? What's going on?"
[Can] Before you blaze, think about the lives at stake
[Biggie] "You got a gun up in your waist, please don't shoot up the place"

[Canibus]
Aiyyo
The other night I seen some kid gettin loud, runnin his mouth
Til somebody pulled the thang-thang out, then shots rang out
This nigga in front of me got his back blown out
On the floor with a piece of his small intestines hangin out
I had to scream on the bouncers to carry him out
They said, "Nah, them niggaz is still bustin in the crowd"
Then they ducked down close to the ground as the bullets whizzed by
Prayin to Allah cause they don't wanna die
But neither do I, fuck it, I gotta be here
As a rap artist, it's a vital part of my career
I swear, y'all niggaz need to chill with that
Bringing your handguns to every God damn club I perform at
Everything from semi-autos to macs

Chrome or black, plastic gats and all that
Believe it or not - the government wants that
So they can use that as an excuse to shut down rap
What's goin on?

[Chorus]

[Canibus]
Yo
All of my hip-hop niggaz should feel what I'm speakin upon
A subject that was touched by Nas and Pharoahe Monch
Bullets - bein shot from guns, guns bein carried by thugs
who come to the clubs to shed blood
Bear in mind, that everytime a nigga reaches for chrome
he jeopardizes more lives than his own
To some this record ain't even relevant until you experience
how a bullet can shatter your dreams in a millisec'
By some thug cats who didn't take that
by bustin a gat, they could render somebody handicapped
and trapped, in a wheelchair over nothin
With the gift of walkin and runnin snatched from them
What the fuck is goin on?

[Chorus x2 to fade]

Canibus Lyrics

"I Honor U"

(feat. MB^2)

[Chorus One: MB^2]
We'll never part (through) sickness and health (health)
You are my heart -- I love you more than I love myself
(Yeahayyeahh) But in the middle of the night
I heard you cryin in your sleep it'll be alright
I'll be there for you (just for you)
if you tell me all your secrets
Yet in the middle of the night
I heard you cryin in your sleep I held you tight
I'll be there for you (youuooooh)
if you tell me all your secrets

[Canibus]
Aiyyo, boy meets girl, boy really likes her
Boy loses contact with girl but he finds her
Girl has no clue that boy is a liar, and he has no honor
So she dates him regardless, cause she thought he was harmless
And he had her believin he was the man she wanted
to spend the rest of her life with -- the words "I love you"
are priceless, unpredictable like rollin dice is
None-the-less, inspite of the frightenin repercussions
you might get, people still risk they necks
Of course it's nice, the feelin of courtship, roses and stuff
Women never get it often enough
And the reason people love they mother so much
besides the fact she carried you for nine months, is trust
It's a five letter word, that should only occur between him and her
before the bees and the birds (WORD!)

[Chorus One]

[Canibus]
Aiyyo I heard a soft moan in the middle of March
Then I felt a powerful force push me forward like a dart
On your mark, get set, GO!
I was off, flagella was my propellor wigglin back and forth
Then I set a course for the border
Mother Nature's karma callin me to the rock of Gibraltar
The competition tried to be smart, but I was smarter
My competitors were swimmin fast, so I swam harder
Submerged in water, prayin to my heavenly father
If I don't make it through I'm a goner
Screamin out "Death before dishonor,"
Because I'm awesomely stronger, my stamina last longer
I was destined to be a son instead of a daughter
XY is the male chromosomal order

One'll stay alive, and survive, the rest'll be dead
Cause I'ma be the one to fertilize that egg *[echoes]*

[Chorus Two: MB^2]

In the middle of the night
I heard you cryin in your sleep I held you tight
I'll be there for you..
if you tell me all your secrets

[Canibus]
Aiyyo mommy I'm up in your stomach, buggin
Whenever you rub it, I love it
Like a comforters covers you warm as a oven
Your husband -- stubborn, how can you love him?
Smokin cigarettes by the dozen when he knows that I'm comin
Bad move, you hopin that daddy improves
Knowin in your heart that's bull, because he's too cruel
You've been abused, used, you've got, wounds and scars
Think with your mind not with your heart, let's go to grandma's
Terminate the lease, call the landlord
Give your job two weeks notice, pack up the car, and go to New York
What part? They got a little borough called The Bronx, Mom..
And I heard that's where hip-hop is gonna start
Hell yeah! I think we need to be right there
Four months in your stomach and I already chose a career
When you cry, I hear, and I wish I could dry your tears
but I can't cause I'm stuck in here
Five months from bein able to lay against your chest
I can't even hold you in my arms, cause they ain't developed yet
But I swear to you, as to God's Almighty Truth
I'ma be there for you.. I'ma be there for you..

[Chorus One w/ variations]

[MB^2]
Tell me! (Tell me all your secrets)
All.. all.. (Tell me all your secrets)
And I will be there for you (Tell me all your secrets)
Tell me your secrets (Tell me all your secrets)
Oooohoooh, tell me.. (Tell me all your secrets)

Canibus Lyrics

"Hype-Nitis"

[skit first 30 seconds of song, speaking over "Rip Rock" instrumental]
Yo whassup, wassup son?
(Oh are y'all ready? Y'all ready?)
Yea yea yea we ready
Whassup, whassup son?
Whassup, what's the deal?
Yeah yeah
Yeah, aight, so... so all we gotta do
is do the shit we've been workin on
Word
When we add this new, Canibus nigga, yaknowhatI'msayin
(Yeah, yeah)
Niggaz gonna feel that nigga
Oh, that's the old to the new! The old to the new!
(Yo, that's gon' bring us back, that's gon' bring us back)
That's gonna bring us back
(Yeah that's gon' blow)
Aight? So let's... so let's work on this shit *[clears throat]*
Y'all ready? Two times, from the top

[goes into an old school style rap]
I hold the mic (YEAH) real tight (YEAH)
And yo grab the mic and make the shit sound tight
Hold the mic (YEAH) real tight (YEAH)
And yo, grab the mic and make the shit sound tight

[Chorus: Jenny Fujita]
The hype.. nitis.. is in.. your eyes
That look.. that smile.. in disguise *[echoes]*

[Canibus]
Aiyyo, can you feel it?
I know that everybody's heard of that (The Vapors!)
But this is the ninety-eight version of that
BizMark, one of the founders of this art
Discovered evidence, of the disease, and documented it
Now the name of the virus is called "Hype-nitis"
A terminal condition that effects all biters and liars
Hype-no-holics can't require my respect
Cause they snakes and I can smell the venom on they breath
Hype-nitis

[Chorus]

[Canibus]
Alright now, I'm about to break the hype-nitis down
It's characterized by a certain type of lifestyle

People that treated you foul just wanna be nice now
Smile and raise they eyebrows when you come around
I remember when I first started to work
and tried to get this job as a label intern
Them niggaz was, killin me, cause wasn't nobody feelin me
A&R's wouldn't even risk demo-dealin me

[speaking over chorus]
Can you believe that shit? That's how it was back then

[Chorus]

[Canibus]
Aiyyo, I know
most the niggaz I exchange pounds with or lounge with
wouldn't be around if my career was spiralin downward
They'd crowd around me til I'm surrounded
Ask me who I'm down with, til I replied, "The Navy Seals outfit"
They told me my album was coconuts so they rewound it
I knew they was hype-no-holics by how they voices sounded
I pull a silver can out of my trousers
Made a public announcement, about the Hype juice
and then I bounced kid *[echoes]*

[Chorus]

[Canibus]
To me hype-nitis is like the measles, cause it's a disease too
Studies show it affects one in every five people
It's so lethal, the cure can't be achieved through
hypodermic needles or the ingestion of medicine in teaspoons
If you feel the need to, here's a toll-free number
They'll send you an eight page pamphlet to read through
(800)-7932, there'll be available hype-no-holics
standin by for you to speak to *[echoes]*

[Chorus]

[Jenny Fujita]
The hype..

Canibus Lyrics

"How We Roll"

(feat. Panama P.I.)

[Canibus]
I never freestyle for free, without chargin niggaz a fee
It'll cost a brain cell just to cypher with me
I'm the type of MC, that rocks for the glory
I don't give a fuck if you ignore me or camcord me
Freestyle or written, spittin with infinite ammunition
for anybody tryin to go the distance
I promise ya no less than a hundred-thousand kilometres
My bomb threats'll have you evacuatin your continent
I'm barbaric with the alphanumeric
Hittin you with lyrics that separates your body from your spirit
This is for wack niggaz doin shows and shit
Cause I'll be in the crowd if you ain't controllin it
(*[Rakim:]* "Drop the mic, you shouldn't be holdin it")

[Chorus: Panama P.I.]
I roll with the wildest niggaz
West Indian Island niggaz, unemployed jobless niggaz
The foulest niggaz, who never smile at niggaz
Some hostile violent, chemically imbalanced niggaz

[Canibus]
We savages, snatchin microphones from amateurs
Cause like women who get abortions, I ain't havin it
I rip you, my metaphor content, will split you
into little, powderlike crystals, so I can sniff you
What I say should be displayed at the Smithsonian
Your rhymes are phonier than cubic zirconias
Have you any idea what I do to crews like you
How many niggaz in my career, I ran through?
Comin afta ya, blastin ya, with the shotgun
like a front seat passenger
You must be askin fa', some sort of a massacre
I'll attack ya cardiovascular
Shatter you like glass in automobile crashes
when I smash that ass into blackberry molasses
Rip your speaker to ashes, and kick a hole in it
cause I'll be in the crowd if you ain't controllin it

[Chorus: Panama P.I.]
You see I roll with the wildest niggaz
West Indian Island niggaz, unemployed jobless niggaz
The foulest niggaz, who never smile at niggaz
Some hostile violent, chemically imbalanced niggaz
See I roll with the wildest niggaz
West Indian Island niggaz, unemployed jobless niggaz

The foulest niggaz, who never smile at niggaz
Some hostile violent, chemically imbalanced niggaz

[Canibus]
I'm the illest lyricist in America -- MC's can't see me
cause I'm too quick, for the human retina to regista
I roll up on ya crew quicker than long sleeves
At a (Speed) that would confuse Keanu Reeves
So ask yourself, who am I?
I'm the illest MC that you ever seen in your fuckin life
I hop into the backseat of a cab and rhyme
til the meter says 9, 9, 9, 9
Line for line I battle any kind of MC at any time
whether they signed or unsigned
Wit many lines, more lines than a million pair of Adidas
More lines than the bible quoted from Jesus
More lines than a African herd of zebras
Niggaz just ain't fuckin wit the 'cannabis seteva'
This is for ALL you niggaz doin shows and shit
Cause I'll be in the crowd if you ain't controllin it
(*[Rakim:]* "Drop the mic, you shouldn't be holdin it")

[Chorus: Panama P.I.]
See I roll with the wildest niggaz
West Indian Island, unemployed jobless niggaz
The foulest niggaz, who never smile at niggaz
Some hostile violent, chemically imbalanced niggaz
See I roll with the wildest niggaz
West Indian Island, unemployed jobless niggaz
The foulest niggaz, who never smile at niggaz
Some hostile violent
.. chemically ..imbalanced ..nigga!

Canibus Lyrics

"Channel Zero"

[Canibus]
Approximately fifty years ago
under the direction of President Harry Truman
and in the interest of national security
A group of twelve top military scientific personnel were established
This group's primary objective
was to desensitize us to the truth
And to suppress the material evidence that our planet is being visited
by a group of extraterrestrial biological entities called the grays

Tune in to channel zero *[x8]*

[Canibus]
Yo, sometimes the road to the truth is, so elusive it's confusin
And reality becomes illusion
If I showed the masses where we was at or where we was goin
I'd shatter the social balance of the world as we know it
I'm talkin bout the grand deception, of 1947
When our souls were sold to the heavens
for technologically advanced weapons
Crystal enhanced, brain implants, and mind control methods
MJ-12 is not majestic
And the focal point of our problems on this planet are not domestic
You can accept it or be stupid and be a skeptic
and fail to recognize the secret society's deathwish
Ninety-seven percent of our Presidents were Masons
Responsible for launderin trillions of dollars from the nation
for the construction of underground military installations
Abductions and cattle mutilations
Experiments on human patients
can take place in several subterranean bases
A hundred and fifty stories below a basement
With knowledge of genetic information, you need to fear science not Satan
Cause through the manipulation of certain biological agents
they create strange creations
Top secret special operations
Low frequency sounds and lasers, people like Carl Sagan
that didn't believe in the Drake equation
were tryin to keep Western civilization on the need-to-know basis
Well you need to know that this is a game
and we're bein betrayed and played in the worst way

[Canibus]
Yo, the holy script from Genesis 1-26
says, "Let us make man in our image under our likeness"

First of all who's THEY? You see if God
was truly a single entity that's not what he would say
We as the Elohim, Gods and Goddesses
posess a marvelously monsterous subconscious
Lifeforms that speak, in very high pitched sounds and squeaks
Short staccato clicks and beeps
A highly advanced form of speech
Even though to us it seems like they only chatterin they teeth
They used to swim deep in the oceans beneath
Til they fins transformed into limbs and they started to creep
Then they evolved into mammals with feet
And walked right from the shorelines onto the beach
They used gravity, cause it's actually the only force around
that could slow time and the speed of light down
The energy grid network, opened the gateway from Earth
to any point in the universe
Livin organisms and various, geomagnetic gravitational, anomaly areas
Space expedition teams in the lunar regions
reported seein, decapyramids and tetrahedrons
Liquid filled shoes, is what they used
to walk across the moon without leavin a clue
of where they been for the past twenty-three billion years
Before life on the surface even appeared
I hope you become aware what I'm spittin in your ear
was intended to stimulate your left-brain's hemisphere
I know it sounds weird, all these motherfuckin answers
and questions to the grand deception

Canibus Lyrics

"Let's Ride"

[Canibus]
Yo, yo
If you just listen to my lyrics every day for a couple of weeks
My techniques will eventually kill you just like red meat
The Bhagavad Gita beliefs I speak be so deep
Most critics get mad because there's nothin to critique
Whenever I'm rappin or rhymin
with irrefutably remarkable timin
I'm like, Charlie Chaplin pantomimin
If you John Blaze, or you James Flames
or you Jack Cremation, I'm Jermaine Propane (Jermaine Propane)
No pain no gain in this rap game
For the fortune and fame in order to remain
Most real MC's, learn to adapt to the change
or get washed away like tears in the rain, in the rain y'all

[Chorus: Wyclef, Product, Pras]
[Clef] Just ride, just ride, ah just ride e'rybody just ride
Just ride, just ride, ah just ride e'rybody just ride
[Pro] When you in the streets and you're drivin in your V
if you can see what I see, you're prepared for the jackers
[Can] Old school, old school
[Pras] Everybody got to pack a mac now

[Canibus]
Yo, if you wanna know, how I kick a flow
when I rip a show, with my lyric-al, I'ma let you know
It's difficult, cause I'm a part spiritual, part para-physical miracle
And I'ma blackout in a minute too
Spittin like Bone-Thugs like
"Nigga-what? I'm-fin-to-get-a-gun and stick-em-up"
then crush a Thug's Bones with a chrome slug
The black Cyrano DeBergerac of rap
with the ghetto Anglo-Sax' poetic syntax
In fact, nigga don't even give me dap when I see you
Just don't give me no ice grill eye contact either
When you see me, whylin like Beenie on the speakers
"Zim zimma -- who got the fire for my reefa?"

[Chorus: Product, Pras, Wyclef]
[Pro] You came home from a bid a nigga was in your crib
And the whole time you thought your girl was celebate
[Can] Old school old school
[Pras] You locked up and she need some di-ick
[Clef] Just ride, just ride, ah just ride e'rybody just ride
Just ride in the hood, just ride, all my .. uh, ah just ride

[Canibus]
Yo physically I move at a velocity
that'll break your stopwatch if you clockin me
My concrete jungle is like Jumanji
Iller than what you seen in the cinema
A five foot eight, nigga with more horsepower than eight cylinders
My brain consists of twin Pentium chips
Double the clock speeds of a 586
And nothin about my physical matrix is BASIC
I kick flavor beyond what your tongue is capable of tastin
You'll be so surprised you won't believe your own eyes
It's like a Jamaican seein the snow for the first time
Rhymes of a sort, that distort space and time
It's like explainin color to a man that was born blind

[Chorus: Product]
[Pro] Crimes on the street, come from a lack of eatin
It's not my cup of tea, but I'll give them the BEST
Motherfuckin BEST
And if you still out here I kick yo' ass tomorrow
[Can] Old school, old school (c'mon!)
[Pro] And if you still out here, I kick yo' ass tomorrow
[Can] Old school, old school (c'mon y'all)
[Pro] Frontin like you buyin food but you buyin crack bottles

[Wyclef]
Ah just ride, ah just ride
Everybody in the East just ride
Ah just ride, ah just ride
Everybody in the West just ride
Ah to the South, down South
Yeah, yeah, yeah, yeah
Ah just ride

Canibus Lyrics

"Buckingham Palace"

[Canibus]
Aiyyo I stand outside the gates of Buckingham Palace
Selling reefer, puffin the chalice with the Beefeaters
Gettin so high that whenever I drop shit
it'll land on the window of your airplane cockpit
Canibus with the hot shit, "Crazy I. Click"
Niggaz is bloody idiots thinkin that they can stop this
I'll increase my strength, to a super human extent
Nigga your rhyme ain't worth sixpence
And if you can hear, smell, see, touch, and taste
then you don't need six senses to feel me punch you in the face
From Brixton, to Clapham Common, my lyrics invade Europe
like Joseph Stalin, and murder niggaz for rhymin
Spittin fire, with gasoline for saliva
As drunk as Lady Diana's driver wit reporters behind her
Alcohol in the hands of a minor
I got you panickin like bombs, with 30 second timers
Clear the buildin, evacuate women and children
Fuck what you feelin nigga, I came here to kill em
Straight shittin, from New York to Great Britain
And when we do shows we make the Queen pay admission, what!

[Chorus: Canibus and crowd]
When I say "Can-I" you say "Bus"
Can-I (BUS!) Can-I (BUS!)
Yo, when I say "Can-I" you say "Bus"
Can-I (BUS!) Can-I (BUS!)

[Canibus]
Yo.. yo..
Yo prepare for the worst
This next verse is the face of death
Me without lyrics is like a porn flick without sex
Illmatic, my lyrical skills are Jurassic
With more flavor then Skittles when I'm digitally mastered
I go off like a cannon and blow up the planet
with "No Fear," like them clothes white boys be wearin
I'm tougher than denim, lethal like venomous snake bites
The marijuana makes my eyes bright red like brake lights
There ain't a party I couldn't rock, believe that
There ain't a microphone brave enough to give me feedback
I'm strong, my word is Bond like James
Niggaz be tryin to test, but they 'week' like seven days
MC's run away when I kick it; they act so chicken
they should come with a large drink and a biscuit
My style's radioactive, massive atomic
I plan to push the Earth in front of Halley's Comet

Breakin the (Facts of Life) down like Tudy, I'm raw like sushi
with more (Vocab), than three fuckin Fugees
So recognize or be hospitalized
cause lyrically on a scale of one to ten I'm twenty-five

[Chorus]

[Canibus]
Yo, yo, a little bit of weed and some Henessey
got me ready to set it with kinetic energy
See I need much more energy then my enemies
If I wanna make more Bill's then Bellamy
So I could be on MTV
with women constantly tellin me I resemble Billy Dee
I make fly rhymes to get my name on the scene
Then when I'm on the scene I do shows to get the green
Then I take the green, buy a automobile machine
for that thing on page 43, in Jet Magazine
Canibus is the ultimate executioner's dream
Swingin the guillotine, cause whenever the head is severed
from the human body with a sharp enough weapon
the brain remains conscious for ten seconds
Long enough for me to give you one last message
And when you get to Hell you can tell Lucifer I said it
Don't ever get it confused, fuckin with Canibus
the human Rubix Cube like you got somethin to prove
Yo, whoever grabs the mic after me'll get booed
Get everything in the club thrown at you and your crew
From Moet bottles to bar stools, fruits and foods
You got a album out, you get hit with your CD too
Runnin outside, cryin, lyin, denyin
that you ain't The Gay Rapper, but you got fucked by him
What's the difference? Y'all niggaz still ain't in lyrical fitness
Too busy mixin your bid'ness with your bitches
While I be in the lab composin forbidden scriptures
So wicked I got, Satan ejaculatin on his fingers
Like Dirk Diggler, in the middle of +Boogie Nights+
Sniffin white, livin the hype, he ruined his life
But I'm a MC of a different type, yeah that's right
Make sure your shit is tight, or I'ma snatch yo' mic, nigga!

[Chorus]

Canibus Lyrics

"Rip Rock"

[Canibus]
C'mon c'mon c'mon c'mon c'mon c'mon c'mon c'mon, c'mon!
Rock! *[echoes]*
Rock! Rock! Rock!

[Verse 1: Canibus]
Jump up and down if you love the sound
We Rip and Rock until we tear shit down
Rip Rock stands for Hip-Hop mixed with Rock'n'Roll
I'm hardcore to my inner soul
Hold on as I swerve outta control
Directly into the unknowns of a black hole
All my real niggaz, with fucked up neurotransmitters
wavin glocks and swastikas
I'ma take twenty shots of this hard liquor
and swigga, til I'm drunk as the Pississippi River
Even though I know the shit is fuckin up my liver
Tomorrow when I wake up, I won't even remember {"Rock!"}
how I got home - or where I got this tattoo of a mic on my arm from
Or when I fucked them bitches last night, I shoulda used a condom
(I guess not) Now that's what I call Rip Rock!

[Chorus 1: Canibus]
Rip, Rock, Rip (c'mon) Rock
Rip, Rock, Rip (c'mon) Rock
Rip, Rock, Rip (c'mon) Rock
Rip (c'mon) .. Rock! (yeah)

[repeat chorus 1]

[Chorus 2: Canibus x2]
You want Rock'n'Roll? (We got it)
You want Hip-Hop? (We got it)
You wanna wreck shop? (We got it)
We got it got it
We got it got it got it

[guitar interlude - like a heavy metal snake charmer's song]

[Canibus]
C'mon! *[echoes]*
Rock!
Rock! Rock! Rock!

[Verse 2: Canibus]
Yo, I want you to sucker-punch whoever you standin next to
if you ready to rock with a ReFugee rebel

A Navy Seal underwater in a submarine vessel
Shittin on niggaz above sea level
I'm tired of you MC's talkin bout loot (LOOT!)
I'm tired of you corny drug-induced rap groups (GROUPS!)
I'm tired of the lies, the cries, the screams
Tired of gettin my name misspelled in magazines {"Rock!"}
I'm tired of you two-faced disc jockeys
Non-believers, suckin on my arch enemy's penis
You know who you are, I'm talkin to you
You need to recognize I'm tryin to introduce somethin new
Somethin I would sacrifice my life or die for
Somethin if I was already dead I would rise for
Somethin that would make a fool a hundred times wiser
Somethin that will help all mankind to prosper
I die with laughter, lookin at you wack MC's
with your craft unmastered, bastards
Hip-Hop in it's rarest form, crossbreeded
with Rock'N'Roll, now Rip Rock is born, motherfuckers!

[Chorus 1]

[Chorus 2]

[Canibus]
C'mon! *[echoes]*
C'mon!
C'mon c'mon c'mon! *[echoes]* (Yeah!)
C'mon! *[echoes]*
C'mon c'mon c'mon c'mon c'mon! *[echoes]* (Yeah!)
C'mon! Rip Roooooooooooooooooock!

Canibus Lyrics

"The C-Quel"

[Overlapped lines from songs in the past]
[OVERLAP 1]
"I'll battle you on the net, I'll battle you in the flesh
I'll battle you over the phone you can call me collect"

"Verbally viscious, telekenetically gifted,
Took a minute to exhibit that I'm sick with it"

"Have you any idea what I'll do to crews like you
How many niggaz in my career I've ran through"

"At 1000 degrees celsius I make Emcees melt,
Fuck my record label I appear courtesy of myself"

"Canibus is the type to fight for mics,
beatin' niggaz to death and beatin' dead niggaz to life"

"While you niggaz is babblin' my lyrics is travelin'
like a javelin to stab you in the abdomen"

"The intellectual athelete accurately rappin' so rapidly,
Yet he makes perfect sense mathematically"

"I walk the B-Lock withe the G-Lock, C-ocked,
trynna' get the DR-op on the C-ops"

"The Canibus is a animal with a mechanical mandible
comin' to damage you spittin' understandable slang at you"

"Rhymes richocet off the inner walls of my lungs
and go past the tongue faster than bullets come out of guns

"Whenever the head is severed from the human body
with a sharp enough weapon the brain remains conscious for 10 seconds"

"What's the matter with ya'll, I'll spatter ya'll,
against the muthafuckin' wall with these raw lyrics I catapault

"I'll hop into the back seat of a cab and rhyme,
Till the meter says 9, 9, 9, 9!!!"

[Verse 1]
Yea, it's the C-Quel, the C-Quel, Yo!
I'm hardcore from the nappy follicles in my pores
To every single pore in my skull
Hard from my mouth to my jaws
>From my jaws to my torso where my organs are stored

And from my balls in my draws to the floor
I pray to God they hurry up and start the third World War
So I can start World War 4 and murder us all
I don't give a fuck if you rich or you poor
Don't give a fuck if you got ya' picture in the Source of Forbes
I don't give a fuck who won an award
On stage tryna' thank God I'll chop ya' tongue off wit' a sword
Let they blood pour all on the floor
If it ain't a cordless, you gettin' punched in the jaw and hung wit' the cord
I'll leave ya' corpse stiff as a board
Like frozen meat tryna' thaw then bury you under the morge
Gettin' in my way is like jumpin' in front of a car
Breakin' the sound barrier, that means the car is in front of the horn
By the time you hear it blowin', it's too late to respond
By the time you feel it hit chu, I'm gone
I'll send ya' to hell where you belong
So by the time ya' body hits the floor
Ya' spirit won't be in it no more
Who could flow for 4 minutes or more
Without breaks, without mistakes, without flaws
I got millions of styles and I mastered'em all
A metaphor matador fast enough to make the bullcharge and crash in the wall

[OVERLAP 2]
"Whoever grabs the mic after me'll get booed
Get everything in the club thrown at you and ya' crew"

"I'm the illest nigga alive, watch me prove it,
I'll snatch ya' crown with ya' head still attached to it"

"I battle you the respect, I'll battle you over a blank check
I'll battle you with a gun to my neck"

"Ambushin' emcees, jumpin' out the trees like Vietnamese
in fatigues covered with leaves"

"Next year, you'll be walkin' around the "How Can I Be Down"
conference with a laminate, that said "I Got Shitted-On By Canibus""

"Turn ya' head round gimmie the cheddar,
I'd rather be a lion for a day than a lamb who lives forever"

"Fuck ya'll, you don't impress me and no one can test me,
an emcee so ill I got AIDS scared to catch me"

[Verse 2]
Canibus is what the hardcore niggas is waitin' on
Debatin' on what the fuck is takin' so long
Well I'm here now, verbal ass whippins bout to get shared out
Wack niggas bout to get aired out
Faggit niggas get they ass teared out
Grab a wise man by his goatee and rip his fuckin' beard out
Cold beat a niggas ass like Stout

Then bust a shot in the muthafuckin' courtroom and watch it clear out
A hundred thousand mile warranty
Metaphorically, I'll use a hundred thousand styles and murder you orally
I took a lion on tour wit' me, made him respect authority
Smacked him in the head for trynna' roar at me
Lyrics got my undivided loyalty
And there ain't nothin' on this God damn planet that's worth more to me
In the name of Hip-Hop niggas could corner me
Torture me, slice me then stitch me up like embroidery
Way back before gold-plated male and female
RCA jacks was used for crystal clear playback
I was trynna' blaze ADATS, and if a nigga said my demo was wack?
I'd beat his ass and took my tape back
"Yea nigga" *[smack]* "What? Yeah nigga take that"
Anybody get outta' line, get they face slapped
Quick fast, the Can-I-Bus'll buss yo' ass
Then I'll bust you wit' a shotgun blast
It's not fun so I don't laugh
To me this rap shit is as serious as, the death of a loved one
You know how you be feelin' sad
That's how I feel when I grab the microphone but niggas don't understand
Canibus is unequivocably the illest killin' machine in the industry
For the 20th century
Trapped in a max security building
Sufferin' from a severe illness called brillance *[echoes]*

Canibus Lyrics

"2000 B.C. (Before Canibus)"

[Canibus]
Yo! My offense is a mixture of Mike and Muhammad
Knock a nigga unconcious and talk shit
In bare-knuckle boxin', speed is the object
Weavin' and dodgin' with defensive blockin'
So in the ring, you cannot win
The top ten become nine dead if I ever decide to hop in
With the one-two, one-two shot to the chin
knock you out like ten shots of vodka and gin
The beautiful blend of power and strength
From the top of my head, down to where my toe cuticles end
I verbally burn a nigga,
Lyrically hurt a nigga,
Pull a voodoo verse on a nigga,
Kennedy curse a nigga,
Who can spit the words quicker than the average man?
Who can embarrass a man?
Bite you with fangs and mangle ya hands
On candid cam, the Canibus can
The Canibus can with the stamina to damage a man

[Chorus]
It's been a long time,
I shouldn't have left you,
Without a strong rhyme to step to
I told y'all (C'mon!!) I roast y'all (C'mon!!)
So come on (Hold on) Hold on!!
It's been a long time,
I shouldn't have left you,
Without a strong rhyme to step to
I told y'all (C'mon!!) I roast y'all (C'mon!!)
So come on (Hold on) Hold on!!

[Canibus]
Yo! I spit for it (lie for it!)
Live for it (die for it!)
Back out the nine, commit a homicide for it
If I'm handcuffed with the right to remain silent for it
I'ma blow trial and do the federal time for it
you mad at the last album, I apologise for it,
Yo, I can't call it, motherfuckin' Wyclef spoiled it,
But this time for 99 I got 5 on it
You should double up and put a dime on it,
Matter of fact, triple your nickle and put 14.99 on it
I'ma shine on it,
Watch Flex drop a bomb on it
About ten times on it

Watch people call a request line for it
Cypher sounds keep pushin rewind on it
Look out for the album with the Canibus design on it
12 O'Clock in the morning you'll be standin on line for it
I'm a live poet, with a sharp ear and eye for it
Coz I tear down mics and put a out of order sign on it

[Chorus]

[Canibus]
Yo, I rip shit with the ballistic characteristics
Of a hollow tip at point blank distance
I flip shit when I spit shit
Father forgive Bis,
I just snatched the Jesus piece off some Christians
Coz they sounded like idiots
They went from silver to gold to platinum
After the millenium they'll probably be wearin' Iridium
They so gassed, if a bitch sucked they dick they'd probably cum helium
Y'all niggaz can't be serious, I was nice before ice
Before Christ, before the words let there be light
And a light took over the night
I was born with a mic
Lord of the mic before all plant and animal life
Took this rap shit to new heights
Before the Wright brothers took flight
Before dog fightin' and aerial strikes
Before MC's picked up pens and started to write
Before promotional marketin' and ?posterlights?
The Can-I-Bus'll bust up mics
Punch out lights
Punch out your motherfuckin eyesight
For the title bought fight
Ask Top Phife, I snatch the track for half price
The Canibus is too nice
Gimme that mic!

[Chorus]

Canibus Lyrics

"Life Liquid"

(feat. Journalist)

(blood spillin in the street)
(the what?)
(blood spillin in the street)
(the what?)

[Journalist]
Yo, Wit two precise niggas
Holdin the right biscuits
There'll be alot cats leakin out their life liquid
Niggaz who actin hard this ain't Columbia Pictures
When we throw two in your ass while you huggin on your mistress
From Philly, wit cats quick to mute you at
Cuckoo cats, twist back your Fubu cap
Crucial, black
Two chicks to screw you at
Then they shove a poolstick where you doodoo at
While you checkin on your pagers
Weapons in your faces
Shot blazin
Cops section off the pavement
Hoppin out with gauges
Prepare for the occasion
We throw about eight in
The house that you was raised in
Mouthin off, fakin will make you a ?mouth? patient
Achin, with your arms in a alcohol basin
And while your brain's achin'
Imma have your dame slavin'
Cocaine and apron
Over a flame bakin'

[Hook]
[Journalist] Niggas take it for granted -
until they layin dead on the granite
[Canibus] Innocent bystanders gett shot by standard
[Journalist] y'all better duck when you hear the cannon
[Both] Or y'all be checkin for leaks -
Niggas'll have your blood spillin in the street

[Journalist] Niggas take it for granted -
until they layin dead on the granite
[Canibus] Innocent bystanders gettin shot by standard
[Journalist] y'all shoulda ducked when y'all heard the cannon -
Now you layin deceased
[Both] Niggas'll leave your blood spillin in the street

[Canibus]
Can you feel it? Nothin can save ya
Cause this is the season of the infrared laser
And since I got time, What I'm gonna do
Is show you how you can get spotted by one too
Cause I don't give a fuck
I just cock back and bust
With more arms than an octopus
As if one gun wasn't enough
I fuck around and pull eight out
Blast your face off or blow your brains out
Nigga, I'll leave you laid out
Then I pull the gat in my waist out
Put it in your mouth
And keep squeezin till the whole clip is sparyed out
Take the gun in my ankle brace out
Shoot you in the stomach till I see the last meal you ate drain out
Your face look spaced out
I gut you like a trout
And scream my name out while I'm scrapin your rib cage out
Squeeze with the index, spray like a bottle of windex
Bullets buzzin by your head like insects
From your head to your mid-sec'
And I ain't even shoot you in the legs or your limbs or your dick yet
Your masculinity is questionable
You probably a homosexual
Just the thought of havin a woman lay next to you probably threatens you
You probably look at grapes and see testicles
You probably fantasize about vegetables
like cucumbers and bananas havin sex with you
And you probably let gerbles crawl up your rectum too
Shame on you
I defecate on you and simultaneously (urinate) on you
Pour some acid rain on you
I stop your heartbeat with heat
You weak nigga, I'll leave your blood spillin in the street

[Hook]

[Both]
Ayyo Journalist what you workin with?
Old school burners with
-Barrels big enough for you head to fit in the circle shit
What you holdin Canibus?
30 bulllet banana clips
Just to handle a kick I gotta glue it to my hands and shit
We got permits to murder shit
We critically injure niggas who deserve the shit
Put em in a tournaquet
Bomb proof Suburbans with *[?]*track to tread size?
so we can ride through the dirt with it
Drive over curbs with it
[?] in it, even over slippery surfaces

We can swerve in it
And crash into niggas who don't insert their shit
Try stoppin it dudes
You gotta be bruised, cockin the tools
And knock you out your socks and your shoes
We'll leave you shoeless and keep shootin
Look how much life liquid you losin
You need a blood transfusion
In the back of a medic truck
Shots in your neck and gut
While we holdin our weapons up
I'm still reppin' Philly - what?

blood spillin in the street
the what?
blood spillin in the street
the what?

[Hook]

Canibus Lyrics

"Watch Who You Beef Wid"

Watch who you beef wid
You need to watch who you beef wid
You need to watch who you beef wid
Watch who you beef wid
You need to watch who you beef wid

[CHORUS]
Yo, you better watch who you beef wid
You might be walking down the street, then
Suddenly you hear tires screechin
Niggaz'll be hoppin out with heat and
Throw you in the car seat and leave your lady standing there screamin
The whole weekend, you get blindfolded and beaten
Nosebleedin, gaspin for air, wheezin
You got kidnapped and you don't even know the reason
We even called your fam for ransom, they said, 'Keep him'

Watch who you beef wid
Yea, it ain't no secret
Talkin that street shit'll get you in some deep shit
See, niggaz know who you beef wid,
Where you be at, when you be gone, when you be back
All of my niggaz got doctor degrees in thuggonometry
We all know how to hold the heat properly
And how to conduct an armed robbery for personal property
And can go without food or water for 24 hours at least
We fugitives, who ain't doin a bid, and shoot to live
Even if it means leavin you for dead
Cause niggaz like you get scared, look for loopholes
Pick the phone up and dial 9-uno-uno
What happened to them truant niggaz that you talk about
The crew of niggaz that you never walk without
I know what happened
You heard about the double-action
Portable gatling and y'all don't wanna get blasted

[CHORUS]

Ay yo we run up in radio stations on some unannounced shit
Catch the DJ off guard and roundhouse him
Duct tape his mouth then, put a pound to his gut
And force him to play 5 cuts off the up and coming album
Just the way I planned it, niggaz'll start to panic
Brains get hijacked like planes'll crashlandin
Bitch niggaz pray to the lord
The black box who was supposed to record
The pilot's voice got destroyed

So watch who you beef wid
And watch who you suck your teeth at
It'll probably be something you regret
Get wet with horizontal rain droplets
Miniature rockets, comin out barrels of metal objects
niggaz get shot in the face
On the ground shakin like tectonic plates that cause earthquakes
Now you got your grill in the ground, how that dirt taste?
You shouldn't have started this shit in the first place

[CHORUS]

Cause niggaz is comin to get you, ready to rip you
With intercontinental ballistic missiles and pistols
Put a red dot on your head like you Hindu
Then put a hole in you big enough to put my open fist through
We could verbally diss you or we could get physical
Whatever niggaz wanna do, we could do it too
Cause you a sinner, I'm a sinner, we all sinners
We rob niggaz for their presents at their bar mitzvahs
We rob niggaz for their body organs
Sold em to the highest bidders
Things like hearts and livers
One and a half million in cash when it's delivered
They go to Yom Kippur and beg for God to forgive us
So you the type that, find violence real frightening
Or hold your crucifix tighter when shells is firing
Sittin by your bed perspirin, tryin to crawl underneath it
You need to watch who you beef wid

[CHORUS]

Keep that low-down, stinkin motherfucker
Uh, you need to watch who you beef wid
You need to watch who you beef wid
Yea nigga, watch who you beef wid
Uh, watch who you beef wi

Canibus Lyrics

"I'll Buss 'Em You Punish 'Em"

(feat. Rakim)

[Canibus] Yeah, I bust 'em... you punish 'em
[Canibus] Yeah...let me bust 'em
[Rakim] Naw, I'ma punish 'em
[Canibus] Ra, let me bust 'em
[Rakim] Naw, I'ma punish 'em
[Canibus] Naw, let me bust 'em
[Rakim] Naw, I'ma punish 'em
[Canibus] Come on Ra, let me bust 'em
[Rakim] Yo Bis, I'ma punish 'em

[Canibus]
Yo, yo...
Out on the battling tip my verbal lateral grip
Keeps my tongue glued to the A-Dat when I'm trackin' 'em swift
Let my spit lubricate the chap on my lips
And make you rappers have fits 'cause I'm back in the mix
Forget a pad and a pen, I write rhymes on an IBM
Ebonics is dead, the binary language is in
Canibus practices in a room wit a thousand candles lit
Meditating on this rapping shit
Because my freestyle reigns sovereign
Wit a deeper conscious than the prophet Muhammad was born wit
My brain cavity is enormous
My left hemisphere alone harnesses all of the 7 sharveous
While the right one harnesses darkness
The type of dark that makes a house haunted
The type of dark that people get lost in
The type of dark you fear when you're dead in your coffin
I hear you talkin' but I ignore it
Cause you garbage and your rhymes borin'
So keep standin' on the corner,
the thrash-man will collect you in the mornin'
Thug cats frontin'
Wacker than Blinky Blink
on the back of the wack-ass wagon babblin' about - nothin'
Now that real hood rats could get it on, black
Meet me at The Tunnel where pussy cats get robbed at
Rubber faced rappers get stretched like elastic claymation
characters with verbal vernaculars
Slappin' ya like a white water raft
or an Olympic kayak paddlin' across the - Niagara
Fake MCs haul ass like they runnin' track
Where ever Canibus or Rakim is at

[Canibus] Let me bust 'em
[Rakim] Naw, I'ma punish 'em

[Canibus] Naw, let me bust 'em
[Rakim] Naw, I'ma punish 'em
[Canibus] Ra, let me bust 'em
[Rakim] Naw, I'ma punish 'em
[Canibus] Naw,let me bust 'em
[Rakim] Naw, I'ma punish 'em
[Canibus] Naw, let me bust 'em
[Rakim] Naw, I'ma punish 'em
[Canibus] Ra, let me bust 'em
[Rakim] Naw, I'ma punish 'em
[Canibus] Naw, let me bust 'em
[Rakim] Naw, I'ma punish 'em
[Canibus] Come on Ra, let me bust 'em
[Rakim] Yo Bis, I'ma punish 'em

[Rakim]
Be ready and at ya best
The celebrity match of death
Heart snatched through your chest, cardiac arrest
Crack your neck while I break your arms, catch your breath
Then I asked the ref, "how many cats is left?"
One on one, who challenging? Come get did
All I have is a pen and punish you kids
Abdomen punctured and look what I did to his wig
Wanna live then I stab 'em in the lung with his rib
Every word I say detach a vertebrae from your spine
Rematch wherever we meet at, any place anytime
Get your snot-box smashed with a 9
Smacked with a rhyme, push your forehead to the back of your mind
Try to explain what it's like seeing your brain
Your insane, soon to be ID'ed as remains
Then I reincarnate 'em and kill 'em again
Again and again, again and again

[Chorus]

[Canibus:]
Yo, yo...
The battle started with a grapple
He had real long hair so a grabbed a hand full
And chopped 'em in the Adams-apple
His partner in back of you tried to attack you
So I'ma twist 'em up like a pret-zel then I'ma tag you
[Rakim:]
I'm on some stone cold shit
Warn your whole click
Cartilage get blown until the whole bone split
Who wanna spit, bang quick, strangle 'em wit his lip He tried to flip
but I left his body danglin'

[Canibus:]
You left 'em danglin'
I can't believe he wanna grapple again

I swung 'em around like I was dancing wit 'em
Put his arms in back of his head and snapped 'em again
Then I grabbed his limbs and put in the figure-"6 subtracted from 10"

[Rakim:]
Seven birds, make 'em swerve 'til their vision is blurred
Turn cats that suped from superb to nerds
Just say the word, I'll leave your DNA on the curb
And stick my dick in your ear and fuck what you heard

Canibus Lyrics

"Mic-Nificent"

[Canibus]
Yo, sittin on chrome, sittin on low pro 20 inch firestones
Grippin the road with the wickedest flow, 'Bis is a pro
I zigzag throughout sly loam
Accelerate and decelerate in and out the cones
Poisonous poems travel through walkman headphones
Into your dome Osteoperosis your bones,
Who's the nicest nigga you know in the year two triple-oh
Spit turn to icicles in the mid air and slit your throat
Drain your carcass dry rip out your heart bitch
I write rhymes using your blood for my ink cartridges
Paleoanthropologists, polish the bones
of rapper artist after I dip in my hydrochloric waters
Canibus, with the seams burstin, perfect
Everyday the earth spins I write verses
My soul purpose as a verbalist, is to make my words twist
and connect like letters when they're in cursive

[Chorus: x4]
I'll pray on them, spray on them
First nigga to violate I'll regulate without warning

[Canibus]
Yo, Yo, I'm faster than leopards running across the vast desert
In twenty-two yards per second to catch me to daily delicatessen
With thirty minutes to eat'em, forty minutes to digest 'em
And fifty minutes for it to pass through my intestines
So ask yourself a question - can the Canibus rhyme?
Is a fuckin porcupine half swine?
No time to make up your mind, you wanna run or die?
Clip you while you're running by, trip you up from behind
My rhymes, confuse niggas like somebody try to gang-bang
wearin a blue shirt and red pants,
throwin up signs with their left hand
Standin out on the corner of wetlands
with a confederate flag for a headband
God dam eggplants, niggas gettin me vexed man
Cause I'm surrounded by garbage like Fred Sav
and I can't seem to get away from it
I dreamed that I stabbed Leviathan through the stomach, and ate from it
In my past life I slayed hundreds, and in the life before that
I played trumpets, to warn you that I was comin
There's one billion ways to die, and I already tried
nine-hundred million nine hundred and ninety nine
When I aim and fire my rhymes, like a hundred cannon balls flying
Striking you one at a time, in a parallel line
Why the art of emceein is steady dyin

That nigga Canibus is still in his prime, bust a rhyme

[Chorus: x4]
I'll pray on them, spray on them
First nigga to violate I'll regulate without warning

[Canibus]
Club Dodge, I wrecked that
Limelight, cursed that
Envy, I murdered that
Club SoHo, never heard of that
Wetlands, dried it up
Cheaters, decided to club, fired up
looking for a chicken to tie up
Club New York, I heard it's hot there
beats be rocking there
Too many niggaz be getting stabbed and shot there
Speed, I slowed it down
The Tunnel, they hold it down
Home of the underground, why they always close it down
Century club, the hot shit
House of Blues, I rocked it
One twelve ATL, that's the Dirty South bomb shit
Synagogue, yeah I be there
Caribbean City, roll deep there
Lyricist Lounge, they be some real emcees there
there there *[fades out]*

Canibus Lyrics

"Die Slow"

(feat. Journalist)

[Canibus]
Yo (Die Slow)
Yea (Die Slow)
Ya niggas better..(Die Slow)
Uh (Die Slow)
All you can do is (Die Slow) nigga (Die Slow)
(Die Slow) *[x4]*
All you can do is die (Slow)
Yea
(Die Slow) *[x2]*
Fuck ya'll
(Die Slow) *[x2]*
Die Slow nigga
(Die Slow)

[Canibus]
Yo
You against me.. No contest
My tongue hydraulics
Strong enough to flip a 64 impala with 3 adult passengers
and a 4 hundred pound driver
And drown you in less than an ounce of your own saliva
Rubberface rappers get, stretched like elastic
Claymation characters wit verbal vernacular
Slappin' ya, like a white water rafter
Or a Olympic kayaker, paddlin' across the Niagara
My afterburners'll be burnin' you after
Ya' body already been splashed with acid
And you turn to ashes
Assassins camouflauged in the grass blastin'
Leavin' blood all over ya' lady like Jackie O'Nassis
I'll fly ya' body outta Dallas
Perform plastic surgery while we airborne and switch caskets
Then lie to the masses
I'll tell'em that you got murdered over some East West beef, between rappers
Radio stations'll express they sadness
Play classics back to back and pass out "Stop The Violence" pamphlets
Just imagine, every night ya' girls fuckin' ya' best friend
While you in hell throwin' tantrums
I'll be lampin' in a mansion somewhere out in the Hamptons
Givin' some pretty ass bitch a spankin'
Nigga you can't win
I'm laughin' cause you a has been
You'll never get ya' groove back
So don't even bother askin', Angela Bassett
You'll just get ya' ass kicked

Get ya' head chopped off and dropped in a basket
My left arms taken but my right ones free
That means I could diss another muthafuckin' emcee
Wit rhymes that appear clearer than liquid crystal
My lyrical is more visual than television screen pixels
I fire pistols, hit you wit' minature missles
Riddle ya' body wit' holes then watch the blood sprinkle
Ya probably had no idea what you was gettin' into
On the mic, Can-I-Bus is invincible
Fuck you

[CONVO 1]
["Die Slow" through out the convo]
Hey Yo that nigga got an attitude
Yeah he be actin rude
And he's always trynna' battle you
That last album was terrible
When he's on the radio he never got a clean mouth
Yeah everytime he freestyles, his words be gettin' bleeped out
You got the album?
Naw I heard it was weak
You got the album?
I said it was weak
But the shit don't come out till next week
Hey Yo I like the nigga's beats
Yo that shit be comin' bugged out
Hey Yo that nigga Bis dumbs out
He waited too long to come out.....

[Journalist]
To you bitch niggas who talk alot
But walk the block, in halter tops
Left side of ya chest, mark the spot
That's where a nigga put it, when i'm hooded
Then fill you up wit big bullets
Prepare you for some channel 6 footage
Know what is, Me and Bis, runnin' through ya courtyard
Creepin' wit a four-five and reachin for ya door knob
Throw a gun under ya chin, see how quick your whore rise
One shot could have a short slide, right out the North side
Your whole flow is porkrine
Spit the small oints
I'm nasty, but my small joints grip the bar point
Drop on top of the blue line..right beside the red one
Keep the flow fairsome, 'till the day my career done
Bring it to ya ass if you the challengin type
Especially those, surroundin' the mic
Sound of the light
To the Journ, ya'll ain't no suitable spitters
True to you niggas
Lay you out on MD's, recoupin' ya liver
Shoutin' my name,
Ya best to control the noise soldier boy

Or homicide will be all over you poys with Polaroids

[CONVO 2]
["Die Slow" through out the convo]
Yea, yo that nigga Journalist gets busy yo
I heard he's from Philly yo
I seen him in Bis video
He's so skinny tho'
Now he's rollin' wit Canibus?
I don't even understand his shit
That nigga sounds like an amaetur
Yo i heard Jay manage him
Yo he got some heavy gold shit
Man, that's some old shit
Yea yo the niggas that he roll wit'
probably let 'em hold it
He got alotta Benji's
No he don't
Everytime, when i see him in the back of The Source
He looks *[?]*

Canibus Lyrics

"Doomsday News"

Yo, yo..
If I had half as many bars in gold
as I had in lyrics when I flowed
I'd be the richest man on the globe
Niggaz wanna know is Canibus gold?
That's a stupid-ass question motherfucker, is Canada cold?
Bout a thousand degrees lower than liquid nitro is
Five thousand degrees hotter than flame throwers
I reflect light, bounce off walls and wreck mics
Disconnect your windpipe by cuttin your neck with a knife
Rip through, everything from tissues to blood vessels
My ninjitsu, kill you with the art of Tenchu
I zig zag, zig crushin a kid
With G-forces violent enough to crush your ribs
like pilots that fly Russian MIG
Comin to punish you pigs
Give a fuck who you is; nigga, Canibus in ya biz
From the lowest point in the planet to Mt. Everest
I kick the illest shit, spray-paintin my name across the pyramids
The rap terrorist, Professor Emeritus
Fuck forbidden fruit I was eating pussy in Genesis

[Chorus:]

What you got niggaz that's ready to brawl?
I'll give you the phone card and the celly to make a call
What the fuck y'all bitch niggaz actin like y'all tuff for?
We'll stuff y'all, uppercut y'all, confront y'all
On stage we break arms, legs, backs and jaws
Enough damage to cancel your tour (Fuck y'all!)

[Canibus]
Now I said it once and I'll say it a thousand times
I got thousands of rhymes, the rechargeable alkaline kind
You wanna a piece of mind? Fine, we can take it outside
Otherwise you're wastin your time, cause I'ma shine
for the one-triple-9, niggaz gamblin damage they eyes
Goin blind, tryin to keep up with these lyrical lines
The type of nigga you can't flow behind without a dope rhyme
You fuck around and get clotheslined til you nosedive
We can rhyme fair and square or fair in the sphere
Anyplace, anywhere, you niggaz don't have a prayer
Cause doomsday is near, faggot niggaz is scared
They stand and stare as I appear upon a cushion of air
With a long white beard flamin, hot enough to sunburn Satan
Hotter than white people takin vacation
out in Jamaica out in the sun bathin;

sun bakin in gamma ray radiation
til they skin color look cajun
Motherfuckers start agin to the point
where they faces shrivel up like raisins
and they become cancer patients

[Chorus]

[Canibus]
Yo, yo, yo.. I manipulate the metaphysical
power to hold my breath for half an hour
Continuously breathin outward; you ain't an MC you a coward
I make wack rappers lose control of they bladders
and piss in they trousers
Pink pussy possum niggaz play dead
While my heat waves hit, and verbal x-rays evaporate shit
Water molecules get transformed to vapors
My lyrics turn the Pacific into a dry lakebed
Electromagnetic cassettes melt tape decks
Niggaz battle in space; tryin to hold it down
but they can't cause they weightless
Amateur swordsmen gets stabbed through they face mask
trying to escape death
A world where the whole globe will contract Ebola
from drinkin spring water darker than Coca-Cola
Human with AIDS, computers with Y2K
I rock rhymes counter-clockwise until doomsday

Fuck y'all, fuck y'all, fuck y'all

Canibus Lyrics

"Lost @ "C""

[Verse 1]
Yo, yo, yo, now when you see that big ass C, you know I'm comin through
And when you know I'm comin through, you know what I'ma do
I never sent to battlin me, would be impossible
I just think it's highly motherfucking improbable
You talkin to a nigga, niggas split molecules
To subatomic particles, strong enough to stop a bull
Bodies slam, to oxygen, drop a mule
Urinating rocket fuel, freestylin over gospel tunes
Rhymes by the thousands, rhymes for hours
I could kick a rhyme longer than your whole album
Kickboxer, beatin the shit out niggas proper
I beat 'em till they holler, beat 'em til the cops come
Beatin niggas til they have seizures, beat 'em til they start screamin
Like fax machines when they start receivin
Beat 'em til my own hands start bleedin
Beat 'em til they lungs stop breathing and they heart stop beatin
From 12 am to 12 pm in the evening
With three 15 minute breaks in between 'em
Good jesus, that's a really stingy beatin
That's what you get for fuckin with this lyrical demon
Bloodstream's been, contaminated for eons
I got cast out of heaven for treason
Got cast out of the Garden of Eden for lettin the reptillian beast in
Got locked up for a DUI and speedin
A whole legion of half decent emcees get released when
They spit a hundred bars for they freedom
See I'm much too nice to compete wit
Too nice to flow over beats wit, too nice to hold a M I C wit
Off some diesel Hercules shit, I cold flip
And start to punch trees til they leafless
Inhale with two real deep breaths, hold my breath
Til the whole planet suffocates and then release it (release it)

[HOOK x2:]
Yo, you ain't as cold as us
Or as bold as us
When you get thrown to the wolves, you get thrown to us
(When we in the warzone, we got the chrome wit us)
Cuz we rollin rough, when the soldiers rush
Either you roll wit us, or get blown to dust (ashes to ashes and dust to dust)

[Verse 2]
Yo, yo, now for the last couple of months, things been real quiet
Cuz I ain't heard shit worth buyin
I'm bout to show you niggas how I'm driven
The drive comes from my lyrics and my lyrics come from my inner spirit

Five bringin the, faster than 12 cylinder engines with nitrogen in 'em
Faster than F-1 with light pistons
Fast enough to give your brain an aneurysm
Cuz you niggas is slower than fat bitches with tabalism
The way I rip apart the competition when I be spittin
The name Canibus might as well be Cannibalism
Show me a man that can't feel him
I'll show you a man that'll grab him by the neck
And put his head to the fan on the ceiling
Suffer real bad from television shit
Drop him off the roof of a building and let the news film him
I hop in front of the cameras and tell 'em how I'm feelin
I tell 'em how I feel that hip hop, should deal wit it
Tell 'em how I'm tired of the state rappers in
Ninety percent of the shit that rappers give is subject matter less
Not original, but blasphemous, just a bunch of the same characters
Shootin the same videos, it's embarassing
You's in the same formal as the *[?]*havel head?
You's are the same actors and actresses, same shit different laxative
Face it nigga you wack as shit I'm snatchin your mic
I make you run for your life, children in the daylight
That track you at night, my global position is satellite
Got a infrared blaster to test your body's fahrenheit
Wherever you go, I track you through hail, sleet, or snow
I track you til you're seizure grows into a afro
Until you plaid 'em into cornrows
Track you til your shoe soles develop holes
And you get, corns on your toes
Til your teeth develop hollow coses
But you been goin so long without deodorant you don't even notice it
Motherfucker

[HOOK x4]

Canibus Lyrics

"Phuk U"

Phuk..U *[x4]*
Ok
Phuk..U *[x4]*

[Verse 1]
Yo, yo
Ayo, nobody can flow wit Bis
Rock a show wit bis
Or go toe to toe wit Bis
None of yall can co-exist
We livin in an Ice Age and its cold as shit
100,000 dollar price range, niggas is frozen stiff
All I know is this
My felt tip hotter than hell get
186 thousand miles per sec can melt flesh
Give a nigga a tan
Aerosol cans expand and explode in my hand
While I promote that new Canibus jam
Niggas feel it underground wit stalactites hangin from the ceiling
I'm out on tour wit 30 city trips
Every state its like bitches be bulimic for dicks
Screamin the chorus
Half unconscious
I hold my cordless
Smoke the most enormous trees in the rain forest
While the people go insane for us
I pierce a cloud and make it rain on us
Break the equipment and tell the engineer that I ain't payin for it
I freestyle the whole set
Kickin a hundred bars, nigga fuck who's on next
Fuck you!

[Chorus 1]
Phuk.. U.. *[x2]* Ok

Phuk.. U.. *[x4]* Ok

[Verse 2]
Fuck- them extra niggas that's always around you
Fuck- niggas that talk about you and try to clown you
Fuck- niggas you run into that never did nuttin' for you
Fuck- niggas thats lyin tellin people they discovered you
Ok, Fuck- niggas that're jealous cause you nicer than them
Don't give a -fuck- who you offend you gotta fight till the end
If you -fuck- a groupie chicken when you out on tour
Smoke a little bit of weed wit her then -fuck- her some more
Tell her to bring three friends so you can -fuck- all four

Menage-a-trois, what the -fuck- she expect you a dog
Almighty god blessed you wit a dick and two balls
So if you like to -fuck- pussy that don't mean that you wrong
Unless you -fuck- it raw dog
I -fuck- a nappy dug out
Bust in her mouth
Kick her the -fuck- out
She'll cuss me out, like...

[Repeat chorus 1]

[Verse 3]
Yo, yo
Ya superstar status don't mean shit to me
Lyrically sucker emcees still get frequency
Try to dis me now
How you sound?
Yo, whoever signed you must be runnin the circus cuz you a clown
You a rapper wit a drug habit, hidin the truth
Camoflaugin ya needle tracks wit some colorful tattoos
You was never equipped for this
Never equipped to spit wit Bis
I'm swift as shit
Let me point out the main differences
You magnificent
I'm mic-nificent
Yo, I'd even go out on a limb wit it
Say you write a little bit
That don't make you a tight lyricist
Cause you don't practice or stick with it
Look at the 60 hour shifts I spend wit this
I never quit, I got a gift for the art
A low maintenance cost
No physical movin parts
In '98, niggas thought I was God
How the fuck did that change
I'm still one of the illest niggas in the game
So look inside yourself and tell me what you see
If you see a hungry nigga then you lookin at me
And its aight if you don't trust me
Cause I don't trust you
As a matter of fact I'll probably bust you
Motherfucker, Fuck you

[Chorus 2]
Ok, Phuk.. U.. *[x4]*
Ok, Phuk.. U.. *[x4]* Ok..

Canibus Lyrics

"Horsemen"

(feat. Pharoahe Monch)

[Pharoahe Monch]
Yo yo
The sheer fuckin assemblin of these fo' niggas rekindling war
Seek the Horsemen, we walk the planet Earth on all four's
Cause your empire to Fall like the season before winter
Don't get beside yourself like clone twins in the placenta
Assassinate the mayor through time-travel
The assignment: to reduce all molecules and pass through solid confinement
The only way you could flooowww *[slows down]* iiisss iiifff
I liquidize your rhyme
Consequently blowin by me crystalizin your mind
The government assigned sentinals for Horsemen elimination
Claimin we were mutants of artificial insemenation
Lost my limbs to bomb shrapnel
But through cell regeneration the blood accelerates at twice the speed
Peep the vindication indeed
Think tank full when you blink, think syncronicity
Rob three banks at the same time through Multiplicity shine
PLEASE!!! These four niggas combine alone
Bringin a nation of MC's to their knees wit ease
Seige a soldier and hold men for ransom
Stop procreation, chop they cocks off so they can't come
Block off a forty mile radius, bomb your fanbase
Seeds to abnormally born and scorn wit a man's face
Indeed watch the moon bleed, we lead by example
Loop my life in time, stretch it in a nine like a sample

[Canibus (Horsemen)]
We rock quadropeds (Horsemen, enforce men)
Chop off your fuckin head (We the Horsemen, enforce men)
Leave you all dead then we eat your car-cus
(The Horsemen) I'm a Horseman (enforce men)
I'm a Horseman (The Horsemen)
I'm a Horseman (The forcemen)
WE THE HORSEMEN!

Canibus Lyrics

"Horsementality"

(feat. Ras Kass, Killah Priest, Kurupt)

[Ras Kass]
The beginning of the end niggas!

[Canibus]
Yeah, we gon' rock this shit forever, the alpha and the omega
The Canibus'll make your eyes redder
FUCK ya'll niggas talkin bout cheddar

[Ras Kass]
Brought to you by your millennium group The Horsemen

[Canibus]
Four swordsmen (From the land of the lost)
Ras Kass, Killah Priest and Kurupt wit Can-i-bus
Throw your 4's up or get your vocal cords cut
MOTHAFUCKER!!!

[Both] Wavin the four-four!

[Kurupt]
I'm headless nigga, but I packs a big piece
Blastin, they let assassins loose on the street
Murderous notes I wrote, I lacerate throats
I toss fire at niggas
Mothafuck a six, the condos is supposed to be flip bricks
All thirty-nine of your bitches, pretty-ass bitch nigga
I'll throw some fucked up kicks on
Next is a small tank top, the spot, shot it up
Beat you in your face wit a rope knotted up
Cuz we don't give a fuck, the Headless Horseman Kurupt
See I'm off the wall nigga, Horsementality
A Horseman nigga and that's all I'll be
See I'm tired of this Barkley shit
Niggas talkin shit, I wanna see the streets dark again
Let the heaters spark again
Police callin all cars off then
Powerful as a mothafuckin Vulcan
My specialty is poetically lyrically energetically ultramagnetically
Dogg Pound pedigree
Fuck the shiny shit, fuck a bitch, only grimy shit
Dirty shit, holocaust thirty-thirty shit
Missle click, assassin Sicilian
Kill women and kill men, and kidnap children
For vengance in the name of the Horsemen
Slice your Achilles tendon, the Headless Horseman
And we abide by the code of the streets

The makings of a real MC nigga
(C...C...C...C) yeah bitch!

[Canibus]
So just abide by what you ride by
Cuz we abide by what we ride by
Just abide by what you ride by
Cuz we abide by what we ride by

[Killah Priest]
Mothafucker, it's started, four apocalypic prophets
Appearin outta floatin objects
Wearin mid-western garments
Long trenchcoats wit our hands in our pockets
Slappin all you scary-ass rap artists half retarded
Swear by our fore fathers
Anything you speak, think, or show will be disregarded
Then I drag your frightened ass through the darkness
Bring you out the other side as a carcus
I'm heartless, regardless if you claim to be gods or goddess
To me, ya'll all garbage
I see all of ya'll as movin targets
And my lyrics be the atomic rocket
Cosmic vomic spittin, hittin at ya Vietnam vets
Wit military arms and bombs strapped to our chest
Castin meteor storms and comets
Now who wanna make the next rise comet
And be the first one left unconcious
After I squeeze your head like the Charmin
Fuck around and see a lightning bolt around your throat
And squeeze till your head smoke from all the electric volts
Satanically sacrifice your ass like in a colt
Have your seance inside of a dark synogogue
We was lyrically sent to ya'll
Like deminigod to put a end to ya'll
Spit bites like dogs and get the scent of ya'll
Horsemen, we be scorchin when we be walkin
Wit the power to put a graveyard inside a coffin

[Ras Kass]
Let's serve it out like the breeze
Now watch me do one-armed handstands
And hang these N-U-T's over seven continents and seven seas
Streets is Lebonese
Be rockin Bogari wrist watches and sniper marines
Most of these MC's can't even rap
Just modeling, go gold and get big-headed like they swallowin colleges
I spit empty gravesites, rap stars fill em out
You what? Thirty, forty years old and still wack as fuck
Me? I'm ain't even in my prime
When I write my dopest rhyme, western civilization declines
Catch me hoppin off the A train in a New York state of mind
But I rep westside, so I keep L.A. time

That's a three-hour difference
So when my bitch is a six, she really a nine
In seven days, she'd still be a dime
Call me Blaze Skywalker hittin jugular veins
Crack open your skull wit a paperate and suck out your brains
Kiddo, I be doin my thug-thizzo for shizzo
And the wife of a careless man is almost a widow
So what's happening, from P.I. to '99 Madden
Since police be jackin blacks, I talk to pigs in Pig Latin
Uckfe uye ichbe echbe a igginebe and free Keith Murray
[Translation:] Fuck you bitch ass niggas

[Canibus]
Yo yo yo yo
I kick a verse at six-hundred and sixty-six meghertz
Make lightning flash across the sky everytime I curse
Six-hundred and sixty-six flashes
Give out six-hundred and sixty-six lashes
To the backs of six-hundred and sixty-six Master of Ceremony has-beens
Put a crown of thorns on whoever the king of rap is
If he's a (Catholic) I nail him to a crucifix
Then I beat him till he's blackish-blueish
Then perform acupuncture wit six-hundred and sixty-six toothpicks
Beat em wit two whips wit pieces of broken glass glued to it
Your whole crew gets bayed and nuetered
As i aim and shoot it, you get sprayed with bullets
Your armored cars and your kevlar vests is useless
I'ma fuck all of you pussies like group sex
You get six-hundred and sixty-six years imprisonment
For bitin off another niggas' shit you bitch
You got caught, now you on the other side of the law
Snitchin on mad niggas in a soundproof court
To get some of your sentence knocked off, na nigga you wildin
Cuz you still be in Riker's Island gettin forced to toss salads
You scared of that, wit a phobia fear of that
I'ma tape it on a digital video DAT and send a copy to Miramax
Leave you exposed, turn on the fiction and fact so everybody you know
You a sucker-ass nigga, father-fuckin ass nigga
That got fucked in the ass by a father figure
(Battle who?) I'll bruise and bash you, blast you
Autograph you wit a bullet wound for a tattoo
Delivering mind blowin rhymes and poems
Controllin my tongue when I'm flowin like pilot controlled Boeings
When I get bitten, I bite back
Quicker than Tyson attacks, I don't give a FUCK if I don't get my license back
So, take caution
The Four Horsemen'll chop your head off wit a sword then
Gallop northward
MC's take caution
The Four Horsemen'll chop your head off wit a sword then
Gallop northward mothafuckers

Yeah, so just abide by what your ride by

Cuz we abide by what we ride by
Just abide by what your ride by
Cuz we abide by what we ride by, HA!

[All]
Wavin the four-four! All you heard was "Priest, don't hit me no more"
Wavin the four-four! All you heard was "Bis, don't hit me no more"
Wavin the four-four! All you heard was "Ras, don't hit me no more"
Wavin the four-four! Aiyyo Kurupt, hit them niggas wit the hardcore

[Kurupt]
Yeah nigga, I'm headless without thoughts
Wit my mothafuckin arms crossed
I transform from a Dogg to a Horse
Took over the whole race course
Throw the jockey off the saddle, now who the fuck really wanna battle?
[Fading]
Got me a pistol, launch it off like a missle
Let it whistle, they fall fuckin 'round wit the Dogg
I'm a hog

Canibus Lyrics

"100 Bars"

Yeah!!! That's the beat right there.
I'm about to black out with 100 bars on some professional shit.
So don't try this at home, yo.

Yo, yo, yo
My style of rhymin is ancient like Aztecs and Mayans
Because I recognize its all about timin
Me and my freestyle alliance practicin African voodoo science
In front of 20 ft. bonfires lookin skyward
Calculating May 5, 2000 the nine planets'll be in alignment
The arrival of the prophet in the cockpit
Of a starship the size of the Hale-Bopp comet
With mercury ion rockets
And a big ass "Canibus comin soon" poster on the side of it
I'm known geographically and intergalactically
That's why I got extraterrestrials that wanna battle me
They even tried kidnappin me
And they would've snatched me
If their craft didn't get trapped in the Earth's gravity
Engines stalled and failed. Crashed into a farmer's field
And that's really what caused Roswell
Undercover operatives workin for COM 12
Disguised as a nigga signed with a record deal
Lyrically I'm off scale
So all hail or get tossed towards Hell, whatever y'all feel
Briusin niggas, confusin niggas like Chip Fu from the Fu-Schnickens
Hit you with nuclear cruiser missiles
Hear the wild wolf growl
Styles stockpiled for miles from the ground to the clouds
Wack niggas wanna be down but its not allowed
Interrupt the cipher unannounced and you'll get punched in the mouth
With the southpaw southern fist
I'll bust your shit. Swell your lip and get the Bubba shrimp
Back the tougher shit. What a wimp
You giant Goliath. Niggas get shot with a rubber sling
I'm an experiment gone bad.
My brainwaves on an encephalograph show that I'm stark ravin mad
Your whole scientific staff'll get killed in a nuclear blast
When I throw the formula stashed in my hand
Flammable liquids in the lab explode
And you get stabbed with all the flyin glass
Trained to blow up commercial aircrafts
Trained in chemical weapons class
Just to see how long a nigga's breath'll last
I put him in a leather mask
Spray his ass with a can of pepper gas
Then watch him grab his neck and gag

Watch the nigga choke to death as I laugh
"You wanna battle?" is the type of question you should never ask
Nigga, pick a tougher task. See who the fuck'll last
Whoever lose'll get a solderin iron up the ass
You need to recognize
My hand is quicker than the eye
Quicker than the 5 speed Jamiroquai drives
A lifespan longer than 9 lives. Infinite rhymes that can't die
A nigga with a divine mind
I dedicate this to the wise. Dedicate it to dames
Dividin myself into 100 ten times
You can't deny the offerin's an offer
Flows that glow with aurora's the spark of light
Water fly like a saucer
With the torque of a Porsche
Murder a million MCs then autograph all of their coffins
Been gettin it on since I been born and I'm a live long
And I'm a be gettin it on till I'm gone
Look at all the stages I been on. All the songs that I spit on
I took an oath to rip everything I get on
A nigga like me should have Carpal Tunnel syndromes
In the wristbones from grippin microphones this long
I'm just a small fish in a big pond
And gets pissed off whenever I gets picked on
Nigga try to flip and get flipped on
My army march a million strong
Like the nation of Islam with suede timbs on
Extremely hostile
Fully armed troops dressed in frog suits and night vision goggles
A lyrical lynch mob
Shittin on niggas drawn to a hideous form with horns and a mink on
Duckin down low like Vietnam fightin the Vietcong
Screamin "incomin" when I see a bomb
Speak to your leader. Surrender your arms
You need about a million more soldiers to even the odds
Plus 800,000 to even consider a war
And 200,000 more to even look hard
You better drop your flag and withdraw
My cavalry charge accompanied by a blizzard of wicked metaphors
And smash y'all. Attach y'all to the back of my horse
And drag y'all across the motherfuckin asphalt
9 out of 10 niggas is frauds
You know who you are always talkin about your bitches and your cars
Your jewelry and your girls. It's like we from two different worlds
You motherfuckers really get on my nerves
Cause I'm beyond them, on some futuristic cyborg shit
I close my eyes when I freestyle so I could read what picture crossed in
Then raise my arms like a sorcerer and cast a fireball into the audience
To barbecue your brain organs
You feel like you've been thrown in a microwave oven
I flame broil suckers and hit 'em with some more shit
The raw shit. Call my reinforcements, the four horsemen
Take a big piece of chalk and draw a line across the stage pulpit

I dare a motherfucker to cross it
I'll even call my man Black Rob at two in the mornin
Tell him it's important. Tell him to call Sting 3 way and sing a chorus
Break your camcorders so you motherfuckers can't record it
Call the news, I'll kill your reporters
Start a lawsuit, I'll kill your lawyers
Fuck the soft shit and fuck what y'all think
My album's gold cause my album was the bomb, shit
Y'all niggas got your ass beat cause you asked for it
Got your picture taken and put in a tabloid
Cause you a man and you like to touch little boys
You fuck 'em in the ass, then you give 'em cash for it
That's some sick shit homeboy
A hundred years ago, they'd have took you to see Sigmund Freud
You fraudulent. Feminine. Fragile as a feather is
With an effortless blow, I'll crack your whole skeleton
You think you're better than Canibus, where's the evidence?
You got below average intelligence and poor penmanship
You need to shut the fuck up cause your breath stink
Take fifty cents and purchase a pack of peppermints
Battlin me you never win
You thought you was the only nigga that could sneak a weapon in?
Nigga guess again
Cause after I'm finished wreckin this shit
I'm a drink a whole bottle of Henney and go fuck a lesbian

Canibus Lyrics

"Chaos"

[Verse 1 (acapella)]
Yo yo yo
Now ain't nobody fuckin wit the mastermind
I'm like Einstein, a hundred and fifty times magnified
Nickel and Teslin, Jon Von Neuman
All wrapped up in the body in one human
I rhyme the tightest, shine the brightest
I blind the optic fibers in anybody's iris
When it comes to rappin, I'll smash your ass
Whether you Latin, Black or Anglo-Saxon
I'll smack you wit a backhand
That crack your back like chiropractors after lookin at your catscan
In between albums, I've become a masked man like Batman
And stalk my own rap fans
I'm like a madman fightin a war
Throwin lightning rods, swingin lightning swords
Blow you away wit a force that'll leave your body lost
Gone, nothin to mourn, nothin to do a autopsy on
I rock till I can't rock no more
Till I can't get no mothafuckin props no more
Till they boo me on stage when I'm out on tour
Till 2000 B.C. ain't hot no more
I'm a dragon wit the head of a lion, jaws be like saws grindin
Claws rip through walls of cast iron
I slap fire outta hoodlum, pull out steel and start shootin
I clap iron like Duke Nukeum
Try to attack 'Bis, you get your face stomped
Flatter than a compact disc wit black Timbs
Flatter than a Yankee baseball cap rim
Flatter than the knife Jigga stabbed Un wit

[Chorus]
If you the first nigga that laugh
I'll blow you in half
The first nigga to talk trash
I'ma blow you in half
The first nigga to show your ass
I'll blow you in half
The first time'll be your last
Cuz I'ma blow you in half

[Verse 2]
Yo check it beat comes in
I destroy your whole city block when I'm ready to rock
Blow the speaker box, magnetically shielded or not
Magnetically energy poppin gates of radio waves
Oscilate lyrics and beats copulate to pop your tape

Manipulatin space in large proportions
Millions of brain organs get lost when I start talkin
About shit like supernatural forces
Gnomes and theories and superstring theories
Most of you mothafuckers barely
Even understand the English language, much less think clearly
When I die, will I go to Heaven or Hell
Or will I end up in a place called the Van Allen Belt
I researched my roots, lookin for proof
The best place to hide a lie is between two truths
The aftermath of a nuclear blast
When the average death sentence becomes a dead paragraph
I dig a 5 by 9 rectangle in the grass
Reach your epitab and bury your ass
As the coffin gets lowered into the ground slowly
I'll sing all of your greatest hits, oldies on karaoke

[Chorus x2]

Canibus Lyrics

"Stan Lives! (Skit)"

[driving car]

[Bliss:] "Hey, yo Loo, what time is the flight man?"
[Loo:] "We got 30 minutes to get to the airport, man, heck you should drive a little faster"
[Bliss:] "What! I'm already doing above"

[Stan's car passes them]

[Loo:] "The fuck's the matter with this guy?"
[2Pak:] "Crazy motherfucker"
"Damm, slow down"
[Bliss:] "Who's he tryna' catch?"
[Loo:] "I dunno, but if he don't slow down, he might-"

[Stan's car skids and crashes off a bridge]

"Wow! Shit!"
[Loo:] "See that?!"
[Bliss:] "God damm! Yo, that nigga just drove over the bridge! Yo Pak! Yo, slow down man!"
[2Pak:] "Yo, Bliss man, we gotta make this flight man, we got 60 G's on the show"
[Bliss:] "Yo, somebody's in there, yo, pull over Pak!"
[2Pak:] "Yo, I'mma call 911, to son"
[Bliss:] "Man, if we don't do sumthing man, they gonna' drown!"

[Bliss gets out if the car]

[2Pak:] "Yo, Bliss man, what are you doin?"
[Bliss:] "I gotta go, yo I gotta go rescue them"
[2Pak:] "C'mon Bliss!"
[Loo:] "Yo, don't worry about Bliss man, he a good swimmer son, he knows what he's doing"

[Stan is gasping for air]

[Bliss:] "Yo, is he breathing?"
[Bliss:] "Yo, I dunno, yo Loo, quick man, get me a sweater so I can put it underneath his neck"

[Ambulance sirens]

[Ambulance person:] "Thank you, now could you ease step to the side"
[talks through radio] "We have a 53-11, I repeat, a 53-11, our ETA is 7 minutes"

[Ambulance person:] "We'll take it from here, what's his name?"
[2Pak:] "We dunno, we was just right behind him and he just drove off the fucking bridge!"
[2Pak:] "Yo Bliss, we gunna miss our flight man, we gotta leave now!"
[Bliss:] "Yo, excuse me, how far is the hospital from here?"
[Ambulance person:] "5 minutes, I need you to come to the hospital and fill out a report"
[Bliss:] "Ok, ok, yo, I'll just catch up with y'all at the airport"

Canibus Lyrics

"U Didn't Care"

[Chorus]
You.. didn't, care about me
And now this is how it has to be
I was lost, but now I am free
I'm happy cuz I found a family

[Verse 1]
Whattup Em', it's ya biggest fan
It's not even necessary to introduce who I am
by now, cuz we're good friends
Remember the letter I wrote, before Atlanta on Up In Smoke
That's the day I was gonna cut ya throat
I guess my watch was broke -- cuz by the time I woke
I seen my watch was twelve hours late and I missed the show
But none the less I'm glad that I finally reached you
Ever since the accident I've been dying to speak to you
To tell you things have changed, and I'm a different man
A different level of understanding, I'm a different Stan
Things are a lot better, I promise I won't harrass you with any letters
Saying shit like "We should be together"
I may reach and start a group
The industry's full of homosexuals Slim, but I don't wanna fuck you
I got a new attitude, really, I ain't mad at you
I just wanted you to recognize I got talent too

[Chorus]

[Verse 2]
When I say talented, I don't mean battle kid
I mean storytellin, kinda like how ya album is
I been attendin counselin and takin medicine
They did some tests on me at NIH in Maryland
They showed me techniques to help me pressure
whenever I remember that crazy night when I was being reckless
Drivin with a deathwish, on the bridge and I crashed into a Lexus
Right before I finished that last sentence
I was listenin to Xzibit's album "Restless"
The next thing I knew I was under water and breathless
I was unconscious for a second, literally dying to go to heaven
till some fellas came and pulled me from the wreckage
They started CPR, then they called the paramedics
In retrospect I probably shoulda used a gun to end it
By the time the car sunk
My pregnant girlfriend was still in the trunk
and I was still feelin kinda drunk
The ambulance came and they put me on the stretcher
Hooked me up to the IV and checked my blood pressure

One of them was so concerned that they wouldn't leave
He hopped in the back of the ambulance and rolled up some weed
My vision was blurry, I couldn't really see
I just remember his voice talking to me
In the emergency room, I needed surgery to get some glass removed
and fifty stitches for my wooze

[Chorus]

[Verse 3]
After a couple months of therapy,
I figured I was as ready as I'd ever be - I wanted to be an emcee
He took me to shows wit him, he let me flow wit him
He let me write some rhymes and go on tour wit him
I really believed in him, I decided to team wit him
And now I'm overseas wit him, gettin cheese wit him
And I'm emceein wit him, I'm havin the best time of my life
And I'm writin the best rhymes of my life
He introduces me to people as his lyrical equal
Let me write a rhyme on his album and even produce a beat too
He ain't see-through, I can't see him frontin
He's not the type to call you, just because he needs somethin
That's what I like about him,
I wouldn't want to rock a mic without him
He's got kahunas and he's not a coward
Matta fact, I think he met you
It was the day you came to his video shoot with DJ, Jimmy's nephew
'Clef stepped to him and told him he should step to you
That you was ghost writin for L, but that wasn't true
You was lookin at him the same way I'm lookin at you
Why can't we be friends Em', I don't want nothin from you
You see there's a little bit of Stan in all of us
Tell me where you think all of these record sales sparred from
Talkin 'bout Britney and Christina Aguilera
Nsync too, have you ever looked in a mirror?
Your hair ain't really blonde, and ya eyes ain't blue
So never diss me, cuz when you diss me your dissin you..

See.. See what happens when you don't care

[Chorus]

Canibus Lyrics

"The Rip Off"

[crowd chanting]
Can-i-bus, Can-i-bus, Can-i-bus
Can-i-bus, Can-i-bus, Can-i-bus *[x2]*

[Hook: x2]
Can I rip it? (Yes you can!)
Can I rip it? (Yes you can!)
Can I rip it? (Yes you can!)
Well I'm gone (Ohhhhhh!)

[Verse 1]
Yo, my brain races to create these lyrical mosaics like paintings
To me record store and art galleries are merely the same thing
I feel like I'm Rembrandt and my man Van Gogh is amazin
Canibus is not some average rap patron, have patience
I went through changes, not being with the majors and all
'Til my man Louie Lombard gave me a call
and talked about some other way to cake off
I thought hmmm.. I could make more, he said "Sure"
"I could put you in about three thousand stores,
and get at least fifty thousand orders"
"Maybe more 'Bus, who knows your fanbase is emormous"
Well of course, look who I've toured with; Wyclef
I didn't sell twenty million cuz it wasn't my time yet
I'm satisfied with the line up I rhyme with
Kool G Rap, Pharoahe Monch, and Rakim
Including future superstars I've worked with thus far
Like Free, from 106 and Park
You need to understand somethin; 'Bus is raw
Raw to the floor, raw like reservoirs,
Auger mechanical mandible jaws, split you in half
Addicted to rippin jackers, but I rip a jackass
Before we battle, there's two questions I have to ask
Are you carrying any firearms, and did you pack your bags?
Cool, cuz I'ma make you feel real bad
And I'ma make you so mad, you'll probably spazz
I can see you tryna get me like they got Biggie
Somewhere in the city, on a pretty day when I dressed in Jiggy
And I got security with me
I'll give you a buck-fifty so quickly,
you won't even know that ya nose dripping
So much blood on the floor, you might as well be pretending
to be mudwrestling a dozen bitches PMSing
Sounds kinda tempting, doesn't it?
Dissing me wasn't really worth it, was it?
I'm buggin, I know a lot of y'all loved it
and tryed to convince the public to safe bug this

But just think, I played y'all like a bunch of puppets
You play Russian Roulette with a musket,
and got busted in your own nugget
A twenty-one gun salute with no bullets and no trumpets
While the rain pours and the storm thunders
Your rotten carcass smells so pungent, it turns my stomach
Attracts the buzzards, on Fox Eyewitness News coverage
Rip the Jacker's on the loose in London,
he slipped through US customs and flew to Dublin
Frontin as a janitor in a school or somethin
Workin for little or nothin, I'm warnin you DON'T TRUST HIM
He's a complete risk to the American public
And don't ever call the law cuz he thinks he's above it
Let's get one thing straight; you can't touch him,
Outsmart him, out muscle him, or out hustle him
You can't beat 'em - join 'em, you can't join 'em - fuck 'em
Can-I-Bus, either ya hate him or ya love him

[Hook: 2x]

[Verse 2]
Yeah yeah, I seen you at Ruby Tuesday's
With a toupee, talkin on ya two-way -- you look gay
Nigga I don't give a fuck about the games you play
I gnaw on ya bones 'til my teeth turn blue-gray
Or turn yellow like I ain't brushed in a few days
And the blood starts to taste like red toothpaste
Nigga this ain't communion and that ain't Kool-Aid
Delicacies the FDA won't approve in the states
Like a little witche's brew in your vanilla latte
Or perhaps Filet of Dog in a Malaysian cafe
If I was a cook I would probably take a half day
Clock out and never come back, you keep the back pay
That's some metaphorical shit, all you have A
Is that why all you weirdos all attracted to me?
Look at yourself, why you even listen to me?
Listen to yourself, your constantly dissin me
Well listen to this bitch, get off my D
If you don't think that I'm the illest, that's cool I don't agree
I proved myself, time and time again
Grippin mics like Heinekens, who want me to rhyme again?
You could never expire the fire within
Killin me with a gun is easy, try a pen
For the use it was intended
I don't like to be the one to start the drama nigga,
but I know how to end it
Kill yourself I'll take the credit - get it?
You see that way, things couldn't work out more pleasant

Canibus Lyrics

"C True Hollywood Stories"

[Hook]
True Hollywood Stories.. True Hollywood Story..
True Hollywood Story.. True Hollywood Story..
True Hollywood Story.. True Hollywood Story..
True Hollywood Story.. this is a True Hollywood Story..

[Canibus]
Yo I vaguely remember 1974, when I was born
Soon as the doctor cut my ambilical cord, he put me in my mother's arms
I was cryin when she looked down at me
She was smilin cuz I guess she was happy (Coochie-coochie-coo!)
She absolutely had no idea
I was flowin cuz it wasn't quite clear (You so cute!)
She just kept ticklin me and ignorin me (Weeeee!)

[Hook]

[Canibus]
My native home was Jamaica (No problems man)
We moved to the states a few years later
I had trouble fittin in (What did you say?)
Cuz I had a funny speech impediment
People couldn't understand what I mean
Meeda sata greedafa zeen (Sha oh)
I used to wear cross-colored jeans
Rasta belts with the red, gold, and green
My man used to boost travel pocket for me
True Hollywood Story

[Hook]

[Canibus]
In '93 I met the Lost Boyz
Without them, I wouldn't even have a voice
I showed the world I was nice with the verbals
That's how I got signed to Universal
I released two albums, in all sold 9 hundred and 99 thousand
Over the years, alotta people tryed to diss me
Cuz I grabbed a piece of hip-hop history
Thank God that the drama didn't destroy me
True Hollywood Stories

[Hook]

[Canibus]
I took a trip to England with Pac-Man
Five months later we met Stan

He was cool so we let him join the band
And introduced him to the rest of the Horsemans
Then I hooked up with this cat named Lou (Lou-minatti)
And he was cool with C-4 too (plus two)
Now the whole crew's on tour with me
True Hollywood Stories

[Hook]

[Canibus]
This is a story about beef
Arrogance, lies, and deceit
This is an independent release
And that's why it's totally depended on the streets
I ain't got no record label behind me
Maybe nobody got the balls to sign me
But it's cool cuz soon they'll all be callin me
This is a True Hollywood Story...

Canibus Lyrics

"A Different Vibe In L.A."

[Chorus]
Doop-doop da-da..
It's a whole different vibe when you in L.A.
Doop-doop da-da..
It's a whole different vibe when you in L.A.
Doop-doop da-da..
It's a whole different vibe when you in L.A.
Doop-doop da-da..
It's a whole different vibe when you in L.A.

[Verse 1]
Yeah, cruisin down Melrose, hella slow in a yellow Marinello
Lookin for who sells shelltoes that I could match with my silk robe
I'm like Hugh Heffner at 26 years old, with clear goals
Yeah I'll take two pair of those
I love the way my toes feel in the cyberfoam soles when I'm doin shows
Who knows, I'm prepared to go to and fro
All I do is tell you dudes where the Western Union dough
You need my social security info?
Here's my tax I.D. number, it's worth ten fold
I remember my first album, it shipped gold
That's a insult, considering I did this one in Kinko's
I'm dying to see what this will sold
Will the critics diss it at all, or will they feed 'Bus to the wolves?
Like I haven't been there before,
but at least I'm on a different vibe now, this year it's on

[Chorus]

[Verse 2]
It's definitely a different vibe west of the Prime Meridian
Producers play with live instruments, rhymes are wittier
But don't sleep cuz in a heartbeat Cali is shittin ya
Someone'll put a hit on ya, this'll be where they bury ya
I think it's beautiful, I don't want to be scarin ya
The women are prettier and the climate is superior
Got a girl from Syria, smells like strawberries on her period
I'm serious - that's why I moved in with the chick
We on the top of Mount Olympus, sharin our interests
over a moonlit dinner, burnin some insense
She looks so innocent, next think I know she's pinnin me to the bed
like a scene outta Basic Instinct
Bought her a pink mink and a double link ring
She didn't know I was a rapper and I did my thing-thing
What a coincidence, she listened to Eminem and Nsync
Shaggy, Nelly, and the St. Lunatic clique, Uh-Ohhhh!

[Chorus]

[Verse 3]
Yeah baby, Canibus in the flesh
Everybody want a dose of me, come here baby stand close to me
Take a photo with me, take this address
If you develop 'em post one to me
If you miss me and you wanna kiss me then blow one to me
I like your incentricities, tailor-fitting jeans
Tennis bracelets from Tiffany's in Venice, Italy
Are you from the Middle East? (Oh)
I plan to travel there after my new release
I got Timbaland doin some beats
Yeah, his cousin goes to school with my neice
By the way I'm sorta starred, what kinda food do you eat?
Yeah sure hop in the car, we'll cruise the streets
Around here I know alotta cool places to eat
You off from what, noon to three, just roll with me
My homie Lou just two-wayed me from Lagoona Beach
You can meet the rest of the crew, a bunch of super freaks
We got to unwind, we 'bout to hit the road in two weeks, c'mon

[Chorus]

Doop-doop da-da.. *[repeat to fade]*

Canibus Lyrics

"I Gotta Story 2 Tell"

[Girl Singing]
Listen to me everybody, I got a story to tell
Well, well

Ono wan make beef outta steam fish?
Tell ya artist keep my name out they mouth or you wont have no peace
Compared to Canibus ya pitbulls is poultry
You and Biggie made a dope team but i roast beans
Be careful how you approach things
My name aint J to the Muahh, mann i got a flow that stings
Its rap music, you confuse it if you want to
I might still diss you just to see what you gon do
You must be gettin' insecure or something
I'm just admirien ya shit mann I aint gon touch it
I been through alotta things in my life but I learned from it
Put yaself in my shoes, dont I deserve something?
The only difference between me and you is a BUDGIT
Dont make me have to go sign with Suge or something
Remember this: History repeats itself
Whenever that never ending hunger meets itself
Everybody want they wealth, peace and health
When I was fucked up you aint give me a couple of G's to help, did you?
No, you waited fa my cheese to melt
You want all the hot beats and the streets to yourself
Well my *[?]* niggaz different enough to attract interest
From anybody in the rap business and I'ma get it cash or credit
Besides a little drama from my first 2 records
Rip the Jackers images is unblemished
Come on I wouldnt bite you I look at you like my dentist
I thought you was number one recommended, why you offended?
Hip hop aint ya property, you aint the only tenant
If I win the lottery you cant tell me how to spend it
You got something to say, dont put ya Henchmen in it
Them little monkey faced artist that you sign fa pennies
I refuse to serve them like Dennies
You know they rhymes is petty
Dont tell me that ya school of hard knocks turn preppy
None of yall motha fuckers know me and you never met me
And if my name wasnt shit then you wouldnt sweat me
Thats ubsurd right? Me gettin busy get on ya nerves right?
You really are listenin to the words right?
High when i wrote this but sober when I spoke it
Its not like I tried to promote it like Jay-o did, ya notice?
Mann I was never focused on you
I just spit hard on the mic cause my shit is hot too
I went out and bought ya album 2 times, I aint hatin'
Next thing I know you talkin Jamaican like you a native

But you really violatin', you dont know what you sayin'
Canibus aint in the game so you know he aint playin
I had nothing before and I have nothing now
Fuckin' with a nigga with nothing only brings you down

[Girl Singing]
Listen to me everybody-rybody-rybody-rybody...

Canibus Lyrics

"Hate U 2"

(feat. Pakman)

[Canibus]
Yo why you got so much hatred?
Why you don't want me to make it?
What are you afraid of?
You treat me like I'm not a member of the rap game club
Yo I sold a million records too, I don't get the same love
It's strange because the majors already drained my pockets,
and now they wanna drain my blood
Do you have any idea of what I did to get here? Do you?!
You can smell the hatred in the atmosphere
This record is livin proof that I've made it
And your listenin to it now, and it's on an independent label
You like Canibus? Yeah right, if you say so
Talk to Louie Lombard, hey'll put you on the payroll
When you see me on the street now, I probably really glow
Nothin like some of these wack rappers that are really broke
I can laugh at a meaningless joke, but I got a daughter to feed
Don't hate me cuz I'm competin bro
I'm doin it all by myself
And as long as I'm on the shelf, I'm always have wealth
This is what motivated microphone FIENDS do
And it's ok if you hate me cuz I hate you too

[Hook]
Is the reason why you keep callin my name out of the blue,
If it's because you hate me, then I hate you too
We heard it through the Grapevine and now we know it's true
Just tell me that you hate me, I'll say I hate you too

Ah-ha, ah-ha! We found out you was hatin on us!
Ah-ha, ah-ha! We found out you was hatin on us!

[Repeat 1st part of Hook]

[Pakman]
I hate your style, when I see you I wanna earl
I should do somethin real foul, like get at your girl
Make your heart throb, take a hooptie and smash your parked car
Run up in your favorite night club, get you barred (Fuck outta here!!)
Why you like to hate stars? Why you talkin in riddles?
Me losin is the only way to get you to giggle
You pitiful motherfucker, you gon' stay in the gutter
I can see you at 33 and still be livin with your mother
I'm sick of you clowns runnin around, hatin on Rippers
You see me in the street, act like your mouth got a zipper
Aiyyo don't say a word faggot cuz it's already proven

Keep it movin, you ain't FUCKIN up this new shit I'm doin
I'm tryin to keep a space between me and you, like gapped teeth
To avoid catchin cases for lettin the gat speak
I ain't never got a problem to meet on a backstreet
In a black hoodie, new mac-milli, now act silly
You can hate me forever, I'ma always be makin moves
Don't be mad cuz I'm a leader, a Ripper that breaks rules
It's a shame what hate's makin individuals do
Don't forget the bottom line is that I hate you too

[Hook]
Is the reason why you keep callin my name out of the blue,
If it's because you hate me, then I hate you too
We heard it through the Grapevine and now we know it's true
Just tell me that you hate me, I'll say I hate you too

Ah-ha, ah-ha! We found out you was hatin on us!
Ah-ha, ah-ha! We found out you was hatin on us!

[Repeat 1st part of Hook]

Canibus Lyrics

"Stop Smokin'"

(feat. C-4)

[Hook]
He love me (He love that rock)
He love me (He love that rock)
He love me (He love that rock)
He love me,(Well he if he love you then tell him to stop)
He love me (He love that rock)
He love me (He love that rock)
He love me (Come on bitch, he love that rock)
He love me,(Well he if he love you then tell him to stop)

[Canibus]
You ever came home everything ya owned was gone
TV, VCR, fridge and phone
And poor your Armani boo cologne
That nice China set from your mother-in-law
Ya say to yourself "How could I get robbed?"
The guard dog would've bit somebody for sure
Could it be somebody that you probably know
Got the ABT code and the keys to the door, no
You better think again gullable ho
Somebody you know was on a rob patrol

[C-4]
And I seen em' pull up in a Pinto
I couldn't believe, eyes peekin' through the window
Ain't y'all engaged, well that day he was with the neighborhood bimbo
I thought to myself, OH!
Why would he a need a credit card to get in for
You keep a set of keys under the mat
He ain't thinkin' of that, he stealin' for crack
On the street he can get a hundred for that
I hope you don't really think he bringin' it back
I'm tellin' ya girl he stole it
He was standin' around the last time I saw it
I remember when you bought it
That son of a bitch got balls if he can pawn it
I remember when I seen him this morning
He pulled me to the side asked me if I want it
I had to look real close for a moment
I was shocked when I seen it was your shit
He put it away cause he somebody was comin' and just took off runnin'
I told ya woman, he love that rock

[Woman]
I remember when I met him two years ago
At the Texaco, I was checkin' though

He impressed me though, he was enchanting though
He ain't have no dough but he was sexy though
At first I played hard to get though
But it got so good I had to let it go
It was one to four, put it on me slow
Even asked me to marry him in Mexico
I can't explain how he made me feel
I was head over heels, in love for real
I took him home so he could meet my dad
Took care of his ass, gave him all my cash
For a year and a half I treated him good
He said he needed space, I understood
He be out all not, what seems for days
Then he showed up crazed and he needed to shave
Smellin' like rotten eggs, I'd tell him to bathe
Clean him up, take him to church and get him saved
In Jesus' name I can make him change
If I would've lost my way he would've done the same
Cause he love me

[Hook]

[Canibus]
I'm tellin' ya he ain't gonna stop, stop
And he just love that rock, rock
Kid run up in ya crib like knock, knock
Take everything that cha' got, got
Gold watch, watch jewelry box, box
The go straight to the pawn shop, shop
He's ridin' that white horse, horse
And he don't wanna get off, off
I got a 800 number you can call, call
Cause that love y'all had is lost, lost
He don't love you he love that rock

[Hook]

Canibus Lyrics

"Lemme Hear Somethin Else"

(feat. Pakman)

[Chorus]
Aiyyo my wrist stay froze (Lemme hear somethin else)
Aiyyo I fuck mad hoes (Yo lemme hear somethin else)
I'm a big dog with big dough (Won't you say somethin else)
Yo man you fuckin up my flow (You ain't got nothin else)
Man I got somethin else (So lemme hear somethin else)
My chain got bagette diamonds (Won't you do somethin else)
I spit rhymes with perfect timing (You could try somethin else)
Yeah you can't stop me from shinin (I'll spit it myself)

[Killer P]
I'm on my way to ASCAP so I can pick up my dough
I ran into a Jacker nigga tryna hit me with flows
He didn't know I had a mind to just bloody his nose
And let the blood pour down on his white clothes

[Pakman]
Chhhh..
Nigga! You don't wanna cipher with me
My name ain't Pakman for nothin, I'm gobblin emcees
Chhhh..

[Killer P]
Damn yo, I wasn't even tryna take it there
Lemme hear somethin in the ear nigga, make it clear
He started goin on about pushin a big Benz
How he stayed jig, and smoked chronic up with his friends
He doin it big and got unlimited ends
I just met the nigga, I seen him walkin up with his mens
Stop frontin shorty, lemme tell you somethin 'bout the game
It's a thin line, from being wack to spittin flames
You gotta represent when you be writin them lines
Don't be a FUCKIN millionaire in every one of ya rhymes
I'ma let you walk in but yo you gotta be quick
I gotta go, and the shit you spittin nigga, better be slick
He started gettin busy, I was noddin my head
Then he fucked it all up and said some shit that I said
Stopped rhymin cuz he knew he shouldn't have said that verse
Lookin stupid as fuck, for that nigga it was the worst
Yo, how you gonna bite and try to be top shelf
Better get ya act together, lemme hear somethin else

[Chorus]

[Canibus]
I give you more grievance than a nigga possessed by demons

Walkin on ceilings, chasin white lot speedin
Like Tony Soprano, takin meetings
With a psychologist about his emotional feelings
and his crime dealings
He even talked about how to make alcohol out of orange peelings
Pink cookies in a plastic bag gettin crushed by a buildin
was cool until Canibus puked it
With ill cannibalistic, animal instincts
Instant lyrical fitness, could you handle the distance?
You don't have enough wisdom
The man who gives quicksand resistance,
sinks the quickest, it's simple physics
I get "Southernplayalistic" and pimp chicks
Put my big dick in they mouth and smear they lipstick
Come here you stank bitch!
Tell ya man if he don't spit a hundred bars
I'ma bust him in his big lips
Spit quick, like 6B tip-tronic stick-shift
Bitch is equipped with a nitrous-oxide flipswitch
If you hate me, why would you recreate me
With those that imitate me and emulate me?
They talk about me so distastefully lately
But that never break me, they underestimate me
Me and the Killer P, and P-A-C get crazy with G-A-T's
I'm a B-E-A-S-T, you don't wanna race me
I do Mach 1 over a A-F-B
No if's, A-N-D's, or B-U-T's
A hundred bars ain't SHIT for a true emcee
SHUT THE FUCK UP! You should be ashamed of yourself
I ain't heard nothin I felt, lemme hear somethin else

[Chorus]

Canibus Lyrics

"Hott Tonight"

[female]
Oh Germaine, can you please tell me one of your
Hollywood Stories?

Oooh..ahhh..exciete merjemon

[Chorus]
When it's hot it's hot, when it's hot it's hot (I'm so hot tonight)
When it's hot it's hot, when it's hot it's hot (So hot)
When it's hot it's hot, when it's hot it's hot (Caliente)
When it's hot it's hot, when it's hot it's hot (I'm so hot tonight)

[Canibus]
Aiyyo.. c'mere girl, gimme a kiss
Tell the truth, you know you like hangin with Canibus
I know you can't commit but at least try a sample
Who knows, I might be too much man to handle
If I'm attracted to you, I'ma make a long pass at you
Come after you and capture you
Put a platinum GPS bangle around ya ankle
To keep track of you incase I decide to marry you
We can be friends till death do us part
Kiss ya left breast cuz it's next to ya heart
Don't be a mermaid, open up ya legs
If you can't spread eagle, just gimme some head
Whatever the outcome, I just wanna come
Beat it up real good, bust one and run
I believe in abstenence, just not tonight
I can't help myself you look hot tonight

[Chorus]

[Female singer & Canibus]
Chupa chupa, boca chula
Whatchu gon' do when I walk up to ya?
Chupa chupa, boca chula
Whatchu gon' do when I walk up to ya?
Chupa chupa, boca chula
Whatchu gon' do when I walk up to ya?
Chupa chupa, boca chula
Whatchu gon' do when I walk up to ya?

[Chorus]

[Canibus]
"Wild On C" with Brooke Burke in the Visa
Steamin like I'm dreamin on the couch with my feet up

I'm not a playboy, I'm a hustler, wait till I touch ya
I'ma do somethin to getchu "burnin" from my Bunson
Clitoris rubbin, sperm pumpin, nerve numbin, humpin in public
The whole world could probably hear you cummin
The way I grab your pumpkin, caress your dumplings
I ain't never leave me girl, so stop frontin
You never wanted a Yes man, you wanted and Arabesque man
With biceps and a chest imprint
Not a skeleton with hardly any skin
I know it's irrelevant but his penis is probably very thin
I'm hung like the trunk of an elephant
Or the trunk of the tree the serpent wrapped around in Genesis
with the same devilish melevolence
Tryin to get you to bite in the food, I injected with seditives
How many orgasms have you had already?
Let's have a shag-a-thon; tell me when you past twenty
When I introduce you to Grand Marye, act friendly
She'll get envious if I ever rub your ass gently
Tonight I'm being a pimp baby, not an emcee
Invite a couple friends, I'll reserve ten seats
After we eat, we can check a couple spots tonight
Gimme kiss, you look hot tonight

[Chorus]

Oooh.. papi..
Oooh.. caliente..
Oooooh...

Canibus Lyrics

"Gotta Get That Doe"

(feat. Pakman)

Yo whattup Pakman
(Aiyyo whattup Bis, I'm waitin for the Rip Off man)
Yo I just wanna know one thing (What's that?)
You ready to get that dough (No doubt)
AIGHT!!

[Chorus: Canibus + Pakman]
We be the rippers that'll bring if you act shady
After we fry you, we puff a blunt and then it's gravy
And you can keep her cuz we don't care about ya lady
Iiiii've gotta get that dough! AIGHT!!

[Canibus]
Aiyyo it's only a handlefull of rap critics
That every had a close-encounter with this rap wizard
You wack rappers can't rip it
In other words your lyrics are to primitive
You need to be more descriptive
Look at the way I flipped it, a True Hollywood Story
I manipulated this miserable music business
Then I caked off two, by going independent
How much you make an album? About ten cents
I make about ten cents, every sentence
It's my third album and I'm workin on my tempence
I don't brag; I'm keep it modest
I'm ain't hot; I'm the hottest
I'm not being pompus, I went through a process
I used to be a prophit, now I make profits
You sound like garbage, one of these days you gon' end up jobless
Pushin a shoppin cart with the same Cristal bottles
you was drinkin out of when shit was poppin
I seen a episode on VH1 Documents
They talked about your drug addiction and what was behind it
The bottom line is, how much you sold
No one gives a fuck if you blow, you gotta get that dough
I'm tired of niggaz talkin about it, but I can't live without it
I'm stuck if I ain't got it, so what's the logic?
Should I talk about material objects, and get on some
"How you like me now bitch," wearing a shiny outfit?
(Nah Bis, don't do that come on) Yeah, I know, I know
But no matter what I do I'ma get that dough, fo' sho'!

[Chorus x2]

[Pakman]
When I get at you niggaz, ain't nuttin personal I gotta

Everything you spit, I'm predictin it's double copper
You the type of nigga to force a nigga to rock ya
Always got ya'self up in the middle of the drama
Frontin for nothin cuz ya niggaz told me you pussy
Need to get smarter and try to holler at the rookies
Fuck with Canibus & Pak and get that ass a coffin
FUCK what you thinkin faggot, we rippin niggaz open
Now is a new day and we be focused on the paper
Still'll get in you but the feeling for dough is greater
Piling with hate and you need to holler at the maker
If you don't do it now, then you gotta face it later
Don't even think about tryna dim a nigga shinin
You gon' fuck around and get slapped up with the iron
Everything we do is connected with gettin paper
And you ain't talk about it, so nigga I'll see you later

[Chorus x2]

[Canibus]
If ya know where ya comin from, ya know where ya goin
I wouldn't doubt myself, not even for a moment
I'm proud of my music cuz it's dope and I wrote it
True Hollywood Stories opens in October
Directed by none other than Canibus for a coper
It's no stoppin me, my commodity is growin
I'll fly anywhere on this planet to promote it
Maybe I should come out with my own line of clothing
I printed up some Canibus shirts and I sold 'em
I jump on stage, and I prove I'm a showman
Can-I-Bus is a microphone omen
I slam it when I'm done to make sure that it's broken
The industry's sick, man I'm already knowin
Never had the luxury to choose, I was chosen
Where I come from, opportunity is golden
Platinum I already sold it, NO SHIT!!

[Chorus x2]

Canibus Lyrics

"R U Lyrically Fit?"

(feat. Luminati)

[Canibus]
Get ready for the Luminati tsunami

[Lou]
C4 *[?]*
Eat meat raw
Street dawgs
Rip these off
And put C's on
Had to ease off
From a show I just peed on
Bought a two-seater that I put 10G's on
Beat her
Cause she took my mother fuckin ring off
She took me to Supreme Court
And the judge got screamed on
They sent me up North
To a prison with a *[?]*
All day long
Lift weights we *[?]*
Meet King-Kong, Big Don, and Little Shawn
Murda One got big arms
He real strong
Beat his own mom 'cause she stole from the weed farm
Word on the streets
Raw
Don't beef with Armstrong
Wrong season
Lou crush anything he breathes on
Pass me the paper and pen
And put beats on
Rip rap songs
[?]

[Canibus]
Yo!
You mess with my horse
You dead as a corpse
Forget it
Rhymes without ending
With infinite lyrics
Fools you do get abused like broads
In a battle for truth with rhymes and metaphors
When my horse appears
Count your prayers
Stab you in the ear

Then pull out the spear
Watch the crowd cheer
Leave the floor wet
With all the blood stains
So the audience knows
The Canibus runs things
I rip down stages
On many occasions
Dozen of broken down mics and melted tape decks
Everywhere I go niggas wanna rob me
Bootleggers be in the front row
Trying to get a clear copy
So take caution
Cause I'm a horseman
And I'll snatch that ass up quick like "turn it off man"
So just acknowledge
The way that I'm gifted
Cause if rap was a felony
I'd be in prison
Hogging up the phone
Cussing at the C.O's
25 to life
With no parole
When battling me
You must be feeling yourself
I rip the jacker so hard
He might kill himself
Like his name was Todd or James
Back in the dark days
It's like a pit bull getting bit by a Shar-Pei
I defend my horse, my men, my friends
My baby's momma
And my offspring
So bring it on then
So I can show you how I devour
Niggas like a rottweiler with acidic saliva
Step ya shit up
Nigga
The rippa's much iller
Cause when I write rhymes
I use the mind to pick the pen up
Most artists are garbage
No skills
They belong in a landfill
Nobody feels it when the grab the mic (let me hear something else)
And start bragging about their massive ice
I can't eat MC's 'cause I lost my appetite
I'm a beast
You a midget
With wack lyrics
Like doctor evil said (quiet, shut up, zip it)
I rain superior
My metaphors are scarier

Non-ill rappers
You better evacuate
Before I exfoliate your face
With abrasive phrases
To give your face a face-lift
Germane spits insane shit
So stop hating if you cant applaud me
And give rap music the glory

[Lou]
'C' - True Hollywood Story

Canibus Lyrics

"Ya Teef Iz Yellow (Skit)"

(feat. Pakman)

YA TEEF IZ YELLOW
YA TEEF IZ YELLOW
YA TEEF IZ YELLOW
YA TEEF IZ YELLOW

I never thought that it could come down to this
YA TEEF IZ YELLOW
it's a subject that I just can't resist
YA TEEF IZ YELLOW
You got jokes, but this one here is for you
YA TEEF IZ YELLOW
here's a list of things I think you should do
YA TEEF IZ YELLOW
As yellow as some pineapple punch
YA TEEF IZ YELLOW
they got that way because you don't brush
YA TEEF IZ YELLOW
It's too late for that, toothpaste won't be enough
YA TEEF IZ YELLOW
you probably got gingivitis in your gums
YA TEEF IZ YELLOW
How you smell so freely showin' ya teef
YA TEEF IZ YELLOW
if I was you, i'd go and get them shits bleached
YA TEEF IZ YELLOW
You need to start buyin toothbrushes by tha threes
YA TEEF IZ YELLOW
did anybody ever tell ya they look like straight cheese
YA TEEF IZ YELLOW
Mustard yellow, soon they'll be green and brown
YA TEEF IZ YELLOW
you totally disgust tha people your around
YA TEEF IZ YELLOW
I must admit, they nasty as fuck
YA TEEF IZ YELLOW
God forbid somebody drink out your cu

Canibus Lyrics

"Luv U 2"

(feat. Pakman)

[Chorus]
There's a reason why you keep callin my name out of the blue
If it's because you love me, then I love you too
We heard it through the Grapevine and now we know it's true
Just tell me that you love me, I'll say I love you too

[Canibus]
Yo yo, I love my life; I love my wife
I love my daughter; and I love my mic
If you love me, I love you, I'm humble
I won't do things to bug you and start trouble
If you want an autograph, I'ma sign it
I don't care if the plane's leavin and I get left behind it
I'm not that simple-minded
If I had the time, I'd probably type it, or get Stan to write it
You don't shower Canibus with kindness cuz he's the nicest
You do it cuz you genuinely like him
Sure I'll talk to you in private
You might get backstage tickets or ice cream for your politeness
Shake my hand if you like Bis
But you can give me a hug if you got love, try it
Extend ya arms around me, then bend ya arms
Spread the love, a virus created by God
I'm really speakin from the heart cuz I'm touched by you
And I'm glad that you love me, cuz I love you too!

[Chorus]

Ah-ha, ah-ha! We found out that you got love for us!
Ah-ha, ah-ha! We found out that you got love for us!

[Chorus]

[Pakman]
Yeah I know you got love, when you see me you wanna hug me
All excited, hoppin around like the Easter Bunny
I'm like a puppy, all I wanna do is lay down and cuddle
That's why I'm happy that you could finally say that I love you
Nothin wrong with showin feelings to me, cuz I'ma G
And so I can tell you overwhelmed by the way that you breathin
Know you ran up here to see me, wishin that you could be me
Callin people at home while they watchin me on the TV
I'm a household name, with the power to spit flames
Then I flip and give the children somethin they can get with
You love me, then why you got that look in ya eye?
Why every single time you see me you be actin surprised?

No it ain't all for nuttin somethin got to be somethin
And I ain't givin you no paper, so you got to be frontin
What was you doin at ten shows I tore down overseas
And it's funny how you was at the album signing in Queens
Ain't hard to tell you lovin anything connected with Pak
And once I recognize I be the type to give it back
Don't try to fool me, been doin this, I'm no dummy
On a mission to get it, and I'm winnin, you gotta love me!

[Chorus]

Ah-ha, ah-ha! We found out that you got love for us!
Ah-ha, ah-ha! We found out that you got love for us!

[Chorus]

Canibus Lyrics

"Box Cutta' Blade Runna"

[Helicopter flying, and Pilot talkin]

"Record Industries most wanted: Rip The Jacker:"

Wanted for the '98 slayings of several rappers
One of which went on to be a successful actor
Here's the reactment: He called me at my mans crib
The phone probably rang 2 times then I answered
He sounded really amped up, he tried to scare me
He told me that Def Jam wanted to ban me
And told me Trace at the label wanted to bang me
Damn I wanted to get in her panties, she was scared of me
Canibus hates the media and the magazines
They have so much credability to elaberate schemes
Internet chatrooms with live feeds of a rapper
Being eatin alive by La Peez
Sound barriers like the Lockeed even without means
I run a course rough Terana Mach speed
Thats a rhyme from like 9-3
Thats vivid in the mind, as pictures with 600 DPI's to a sheet
If I'm high when I speak the knowledge is deep
Silent as concrete this is real hip-hop for the streets
I never leave any witnesses, its rediculous
They serve me court papers in the studio I did this in
Missin from society, because they lied to me
They didn't want to accept my documents in society
I study with hundreds of scientist and science teams
And various Ivyleagues, they respect my asteam
What do you want me to rap about? Go ahead try a theme
Gimmie a person, place or thing I'll create the time and scenes
Somewhere in Afghanistan, U.S.A survival teams
Keep a eye on their surroundings and the Jahad Rageam
I total riot scene, back and forth they encript fiber optic beams
On my album out next spring
You motha fuckin right nigga I'm about that cream
I promissed my self I wouldn't shoot it without that scene
It doesnt look right like Cash Money without that bling
Siblings, I mean we all got the same last name
Jermaine Williams, thats my name
Say it again Jermaine Williams, Danggg
I think he goes by the name of the Canibus Man
And occasionally Rip the Jacker but never Stan
Get it through your head and don't ask me again
Box cutter, blade runner nigga rap till you sweat
Have you ever read the book called "The Catcher in The Rye"?
It so happens I'm looking for a copy I could buy
Canibus is comin for ya'll round day outside

Round day outside, round day outside
Alotta ya'll shine, but ya'll cant rhyme
And its about time that I put ya'll in line
Twist your mind with twisted rhymes
As weird as Michael Jackson's nose from the side
Flows that'll buy the quite bow for the times
No need to hide your freinds are all associates of mine
Don't be a stranger come over some time
I got coke if you do lines, you get a Rover to drive
If you hear the engine knockin, just pullover to the side
I guess it hasn't been serviced in all this time
Halloween: True Hollywood Stories release date
We should have a who wants to battle Canibus sweepstakes
Limited to three states
New York City: home of the greats
Philly and out West piece-a-cake
Old school rappers, I wouldn't be around without
Ain't got shit to say but keep puttin albums out
Don't let what I say get you upset
Box cutter, blade runner nigga rap till you sweat...

Canibus Lyrics

"Draft Me"

(feat. C-4)

[female newsreporter talking]
"Also the, hearing from the defense department that they launched
some fifty Tomahawk cruise missiles
Not only from ahh US ships but also from British
submarines in the area"

[Chorus: x2]
Draft me! I wanna fight for my country
Jump in a humvee and murder those monkeys!
Draft me! I'm too dedicated to fail
Justice must prevail (Justice must prevail!)

[Canibus]
Yo, I wanna get drafted, I wanna see somebody get they ass kicked
with standard military tactics
Fuck brass knuckles, I'll punch you with brass fists
Totally flowin with my emotions in my moment of madness
I'll wake up the whole barracks, murder you on your matress
And look at you like, "What's the matter?"
You better go back to your bed, before I have to act up
You might be the next one to get ripped you jacker!
You better not tell the captain
I might accidentally shoot you with the mack 10 at target practice
Runnin through the obstacle course, up and across
Over the logs, five more, damn soldier you strong
Come on, I wanna be agile and docile
Break ya legs like popsicle sticks, put you in a hospital
Stand over top of you, put a pillow over your nostrils
and just feel so sorrowful
It doesn't make me feel powerful, it's just a parable
It's just a rhyme really none of this is tangible
So don't ask me about it, I won't get angry at you
And before I get angry, I just won't answer you
You better go get in shape or lift some weights nigga
Cuz next time I see you I'ma be a ape nigga
Lemme find out you still callin out my name
I'll crash into your tourbus with a plane nigga

[Chorus: x2]

[C-4]
Fuckin with my freedom, leave a muh'fucker bleedin
Leave 'em in pain like a infant when he teethin
It's huntin season, and ya loved ones grievin
Cuz I never back up (no sir) I never back down
Ask Brown (Ha!) From the bell to the last round

Face down, dick in the dirt, hit 'em where it hurt
Make the enemy my lil' bitch in a skirt
Cuz when it rained it poured, this ain't a game it's war
One goal, one aim son, same as yours
Alotta pain to endure, terrain to explore
And I'ma hold my weapon right cuz I was trained in the Corp
You don't want no trouble, whole city reduced to rubble
And we gon' make it happen, quick, fast, and on the double
Draft me!

[C-4]
So y'all best go get y'all shuffles!
(Draft me) The situation's gettin ugly
So who better butt me, and put to sleep the enemy
Draft me, pass me, the M-16
Give me a buzz cut, ask me if I give a fuck
I'm comin out blastin, military four-fashion
Twelve close castin, for weapons of mass-distraction
Outlastin, all the privates in my company
Fightin for my family, and the cats that grew up with me
My Band of Brothers, rarely just smother the enemy
Razor blades cut ya face and leave a scar so you remember me
Lurkin, to leave y'all with bloody red turbans
Screamin "Jihad!" while y'all pray to a false god
We ready for, all out war, it's time to settle the score
Grab a .44 and dump into nigga's door
Draft me, you ain't even gotta ask me, I'm ready
With the Rambo machete, using tactics that's deadly
Draft me, I swear to God, we ready for the Taliban
Drop the bomb, and huddle with some nuclear laws, come on!

[Chorus: x2]

[Canibus as Stan]
Truthfully, I wouldn't wanna go to war if they asked me
I'd rather puff hashies and talk about headies and Lassie
I was just sayin to Canibus last week
I heard a record called Channel 0 that was mad deep
When I'm overseas I can't eat, the food is nasty
Bis has a seafood fancy, I'm allergic to crabby
G'head draft me, your all in my new family
I'll have a good time wavin gats at the ???
If I get hit, one of the team'll carry me
So g'head draft me, g'head draft me

[Chorus: x2]

[George W. Bush talking]
"The only way to pursue peace is to pursue those that threaten it
We did not ask for this mission, but we will fulfill it..."

"Mic Club Intro"

[Canibus:]
Hahahahaha

Enter the Mic Club, this is where it all starts
MC's defend their honor at all costs
Cycle of winners, this ain't for beginners
Front and centre, state your name and your business
When I pass you the mic, you better burn it
Don't be squirmish, you want respect? You've gotta earn it
This is where we define purpose
How much heart lies beneath the surface?
What's hidden behind the curtain?
Besides tight verses, nothing in life is certain
If you live as long as your words, you make life worth it
Writing rhymes give me a buzz, I do this for the love
Welcome to the M-I-C club...

Canibus Lyrics

"Poet Laureate"

Yo, Houston to Earth
Watch the ripper crucify you with verse
My urethra to ya uvula, quenches your thirst
Put your flames out with dry desert dirt where leopards lurk
Lock your soul down with an esoteric weapon search
Strap a bomb to one of your labels record clerks
And activate it as soon as they get to work
Ring the alarm, red alert, nigga it gets worse
Bypass security networks with select words
Megahertz make nebulas reverse till your head burst
Call the press first and ask them who got the best verse
Give me the respect I deserve
If you are what you eat, it's obvious I can't eat what I'm worth
Yall niggas eat pussy and burp
The other half of yall suck dick till your jaws and ya neck hurt
When you address me nigga end your sentence with sir
Critics went beszerk they aint even heard my best work
See I broke into the mind by
Quietly goin by their eardrum walls and hotwired they skulls
Yeah I earned the name Canibus, but what did it cost?
Battle rappers nothing but a serendipitous whore
Niggas probably like, what da fuck he dissin him for?
Yeah he dissed me first but you was never informed
I'm one of the top five nigga, my shit is tight nigga
you heard it right nigga, I rock mics nigga
But the limelight isn't where I belong
The top four don't even look in the mirror no more
If they did I'd be in the mirror looking back at em, ready to grab them
Kidnap them, and put them on my album
I rip jackers, Rip the time space fabric
Loop the future with the past tense looking for patterns
Eradicate Africans that sold Africans to Saxons
and forced black men to pay taxes
Attack a wack bitch with counter tactics
Split your bullet proof chases in half with a rapid gatling
Keep firing at cha till you trapped in
Now come back and scramble for helicopter extractions
While I'm back and forth back braggin
How I tortured them faggots and stabbed them with rip the jacker daggers
Slay dragons with old passages from black magic manuscripts
I found in the cabinet written in Arabic
Translate to characters one by one, like Arafat tarot cards suggest
I make terrorist threats through your stereo sets
Various anthrax carriers sendin serin to the press
At an imaginary address, Cani's the best
Untraceable, your pictures unpaintable, canvas thats wet
Let me dry you of wit some of this fire I spit

26 years old nigga look how I spit
A microphone fiend since I was like fourteen
My Cuban uncle used to sell cocaine, OK?
I'm reloaded, you fuckin wit the wrong emcee
Crudes felt your cold disease to the whole industry
Potent as Hennessey that was distilled in Tennessee
One shot scrambles your memory indefinitely
Nowadays a hundred bars aint impressive to me
You stepping to me nigga do it intelligently
You wanna battle or you wanna fuckin wrestle wit me
You aint better than me, you just got an obsession wit me
Canibus hybrid, the cake icing of rhyminingness
As I grow older I get colder like the declining
Climate of earth's environment, I'm entirely tireless
Rhymes come from my higherness of wireless dialect
Scientist on cyber speed design my specs
Astral project, therein height in secs, chakras connect
Doctors inspect what they can't possibly interpret yet
That's why they revert to threats
They curse and throw fits
They like immature earth cadets, looking like Captain Kirk in a dress
Lyrically I step on you, rip on you, then I defecate what I just digested on you
I'm better than you, I'm better than you, I'm better than you
Just to get the checkered flag I'll put the pressure on you
Put the extra effort on you
Write a motha fuckin letter to you and your editors too, threatin you
Detective check your mail and your messenger to
You can take this verbal slashin that I left as a clue
Execute the type of wickedness the devil approves
Which basically means I can do whatever witchu
I'm a rap music mutant, wit a cool name
Misconstrue fame but I spit butane
Blue flames out giant CO2 tanks
Demagnetize memory banks, enhanced, advanced
One of a kind like modern man's retina scan
Quick as a glance and flickers from kerosene lamps
What you want me to break first your jaw or your grill?
What type of spit you want from me sparkling or steel
Study law, yield draw up my own deals
So the longer they resist me the stronger I feel
Spread the ganglia from Tanzania to the flats of East Anglia
Give up, you cant keep up
The man eater in a wife beater
Spreadin Typhoid Fever through mic receivers with light reverb
Type in the right keywords, I might emerge
Takes a really nice nigga to excite these nerds
Niggas wanna see the gully in me, keep fuckin with me
Never under pressure, I keep the pressure under me
Bun?? Or weed, drop a freestyle on the internet then watch niggas burn the CD
Upload a picture of your mug getting DP'd
I'm one size away from 13, believe it she p'd
I'm the illest and its gonna be that way for eva
Word of mouth is good but a mouth of words is betta nigga

No body gets sicker than the ripper!!!!!!!!

Canibus Lyrics

"Master Thesis"

This is the master thesis underneath the deepness
Come to micclub.net where you can read this
Run a plot on a map hyper space 'ya
From the society for scientific exploration
Color is vibration, vibration is sound
Sound resonates through the mouth check it out
What I say vibrates no less than 9 ways
South, South East, West, south west, east
North, North east, North west
And the black and white images fade
To great sound waves
Track my adversaries like a mouse in a maze
With a bewildering array, of lyrical display
The best of Bis oftenly rearrange
Moto atomic elements, with a deft intelligence
The highest professorship, my English etiquette
Compels me to not say it if I can't spell it bitch
My circularised 3rd Eye, sees all
Atlantis was surrounded by 4 sea walls
I read one-fourth of the Library of Alexandria
Before it was burnt to the floor
I wish I could've learned more
About the shapes of the sacred geometry they used to draw
They were new millennium but Euclidian in form
Ancient in many ways but not nearly as old
Carved from Egyptian gold molded in Assyria
With processed Beryllium by the quintillion
They cooked on symmetrical stoves
With my logo etched above the hole where they inserted the coal
And they barbecued birds to the bone
They burned incense in a Buck Mister Fuller type dome
I talked to Mr. Fuller over the phone
And he said he had a contract to rebuild Rome
Said he didn't want to do it alone
I told him I was busy writing poems
But I'll think about going
The process was slow, and the dough was low
But I took it as the perfect opportunity to grow
Plus I never traveled that far from home
But I heard about the beauty of Sydonian (city of ancient Phoenicia) snow
Neon green grass, statues made from translucent glass
I'll be crazy to pass
I like nigerian Jazz
The blue twilight band
That plays tunes from a laser black sax
It sounds so laid back
It helps me relax

I brought the album after seeing K-Pax
Ooh how I miss my nautilus
I was told faren goat and mcdotilus did not exist
You have a modest case of scaphocephalous
I prescribe some neo gothic anti-biotics
Words concocted from the lyrical lock smith
Deadly as 10 droplets of Ricin toxin
From every angle the competition gets boxed in
Its Dr. C indoctrinates his doctrine
Translate the English alphabet
To the omega text
Life is now and death is next
Post bond out on bail from the belly of hell
Communicate through diatonic and pentatonic scale
These dark side tales might affect sales
I set sail and hunt down erect sperm whales
Use the aphrodisiac to get a female
Call ginger tie her up and drink her ginger ale
Grand maryey for me scotch on the rocks for you
Your vocab is smaller than a cup of jewels
In the studio with james lipton
Reminiscing about the script that was written
Before the beginning
All of a sudden the boo's turned into applause
My jaws stronger then the kenenday Macaws
Cant even count the bars
I've expended so far
Don't want to rap no more its been so long
I wish the clock would hurry up and tick
Im out in the bush and the sticks
Humpin a hundred clicks
Dr scholes gave me a good fit
Me and him went to school together back in 86
When I was really ill
Puttin flank energy in a rhyme the size of a Tylenol pill
You wanna laugh now
And cast your belligerent doubt
Show you what poetry is really about
The side affects will make you pass out
Followed by skin rash
Itching diarrhea nausea and dry mouth
You want a time out?
You better spit a rhyme out
Before the community of real mc's die out
College students say to me "you ain't smart"
Record label A&Rs say: "this ain't art"
These are the contents of the covenant of the art
Listen to my chest beat tell me this ain't heart
You gotta be as obsequious
As the Disciples of Jesus
This is my MASTER THESIS

Canibus Lyrics

"Behind Enemy Rhymes"

Behind enemy rhymes, when the curriculum storms
Behind enemy rhymes, when the curriculum storms

It's like this yo, check it out, uh, yo
When the curriculum storms
modern rap history is re-born in cd code in the form of a poem
Anyone who study Canibus past
knows he has to answer the questions you not advanced enough to ask
Super advanced, faculty man, chairman of curriculum class
85% never pass, 10% smile and 5% don't even laugh
When the chalks in my hand and I'm drawin up graphs
I present the contingency plan to the top grads
They probably think I'm on speed I'm talkin so fast
The body of the rhyme is smooth, like body in bath
The Submary is more explosive than a meth lab blast
My symmetrical geometry shatter glass
As my U 2 35 rhyme hits critical mass
Apocalypse now, lyrical raps blow everything off the map
from green grass to African Bayobats
Spike with electro mats, aircrafts crash
CDC's in the streets passin out gas masks
Gorgeous women thank me for the oxygen tank
Baby, the sherrons on my arms will tell you I reign
Maybe I'll become another casualty in the field
They'll ingrave my gravestone with the master steel
The best beats in the world couldn't rival my skill
It's like pourin a couple water on a million beach whales
The french is speakin basics, i should re-interate this
We rise to great heights by winding staircases
Lines spiral and a french spiral design
When the curriculum storms, Behind enemy rhymes

When the curriculum storms, this is lyrical law
Computer programmed bars come out of digital jaws
This is the toughest course in hip hop so far
Behind enemy rhymes, when the curriculum storms, *[x2]*

Canibus Lyrics

"Allied Meta Forces"

(feat. Kool G Rap)

[Canibus:]
Yo, the shotee rip, perforate the skin on top of your ribs
Red stuff comes out of squibs like a Hollywood script
Bitch niggaz on the floor screamin' for mommy and shit
Cardiologists hook up the heart monitors quick
Thermometer temperature dips below seventy-six
That's what you get for tellin' niggaz that you're better than 'Bis
Not possible, if I can't pronounce it, it ain't rhymable
The audible probability probably ain't probable
Supreme rap, G rap underground without a roof
Chopper proof, holdin' Hip-Hop for hostage about to shoot
Helicopters stabilize at low altitudes
Talkin' to the negotiator layin' out the rules
In a tight compromisin' loop road blocked with troops
Under orders not to shoot but they break your vertebra with boots
Ten O'clock news flash, 'Bis and G Rap
All points bulletin lookin' for them niggaz in black
Leaned back in an Avocado El-Dorado
Passin' the bottle, speakin' Japanese like, "No me mah show"
She's got a banging body, cold sushi with warm saki
And if I'm rappin' sloppy G's got me

[Kool G. Rap:]
Welcome to my world, danger and hazards
Gang of bastards, bangin' they ratchets
King and the Jacker, slangin' in traffic
Claimin' they cabbage, obtain half, they aimin' for stackage
Get brains from the attic, keep blingin' with karats
Cops see me in Maddox, then let ya dame have it, flames to the attic
The stains on ya fabric, the paint in the graphic
Canibus and G Rap, bangin' a classic
And if that beef on the street - hate you enough
Blow out ya brain in ya casket
Don't you love this drug element?
Where slugs crush ya melon and dome
Chrome that's known to break bones in an elephant
Shotgun pellets and, gunsmoke; smell the scent
Big bullets wiggle ya guts like gelatin
Cut through ya skeleton, knockage intelligence
Bystanders bite the dust
Jake wanna be like a Russian cuffed thrown in that Riker bus
We raised in the slums, with haze in our lungs, raisin' the guns
Knowin' - my day'll come, razors under the tongue
Clips in the steel, bricks in the wheels
Chips in the field of fortune
Dead men walkin' with hits on the grills

Late night at the spot, posted with goons, dope and balloons
Coke and the doom, you scheme?
I'll leave you open with wounds, nigga!
Witness G Rap put it back in perspective
Beat up shit with a dash of the peppers
Get blast for ya necklace
Leave ya brains on the dash in ya Lexus
We up in the club, dash for the exit
Make ya spread 'em out - show you what this lead about
Take it from an old thug, whoever clean cold blood
Believe they bled it out (Yo)
Crave for the war, pop out rages with fours
Hit the jackpot, blazin' the raw - gettin' bands in the pores
Bitches enjoy with dick in their jaws
The frame drank sick of Valor, straight bandit spot
Open up shop, turn the block to "Planet Rock"
Shit with no chop, slept with the glock with the hammer cocked
Servin' the fiends, hop in the Suburban and lean
Look at that don nigga swervin' in Queens, playa
Ballin' a lot, brawlin' for props, callin' the shots
Hit the curb, birds all on the flock
Jockin', like "who that there covered in all of them rocks"
(Giacanna) It's royalty bitch, fall on the cock, recognize one (Ride out)
Giacanna G Rap, that live one - pay homage (God bitch!)
Get it fucked up, I spray comments, nigga what?!
(Nigga what, it's The Curriculum: Mic Club)

[Canibus:]
Yo, e'yythin' is e'yythin' my nigga
I ain't bitter but if I give you the finger it'll be behind a trigger
Faggot ass nigga livin' in a gated community
Up at radio tellin' them what you're going to do to me
I live in the 'burbs
Clean my Winchester every other weekend with the same dirty Hanes shirt
It takes two to tango, three to jump rope
Four to bury the body plus look out for poe'
Yo, I guard everythin' within the limits of my post
My orders are to smoke you if you get too close
The whole Globe is scared of my flow
Spirit world, scared of my soul
Nowadays it's like I’m scared to be known
The methods of my motivation is completely subjective
My perception is completely parallel to perspective
Rhyming is the reason I spit in faces
Habituation of my flamboyance without rational reservation
Whiskey, X-ray, Yankee, Zulu, unusual
Wordologically my syllable position is beautiful
Only respect niggaz if the feelin' is mutual
G Rap snatched the jewels from you; I'll throw them in the crucible
Probably throw you in it too, mix it up and make nigga-stew
If you can't admit I'm iller than you
Baby what's wrong with your shadows, Canibus and G Rap flow
Mothafucka you're 'fessionallin' with the Pros

[Kool G. Rap:]
Know it's, dough over hoes - bankrolls, Rovers and clothes
And shots blow all them cowards and foes
Giacanna proud with the pros, foul mode
We quick reachers, spear with the fearless 'til you drip liters
Flip divas, the big secret on the strip to 'til their tits and beaver
Sip Cris' and sniff coke of the peeter
Yeah we ball big baby, lock off the meter
You should see us, it's movie star status
Scar lavish large cabbage, rip the Pablo Escobar fabrics
Froze the road we chose, not a pretty route, nittied out
Grimey and grittied out, stack dough, jiggy out
Dime bitches behavin' like ya sex slave skizzied out
Some nigga dizzy style 'til he's out, busy mouth
Swerve to the curb, hit the bird split the kitties out
We kidnap for trap - blackmail for a gang a mill
Spot banger himself, fishscale rocks under the fingernails
The blood trail lead to a corpse
Treat my appetite for greed with a torch
For keys to a Porsche, to breeze in the loft
Roll up my hand sheets with the force
We squeeze off, no need for remorse, playa
Forty wild goons, we forty Calhouns
You die forty foul dooms for forty coward moves
Bless sparkle, and spark until my shorty style rules
Giancanna dead? We spread; I'll be a 40 mile tune nigga
What, what nigga? The noble laureate comin' at y'all niggaz
Uh, 40-pound style nigga

Canibus Lyrics

"Cenoir Studies 02"

[Canibus]
Yo the artists come and go, so does the show
So does the dough, nothin lasts forever you know
It's all about the experience and what you take from it
What you learn in the process, what you make of it
Number two in the world at the top of the summit, I loved it
Shoulda packed a parachute for the plummet
Now I'm opening these clips crawlin through mud pits
With guns and hundreds of clips on Uncle Sam's budget
Hundred rifles itself, handcuff Bert Reynolds
To Jim Brown and escape with Raquel Welsh
Isn't my queen lovely? feed her rum of rays
And ice cream, shower her with diamond rings and money
23 hours a day I study
Dreamin about beautiful women I hate you gay teletubies
Dreams keep my alive you can't take em from me
The battlefield is bloody, mean, and ugly
My andrenaline rushes when the enemy rush me
Tryin to bust me cuz I swore I'd defend my country
If I could choose between being lucky and having money
Nothing negative could ever touch me
What must be is ultimately not up to me
But I sacrifice my life for yours if you trust me
Pin my medals upon my chest
So I could left-right-left in a certain death
God's speed and God bless
In the end I hope God is impressed if I'm put to rest
I did what I came to do, no time left
Say my name out the blue cuz I rhyme it the best
Mic club dot net see me live in the flesh
You could come and download every rhyme that I spit
You could pay homage to Rip for one dollar a clip
None of those rhymes is on the album bitch
It's a storage facility where I keep my shit
For the students in the class that wanna peep my shit
Break a bootlegger leg if he leak my shit
You don't wanna sign him bitch then eat my shit
Drink my piss, you could never compete like this
I'ma give you an example how deep I get
Technology not available for purchase
My brains collects, stores, and converts million bar verses
At a stand-off distance of a thousand feet
I illuminate the target and pound em to sleep
To within one micro-inch if you out in the street
I could close my ears and still move my mouth to the beat
Dial-up to your network and make your files delete
Count to three, listen to you browse a beat

Too late, foot already stepped in the feces
Dr. Norton's too sick to help your PCs
Virtually I make your virtual memory freeze
With a weapon of mass destruction double you MD's
I'm a TMC trouble to MCs
Destroy colonies with UCAVs
I send in no less than twenty 18s
Wipe you out before I even get to the beach
With my Trans-atmospheric space based mirrors
Can you write that out without typographical error?
Dumb fucks I'm the best ever whatever
Divide 18 by 6 you get the third letter
From the lowest earth orbit up to the heavens
I bomb y'all wit lyrics of flesh shredders and petters forever
As a spitter I'm still tougher than leather
I had to go underground to get over the pressure
Battle rap from the Renaissance multi-megawatt
Bury you beneath the bedrock on the bed of rocks
I could never get bored
I write about Hugsley vs Wibble Force, fuck writin killer chorus
Copenhaven curriculum of metaphors
Everything from Bob Marley to Tenor Saul
The System of A Down song number 14
I see aerials in the sky when I dream
The end is near I wish it would hurry up
I feel nano-bacteria burning me up
Before I explain in detail
You should examine the Mahr's mineral samples under my nails
Sometimes I wonder who's listening
The auditory Pavlovian conditioning's so sickening
My adenine, guanine, cytosine,
And thymine is really what makes my rhyme supreme
Soon as I hear the beat, bada-bing
You gotta think: a hundred bars...damn, that's a lotta ink
Eventually all of my albums'll be out of print
There'll be a clone for every style I invent
For every line I rhyme intense
For all the time I spent, every word I spit since 96
If you could input at a hundred
I could output way above it, if we in public, I double it
Put this on your study list and go study, bitch
Basically quoting Hammer you "can't touch this"
I'm too assertive and alert for what its worth
My best piece of work is still yearning to be birthed
Class Dismissed
Cenoir Studies from Canibus

[Outro]
There is something mystical, but it's not RARE
and nobody should treat it as though this is something special
that writer's do... anybody--anybody born physically able in the brain
can sit down and begin to write something and discover
that there are depths in her soul or his soul that are untapped

Canibus Lyrics

""C" Section"

[Chorus]
This is the C section
Rippin and wreckin the lyrical legends sendin y'all to mic club heaven
This is the C section
A lyrical legend second to none in this profession

[Canibus]
I spit it exquisite
And rip it minute by minute
I'm in it to win it
You fuckin rhyme with bis you finished
Lyrical menace scrape enamel off your teeth like a dentist
With a senator minister from the executive senate
Pro-gression followed by metaphorical methods
Testing 1 2 3 4 testing testing
Supreme supremacist nemesis to competitors
Predators eat intestines of anything they entrusted in
Slice you like lettuce and celery start seven
Then make a mc salad out of suckas and sell it
For an expensive percentage
With nine tenths of the credit
Drink red bull beverage to increase lyrical leverage
I only give respect to mic club members and my own mentors
In the center of my circle where I dare you to enter
This is art imitating life imitating art
Imitating the brain simulating thoughts when I talk
Idealistically I spit for free
The cinography of the rhyme is what balances me
Challenges me
E A six speed prowlers
Superior air power
Fly around us with propulsion that's soundless
Spittin rhymes out by the thousands
Nitro-glycerin tablets under the tongue calm me down a bit
Attitude cynicism and lassitude
Battle you? come on dude I should slap you fool
Spit what I'll leave your lips numb the friction is so sick son
Your children disappear from a trition
Rhythmic high intensity conflict is a given it
Especially if Canibus is doin the rippin
You snippin to clippin in the C-section incisions
With scissors with rubber ergonomic grip for the fingers
Liars for hire with a defense like Jeffery Fygar
And rock it like thugs who work for mic club
Hyped up and tear the mic up my man
Move forward as expeditiously as I can
Ain't nobody in the world like Bis

The nitrous with radio telescopic devices
Same type shit
Facially hairless igogarious Jamaican-American
Lyricist turned microphone terrorist
Airlift me off the front line to my therapist
So I can sit in his chair and tell him how much I care for this
This is what they want this is what they love
To engage in the exchange of ideas and drugs
While I'm in the cut satellite trackin you rappers
With months of food rations beneath the catacombs of Paris
Theories of super-lattice and super-savage
Atomic attack tachometers flash when I punch the gas bitch
The farther I climb the harder I rhyme
You gotta face death and survive to feel more alive
The quality of life is an illusion of the mind
Super-imposed lines look two-dimensional from the side
According to the science of the C-section applied
If they say I'm the best after I die don't be surprised
I C-section the sky let my energy rise
At the moment of truth I know it's definitely my time
As my soul is eased through the sive I'll be grateful because I lived
The only drawback is that I didn't have kids
To C-section my beautiful whiz
And see the resemblance of my face in hers or his
Who knows what the future will bring
It stresses me to think
This mic meant everything now it doesn't seem important
Now I gotta follow orders defend borders
From Maine to California Seattle to Florida
If I could talk to the Oracle I know what I'd ask her
I'd speak to her about my passions
As the hourglasses turn my life passes
I'll just wait till I see the master and I'll just ask him
Forget it that's the future this is the present
A message to anybody listenin to the C section

[Chorus x2]

Canibus Lyrics

"Drama A/T"

(feat. Luminati)

[Canibus]
Executive Order 11002
The reason you know me but I don't know you
You really wanna know what drama is let me show you
But keep in mind this is just one point of view
Drama is livin' in a 3rd world country
Fucked up and hungry without no money
Drama is trying to adjust to circumstance
Missing more than one leg or more than one hand
Drama is being chased off ya' land
By a funny looking man in a suit that works for the bank
Drama is what's happening to the ecosystem
And the animals it feeds, from the damage to trees
To rainforests that get destroyed annually
Damn is it just me who cares about the air that we breathe?
Drama is the nuclear threat that we live with
One bomb and everybody's dead that's some sick shit
Drama is HIV statistics
The infected person that you might have sex with, life goes on
But drama is living with the afterthought that maybe you could have prevented it
Drama is imminent, it comes in other forms
The sick pedophiles who support child porn
Never mind the offenders
Think about what the victims go through and what the fuck they gotta' live wit
Drama is the prison population
Some belong there but also some belong on probation
Drama is not being able to change one thing
Cause the system you live in says you ain't shit
Drama is corporate scandal
Drama is a handful of CEO's playin' you for a damn fool
Drama is being a millionaire
But gotta' recoup half the budget from your 10 percent share
Drama is having one too many women
Even though you always need a spare one to swim in
Drama is dealing with your jealous impulses
Learning how to hold it all in with no emotion
Drama is blind devotion
Drama is having your deepest secrets exposed in the open
Drama is having your heart broken
And the person who broke it doesn't even motherfucking notice
Drama is trying to carry a burden all by yourself on your shoulders and it don't exist
Drama is being falsely accused, Drama is the latest news
Drama is what gives people clues
Drama is a tool you can use to distract ya' enemy so they never improve
Drama is the fear of devils and the fear of God
Drama is a long and hard Tech support desk job

Drama is the life of an up-and-coming actor or rapper
Or athlete or building contractor
Drama is a rookie cop calling for backup
The 3 strike perpetrator that's getting tatted up
Drama is the spin zone of a politician
Drama is K-Solo when he said the rhyme did it
Drama is the struggle of change
Drama is inevitable there is no other way
Drama is what drains life force out of you
Drama is negative but drama can empower you
Drama is love, Drama is pain
Drama exists in everything everyday
Drama is the Yen, Drama is the Yang
Drama is the innate nature of man
Drama contracts, Drama expands
Drama is what I am

[Luminati]
Pull up a chair to the aristocracy of commonwealth prophecy
The legacy of generation three isosceles
Logical geometry, illogical melodies
Integrated with memories that mix melodically
Beyond the insight of what a modern-day monkey sees
Get chopped in three for pathetic hypocrisy
False bureaucracy breeds poetic monopolies
Chateau de Trevano is my property
An addict for drama and dramatic oddities
Addicted to bottles of sticky green botany
In a reflection of the split seas you see me in 3D
Tripping off three hits of E
Half-a-tablet for you 2-and-a-half for me
A rappers speech is slurred for eternal depravity
Naturally ignore gravity project astrally
Ascend gradually till the stratosphere passes me
Earth's actually esoterically absent to me
Take a crack at me with blurred clarity - battle me
Spiders crawl outta the skin the six headed beast
Evil beings that wrestle with demons in the deep
Useless to eat 200 pounds of rotten meat
Shrink heads drink black milk collect black teeth
Luminati tribal chief wear it as trophy piece
My women are ornamented with a blood soaked wreath
Like Christmas minus Christ plus the heat
The Ascended Master, leader of all immortal freaks
Voodoo curse on your last and future release
Unleash the worst plague put the world under siege
Till your name is unheard and your face is unseen
Till your just a nightmare of an accursed dream
Tell the supreme to curse your whole team and your unborn seed
Poison your queen like the Furher's last week
In the blood filled streets your a leech
Less than a man a poverty stricken thief with grief
At night you speak to Satan before you go to sleep

Worshipping the flesh like poor pagan priests
Your future's oblique
I command your heart to seize its beat
Thou shall inherit disease, drama and defeat...

Drama... Drama... Drama... Drama

Canibus Lyrics

"Dr C Phd"

Yo, I plan to build a myself a facility before I'm 40
a molecular archceogenetic laboratory
that can analyze complex poetry data for me
even if it was recorded poorly, how extraordinary
I frog leap over awful beats
then I separate rappers by the carbon-14s
to determine the age of anything ever made
regardless of how the outside surface has changed
I put a curse on your name, bombard your brain
with gamma x-rays till you burst into flames
with the scientifically quantifiable megalomaniacal
viable style, it's like trying to ride a bull
let's have a dictionary duel after school
check into me a nice Cedar Sinai room
so I can get sick as the flu, spittin the truth
if you ain't got this album, you missing the proof
prepare for your doom my nuclear rocket plumes
glow against the pale background of the moon
toxic fumes spoil complete stocks of fruits, and foods
burning your flammable boxes and booms
got in the groove even though I'm not in the mood
motherfucker you didn't win 'cause I can't lose
give the fans the chance to choose, fuck you
who's the illest, who's it really up to
rapping fire, you better run for the pacifier
tie you up and drown you in the saliva quagmire
till your oxygen expires and your lungs dry up
'cause you said Bis ain't dope, you a damn liar
disaster for hire over beats by pious
flow like the Tigris, Euphrates, with the Eye of the Tiger
in my iris, Canibus is a fighter
motherfucker, my greatgrandfather was Irish
let's roll the dices, 'll break you like young Tyson
give me the mic man, I don't need no hype man
put a thousand on me, put one on him
i tear off his limbs, throw him in, and tell him to swim
yo I soak that shit and coat that shit in soy sauce
tell the FCC boss, turn that noise off
call Detroit's Mafia Boss
tell him yo, I got a job for you, I want you to bust his balls
Drop him off by Niagra Falls
write my name on a banana and put the banana between his jaws
nobody disrespects lyrical law
I'm the best there ever is and the best ever was
training like a grunt face down in the mud
with blood, sweat, and tears, sucking it up
yo, you wonder where I am right now

I'm probably somewhere on the microphone fucking it up
dead or alive, Canibus will live through the rhyme
to be the illest on the mic is a mission of mine
spittin' divine, you can't get it twisted this time
vocal wit

Canibus Lyrics

"Bis Vs. RIP"

(feat. RIP The Jacker)

[Rip]
Yo, you fuckin' hate me, you fuckin' lock me in the basement
And you still want me to protect you - it doesn't make since
Can-I-Bitch. I supported you like a weight bench
Without me you're defenseless you better face it
You ain't show me love when you was at your apex
Getting paychecks up at the radio with DMX and Flex
Catching wreck while Noreaga was catching his breath
I had to keep the situation in check
Look at the vericose veins in my neck, Jermaine is the best
The industry fucked you, I'm just paying 'em back
What's the matter with slayin' jackers? That's all I've been doin'
Besides talkin' shit I ain't done nothin' to 'em
They just mad cuz when I see 'em I don't run up to 'em
Between me and you, yo you know I run right through 'em

[Bis]
Calm down

[Rip]
Who you telling to calm down nigga, I'm a ripper remember?
I told you not to do "Gone Til November."
But you wouldn't listen. I always had your best interests in mind
I wrote all your best lyrical lines
If it wasn't for me you'd be writin' pitiful lines
On stage if you was tired, I was spittin' sometimes
Nobody knew you bit off my rhymes
I would just be quiet, stand to the side and let that shit ride
But I'm getting tired of having to remind you Bis
If it wasn't for me nobody would've signed you Bis

[Bis]
What?! Man, why you trippin', you know it's a crazy business
You a lying ass bitch and you know it
Group Home was part my company, I co-owned it
If its one thing I learned in show biz
Stay focused and don't quit Rip
Why you talkin' 'bout old shit?

[Rip]
Germaine, you fuckin' water brain
Don't you understand, fuck the mainstream
You should just call out names
The industry's all about game
I shit on 'em all the same
And I leave spit stains on their brain

Like liquid chocolate spilling over their new white trainers
Insane is an understatement, I'm Satan
Canibus is amazing, I don't know what the fuck Germain is
I just know that both of y'all are trying my patience
I don't give a fuck about a beat, I've been rhyming for ages
Rippers are dangerous. All jackers are afraid of us
You wanna face me Bis? Kick a rhyme!

[Bis]
That's ridiculous

[Rip]
A'ight then, listen to mine
I jump in a costume impromptu just to rob you
Put the nozzle to your eye ball and tell you what not to do
Rip your tonsils out through your nostrils
Bury you next to shark fossils
Make it impossible to find you
Depths that Jacque Cousteau himself wouldn't dare to dive to
With goggles, oxygen bottles and Doppler effect modules
Lock you in a time capsule, smash the console
Shit on you in reverse and suck you in a brown hole
Suck the power out of your soul
You're nothing but a coward in the cold freezer with a hour to go
Watching my Casio stop watch, counting it slow
Like drug lords checking to see if it's talcum or coke
I can kill you by drowning the globe
Or I can just spit inside of a hole and put an ounce in your throat
In battles I'm a thousand to no. I silenced the Pope
Do you know how many rhymes I've economically grossed?
No? I thought so
Neither do I
Its a dick between your mother's thighs divided by pi
I'm the sickest linguistically, illicit lyrical misfit, in the business
And probably in existence. What's your consensus?
Study my own syntax statistics since '96
With CPA certified assistance
I made a decision that my standards are above precision
The only thing I can honestly say I love more than women
Are dope writtens. If it ain't dope then don't spit it
Don't be sensitive and get on the defensive
Just practice your penmanship
If you can't spit at high temperatures then just quit
Be careful of the tongue it tends to bend to the left
According to manufacture's specs you'll make a mess
And rupture the blood vessels in your neck fucking with Rip
Got millions of blueprints on zip disk
Stock versions of sick verses that come with conversion kits
With a course every Thursday that teaches you how to burst like Rip
You never experienced work like this, Bitch!
Welcome to the serpentine world where I spit
The world where I twist, the world that I rip, the world where I live

[Bis]
Okay Rip you made your point, I can't out-rap you
You said you was the illest, I would never doubt that too
A lot of these rappers is jealous that's why they attack you
They think you the best, that's why they wanna battle you
At the moment of truth I let you design the tattoos
You are the illest alive. That's a fact that you proved
Just a couple rappers don't want it to happen for you
Raggin' on you like battling is all you can do
You didn't sell enough units to be honest with you
Nobody knows the truth, you got talent out the gazoo
When niggas first heard you it was like "Man on the Moon"
You got dissed by a legend but you damaged him too
So what if the ladies think he's more handsome than you
What happens if the rumors about being a faggot are true?
Look what it's running into
I don't feel like having this discussion with you
I'm tired of fucking with you
Niggas in the game don't wanna do nothing with you
Bussin' with you. Going one on one with who?
They wanna get rid of you. Shit is too lyrical
Headhunters out to get you. That's why I had to protect you
I wouldn't disrespect you as another intellectual
Without you I'm unsuccessful
God bless you
What makes you think I left you or why I'd ever be tempted to?
Ever since my third album I've been mentioning you
I got your name on my arm, I'm representing you
You Rip the Jacker. I would never question you
I respect your opinion as a professional nigga
I just want you to listen to what I'm telling you
What happened between L and you, forget it
People know you won the battle, they will give you the credit
A lot of people don't want to admit it
But I consider it a real privilege
To bear witness to your lyrics and be involved in sharing the merits
I'm forever indebted
I just need you to chill for a second so I can send a positive message
Like Tupac before he left us
The author of the work ethic Genesis
Has inspired me to write the ExeBis scripts
As a constant reminder not to forget Bis
But I've reached a precipice
Remember Rip
You can't rhyme forever, there's always somebody with better shit
I keep you out the public eye for a reason
You're a commodity Rip. Ain't that how you wanna keep it?
I keep your whereabouts secret
I bring bitches to the crib every weekend so why is you beefin'?

[Rip]
Ayo, stop patronizing me
You despise me

All you wanna do is steal rhymes from me
You constantly keep me behind walls of concrete
Lock me in the basement like a fuckin zombie
If I was a priority
You'd acknowledge me
You ain't shit neither, you ain't got no college degree
You can't rhyme without me
Stop smiling at me
Give me the keys to the garage, I need to borrow the Jeep
Get the fuck out my face Bis!

Canibus Lyrics

"Liberal Arts"

(feat. Jedi Mind Tricks)

[Voice-Over]
Once more, it has been done
That in order to save it
You would have to raise the specter again
I am going to tell them the truth
About their ministry of justice
But if we didn't though
It would surely be cause for war!

[Canibus]
Ok its time to get started..
Don't want to but the forces forced me
When it can't category allegory
They translated it for me
U-M-L-O-U-T: Umlaut
That's the reason I bend vowels when I spew from the mouth
Spit threw and out the very grotesque few are best
Burn through vests
Since the university of Budapest
Sitting in a room with a windowless view
Concentrating; looking at you
Freeze frame frozen at the very moment
The wormhole opens
You know Canibus has spoken
The circumference of a third eye so vibrant
To me, Ezekiel's Wheel was just a spare tire
My epithelial genetic fiber was forged in the protoplasmic fires in a black geyser
The explosion can described as a white Iris
When the absolute began, I don't know where I was
I musta just been a piece of micro dust
That's why I the fuck love mics so much
My micro, macro robotic rap flow
The Magna Carta of the entire rap world
Mayflower 2002 Phase 1
Adapt to the press of gravity is laid on my lungs
The theory of communication called cannons
Dissertation with a makeover in camouflage makeup
Light waves bend to the wake of bust
Mics buckle with white knuckles, metacarpals crush
Acid reflux all over your face, you fuck
Grab heart with bare hands,
Squeeze and spray blood
You iller than me? Gimme a call:
W-W-W-N-A-M-I-org
Dear boss,
You mind if I share my thoughts?

Psychotherapy is expensive, can you share my costs?
In a cushioned room with leather doors
Handwriting experts take a look at the letters I draw
Excessive graftedness, there's no space between words
Excessive cross-outs: it must be my nerves
Rhymes that vaporize dis-ablize and destabilize
Pray to God, say Goodbye
Six minutes Vinnie Paz you're on
Lyrically this is the liberty of Liberal Arts

[Chorus]
[Canibus:] Consume Creatine and Create
[cAnibus:] Anemometers analyze air intake
[caNibus:] The H.N.I.C that narrates
[canIbus:] Innate intelligent Interface
[caniBus:] Biogenetetic Behemoth obliterate
[canibUs:] Youth on fire, You both bleed
[canibuS:] Micnificentlly sound Mc
Liberal Arts with JMT

[Vinnie Paz, AKA Ikon the Verbal Hologram]
I'm the god of war,
the resurrector of the horror-core
The carnivore, destroying you wasn't hard at all
I started raw, so the haters could see what could happen
I was Allah while the pagans were speaking in Latin
I'm the origin of science and math
I'm the origin of everything you trying to grasp
Been dying to ask if Jedi Mind is the real
Well I'll let you inside my mind and you decide how it feel
I'm dying to kill
And bring to you apocalypse
I start a lot beef with lots of guns and lots of clips
Fuck the head, I'm aimin right for your esophagus
Hang you from a hook then drink the blood your body drips
I got the power of the lead a fucking shotty spits
And leave you weaker than the mafia that's Gotti-less
With Canibus: get deep like psychoanalysts
Vinne Paz the fucking Hand-to-Fist-Philanthropist

What? Its fucking Vinnie Paz daddy
Yeah Jedi Mind baby
(For the people of the world)
Canibus baby
Let it now be noted
Mic Club
What's the fucking deal?

That here in our decision
This is what we stand for
Justice, Truth and the value of a single human being

[Chorus]

[Canibus]
Liberal Arts
Mic Club the Curriculum
Can-I-bus hittin 'em
Rippin 'em

Canibus Lyrics

"Curriculum 101"

[Intro: movie sample]
Claims are being made
That for me go far beyond the available evidence
In fact in many cases are contradicted by the evidence
And that bothers me

[Canibus]
Forensic psychologists, Samuel with the brides
Explains you probably never understand Jermaine
Incoherent speaches, puzzles and pieces
The sub-chemical deepness, suck his clan 'til they screeches
Realms of heaven and hell
Flowing angelic gell strikes with voron leukaemia cells
Demons in hell, they call to me, I scream "what can you offer me?"
They reply "tecnosaucery"
They tell me the meek will never inherit the world
Cuz they weak standin' on two 12 inch feet
I dream Quashee Canonian dreams when I sleep
Peyote leads to snakes with a blood of a priest
In the room where the ceiling leaks and crimps in grease
Where the living eats the dead and the dead reek
Rockbottom transforms human beings to beast
Why the fuck you think we got canine teeth?
It's the optical stimuli of watching men cry
I hope I've got time to repent before I die
Battle me at the beach if the sea is out of reach
Cuz when I speak what's fluid becomes concrete
Like a falcon up in the sky, 10 thousand feet
Lookin' down at you bitches lookin' at me
Fame shift into 45 degrees, I'm too crooked to see
I memorise the books that I read
Suckin' from the breast of knowledge, constantly weaning
Unforseeningly a genuis without meaning
Try to visualise what happy Houdini was feeling
Handcuffed under water without breathing
Near death on a fatal quest for air
But why should anyone care? He put himself there
His career was based on facing the stares
To take destiny from the hand of the man upstairs
He didn't mind the cold stares he got from his peers
They couldn't tell him where he was goin' or how to get there
It's better to be prepared and fail than be scared
and unsure of yourself and still get killed
Don't rhyme like I used but I've still got skills
More than a couple confirmed kills under the belt
Huntin' MCs like huntin' Elk
Camouflaged in the dense bust of stealth determined his health

I don't do this to anybody except myself
Stuck with motherfuckers like the trophy on my shelf
Fuck the promo, nigga I do this for dolo
Flow from the first album, the 24-0-0
Round the clock launce, I got a cup of coco
When I be a no show with my girl fives don't go
And she give me blow more than 2 times on the row
And I'd rather chill with her than kill you with a rhyme that I wrote
Count how many mics that I smoke minus the gold
Bust dope, my battlin' average higher than most
When I'm on the mic I release fire from throat
If you disagree please do it quietly folks
Anybody better than Bis must be a hoax
Black man NO, what about the great white ho?
What? Man you must be sniffin' the great white coke
Don't you that's like Gary Comb, I'm fightin' a hulk
Still not even quite that close
A great mic fight in ya rubber dingi boat 50 miles out from the coast
What the fuck is the maddness with you
I beat you black and blue, then I give the tablet the true
Better yet I put a tattoo of me on you
A 10 by 10 ceelo go neon blue
The most theatrical MC battle of all time
I rip jackers like you, you know my call sign
Kill a cobra, stick hooker over behovin'
Motorise auto gyros with sycamore rotors
Hydrogen peroxide, gaseous vapors
Technically these words shouldn't even rhyme off paper
In theory, for every soul that can hear me I'ma blaze them
In practical practice my style's even greater
Can't you see what I'm spittin'? Can't you here the difference?
Compared to me you're energetically inefficient
You need ten times the enzymes to process one of my rhymes
You got to rewind every one of my lines
Do you know how to paraphrase?
Do you even understand what the narrator's tryna say?
The climax explodes, nobody can force out of my flow
Figurably the language is too dope
Academic journals print my lyrical quotes
They show parallelism in all the albums I wrote
On any track I come off strong automatically
Whether I write interactive or pass the capacity
Poetry that I spit is autonomous to cliff
written on tablets of clay mortar mix, superb
Truly superb, analyse the words
It's like I'm jerkin ya birds fly above the earth
The Eye of Horus, the miniature tour ride within the giant tourist
With singularity on the chorus I still sound enourmous
Borderline, insanity tryna break you through humanities border
With a new curriculm every quarter
I'm the pawn of the pawner with the secret mic world order
Baptise you with Jamaican White Rum and water
If you got a hundred bars then I know you a warrior

I'll be the one that award ya, pinch the medal on you
Dedicate a song to you, cuz not in autoble
You want a record deal
Explain the lyrical grande unified field so I can test ya skill
Do it in front of the class, chart diagram it and write it in latin
Not spanish god dammit, step back so I can look at it
"da dad dad ada dada", ah what the fuck is that wack shit?
Crumpsy and dumb like a hand with five thumbs
Work for the Mic Club, Curriculum 101

Canibus Lyrics

"Mic Club Outro"

[Canibus:]
[x4: quietly]
This is a favourite short scene of mine
Two famous lines, time flies
Especially when you listen to rhymes
Words become time and time is disguised
Around the world in 80 seconds through a sentence
Experience is the mother of all adventure
Who knows the unknown? Where will you end up?
Question yourself, who, when and what
I tell you this much, it's up to every one of you
Learn from the past or the future will punish you
Power flows to those who remember
Memory comes from words, words come from letters
This is Mic Club's primary premise
We tell history, we don't let history tell us
Mic Club...

[x2: quietly]

Canibus Lyrics

"Intro / My Name Is Nobody"

[Canibus]
Nobody
My name is Nobody
My name is Nobody
My name is Nobody
My name is Nobody
What's my name?
Say my name!
What's my name?

Yo
I never rocked wit Nas, I never rocked wit Rakim Allah
I never gave y'all a hundred bars
I never walked among the stars, I never rocked a mic on tour
Never made some groupie bitch drop her drawers
Never had a menage-a-troi, with girls lickin' my balls while I eat em'
Nah, I never done that neither
And I never wore that white wife beater
On the video set with the Lost Boyz and Dogg Pound and smoked reefer
I never had a Source quoteable
I never rocked 50 bar vocals, on Beasts From the East wit Reggie Noble
Never spit wit Keith Murray or Little Jamal
I never rocked on stage at the Apollo at all
To this day, if someone asked me "why were you silver on MTV?"
I have to just tell them it wasn't me
Cause I'm nobody

[Chorus]

[Canibus]
Yo, I never been at the Mardi Gras, suckin' on ta-tas
I never been to LA, or crissed to Ya Ya's
I never been overseas
I never been to Amsterdam walkin' right past the cops smokin' some trees
I never had a battle with about a dozen emcees
And simultaneously I brought ‘em all to their knees
I never been off the scene to long
Never been totally gone, never appeared on a shitload of songs
I never rocked with Eminem yet, yeah thats true
People'll talk about it from now to the day that I do
But I never made an impact
I never changed rap, infact, sometimes I wish I could take it all back
I didn't sell enough units
I said I was the illest alive, and I didn't prove it
I probably look stupid
I guess I'm nobody
I guess I'm nobody

I'm so so sorry

[Chorus]
My name is Nobody
My name is Nobody
My name is Nobody
My name is Nobody
My name is Nobody
My name is Nobody
My name is Nobody (Nigga I ain't nobody to know)
My name is Nobody (Get it?)

[Canibus]
Yo, yo
It's like the rap community doesn't know what to do with me
What if there was two of me?
What if I persuaded some bitches to reproduce with me
And create a whole crew of me?
Only those that are as cruel as me, can rule with me
I got a secret let's keep it between you and me
And when I'm forgotten, you can say this at my eulogy
You can say this at my eulogy
You can say this at my motherfucking eulogy

Canibus Lyrics

"Stupid Producers"

[Hook:] These stupid producers *[x8]*

Yo, wassup my main man?
(Yo wassup Canibus?)
What's your name? (DJ R2-D2)
I heard you got beats
(C'mon nigga, I got beats of pain)
Yeah I hear what you sayin, but are they flames?
(My shit is John Blaze)
You got a card or somethin? (Nah)
Put your number on the CD, I'll give you a call or somethin
(It's just, I'm not gon' be here for long)
How long you in town?
(About a week or so)
Where you stayin at man?
(I'm stayin with my manager)
Who's your manager, him over there? (Yeah)
The nigga with the Southpole sweatsuit and permed hair?
(Yeah! I been with him for 12 years!)
Listen don't even trip, I just want some beats to finish my shit
(How you tryin to come this time?)
I'm lookin for some hard shit (some hard shit?)
Yeah, like some Beat Brokers or Mark Sparx shit
(Whatever you want, I can play it Canibus)
Huh, play what?
(The track, when do you want me to lay it?)
Lay what? (See, aiight nigga, keep sleepin. I got heat!)
Yo relax my main man I'ma call you, peace
I got back to the crib, popped in the CD
And turned it up loud to see if had some real beats
...I heard somethin I felt
I hit the nigga on the cell to see if it was for sale
Yo can I speak to DJ... (who dis? Canibus?)
Yo I'm feelin tracks 2 and 6
(Those tracks are reserved!)... Whatever
Bottom line: you give me the tracks, I give you the cheddar
(Cheddar? Yeeah!)
We can do it around 10pm (That's too late man)
In the studio off of Lankershim
(Can you come pick me up, nigga?)
At that point, I didn't even feel like answerin him
Stupid-ass motherfuckin producer got me real upset
And I ain't even got to work with him yet
I showed up at 10:30, so I was already late
He showed up after me and forgot to bring his own DAT tapes
He shook my hand with both of his hands
And told me he could play it over again with both of his friends

Yo, as long as I get tracks 2 and 6
I don't give a fuck who really produced the shit
Just DO the shit (Okay, calm down...
You better watch who you beef with nigga, for real!)
When I get back, I want it laid
(You gonna pay me tonight?)
Yeah you gonna get paid!
I'ma leave, jump in the car, speed
Go to my man, get some trees
Get somethin to eat and I'll be back by 3 (Aiight)

[Hook x4]
[Over hook] Will you be done by then?
(It's gonna be fire nigga, trust me!)

Hold up
Five hours later you ain't laid nothin?
Not one piece of percussion?
You mean to tell me you ain't pressed one button?
You think this is motherfuckin pre-production or somethin?
You know we ain't got a budget
Who told you to order lunch, bitch?
(Hold up Bis, you ain't got no love for me?
Your name's Canibus and you ain't got no bud for me?)
You know what? Fuck it, I don't even want it no more
Cause the track you sellin me probably ain't even yours (WHAT?!)

[Hook x12]

"I can't stop these teardrops of mine..." *[repeat till fade]*

Canibus Lyrics

"The Dungeon"

(feat. Kurupt)

[Canibus]
It's like this y'all, Canibus y'all
About to rip y'all with the raw shit y'all
With my hard core raw dog Kurupt
'Bout to blow this shit the fuck up
It's two-thousand B.C., 'bout to take it to
two-thousand A.D
Yea, my mother fucking man Ray on the track
Check it out

[Canibus]
Yo, yo
It's two-thousand A.D.: After Disaster
Fly's buzz around a million rappers cadavers
Never been the type to talk
My ice-grill's like, looking down the wide jaws of a white shark
'Bout to rip off your arms like perforated paper
A hundred times more sharper than stainless steal razors
Shock you with an electrically charged taser
'Till you turn blue in the face, and die from asphyxiation
The stench of a thousand ounces
Grab you by the throat and blow my second-hand weed smoke down it
Don't give a fuck what month you dropping in
I'll be in the Dungeon hollering, 'fuck you and your cult following'
You cum-swallowing transsexual fag
With crabs, and breasts that sag, dressed in drag
Running full-paged ads in the porno mags
With pictures of you with a dick in your mouth and a dick in your ass
Kurupt where you at?
Yea, the Dungeon style

Yea, the dungeon
Yo
Lyrically, I'm bananas
My tongue moves like Hindu belly-dancers performing tantra
I blur your vision like slow shuttled speeds on the camera
Get up in that ass like colon cancer
Brain cells handpicked
Organically enhanced with third millennium medical standards
My D.N.A. was tampered with
By genetic engineers with scholarship grants that stupid in Stanford
Canibus, too advanced for this shit
Turn spit to gas vapour, then back to spit
Your style is one-quarter bull, one-quarter horseshit
One-quarter garbage, and one-quarter nonsense
Make you nauseous 'till you vomit

Like the Backwards Pharcyde video going forwards
As I drink the blood of a thousand emcees
I can tell by the taste of the pulp if they was hand-squeezed
This is Transylvania, vampire mania
You should be afraid of my fangs in your neck draining you
I was made to bust, made to crush
Any mic me and Kurupt touch, turn to dusk
See? I'm as dangerous as they come
Dangerous with or without a gun, I've been dangerous since day one
Rhyme flows explode like pyros
Stick to your ribs like chicken and thick gravy from Roscoes
Get your head flown if you dumb in the dome
Or struck with some stones 'till you feel numb in the bones
You better keep your big mouth closed
'Fore I stick the muzzle of the chrome in that hole under your nose
Send a signal to my index, and tell it to fold
In the direction of my wrist bone to release your soul
I told you to freeze, if I was you I would have froze
But you chose the other route and got blown full of holes
Pistol to your mug, cripple your tongue, rip through your lungs
Write your name on your tombstone scribbled in blood
Give me a little love
There anybody out there that never felt one rhyme that Can-I-Bus bust?
You a liar, liar, pants on fire
Watch the G.O.A.T. with the ghost-writer get slaughtered by a tiger
Seen him in the Pun video holding up his lighter
Smeared his career like doo-doo inside a diaper
My style is sicker than, infected women and men
I'm so raw, I can catch AIDS without sticking it in
Flip and dip like shrimps and scampi
Switch language like a black kid raised by a Spanish nanny
And we do it like that when we in the dungeon
Past the motherfucking mic to Kuruption

Canibus Lyrics

"U Know Who"

You know who snatched the mic from you know who
But let's keep that between me and you
You know who snatched the mic from you know who
But let's keep that between me and you
You know who snatched the mic from you know who
But let's keep that between me and you
You know who snatched the mic from you know who
But let's keep that between me and you

You know who snatched the mic from you know who
I still got a lot of fight in me too
It's the dragon in me, against the tiger in you
It's already around my neck, they want to tighten the loop
Ten steps ahead, twenty steps behind you
Spit a rhyme in your ear just to frighten your boo
Most niggaz rather ask me, 'You nicer than who?'
When they really want to ask me, 'Who's nicer than you?
The mic on the bicep is the proof, it ain't a lie it's the truth
I'm just doing what I'm *[_A_]* to do
I'm a two-thousand and two Canibus type-two
Mic guru with gurus and *[_B_]* too
Modules with blood vessel designed tube and
My mind is moving to rewrite blueprints with new ink
Click on Canibus and choose a link
I abuse how you think, just get off my dick
Rhymes so cold, I spit block-ice
Gotta wear night socks at night, to stop vocal cord frostbite
The R-type I.P.P.E.R. aconite
Burning *[_C_]* and dark Hip-Hop nights

You know who snatched the mic from you know who
But let's keep that between me and you
You know who snatched the mic from you know who
But let's keep that between me and you
You know who snatched the mic from you know who
But let's keep that between me and you
You know who snatched the mic from you know who
But let's keep that between me and you
You know who snatched the mic from you know who
But let's keep that between me and you
You know who snatched the mic from you know who
But let's keep that between me and you
You know who snatched the mic from you know who
But let's keep that between me and you
You know who snatched the mic from you know who
But let's keep that between me and you
You know who snatched the mic from you know who
But let's keep that between me and you

Canibus Lyrics

"Broke Ass"

Yo
I done been from Jersey to Brooklyn
Done been through Queens where the crooks hang
Done been on tour doing group thangs
'Cause I'm always tasting that pootang
Really love it when a girl got a cute name
Got a cute attitude and a cute frame
Got a big ass butt, breasts, and no brain
Them things make a nigga want to shoot game
Now check it, I done been through a few thangs
Done seen a lot more than some loose change
Always been open minded to new thangs
Been a Hip-Hop nigga since youth man
Beat-box and break-dance too man
Used to do electric boogaloos man
Do Egyptian love with two hands
I remember when I lived down south, yo
In a hot ass one story house, yo
Where the A.C. was always going out, yo
Sometime spend a whole day outdoors
We had a block-party, barbeque
Eating food, in the pool
Music got us in that mood
Everybody act a fool
I'ma tell you like this man
Every night I go down to the city man
To the gentlemen's club where my niggaz hang
Them stripper chicks know how to strip man
DJ's be spinning them hits man
Play the Cash-Money clique and the Jigga man
Them hoes be thick but sick man
Every stripper think a mother fucking rich man
Like Sisqo, the R&B singing man
Think I got a bank account with a million man
Case of Crystal cost about six grand
Bitch better get a less expensive brand
Got to stick to the budget when I trick, man
How about ten dollars for a sip, man?
My whole dance for a ten dollar tip, man
Still waiting on my royalty check, man
How about a rain-check next time, yo?
How about a handful of coupons, yo?
How about tickets to my next five shows
Turn around, let me test that behind, yo
I love a fine ho

Girl, why you trying to get loud, screaming lies

Acting surprised, rolling your eyes
You act like a nigga done committed a crime
You know my elbow just brushed your thigh
Now them guys, twice my size
Trying to throw a nigga like me outside
I be up in this club all the time
But it's the first time that I crossed the line
Damn girl, why you so mean to me?
You know I can't leave, I done lost my keys
Don't throw me out, Mr. Bouncer, please
Let me take the girl up to V.I.P
She was just playing 'cause I'm low on cheese
Look at it, she only got eyes on me
They bloodshot red, so she's smoking weed
You know how these stripper chicks love to tease
I think I left my cell phone back at my seat
I had a couple of drinks and I need a receipt
Follow me to the bathroom to pee
I keep about three G's in my briefs
Damn baby boy, you done ripped my sleeve
I ain't trying to beef, give me room to breath
Why I got to leave, tell me what I done?

God damn girl, give a nigga some love
I'm all out of dubs but I'll give you some ones

Canibus Lyrics

"Get Off Ya Knees"

[Hook]

Get Off Ya Knees!
Change your style cause its time
Nigga's want me to rhyme pre-99
No-one can flow with Bis, Most people notice
But others just won't admit, They can't get over it
Rhymes I been known to spit, Mic's I been known to grip
Makes me the Ultimate, God father over this
I'm just a ghost of rip
A soldier in this show business don't exist if he has no defence
My opponents are so intent, not to show respect
They fret cause I'm a global threat
I'm so hard to catch, a cold with Caleb
I relocate so quick they can't close the net
I expose the press, dispose of the prints
On the loose again nobody knows what's next
My virus infects
Every machine with clandestine speech
Nigga Get Off Ya Knees!

[Hook]

Yeah!
Hip-Hop's habitat, Rip the Jacker's back
This is battle rap, def while I master tracks
I mix ant with thrax in your digestive track
I suggest its wack then I side-step to the back
I kidnap your X, For 10 million franks
Make you shit your pants, you smell like septic tanks
Just respect it man throw a fist in the air
The distance is Near, Armageddon is here
I permeate UN-worldly planes
as they crash in the worlds that trades only my words remain
Altruist Egoist - people are ignorant
what is the meaning of meaningless meaningfulness?
Formulas of primordial audio
40 ohms of euphorial anointed flows
It was written so it shall be told
Get off Ya knees, give me the microphone
Fucker

[Hook]

My man-hood is massive, when it's not flaccid
Bis is real cool when he's not Rip the Jacker
I am modernist, I am complex

Vicarious logic of bodily hardship
Beat your ass till your teeth mash
Sand blast your face blow a breeze past, make you bleed fast
E-K-G's beep fast, Doctors speak fast
For skin graft the patch over deep gash
Give me details, how does meat smell?
After a train derails into a field of gazelles!
Step in the club; turn the crystal in your cups to red blood
Fuck Ya Heads up!
Suspend me from the game don't mention my name
Impossible Can-I-Bus drugs in your brain
Don't be a schmuck
You act like a movie I've proved I'm the illest you cannot dispute me
Get Off Ya Knees

Canibus Lyrics

"Who Stopped Ya?"

Yo, who stopped ya?
Separate the rappers from the actors
The doctors from the proctobiologists
Can't speak with common sense
You got a dent in the medulla oblongata
And lost some skills, five Percent
Imma rock again
How much you wanna bet
Might throw a little fit
Drown you with a little spit
From the USA to Cairo
Took the high road to Mohenjodaro
Cause I'm a pharaoh
If there was no tomorrow
I'd still be the most sophisticated model of wordological babble
The speech is called double speak
For example if I said I was to bust the heat
Till the sky touch your feet
Open your eyes look at the concrete
My name aint Germaine now you got the wrong beef
It aint Canibus neither you got the wrong leaf
You think Hitler's dead but you got the wrong teeth
Like me rockin on another beat, right now
While you still listenin to this one, blah-dow
Being followed by a black cloud
So imma just keep on rhyming and look at the ground
I'll look up if you pass it around
I'm the best lyricist hands down
Motherfucker just look at your hands now
Who stopped ya? Rap tighter than an anaconda
Only one problem my work com sucks
Syllables rush through the position of the teeth and the tongue
Mouth to mic to speakers till its deep in your drum
Speak with the tongue till sounds like I'm speakin in tongues
When I'm done I'll leave you needing a lung
Don't have to get up
Cause I been up
Doin sit ups and chin ups
And an army chin up, I rip shit up
Punch y'all for pair of fist cuffs with fist clutch
When I'm getting my dick sucked I resuscitate sick sluts
Gettin they clits mixed up
Stick a plug in the butt
OK Bis you been explicit enough
Who stopped ya, who stopped ya?

Canibus Lyrics

"My Home Atlanta"

It's that crunk crew, it's that crunk crew
Blackened brothers in that crunk crew yeah

[Chorus x2]
I love my home Atlanta
My red and blue bandanas
My slackin southern grammar
Them sexy go-go dancers
Cadallacs on hammers to braves hogs ballers and bangers
Those marijuana smokers them marijuana planters

I wake up in the morn
Turn my playstation on
Just bought that NFL blitz and that basketball
I be deriving songs
To see what's goin on
I let my hair grow long maybe braid it in the fall
Whenever I get bored
I just jump in my car
I go to Lennox mall and look for independent broads
Sometimes I get annoyed
They treat me like a scrub
I go down to the schools
Maybe I'll get more love
3 pm in the evening
I'm on the highway speeding
My front left tire's leakin
Should have bought a new one last week-end
I guess I wasn't thinking
Up ahead break lights were blinkin
For more than 30 minutes I was stuck in gridlock prison
This traffic drives me crazy
Goin west on 280
Five a bitch almost made me
Crash into her Mercedes
I'm glad I almost missed her
I pushed the clutch and shifted
It was a white lady I'd rather hit a sister
Cause see I know the system
It's easier to trick them
I use my g to pimp em and convince them I'm the victim
Naw baby you hit me
No I was in lane 3
You need some contacts you can't see
Naw girl you can't blame me
Don't panic just be patient
Give the bitch the wrong information

She'll probably never claim it scared of high insurance payments
I love my home Atlanta I love my home Atlanta I love my home Atlanta

[Chorus x2]

The land of pretty peaches
Girls with round features
Make a nigga say good Jesus these hos are dime pieces
Start it off like what's your name
Tell me what's your age
You got a man
Can we be friends
I'm glad you feel that way
Come on and ride with me
I'll take you to that crunk bar where them sharks eat
5 stars baby
bon appetite
I got that shrimp appetizer with that dark meat
If shorty wanna creep
I'll bring her home with me
Just bought some candles and that Carl Thomas cd
Bootleg that Jay-Z
Stole that Outkast
Been had that Keith Sweat
I know how to make it last
Smack that naked ass
You got a big butt.
I ain't in no rush plus she like it rough
Keep your stuff locked leather and handcuffs
And those things you wrap around a mans you know what
That's why I love Atlanta I can hardly stand-up
I'm a heavy drinker
Fix me a cup and sinker
I always love Atlanta
That's why I love Atlanta I love my home Atlanta I love my home Atlanta

[Chorus x2]

As a youngster I was so damn bad
Used to drive up the Ave with no tags
Niggas couldn't see me I was goin so fast
Most niggas catch whiplash and crash
Face all chipped up from the glass
Runnin from the police holdin ass
If I get caught I'll just give them some cash
Most police give me dap and laugh
Other ones pull out behind the flash
Take the night stick and tap the glass
Tell me turn the music on it's on blast
Turn the engine off cause I'm wastin gas
Tell him that I'm lost and I need a map
Looking for a hotel to take a nap
Freenik off so I came for that

It was good last year that's why I'm back
That's when they tried to hit me
His big fist barely missed me
I have my camera with me
I think I'll sue the city
I love this place Atlanta that's why I love Atlanta
I love my home Atlanta I love my home Atlanta

[Chorus x2]

Canibus Lyrics

"Rip Is Alive"

Oh no! He's alive!
Rip the Jacker!
Master!
Please help us!
Please please ahhhh!

I'm the real king of my kingdom
I make my women practice isolationism as soon as I get 'em
Run my world with an iron rod behind iron bars
Enclosed behind iron doors in a small iron box in the corner
Shielded behind fire walls with water doors
Down the gaseous corridor
Welcome to my world of horror
A coroner with an immortal ora
The rhyme slinging highlander ripper rip you to live longer
Get strong every record that I record
Morph my arms into a sword and clothesline you running forward
You can't ignore Bis Mothafucker I started this
As far as artists that spit Canibus is dominant
Hot shit from a lava pit
Studied by oceanographers
At the oceans bottom with rocket ship sound effects
A ripper in the flesh signed in ink, nigga
You ain't ill if you need time to think
You talk shit my personality splits
You get ripped and that's it
A (True Hollywood Story) bitch
In my world Jermaine's gone Canibus is just a Monica
Stay behind to follow up and demolish you fucks
Can-I-bus (Yeah!) now that's what I'm talking bout
Call me Mr. spit shit also known as toilet mouth
Y'all been warned about a million times
I done wrote about a million rhymes since July '85
When I'm writing I'm impervious to fraud
My fine arts verbal collage is worthy of the gods
When I'm 30 years old I'ma quit rhyming
Collect my own catalogue and open up a library
Lock myself in solitary six months at a time
Work at the university and teach sick fucks how to rhyme
Nobody safe nobody say that they great
I'll put a Jacker's whole body in a crate
Trap your soul in an electromagnetic face
Put the crate on a wide-low rider and drive it in a lake
Look in my eyes then look in my face
Nobody's here to arbitrate
Realise its time for your fate

Canibus Lyrics

"Intro / The Brainstream"

[Professor]
I'm a University professor and so...haha
I'm always a University professor
so the most important people in this room are not us but the students
And I want to say to you kids who've come along
First of all, thanks very much for turning out
And secondly, think about what we're talking about
Because these are important issues
Even if they're not on the test
These are really important issues to you as a human being
And I hope that you won't... won't agree with me... won't agree with any of us
That you'll make your own minds up
But I hope you will think about them and talk about them

[Canibus]
Ay yo
One time for your M-I-N-D
Canibus, this is the brainstream
Two times for all of the MC's
Canibus, this is the brainstream
Brainstream nigga, yeah

[Canibus]
Uh-huh...uh-huh
Yo, Yo, Ayo
I spit so ferocious I can't stay focused
Watch the ambience of the tone switch
When I'm in mic mode, ELF overload
The proverbial verbal toe to toe, foot to your throat
Ding ding get in the ring nigga, answer your phone
Rap so sick the friction will leave your lips swole
Sippin on sour cold sauce syrup slow
Rippin the flow till your face looks like strawberry pulp
Scan your whole area code...call the crib like, "Is he home?"
Tell him to come alone and "click" phone
Spit rhymes and split skulls
Miserable pitbulls leave you with turnakit wrapped wrist bones
From Fort Hood to Fort Green
My metaphors bling, Lord of The Rings, I'm the thorazine king
Hold that... hold this... put the mic down before you catch thumbrosis
You holding a Cris? I'm in your house feeding your fish in your robe and slips
Holding your old ladies tit, frequent visitors stick a dick in her
Supreme lyricist with built antique twenty fusion inhibitors
Citizens scared of the minimum lyrical derivitive forty-four curriculum
syllables caliber killing em
Damn nigga, what you think of him?
Feeling that nigga dun!

For real, cause that nigga been spittin for a minute son
They wanna get rid of him, that's why they belittle him on the mic
He ain't human, that's what I keep tellin them
If they don't wanna play him on FM then F-them
He don't care about them, the mic is his best friend
Throw a beat on and bless him
Battle... bring ya best men, XXL X-Men
My rap cracks the thermostat reset the temp at 180 degrees
Please, it's no sweat, all I need to know is where and when
Talk to my agent and make sure the craft service is Jamaican
Record through 32x lense, right brain connect with left hem
The REM is high res, my surveillance disrespect feds
Anti-social, dyslexic, doing CAT Scans at the pet shem
The MC mourtuary endorser, mortifier turns the audience to dismembered corpses
Slap bootleggers with a novelty tax, enforced by the Rap Coalition Poverty Act
Black balled, but whats it feel like not to be black?
Universal got my stock, I want my property back
Spit hard and never got a dime
Spit the hottest rhymes, in modern times and still got ostracized
For the intelligent community that reads my lyrics
What I've writting deserves a legional merrit
This is the precarious position of a rap star dead serious
With hilariously bizzare, share your verses with the gods
R-A-W-W-A-R, flow for 108 bars, I took nothing and gave all
Yo, look up in the sky
A burning star quasar when I rhyme
Artwork of an undetermined design
I still shine quoteables of an uncorrodable kind
Lightning bolt struck the pen and I wrote a few lines
The brainstream will be back online in due time

Brainstream Nigga!
